Dear Mr. Secretary:

I am the President of the Walton Heights-Candlewood Homeowners Association. Our neighborhood contains 465 homes and about 2,000 residents. The neighborhood is just south of the Pleasant Ridge Station that has been chosen for closure by the commission. Although we would have access to another post office about 3 miles away, this Pleasant Ridge station is very convenient to a very large part of the city and the fastest growing area of the city.

It's hard to understand the logic in closing a post office that is located in such a highly populated and fast growing area and retaining ones in stagnant and inner parts of the city with no growth potential.

Our neighborhood wishes to appeal the decision to close the Pleasant Ridge Station, #045130-043 at 11619 Pleasant Ridge Road, Little Rock, AR 72212.

Respectfully submitted,

Steve Reed
President
WHCHA
