NOTICE OF PRICE ADJUSTMENT

Docket No. R2011-2

UNITED STATES POSTAL SERVICE NOTICE OF ERRATA TO
NOTICE OF MARKET-DOMINANT PRICE ADJUSTMENT
(January 26, 2011)

The United States Postal Service hereby provides notice of errata to its Notice of Market-Dominant Price Adjustment, filed January 13, 2011, including one change in Attachment A (Mail Classification Schedule changes) to that Notice. Tables 3 and 4 in the Notice are updated to reflect the errata to USPS-R2011-2/5, also filed today. The minimum weight for Commercial Plus in Section 1120.1 of Attachment A (page 8) is also corrected to 3.5 ounces, consistent with the weight listing for the Commercial Plus prices in section 1120.5.

The revised pages are attached, with deletions marked with strike-through, and additions underlined.

Respectfully submitted,

UNITED STATES POSTAL SERVICE

By its attorneys:

USPS-R2011-2/3	Periodicals
USPS-R2011-2/4	Package Services
USPS-R2011-2/5	Special Services

Each of these items contains a Preface that explains its contents in detail. The Preface provides an overview of the workpapers, a discussion of any necessary adjustments to the FY 2010 billing determinants, and an explanation of the revenue calculations generated through the billing determinants and the current and new prices.

E. Percentage Change by Mail Class

As demonstrated in the Attachments, the prices for each class comply with the annual limitation price adjustment authority available to the Postal Service. The percentage change by class is as follows:

Table 3
2011 Price Change Percentage by Mail Class

Class	Percent Change
First-Class Mail	1.741
Standard Mail	1.739
Periodicals	1.741
Package Services	1.740
Special Services	1.73840

F. Unused Pricing Authority Resulting From this Change

For three of the five classes, this change adds a small amount to the unused pricing authority resulting from prior market-dominant price changes under the price

cap. The Postal Service calculates the unused price adjustment authority that it will have following this price change as follows:¹

Table 4
Unused Pricing Authority Available Following this Price Change

[3] Consumer Price Index -- All Urban Consumers, U.S. All Items (the "CUUR0000SA0" series) January 2008-November 2010. The formula in Commission's Rule 3010.26.c.2 applied to these CPI-U values results in the computation of -0.577%. Specifically, the base average of CPI-U at time of current filing (average of 12 CPI-U values from December 2008 to November, 2009) is divided by the recent average from the date of the previous price change (average of 12 CPI-U values from January 2008 to December 2008) and 1 is subtracted from the quotient.

[4] Cap Calculation worksheets (USPS-R2011-2/1 through 5).

¹ To the extent that the calculated percentage change for any class is revised during the course of this proceeding from what has been calculated by the Postal Service in this Notice, the Postal Service notes that the unused price adjustment authority should be adjusted, regardless of the figures set forth in this Table.
