Re: Post office Closing

I am appealing the closing of the Smyrna, NY 13464 post office due to the fact that it serves many people and would be a hardship for the elderly to get to a post office farther away. Also, I am afraid it will have a negative affect on rural deliveries.

There are two (2) post offices in the township of Plymouth, N. Y, within 5 miles of each other and neither is scheduled for closing. The So. Plymouth Post Office , 13844 and the Plymouth Post Office 13832. It has been brought to my attention that the Smyrna Post Office generates more business than the two Plymouth Post offices.

Please re-consider the closing of Smyrna.

Thank you for your attention to this matter.

Sincerely,

Marie Whaley, 816 German Hollow Road. Smyrna, NY
