APPENDIX A

The numerous designations within the National Park System sometime confuse visitors. The names are created in the Congressional legislation authorizing the sites or by the president, who proclaims "national monuments" under the Antiquities Act of 1906. Many names are descriptive -- lakeshores, seashores, battlefields --but others cannot be neatly categorized because of the diversity of resources within them. In 1970, Congress elaborated on the 1916 National Park Service Organic Act, saying all units of the system have equal legal standing in a national system.

National Park [NP]
These are generally large natural places having a wide variety of attributes, at times including significant historic assets. Hunting, mining and consumptive activities are not authorized.

National Monument [NM]
The Antiquities Act of 1906 authorized the President to declare by public proclamation landmarks, structures, and other objects of historic or scientific interest situated on lands owned or controlled by the government to be national monuments.

National Historic Site [NHS]
Usually, a national historic site contains a single historical feature that was directly associated with its subject. Derived from the Historic Sites Act of 1935, a number of historic sites were established by secretaries of the Interior, but most have been authorized by acts of Congress.

National Historic Park [NHP]
This designation generally applies to historic parks that extend beyond single properties or buildings.

National Memorial [NMem]
A national memorial is commemorative of a historic person or episode; it need not occupy a site historically connected with its subject.

National Battlefield [NB]
This general title includes national battlefield, national battlefield park, national battlefield site, and national military park. In 1958, an NPS committee recommended national battlefield as the single title for all such park lands.

Other Designations [OD]
Some units of the National Park System bear unique titles or combinations of titles, like the White House.

Postal Customer Questionnaire Analysis

Questionnaires were distributed to all post office box customers (311) of the Lincoln Finance Unit on Tuesday July14, 2009. Additionally, questionnaires were available at the counter line (100) at Lincoln Finance Unit to walk-in retail customers during the survey period.

A. Number of Questionnaires

Total questionnaires distributed	411
Favorable to proposal	0
Unfavorable to proposal	84
Expressing no opinion	160
Total questionnaires received	244

B. Postal Concerns

The following postal concerns were expressed:

1. **Concern:** Wait in line time at the Mansfield Post Office

Response: The Mansfield Post Office serves a large community and has a heavy retail work load. This concer has been brought to the attention of the manager so she can monitor window operations and ensure that customers do not have an unreasonable wait to obtain services. Additionally, carriers deliver Stamps-By-Mai and provide package and mail pickup alleviating the need for customers to go to the post office for service.

2. **Concern:** Customers were concerned for senior citizens

Response: Carrier service is also beneficial to senior citizens and those who face special challenges, because the carrier can provide delivery to your home mailbox. Customers would not have to make a trip to the postal service for delivery services. Additionally, carriers deliver Stamps-By-Mail and provide package and mail pickup.

3. **Concern:** Customers expressed desire for Lincoln Finance Unit to stay the same.

Response: We have responded aggressively to the dramatic decreases in mail volume; we have consolidated mail processing operations, adjusted carrier routes across the board and restructured administration functions. Like mail volume, window transactions have declined substantially. Due to these declines, we are now reviewing our network of retail facilities and are considering consolidating operations in our stations and branches in larger metropolitan areas. We are using established processes and procedures that are already in place to conduct these reviews

4. **Concern:** Customers concern with having to travel further for service.

Response: Mansfield Post Office is located 2.0 miles from the Lincoln Finance Unit and public transportation is available to this location. Alternate locations to purchase postage stamps : Key Bank (ATM) – Kroger – Walgreen's – CVS Drug Stores

5. **Concern:** Customers were concerned about their tax dollars.

Response: The Postal Service is not supported by tax dollars and must meet expenses by the revenue it generates. Operational savings contributes in the long run to stable postage rates and savings for customers

6. **Concern:** Customers expressed concern about rude employees.

Response: Employee courtesy is always a concern of postal managers. Postal employees receive periodic instructions regarding employee courtesy. We do not condone our employees' execution of their duties in an unprofessional or discourteous manner. This concern will be conveyed to the manager.

7. **Concern:** Customers state we are here to provide a service.

Response: Operational savings contributes in the long run to stable postage rates and savings for customers. We have responded aggressively to the dramatic decreases in mail volume; we have consolidated mail processing operations, adjusted carrier routes across the board and restructured administration functions. Like mail volume, window transactions have declined substantially. Due to these declines, we are now reviewing our network of retail facilities and are considering consolidating operations in our stations and branches in larger metropolitan areas. We are using established processes and procedures that are already in place to conduct these reviews.

8. **Concern:** Customer concern with wait time in line at Mansfield Post Office.

Response: The Mansfield Post Office serves a large community and has a heavy retail work load. This concern has been brought to the attention of the Postmaster so he can monitor window operations and ensure that customers do not have an unreasonable wait to obtain services. Additionally, carriers deliver Stamps-By-Mail and provide package and mail pickup alleviating the need for customers to go to the post office for service.

C. Nonpostal Concerns

The following nonpostal concerns were expressed:

1. **Concern:** Concerns of businesses being hurt by discontinuance.

Response: Questionnaire responses indicate that customers will continue to use local businesses if the Lincoln Finance Unit is discontinued. Most new businesses that move into a community do not depend on the location of the post office, but on the provision of effective and regular postal services.

Thank you for taking the time to submit your comments on the proposal to consolidate the Lincoln Finance Unit. Your comments are appreciated and will be carefully considered, along with the comments of other customers, as the matter is reviewed further in my office and at higher levels of the Postal Service.

We have responded aggressively to the dramatic decreases in mail volume; we have consolidated mail processing operations, adjusted carrier routes across the board and restructured administration functions. Like mail volume, window transactions have declined substantially. Due to these declines, we are now reviewing our network of retail facilities and are considering consolidating operations in our stations and branches in larger metropolitan areas. We are using established processes and procedures that are already in place to conduct these reviews.

Dear Sir/Madam: According to the scuttlebutt around Mansfield, USPS is considering closing both the Lexington and Lincoln Heights offices. I feel this would be a big mistake because both of these offices are very busy and generate what must be pretty decent income. Why close branches that are profitable? That makes no sense to me. Does it to you?

Sincerely,

Dear Postal Customer,

Thank you for taking the time to submit your comments on the proposal to consolidate the Lincoln Finance Unit. Your comments are appreciated and will be carefully considered, along with the comments of other customers, as the matter is reviewed further in my office and at higher levels of the Postal Service.

We have responded aggressively to the dramatic decreases in mail volume; we have consolidated mail processing operations, adjusted carrier routes across the board and restructured administration functions. Like mail volume, window transactions have declined substantially. Due to these declines, we are now reviewing our network of retail facilities and are considering consolidating operations in our stations and branches in larger metropolitan areas. We are using established processes and procedures that are already in place to conduct these reviews.

Attached you will find a list of 4 alternate locations where retail postal services are available. Also, you will find a list of additional locations where you can purchase postage stamps.

Dear Postal Customer,

Thank you for taking the time to submit your comments on the proposal to consolidate the Lincoln Finance Unit. Your comments are appreciated and will be carefully considered, along with the comments of other customers, as the matter is reviewed further in my office and at higher levels of the Postal Service.

The same retail services you presently receive at the Lincoln Finance Unit are available at the Mansfield Main Office and has adequate parking in the front of the office. It will also provide you with expanded window service hours. The Mansfield Main Office is located 2.0 miles from the Lincoln Finance Unit and public transportation is available.

The Mansfield Post Office serves a large community and has a heavy retail work load. This concern has been brought to the attention of the Postmaster so he can monitor window operations and ensure that customers do not have an unreasonable wait to obtain services. Additionally, carriers deliver Stamps-By-Mail and provide package and mail pickup alleviating the need for customers to go to the post office for service.

Dear Postal Customer,

Thank you for taking the time to submit your comments on the proposal to consolidate the Lincoln Finance Unit. Your comments are appreciated and will be carefully considered, along with the comments of other customers, as the matter is reviewed further in my office and at higher levels of the Postal Service.

We have responded aggressively to the dramatic decreases in mail volume; we have consolidated mail processing operations, adjusted carrier routes across the board and restructured administration functions. Like mail volume, window transactions have declined substantially. Due to these declines, we are now reviewing our network of retail facilities and are considering consolidating operations in our stations and branches in larger metropolitan areas. We are using established processes and procedures that are already in place to conduct these reviews.

Attached you will find a list of 4 alternate locations where retail postal services are available. Also, you will find a list of additional locations where you can purchase postage stamps.

Dear Postal Customer,

Thank you for taking the time to submit your comments on the proposal to consolidate the Lincoln Finance Unit. Your comments are appreciated and will be carefully considered, along with the comments of other customers, as the matter is reviewed further in my office and at higher levels of the Postal Service.

We have responded aggressively to the dramatic decreases in mail volume; we have consolidated mail processing operations, adjusted carrier routes across the board and restructured administration functions. Like mail volume, window transactions have declined substantially. Due to these declines, we are now reviewing our network of retail facilities and are considering consolidating operations in our stations and branches in larger metropolitan areas. Dear Postal Customer,

Thank you for taking the time to submit your comments on the proposal to consolidate the Lincoln Finance Unit. Your comments are appreciated and will be carefully considered, along with the comments of other customers, as the matter is reviewed further in my office and at higher levels of the Postal Service.

The same retail services you presently receive at the Lincoln Finance Unit are available at the Mansfield Main Office. It will also provide you with expanded window service hours. The Mansfield Main Office is located 2.0 miles from the Lincoln Finance Unit and public transportation is available.

We have responded aggressively to the dramatic decreases in mail volume; we have consolidated mail processing operations, adjusted carrier routes across the board and restructured administration functions. Like mail volume, window transactions have declined substantially. Due to these declines, we are now reviewing our network of retail facilities and are considering consolidating operations in our stations and branches in larger metropolitan areas. We are using established processes and procedures that are already in place to conduct these reviews.

Attached you will find a list of 4 alternate locations where retail postal services are available. Also, you will find a list of additional locations where you can purchase postage stamps.

Dear Postal Customer,

Thank you for taking the time to submit your comments on the proposal to consolidate the Lincoln Finance Unit. Your comments are appreciated and will be carefully considered, along with the comments of other customers, as the matter is reviewed further in my office and at higher levels of the Postal Service.

The same retail services you presently receive at the Lincoln Finance Unit are available at the Mansfield Main Office. It will also provide you with expanded window service hours. The Mansfield Main Office is located 2.0 miles from the Lincoln Finance Unit and public transportation is available.

We have responded aggressively to the dramatic decreases in mail volume; we have consolidated mail processing operations, adjusted carrier routes across the board and restructured administration functions. Like mail volume, window transactions have declined substantially. Due to these declines, we are now reviewing our network of retail facilities and are considering consolidating operations in our stations and branches in larger metropolitan areas. We are using established processes and procedures that are already in place to conduct these reviews.

Attached you will find a list of 4 alternate locations where retail postal services are available. Also, you will find a list of additional locations where you can purchase postage stamps.

Carrier service is also beneficial to senior citizens and those who face special challenges, because the carrier can provide delivery to your home mailbox. Customers would not have to make a trip to the postal service for delivery services. Additionally, carriers deliver Stamps-By-Mail and provide package and mail pickup.

Dear Postal Customer,

Thank you for taking the time to submit your comments on the proposal to consolidate the Lincoln Finance Unit. Your comments are appreciated and will be carefully considered, along with the comments of other customers, as the matter is reviewed further in my office and at higher levels of the Postal Service.

The same retail services you presently receive at the Lincoln Finance Unit are available at the Mansfield Main Office. It will also provide you with expanded window service hours. The Mansfield Main Office is located 2.0 miles from the Lincoln Finance Unit and public transportation is available.

We have responded aggressively to the dramatic decreases in mail volume; we have consolidated mail processing operations, adjusted carrier routes across the board and restructured administration functions. Like mail volume, window transactions have declined substantially. Due to these declines, we are now reviewing our network of retail facilities and are considering consolidating operations in our stations and branches in larger metropolitan areas. We are using established processes and procedures that are already in place to conduct these reviews.

Attached you will find a list of 4 alternate locations where retail postal services are available. Also, you will find a list of additional locations where you can purchase postage stamps.

The nearest office is:
Mansfield Post Office
200 N Diamond St
Mansfield OH 44901-9998

Business Hours:
Monday – Friday 7:30 am – 6:00 pm
Saturday 9:00 am – 1:00 pm

Lobby Hours
Monday – Sunday open 24 hours

I realize that with change there is concern. However, we are confident that the Mansfield Post Office will continue to provide you with regular and effective service. If you have questions or further comments concerning this change in service, please feel free to contact me at (216) 443-4076.

Sincerely,
