Dear Sir;

Im sending this letter of appeal concerning the closing of the Minneapolis Post Office. We need a place to receive our mail saftely from a locked box, not from one on the highway open to the public. It means a lot to me for my mail to be received private, Not wondering if someone has taken what they wanted out of your box beside the road.

We need a place to visit our friends that we dont see very often only by greetings at the Post Office. This is a close community, Every is your neighbor.

Most people that are able work and pay taxes. Others have worked all their lives and are retired.

PLEASE: We need a POST Office in Minneapolis for our mail and a social gathering place.

Thank you so much for your time.
