

Postal Regulatory Commission
Office of the Chief Admin. Officer

SEP 12 2011

RECEIVED

April 3, 2011
William E. Bates
Mayor of West Elkton, OH

2011 SEP 15 P 2:51

POSTAL REGULATORY
COMMISSION
OFFICE OF THE SECRETARY

Dear Sirs:

We understand that a funding cut for the U.S. Postal Service is imminent. The cuts will include the closing of many post offices in towns and villages in this area, including our village of West Elkton. This letter is to inform you of how devastating this drastic of a funding cut would be to our small village, especially to our senior citizens. Not only would it put a burden on the average citizen with the changes in mailing addresses, costs of new drivers' licenses, auto tags, and the hassles that go with changing all those documents, the senior citizens who rely on the mail to receive important medications and other necessities would be negatively impacted.

The previous letter was not worded correctly so I am asking to appeal the closing of the West Elkton Post office. for all the reasons above and many more.

Mayor
Bill Bates
