**MOTION FOR LATE ACCEPTANCE OF RESPONSE TO
CHAIRMAN'S INFORMATION REQUEST NO. 1**
(December 21, 2010)

The United States Postal Service hereby moves for late acceptance of its response to Chairman's Information Request No. 1. The response was due yesterday, on December 20, 2010. The one-day delay results from the Postal Service's need to coordinate with an affected third party regarding certain information filed non-publicly in connection with the response. The Postal Service does not believe any party will be prejudiced as a result.
