Each rented post office box customer received a questionnaire that was placed in their post office box. 100 questionnaires were made available to walk- in retail customers. These questionnaires were placed on the retail counter for customers. A total of 239 questionnaires were returned. None of these responses were favorable, 83 were unfavorable, and 156 expressed no opinion.

The following postal concerns were expressed on the returned questionnaires:

1. **Concern:** Wait in line time at the Mansfield Post Office

   Response: The Mansfield Post Office serves a large community and has a heavy retail work load. This concern has been brought to the attention of the manager so she can monitor window operations and ensure that customers do not have an unreasonable wait to obtain services. Additionally, carriers deliver Stamps-By-Mail and provide package and mail pickup alleviating the need for customers to go to the post office for service.

2. **Concern:** Customers were concerned for senior citizens or people with disabilities.

   Response: Carrier service is also beneficial to senior citizens and those who face special challenges, because the carrier can provide delivery to your home mailbox. Customers would not have to make a trip to the postal service for delivery services. Additionally, carriers deliver Stamps-By-Mail and provide package and mail pickup.

3. **Concern:** Customers expressed desire for Lincoln Finance Unit to stay the same.

   Response: We have responded aggressively to the dramatic decreases in mail volume; we have consolidated mail processing operations, adjusted carrier routes across the board and restructured administration functions. Like mail volume, window transactions have declined substantially. Due to these declines, we are now reviewing our network of retail facilities and are considering consolidating operations in our stations and branches in larger metropolitan areas. We are using established processes and procedures that are already in place to conduct these reviews

4. **Concern:** Customers concern with having to travel further for service.

   Response: Mansfield Post Office is located 2.0 miles from the Lincoln Finance Unit and public transportation is available to this location.

   Alternate locations to purchase postage
   stamps : Key Bank (ATM) – Kroger – Walgreen's – CVS Drug Stores

5. **Concern:** Customers were concerned about their tax dollars.

   Response: The Postal Service is not supported by tax dollars and must meet expenses by the revenue it generates. Operational savings contributes in the long run to stable postage rates and savings for customers

6. **Concern:** Customers expressed concern about rude employees.

   Response: Employee courtesy is always a concern of postal managers. Postal employees receive periodic instructions regarding employee courtesy. We do not condone our employees' execution of their duties in an unprofessional or discourteous manner. This concern will be conveyed to the manager.

7. **Concern:** Customers state we are here to provide a service.

   Response: Operational savings contributes in the long run to stable postage rates and savings for customers. We have responded aggressively to the dramatic decreases in mail volume; we have consolidated mail processing operations, adjusted carrier routes across the board and restructured administration functions. Like mail volume, window transactions have declined substantially. Due to these declines, we are now reviewing our network of retail facilities and are considering consolidating operations in our stations and branches in larger metropolitan areas. We are using established processes and procedures that are already in place to conduct these reviews.

8. **Concern:** Customer concern with wait time in line at Mansfield Post Office.

   Response: The Mansfield Post Office serves a large community and has a heavy retail work load. This concern has been brought to the attention of the Postmaster so he can monitor window operations and ensure that customers do not have an unreasonable wait to obtain services. Additionally, carriers deliver Stamps-By-Mail and provide package and mail pickup alleviating the need for customers to go to the post office for service.

The following nonpostal concerns were expressed:

1. **Concern:** Concerns of businesses being hurt by discontinuance.

   Response: Questionnaire responses indicate that customers will continue to use local businesses if the Lincoln Finance Unit is discontinued. Most new businesses that move into a community do not depend on the location of the post office, but on the provision of effective and regular postal services.

There have been no congressional inquires made on the consolidation of the Mansfield Lincoln Branch.

When this proposal is implemented, retail services will be available at the Mansfield Main Post Office and three (3) other alternative locations where retail services are available. The alternative locations are:

Some advantages to this proposal are:

1.) A savings for the Postal Service, which contributes to the efficiencies and, in the long term, to stable postage rates and savings for customers.
2.) Customer service will be enhanced by the fact that the three closest alternative retail locations have extended retail and lobby hours or retail and lobby hours equal to those of the Mansfield Lincoln Branch.

Some disadvantages to this proposal are:

1.) Loss of a retail unit in the area.
2.) Retail customers of the Mansfield Lincoln Branch will have to travel further for retail services.

* The lease agreement on the Mansfield Lincoln Branch expires on January 31, 2013. There is a termination clause that states the lease may be terminated upon 90 days notice when, in the judgment of the Postal Service, the growth of the service at the Lincoln Branch renders additional room necessary. If the wording of the 90 day termination clause prevents the Postal Service from exercising a lease termination, the plan of action would be to have the Facilities Service Office contact the landlord on a lease buy out. If no lease buy out is agreed to by the landlord the USPS will fulfill the agreement of the lease.

V OTHER FACTORS

The Postal Service has identified no other factors for consideration.

VI SUMMARY

The Postal Service is proposing to consolidate the Mansfield Lincoln Branch and provide retail / post office box service at the Mansfield Main Post Office 44901, located 2 miles away. The decision to consolidate the unit with the Mansfield Main Post Office is due to reduced workload and customer activity, as well as viable alternative means for providing equivalent service at three (3) other alternative locations where retail postal services are available. The three locations are within a five (5) mile radius of the Mansfield Lincoln Branch.

The Mansfield Main Post Office will install rotary boxes in the lobby to accept the PO boxes from the Mansfield Lincoln Branch. The rotary boxes are currently housed at the Mansfield Main Post Office and available at no cost. No address changes will be needed for those customers who choose to have their PO Boxes when they are relocated.

The one (1) collection box (Box 4490500008) at the Mansfield Lincoln Branch will remain in its current location for postal customers to deposit their outgoing mail.

The delivery of mail to the 44905 zip code customers will not change, it will remain city delivery.

There is currently a Function 4 review underway for the Mansfield Installation.

There are [redacted] positions at the Lincoln Finance Station.

[redacted]
