Docket No. N2010-1

MOTION CONCERNING ACCEPTANCE OF NOTICE
OF DESIGNATED INTERROGATORY
(DBP/PR-T1-1)

(September 13, 2010)

I hereby move for acceptance of an accompanying notice designating into the evidentiary record of this proceeding the response of Public Representatives' witness Brown to interrogatory DBP/PR-T1-1. Arrangements have been made to have two hard copies of the referenced response available at the outset of the Tuesday, September 14, 2010 hearing for inclusion in the record.

Under Commission rules, the notice and copies of the response were due last Thursday; however, the response was not filed in time for me to submit a notice or transmit hard copies to the Commission's Docket Section by that deadline. I therefore respectfully request that the Commission allow two hard copies of the response to be presented and entered into the evidentiary record at the September 14th hearing.

The Public Representatives and counsel for the United States Postal Service are aware of the proposed arrangement, and do not object.

Respectfully submitted,

David B. Popkin
