POSTAL REGULATORY  
COMMISSION  
OFFICE OF THE SECRETARY

I am writing this letter to appeal the decision to close the COYOTE POST OFFICE, COYOTE NM 87012. I would appreciate that you would reconsider closing this post office it is a life line to most of the community as we are mostly made up of elderly people who have no one and if it were not for the post office we would not have no way of doing our bills or any one to help us. Some may not now how to read English or read at all and to be able to go to our post office is our only way of doing our business. Most of us can no longer drive and so to have to drive to another post office would cause great harm to our way of life. I understand that the post office is in financial harm but really is closing a rural post office going to have that much money. I think your budget cuts need to start from the top not the bottom. By closing our rural post offices you are putting a strain on your own motto "UNITED STATES POSTAL SERVICE OUR LAST NAME COMES FIRST". To close post office you are putting the postal needs before us the customers. The only people who will be benefitting from closures would be the employees up top not the customers.

I thank you for taking the time to read this and I truly hope that you would reconsider the closure of the COYOTE POST OFFICE, COYOTE NM 87012.

SINCERELY,
