Washington, D. C. 20268-0001

Dear Commissioners:

I am appealing to you to reconsider the closure of the Ellisburg Post Office. My business has used this address for thirty years. It would be a time consuming task to file a change of address for all of our contacts. The Ellisburg Post Office is where several businesses, including ours, receives and sends mail. Our 911 address is Ellisburg. We do not live in Pierrepont Manor or Mannsville. We live in Ellisburg. Also, the Ellisburg building is newer than the Pierrpont Manor Post Office.

I understand the need to trim the Postal Service budget. I also respect your determination that the advantages of closing the Ellisburg Post Office outweigh the the disadvantages. However, I do not feel that you are taking into consideration that Ellisburg is the Town seat. The Town of Ellisburg, as well as, the incorporated Village of Ellisburg are governed from here. We are Ellisburg and we want to remain Ellisburg. Please do not take away our address.

Sincerely,
Joseph T. Hart
