POSTAL REGULATORY COMMISSION
WASHINGTON, D.C. 20268-0001

COMPLAINT OF GAMEFLY, INC.)
)
) Docket No. C2009-1

**NOTICE OF GAMEFLY, INC.,
OF FILING COMPENDIUM OF DOCUMENTS
(November 12, 2010)**

GameFly, Inc., hereby gives notice that it is separately filing today proprietary and public versions of a Compendium of Documents¹ in compliance with Presiding Officer’s Ruling No. C2009-1/42. As directed by POR 42, the Compendium includes “a copy of the relevant portion of each document that is cited in” GameFly’s initial “brief and has not been copied into one of the public or non-public transcripts in this proceeding” and “complete copies of any cited orders or decisions of regulatory agencies, other than orders or decisions of the Commission.” *Id.*

Please note that the Compendium also includes the prefiled testimony of USPS witnesses Barranca (USPS-T-1) and Seanor (USPS-T-3), as well as GameFly discovery responses that the Presiding Officer ordered to be included in the record. These items appear to have been inadvertently omitted from the transcript by the court reporter.

¹ We are labeling the compilation of documents a “Compendium” rather than an “Appendix” because the latter term has been used previously for other compilations of documents in this case.

GameFly will re-file its initial brief early next week, with the citations to the Compendium included.

Respectfully submitted,

/s/
