PO Name: OLD CHATHAM ZIP+4: 12136 - 9998 Completed By: K35300

Survey Period: 03/05/2011 through 03/18/2011

Record the number of retail window transactions in the appropriate columns for each day. Consider a sale of stamps as one transaction. A sale of stamps and a money order is two transactions. Do not record the handing out over the counter of box mail, general delivery mail, or carrier mail. Instead of this worksheet, you may use PS Form 2007-A, Window Transaction Record; PS Form 2007-B, Window Transaction Conversion; and PS Form 2007-C, Window Transaction Survey. Use hash marks (////) for daily entries in the columns. To obtain the average daily number of transactions, divide the total number of transactions during the survey period by the number of days in the survey. The allowable time per transaction is shown in each column in minutes. To determine the average daily workload in minutes, multiply the number of transactions in each column by the time conversion for that column, total the time conversions for all columns, and divide the total number of minutes by the number of days in the survey period.

POSTAL CUSTOMER
OLD CHATHAM POST OFFICE
OLD CHATHAM, NY 12136

Dear Postal Service Customer:

As the Postal Service manager responsible for all Post Offices in your area, I would like your opinion concerning a possible change in the way your postal service is provided. The recommended change is tentative and will not lead to a formal proposal unless we conclude that it will provide a maximum degree of regular and effective service.

The Postmaster at the Old Chatham Post Office retired on 08/02/2008. The Office is being studied for possible closing or consolidation for the following reasons: Office is currently vacant; management initiated study to determine if regular and effective service can be provided through alternate means. East Chatham Post Office is 3 miles away.

Briefly, we would like to provide pickup and delivery of your mail, as well as the sale of stamps and all other customary postal services, by rural route service emanating from the East Chatham Post Office.

We estimate that carrier service would cost the Postal Service substantially less than maintaining the Post Office in your community and still provide regular and effective service. Enclosed is information about some of the services available from the carrier. Retail services are also available at the East Chatham Post Office, located 3.0 miles away. Hours of service at this office are 09:30 to 12:00 and 13:15 to 17:00, Monday through Friday, and 09:30 to 11:00 on Saturday. Post Office box service is available at this location at the same fees.

I invite you to think about a possible change to rural route service. Please return the enclosed questionnaire by 05/03/2011 using the pre-addressed envelope provided or at the community meeting.

You may, of course, want to discuss this form of service with us before drawing any conclusions. Postal representatives will be at the Chatham Town Hall, 488 Route 295, Chatham, NY 12037 on Tuesday, May 03, 2011 from 5:30 pm to 6:30 pm to answer questions and provide information about our service. You may wish to discuss and submit your questionnaire at that time.

If you have any questions, you may call Nadine Tremblay at (518) 452-4085.

Thank you for your assistance.

Sincerely,

ERIC TIEMANN

UNITED STATES POSTAL SERVICE

SUMMARY OF POST OFFICE CHANGE REGULATIONS

Certain regulations based on federal law apply when postal managers propose to replace a Post Office with an alternate form of postal service. These regulations are designed to ensure that the reasons for proposing such changes in postal service are fully disclosed at a stage when customers can make helpful contributions toward a final decision. The full text of the statutory provisions appears in Title 39, *United States Code*, Section 404(b), while the implementing regulations appear in Title 39, *Code of Federal Regulations*, Part 241.3.

According to implementing regulations, an initial investigation and any subsequent formal proposal to discontinue a Post Office originate with postal field managers responsible for Post Offices in that area. The proposal must explain the services recommended as substitutes and the rationale that supports this recommendation. The written proposal is prominently posted for 60 days at affected Post Offices, along with an "Invitation for Comments," which formally invites customer comments. At the end of the 60-day comment period, additional review is made at lower and upper levels of postal management.

When a final decision is made at Postal Headquarters in Washington, DC, that decision is posted in affected Post Offices for 30 days, during which customers may appeal the decision to the Postal Regulatory Commission in Washington, DC. The Postal Regulatory Commission has 120 days to consider and decide an appeal. Even without an appeal, no Post Office may be closed sooner than 60 days after the public posting of the final decision.

I NOW TRAVEL 3 MILES TO THE OLD CHATHAM POST OFFICE! BUT ITS ON MY WAY TO WORK. IF I HAD TO USE EAST CHATHAM POST OFFICE, THE ADDED DISTANCE WOULD BE PROHIBITIVE. THIS WOULD ADD 6 MILES FOR ME TO PICK UP MY MAIL DAILY. THAT WOULD BE 30 MILES A WEEK, THATS NOT ACCEPTABLE WITH THE PRICE OF GAS. I MUST HAVE A P.O. BOX AS THE POST OFFICE WILL NO DELIVER MAIL ON A PRIVATE ROAD. ALSO E. CHATHAM P.O. IS IN THE OPPISITE DIRECTION THAT EVERYONE LIVEING HERE TRAVELS.

To Whom It May Concern:

I have no problem using the East Chatham Post Office as I often do now on my way into Chatham. My MAJOR concern is the rural delivery. If Dave or whoever has added responsibilities, what time will I eventually get my mail delivered? Right now my delivery is very late, often after 5:00 PM (once at 7:25 PM and it was Not the holidays); mail has been sent to wrong addresses including medications; mail has been stuffed inside magazines (once I received an invitation to a December Christmas party in late January as my neighbor found it in her magazine). That is my concern!

Thank you for your time,
Linda O'Neil

Unfortunately I am unable to attend the May 03, 2011 informational meeting.

Re: Postal Service Customer Questionnaire

Enclosed is a completed questionnaire.

As you may or may not know in Albany, this is an extremely rural area, so the post office is usually several miles away from actual residences. Our home, in fact, is four miles away in another town. After moving from the Old Chatham area, we kept the OC PO address since we had all our mail directed there.

We have been box holders at OC PO since 1975. We have picked up mail daily, bought all our stamps, obtained special services including Certified Mail, Registered Mail, Insured Mail, Delivery Confirmation, Signature Confirmation and mailed all parcels from the OC PO for 36 years.

The suggested change to rural route service is prohibitive because we live in a different town and would have to entirely change our address and post office to this town.

The East Chatham PO is seven miles from our residence and it is not at all convenient for me to pick up mail after work. It adds many miles and more time to our commute. We will not be able to pick up our mail daily (nor our daughter's mail at PO Box 8) because it is too far from home and work. We certainly will not be using any of the above-mentioned "special services" in East Chatham, but will pay the annual PO fee and purchase all such services at another location.

Unfortunately, this questionnaire arrived on Monday, April 25, 2011 and the Chatham Town Hall Meeting is on Tuesday, May 3, 2011 -- not enough time to change other appointments to attend.

Please consider this letter, which is attached to the questionnaire, as our strong objection to your proposal.

We have had this P.O. Box for twenty-five years. We will have to change all our stationary, business cards, billing addresses etc at cost and inconvenience.

Many people, not us, have an old Chatham P.O Box for the prestige. Others, second home owners, find it more convenient ~~to~~ and safer than their situation in NYC or Boston.

We are not happy about the prospect of losing our post office when lesser used post offices in the area are left open.

This is a ~~very sad~~ proposal. Old Chatham's Center is the Post office, the Country store, and Jackson's.

The Post office is usually quite active and it's always nice to run into your neighbors + chat.

We love our postal workers, too. It's like an extended family!

East Chatham is actually quite out of the way. I don't think I've ever used it!

DOCKET NO. 1376004-12136
ITEM NO. 22
PAGE 1 of 2

We live in a rural area that, in winters like the one just past, can be difficult to drive around. The removal of the Old Chatham post office to any nearby post office would mean the addition of at least 6 miles of driving, round trip., for any one using a post office box.

So, if my neighbors and I decide as a result to forgo the post office box and rely on your carriers, this will mean a substantial loss of revenue to you. Not to mention the fuel costs of delivering to the most distant of our outlying addresses – on an annual basis this must be significant.

On the other hand, if my neighbors and I decide to bite the bullet and drive the extra miles to pick up our mail, this will cost each of us considerably more in our annual gasoline costs – and the total gas emissions will do nothing to mitigate our contribution to climate change.

So, either way, the removal of our local post office doesn't seem to make a lot of sense, whether judged from a cost or an ecological basis. Why not leave well enough alone?

I would prefer E Chatham to Old Chatham. The local carrier for Old Chatham has been constantly unreliable for many years, delivering my mail to my neighbor & my neighbors mail to me -- EVEN AFTER REPEATED COMPLAINTS. Hopefully he will no longer be our mail delivery person if E. Chatham manages our mail.

UNITED STATES POSTAL SERVICE

04/22/2011

POSTAL CUSTOMER
OLD CHATHAM POST OFFICE
OLD CHATHAM, NY 12136

Dear Postal Service Customer:

As the Postal Service manager responsible for all Post Offices in your area, I would like your opinion concerning a possible change in the way your postal service is provided. The recommended change is tentative and will not lead to a formal proposal unless we conclude that it will provide a maximum degree of regular and effective service.

The Postmaster at the Old Chatham Post Office retired on 08/02/2008. The Office is being studied for possible closing or consolidation for the following reasons: Office is currently vacant; management initiated study to determine if regular and effective service can be provided through alternate means. East Chatham Post Office is 3 miles away.

Briefly, we would like to provide pickup and delivery of your mail, as well as the sale of stamps and all other customary postal services, by rural route service emanating from the East Chatham Post Office.

We estimate that carrier service would cost the Postal Service substantially less than maintaining the Post Office in your community and still provide regular and effective service. Enclosed is information about some of the services available from the carrier. Retail services are also available at the East Chatham Post Office, located 3.0 miles away. Hours of service at this office are 09:30 to 12:00 and 13:15 to 17:00, Monday through Friday, and 09:30 to 11:00 on Saturday. Post Office box service is available at this location at the same fees.

Rather be included in Chatham P.O. as we shop there

I invite you to think about a possible change to rural route service. Please return the enclosed questionnaire by 05/03/2011 using the pre-addressed envelope provided or at the community meeting.

You may, of course, want to discuss this form of service with us before drawing any conclusions. Postal representatives will be at the Chatham Town Hall, 488 Route 295, Chatham, NY 12037 on Tuesday, May 03, 2011 from 5:30 pm to 6:30 pm to answer questions and provide information about our service. You may wish to discuss and submit your questionnaire at that time.

If you have any questions, you may call Nadine Tremblay at (518) 452-4085.

Thank you for your assistance.

Sincerely,

ERIC TIEMANN
Manager, Post Office Operations

SUMMARY OF POST OFFICE CHANGE REGULATIONS

Certain regulations based on federal law apply when postal managers propose to replace a post office with an alternate form of postal service. These regulations are designed to ensure that the reasons for proposing such changes in postal service are fully disclosed at a stage when customers can make helpful contributions toward a final decision. The full text of the statutory regulations appears in Title 39, United States Code, Section 404(b), while the implementing regulations appear in Title 39, Code of Federal Regulations, Part 241.3.

An initial investigation and any subsequent formal proposal to discontinue a post office originate with postal field managers responsible for post offices in that area. The proposal must explain the services recommended as substitutes and the rationale that supports this recommendation. The written proposal is prominently posted for 60 days at affected post offices, along with an "Invitation for Comments," which formally invites customer comments. At the end of the 60-day comment period, additional review is made at lower and upper levels of postal management.

When a final decision is made at Postal Headquarters in Washington, DC, that decision is posted in affected post offices for 30 days, during which customers may appeal the decision to the Postal Rate Commission in Washington, DC. The Postal Rate Commission has 120 days to consider and decide an appeal. Even without an appeal, no post office may be closed sooner than 60 days after the public posting of the final decision.

I would be concerned if Office closed. For example
1) What would elderly who live w/in walking distance do?
2) What if I do not want to drive 10 mi to get my mail? I d/c'd mailbox on Route because of upkeep.

Have you ever thought of A centrally located outdoor (partial) Groups of boxes/stamp machine or select open hours? With an open sided like structure they/boxes would be mostly protected from elements with less maintenance needed.

When I first moved to Old Chatham from Millbrook (16 yrs ago) I had carrier delivery (box in front of my house). Twice during the first 6 months my box was "moved down" by either a car or truck other night. At the time I worked in Albany and did not have time in the morning to fix the situation before leaving to my office - causing chaos to mail delivery. Thereafter, I chose to rent a Post Office box for mail safety. What would I do with this alternative!

Our local carrier and office staff know us and our business. We are known all over the world at this address. We will contact our US Senator, Congressmen, and the NYS Governor to oppose. This action would save no money and cost us a lot.

This historic village has had a center which consists of three venues: a general store, a post office and a bar/restaurant. To eliminate the post office would destroy the center, the identity of Old Chatham & its historical significance to NY State. Please do not do this!

I am an 88 year old disabled widow. I depend on Someone else to go to the Post office for me. It is so near my home This is not a problem. In the 1940's The Post office was located in what is now my home. Old Chatham has always been the Postal hub for the area. I can't believe it should ever be changed. A new location maybe, but NOT eliminated.

April 25, 2011

PO Box 205
1518 County Route 13
Old Chatham, NY 12136

Dear Mr. Tiemann,

We are writing in response to your invitation for input into the possibility of closing the Old Chatham post office. Usually such invitations are purely ritual, the decision having already been made, but we are taking you at your word that you would like to solicit opinions and that nothing is final.

As you will note from the above heading, we have a box at this post office, and live on route 13 about 3.5 miles north, towards route 20. Closing the office would be really inconvenient for us. We took out a box because in years past we had an emotionally disturbed neighbor who would destroy property and we did not trust a mailbox to be safe. To shift to a box in East Chatham would not work for us—we rarely go in that direction and it would mean six or more miles just to get the mail. We could perhaps relocate to a box in Brainard, if they have boxes there, but we understand that the hours are very limited there and that doesn't fit with our routine at all. So we guess we would put up a mailbox, trusting our neighbors but, note, in the process just adding another load to an already very busy route carrier.

We like the Old Chatham post office. If you know the community, you know that there are only three commercial/public places in the village center, and the post office is an integral part of what holds this place together. We see old (and new) friends there all the time, and losing the post office would be a step towards the disintegration of the village and merger into mass society. East Chatham is not a substitute. It cannot work for us.

Perhaps in purely economic terms it might make sense to close it, but life is never a matter of purely economic considerations. This would be a bad move in every other way. We would be very unhappy to see this happen.

Sincerely yours,

James Monsonis
Lenore Gensburg

I own and operate, at my farm, a small business that utilizes the Old Chatham Post Office a lot during my busy season (December) to mail packages, as well as at other times of the year. I understand the need to reduce costs and close Post Offices, but it would make more sense to me to close offices like Malden Bridge, North Chatham, Brainard which are never as busy as I see the Old Chatham one. If OCPO closes, I would likely switch to UPS for my shipping needs.

To whom it may concern:

We request that you reconsider your option to remove the existing post office in Old Chatham, NY. My husband and I have enjoyed doing business there for years, one of us for a lifetime. We feel that removing the post office from our town has the potential to decrease the quality of service provided for many of our local patrons, particularly those who live in the direct vicinity of the post office. Along with us, we have friends and family who this change will affect. Some children we know use it as a bus stop. Several elderly people we know have P.O. Boxes there. Some of them get their exercise by walking to the post office.

Our town attracts people from many areas including an increasing population of those moving from NYC, both full and part-time residents. Much of their attraction to the area is the quaint charm of the region, which includes our small town post offices.

Going to the post office can be a chance to see old friends and make new ones, to enjoy the area we know and enjoy. To eliminate the Old Chatham post office would be loss of a piece of history and one of the things that makes our town great. On behalf of all that it would affect, please reconsider your option to remove it.

Thank you for your consideration.

Sincerely,

Bonnie Drowne

I WOULD NOT CARE IF THIS OFFICE IS CLOSED AS LONG AS MY PO BOX # AND MAILING ADDRESS DID NOT CHANGE. AS A LAWYER I NEED AND GOT WHAT I THOUGHT WAS A PERMANENT ADDRESS (A P.O. BOX). THE COST TO CHANGE MY ADDRESS IN FILED GOVERNMENT DOCUMENTS WOULD BE THOUSANDS OF DOLLARS AND THE CONSEQUENCES OF A MISDELIVERED GOVT NOTICE OR AN OLD CLIENT NOT BEING ABLE TO FIND + REACH ME COULD BE CATASTROPHIC.

We are very concerned that we might have to change our address to East Chatham - we live in Old Chatham and want to keep that - plus we do not want to go through the hassle of address changes. Even if assured now that we don't have to change our address, we would worry of a policy change on this in the future. We also feel sorry for local box holders losing the convenience of an OC box. The Old Chatham PO is also an intricate part of a small community like Old Chatham. We would hate to lose our community's identity.

I am extremely tired of being in the group that pays more continually and keeps getting less! As a taxpayer, I think our village is entitled to have the services the Post Office provides. It was never meant to operate at a profit. It's a service for the people. It's the heart of the community and should be continued.

My wife and I have a home in old Chatham, and we will retire here within the next few years. I am a 70-year-old retiree, and it will be a real hardship for me to have to drive to East Chatham to get our mail - especially in the winter - in the years ahead.

Please do your best to lend your support to the residents of Old Chatham in their efforts to keep the village post office open. As you may know, Old Chatham is a rural hamlet and the post office is a central part of our little village. It would truly be a loss to the community to have this post office closed. It is constantly used, by many who would be inconvenienced by travel to another village for their mailing needs.

On another note, the character of this very american little town, with its country store, family tavern and post office in its square, all centered around a monument to war veterans would truly lose something of its heart. A loss hard to describe- but a loss all the same. New York State needs to fight to keep the charm and history of its small, rural hamlets. Having the post office at its center is crucial to the historic quality of Old Chatham

I hope you will consider this seriously.
Thank you.

Sincerely,
Mimi + David Forer

I know it says to use a separate paper. I get my mail at the PO., if it gets closed, I'd want my mail to be delivered to my home. I live at 17 Finch St. in the hamlet. I have been disabled since Sept. 08 and may get to the stage where I won't be able to drive. The questionnaire was filled out privously & mailed.

Please save our PO!!!

In response to your letter:

- A community's identity derives from the interest and vitality of its residents and their use of its name. The Postal Service is helping to preserve community identity by continuing the use of the Old Chatham Post Office name and ZIP Code in addresses and in the National Five-Digit ZIP Code and Post Office Directory.
- Businesses generally require regular and effective postal services, and these will always be provided to the Old Chatham Post Office community. There is no indication that the business community will be adversely affected. Questionnaire responses revealed that customers will continue to use local businesses if the post office is discontinued.
- Customers are not required to travel to another post office to receive mail or obtain retail services. These services will be provided by the carrier to a roadside mailbox located close to customers' residences. In hardship cases, delivery can be made to the home of a customer. Changes in the type of delivery are considered where service by existing methods would impose an extreme physical hardship for an individual customer. Any request for a change in delivery method must be submitted in writing to the administrative postmaster.

If it is determined that a discontinuance of the Old Chatham Post Office should be pursued, a formal proposal will be posted in the East Chatham Post Office and Old Chatham Post Office at a later date. Dear Postal Service Customer:

Thank you for returning your questionnaire concerning the proposed discontinuance of the Old Chatham Post Office. Your comments, along with others received, will be included in the official record and considered carefully before further action is taken.

In response to your letter:

- Our carriers strive to provide service at approximately the same time on a daily basis, however mail volumes and weather conditions often effect delivery times. If you desire special services from the rural carrier you may leave a note in your mailbox instructing the carrier to sound his horn, and then meet the carrier to receive services. Retail services may also be obtained at the administrative post office located 3.0 miles away.

If it is determined that a discontinuance of the Old Chatham Post Office should be pursued, a formal proposal will be posted in the East Chatham Post Office and Old Chatham Post Office at a later date. Dear Postal Service Customer:

Thank you for returning your questionnaire concerning the proposed discontinuance of the Old Chatham Post Office. Your comments, along with others received, will be included in the official record and considered carefully before further action is taken.

In response to your letter:

- Post Offices are reviewed on a case-by-case basis. When there is a vacancy in a small office, it is customary to conduct a study of the business activity and investigate the feasibility of providing service by alternate means.
- Customers may place a lock on their mailboxes. The mailbox must have a slot large enough to accommodate the customer's normal daily mail volume. The Postal Service does not open mailboxes which are locked and does not accept keys for this purpose.
- Customers who retain their PO Box or currently have street delivery WILL NOT be required to change their address. ONLY customers electing to close their PO Box and begin street delivery would be required to change their address, if a final determination is made to close or consolidate this office.

If you desire special services from the rural carrier you may leave a note in your mailbox instructing the carrier to sound his horn, and then meet the carrier to receive services. Retail services may also be obtained at the administrative post office located 3.0 miles away.

Dear Postal Service Customer:

Thank you for returning your questionnaire concerning the proposed discontinuance of the Old Chatham Post Office. Your comments, along with others received, will be included in the official record and considered carefully before further action is taken.

In response to your letter:

- A community's identity derives from the interest and vitality of its residents and their use of its name. The Postal Service is helping to preserve community identity by continuing the use of the Old Chatham Post Office name and ZIP Code in addresses and in the National Five-Digit ZIP Code and Post Office Directory.

- Customers are not required to travel to another post office to receive mail or obtain retail services. These services will be provided by the carrier to a roadside mailbox located close to customers' residences. In hardship cases, delivery can be made to the home of a customer. Changes in the type of delivery are considered where service by existing methods would impose an extreme physical hardship for an individual customer. Any request for a change in delivery method must be submitted in writing to the administrative postmaster.

If it is determined that a discontinuance of the Old Chatham Post Office should be pursued, a formal proposal will be posted in the East Chatham Post Office and Old Chatham Post Office at a later date. Most transactions do not require meeting the carrier at the mailbox. Stamps by Mail and Money Order Application forms are available for customer convenience.
- Customers may place a lock on their mailboxes. The mailbox must have a slot large enough to accommodate the customer's normal daily mail volume. The Postal Service does not open mailboxes which are locked and does not accept keys for this purpose.

Dear Postal Service Customer:

Thank you for returning your questionnaire concerning the proposed discontinuance of the Old Chatham Post Office. Your comments, along with others received, will be included in the official record and considered carefully before further action is taken.

In response to your letter:

- Post Offices are reviewed on a case-by-case basis. When there is a vacancy in a small office, it is customary to conduct a study of the business activity and investigate the feasibility of providing service by alternate means.
- Businesses generally require regular and effective postal services, and these will always be provided to the Old Chatham Post Office community. There is no indication that the business community will be adversely affected. Questionnaire responses revealed that customers will continue to use local businesses if the post office is discontinued.

Postal Concerns

The following postal concerns were expressed

1. Concern (No Opinion):
Concerned about the reliablity of the carrier

Response:
Should you experience misdelivery in the future please contact the Consumer Affaris office at 518-452-2376.

2. Concern (No Opinion):
Customer concerned about carrier losing his position.

Response:
The delivery of your mail will continue uninterupted by your current mail carrier.

3. Concern (No Opinion):
Customer expressed a concern about irregular hours that the rural route serves the community

Response:
Our carriers strive to provide service at approximately the same time on a daily basis, however mail volumes and weather conditions often effect delivery times. If you desire special services from the rural carrier you may leave a note in your mailbox instructing the carrier to sound his horn, and then meet the carrier to receive services. Retail services may also be obtained at the administrative post office located 3.0 miles away.

4. Concern (No Opinion):
Customer expressed a concern about the inability of the rural carrier to weigh and rate letters and packages

Response:
The rural carrier will accept any letters or packages for mailing. The carrier will estimate the cost and provide a receipt for any money received. On the following delivery day the carrier will provide change or a bill for the amount over the estimate.

5. Concern (No Opinion):
Customers asked why their post office was being discontinued while others were retained

Response:
Post offices are reviewed on a case-by-case basis. When there is a vacancy in a small office, it is customary to conduct a study of the business activity and investigate the feasibility of providing service by alternate means.

6. Concern (No Opinion):
Customers asked why their post office was being discontinued while others were retained

Response:
You asked why the Old Chatham Post Office was being discontinued while others were retained. Post offices are reviewed on a case-by-case basis. When there is a vacancy in a small office, it is customary to conduct a study of the business activity and investigate the feasibility of providing service by alternate means.

7. Concern (No Opinion):
Customers expressed concern for those customers with disabilities who are not able to go to adminoffice Post Office to pick up their mail

Response:
Customers are not required to travel to another post office to receive mail or obtain retail services. These services will be provided by the carrier to a roadside mailbox located close to customers' residences. In hardship cases, delivery can be made to the home of a customer. Changes in the type of delivery are considered where service by existing methods would impose an extreme physical hardship for an individual customer. Any request for a change in delivery method must be submitted in writing to the administrative postmaster.

8. Concern (No Opinion):
Customers expressed concern that postal employees at the adminoffice Post Office are rude

Response:
Employee courtesy is always a concern of postal managers. Postal employees receive periodic instructions regarding employee courtesy. We do not condone our employees' execution of their duties in an unprofessional or discourteous manner. This concern will be conveyed to the postmaster by the manager, post office operations.

9. Concern (No Opinion):
Customers felt the cost of postage was increasing while service was decreasing

Response:
The Postal Service is not immune to rising costs affecting every family and business. We do not receive tax dollars to cover the cost of operations and must adjust our prices to cover our costs. The Postal Service Governors are responsible for approving prices for all Postal Service products and services. For mailing services prices, such as stamp prices, the Postal Service announces the new prices each February and they become effective each May. The Postal Regulatory Commission (PRC) reviews the new pricing for compliance with the price cap and other provisions of the Postal Act of 2006.

10. Concern (No Opinion):
Customers felt the post office should remain open since they paid taxes

Response:
The Postal Service is not supported by tax dollars and must meet expenses by revenue it generates. Operational savings for the Postal Service contributes in the long run to stable postage rates and savings for customers.

Concern (No Opinion):

11. Customers said they would miss the special attention and assistance provided by the personnel at the Old Chatham Post Office.

    Response:
    East Chatham will continue to provide courteous and helpful service. Special assistance will be provided as needed.

12. Concern (No Opinion):
    Customers were concerned about a change of address

    Response:
    Customers who retain their PO Box or currently have street delivery WILL NOT be required to change their address. ONLY customers electing to close their PO Box and begin street delivery would be required to change their address, if a final determination is made to close or consolidate this office.

13. Concern (No Opinion):
    Customers were concerned about mail security

    Response:
    Customers may place a lock on their mailboxes. The mailbox must have a slot large enough to accommodate the customer's normal daily mail volume. The Postal Service does not open mailboxes which are locked and does not accept keys for this purpose.

14. Concern (No Opinion):
    Customers were concerned about the mailboxes being damaged by snowplows

    Response:
    Please contact the administrative postmaster to determine the proper mailbox location and installation method that would help alleviate this concern. Placing the mailbox on a long, swinging, horizontal pipe is one method often used to avoid damage by snowplows.

    Response:
    Services provided at the post office will be available from the carrier, and customers will not have to travel to another post office for service. Most transactions do not require meeting the carrier at the mailbox. Stamps by Mail and Money Order Application forms are available for customer convenience.

17. Concern (UnFavorable):
    Customers questioned the economic savings of the proposed discontinuance

Postal Service Customer Community Meeting Analysis

(categorize customer concerns as postal or nonpostal and provide the Postal Service response for each.)

Postal Concerns

1. Concern (No Opinion):
Customer expressed a concern about irregular hours that the rural route serves the community

   Response:
Our carriers strive to provide service at approximately the same time on a daily basis, however mail volumes and weather conditions often effect delivery times. If you desire special services from the rural carrier you may leave a note in your mailbox instructing the carrier to sound his horn, and then meet the carrier to receive services. Retail services may also be obtained at the administrative post office located 3.0 miles away.

2. Concern (No Opinion):
Customer expressed a concern about package delivery and pickup

   Response:
Rural carriers will deliver packages that fit in your rural mail box, if the package does not fit in the mail box, the carrier will deliver the package up to ½ mile off of the line of travel, at a designated place, such as on your porch or under a carport.

3. Concern (No Opinion):
Customers asked why their post office was being discontinued while others were retained

   Response:
Post offices are reviewed on a case-by-case basis. When there is a vacancy in a small office, it is customary to conduct a study of the business activity and investigate the feasibility of providing service by alternate means.

4. Concern (No Opinion):
Customers expressed concern for those customers with disabilities who are not able to go to adminoffice Post Office to pick up their mail

   Response:
Customers are not required to travel to another post office to receive mail or obtain retail services. These services will be provided by the carrier to a roadside mailbox located close to customers' residences. In hardship cases, delivery can be made to the home of a customer. Changes in the type of delivery are considered where service by existing methods would impose an extreme physical hardship for an individual customer. Any request for a change in delivery method must be submitted in writing to the administrative postmaster.

5. Concern (No Opinion):
Customers felt inclement weather and poor road conditions might impede delivery

   Response:
Both inclement weather and heavy mail volume can cause deviations from the normal delivery schedule. However, the carrier is required to provide a vehicle of adequate size, equipped with necessary equipment (chains or snow tires, warning lights or signs, etc.) to serve the route safely and efficiently and in accordance with federal, state, and local motor vehicle laws and regulations.

6. Concern (No Opinion):
Customers questioned the economic savings of the proposed discontinuance

   Response:
Carrier service is more cost-effective than maintaining a postal facility and postmaster position. The Postal Service estimates an positive annual savings.

7. Concern (No Opinion):
Customers were concerned about a change of address

   Response:
Customers who retain their PO Box or currently have street delivery WILL NOT be required to change their address. ONLY customers electing to close their PO Box and begin street delivery would be required to change their address, if a final determination is made to close or consolidate this office.

8. Concern (No Opinion):
Customers were concerned about having to make an address change on their bank checks and stationery

   Response:
Customers who retain their PO Box or currently have street delivery WILL NOT be required to change their address. ONLY customers electing to close their PO Box and begin street delivery would be required to change their address, if a final determination is made to close or consolidate this office.

9. Concern (No Opinion):
Customers were concerned about obtaining accountable mail and large parcels

   Response:

If you live less than one-half mile from the line of travel, the carrier will attempt delivery of accountable items and large parcels to the customer's residence. If the live over one-half mile away or is not home when delivery is attempted, a notice will be left in the mailbox. Large parcels will be left outside the mailbox or at a designated location or a notice will be left in the mailbox. Attempted delivery items will be taken back to the administrative Post Office. Customers may pick up the item at the post office, request redelivery on another day or authorize delivery to another party.

10. Concern (No Opinion):
Customers were concerned about having to travel to another post office for service

Response:
Services provided at the post office will be available from the carrier, and customers will not have to travel to another post office for service. Most transactions do not require meeting the carrier at the mailbox. Stamps by Mail and Money Order Application forms are available for customer convenience.

11. Concern (No Opinion):
Customers were concerned about later delivery of mail

Response:
A customer's location on a carrier's line of travel determines the time of day mail is delivered. This, of course, precludes providing early delivery of mail to every customer because, no matter how we structure a route, somebody must be last. We do, however, carefully consider the volume of mail for each route so that we can deliver the greatest amount of mail at the earliest possible hour. With the largest fleet of delivery vehicles in the world we must pay special attention to energy conservation measures, to minimize vehicle and fuel expenses. When the price of gasoline goes up one cent per gallon our total gasoline cost rises more than $8 million. Therefore, when structuring a route, we must balance our goal to deliver as much mail as possible as early as possible with the need to minimize the travel distance a route must cover.

12. Concern (No Opinion):
Customers were concerned about mail security

Response:
Customers may place a lock on their mailboxes. The mailbox must have a slot large enough to accommodate the customer's normal daily mail volume. The Postal Service does not open mailboxes which are locked and does not accept keys for this purpose.

13. Concern (No Opinion):
Customers were concerned about senior citizens

Response:
Carrier service is beneficial to many senior citizens and those who face special challenges because the carrier can provide delivery and retail services to Customers do not have to make a special trip to the post office for service. Special provisions are made for hardship cases or special customer needs. To request an exception for hardship delivery, customers may contact the administrative postmaster for more information.

14. Concern (No Opinion):
Customers were concerned about the mailboxes being damaged by snowplows

Response:
Please contact the administrative postmaster to determine the proper mailbox location and installation method that would help alleviate this concern. Placing the mailbox on a long, swinging, horizontal pipe is one method often used to avoid damage by snowplows.

15. Concern (No Opinion):
Customer asked why wasn't a postmaster hired for Old Chatham?

Response:
All management positions were frozen in anticipation of the reorganization.

Nonpostal Concerns

1. Concern (No Opinion):
Customer expressed a concern about the loss of the community bulletin board at the Post Office.

Response:
Many retail outlets and grocery stores are now displaying a public bulletin board in which items can be posted for sale, and\or lost and found items can be posted, and a variety of other information.

2. Concern (No Opinion):
Customers expressed concern for loss of community identity

Response:
A community's identity derives from the interest and vitality of its residents and their use of its name. The Postal Service is helping to preserve community identity by continuing the use of the Old Chatham Post Office name and ZIP Code in addresses and in the National Five-Digit ZIP Code and Post Office Directory.

Re: OLD CHATHAM POST OFFICE

Dear Officials:

Transmitted are many sheets of a petition signed by individuals presently served by the Old Chatham Post Office. They protest its proposed closing and transfer to East Chatham.

In the short time that we have had, we have found that there is almost universal sentiment against this plan. While we are relaying some of these voices now, we plan to continue to contact residents in this regard and expect to have more to submit soon.

People feel that this proposed closure hurts the community. It also puts a substantial burden on present users to travel to East Chatham. This represents a 3 mile trip each way from the Old Chatham square over steep hills and a narrow obsolete bridge.

There is also a feeling that this is an attempt to bolster business at a further away facility previously overbuilt and rented by the Postal Service.

Insufficient financial data and information were given to residents at the meeting held earlier this month at Town Hall.

Very truly yours,

Richard J. Dorsey

WE ARE OPPOSED TO THE PROPOSED CLOSING OF THE OLD CHATHAM POST OFFICE AND TRANSFERRING ITS OPERATIONS TO EAST CHATHAM:

It simply does not make sense. We have loyally used the Old Chatham Post Office (some of us for many, many years). It is part of our community and quality of life. We object to being forced to use our time and resources to travel a long and unnecessary distance to East Chatham for services that have been and can be available locally. We have not been given any good reasons for this change.

WE ARE OPPOSED TO THE PROPOSED CLOSING OF THE OLD CHATHAM POST OFFICE AND TRANSFERRING ITS OPERATIONS TO EAST CHATHAM:

It simply does not make sense. We have loyally used the Old Chatham Post Office (some of us for many, many years). It is part of our community and quality of life. We object to being forced to use our time and resources to travel a long and unnecessary distance to East Chatham for services that have been and can be available locally. We have not been given any good reasons for this change.

10 REASONS TO KEEP THE POST OFFICE IN OLD CHATHAM OPEN

(1) Going to East Chatham to do daily postal business would involve 6 miles of driving each day. With skyrocketing gas prices that would be very costly over the course of a year.

(2) The drive to East Chatham can be dangerous. It has three huge hills—treacherous in sleet, snow and ice, Nov.-Mar. (Some of us have skidded off the road; some have been unable to get up the hills; the police have sometimes closed the road.) The road also has a derelict (condemned) trestle over the train tracks into East Chatham. Finally there's the dangerous intersection of Route 295 & Albany Tpk with a sharp turn up the incline onto the trestle, with no visibility of oncoming drivers.

(3) Many of the residents of Old Chatham are senior citizens, some with disabilities. Some of us have mobility issues, some vision issues, some driving issues. Getting to the Old Chatham Post Office is doable for us—whether by foot or by car. Getting to East Chatham is not.

(4) The Old Chatham Post Office is part of a business community along with The Country Store and Country Store Restaurant, and Jackson's Old Chatham House. All of these businesses help sustain each other by bringing traffic, trade and visitors to the area. If the Old Chatham Post Office closes, some patrons will shift trade from our hamlet to other stores and restaurants.

(5) The thriving Old Chatham hamlet center, anchored by the Post Office, supports the cohesion of our hamlet as a living community, and increases the desirability of our community for residents, visitors and homebuyers —and in turn enhances our property values. It also provides a long-standing and important social arena for people to connect, particularly our senior citizens.

(6) The Old Chatham Post Office provides us with fine services here (stamp purchases, certified mailings, money orders, priority mailings, package pick-ups, holiday mailings, etc.). Many of us also have postal boxes so we can get our business and personal mail by 10 AM (with rural delivery we would not get it until 5 PM). It would be a hardship to have to go to East Chatham. (Please note that the East Chatham Post Office is only *leased* by the Postal Service, just as Old Chatham is.)

(7) It seems there's much more use of the Old Chatham Post Office than the East Chatham one. We hardly ever see a car there or people walking there. Our Old Chatham Post Office seems the busier one (maybe because we'er a busier hamlet). So *this* is the Post Office that should stay open.

(8) If the Old Chatham Post Office closes, we're in danger of losing our Old Chatham addresses. Whatever the Postal Service says now, we're likely to lose our address and our community identity in the future. Two retired postmasters have shared their knowledge about that happening elsewhere.

(9) So many of our community's historical features—the school, church, and pond— have been destroyed by short-sighted thinking. We can't let the Old Chatham Post Office (which was on this very site in 1880) be abandoned too. We must keep it as part of our history and community life.

(10) We can't support the notion that Old Chatham doesn't deserve to have its *own* post office—when so many other communities, including many smaller communities, all over America have post offices of their own. We're told that we're one of many regional post offices being studied for closure. (Some will close, some will not.) We're told that *our* post office is at risk since the senior staffer retired 3 years ago. That's a very arbitrary reason to penalize the people of Old Chatham.

THE DECISION WILL BE MADE SOON!! OPPOSE THE CLOSING ASAP.

PROPOSAL TO CLOSE THE OLD CHATHAM, NY POST OFFICE AND CONTINUE TO PROVIDE SERVICE BY RURAL ROUTE SERVICE

DOCKET NUMBER 1376004 - 12136

I. RESPONSIVENESS TO COMMUNITY POSTAL NEEDS

The Postal Service is proposing to close the Old Chatham, NY Post Office and provide delivery and retail services by rural route service under the administrative responsibility of the East Chatham Post Office, located three miles away.

The postmaster position became vacant when the postmaster retired on August 02, 2008. Since the postmaster vacancy an OIC has been installed to operate the office. Postmaster level and office service hours are determined by a workload analysis which includes the number of deliveries and revenue.

The office is being studied for possible closing or consolidation due to the following reasons: Office is currently vacant; management initiated study to determine if regular and effective service can be provided through alternate means. East Chatham Post Office is 3 miles away.

The Old Chatham Post Office, an EAS-13 level, provides service from 09:00 to 13:00 and 14:30 to 16:45 Monday - Friday , 09:00 to 11:00 Saturday and lobby hours of 08:00 to 17:00 on Monday - Friday and 08:00 to 11:00 on Saturday to 154 post office box customers and 345 delivery customers. Retail services included the sale of stamps, stamped paper, and money orders; special services such as Registered Mail, Certified Mail, Insured Mail, COD Mail, and Express Mail services; and the acceptance and dispatch of all classes of mail.

The retail window averaged 27 transaction(s) accounting for 32 minute(s) of retail workload daily. With minimal workload, the Postal Service feels that effective and regular service will be provided by rural route service. Office receipts for the last 3 years were: $66,834 (174 revenue units) in FY 2008; $51,008 (133 revenue units) in FY 2009; and $49,230 (128 revenue units) in FY 2010. There were no permit mailer(s) or postage meter customer(s).

On May 03, 2011, representatives from the Postal Service were available at Chatham Town Hall, 488 Route 295, Chatham, NY 12037 to answer questions and provide information to customers. 44 customer(s) attended the meeting.

On April 22, 2011, 504 questionnaires were distributed to delivery customers of the Old Chatham Post Office. Questionnaires were also available over the counter for retail customers at the Old Chatham Post Office. 179 questionnaires were returned. Responses regarding the proposed alternate service were as follows: 9 favorable, 49 unfavorable, and 121 expressed no opinion.

If this proposal is implemented, delivery and retail services will be provided by the East Chatham Post Office, an EAS-15 level office. Window service hours at the East Chatham Post Office are from 09:30 to 12:00 and 13:15 to 17:00, Monday through Friday, and 09:30 to 11:00 on Saturday. There are 183 post office boxes available.

The following concerns were expressed on the returned questionnaires, at the community meeting, from customer letters, on the petition, and from the congressional inquiry:

1.	**Concern:**	Concerned about the reliablity of the carrier
	Response:	Should you experience misdelivery in the future please contact the Consumer Affaris office at 518-452-2376.
2.	**Concern:**	Customer concerned about carrier losing his position.
	Response:	The delivery of your mail will continue uninterupted by your current mail carrier.
3.	**Concern:**	Customer expressed a concern about irregular hours that the rural route serves the community
	Response:	Our carriers strive to provide service at approximately the same time on a daily basis, however mail volumes and weather conditions often effect delivery times. If you desire special services from the rural carrier you may leave a note in your mailbox instructing the carrier to sound his horn, and then meet the carrier to receive services. Retail services may also be obtained at the administrative post office located 3.0 miles away.
4.	**Concern:**	Customer expressed a concern about the inability of the rural carrier to weigh and rate letters and packages
	Response:	The rural carrier will accept any letters or packages for mailing. The carrier will estimate the cost and provide a receipt for any money received. On the following delivery day the carrier will provide change or a bill for the amount over the estimate.
5.	**Concern:**	Customers asked why their post office was being discontinued while others were retained

Response: Post offices are reviewed on a case-by-case basis. When there is a vacancy in a small office, it is customary to conduct a study of the business activity and investigate the feasibility of providing service by alternate means.

6. **Concern:** Customers asked why their post office was being discontinued while others were retained

Response: The customer asked why the Old Chatham Post Office was being discontinued while others were retained. Post offices are reviewed on a case-by-case basis. When there is a vacancy in a small office, it is customary to conduct a study of the business activity and investigate the feasibility of providing service by alternate means.

7. **Concern:** Customers expressed concern for those customers with disabilities who are not able to go to adminoffice Post Office to pick up their mail

Response: Customers are not required to travel to another post office to receive mail or obtain retail services. These services will be provided by the carrier to a roadside mailbox located close to customers' residences. In hardship cases, delivery can be made to the home of a customer. Changes in the type of delivery are considered where service by existing methods would impose an extreme physical hardship for an individual customer. Any request for a change in delivery method must be submitted in writing to the administrative postmaster.

8. **Concern:** Customers expressed concern that postal employees at the adminoffice Post Office are rude

Response: Employee courtesy is always a concern of postal managers. Postal employees receive periodic instructions regarding employee courtesy. We do not condone our employees' execution of their duties in an unprofessional or discourteous manner. This concern will be conveyed to the postmaster by the manager, post office operations.

9. **Concern:** Customers felt the cost of postage was increasing while service was decreasing

Response: The Postal Service is not immune to rising costs affecting every family and business. We do not receive tax dollars to cover the cost of operations and must adjust our prices to cover our costs. The Postal Service Governors are responsible for approving prices for all Postal Service products and services. For mailing services prices, such as stamp prices, the Postal Service announces the new prices each February and they become effective each May. The Postal Regulatory Commission (PRC) reviews the new pricing for compliance with the price cap and other provisions of the Postal Act of 2006.

10. **Concern:** Customers felt the post office should remain open since they paid taxes

Response: The Postal Service is not supported by tax dollars and must meet expenses by revenue it generates. Operational savings for the Postal Service contributes in the long run to stable postage rates and savings for customers.

11. **Concern:** Customers questioned the economic savings of the proposed discontinuance

Response: Carrier service is more cost-effective than maintaining a postal facility and postmaster position. The Postal Service estimates an positive annual savings.

12. **Concern:** Customers said they would miss the special attention and assistance provided by the personnel at the Old Chatham Post Office.

Response: East Chatham will continue to provide courteous and helpful service. Special assistance will be provided as needed.

13. **Concern:** Customers were concerned about a change of address

Response: Customers who retain their PO Box or currently have street delivery WILL NOT be required to change their address. ONLY customers electing to close their PO Box and begin street delivery would be required to change their address, if a final determination is made to close or consolidate this office.

14. **Concern:** Customers were concerned about mail security

Response: Customers may place a lock on their mailboxes. The mailbox must have a slot large enough to accommodate the customer's normal daily mail volume. The Postal Service does not open mailboxes which are locked and does not accept keys for this purpose.

15. **Concern:** Customers were concerned about the mailboxes being damaged by snowplows

Response: Please contact the administrative postmaster to determine the proper mailbox location and installation method that would help alleviate this concern. Placing the mailbox on a long, swinging, horizontal pipe is one method often used to avoid damage by snowplows.

16. **Concern:** You were concerned about having to travel to another post office for service

Response: Services provided at the post office will be available from the carrier, and customers will not have to travel to another post office for service. Most transactions do not require meeting the carrier at the mailbox. Stamps by Mail and Money Order Application forms are available for customer convenience.

17. **Concern:** Customer expressed a concern about package delivery and pickup

Response: For carrier pick up of pacakges, you can contact the adminoffice Post Office, letting the carrier know that you have a package available for pick up. The carrier can deviate from the line of travel in order to receive packages. The rural carrier will accept letters, flats or packages for mailing. The carrier will estimate the cost and provide a receipt for any money received. On the following delivery day the carrier will provide change or a bill for the amount over the estimate.

18. **Concern:** Customers expressed concern for loss of community identity

Response: The customer expressed a concern about the loss of the Communities' identity. A community's identity derives from the interest and vitality of its residents and their use of its name. The Postal Service is helping to preserve community identity by continuing the use of the suspended Post Office name and ZIP Code in addresses and in the National Five-Digit ZIP Code and Post Office Directory.

19. **Concern:** Customers felt the loss of a post office would have a detrimental effect on the business community

Response: The customer expressed a concern about the detrimental effect the loss of the post office would have on the community. Businesses generally require regular and effective postal services, and these will always be provided to the suspended Post Office community. There is no indication that the business community will be adversely affected. Questionnaire responses revealed that customers will continue to use local businesses if the post office is discontinued.

20. **Concern:** Customers were concerned about senior citizens

Response: The customer expressed a concern about senior citizens. Carrier service is beneficial to many senior citizens and those who face special challenges because the carrier can provide delivery and retail services to Customers do not have to make a special trip to the post office for service. Special provisions are made for hardship cases or special customer needs. To request an exception for hardship delivery, customers may contact the administrative postmaster for more information.

21. **Concern:** Customer asked why wasn't a postmaster hired for Old Chatham?

Response: All management positions were frozen in anticipation of the reorganization.

22. **Concern:** Customers felt inclement weather and poor road conditions might impede delivery

Response: Both inclement weather and heavy mail volume can cause deviations from the normal delivery schedule. However, the carrier is required to provide a vehicle of adequate size, equipped with necessary equipment (chains or snow tires, warning lights or signs, etc.) to serve the route safely and efficiently and in accordance with federal, state, and local motor vehicle laws and regulations.

23. **Concern:** Customers were concerned about having to make an address change on their bank checks and stationery

Response: Customers who retain their PO Box or currently have street delivery WILL NOT be required to change their address. ONLY customers electing to close their PO Box and begin street delivery would be required to change their address, if a final determination is made to close or consolidate this office.

24. **Concern:** Customers were concerned about having to travel to another post office for service

Response: Services provided at the post office will be available from the carrier, and customers will not have to travel to another post office for service. Most transactions do not require meeting the carrier at the mailbox. Stamps by Mail and Money Order Application forms are available for customer convenience.

25. **Concern:** Customers were concerned about later delivery of mail

Response: A customer's location on a carrier's line of travel determines the time of day mail is delivered. This, of course, precludes providing early delivery of mail to every customer because, no matter how we structure a route, somebody must be last. We do, however, carefully consider the volume of mail for each route so that we can deliver the greatest amount of mail at the earliest possible hour. With the largest fleet of delivery vehicles in the world we must pay special attention to energy conservation measures, to minimize vehicle and fuel expenses. When the price of gasoline goes up one cent per gallon our total gasoline cost rises more than $8 million. Therefore, when structuring a route, we must balance our goal to deliver as much mail as possible as early as possible with the need to minimize the travel distance a route must cover.

26. **Concern:** Customers were concerned about obtaining accountable mail and large parcels

Response: If you live less than one-half mile from the line of travel, the carrier will attempt delivery of accountable items and large parcels to the customer's residence. If the live over one-half mile away or is not home when delivery is attempted, a notice will be left in the mailbox. Large parcels will be left outside the mailbox or at a designated location or a notice will be left in the mailbox. Attempted delivery items will be taken back to the administrative Post Office. Customers may pick up the item at the post office, request redelivery on another day or authorize delivery to another party.

Some advantages of the proposal are:

1. The rural or contract delivery carrier may provide retail services, alleviating the need to go to the post office. Stamps by Mail order forms are provided for customer convenience.
2. Customers opting for carrier service will have 24-hour access to their mail.
3. Savings for the Postal Service contribute in the long run to stable postage rates and savings for customers.
4. CBUs can offer the security of individually locked mail compartments. Parcel lockers provide convenient parcel delivery for customers.
5. Customers opting for carrier service will not have to pay post office box fees.
6. Saves time and energy for customers who drive to the post office to pick up mail.

Some disadvantages of the proposal are:

1. The loss of a retail outlet and a postmaster position in the community. Retail services may be provided by the rural or contract delivery carrier.
2. Meeting the rural or contract delivery carrier at the box to transact business. However, it is not necessary to be present to conduct most Postal Service transactions.
3. A change in the mailing address. The community name will continue to be used in the new address. A carrier route address will be assigned.

Taking all available information into consideration, the Postal Service concludes this proposal will provide a maximum degree of effective and regular postal services to the community.

II. EFFECT ON COMMUNITY

Old Chatham is an unincorporated community located in Columbia County. The community is administered politically by Chatham. Police protection is provided by the NY State Police. Fire protection is provided by the Tri Village. The community is comprised of retired people, farmers/ranchers, and those who commute to work at nearby communities and work in local businesses.

Businesses and organizations include: EEE Inc., Kain Enterprises of Col. Co., Jacksons Old Chatham House, R-C Fuel Inc., Grosvenor Farm, Old Chatham Hunt Club, Brown Trout Systems Inc., MunderSkiles Inc, Scott Longstreet Esq., Eaton Corners., Design Metals, Pro Bulk USA Inc., Loegroup, Columbia Travel Bureau, Alberts Equine Denistry, Old Chatham Design Center, Columbia Heritage LTD, Old Chatham Country Store, Air Marketing, Jacksons Reality, Sheephearders, Shaker Museum, Powell House, Tri-Village Fire Department, Old Chatham Tennis Club, Eilver Euro, Country House Radio Shack, Vantage Point Reality, E-Z Mart, Chatham Travel Lodge, Wood Hill Vet, Charckered Flag Fabrications, Wemple's Landscaping, Behn Perennials, Laurel Ridge Landscaping, Spruce Ridge Alpacas Farm, Stratton Construction, Globus Inc/Linville Esq., Crane Steel Enterprise, Macfarlane Contracting, Vision Staffing . Residents may travel to nearby communities for other supplies and services.

Nonpostal services provided at the Old Chatham Post Office will be available at the East Chatham Post Office. Government forms normally provided by the Post Office will also be available at the East Chatham Post Office or by contacting your local government agency.

The following nonpostal concerns were expressed on the returned questionnaires, at the community meeting, on the petition, and on the congressional inquiry:

1. **Concern:** Customer expressed a concern about the loss of the community bulletin board at the PostOffice.

   Response: Many retail outlets and grocery stores are now displaying a public bulletin board in which items can be posted for sale, and\or lost and found items can be posted, and a variety of other information.

2. **Concern:** Customers expressed concern for loss of community identity

   Response: A community's identity derives from the interest and vitality of its residents and their use of its name. The Postal Service is helping to preserve community identity by continuing the use of the Old Chatham Post Office name and ZIP Code in addresses and in the National Five-Digit ZIP Code and Post Office Directory.

3. **Concern:** Customers felt the loss of a post office would have a detrimental effect on the business community

   Response: Businesses generally require regular and effective postal services, and these will always be provided to the Old Chatham Post Office community. There is no indication that the business community will be adversely affected. Questionnaire responses revealed that customers will continue to use local businesses if the post office is discontinued.

4.	**Concern:**	Customer expressed a concern about the loss of the community bulletin board at the Post Office.
	Response:	Many retail outlets and grocery stores are now displaying a public bulletin board in which items can be posted for sale, and\or lost and found items can be posted, and a variety of other information.

Based on the information obtained in the course of this discontinuance study, the Postal Service concludes this proposal will not adversely affect the community.

III. EFFECT ON EMPLOYEES

The postmaster retired on August 02, 2008. The noncareer postmaster relief (PMR) may be separated from the Postal Service. No other Postal Service employee will be adversely affected. .

IV. ECONOMIC SAVINGS

The Postal Service estimates an annual savings of $ 28,567 with a breakdown as follows:

Postmaster Salary (EAS-13, No COLA)	$ 36,381
Fringe Benefits @ 33.5%	$ 12,188
Annual Lease Costs	+ $ 9,025
Total Annual Costs	$ 57,594
Less Annual Cost of Replacement Service	- $ 29,027
Total Annual Savings	$ 28,567

V. OTHER FACTORS

The Postal Service has identified no other factors for consideration.

VI. SUMMARY

The Postal Service is proposing to close the Old Chatham, NY Post Office and provide delivery and retail services by rural route service under the administrative responsibility of the East Chatham Post Office, located three miles away.

The postmaster retired on August 02, 2008. If the office has a noncareer PMR(s), they may be separated from the Postal Service; however, attempts will be made to reassign the employee(s) to a nearby facility. No other employee(s) will be adversely affected. Post office workload has declined. Effective and regular service will continue to be provided by rural route service.

The Old Chatham Post Office provided delivery and retail service to 154 PO Box customers and 345 delivery route customers. The daily retail window transactions averaged 27. There are no permit mailers or postage meter customers.

There will no longer be a retail outlet in the community. However, delivery and retail services may be available from a rural or contract delivery carrier, which could alleviate the need to travel to a post office for service. The Postal Service will save an estimated $28,567 annually. A disadvantage to some may be in meeting the rural or contract delivery carrier to transact business. However, it is not necessary to be present to conduct most Postal Service transactions with a rural or contract delivery carrier.

Taking all available information into consideration, the Postal Service has determined that the advantages outweigh the disadvantages and this proposal is warranted.

VII. NOTICES

A. Support Materials. Copies of all materials upon which this proposal is based are available for public inspection at the Old Chatham Post Office and East Chatham Post Office during normal office hours.

B. This is a proposal. It is not a final determination to close this post office. If a final determination is made to close this post office, after public comments on this proposal are received and taken into account, a notice of that final determination will be posted in this office.

The final determination will contain instructions on how affected customers may appeal that decision to the Postal Regulatory Commission. Any such appeal must be received by the commission within 30 days of the posting of the final determination.

Re: OLD CHATHAM POST OFFICE

Dear Officials:

Transmitted are many sheets of customer optional comment forms signed by local residents in opposition to closing the Old Chatham Post Office.

As is obvious, these are not canned responses but set forth heart felt sentiments from a sample of the many people who would be adversely effected by such a change.

We continue to emphasize this proposed closure hurts the community. It also puts a substantial burden on present users to travel to East Chatham. This represents a 3 mile trip each way from the Old Chatham square over steep hills and a narrow obsolete bridge.

There continues to be a feeling that this is an attempt to bolster business at a further away facility previously overbuilt and rented by the Postal Service.

Very truly yours,

Richard J. Dorsey

Following are comments I wish to make concerning the proposed discontinuance of the OLD CHATHAM Post Office.

1. **Effect on Your Postal Services.** Describe any favorable or unfavorable effects you believe the proposal would have on the regularity or effectiveness of your postal services.

I strongly disagree with the closing of old Chatham Post office because we regularly use it for money order, stamps, mailings. we rarely leave old chatham, this would be a huge inconvenience.

2. **Effect on Your Community.** Please describe any favorable or unfavorable effects that you believe the proposal would have on your community.

JACKSON'S, the Country store, + the Post office are the center of old Chatham. It is what make the community. People go to the Post office, they go to store, or JACKSON'S thats what they do. It would hurt business.

3. **Other Comments.** Please provide any other views or information that you believe the Postal Service should consider in deciding whether to adopt the proposal.

Please do not close the Post office. There is no doubt It would negatively affect business. Times are tough enough don't make it worse.

Columbia County is a unique blend of beautiful unspoiled country and well preserved historic + early homes. The Hamlet of "Old Chatham" is the area name most recognized. It is synonymous with Horse Country, Beaucolic Country Ride, quiet country roads, weekend retreats, Hunt Club and pure laid back country living. I am afraid that by closing this Post office, the chance of eventually losing the identity of "Old Chatham" is very real. You say no, but it has happened before in important areas where you made the same promise

3. **Other Comments.** Please provide any other views or information that you believe the Postal Service should consider in deciding whether to adopt the proposal.
The antiquated single lane bridge on the Albany Turnpike will more than likely in the near future, have to be closed for reconstruction. When this occurs it will be for an indefinite long term. This is the only ingress/regress we have to the East Chatham P.O. thus it will be very inconvenient.

Following are comments I wish to make concerning the proposed disconti
CHATHAM Post Office.

1. **Effect on Your Postal Services.** Describe any favorable or unfavorable effects you believe the proposal would have on the regularity or effectiveness of your postal services.

I seriously doubt that there is anyone living in Old Chatham, as their primary residence, who would vote to close the Old Chatham Post Office. If the questions are worded ambiguously so as to elicite an answer that is inferred as negative is hardly cricket.

2. **Effect on Your Community.** Please describe any favorable or unfavorable effects that you believe the proposal would have on your community. Most of us are elderly and to think of walking to East Chatham to pick up or deposit mail is insane. Our winter weather is not amenable to this sort of exercise. There are three long and arduous hills to negotiate. It is bad enough to drive these roads in winter

3. **Other Comments.** Please provide any other views or information that you believe the Postal Service should consider in deciding whether to adopt the proposal. If cost effectiveness is a consideration, then an adjustment in postal fees is an option. ~~Or~~ Perhaps a reduction in paper work required of the personnel with a resulting reduction of force would suffice. There must be, in the Postal hierarchy, staff of sufficient prowess to come up with alternatives. Privatization is also an option, then fees would increase to cover costs.

Closing the post office will negatively affect the Old Chatham community in more than just a "community sense." The inconvenience of travelling to E. Chatham as well as the loss of proper service will have a major impact.

2. **Effect on Your Community.** Please describe any favorable or unfavorable effects that you believe the proposal would have on your community.

The community values the tradition and service the OC P.O. represents. Additionally, loss of jobs & the challenge of interacting with a larger postal facility will negatively impact the residents of this community.

3. **Other Comments.** Please provide any other views or information that you believe the Postal Service should consider in deciding whether to adopt the proposal.

I believe closing the Old Chatham P.O. will eventually be more costly to OC residents and to the US Postal system.

The post office is important for carrying on business and social functions. If the Post Office in ~~East~~ Chatham is closed. I will utilize FEDEX and UPS for pickup at my office and home instead Ebony 10 miles Round trip to East Chatham.

3. **Other Comments.** Please provide any other views or information that you believe the Postal Service should consider in deciding whether to adopt the proposal.

All the people who currently use this Post office would have Travel a distance to get their Secure Mail - this would also use more Gasfuel.

The effect for me would be extremely negative. When I did have a rural box – mail was dispersed throughout my neighborhood several times after mail box "downed" by cars/trucks.

2. **Effect on Your Community.** Please describe any favorable or unfavorable effects that you believe the proposal would have on your community.

The P.O. is an integral part of the community – we depend on it! I may buy stamps in several booklet form – but packages to children/grandchildren more often. We post community happenings on board, too.

I can walk to the PO in 5 minutes - If that RR bridge, which looks precipitous, is closed, that means we drive to Chatham Ctr. take 66 to Chatham, + 295 to E. Chatham - WAY TOO FAR

Following are comments I wish to make concerning the proposed discontinuance of the OLD CHATHAM Post Office.

1. **Effect on Your Postal Services.** Describe any favorable or unfavorable effects you believe the proposal would have on the regularity or effectiveness of your postal services.

On a regular basis, we pick up large parcels at the Old Chatham P.O. - too large for rural delivery. During winter months, we will have to travel the Albany Tpke - the only access road to E. Chatham. This makes round trips for mail 11 miles of potentially dangerous roads. Getting this mail may now be delayed because of road conditions, etc. During winter, the danger heightens - especially for senior citizens.

2. **Effect on Your Community.** Please describe any favorable or unfavorable effects that you believe the proposal would have on your community.

50% of the time, we stop at the Old Chatham County Store for merchandise when we go to the Post Office. This could represent a loss of revenue for merchants in Old Chatham. The loss of the OC PO would take away the good sense of community that we, and our neighbors, have enjoyed for many years

3. **Other Comments.** Please provide any other views or information that you believe the Postal Service should consider in deciding whether to adopt the proposal.

Old Chatham is a unique community. So unique it is the only Old Chatham listed in the U.S.P.S. throughout the U.S. Since we must pick up large packages at the OC PO, creating 2,500 miles of car travel by year if the OC PO is closed, this would not only be inconvenience & added expense, it would also be detrimental for the environment & economy.

The Postal Service is no longer considered "a Service" When The Powers That be make it an inconvenience To The public by closing our local office. Why should The Customers who are The Sole Support of The Postal Operation be penalized.

2. **Effect on Your Community.** Please describe any favorable or unfavorable effects that you believe the proposal would have on your community. IT would be another Thing Taken from us. The people of The Community Should be heard. It's The Center of our Town and money Shouldn't be an issue, Since 80% of The Post Offices don't make a profit.

Instead of Closing Post Offices come up with some innovative ideas To Raise Revenue and Compete. Closures aren't going To Solve The problems. If They were, you would Start With Post Offices with No Rural Routes, Fewer Customers and less revenue

Than Old Chatham. A vacancy, Created by design is no Comparison. I don't think The last Postmaster Retired - She was far To young!
Finally, Could it be A Consolidation With East Chatham Would justify The $5000 a month Rent? I Bet There's no profit being made There!!

I will lose a lot of convenience + sense of place. My friends who pick up their mail ~~are~~ feel they will be losing the center of their community.

2. **Effect on Your Community.** Please describe any favorable or unfavorable effects that you believe the proposal would have on your community.

The quality of life for people living in small rural communities will be significantly reduced as the local post office provides a center, a sense of community, a hearth to small town life, to people's face-to-face encounters. In winter weather the effects of closing will be magnified in terms of safety, isolation + convenience.

3. **Other Comments.** Please provide any other views or information that you believe the Postal Service should consider in deciding whether to adopt the proposal.

The US Postal Service is doing an extraordinarily dismal job of informing us about the economies it hopes to ~~attain~~ by this part of action — Facts, numbers, a systematic laying-out of your logic would be most helpful — unless plans to diminish all services are too frightening to reveal.

We Rent a PO Box here in Old Chatham because of the incredible convenience. The alternate Office would not recieve our business. Mailboxes lining this historic hamlet would be atrocious! The change of Address issue is undesireable to me AND I Love my current Address!

2. **Effect on Your Community.** Please describe any favorable or unfavorable effects that you believe the proposal would have on your community.

We moved here to Old Chatham because of its history and charm, the post office is part of that. With the Main Square being the hub of what goes on around here you can picture this same scene 100 yrs or more ago. The Alternate Post office is NOT that kind of location at all The gathering aspect lends us to help neighbors more and bonds the community.

Old Chatham is an address each member is proud of, and I payed extra to get it and live here. The independence and bonding that goes on here is unique and being lost in other places. We value it here, we want the hub of our community to continue and it should!

Re: Possible Closing of Old Chatham Post Office

Dear Sir/Madam,

I am writing to you in relation to my concern and dismay in relation to the possibility of the closing of the Old Chatham Post Office. I completely agree with all the reasons on the attached memo; all are valid and serious points. But in addition I would like to say that my house is three miles down the road from the Post Office, which is convenient and within biking or even walking distance. However, if my PO Box were moved to the post office in East Chatham, which is six miles away, it would mean I would have to drive there and back which is a total of twelve miles. Done a few days a week, that is a good amount of time and wasted gas.

The Old Chatham Post Office is much more than a post office but a meeting point for many people who usually walk there and discuss all manner of things. It is the heart of our community and we are proud of it and its long history.

Please don't close it!

Thank you.

Regards,

Henry Meleck

10 REASONS TO KEEP THE POST OFFICE IN OLD CHATHAM OPEN

(1) Going to East Chatham to do daily postal business would involve 6 miles of driving each day. With skyrocketing gas prices that would be very costly over the course of a year.

(2) The drive to East Chatham can be dangerous. It has three huge hills—treacherous in sleet, snow and ice, Nov.-Mar. (Some of us have skidded off the road; some have been unable to get up the hills; the police have sometimes closed the road.) The road also has a derelict (condemned) trestle over the train tracks into East Chatham. Finally there's the dangerous intersection of Route 295 & Albany Tpk with a sharp turn up the incline onto the trestle, with no visibility of oncoming drivers.

(3) Many of the residents of Old Chatham are senior citizens, some with disabilities. Some of us have mobility issues, some vision issues, some driving issues. Getting to the Old Chatham Post Office is doable for us—whether by foot or by car. Getting to East Chatham is not.

(4) The Old Chatham Post Office is part of a business community along with The Country Store and Country Store Restaurant, and Jackson's Old Chatham House. All of these businesses help sustain each other by bringing traffic, trade and visitors to the area. If the Old Chatham Post Office closes, some patrons will shift trade from our hamlet to other stores and restaurants.

(5) The thriving Old Chatham hamlet center, anchored by the Post Office, supports the cohesion of our hamlet as a living community, and increases the desirability of our community for residents, visitors and homebuyers —and in turn enhances our property values. It also provides a long-standing and important social arena for people to connect, particularly our senior citizens.

(6) The Old Chatham Post Office provides us with fine services here (stamp purchases, certified mailings, money orders, priority mailings, package pick-ups, holiday mailings, etc.). Many of us also have postal boxes so we can get our business and personal mail by 10 AM (with rural delivery we would not get it until 5 PM). It would be a hardship to have to go to East Chatham. (Please note that the East Chatham Post Office is only *leased* by the Postal Service, just as Old Chatham is.)

(7) It seems there's much more use of the Old Chatham Post Office than the East Chatham one. We hardly ever see a car there or people walking there. Our Old Chatham Post Office seems the busier one (maybe because we'er a busier hamlet). So *this* is the Post Office that should stay open.

(8) If the Old Chatham Post Office closes, we're in danger of losing our Old Chatham addresses. Whatever the Postal Service says now, we're likely to lose our address and our community identity in the future. Two retired postmasters have shared their knowledge about that happening elsewhere.

(9) So many of our community's historical features—the school, church, and pond— have been destroyed by short-sighted thinking. We can't let the Old Chatham Post Office (which was on this very site in 1880) be abandoned too. We must keep it as part of our history and community life.

(10) We can't support the notion that Old Chatham doesn't deserve to have its *own* post office—when so many other communities, including many smaller communities, all over America have post offices of their own. We're told that we're one of many regional post offices being studied for closure. (Some will close, some will not.) We're told that *our* post office is at risk since the senior staffer retired 3 years ago. That's a very arbitrary reason to penalize the people of Old Chatham.

THE DECISION WILL BE MADE SOON!! OPPOSE THE CLOSING ASAP.

My concern is whether we will be required to change our address and notify the world of the change or will ll 12136 mail be automatically forwarded to 12060.

At my age, it would be a bother to notify all those who communicate with me by mail.

70 Haddock Hill Road
Old Chatham NY 12136

May 12, 2011

Dear Decision Maker:

We strongly oppose the closure of the Old Chatham NY Post Office!

We depend on the services at the Old Chatham Post Office, as we maintain a small business selling items on ebay and etsy. We depend on our Post Office for not only rural delivery of our personal and business mail, but also to accept our metered mail packages. For economy, we often walk our packages to the Post Office, which allows use to save fuel costs, as well as another way to connect to our community.

The Post Office is often where we meet out neighbors. As parents of two small children, we connect to our community through our walks to the hamlet. We have met and kept our friends on those walks! The Post Office maintains the ONLY community bulletin board for local announcements (like when the bear is first sited in town so we can take our bird feeders down) Announcements are also responsible for returning lost pets and items to their owners. The bulletin Board is also a place for small business owners to connect to Old Chatham.

If our Post Office is closed it will be a financial and social burden to our personal and our community's economy. If we must go to further post offices, we must burn gas to do so, we will lose our community identity and address, and we lose a little more of our history.

Please consider helping us maintain the community so many of us have moved here to find, by KEEPING our Post Office open!

Thank you for your consideration and assistance,

Sincerely,

Jennifer Lou Sotherden

Not having our local P.O. would be a hardship in the winter when roads are often marginal and we typically stay home. We live across the street from the O.C. P.O. and depend on it for our business too.

DAVID DEWEESE & ANNE HELLER

PO BOX 168
OLD CHATHAM, NY 12136

Dear Postal Service Customer:

Thank you for returning your questionnaire concerning the proposed discontinuance of the Old Chatham Post Office. Your comments, along with others received, will be included in the official record and considered carefully before further action is taken.

In response to your letter:

- You expressed a concern about having to travel to another post office for service. Services provided at the post office will be available from the carrier, and customers will not have to travel to another post office for service. Most transactions do not require meeting the carrier at the mailbox. Stamps by Mail and Money Order Application forms are available for customer convenience.

If it is determined that a discontinuance of the Old Chatham Post Office should be pursued, a formal proposal will be posted in the East Chatham Post Office and Old Chatham Post Office at a later date. If you have additional questions or comments, please feel free to contact Nadine Tremblay at (518) 452-4085.

Sincerely,

BEFORE A DECESSION IS MADE TO CLOSE THE OLD CHATHAM POST OFFICE THE PROBLEM OF HOME DELIVERY ON PRIVATE ROADS MUST BE MADE. OUT IN THE COUNTRY HERE MANY HOMES ON THE DELIVERY ROUTES ARE ON PRIVATE ROADS. THIS IS WHY SO MANY OF US HAVE POST OFFICE BOX'S. MAIL IS NOT SECURE FROM THEFT WHEN IT IS LEFT IN A BOX A HALF MILE FROM ONES HOME WITH NO ONE AROUND. WHEN WE MOVED HERE MAIL WAS BEING STOLEN FROM MAIL BOXES, THAT IS WHY I AND THE FIVE OTHER HOMES ON MY ROAD HAVE POST OFFICE BOX'S. THE POST OFF WILL NOT DRIVE UP OUR RIGHT OF WAY (PRIVATE ROAD) TO DELIVER MAIL TO THE FRONT / DRIVEWAY OF ANY OF OUR HOMES. THIS POLICY OF NOT DELIVERING MAIL TO ALL TAXPAYERS HOMES MUST BE CHANGED BEFORE ANYMORE DISCUSSION ON POST OFFICE CONSOLIDATION CAN BE PURSUED.

PO Box 48

Dear Mr. Dorsey:

The United States Postal Service is in receipt of you letter dated July 8, 2011 along with the statements of numerous residents submitted mainly to challenge assertion that majority of local residents had no opinion about closing. All documentation has been added to the official record.

To clarify that concern, customers were asked to respond to Item 3 of the questionnaire as follows:

If you have carrier delivery, there will be no change to your delivery service — proceed to question 4. If you currently receive Post Office box service or general delivery service, complete this section. How will the proposed service compare to current service?

The question is regarding **alternate delivery service**. Customers that had no opinion, or skipped the question as directed, were tallied as no opinion to this question. If a customer had additional comments, positive or negative, then they would have been tallied accordingly to their additional comments.

The proposal reads as follows: Responses regarding the proposed **alternate service** were as follows: 9 favorable, 49 unfavorable, and 121 expressed no opinion.

Those comments received in your mailing will be regarded as opposed to the closing and will be counted accordingly as part of the 60 day comment period.

Thank you again for your interest and support of the United States Postal Service.

Sincerely,

Nadine Tremblay

The undersigned, being duly sworn, deposes and says:

This is in regard to the "Survey" conducted by the Postal Service on closing the Old Chatham Post Office.

The just issued report dated May 17, 2011 recommending closing the Old Chatham Post Office and transferring its operations to East Chatham cites results of the 179 surveys submitted as being 9 in favor, 121 taking no position and only 49 against.

This indicates over 70% of the Old Chatham patrons surveyed either in favor of closing or being neutral about the whole matter.

We question this.

I submitted a survey to the Postal System well before this May 17th report.

At the time I filled out the survey and still at the present time I am against the closing and transfer to East Chatham.

The survey form did not present any question asking my opinion on the proposal.

I was led to believe that by answering questions on my use of the post office I was registering a position that I wanted the Old Chatham Post Office to stay. It is misleading to use my questionnaire to say I have no opinion

I want the Post Office to remain.

I submitted a survey to the Postal System well before this May 17th report.

At the time I filled out the survey and still at the present time I am against the closing and transfer to East Chatham.

The survey form did not present any question asking my opinion on the proposal.

I was led to believe that by answering questions on my use of the post office I was registering a position that I wanted the Old Chatham Post Office to stay. It is misleading to use my questionnaire to say I have no opinion

I want the Post Office to remain.

This is in regard to the "Survey" conducted by the Postal Service on closing the Old Chatham Post Office.

The just issued report dated May 17, 2011 recommending closing the Old Chatham Post Office and transferring its operations to East Chatham cites results of the 179 surveys submitted as being 9 in favor, 121 taking no position and only 49 against.

This indicates over 70% of the Old Chatham patrons surveyed either in favor of closing or being neutral about the whole matter.

We question this.

June 20, 2011

Memo to the record. On 06/06/11, correspondence was received from Karen a. Murphy, Esquire, 76 Pehlps Road, Old Chatham, NY 12136-2224 regarding what Ms. Murphy states as misstatements made in the "Proposal to Close the Old Chatham, NY Post Office..."

Karen A. Murphy, Esquire
76 Phelps Road
Old Chatham, NY 12136-2224

Dear Karen Murphy:

This is in response to your June 3, 2011 correspondence, copy attached, sighting misstatements made by the United States Postal Service concerning the Proposal to Close the Old Chatham, NY Post Office.

First Issue: Paragraph 2 & 3 regarding questionnaires:

Concern: Customer was concerned about how questionnaires were tallied:

Response: Where question #3 is blank, but includes a concern (positive or negative), it is counted accordingly, otherwise, it is counted as no opinion, since the total number of returned questionnaires has to match the total number of responses (better, just as good, no opinion, or worse combined).

Second Issue: Paragraph 4 regarding Postmaster status:

Concern: Customer was concerned about the postmaster status listed in the Proposal.

Response: The postmaster position became vacant when the postmaster was **promoted** on August 02, 2008. Promotions are obtained competitively as the will of the applicant. An equivalent position would be considered a lateral "reassignment". All vacant management positions have been frozen in anticipation of reorganization, in order to limit impact on incumbent employees. On June 9, 2011, a Memo to the Record was drafted to correct the term "retired". Item 1, 18, and 33 of the Docket are being amended to correct the reason for the Postmaster vacancy.

Page 1, Paragraph 5, continued on Page 2, regarding savings:

Concern: Customer was concerned about the proposed economic savings.

Response: Carrier service is more cost-effective than maintaining a postal facility and postmaster position. The Postal Service estimates a positive annual savings.

Concern: You were concerned about having to travel to another post office for service

Response: Services provided at the post office will be available from the carrier, and customers will not have to travel to another post office for service. Most transactions do not require meeting the carrier at the mailbox. Stamps by Mail and Money Order Application forms are available for customer convenience.

Concern: Customers expressed concern about how the loss of the Old Chatham Post Office would negatively impact the historical dimension of the community.

Response: The Postal Service is helping to preserve the community name by continuing the use of the Old Chatham name in addresses.

Third issue: Page 2, Paragraph 2, regarding effects on the business community:

Concern: Customers expressed concern about the adverse affect on the business community.

Response: The returned questionnaires indicate that the vast majority of responders would continue to use local businesses. Some responders indicated there is little business in the community; as many shop outside the community for various services. Those customers that indicate they would not continue using local business gave no indication of which business they currently use and/or how often.

Forth issue: Page 2, Paragraph 3, regarding "no permit mailers":

Concern: Customers expressed concern about the Proposal wrongly assumes that there are "no permit mailer(s) or postage meter customer(s)." There are both and your own monthly reports acknowledge same. Those income figures must be corrected as well in The Proposal.

Response: The office under study was interviewed to determine if there are any permit mailers. The data collected during the interview indicated there were no active permit holders. The Officer in Charge was contacted on June 10, 2011, for confirmation of number of active permit mailers. The response was there are a couple of meter holders. Postage meter customers no longer go to the Post Office to have postage added to the meter; as it is now done over the phone. Though there is no relevance to customer impact based on this data, however, it will be noted as a correction in a memo to the record and corrected in the proposal. Income figures are for the last three fiscal years based on Walk-In Revenue.

Re: The Threatened Closing of the Old Chatham, N.Y. Post Office

Dear Sir/Madame:

I write in connection with the above referenced matter, and to correct certain material misstatements made by your Office in a document entitled "Proposal to Close the Old Chatham, NY Post Office and to Continue to Provide Service by Rural Route Delivery" (date of posting May 17, 2011) ("The Proposal"), as well as in letters sent under Mr. Tiemann's (Robo) signature to residents who have voiced their concern and objections to the threatened closure of their Post Office.

First, and perhaps the most disturbing, is the claim that of the 179 Questionnaires returned (on or before May 3, 2011) "121 expressed no opinion" regarding the proposed alternative service. This claim is demonstrably false. After personally reviewing the "Docket" it appears that a certain prompt in the Questionnaire told the responder to SKIP answering Question 3 if the individual had "carrier delivery." So most of the responders did what they were told and skipped all together offering their opinion on whether the proposed change was "Better," "Just As Good," **"No Opinion,"** or "Worse."

Less than 10 responders checked the "no opinion" box so the "121" number must be the result of your Office counting all non-responses to that answer as having "no opinion." Obviously, that is in error and must be corrected in The Proposal. Affidavits will be supplied under separate cover to confirm that the responders who did not check the box do have an opinion. And, their opinion is NOT to close the Old Chatham Post Office and that the proposed alternative would be "Worse" delivery service.

Second, the last Postmaster to *retire* normally did so 13 years ago not three years ago as represented in The Proposal. The person who left in 2008 was apparently given an equivalent position at a different post office location. In doing so, the Postal Service put our Post Office at risk with this intentional relocation. Consequently, we should not even be considered for closure.

Moreover, the purported "savings" figure included in The Proposal is completely unintelligible. You represent that closing this Post Office will actually cost (at a minimum) 30 thousand dollars which is more than three times the "savings' on the rent at the present location,

and the Postal Service has not been paying the Postmaster salary (and fringe benefits) it includes in its calculation. Thus, no matter how one looks at this proposed closing that action will COST MORE than it will to keep our Post Office up and running. Importantly, this cost does not even consider the economic hardship placed on Old Chatham residents forced to travel great distances nor the emotional and economic costs associated with loosing the heart of our historic hamlet.

Third, your office has sent out letters that state that "there is no indication that the business community will be adversely affected" and that "Questionnaire responses revealed that customers will continue to use local businesses if the post office is discontinued." *See* Tiemann letter dated May 12, 2011. Again, after my review of the Docket those statements DO NOT accurately reflect the responses given. There were a substantial number of responders who stated that they would, in fact, discontinue using the local businesses in the hamlet. Obviously, local businesses will be negatively impacted and at a time when business is down overall because of the continuing recession.

Fourth, the income figures for the Old Chatham Post Office are grossly understated as The Proposal wrongly assumes that there are "no permit mailer(s) or postage meter customer(s)." There are both and your own monthly reports acknowledge same. Those income figures must be corrected as well in The Proposal.

This community's united voice must be heard, and once heard the Postal Service's conclusion that "this proposal [to close our Post Office] will provide a maximum degree of effective and regular postal services to the community" is simply indefensible.

Finally, we are confirming by this writing that our comments and further submissions are timely so long as made by The Proposal "removal" date of July 18, 2011.

Very truly yours,

I. RESPONSIVENESS TO COMMUNITY POSTAL NEEDS

The Postal Service is proposing to close the Old Chatham, NY Post Office and provide delivery and retail services by rural route service under the administrative responsibility of the East Chatham Post Office, located three miles away.

The postmaster position became vacant when the postmaster was promoted on August 02, 2008. Since the postmaster vacancy an OIC has been installed to operate the office. Postmaster level and office service hours are determined by a workload analysis which includes the number of deliveries and revenue.

The office is being studied for possible closing or consolidation due to the following reasons: Office is currently vacant; management initiated study to determine if regular and effective service can be provided through alternate means. East Chatham Post Office is 3 miles away.

The Old Chatham Post Office, an EAS-13 level, provides service from 09:00 to 13:00 and 14:30 to 16:45 Monday - Friday , 09:00 to 11:00 Saturday and lobby hours of 08:00 to 17:00 on Monday - Friday and 08:00 to 11:00 on Saturday to 154 post office box or general delivery customers and 345 delivery customers. Retail services included the sale of stamps, stamped paper, and money orders; special services such as Registered Mail, Certified Mail, Insured Mail, COD Mail, and Express Mail services; and the acceptance and dispatch of all classes of mail.

The retail window averaged 27 transaction(s) accounting for 32 minute(s) of retail workload daily. With minimal workload, the Postal Service feels that effective and regular service will be provided by rural route service. Office receipts for the last 3 years were: $66,834 (174 revenue units) in FY 2008; $51,008 (133 revenue units) in FY 2009; and $49,230 (128 revenue units) in FY 2010. There were two permit mailer(s) or postage meter customer(s).

On May 03, 2011, representatives from the Postal Service were available at Chatham Town Hall, 488 Route 295, Chatham, NY 12037 to answer questions and provide information to customers. 44 customer(s) attended the meeting.

On April 22, 2011, 504 questionnaires were distributed to delivery customers of the Old Chatham Post Office. Questionnaires were also available over the counter for retail customers at the Old Chatham Post Office. 179 questionnaires were returned. Responses regarding the proposed alternate service were as follows: 9 favorable, 49 unfavorable, and 121 expressed no opinion.

A petition supporting the retention of the Old Chatham Post Office was received on May 23, 2011, with 42 signatures. If this proposal is implemented, delivery and retail services will be provided by the East Chatham Post Office, an EAS-15 level office. Window service hours at the East Chatham Post Office are from 09:30 to 12:00 and 13:15 to 17:00, Monday through Friday, and 09:30 to 11:00 on Saturday. There are 183 post office boxes available.

The following concerns were expressed on the returned questionnaires, at the community meeting, from customer letters, on the petition, and from the congressional inquiry:

1.	**Concern:**	Concerned about the reliablity of the carrier
	Response:	Should you experience misdelivery in the future please contact the Consumer Affaris office at 518-452-2376.
2.	**Concern:**	Customer concerned about carrier losing his position.
	Response:	The delivery of your mail will continue uninterupted by your current mail carrier.
3.	**Concern:**	Customer expressed a concern about irregular hours that the rural route serves the community
	Response:	Our carriers strive to provide service at approximately the same time on a daily basis, however mail volumes and weather conditions often effect delivery times. If you desire special services from the rural carrier you may leave a note in your mailbox instructing the carrier to sound his horn, and then meet the carrier to receive services. Retail services may also be obtained at the administrative post office located 3.0 miles away.
4.	**Concern:**	Customer expressed a concern about the inability of the rural carrier to weigh and rate letters and packages
	Response:	The rural carrier will accept any letters or packages for mailing. The carrier will estimate the cost and provide a receipt for any money received. On the following delivery day the carrier will provide change or a bill for the amount over the estimate.
5.	**Concern:**	Customers asked why their post office was being discontinued while others were retained

Optional Comment Form

Following are comments I wish to make concerning the proposed discontinuance of the OLD CHATHAM Post Office.

1. **Effect on Your Postal Services.** Describe any favorable or unfavorable effects you believe the proposal would have on the regularity or effectiveness of your postal services.

IT WOULD TAKE US ADDITIONAL 6 MILES TO GET OUR MAIL.

2. **Effect on Your Community.** Please describe any favorable or unfavorable effects that you believe the proposal would have on your community.

VERY HANDICAPPED. OUR LOCATION IS RIGHT NEXT TO DIRECT POST OFFICE. IT IS ALSO A MEETING PLACE FOR OUR NEIGHBORS

3. **Other Comments.** Please provide any other views or information that you believe the Postal Service should consider in deciding whether to adopt the proposal.

IT WOULD BE A DISASTER TO NOT ONLY CHANGE OUR POST OFFICE LOCATION BUT POSSIBLY GIVEN 2, CODE

Memo to the Record

RE: A letter received from Richard J. Dorsey, Attorney at Law, dated June 29, 2011.

Customer was concerned with condition of the Albany Turnpike bridge leading to East Chatham and supplied photos and background about the safety rating of the bridge.

A response to Mr. Dorsey's concern was included in the docket and mailed to the customer. The response indicated that most transactions do not require a trip to the Post Office.
Response was as follows: Stamp purchases represent more than 85 percent of the Postal Service's retail sales. Today there are nearly 70,000 banks, ATMs, grocery stores, pharmacies and retail stores selling postal products and services located nationwide. That's more than double the number of Post Offices. In fact, nearly 35 percent of the Postal Service's revenue comes from locations other than Post Offices. Our online locator service -- found at the Locate A Post Office tab at www.usps.com --- can help individuals select the location of post offices that best suit their regular routines or to find alternate locations to purchase stamps, when provision of stamps at a post office for by a letter carrier en route are not sufficient to meet a customer's need. Each day, approximately 1.1 million Americans will use the usps.com website for services such as how to locate a post office. The top online requests include ZIP code look up and tracking packages. We believe placing the most requested postal product -- stamps -- in nearly 100,000 locations nationwide, partnered with the uninterrupted delivery of your mail and expanded online services, constitutes regular and effective access for postal customers.

The original letter was added to the docket on 9/19/2011. The USPS has no jurisdiction over the infrastructures of any community. Our postal employees travel these same roads six days a week. The USPS does recognize that travel under any circumstances can be difficult for some customers and would consider centralized delivery in Old Chatham if an adequate location can be obtained. This would eliminate the need to travel to pick up PO Box mail. Centralized delivery was addressed as an option in the proposal.

Re: OLD CHATHAM POST OFFICE

Dear Official:

This follows up my transmittals of May 13, 2011, May 20, 2011 and June 17, 2011 to your office.

In addition to relaying local opposition to closing the Old Chatham post office and transferring its functions to the East Chatham post office, at this point I want to focus on the bridge this change would contemplate existing customers use.

The only direct route leading from the village square in Old Chatham to the East Chatham Post Office is over the so called Albany Turnpike, a town road laid out before the automobile era. Any alternate routes are much longer, circuitous and with their own problems.

Many of the customer's statements submitted have highlighted the steep hills and difficulty of using this Albany Turnpike road in wintertime. I want to highlight the obsolete bridge near the eastern end of this route which has to be crossed to make the transit in either direction.

This narrow bridge is over one hundred years old and was not designed for modern traffic. It is owned by CSX/Amtrak, not by local municipalities.

This bridge is listed in the dangerous bridge category with a score of only 3.466 out of 7.000. It is only a hair breath above the very dangerous category and the Crown Point bridge at 3.375 which was blown up in December as a hazard to travelers.

Currently CSX is excavating the track bed under the bridge for increased clearance of its rolling stock. The bridge itself is not being raised, possibly because of its fragile nature or because of the steep climb already existing on its eastern approach.

DOCKET NO. 1376004-12136
ITEM NO. 38
PAGE 130

The bridge is very narrow without any area for pedestrians or bicycles. Motorists have to be quite careful of clearance in good weather not to mention snow and ice conditions in the northern winter.

It is submitted to be a disregard of the needs of the local Old Chatham citizens, particularly the elderly, who presently have a perfectly accessible post office, to suggest that they now expose themselves to such a dangerous route, in order to continue receiving the same service.

I am enclosing some current pictures of the bridge.

Naturally all the foregoing statements in this letter are subject to your verification, and I invite you to do so that you can see for yourself what we are being confronted with in this proposal.

Very truly yours,

Richard J. Dorsey

Thank you for taking the time to submit your comments to the proposal to close the Old Chatham Post Office. Your comments are appreciated and will be carefully considered, along with the comments of other customers, as the matter is reviewed further in my office and at higher levels of the Postal Service.

In response to your letter:

- You expressed a concern about the detrimental effect the loss of the post office would have on the community. Businesses generally require regular and effective postal services, and these will always be provided to the suspended Post Office community. There is no indication that the business community will be adversely affected. Questionnaire responses revealed that customers will continue to use local businesses if the post office is discontinued.

- You expressed a concern about the loss of the Communities' identity. A community's identity derives from the interest and vitality of its residents and their use of its name. The Postal Service is helping to preserve community identity by continuing the use of the suspended Post Office name and ZIP Code in addresses and in the National Five-Digit ZIP Code and Post Office Directory.

- Services provided at the post office will be available from the carrier, and customers will not have to travel to another post office for service. Most transactions do not require meeting the carrier at the mailbox. Stamps by Mail and Money Order Application forms are available for customer convenience.

- Carrier service is beneficial to many senior citizens and those who face special challenges because the carrier can provide delivery and retail services to roadside mailboxes or Centralized Box Units. Customers do not have to make a special trip to the Post Office for service. Special provisions are made for hardship cases or special customer needs. To request an exception for hardship delivery, customers may contact the East Chatham postmaster for more information.

- Customers will be assigned a carrier route address. The new address will continue to use the community name and ZIP Code. Mail will be forwarded in accordance with postal regulations, and change of address forms are available from the Postal Service to assist customers in notifying correspondents of the change.

I realize with change there is always concern. However we are confident that the alternate service listed in the proposal will continue to provide you with effective and regular service.

- Businesses generally require regular and effective postal services, and these will always be provided to the Old Chatham Post Office community. There is no indication that the business community will be adversely affected. Questionnaire responses revealed that customers will continue to use local businesses if the post office is discontinued.
- Services provided at the post office will be available from the carrier, and customers will not have to travel to another post office for service. Your comments are appreciated and will be carefully considered, along with the comments of other customers, as the matter is reviewed further in my office and at higher levels of the Postal Service.

In response to your letter:

- You expressed a concern about nonpostal services. Nonpostal services provided at the Post Office will be available at the East Chatham Post Office. Government forms normally provided by the Post Office will also be available at the East Chatham Post Office or by contacting your local government agency.
- You expressed a concern about senior citizens. Carrier service is beneficial to many senior citizens and those who face special challenges because the carrier can provide delivery and retail services to roadside mailboxes or Centralized Box Units. Customers do not have to make a special trip to the Post Office for service. Special provisions are made for hardship cases or special customer needs. To request an exception for hardship delivery, customers may contact the East Chatham postmaster for more information.

- Closing small offices is one step of many which are being examined and, depending on circumstances, initiated. Additionally, there are three bills before Congress to address: overpaid pensions, 5 day delivery, and pre-funded Health Benefit Relief. The Postal Service has also reduced administrative positions, including reducing 1 Area office, 7 District offices, and a 20% reduction in staffing across the board. The PMG has tasked management to review all offices with a postmaster vacancy, to determine if regular and effective service can be provided through cost effective alternate access.

Dear Postal Service Customer:

Thank you for taking the time to submit your comments to the proposal to close the Old Chatham Post Office. Your comments are appreciated and will be carefully considered, along with the comments of other customers, as the matter is reviewed further in my office and at higher levels of the Postal Service.

In response to your letter:

- You expressed a concern about having to travel to another Post Office for service. Services provided at the Post Office will be available from the carrier, and customers will not have to travel to another Post Office for service. Most transactions do not require meeting the carrier at the mailbox. Stamps by Mail and Money Order Application forms are available for customer convenience. Stamps are also available at many stores and gas stations where customers may already shop, online at usps.com, or by calling 1-800-STAMP-24.

- You asked why your Post Office was being discontinued while others were retained. Post Offices are reviewed on a case-by-case basis. When there is a vacancy in a small office, it is customary to conduct a study of the business activity and investigate the feasibility of providing service by alternate means.

- You expressed a concern that the Postal Service exhibits a lack of interest in the mailing needs of the community. The Postal Service is required to provide each community with regular and effective service, using the most cost efficient means possible. The proposed alternate delivery service will meet the mailing and service needs of the community in a more cost effective manner.

I realize with change there is always concern. However we are confident that the alternate service listed in the proposal will continue to provide you with effective and regular service.

- You expressed a concern about obtaining accountable mail and large parcels. If the customer lives less than one-half mile from the line of travel, the carrier will attempt delivery of accountable items and large parcels to the customer's residence. If the customer lives over one-half mile away or is not home when delivery is attempted, a notice will be left in the mailbox. Large parcels will be left outside the mailbox or at a location designated by the customer (if authorized by the customer), or a notice will be left in the mailbox. Attempted delivery items will be taken back to the Post Office. Customers may pick up the item at the Post Office or request redelivery online at usps.com or by calling 1-800-ASK-USPS.

- You expressed a concern about the loss of a gathering place and an information center. Residents may continue to meet informally, socialize, and share information at the other businesses, churches and residences in town.

Dear Postal Service Customer:

Thank you for taking the time to submit your comments to the proposal to close the Old Chatham Post Office. Your comments are appreciated and will be carefully considered, along with the comments of other customers, as the matter is reviewed further in my office and at higher levels of the Postal Service.

In response to your letter:

- You expressed a concern about senior citizens. Carrier service is beneficial to many senior citizens and those who face special challenges because the carrier can provide delivery and retail services to roadside mailboxes or Centralized Box Units. Customers do not have to make a special trip to the Post Office for service. Special provisions are made for hardship cases or special customer needs. To request an exception for hardship delivery, customers may contact the East Chatham postmaster for more information.

- You were concerned about obtaining services from the carrier. Most retail services provided at the post office are available from the carrier and do not require meeting the carrier at the mailbox. Stamps by Mail and Money Order Application forms are available for customer convenience. Listed below are some services available from the carrier and how to obtain them.

PURCHASING STAMPS BY MAIL
The Stamps by Mail Program provides customers the opportunity to purchase stamps, envelopes, and postal cards by using a Stamps by Mail order form, available from the post office or the carrier. Commemorative stamps and stamp collecting products are also available. The customer addresses the postage paid order form envelope, encloses payment by personal check or postal money order made payable to the US Postal Service, and mails the form (postage-free) or leaves it in the mailbox for the carrier to pick up. Most orders are processed overnight, and some immediately.

PURCHASING POSTAL MONEY ORDERS
Customers may purchase money orders by meeting the carrier at the mailbox, completing an application, and paying the carrier (in cash) the price of the money order, plus the fee. The carrier gives the customer a receipt for the application. The money order is completed when the carrier returns to the post office, and a money order receipt is left in the customer's mailbox on the next delivery day. Most customers provide the carrier with a stamped, self-addressed envelope in which the completed money order is mailed to its destination. If customers prefer, the completed money orders will be returned for verification on the next delivery day.

SPECIAL SERVICES
Special services such as certified, registered, Express Mail, delivery confirmation, signature confirmation, and COD may be obtained from the carrier by leaving a note in the mailbox, along with the appropriate payment. The carrier will provide the services that day and leave a customer receipt in the mailbox on the next delivery day.

HOLDING MAIL
Customers who will be away for an extended time, such as a vacation, may request that their mail be held at the post office during their absence. Upon return the customer asks the post office to resume delivery.

I realize with change there is always concern. However we are confident that the alternate service listed in the proposal will continue to provide you with effective and regular service.

- Closing small offices is one step of many which are being examined and, depending on circumstances, initiated. The Postal Service has also reduced administrative positions, including reducing 1 Area office, 7 District offices, and a 20% reduction in staffing across the board. In response to your letter:

- You expressed a concern over the dependability of rural route service. Rural letter carriers perform a vital function in the United States Postal Service serving thousands of families and businesses in rural and suburban areas while traveling millions of miles daily. Rural letter carriers are highly respected by the American public. This respect has been earned by many years of dedication to the Postal Service and to postal customers. During national and local emergencies, including prolonged periods of extreme weather conditions, rural carriers have demonstrated great responsibility in providing mail service to postal customers. Rural carriers are required to serve the route expeditiously each day.

In response to your letter:

- You were concerned about obtaining services from the carrier. Most retail services provided at the post office are available from the carrier and do not require meeting the carrier at the mailbox. Stamps by Mail and Money Order Application forms are available for customer convenience. Listed below are some services available from the carrier and how to obtain them.

PURCHASING STAMPS BY MAIL
The Stamps by Mail Program provides customers the opportunity to purchase stamps, envelopes, and postal cards by using a Stamps by Mail order form, available from the post office or the carrier. Commemorative stamps and stamp collecting products are also available. The customer addresses the postage paid order form envelope, encloses payment by personal check or postal money order made payable to the US Postal Service, and mails the form (postage-free) or leaves it in the mailbox for the carrier to pick up. Most orders are processed overnight, and some immediately.

PURCHASING POSTAL MONEY ORDERS
Customers may purchase money orders by meeting the carrier at the mailbox, completing an application, and paying the carrier (in cash) the price of the money order, plus the fee. The carrier gives the customer a receipt for the application. The money order is completed when the carrier returns to the post office, and a money order receipt is left in the customer's mailbox on the next delivery day. Most customers provide the carrier with a stamped, self-addressed envelope in which the completed money order is mailed to its destination. If customers prefer, the completed money orders will be returned for verification on the next delivery day.

SPECIAL SERVICES
Special services such as certified, registered, Express Mail, delivery confirmation, signature confirmation, and COD may be obtained from the carrier by leaving a note in the mailbox, along with the appropriate payment. The carrier will provide the services that day and leave a customer receipt in the mailbox on the next delivery day.

HOLDING MAIL
Customers who will be away for an extended time, such as a vacation, may request that their mail be held at the post office during their absence. Upon return the customer asks the post office to resume delivery.

- You expressed a concern over the dependability of rural route service. Rural letter carriers perform a vital function in the United States Postal Service serving thousands of families and businesses in rural and suburban areas while traveling millions of miles daily. Rural letter carriers are highly respected by the American public. This respect has been earned by many years of dedication to the Postal Service and to postal customers. During national and local emergencies, including prolonged periods of extreme weather conditions, rural carriers have demonstrated great responsibility in providing mail service to postal customers. Rural carriers are required to serve the route expeditiously each day.

- You expressed a concern about the loss of a gathering place and an information center. Residents may continue to meet informally, socialize, and share information at the other businesses, churches and residences in town.

- You expressed a concern about the detrimental effect the loss of the Post Office would have on the community. Businesses generally require regular and effective postal services, and these will always be provided to the community. Since the suspension of service, there has been no indication that the business community has been adversely affected. Questionnaire responses revealed that customers will continue to use local businesses if the Post Office is discontinued.

I realize with change there is always concern. However we are confident that the alternate service listed in the proposal will continue to provide you with effective and regular service.

Thank you for taking the time to submit your comments to the proposal to close the Old Chatham Post Office. Your comments are appreciated and will be carefully considered, along with the comments of other customers, as the matter is reviewed further in my office and at higher levels of the Postal Service.

In response to your letter:

- Businesses generally require regular and effective postal services, and these will always be provided to the Chatham community. There has been no indication that the business community has been adversely affected. Questionnaire responses revealed that customers will continue to use local businesses if the post office is discontinued.
- You expressed a concern that the Postal Service exhibits a lack of interest in the mailing needs of the community. The Postal Service is required to provide each community with regular and effective service, using the most cost efficient means possible. The proposed alternate delivery service will meet the mailing and service needs of the community in a more cost effective manner.
- Closing small offices is one step of many which are being examined and, depending on circumstances, initiated. Additionally, there are three bills before Congress to address: overpaid pensions, 5 day delivery, and pre-funded Health Benefit Relief. The Postal Service has also reduced administrative positions, including reducing 1 Area office, 7 District offices, and a 20% reduction in staffing across the board. The PMG has tasked management to review all offices with a postmaster vacancy, to determine if regular and effective service can be provided through cost effective alternate access.

I realize with change there is always concern. However we are confident that the alternate service listed in the proposal will continue to provide you with effective and regular service.

- Requestor needs to reference FOIA/Freedom of Information Act, in letter. Requestor should be very specific about the info requested; i.e. does he want daily, weekly, or annual info, is he requesting lease info, utility info, salaries/benefits, for what timeframe, etc. Note – a request for a "profit and loss statement" is really not applicable since we are a government agency. Dear Postal Service Customer:

Thank you for taking the time to submit your comments to the proposal to close the Old Chatham Post Office. Your comments are appreciated and will be carefully considered, along with the comments of other customers, as the matter is reviewed further in my office and at higher levels of the Postal Service.

In response to your letter:

- You expressed a concern that since the people of your community paid taxes the Post Office should remain open. The Postal Service is not supported by tax dollars and must meet expenses by revenue it generates. Operational savings for the Postal Service contributes in the long run to stable postage rates and savings for customers.

- You expressed a concern that you requested and were denied rural delivery service. There are several guidelines which must be met prior to a road being approved for delivery. The road to be traveled must be maintained at all times of the year. It cannot dead end in a private driveway even if the drive is maintained by a municipality. There must be a suitable turning point provided for the carrier, preferably with no backing. If backing is involved, there are other guidelines to adhere to. If backing is necessitated, the Postmaster must verify it is in a low-traffic area and there are no children in the immediate vicinity on a regular basis. There must also be a minimum of one family per one-half mile of travel. If you have applied for and been denied an extension, you may wish to contact your local magistrate or other county official to determine if they can bring your road up to these standards. At that point, you may reapply for delivery.

- You expressed a concern about the security of mail. Customers may place a lock on their mailboxes. The mailbox must have a slot large enough to accommodate the customer's normal daily mail volume. The Postal Service does not open mailboxes which are locked and does not accept keys for this purpose.

- You expressed a concern that the Postal Service exhibits a lack of interest in the mailing needs of the community. The Postal Service is required to provide each community with regular and effective service, using the most cost efficient means possible. The proposed alternate delivery service will meet the mailing and service needs of the community in a more cost effective manner.

Thank you for taking the time to submit your comments to the proposal to close the Old Chatham Post Office. Your comments are appreciated and will be carefully considered, along with the comments of other customers, as the matter is reviewed further in my office and at higher levels of the Postal Service.

In response to your letter:

- Stamp purchases represent more than 85 percent of the Postal Service's retail sales. Today there are nearly 70,000 banks, ATMs, grocery stores, pharmacies and retail stores selling postal products and services located nationwide. That's more than double the number of Post Offices. In fact, nearly 35 percent of the Postal Service's revenue comes from locations other than Post Offices. Our online locator service -- found at the Locate A Post Office tab at www.usps.com --- can help individuals select the location of post offices that best suit their regular routines or to find alternate locations to purchase stamps, when provision of stamps at a post office for by a letter carrier en route are not sufficient to meet a customer's need. Each day, approximately 1.1 million Americans will use the usps.com website for services such as how to locate a post office. The top online requests include ZIP code look up and tracking packages. We believe placing the most requested postal product -- stamps -- in nearly 100,000 locations nationwide, partnered with the uninterrupted delivery of your mail and expanded online services, constitutes regular and effective access for postal customers.

I realize with change there is always concern. However we are confident that the alternate service listed in the proposal will continue to provide you with effective and regular service.

   Carrier service is beneficial to many senior citizens and those who face special challenges because the carrier can provide delivery and retail services to roadside mailboxes or Centralized Box Units. Customers do not have to make a special trip to the Post Office for service. Special provisions are made for hardship cases or special customer needs. To request an exception for hardship delivery, customers may contact the East Chatham postmaster for more information.

7. Concern (UnFavorable):
   Customer concerned that as a regular customer, it would be extremely inconvenient if the Post Office Closed.

   Response:

10. Concern (UnFavorable):
    Customer expressed a concern that they requested and were denied rural delivery service

sale of postage stamps.

12. Concern (UnFavorable):
Customers asked what other ways USPS was trying to make up the deficit, other than closing their post office.

Response:
Closing small offices is one step of many which are being examined and, depending on circumstances, initiated. Additionally, there are three bills before Congress to address: overpaid pensions, 5 day delivery, and pre-funded Health Benefit Relief. The PMG has tasked management to review all offices with a postmaster vacancy, to determine if regular and effective service can be provided through cost effective alternate access.

13. Concern (UnFavorable):
Customers asked why their post office was being discontinued while others were retained

14. Concern (UnFavorable):
Customers asked why their Post Office was being discontinued while others were retained.

Response:
Post Offices are reviewed on a case-by-case basis. When there is a vacancy in a small office, it is customary to conduct a study of the business activity and investigate the feasibility of providing service by alternate means.

15. Concern (UnFavorable):
Customers expressed concern over the apparent lack of interest by the Postal Service for the needs of the community.

Response:
The Postal Service is required to provide each community with regular and effective service, using the most cost efficient means possible. The proposed alternate delivery service will meet the mailing and service needs of the community in a more cost effective manner.

16. Concern (UnFavorable):
Customers expressed concern over the dependability of rural route service.

Response:
Rural letter carriers perform a vital function in the United States Postal Service serving thousands of families and businesses in rural and suburban areas while traveling millions of miles daily. Rural letter carriers are highly respected by the American public. This respect has been earned by many years of dedication to the Postal Service and to postal customers. During national and local emergencies, including prolonged periods of extreme weather conditions, rural carriers have demonstrated great responsibility in providing mail service to postal customers. Rural carriers are required to serve the route expeditiously each day.

17. Concern (UnFavorable):
Customers wanted the post office to stay the same. Customers said the CPO would be a disservice to the community

Response:
You expressed a concern about the establishment of a Community Post Office (CPO). The CPO will be contracted to provide at least the same hours as the present post office. Depending on the location, the CPO may provide extended lobby hours. A CPO provides the same services as the suspended Post Office, except for permit mail acceptance.

18. Concern (UnFavorable):
Customers were concerned about a change of address

Response:
Customers will be assigned a carrier route address. The new address will continue to use the community name and ZIP Code. Mail will be forwarded in accordance with postal regulations, and change of address forms are available from the Postal Service to assist customers in notifying correspondents of the change.

Customers were concerned about mail security

Response:
CBUs provide the security of individually locked mail compartments. There have been no recent reports of mail theft or vandalism in the area.

20. Concern (UnFavorable):
Customers were concerned about mail security.

Response:
Customers may place a lock on their mailboxes. The mailbox must have a slot large enough to accommodate the customer's normal daily mail volume. The Postal Service does not open mailboxes which are locked and does not accept keys for this purpose.

21. Concern (UnFavorable):
Customers were concerned about obtaining accountable mail and large parcels

Response:
If the customer lives less than one-half mile from the line of travel, the carrier will attempt delivery of accountable items and large parcels to the customer's residence. If the customer lives over one-half mile away or is not home when delivery is attempted, a notice will be left in the mailbox. Large parcels will be left outside the mailbox or at a location designated by the customer (if authorized by the customer), or a notice will be left in the mailbox. Attempted delivery items will be taken back to the Post Office. Customers may pick up the item at the Post Office or request redelivery online at usps.com or by calling 1-800-ASK-USPS.

22. Concern (UnFavorable):
Customers were concerned about obtaining services from the carrier.

Response:
Most retail services provided at the post office are available from the carrier and do not require meeting the carrier at the mailbox. Stamps by Mail and Money Order Application forms are available for customer convenience. Listed below are some services available from the carrier and how to obtain them.

PURCHASING STAMPS BY MAIL
The Stamps by Mail Program provides customers the opportunity to purchase stamps, envelopes, and postal cards by using a Stamps by Mail order form, available from the post office or the carrier. Commemorative stamps and stamp collecting products are also available. The customer addresses the postage paid order form envelope, encloses payment by personal check or postal money order made payable to the US Postal Service, and mails the form (postage-free) or leaves it in the mailbox for the carrier to pick up. Most orders are processed overnight, and some immediately.

PURCHASING POSTAL MONEY ORDERS
Customers may purchase money orders by meeting the carrier at the mailbox, completing an application, and paying the carrier (in cash) the price of the money order, plus the fee. The carrier gives the customer a receipt for the application. The money order is completed when the carrier returns to the post office, and a money order receipt is left in the customer's mailbox on the next delivery day. Most customers provide the carrier with a stamped, self-addressed envelope in which the completed money order is mailed to its destination. If customers prefer, the completed money orders will be returned for verification on the next delivery day.

SPECIAL SERVICES
Special services such as certified, registered, Express Mail, delivery confirmation, signature confirmation, and COD may be obtained from the carrier by leaving a note in the mailbox, along with the appropriate payment. The carrier will provide the

services that day and leave a customer receipt in the mailbox on the next delivery day.

HOLDING MAIL
Customers who will be away for an extended time, such as a vacation, may request that their mail be held at the post office during their absence. Upon return the customer asks the post office to resume delivery.

23. Concern (UnFavorable):
Customers were concerned about senior citizens.

Response:
Carrier service is beneficial to many senior citizens and those who face special challenges because the carrier can provide delivery and retail services to roadside mailboxes or Centralized Box Units. Customers do not have to make a special trip to the Post Office for service. Special provisions are made for hardship cases or special customer needs. To request an exception for hardship delivery, customers may contact the East Chatham postmaster for more information.

24. Concern (UnFavorable):
Financial Data:

Response:
Financial data is considered propretary information during the study phase. If a proposal to close and office is posted, financial data pertaining to that proposal will be disclosed on the proposal.

25. Concern (UnFavorable):

Nonpostal Concerns

The following nonpostal concerns were expressed

1. Concern (No Opinion):
Customers expressed concern for loss of community identity.

Response:
You expressed a concern about the loss of the Communities' identity. A community's identity derives from the interest and vitality of its residents and their use of its name. The Postal Service is helping to preserve community identity by continuing the use of the suspended Post Office name and ZIP Code in addresses and in the National Five-Digit ZIP Code and Post Office Directory.

2. Concern (No Opinion):
Customers felt the loss of a post office would have a detrimental effect on the business community

Response:
You expressed a concern about the detrimental effect the loss of the post office would have on the community. Businesses generally require regular and effective postal services, and these will always be provided to the suspended Post Office community. There is no indication that the business community will be adversely affected. Questionnaire responses revealed that customers will continue to use local businesses if the post office is discontinued.

3. Concern (No Opinion):
Customers were concerned about the loss of a gathering place and an information center.

Response:
Residents may continue to meet informally, socialize, and share information at the other businesses, churches and residences in town.

4. Concern (UnFavorable):
Customer expressed a concern about nonpostal services.

Response:
Nonpostal services provided at the Post Office will be available at the East Chatham Post Office. Government forms normally provided by the Post Office will also be available at the East Chatham Post Office or by contacting your local government agency.

5. Concern (UnFavorable):
Customer expressed a concern about the loss of the community bulletin board at the Post Office.

Response:
Many retail outlets and grocery stores are now displaying a public bulletin board in which items can be posted for sale, and\or lost and found items can be posted, and a variety of other information. The administrative Post Office may have a public bulletin board which may be used to post the same information.

6. Concern (UnFavorable):
Customers expressed concern about how the loss of the Post Office would negatively impact the historical dimension of the community.

Response:
The Postal Service is helping to preserve the community name by continuing the use of the Community name in addresses.

7. Concern (UnFavorable):
Customers expressed concern for loss of community identity.

Response:
A community's identity derives from the interest and vitality of its residents and their use of its name. The Postal Service is helping to preserve community identity by continuing the use of Old Chatham in addresses and in the National Five-Digit ZIP Code and Post Office Directory. However, to ensure effective and regular service, the ZIP Code will change to East Chatham zip.

Concern (UnFavorable):

Customers expressed concern for loss of community identity.

Response:
A community's identity derives from the interest and vitality of its residents and their use of its name. The Postal Service is helping to preserve community identity by continuing the use of the Community name and ZIP Code in addresses.

9. Concern (UnFavorable):
Customers felt the loss of a post office would have a detrimental effect on the business community

Questionnaire responses revealed that customers will continue to use local businesses if the post office is discontinued.

12. Concern (UnFavorable):
Customers felt the Post Office should remain open since they paid taxes.

Response:
The Postal Service is not supported by tax dollars and must meet expenses by revenue it generates. Operational savings for the Postal Service contributes in the long run to stable postage rates and savings for customers.

13. Concern (UnFavorable):
Customers questioned the economic savings of the proposed discontinuance. Concern was also expressed that too much money was spent in the larger cities.

Response:
Carrier service can be and, in this case, is more cost-effective than maintaining a postal facility and a postmaster position. The Postal Service estimates an annual savings with this change. Additional funds are necessary in larger cities because of a greater workload. Larger cities often realize greater revenue which can offset their greater expenses.

14. Concern (UnFavorable):
Customers were concerned about growth in the community

Response:
The growth of a community does not depend on the location of a Post Office. Based on information obtained by the Postal Service, it was determined that there has been minimal growth in the area in recent years. Carrier service will be able to accommodate future growth.

15. Concern (UnFavorable):
Customers were concerned about loss of employment in the community.

Response:
The postmaster position is vacant and there is no guarantee that any replacement postmaster would be from the community.

PROPOSAL TO CLOSE THE OLD CHATHAM, NY POST OFFICE AND CONTINUE TO PROVIDE SERVICE BY RURAL ROUTE SERVICE (REVISED)

DOCKET NUMBER 1376004 - 12136

I. RESPONSIVENESS TO COMMUNITY POSTAL NEEDS

The Postal Service is proposing to close the Old Chatham, NY Post Office and provide delivery and retail services by rural route service under the administrative responsibility of the East Chatham Post Office, located three miles away.

The postmaster position became vacant when the postmaster was promoted on August 02, 2008. Since the postmaster vacancy an OIC has been installed to operate the office. Postmaster level and office service hours are determined by a workload analysis which includes the number of deliveries and revenue.

The office is being studied for possible closing or consolidation due to the following reasons: Office is currently vacant; management initiated study to determine if regular and effective service can be provided through alternate means. East Chatham Post Office is 3 miles away.

The Old Chatham Post Office, an EAS-13 level, provides service from 09:00 to 13:00 and 14:30 to 16:45 Monday - Friday , 09:00 to 11:00 Saturday and lobby hours of 08:00 to 17:00 on Monday - Friday and 08:00 to 11:00 on Saturday to 154 post office box or general delivery customers and 345 delivery customers. Retail services included the sale of stamps, stamped paper, and money orders; special services such as Registered Mail, Certified Mail, Insured Mail, COD Mail, and Express Mail services; and the acceptance and dispatch of all classes of mail.

The retail window averaged 27 transaction(s) accounting for 32 minute(s) of retail workload daily. With minimal workload, the Postal Service feels that effective and regular service will be provided by rural route service. Office receipts for the last 3 years were: $66,834 (174 revenue units) in FY 2008; $51,008 (133 revenue units) in FY 2009; and $49,230 (128 revenue units) in FY 2010. There were two permit mailer(s) or postage meter customer(s).

On May 03, 2011, representatives from the Postal Service were available at Chatham Town Hall, 488 Route 295, Chatham, NY 12037 to answer questions and provide information to customers. 44 customer(s) attended the meeting.

On April 22, 2011, 504 questionnaires were distributed to delivery customers of the Old Chatham Post Office. Questionnaires were also available over the counter for retail customers at the Old Chatham Post Office. 179 questionnaires were returned. Responses regarding the proposed alternate service were as follows: 9 favorable, 49 unfavorable, and 121 expressed no opinion.

One congressional inquiry was received on June 24, 2011.

A petition supporting the retention of the Old Chatham Post Office was received on July 08, 2011, with 322 signatures. If this proposal is implemented, delivery and retail services will be provided by the East Chatham Post Office, an EAS-15 level office. Window service hours at the East Chatham Post Office are from 09:30 to 12:00 and 13:15 to 17:00, Monday through Friday, and 09:30 to 11:00 on Saturday. There are 183 post office boxes available.

The following concerns were expressed from questionnaires, the community meeting, from customer letters, on the petition, and from the congressional inquiry:

1.	**Concern:**	Concerned about the reliablity of the carrier
	Response:	Should you experience misdelivery in the future please contact the Consumer Affaris office at 518-452-2376.
2.	**Concern:**	Customer concerned about carrier losing his position.
	Response:	The delivery of your mail will continue uninterupted by your current mail carrier.
3.	**Concern:**	Customer expressed a concern about irregular hours that the rural route serves the community
	Response:	Our carriers strive to provide service at approximately the same time on a daily basis, however mail volumes and weather conditions often effect delivery times. If you desire special services from the rural carrier you may leave a note in your mailbox instructing the carrier to sound his horn, and then meet the carrier to receive services. Retail services may also be obtained at the administrative post office located 3.0 miles away.
4.	**Concern:**	Customer expressed a concern about the inability of the rural carrier to weigh and rate letters and packages
	Response:	The rural carrier will accept any letters or packages for mailing. The carrier will estimate the cost and provide a receipt for any money received. On the following delivery day the carrier will provide change or a bill for the amount over the estimate.
5.	**Concern:**	Customers asked why their post office was being discontinued while others were retained

Response: Post Offices are reviewed on a case-by-case basis. When there is a vacancy in a small office, it is customary to conduct a study of the business activity and investigate the feasibility of providing service by alternate means.

6. **Concern:** Customers expressed concern for those customers with disabilities who are not able to go to adminoffice Post Office to pick up their mail

Response: Customers are not required to travel to another post office to receive mail or obtain retail services. These services will be provided by the carrier to a roadside mailbox located close to customers' residences. In hardship cases, delivery can be made to the home of a customer. Changes in the type of delivery are considered where service by existing methods would impose an extreme physical hardship for an individual customer. Any request for a change in delivery method must be submitted in writing to the administrative postmaster.

7. **Concern:** Customers expressed concern that postal employees at the adminoffice Post Office are rude

Response: Employee courtesy is always a concern of postal managers. Postal employees receive periodic instructions regarding employee courtesy. We do not condone our employees' execution of their duties in an unprofessional or discourteous manner. This concern will be conveyed to the postmaster by the manager, post office operations.

8. **Concern:** Customers felt the cost of postage was increasing while service was decreasing

Response: The Postal Service is not immune to rising costs affecting every family and business. We do not receive tax dollars to cover the cost of operations and must adjust our prices to cover our costs. The Postal Service Governors are responsible for approving prices for all Postal Service products and services. For mailing services prices, such as stamp prices, the Postal Service announces the new prices each February and they become effective each May. The Postal Regulatory Commission (PRC) reviews the new pricing for compliance with the price cap and other provisions of the Postal Act of 2006.

9. **Concern:** Customers questioned the economic savings of the proposed discontinuance

Response: Carrier service is more cost-effective than maintaining a postal facility and postmaster position. The Postal Service estimates an positive annual savings.

10. **Concern:** Customers said they would miss the special attention and assistance provided by the personnel at the Old Chatham Post Office.

Response: East Chatham will continue to provide courteous and helpful service. Special assistance will be provided as needed.

11. **Concern:** Customers were concerned about a change of address

Response: Customers who retain their PO Box or currently have street delivery WILL NOT be required to change their address. ONLY customers electing to close their PO Box and begin street delivery would be required to change their address, if a final determination is made to close or consolidate this office.

12. **Concern:** Customers were concerned about mail security

Response: Customers may place a lock on their mailboxes. The mailbox must have a slot large enough to accommodate the customer's normal daily mail volume. The Postal Service does not open mailboxes which are locked and does not accept keys for this purpose.

13. **Concern:** Customers were concerned about the mailboxes being damaged by snowplows

Response: Please contact the administrative postmaster to determine the proper mailbox location and installation method that would help alleviate this concern. Placing the mailbox on a long, swinging, horizontal pipe is one method often used to avoid damage by snowplows.

14. **Concern:** You were concerned about having to travel to another post office for service

Response: Services provided at the post office will be available from the carrier, and customers will not have to travel to another post office for service. Most transactions do not require meeting the carrier at the mailbox. Stamps by Mail and Money Order Application forms are available for customer convenience.

15. **Concern:** Customer concerned that as a regular customer, it would be extremely inconvenient if the Post Office Closed.

Response: The rural carrier provides all the services that are available at the Post Office with the exception of PO Box service and bulk mail acceptance. This includes stamp sales, package pick up, special services and money order sales.

16. **Concern:** Customer concerned with condition of bridge leading to East Chatham.

Response: Stamp purchases represent more than 85 percent of the Postal Service's retail sales. Today there are nearly 70,000 banks, ATMs, grocery stores, pharmacies and retail stores selling postal products and services located nationwide. That's more than double the number of Post Offices. In fact, nearly 35 percent of the Postal Service's revenue comes from locations other than Post Offices. Our online locator service -- found at the Locate A Post Office tab at www.usps.com --- can help individuals select the location of post offices that best suit their regular routines or to find alternate locations to purchase stamps, when provision of stamps at a post office for by a letter carrier en route are not sufficient to meet a customer's need. Each day, approximately 1.1 million Americans will use the usps.com website for services such as how to locate a post office. The top online requests include ZIP code look up and tracking packages. We believe placing the most requested postal product -- stamps -- in nearly 100,000 locations nationwide, partnered with the uninterrupted delivery of your mail and expanded online services, constitutes regular and effective access for postal customers.

17. **Concern:** Customer expressed a concern about package delivery and pickup

Response: For carrier pick up of pacakges, you can contact the adminoffice Post Office, letting the carrier know that you have a package available for pick up. The carrier can deviate from the line of travel in order to receive packages. The rural carrier will accept letters, flats or packages for mailing. The carrier will estimate the cost and provide a receipt for any money received. On the following delivery day the carrier will provide change or a bill for the amount over the estimate.

18. **Concern:** Customer expressed a concern that they requested and were denied rural delivery service

Response: There are several guidelines which must be met prior to a road being approved for delivery. The road to be traveled must be maintained at all times of the year. It cannot dead end in a private driveway even if the drive is maintained by a municipality. There must be a suitable turning point provided for the carrier, preferably with no backing. If backing is involved, there are other guidelines to adhere to. If backing is necessitated, the Postmaster must verify it is in a low-traffic area and there are no children in the immediate vicinity on a regular basis. There must also be a minimum of one family per one-half mile of travel. If you have applied for and been denied an extension, you may wish to contact your local magistrate or other county official to determine if they can bring your road up to these standards. At that point, you may reapply for delivery.

19. **Concern:** Customer expressed concern for walking for postal services.

Response: The Postal Service is committed to placing services and products conveniently for its customers, including in settings close to homes and businesses such as grocery or drug stores. These provide the most in-demand offerings of local Post Offices, the sale of postage stamps.

20. **Concern:** Customers asked what other ways USPS was trying to make up the deficit, other than closing their post office.

Response: Closing small offices is one step of many which are being examined and, depending on circumstances, initiated. Additionally, there are three bills before Congress to address: overpaid pensions, 5 day delivery, and pre-funded Health Benefit Relief. The Postal Service has also reduced administrative positions, including reducing 1 Area office, 7 District offices, and a 20% reduction in staffing across the board. The PMG has tasked management to review all offices with a postmaster vacancy, to determine if regular and effective service can be provided through cost effective alternate access.

21. **Concern:** Customers asked why their Post Office was being discontinued while others were retained.

Response: Post Offices are reviewed on a case-by-case basis. When there is a vacancy in a small office, it is customary to conduct a study of the business activity and investigate the feasibility of providing service by alternate means.

22. **Concern:** Customers expressed concern over the apparent lack of interest by the Postal Service for the needs of the community.

Response: The Postal Service is required to provide each community with regular and effective service, using the most cost efficient means possible. The proposed alternate delivery service will meet the mailing and service needs of the community in a more cost effective manner.

23. **Concern:** Customers expressed concern over the dependability of rural route service.

Response: Rural letter carriers perform a vital function in the United States Postal Service serving thousands of families and businesses in rural and suburban areas while traveling millions of miles daily. Rural letter carriers are highly respected by the American public. This respect has been earned by many years of dedication to the Postal Service and to postal customers. During national and local emergencies, including prolonged periods of extreme weather conditions, rural carriers have demonstrated great responsibility in providing mail service to postal customers. Rural carriers are required to serve the route expeditiously each day.

24. **Concern:** Customers wanted the post office to stay the same. Customers said the CPO would be a disservice to the community

Response: The customer expressed a concern about the establishment of a Community Post Office (CPO). The CPO will be contracted to provide at least the same hours as the present post office. Depending on the location, the CPO may provide extended lobby hours. A CPO provides the same services as the suspended Post Office, except for permit mail acceptance.

25. **Concern:** Customers were concerned about mail security.

Response: Customers may place a lock on their mailboxes. The mailbox must have a slot large enough to accommodate the customer's normal daily mail volume. The Postal Service does not open mailboxes which are locked and does not accept keys for this purpose.

26. **Concern:** Customers were concerned about obtaining accountable mail and large parcels

Response:

If the customer lives less than one-half mile from the line of travel, the carrier will attempt delivery of accountable items and large parcels to the customer's residence. If the customer lives over one-half mile away or is not home when delivery is attempted, a notice will be left in the mailbox. Large parcels will be left outside the mailbox or at a location designated by the customer (if authorized by the customer), or a notice will be left in the mailbox. Attempted delivery items will be taken back to the Post Office. Customers may pick up the item at the Post Office or request redelivery online at usps.com or by calling 1-800-ASK-USPS.

27. **Concern:**

Customers were concerned about obtaining services from the carrier.

Response:

Most retail services provided at the post office are available from the carrier and do not require meeting the carrier at the mailbox. Stamps by Mail and Money Order Application forms are available for customer convenience. Listed below are some services available from the carrier and how to obtain them.

PURCHASING STAMPS BY MAIL
The Stamps by Mail Program provides customers the opportunity to purchase stamps, envelopes, and postal cards by using a Stamps by Mail order form, available from the post office or the carrier. Commemorative stamps and stamp collecting products are also available. The customer addresses the postage paid order form envelope, encloses payment by personal check or postal money order made payable to the US Postal Service, and mails the form (postage-free) or leaves it in the mailbox for the carrier to pick up. Most orders are processed overnight, and some immediately.

PURCHASING POSTAL MONEY ORDERS
Customers may purchase money orders by meeting the carrier at the mailbox, completing an application, and paying the carrier (in cash) the price of the money order, plus the fee. The carrier gives the customer a receipt for the application. The money order is completed when the carrier returns to the post office, and a money order receipt is left in the customer's mailbox on the next delivery day. Most customers provide the carrier with a stamped, self-addressed envelope in which the completed money order is mailed to its destination. If customers prefer, the completed money orders will be returned for verification on the next delivery day.

SPECIAL SERVICES
Special services such as certified, registered, Express Mail, delivery confirmation, signature confirmation, and COD may be obtained from the carrier by leaving a note in the mailbox, along with the appropriate payment. The carrier will provide the services that day and leave a customer receipt in the mailbox on the next delivery day.

HOLDING MAIL
Customers who will be away for an extended time, such as a vacation, may request that their mail be held at the post office during their absence. Upon return the customer asks the post office to resume delivery.

28. **Concern:**

Customers were concerned about senior citizens.

Response:

Carrier service is beneficial to many senior citizens and those who face special challenges because the carrier can provide delivery and retail services to roadside mailboxes or Centralized Box Units. Customers do not have to make a special trip to the Post Office for service. Special provisions are made for hardship cases or special customer needs. To request an exception for hardship delivery, customers may contact the East Chatham postmaster for more information.

29. **Concern:**

Financial Data:

Response:

Financial data is considered proprietary information during the study phase. If a proposal to close and office is posted, financial data pertaining to that proposal will be disclosed on the proposal.

30. **Concern:**

Freedom of Information:

Response: Requestor needs to reference FOIA/Freedom of Information Act, in letter. Requestor should be very specific about the info requested; i.e. does he want daily, weekly, or annual info, is he requesting lease info, utility info, salaries/benefits, for what timeframe, etc. Note – a request for a "profit and loss statement" is really not applicable since we are a government agency. Submit request in writing to: Mgr Records Office US Postal Service 475 L'Enfant Plaza SW Room 4541 Washington DC 20260-4541 If preferred, can also FAX request to (202) 268-5353

31. **Concern:** You expressed a concern that they requested and were denied rural delivery service

Response: If you have applied for and been denied an extension, you may wish to contact your local magistrate or other county official to determine if they can bring your road up to these standards. At that point, you may reapply for delivery.

32. **Concern:** Customer asked why wasn't a postmaster hired for Old Chatham?

Response: All management positions were frozen in anticipation of the reorganization.

33. **Concern:** Customers felt inclement weather and poor road conditions might impede delivery

Response: Both inclement weather and heavy mail volume can cause deviations from the normal delivery schedule. However, the carrier is required to provide a vehicle of adequate size, equipped with necessary equipment (chains or snow tires, warning lights or signs, etc.) to serve the route safely and efficiently and in accordance with federal, state, and local motor vehicle laws and regulations.

34. **Concern:** Customers were concerned about having to make an address change on their bank checks and stationery

Response: Customers who retain their PO Box or currently have street delivery WILL NOT be required to change their address. ONLY customers electing to close their PO Box and begin street delivery would be required to change their address, if a final determination is made to close or consolidate this office.

35. **Concern:** Customers were concerned about later delivery of mail

Response: A customer's location on a carrier's line of travel determines the time of day mail is delivered. This, of course, precludes providing early delivery of mail to every customer because, no matter how we structure a route, somebody must be last. We do, however, carefully consider the volume of mail for each route so that we can deliver the greatest amount of mail at the earliest possible hour. With the largest fleet of delivery vehicles in the world we must pay special attention to energy conservation measures, to minimize vehicle and fuel expenses. When the price of gasoline goes up one cent per gallon our total gasoline cost rises more than $8 million. Therefore, when structuring a route, we must balance our goal to deliver as much mail as possible as early as possible with the need to minimize the travel distance a route must cover.

Some advantages of the proposal are:

1. The rural or contract delivery carrier may provide retail services, alleviating the need to go to the post office. Stamps by Mail order forms are provided for customer convenience.
2. Customers opting for carrier service will have 24-hour access to their mail.
3. Savings for the Postal Service contribute in the long run to stable postage rates and savings for customers.
4. CBUs can offer the security of individually locked mail compartments. Parcel lockers provide convenient parcel delivery for customers.
5. Customers opting for carrier service will not have to pay post office box fees.
6. Saves time and energy for customers who drive to the post office to pick up mail.

Some disadvantages of the proposal are:

1. The loss of a retail outlet and a postmaster position in the community. Retail services may be provided by the rural or contract delivery carrier.
2. Meeting the rural or contract delivery carrier at the box to transact business. However, it is not necessary to be present to conduct most Postal Service transactions.
3. A change in the mailing address. The community name will continue to be used in the new address. A carrier route address will be assigned.

Taking all available information into consideration, the Postal Service concludes this proposal will provide a maximum degree of effective and regular postal services to the community.

II. EFFECT ON COMMUNITY

The following nonpostal concerns were expressed from questionnaires, the community meeting, on the petition, and on the congressional inquiry:

1. **Concern:** Customer expressed a concern about the loss of the community bulletin board at the Post Office.

   Response: Many retail outlets and grocery stores are now displaying a public bulletin board in which items can be posted for sale, and\or lost and found items can be posted, and a variety of other information. The administrative Post Office may have a public bulletin board which may be used to post the same information.

2. **Concern:** Customers expressed concern for loss of community identity.

   Response: A community's identity derives from the interest and vitality of its residents and their use of its name. The Postal Service is helping to preserve community identity by continuing the use of the Old Chatham Post Office name and ZIP Code in addresses and in the National Five-Digit ZIP Code and Post Office Directory.

3. **Concern:** Customers felt the loss of a post office would have a detrimental effect on the business community

   Response: Businesses generally require regular and effective postal services, and these will always be provided to the Old Chatham Post Office community. There is no indication that the business community will be adversely affected. Questionnaire responses revealed that customers will continue to use local businesses if the post office is discontinued.

4. **Concern:** Customers felt the Post Office should remain open since they paid taxes.

Response: The Postal Service is not supported by tax dollars and must meet expenses by revenue it generates. Operational savings for the Postal Service contributes in the long run to stable postage rates and savings for customers.

5. **Concern:** Customer expressed a concern about nonpostal services.

Response: Nonpostal services provided at the Post Office will be available at the East Chatham Post Office. Government forms normally provided by the Post Office will also be available at the East Chatham Post Office or by contacting your local government agency.

6. **Concern:** Customers expressed concern about how the loss of the Post Office would negatively impact the historical dimension of the community.

Response: The Postal Service is helping to preserve the community name by continuing the use of the Community name in addresses.

7. **Concern:** Customers felt the Post Office should remain open since they paid taxes.

Response: The Postal Service is not supported by tax dollars and must meet expenses by revenue it generates. Operational savings for the Postal Service contributes in the long run to stable postage rates and savings for customers.

8. **Concern:** Customers questioned the economic savings of the proposed discontinuance. Concern was also expressed that too much money was spent in the larger cities.

Response: Carrier service can be and, in this case, is more cost-effective than maintaining a postal facility and a postmaster position. The Postal Service estimates an annual savings with this change. Additional funds are necessary in larger cities because of a greater workload. Larger cities often realize greater revenue which can offset their greater expenses.

9. **Concern:** Customers were concerned about growth in the community

Response: The growth of a community does not depend on the location of a post office. Based on information obtained by the Postal Service, it was determined that there has been minimal growth in the area in recent years. Carrier service will be able to accommodate future growth.

10. **Concern:** Customers were concerned about loss of employment in the community.

Response: The postmaster position is vacant and there is no guarantee that any replacement postmaster would be from the community.

11. **Concern:** Customers were concerned about loss of employment in the community.

Response: The postmaster position is vacant and there is no guarantee that any replacement postmaster would be from the community.

12. **Concern:** Customers were concerned about the loss of a gathering place and an information center.

Response: Residents may continue to meet informally, socialize, and share information at the other businesses, churches and residences in town.

Based on the information obtained in the course of this discontinuance study, the Postal Service concludes this proposal will not adversely affect the community.

III. EFFECT ON EMPLOYEES

The postmaster position became vacant when the postmaster was promoted on August 02, 2008. The noncareer postmaster relief (PMR) may be separated from the Postal Service. No other Postal Service employee will be adversely affected.Since the postmaster vacancy an OIC has been installed to operate the office.

IV. ECONOMIC SAVINGS

The Postal Service estimates an annual savings of $ 28,567 with a breakdown as follows:

Postmaster Salary (EAS-13, No COLA)	$ 36,381
Fringe Benefits @ 33.5%	$ 12,188
Annual Lease Costs	+ $ 9,025
Total Annual Costs	$ 57,594
Less Annual Cost of Replacement Service	- $ 29,027
Total Annual Savings	$ 28,567

V. OTHER FACTORS

The Postal Service has identified no other factors for consideration.

VI. SUMMARY

The Postal Service is proposing to close the Old Chatham, NY Post Office and provide delivery and retail services by rural route service under the administrative responsibility of the East Chatham Post Office, located three miles away.

The postmaster was promoted on August 02, 2008. If the office has a noncareer PMR(s), they may be separated from the Postal Service; however, attempts will be made to reassign the employee(s) to a nearby facility. No other employee(s) will be adversely affected. Post office workload has declined. Effective and regular service will continue to be provided by rural route service.

The Old Chatham Post Office provided delivery and retail service to 154 PO Box or general delivery customers and 345 delivery route customers. The daily retail window transactions averaged 27. There are two permit mailers or postage meter customers.

There will no longer be a retail outlet in the community. However, delivery and retail services may be available from a rural or contract delivery carrier, which could alleviate the need to travel to a post office for service. The Postal Service will save an estimated $28,567 annually. A disadvantage to some may be in meeting the rural or contract delivery carrier to transact business. However, it is not necessary to be present to conduct most Postal Service transactions with a rural or contract delivery carrier.

Taking all available information into consideration, the Postal Service has determined that the advantages outweigh the disadvantages and this proposal is warranted.

VII. NOTICES

A. Support Materials. Copies of all materials upon which this proposal is based are available for public inspection at the Old Chatham Post Office and East Chatham Post Office during normal office hours.

B. This is a proposal. It is not a final determination to close this post office. If a final determination is made to close this post office, after public comments on this proposal are received and taken into account, a notice of that final determination will be posted in this office.

The final determination will contain instructions on how affected customers may appeal that decision to the Postal Regulatory Commission. Any such appeal must be received by the commission within 30 days of the posting of the final determination.

FINAL DETERMINATION TO CLOSE
THE OLD CHATHAM, NY POST OFFICE
AND CONTINUE TO PROVIDE
SERVICE BY RURAL ROUTE SERVICE

DOCKET NUMBER 1376004 - 12136

I. RESPONSIVENESS TO COMMUNITY POSTAL NEEDS

The Postal Service is issuing the final determination to close the Old Chatham, NY Post Office and provide delivery and retail services by rural route service under the administrative responsibility of the East Chatham Post Office, located three miles away.

The postmaster position became vacant when the postmaster was promoted on August 02, 2008. Since the postmaster vacancy an OIC has been installed to operate the office. Postmaster level and office service hours are determined by a workload analysis which includes the number of deliveries and revenue.

The office was studied for possible closing or consolidation due to the following reasons: Office is currently vacant; management initiated study to determine if regular and effective service can be provided through alternate means. East Chatham Post Office is 3 miles away.

The Old Chatham Post Office, an EAS-13 level, provides service from 09:00 to 13:00 and 14:30 to 16:45 Monday - Friday , 09:00 to 11:00 Saturday and lobby hours of 08:00 to 17:00 on Monday - Friday and 08:00 to 11:00 on Saturday to 154 post office box or general delivery customers and 345 delivery customers. Retail services included the sale of stamps, stamped paper, and money orders; special services such as Registered Mail, Certified Mail, Insured Mail, COD Mail, and Express Mail services; and the acceptance and dispatch of all classes of mail.

The retail window averaged 27 transaction(s) accounting for 32 minute(s) of retail workload daily. With minimal workload, the Postal Service feels that effective and regular service will be provided by rural route service. Office receipts for the last 3 years were: $66,834 (174 revenue units) in FY 2008; $51,008 (133 revenue units) in FY 2009; and $49,230 (128 revenue units) in FY 2010. There were two permit mailer(s) or postage meter customer(s).

On May 03, 2011, representatives from the Postal Service were available at Chatham Town Hall, 488 Route 295, Chatham, NY 12037 to answer questions and provide information to customers. 44 customer(s) attended the meeting.

On April 22, 2011, 504 questionnaires were distributed to delivery customers of the Old Chatham Post Office. Questionnaires were also available over the counter for retail customers at the Old Chatham Post Office. 179 questionnaires were returned. Responses regarding the proposed alternate service were as follows: 9 favorable, 49 unfavorable, and 121 expressed no opinion.

One congressional inquiry was received on June 24, 2011.

A petition supporting the retention of the Old Chatham Post Office was received on July 08, 2011, with 322 signatures.

When this final determination is implemented, delivery and retail services will be provided by the East Chatham Post Office, an EAS-15 level office. Window service hours at the East Chatham Post Office are from 09:30 to 12:00 and 13:15 to 17:00, Monday through Friday, and 09:30 to 11:00 on Saturday. There are 183 post office boxes available.

The proposal to close the Old Chatham Post Office was posted with an invitation for comment at the Old Chatham Post Office and East Chatham Post Office from May 17, 2011 to July 18, 2011. The following additional concerns were received during the proposal posting period:

1. **Concern:** Customer concerned that as a regular customer, it would be extremely inconvenient if the Post Office Closed.

   Response: The rural carrier provides all the services that are available at the Post Office with the exception of PO Box service and bulk mail acceptance. This includes stamp sales, package pick up, special services and money order sales.

2. **Concern:** Customer concerned with condition of bridge leading to East Chatham.

   Response: Stamp purchases represent more than 85 percent of the Postal Service's retail sales. Today there are nearly 70,000 banks, ATMs, grocery stores, pharmacies and retail stores selling postal products and services located nationwide. That's more than double the number of Post Offices. In fact, nearly 35 percent of the Postal Service's revenue comes from locations other than Post Offices. Our online locator service -- found at the Locate A Post Office tab at www.usps.com --- can help individuals select the location of post offices that best suit their regular routines or to find alternate locations to purchase stamps, when provision of stamps at a post office for by a letter carrier en route are not sufficient to meet a customer's need. Each day, approximately 1.1 million Americans will use the usps.com website for services such as how to locate a post office. The top online requests include ZIP code look up and tracking packages. We believe placing the most requested postal product -- stamps -- in nearly 100,000 locations nationwide, partnered with the uninterrupted delivery of your mail and expanded online services, constitutes regular and effective access for postal customers.

3. **Concern:** Customer expressed a concern about package delivery and pickup

Response: For carrier pick up of pacakges, you can contact the adminoffice Post Office, letting the carrier know that you have a package available for pick up. The carrier can deviate from the line of travel in order to receive packages. The rural carrier will accept letters, flats or packages for mailing. The carrier will estimate the cost and provide a receipt for any money received. On the following delivery day the carrier will provide change or a bill for the amount over the estimate.

4. **Concern:** Customer expressed a concern that they requested and were denied rural delivery service

Response: There are several guidelines which must be met prior to a road being approved for delivery. The road to be traveled must be maintained at all times of the year. It cannot dead end in a private driveway even if the drive is maintained by a municipality. There must be a suitable turning point provided for the carrier, preferably with no backing. If backing is involved, there are other guidelines to adhere to. If backing is necessitated, the Postmaster must verify it is in a low-traffic area and there are no children in the immediate vicinity on a regular basis. There must also be a minimum of one family per one-half mile of travel. If you have applied for and been denied an extension, you may wish to contact your local magistrate or other county official to determine if they can bring your road up to these standards. At that point, you may reapply for delivery.

5. **Concern:** Customer expressed concern for walking for postal services.

Response: The Postal Service is committed to placing services and products conveniently for its customers, including in settings close to homes and businesses such as grocery or drug stores. These provide the most in-demand offerings of local Post Offices, the sale of postage stamps.

6. **Concern:** Customers asked what other ways USPS was trying to make up the deficit, other than closing their post office.

Response: Closing small offices is one step of many which are being examined and, depending on circumstances, initiated. Additionally, there are three bills before Congress to address: overpaid pensions, 5 day delivery, and pre-funded Health Benefit Relief. The Postal Service has also reduced administrative positions, including reducing 1 Area office, 7 District offices, and a 20% reduction in staffing across the board. The PMG has tasked management to review all offices with a postmaster vacancy, to determine if regular and effective service can be provided through cost effective alternate access.

7. **Concern:** Customers asked why their Post Office was being discontinued while others were retained.

Response: Post Offices are reviewed on a case-by-case basis. When there is a vacancy in a small office, it is customary to conduct a study of the business activity and investigate the feasibility of providing service by alternate means.

8. **Concern:** Customers expressed concern over the apparent lack of interest by the Postal Service for the needs of the community.

Response: The Postal Service is required to provide each community with regular and effective service, using the most cost efficient means possible. The proposed alternate delivery service will meet the mailing and service needs of the community in a more cost effective manner.

9. **Concern:** Customers expressed concern over the dependability of rural route service.

Response: Rural letter carriers perform a vital function in the United States Postal Service serving thousands of families and businesses in rural and suburban areas while traveling millions of miles daily. Rural letter carriers are highly respected by the American public. This respect has been earned by many years of dedication to the Postal Service and to postal customers. During national and local emergencies, including prolonged periods of extreme weather conditions, rural carriers have demonstrated great responsibility in providing mail service to postal customers. Rural

carriers are required to serve the route expeditiously each day.

10. **Concern:** Customers wanted the post office to stay the same. Customers said the CPO would be a disservice to the community

Response: The customer expressed a concern about the establishment of a Community Post Office (CPO). The CPO will be contracted to provide at least the same hours as the present post office. Depending on the location, the CPO may provide extended lobby hours. A CPO provides the same services as the suspended Post Office, except for permit mail acceptance.

11. **Concern:** Customers were concerned about mail security.

Response: Customers may place a lock on their mailboxes. The mailbox must have a slot large enough to accommodate the customer's normal daily mail volume. The Postal Service does not open mailboxes which are locked and does not accept keys for this purpose.

12. **Concern:** Customers were concerned about obtaining accountable mail and large parcels

Response: If the customer lives less than one-half mile from the line of travel, the carrier will attempt delivery of accountable items and large parcels to the customer's residence. If the customer lives over one-half mile away or is not home when delivery is attempted, a notice will be left in the mailbox. Large parcels will be left outside the mailbox or at a location designated by the customer (if authorized by the customer), or a notice will be left in the mailbox. Attempted delivery items will be taken back to the Post Office. Customers may pick up the item at the Post Office or request redelivery online at usps.com or by calling 1-800-ASK-USPS.

13. **Concern:** Customers were concerned about obtaining services from the carrier.

Response: Most retail services provided at the post office are available from the carrier and do not require meeting the carrier at the mailbox. Stamps by Mail and Money Order Application forms are available for customer convenience. Listed below are some services available from the carrier and how to obtain them.

PURCHASING STAMPS BY MAIL
The Stamps by Mail Program provides customers the opportunity to purchase stamps, envelopes, and postal cards by using a Stamps by Mail order form, available from the post office or the carrier. Commemorative stamps and stamp collecting products are also available. The customer addresses the postage paid order form envelope, encloses payment by personal check or postal money order made payable to the US Postal Service, and mails the form (postage-free) or leaves it in the mailbox for the carrier to pick up. Most orders are processed overnight, and some immediately.

PURCHASING POSTAL MONEY ORDERS
Customers may purchase money orders by meeting the carrier at the mailbox, completing an application, and paying the carrier (in cash) the price of the money order, plus the fee. The carrier gives the customer a receipt for the application. The money order is completed when the carrier returns to the post office, and a money order receipt is left in the customer's mailbox on the next delivery day. Most customers provide the carrier with a stamped, self-addressed envelope in which the completed money order is mailed to its destination. If customers prefer, the completed money orders will be returned for verification on the next delivery day.

SPECIAL SERVICES
Special services such as certified, registered, Express Mail, delivery confirmation, signature confirmation, and COD may be obtained from the carrier by leaving a note in the mailbox, along with the appropriate payment. The carrier will provide the services that day and leave a customer receipt in the mailbox on the next delivery day.

HOLDING MAIL
Customers who will be away for an extended time, such as a vacation,

may request that their mail be held at the post office during their absence. Upon return the customer asks the post office to resume delivery.

14. **Concern:** Customers were concerned about senior citizens.

Response: Carrier service is beneficial to many senior citizens and those who face special challenges because the carrier can provide delivery and retail services to roadside mailboxes or Centralized Box Units. Customers do not have to make a special trip to the Post Office for service. Special provisions are made for hardship cases or special customer needs. To request an exception for hardship delivery, customers may contact the East Chatham postmaster for more information.

15. **Concern:** Financial Data:

Response: Financial data is considered proprietary information during the study phase. If a proposal to close and office is posted, financial data pertaining to that proposal will be disclosed on the proposal.

16. **Concern:** Freedom of Information:

Response: Requestor needs to reference FOIA/Freedom of Information Act, in letter. Requestor should be very specific about the info requested; i.e. does he want daily, weekly, or annual info, is he requesting lease info, utility info, salaries/benefits, for what timeframe, etc. Note – a request for a "profit and loss statement" is really not applicable since we are a government agency. Submit request in writing to: Mgr Records Office US Postal Service 475 L'Enfant Plaza SW Room 4541 Washington DC 20260-4541 If preferred, can also FAX request to (202) 268-5353

17. **Concern:** You expressed a concern that they requested and were denied rural delivery service

Response: If you have applied for and been denied an extension, you may wish to contact your local magistrate or other county official to determine if they can bring your road up to these standards. At that point, you may reapply for delivery.

The following nonpostal concerns were expressed from questionnaires, the community meeting, on the petition, and on the congressional inquiry:

1. **Concern:** Concerned about the reliablity of the carrier

Response: Should you experience misdelivery in the future please contact the Consumer Affaris office at 518-452-2376.

2. **Concern:** Customer concerned about carrier losing his position.

Response: The delivery of your mail will continue uninterupted by your current mail carrier.

3. **Concern:** Customer expressed a concern about irregular hours that the rural route serves the community

Response: Our carriers strive to provide service at approximately the same time on a daily basis, however mail volumes and weather conditions often effect delivery times. If you desire special services from the rural carrier you may leave a note in your mailbox instructing the carrier to sound his horn, and then meet the carrier to receive services. Retail services may also be obtained at the administrative post office located 3.0 miles away.

4. **Concern:** Customer expressed a concern about the inability of the rural carrier to weigh and rate letters and packages

Response: The rural carrier will accept any letters or packages for mailing. The carrier will estimate the cost and provide a receipt for any money received. On the following delivery day the carrier will provide change or a bill for the amount over the estimate.

5. **Concern:** Customers asked why their post office was being discontinued while others were retained

Response: Post Offices are reviewed on a case-by-case basis. When there is a vacancy in a small office, it is customary to conduct a study of the business activity and investigate the feasibility of providing service by alternate means.

6. **Concern:** Customers expressed concern for those customers with disabilities who are not able to go to adminoffice Post Office to pick up their mail

Response: Customers are not required to travel to another post office to receive mail or obtain retail services. These services will be provided by the carrier to a roadside mailbox located close to customers' residences. In hardship cases, delivery can be made to the home of a customer. Changes in the type of delivery are considered where service by existing methods would impose an extreme physical hardship for an individual customer. Any request for a change in delivery method must be submitted in writing to the administrative postmaster.

7. **Concern:** Customers expressed concern that postal employees at the adminoffice Post Office are rude

Response: Employee courtesy is always a concern of postal managers. Postal employees receive periodic instructions regarding employee courtesy. We do not condone our employees' execution of their duties in an unprofessional or discourteous manner. This concern will be conveyed to the postmaster by the manager, post office operations.

8. **Concern:** Customers felt the cost of postage was increasing while service was decreasing

Response: The Postal Service is not immune to rising costs affecting every family and business. We do not receive tax dollars to cover the cost of operations and must adjust our prices to cover our costs. The Postal Service Governors are responsible for approving prices for all Postal Service products and services. For mailing services prices, such as stamp prices, the Postal Service announces the new prices each February and they become effective each May. The Postal Regulatory Commission (PRC) reviews the new pricing for compliance with the price cap and other provisions of the Postal Act of 2006.

9. **Concern:** Customers questioned the economic savings of the proposed discontinuance

Response: Carrier service is more cost-effective than maintaining a postal facility and postmaster position. The Postal Service estimates an positive annual savings.

10. **Concern:** Customers said they would miss the special attention and assistance provided by the personnel at the Old Chatham Post Office.

Response: East Chatham will continue to provide courteous and helpful service. Special assistance will be provided as needed.

11. **Concern:** Customers were concerned about a change of address

Response: Customers who retain their PO Box or currently have street delivery WILL NOT be required to change their address. ONLY customers electing to close their PO Box and begin street delivery would be required to change their address, if a final determination is made to close or consolidate this office.

12. **Concern:** Customers were concerned about mail security

Response: Customers may place a lock on their mailboxes. The mailbox must have a slot large enough to accommodate the customer's normal daily mail volume. The Postal Service does not open mailboxes which are locked and does not accept keys for this purpose.

13. **Concern:** Customers were concerned about the mailboxes being damaged by snowplows

Response: Please contact the administrative postmaster to determine the proper mailbox location and installation method that would help alleviate this concern. Placing the mailbox on a long, swinging, horizontal pipe is one method often used to avoid damage by snowplows.

14. **Concern:** You were concerned about having to travel to another post office for service

Response: Services provided at the post office will be available from the carrier, and customers will not have to travel to another post office for service. Most transactions do not require meeting the carrier at the mailbox. Stamps by Mail and Money Order Application forms are available for customer convenience.

15. **Concern:** Customer asked why wasn't a postmaster hired for Old Chatham?

Response: All management positions were frozen in anticipation of the reorganization.

16. **Concern:** Customers felt inclement weather and poor road conditions might impede delivery

Response: Both inclement weather and heavy mail volume can cause deviations from the normal delivery schedule. However, the carrier is required to provide a vehicle of adequate size, equipped with necessary equipment (chains or snow tires, warning lights or signs, etc.) to serve the route safely and efficiently and in accordance with federal, state, and local motor vehicle laws and regulations.

17. **Concern:** Customers were concerned about having to make an address change on their bank checks and stationery

Response: Customers who retain their PO Box or currently have street delivery WILL NOT be required to change their address. ONLY customers electing to close their PO Box and begin street delivery would be required to change their address, if a final determination is made to close or consolidate this office.

18. **Concern:** Customers were concerned about later delivery of mail

Response: A customer's location on a carrier's line of travel determines the time of day mail is delivered. This, of course, precludes providing early delivery of mail to every customer because, no matter how we structure a route, somebody must be last. We do, however, carefully consider the volume of mail for each route so that we can deliver the greatest amount of mail at the earliest possible hour. With the largest fleet of delivery vehicles in the world we must pay special attention to energy conservation measures, to minimize vehicle and fuel expenses. When the price of gasoline goes up one cent per gallon our total gasoline cost rises more than $8 million. Therefore, when structuring a route, we must balance our goal to deliver as much mail as possible as early as possible with the need to minimize the travel distance a route must cover.

Some advantages of the proposal are:

1. The rural and contract carriers may provide retail services, alleviating the need to go to the post office. Stamps by Mail order forms are provided for customer convenience.
2. Customers opting for carrier service will have 24-hour access to their mail.
3. Savings for the Postal Service contribute in the long run to stable postage rates and savings for customers.
4. CBUs can offer the security of individually locked mail compartments. Parcel lockers provide convenient parcel delivery for customers.
5. Customers opting for carrier service will not have to pay post office box fees.
6. Saves time and energy for customers who drive to the post office to pick up mail.

Some disadvantages of the proposal are:

1. The loss of a retail outlet and a postmaster position in the community. Retail services may be provided by the rural or contract delivery carrier.
2. Meeting the rural or contract delivery carrier at the box to transact business. However, it is not necessary to be present to conduct most Postal Service transactions.

3. A change in the mailing address. The community name will continue to be used in the new address. A carrier route address will be assigned.

Taking all available information into consideration, the Postal Service concludes this final determination will provide a maximum degree of effective and regular postal services to the community.

II. EFFECT ON COMMUNITY

Nonpostal services provided at the Old Chatham Post Office will be available at the East Chatham Post Office. Government forms normally provided by the Post Office will also be available at the East Chatham Post Office or by contacting your local government agency.

The following nonpostal concerns were expressed from questionnaires, the community meeting, on the petition, and on the congressional inquiry:

1. **Concern:** Customer expressed a concern about the loss of the community bulletin board at the Post Office.

   Response: Many retail outlets and grocery stores are now displaying a public bulletin board in which items can be posted for sale, and\or lost and found items can be posted, and a variety of other information. The administrative Post Office may have a public bulletin board which may be used to post the same information.

2. **Concern:** Customers expressed concern for loss of community identity.

   Response: A community's identity derives from the interest and vitality of its residents and their use of its name. The Postal Service is helping to preserve community identity by continuing the use of the Old Chatham Post Office name and ZIP Code in addresses and in the National Five-Digit ZIP Code and Post Office Directory.

3. **Concern:** Customers felt the loss of a post office would have a detrimental effect on the business community

   Response: Businesses generally require regular and effective postal services, and these will always be provided to the Old Chatham Post Office community. There is no indication that the business community will be adversely affected. Questionnaire responses revealed that customers will continue to use local businesses if the post office is discontinued.

4. **Concern:** Customers felt the Post Office should remain open since they paid taxes.

   Response: The Postal Service is not supported by tax dollars and must meet expenses by revenue it generates. Operational savings for the Postal Service contributes in the long run to stable postage rates and savings for customers.

5. **Concern:** Customer expressed a concern about nonpostal services.

   Response: Nonpostal services provided at the Post Office will be available at the East Chatham Post Office. Government forms normally provided by the Post Office will also be available at the East Chatham Post Office or by contacting your local government agency.

Response: The Postal Service is helping to preserve the community name by continuing the use of the Community name in addresses.

7. **Concern:** Customers felt the Post Office should remain open since they paid taxes.

Response: The Postal Service is not supported by tax dollars and must meet expenses by revenue it generates. Operational savings for the Postal Service contributes in the long run to stable postage rates and savings for customers.

8. **Concern:** Customers questioned the economic savings of the proposed discontinuance. Concern was also expressed that too much money was spent in the larger cities.

Response: Carrier service can be and, in this case, is more cost-effective than maintaining a postal facility and a postmaster position. The Postal Service estimates an annual savings with this change. Additional funds are necessary in larger cities because of a greater workload. Larger cities often realize greater revenue which can offset their greater expenses.

9. **Concern:** Customers were concerned about growth in the community

Response: The growth of a community does not depend on the location of a post office. Based on information obtained by the Postal Service, it was determined that there has been minimal growth in the area in recent years. Carrier service will be able to accommodate future growth.

10. **Concern:** Customers were concerned about loss of employment in the community.

Response: The postmaster position is vacant and there is no guarantee that any replacement postmaster would be from the community.

11. **Concern:** Customers were concerned about loss of employment in the community.

Response: The postmaster position is vacant and there is no guarantee that any replacement postmaster would be from the community.

12. **Concern:** Customers were concerned about the loss of a gathering place and an information center.

Response: Residents may continue to meet informally, socialize, and share information at the other businesses, churches and residences in town.

Based on the information obtained in the course of this discontinuance study, the Postal Service concludes this final determination will not adversely affect the community.

III. EFFECT ON EMPLOYEES

The postmaster position became vacant when the postmaster was promoted on August 02, 2008. The noncareer postmaster relief (PMR) may be separated from the Postal Service. No other Postal Service employee will be adversely affected.Since the postmaster vacancy an OIC has been installed to operate the office.

The Postal Service estimates an annual savings of $ 28,567 with a breakdown as follows:

VI. SUMMARY

This is the final determination to close the Old Chatham, NY Post Office and provide delivery and retail services by rural route service under the administrative responsibility of the East Chatham Post Office, located three miles away.

The postmaster was promoted on August 02, 2008. If the office has a noncareer PMR(s), they may be separated from the Postal Service; however, attempts will be made to reassign the employee(s) to a nearby facility. No other employee(s) will be adversely affected. The workload has declined. Effective and regular service will continue to be provided by rural route service.

The Old Chatham Post Office provided delivery and retail service to 154 PO Box or general delivery customers and 345 delivery route customers. The daily retail window transactions averaged 27. There are two permit mailers or postage meter customers.

There will no longer be a retail outlet in the community. However, delivery and retail services may be available from a rural or contract delivery carrier, which could alleviate the need to travel to a Post Office for service. The Postal Service will save an estimated $28,567 annually. A disadvantage to some will be in meeting the rural or contract delivery carrier to transact business. However, it is not necessary to be present to conduct most Postal Service transactions with rural or contract delivery carrier.

Taking all available information into consideration, the Postal Service has determined that the advantages outweigh the disadvantages and this final determination is warranted.
