Docket No. N2010-1

MOTION FOR LATE ACCEPTANCE OF WITNESS THOMAS MORIARTY'S
TESTIMONY (Medco-T-1)

(August 3, 2010)

Medco Health Solutions (Medco) hereby moves for acceptance of the testimony of Thomas Moriarty, General Counsel, Secretary and Vice President of Pharmaceutical Strategies and Solutions, one day out of time. The late filing was caused, among other things, by an unanticipated delay in coordinating final review and receipt of the testimony prior to the 4:30 p.m. filing deadline and, in part, to time zone differences, and to problems associated with initial use of the electronic filing system.

Postal Service counsel was alerted to the need for late filing.

Medco regrets the inconvenience to the Commission, the Postal Service, and other participants, but believes that actual harm will be minimal, given the brief delay in filing.

Respectfully submitted,

Lillian V. German
