

February 2, 2011

Honorable Shoshana Grove
Secretary
Postal Regulatory Commission
901 New York Avenue, NW, Suite 200
Washington, DC 20268-0001

Dear Ms. Grove:

Pursuant to 39 U.S.C. § 407(d)(2), the U.S. Postal Service (Postal Service) is providing copies of signature pages from countries that have signed a standard revised EMS Operational Agreement concerning the exchange of EMS items between postal operators. The full text of the EMS Operational Agreement was submitted to the Postal Regulatory Commission on May 14, 2010, along with initial signature pages from 23 foreign postal operators. Subsequently, on June 4, 2010 and September 7, 2010, the Postal Service transmitted additional signature pages. The instant submission consists of an additional 3 signature pages from foreign postal operators that have signed the standard template agreement. The Postal Service will file additional signature pages for agreements executed with other postal operators that are agencies of foreign governments after they are received, as well as copies of any agreements (or portions thereof) that differ from the standard template.

Please feel free to contact me if further information would be helpful.

Sincerely,

A handwritten signature in cursive script, appearing to read "Anthony Alverno".

Anthony Alverno
Chief Counsel
Global Business
