Instructions

1. Enter current evaluated office level.
2. Enter the 6 digit post office finance number.
3. Enter number of general delivery families served.
4. Enter total number of post office boxes and call boxes *rented*. Do not confuse with the total number available. This total should include boxes rented at classified stations/branches as well as the main office including GPO's.
5. Enter total possible city deliveries. The total reported should equal the total possible deliveries shown on Form 1621, *Carrier Route Report*, for the previous accounting period.
6. Enter the number of administrative boxes served. This is the number of rural route boxes served, within your ZIP Code ONLY by carriers administratively reporting to you. Do not include boxes on the routes which are in the ZIP Code of an intermediate office.
7. Enter the number of intermediate rural boxes served. This is the number of rural boxes, within your ZIP Code, served by a carrier administratively reporting to another postmaster. For credit, the mail must be incoming to your office and separated to the routes within your ZIP Code by you or your employees prior to carrier sequencing.
8. Enter the number of intermediate rural boxes for which you are administratively responsible. This is the number of boxes served by a carrier administratively responsible to you, but which are located in the ZIP Code for another office.
9. Enter the number of administrative highway contract star route boxes served. This is the total number of star route boxes served within your ZIP Code ONLY by a contractor for whom you have administrative responsibility. Do not include boxes on the routes which are in the same ZIP Code of an intermediate office.
10. Enter the number of intermediate highway contract star route boxes served. This is the total number of star route boxes served within your ZIP Code ONLY by a contractor who administratively reports to another Postmaster. For credit the mail must be incoming to your office and separated to the contract route by you or your employees.
11. Enter the number of intermediate highway contract star route boxes for which you are administratively responsible. This is the number of boxes served by a contractor for whom you are administratively responsible and which are located in the ZIP Code of another office.
12. Enter the number of classified stations and/or branches that have carrier delivery service.
13. Enter the number of classified finance stations and/or branches *(without carrier delivery service)* staffed by postal employees.
14. Enter the total number of contract stations, rural stations and community post offices.
    (a) A contract station is a detached finance unit manned by non-postal employees.
    (b) A rural station is a post office box delivery unit serviced by a rural carrier.
    (c) A community post office is a contract unit which provides service in a small community.
15. To receive credit for a seasonal workload increase the items shown on the seasonal workload portion of the form must show a 25% increase and must last for a minimum of 8 weeks. The Christmas Season is not to be considered as a seasonal workload increase. Should your office have a seasonal workload increase you should enter the exact number of weeks the season lasts and complete the seasonal workload portion of the form in its entirety.

Window Transaction Survey

Window Transaction Survey

PO Name: WEST LEYDEN ZIP+4: 13489 - 9998 Completed By: V3TMD0

Survey Period: 03/05/2011 through 03/18/2011

Record the number of retail window transactions in the appropriate columns for each day. Consider a sale of stamps as one transaction. A sale of stamps and a money order is two transactions. Do not record the handing out over the counter of box mail, general delivery mail, or carrier mail. Instead of this worksheet, you may use PS Form 2007-A, Window Transaction Record; PS Form 2007-B, Window Transaction Conversion; and PS Form 2007-C, Window Transaction Survey. Use hash marks (////) for daily entries in the columns. To obtain the average daily number of transactions, divide the total number of transactions during the survey period by the number of days in the survey. The allowable time per transaction is shown in each column in minutes. To determine the average daily workload in minutes, multiply the number of transactions in each column by the time conversion for that column, total the time conversions for all columns, and divide the total number of minutes by the number of days in the survey period.

POSTAL CUSTOMER
WEST LEYDEN POST OFFICE
WEST LEYDEN, NY 13489

Dear Postal Service Customer:

As the Postal Service manager responsible for all Post Offices in your area, I would like your opinion concerning a possible change in the way your postal service is provided. The recommended change is tentative and will not lead to a formal proposal unless we conclude that it will provide a maximum degree of regular and effective service.

The Postmaster at the West Leyden Post Office retired on 01/01/1900. The Office is being studied for possible closing or consolidation for the following reasons: This is a management initiated study to determine if regular and effective service can be provided through alternate channels.

Briefly, we would like to provide pickup and delivery of your mail, as well as the sale of stamps and all other customary postal services, by rural route service emanating from the Boonville Post Office.

We estimate that carrier service would cost the Postal Service substantially less than maintaining the Post Office in your community and still provide regular and effective service. Enclosed is information about some of the services available from the carrier. Retail services are also available at the Boonville Post Office, located 7.0 miles away. Hours of service at this office are 08:30 to 12:30 and 13:30 to 17:00, Monday through Friday, and 09:00 to 12:00 on Saturday. Post Office box service is available at this location at increased fees.

SERVICES AVAILABLE FROM RURAL AND HIGHWAY CONTRACT ROUTE CARRIERS: * Mailing Packages, * Purchasing Stamps by Mail, * Purchasing Postal Money Orders, * Special Services, * Holding Mail. Customers who retain their PO Box or currently have street delivery WILL NOT be required to change their address. ONLY customers electing to close their PO Box and begin street delivery would be required to change their address, if a final determination is made to close or consolidate this office.

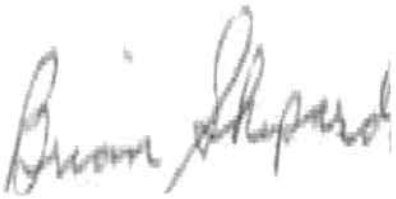
I invite you to think about a possible change to rural route service. Please return the enclosed questionnaire by 05/12/2011 using the pre-addressed envelope provided or at the community meeting.

You may, of course, want to discuss this form of service with us before drawing any conclusions. Postal representatives will be at the West Leyden Post Office lobby (Open House style format) arrive anytime on Thursday, May 12, 2011 from 8:00 am to 10 am to answer questions and provide information about our service. You may wish to discuss and submit your questionnaire at that time.

If you have any questions, you may call Nadine Tremblay at (518) 452-4085.

Thank you for your assistance.

Sincerely,



BRIAN SHEPARDSON

UNITED STATES POSTAL SERVICE

SUMMARY OF POST OFFICE CHANGE REGULATIONS

Certain regulations based on federal law apply when postal managers propose to replace a Post Office with an alternate form of postal service. These regulations are designed to ensure that the reasons for proposing such changes in postal service are fully disclosed at a stage when customers can make helpful contributions toward a final decision. The full text of the statutory provisions appears in Title 39, *United States Code*, Section 404(b), while the implementing regulations appear in Title 39, *Code of Federal Regulations*, Part 241.3.

According to implementing regulations, an initial investigation and any subsequent formal proposal to discontinue a Post Office originate with postal field managers responsible for Post Offices in that area. The proposal must explain the services recommended as substitutes and the rationale that supports this recommendation. The written proposal is prominently posted for 60 days at affected Post Offices, along with an "Invitation for Comments," which formally invites customer comments. At the end of the 60-day comment period, additional review is made at lower and upper levels of postal management.

When a final decision is made at Postal Headquarters in Washington, DC, that decision is posted in affected Post Offices for 30 days, during which customers may appeal the decision to the Postal Regulatory Commission in Washington, DC. The Postal Regulatory Commission has 120 days to consider and decide an appeal. Even without an appeal, no Post Office may be closed sooner than 60 days after the public posting of the final decision.

Notice

Services at the
West Leyden Post Office
are being studied for possible
discontinuance.
Postal Representatives will be at
the West Leyden Post Office
Lobby, 1054 State Route 26 West
Leyden, NY 13489 on 05/12/2011
from 8:00 AM to 10:00 AM to
discuss alternative services
available to the community, the
service you now receive, and what
effect officially discontinuing the
West Leyden Post Office will have
on customers and the community.

We look forward to meeting with
you to discuss this important
matter.

Being Without a local post office in West Leyden Would be a ~~terrible~~ thing.

1 I am a Widow And the post office is just a few steps Away from my household. Walk there every morning to get my Mail!

2 Do you realize how difficult it Would be to travel to Boonville to pick up the mail?

3. This is the Tug Hill Area! Noted for snow, snow & More snow.

A) Not feasible Conditions for a 14 mile round trip during some of our lake effect storms, Windy And ice Covered high ways, White outs And such —

B) Is it not Wiser for 1 Mail truck to bring the mail to our Central location (West Leyden) then for all of us that pick up our mail to travel 14 miles each day to Boonville. With gas the price that it is 4 dollars + it just doesn't make sense.

4 Having a Mail box is not the Answer either. First of all it Would get buried here in town or Would end up flying threw the air When the snow plow hits it. The State has a side Walk on either side of the road Going thru town so no Way Could there be a mail box next to the high Way in the first place

Lets be sensible And Continue to keep West Leyden's Post Office Open. Thank you

Arlene Ernst po Box 112

This proposal would be a great hardship for any one living and working in the community. Being a senior citizen the thought of having to drive these horrific roads during our winter months, with the extensive truck traffic, to meet my postal needs, terrifies me. I fear USPS packages would now go UPS.

Dear Mr. Shepardson:

Attached please view the copies which indicate that I applied for rural deliver in July of 2009. At that point the response letters indicated that I was approved, but I was further denied by the Boonville Post Master for such delivery. It was due to the fact the mail delivery personnel would have to make a left-hand turn off Osceola Road onto Goodhines Road. So, presently I am not permitted to have rural delivery, but was granted a postal box free of charge. I was offered the option of having a mailbox positioned on the Osceola Road versus at my residence, 1332 Goodhines Road. I declined that option due to the fact that I am 70 years old and on disability and unable to make two trips out to the highway in order to provide snow removal in the morning and pick up my mail in the afternoon.

So, the closure of the West Leyden Post Office would not affect me if I was granted rural delivery to my residence at 1332 Goodhines Road and not on the highway, Osceola Road. If rural delivery is not permissible, I would be greatly affected by the closure of the West Leyden Post Office because I would have to travel to the Ava Post Office which is closer than the Boonville Post Office which is 13 miles from my residence. With the price of gas being approximately $4.00 a gallon, that can get to be quite costly and not to mention, time consuming.

Thank you for your time in this matter.

Sincerely,

Lawrence Valade

stop Saturday delivery
Consolidate with Ava, NY
note - I would probably use UPS more than I do & pay all bills online

We are a very small community.
All we have is Elementary School,
2 churches & Quick stop + a bar.
If you close the Post Office. SOON to
follow will be the school. The board
has been trying to close this school.
If they have to travel to Booneville To
get there mail, To get stamps or other
reason they will probably close the school.
The catholic church ~~has~~ has found out we
going down to one mass. The same
week, you want close the Post Office.
This town will die.

DOCKET NO. 38708-13489
ITEM NO. 22
PAGE 1 of 2 92

How do we get our mail.
I live in town where I cannot put
box on the side of the road.
We have charge are addresses.
I am tax collector, I get alot of
mail, I mail over 500 hundred
letters. I buy 600-700 hundred stamps.
Now I will have to travel. To do
all this.
I am disable on a fix income. TRAVELING
every day to get my mail. Is not
option for me.
Maybe you should think of a better
way to save money & surethere is
one.

Sincerely Christy Smith

I believe the post office in town is a waste of money to the tax payers, its just a place for people to bump into one another and say Hi, I believe you would save a lot of money closing it, plus you wouldn't have to pay someone to plow in front of it 2 a day in the winter. Myself I can't believe its been open for as long as it has been and to being rented out to boot, if anything a building should have been built 40 yrs ago. Closing the post office is a very good Idea. Thank you

I would hate to see our post office close. I live in a household with my 7 children & my husband's home office. We use the mail service on a daily basis. We also live on a road that is plowed heavily from November through March, which would not allow for a P.O. mailbox, due to the large amount of snow. Also, because this is a State Rd, we are not recognized by UPS (some glitch in their system) so use USPS for most of our shipping. This would be a great inconvenience to us.

We mail packages on a regular basies to family out of the country and across the country. Without this post office this would become very inconvinient. We only have one car and would have to do this type of stuff on Saturdays. My husband works one weekend out of the month

We went on a trip last summer to Mississippi for my husbands work. Barb here at this post office was invaluable in working with us to send mail and also try to help find some lost mail.

We all enjoy our local post office and the relationship we have with our post mistress. She has always been extremely helpful in working with us whatever the situation.

We just got our P.O. Box in October so we would have to change all our mailing info. already!

We don't want to go out of our way everyday to get our mail.

and...

We don't want to drive by the nasty dump either.

Thanks!

West Leyden is a small community and any loss is devastating. We have pride in our post office. It brings neighbors together each day. The service there has been excellent. There is several senior citizens that use this post office that would not be able to get anywhere else, especially in the winter

To Whom it Concerns!

Comments on possible closing of the West Leyden Post Office.

- **Ouch!** You really know how to hurt a community. The post office is the center of our town. People meet there, feel like a family there and get EXCELLENT service there. A lot of our community members do not travel regularly or daily to other cities, towns and I am one of them. I have even cut back because of gasoline cost.

- I am confined to a wheelchair and have been for 33 years. I have also lived in this community all my life. During this time, I have never felt unwanted in that post office because the postmasters have always been accommodating to me even to the point of bringing my mail, packages, stamps, etc. and handing it to me directly in my van . If I needed certified letters sent , the forms were brought directly to me in my van. I don't know how I would get this service anywhere else.

- We have a public school right around the corner from the post office that requires daily mailings of letters and packages . It is also on the receiving end of many packages and letters.

- Rural Mail possibilities... For me , this will be a total nightmare. My wheelchair **does not go** in the snow therefore how will I get to a mailbox down by the end of a driveway! I will never have my mail in the winter.

- People pay rent for mailboxes in the post office. I never could understand why rural delivery is free. Why is that? Why not charge a yearly fee to all rural mailboxes.

- **MONEY...**Do you realize the amount of money you will be soaking into gas for these rural deliveries? Needless to say, the amount of money local people will have to spend traveling to Boonville, Rome or wherever to get packages, stamps, certify letters. GAS IS NOT CHEAP ANYMORE. This is not cost effective.

- What happened to the thought of closing the post offices on Saturday? That makes more sense then disrupting the lives of so many people.

- **Please reconsider closing our post office. We need it!**

This proposal would be a great hardship for any one living and working in the community. Being a senior citizen the thought of having to drive these horrific roads during our winter months, with the extensive truck traffic, to meet my postal needs, terrifies me. I fear USPS packages would now go UPS.

(1) Please consida eliminating Saturday mail nationwide - this should save a lot of money

(2) RFD should be a thing of the past. Why not charge for rural delivery the same amounts as renting a PO box

(3) Increase the cost for bulk mailing - maybe junk mail would decrease

(4) Post office official at West Leyden from 8am - 10am does not give any working person the opportunity to discuss the change in service

(5) Closing West Leyden Post Office seems like another example of rural bigotry -- just the same as Oneida. Herkimer Solid Waste Authority building a dump on the edge of Lewis County -- How many Post offices are being closed in Chicago, Washington, etc? Even if there are PO's being closed in cities, I'm sure the nearest PO is less than 7 miles away.

My husband & I reside at

25 miles from the Taberg Post. office.

Help me to understand how you can justify closing a post office when a rural carrier from this Post Office could deliver ~~over~~ mail at a short distance + time then the current postal carrier from Taberg. Our current carrier travels from her last mail box on Creek rd Taberg to Osceola rd, Gallo rd (2 miles)

There are 10-20 families that are effected by this address- Osceola rd Taberg. Many other carriers find it difficult to locate our homes because of this. See Enclosed Map

To Whom It May Concern:

I am writing this in regard to the closing of W.L. P.O. I use this P.O. as I live on RT26 and the plan destroys all of the boxes I have put up. I need this service.

With the price of gas rising, the extra trip to Camillus or Fay are prohibitive. This office is open early - helping people on their way to and from work. It is centrally located (RT26, RT290, & county roads).

My private life situation is also more secure with a post office box here. I buy all of my mailing needs in West Leyden, as does my family.

As I talk with my neighbors, I find we are all upset. And, we are seeing our costs and time going beyond what we can do. Please reconsider, please re-evaluate our needs.

Thank you,
Karen Bauer

- There are several guidelines which must be met prior to a road being approved for delivery. The road to be traveled must be at least 14 feet wide and maintained at all times of the year. It cannot dead end in a private driveway even if the drive is maintained by a municipality. There must be a suitable turning point provided for the carrier, preferably with no backing. If backing is involved, there are other guidelines to adhere to. If backing is necessitated, the Postmaster must verify it is in a low-traffic area and there are no children in the immediate vicinity on a regular basis. There must also be a minimum of one family per one-half mile of travel.

Stamps are also available at many stores and gas stations where customers may already shop, online at usps.com, or by calling 1-800-STAMP-24.

- Customers are not required to travel to another post office to receive mail or obtain retail services. These services will be provided by the carrier to a roadside mailbox located close to customers' residences. In hardship cases, delivery can be made to the home of a customer. Changes in the type of delivery are considered where service by existing methods would impose an extreme physical hardship for an individual customer. Any request for a change in delivery method must be submitted in writing to the Boonville postmaster.

- Carrier service can be and, in this case, is more cost-effective than maintaining a postal facility and a postmaster position. The Postal Service estimates an annual savings with this change.

If it is determined that a discontinuance of the West Leyden Post Office should be pursued, a formal proposal will be posted in the Boonville Post Office and West Leyden Post Office at a later date. In response to your letter:

- Rural carriers will deliver packages that fit in your rural mail box, if the package does not fit in the mail box, the carrier will deliver the package up to ½ mile off of the line of travel, at a designated place, such as on your porch or under a carport. For carrier pick up of packages, you can contact the administrative Post Office, letting the carrier know that you have a package available for pick up. The carrier can deviate from the line of travel in order to receive packages. The rural carrier will accept letters, flats or packages up to 13 ounces for mailing. The carrier will estimate the cost and provide a receipt for any money received. On the following delivery day the carrier will provide change or a bill for the amount over the estimate. Packages over 13 ounces may be picked up if the postage was printed online or with a traceable meter.

Dear Postal Service Customer:

Thank you for returning your questionnaire concerning the proposed discontinuance of the West Leyden Post Office. Your comments, along with others received, will be included in the official record and considered carefully before further action is taken.

In response to your letter:

- The top priority of the Postal Service is to provide mail service in the most efficient manner possible because all of our costs are reflected in postage rates customers must pay. Delivery costs are one of our biggest expenses, so you can be assured that careful thought is given to the structure of each route. A customer's location on a carrier's line of travel determines the time of day mail is delivered. This, of course, precludes providing early delivery of mail to every customer because, no matter how we structure a route, somebody must be last. We do, however, carefully consider the volume of mail for each route so that we can deliver the greatest amount of mail at the earliest possible hour. With the largest fleet of delivery vehicles in the world, to minimize vehicle and fuel expenses we must also pay special attention to energy conservation measures. When the price of gasoline goes up one cent per gallon our total gasoline cost rises more than $1 million. Therefore, when structuring a route, we must balance our goal to deliver as much mail as possible as early as possible with the need to minimize the travel distance a route must cover. We do regret the inconvenience to customers who would like, but cannot receive, early mail delivery. For those customers we offer alternative delivery services, such as Post Office box service that provide access to their mail earlier and throughout the day.

In response to your letter:

- Customers are not required to travel to another post office to receive mail or obtain retail services. These services will be provided by the carrier to a roadside mailbox located close to customers' residences. In hardship cases, delivery can be made to the home of a customer. Changes in the type of delivery are considered where service by existing methods would impose an extreme physical hardship for an individual customer. Any request for a change in delivery method must be submitted in writing to the Boonville postmaster.

Dear Postal Service Customer:

Thank you for returning your questionnaire concerning the proposed discontinuance of the West Leyden Post Office. Your comments, along with others received, will be included in the official record and considered carefully before further action is taken.

In response to your letter:

- Post offices are reviewed on a case-by-case basis. When there is a vacancy in a small office, it is customary to conduct a study of the business activity and investigate the feasibility of providing service by alternate means.
- Customers who retain their PO Box or currently have street delivery WILL NOT be required to change their address. ONLY customers electing to close their PO Box and begin street delivery would be required to change their address, if a final determination is made to close or consolidate this office. 911 addresses are generally given by the county's 911 coordinator. The Postal Service does not establish 911 addresses. Any questions concerning your 911 address should be directed to the county's 911 coordinator.

In response to your letter:

- There are several guidelines which must be met prior to a road being approved for delivery. The road to be traveled must be at least 14 feet wide and maintained at all times of the year. It cannot dead end in a private driveway even if the drive is maintained by a municipality. There must be a suitable turning point provided for the carrier, preferably with no backing. If backing is involved, there are other guidelines to adhere to. If backing is necessitated, the Postmaster must verify it is in a low-traffic area and there are no children in the immediate vicinity on a regular basis. There must also be a minimum of one family per one-half mile of travel.

PO BOX 520
WEST LEYDEN, NY 13489

Dear Postal Service Customer:

Thank you for returning your questionnaire concerning the proposed discontinuance of the West Leyden Post Office. Your comments, along with others received, will be included in the official record and considered carefully before further action is taken.

In response to your letter:

- Collection of mail will be made by the carrier when serving the route. The customer should raise the flag on the mailbox to alert the carrier that outgoing mail is to be collected from the mailbox.

- Retail services provided at the post office are available from the carrier. Most transactions do not require meeting the carrier at the mailbox. Stamps by Mail and Money Order Application forms are available for customer convenience. Listed below are some services available from the carrier and how to obtain them.

PURCHASING STAMPS BY MAIL
The Stamps by Mail Program provides customers the opportunity to purchase stamps, envelopes, and postal cards by using Form 3227-R, Stamp Purchase Order (Rural), available from the post office or the carrier. Commemorative stamps and stamp collecting products are also available. The customer addresses the postage paid order form envelope, encloses payment by personal check or postal money order made payable to the US Postal Service, and mails the form (postage-free) or leaves it in the mailbox for the carrier to pick up. Most orders are processed overnight, and some immediately.

PURCHASING POSTAL MONEY ORDERS
Customers may purchase money orders by meeting the carrier at the mailbox, completing an application, and paying the carrier (in cash) the price of the money order, plus the fee. The carrier gives the customer a receipt for the application. The money order is completed when the carrier returns to the post office, and a money order receipt is left in the customer's mailbox on the next delivery day. Most customers provide the carrier with a stamped, self-addressed envelope in which the completed money order is mailed to its destination. If customers prefer, the completed money orders will be returned for verification on the next delivery day.

SPECIAL SERVICES
Special services such as certified, registered, Express Mail, delivery confirmation, signature confirmation, and COD may be obtained from the carrier by leaving a note in the mailbox, along with the appropriate payment. The carrier will provide the services that day and leave a customer receipt in the mailbox on the next delivery day.

HOLDING MAIL
Customers who will be away for an extended time, such as a vacation, may request that their mail be held at the post office during their absence. Upon return the customer asks the post office to resume delivery.

If it is determined that a discontinuance of the West Leyden Post Office should be pursued, a formal proposal will be posted in the Boonville Post Office and West Leyden Post Office at a later date. If you have additional questions or comments, please feel free to contact Nadine Tremblay at (518) 452-4085.

Dear Postal Service Customer:

Thank you for returning your questionnaire concerning the proposed discontinuance of the West Leyden Post Office. Your comments, along with others received, will be included in the official record and considered carefully before further action is taken.

In response to your letter:

- The top priority of the Postal Service is to provide mail service in the most efficient manner possible because all of our costs are reflected in postage rates customers must pay. Delivery costs are one of our biggest expenses, so you can be assured that careful thought is given to the structure of each route. A customer's location on a carrier's line of travel determines the time of day mail is delivered. This, of course, precludes providing early delivery of mail to every customer because, no matter how we structure a route, somebody must be last. We do, however, carefully consider the volume of mail for each route so that we can deliver the greatest amount of mail at the earliest possible hour. With the largest fleet of delivery vehicles in the world, to minimize vehicle and fuel expenses we must also pay special attention to energy conservation measures. When the price of gasoline goes up one cent per gallon our total gasoline cost rises more than $1 million. Therefore, when structuring a route, we must balance our goal to deliver as much mail as possible as early as possible with the need to minimize the travel distance a route must cover. We do regret the inconvenience to customers who would like, but cannot receive, early mail delivery. For those customers we offer alternative delivery services, such as Post Office box service that provide access to their mail earlier and throughout the day.

Thank you for returning your questionnaire concerning the proposed discontinuance of the West Leyden Post Office. Your comments, along with others received, will be included in the official record and considered carefully before further action is taken.

In response to your letter:

- Customers are responsible for mailbox installation and maintenance. Mailboxes must be placed so that they may be safely and conveniently served by the carrier and must be located on the right-hand side of the road in the direction of the carrier's travel. Mailbox supports should conform to state laws and highway regulations. The Postal Service recommends that customers contact the Boonville postmaster or carrier for advice on placement of mailboxes and mailbox height and supports.

- Customers who retain their PO Box or currently have street delivery WILL NOT be required to change their address. ONLY customers electing to close their PO Box and begin street delivery would be required to change their address, if a final determination is made to close or consolidate this office. 911 addresses are generally given by the county's 911 coordinator. The Postal Service does not establish 911 addresses. Any questions concerning your 911 address should be directed to the county's 911 coordinator 911 addresses are generally given by the county's 911 coordinator. Dear Postal Service Customer:

Thank you for returning your questionnaire concerning the proposed discontinuance of the West Leyden Post Office. Your comments, along with others received, will be included in the official record and considered carefully before further action is taken.

In response to your letter:

- Retail services provided at the post office are available from the carrier. Most transactions do not require meeting the carrier at the mailbox. Stamps by Mail and Money Order Application forms are available for customer convenience. Listed below are some services available from the carrier and how to obtain them.

PURCHASING STAMPS BY MAIL
The Stamps by Mail Program provides customers the opportunity to purchase stamps, envelopes, and postal cards by using Form 3227-R, Stamp Purchase Order (Rural), available from the post office or the carrier. Commemorative stamps and stamp collecting products are also available. The customer addresses the postage paid order form envelope, encloses payment by personal check or postal money order made payable to the US Postal Service, and mails the form (postage-free) or leaves it in the mailbox for the carrier to pick up. Most orders are processed overnight, and some immediately.

PURCHASING POSTAL MONEY ORDERS
Customers may purchase money orders by meeting the carrier at the mailbox, completing an application, and paying the carrier (in cash) the price of the money order, plus the fee. The carrier gives the customer a receipt for the application. The money order is completed when the carrier returns to the post office, and a money order receipt is left in the customer's mailbox on the next delivery day. Most customers provide the carrier with a stamped, self-addressed envelope in which the completed money order is mailed to its destination. If customers prefer, the completed money orders will be returned for verification on the next delivery day.

SPECIAL SERVICES
Special services such as certified, registered, Express Mail, delivery confirmation, signature confirmation, and COD may be obtained from the carrier by leaving a note in the mailbox, along with the appropriate payment. The carrier will provide the services that day and leave a customer receipt in the mailbox on the next delivery day.

HOLDING MAIL
Customers who will be away for an extended time, such as a vacation, may request that their mail be held at the post office during their absence. Upon return the customer asks the post office to resume delivery.

- Please contact the Boonville postmaster to determine the proper mailbox location and installation method that would help alleviate this concern. Placing the mailbox on a long, swinging, horizontal pipe is one method often used to avoid damage by snowplows.

Postal Concerns

The following postal concerns were expressed

1. Concern (No Opinion):
Customer expressed a concern about package delivery and pickup

   Response:
   Rural carriers will deliver packages that fit in your rural mail box, if the package does not fit in the mail box, the carrier will deliver the package up to ½ mile off of the line of travel, at a designated place, such as on your porch or under a carport.

2. Concern (No Opinion):
Customer expressed a concern about rural bigotry.

   Response:
   You expressed a concern about rural bigotry. . Closing small offices is one step of many which are being examined and, depending on circumstances, initiated. Other reorganization initiatives include reducing adminstrative layers, a 20% reduction in adminstrative and executive positions, closing of seven districts and one area office.

3. Concern (No Opinion):
Customer expressed a concern about their 911 address

   Response:
   911 addresses are generally given by the county's 911 coordinator. The Postal Service does not establish 911 addresses. Any questions concerning your 911 address should be directed to the county's 911 coordinator.

4. Concern (No Opinion):
Customer questioned why rural delivery is free when customers pay rent for PO Boxes.

   Response:
   The Postal Service must provide one form of free delivery. When street (rural) delivery is not available, customers receive a no-fee PO Box. Customers that pay a fee for a PO box have the option of street delivery.

5. Concern (No Opinion):
Customer suggested closing the post office on Saturdays.

   Response:
   The Senate subcommittee chairman introduced a bill that addresses the financial issues confronting the Postal Service. Among other provisions, the proposal authorizes a transition to a 5-day delivery schedule. At this stage, it is still a bill.

6. Concern (No Opinion):
Customer suggested increasing the cost for bulk mailing.

   Response:
   Your suggestion has been duly noted and added to the official record.

7. Concern (No Opinion):
Customers asked why their post office was being discontinued while others were retained

   Response:
   Post offices are reviewed on a case-by-case basis. When there is a vacancy in a small office, it is customary to conduct a study of the business activity and investigate the feasibility of providing service by alternate means.

8. Concern (No Opinion):
Customers expressed a concern that the meeting time did not permit residents an opportunity to ask questions or raise concerns.

   Response:
   There are a number of posting requirements and comment periods before any final decision or implementation would be made. All customers will have several opportunities to ask questions and make comments.

9. Concern (No Opinion):
Customers expressed concern about collection of outgoing mail

   Response:
   Collection of mail will be made by the carrier when serving the route. The customer should raise the flag on the mailbox to alert the carrier that outgoing mail is to be collected from the mailbox.

10. Concern (No Opinion):
Customers expressed concern about having to erect a rural mailbox

    Response:
    Customers are not required to erect rural mailboxes. Customers may receive PO Box service from the Boonville Post Office located 7 miles away. Customers who retain their PO Box WILL NOT be required to change their address.

11. Concern (No Opinion):
Customers expressed concern for those customers with disabilities who are not able to go to Boonville Post Office to pick up their mail

    Response:
    Customers are not required to travel to another post office to receive mail or obtain retail services. These services will be provided by the carrier to a roadside mailbox located close to customers' residences. In hardship cases, delivery can be made to the home of a customer. Changes in the type of delivery are considered where service by existing methods would impose an extreme physical hardship for an individual customer. Any request for a change in delivery method must be

submitted in writing to the Boonville postmaster.

12. Concern (No Opinion):
Customers inquired about mailbox installation and maintenance

Response:
Customers are responsible for mailbox installation and maintenance. Mailboxes must be placed so that they may be safely and conveniently served by the carrier and must be located on the right-hand side of the road in the direction of the carrier's travel. Mailbox supports should conform to state laws and highway regulations. The Postal Service recommends that customers contact the Boonville postmaster or carrier for advice on placement of mailboxes and mailbox height and supports.

13. Concern (No Opinion):
Customers questioned the economic savings of the proposed discontinuance

Response:
Carrier service is more cost-effective than maintaining a postal facility and postmaster position. The Postal Service estimates an positive annual savings.

14. Concern (No Opinion):
Customers said they would miss the special attention and assistance provided by the personnel at the West Leyden Post Office.

Response:
The Boonville Post Office will continue to provide courteous and helpful service. Special assistance will be provided as needed.

15. Concern (No Opinion):
Customers were concerned about a change of address

Response:
Customers who retain their PO Box or currently have street delivery WILL NOT be required to change their address. ONLY customers electing to close their PO Box and begin street delivery would be required to change their address, if a final determination is made to close or consolidate this office. 911 addresses are generally given by the county's 911 coordinator. The Postal Service does not establish 911 addresses. Any questions concerning your 911 address should be directed to the county's 911 coordinator 911 addresses are generally given by the county's 911 coordinator. The Postal Service does not establish 911 addresses. Any questions concerning your 911 address should be directed to the county's 911 coordinator.

16. Concern (No Opinion):
Customers were concerned about having to make an address change on their bank checks and stationery

Response:
Customers who retain their PO Box or currently have street delivery WILL NOT be required to change their address. ONLY customers electing to close their PO Box and begin street delivery would be required to change their address, if a final determination is made to close or consolidate this office. 911 addresses are generally given by the county's 911 coordinator. The Postal Service does not establish 911 addresses. Any questions concerning your 911 address should be directed to the county's 911 coordinator.

17. Concern (No Opinion):
Customers were concerned about later delivery of mail

Response:
A customer's location on a carrier's line of travel determines the time of day mail is delivered. This, of course, precludes providing early delivery of mail to every customer because, no matter how we structure a route, somebody must be last. We do, however, carefully consider the volume of mail for each route so that we can deliver the greatest amount of mail at the earliest possible hour. With the largest fleet of delivery vehicles in the world we must pay special attention to energy conservation measures, to minimize vehicle and fuel expenses. When the price of gasoline goes up one cent per gallon our total gasoline cost rises more than $8 million. Therefore, when structuring a route, we must balance our goal to deliver as much mail as possible as early as possible with the need to minimize the travel distance a route must cover.

18. Concern (No Opinion):
Customers were concerned about mail security

Response:
Customers may place a lock on their mailboxes. The mailbox must have a slot large enough to accommodate the customer's normal daily mail volume. The Postal Service does not open mailboxes which are locked and does not accept keys for this purpose.

19. Concern (No Opinion):
Customers were concerned about obtaining services from the carrier

Response:
Retail services provided at the post office are available from the carrier. Most transactions do not require meeting the carrier at the mailbox. Stamps by Mail and Money Order Application forms are available for customer convenience. Listed below are some services available from the carrier and how to obtain them.

PURCHASING STAMPS BY MAIL
The Stamps by Mail Program provides customers the opportunity to purchase stamps, envelopes, and postal cards by using Form 3227-R, Stamp Purchase Order (Rural), available from the post office or the carrier. Commemorative stamps and stamp collecting products are also available. The customer addresses the postage paid order form envelope, encloses payment by personal check or postal money order made payable to the US Postal Service, and mails the form (postage-free) or leaves it in the mailbox for the carrier to pick up. Most orders are processed overnight, and some immediately.

PURCHASING POSTAL MONEY ORDERS
Customers may purchase money orders by meeting the carrier at the mailbox, completing an application, and paying the carrier (in cash) the price of the money order, plus the fee. The carrier gives the customer a receipt for the application. The money order is completed when the carrier returns to the post office, and a money order receipt is left in the customer's mailbox on the next delivery day. Most customers provide the carrier with a stamped, self-addressed envelope in which the completed money order is mailed to its destination. If customers prefer, the completed money orders will be returned for verification on the next delivery day.

SPECIAL SERVICES
Special services such as certified, registered, Express Mail, delivery confirmation, signature confirmation, and COD may be obtained from the carrier by leaving a note in the mailbox, along with the appropriate payment. The carrier will provide the services that day and leave a customer receipt in the mailbox on the next delivery day.

HOLDING MAIL
Customers who will be away for an extended time, such as a vacation, may request that their mail be held at the post office during their absence. Upon return the customer asks the post office to resume delivery.

20. Concern (No Opinion):
Customers were concerned about senior citizens

Response:
Carrier service is beneficial to many senior citizens and those who face special challenges because the carrier can provide delivery and retail services to . Customers do not have to make a special trip to the post office for service. Special provisions are made for hardship cases or special customer needs. To request an exception for hardship delivery, customers may contact the Boonville postmaster for more information.

21. Concern (No Opinion):
Customers were concerned about the mailboxes being damaged by snowplows

Response:
Please contact the Boonville postmaster to determine the proper mailbox location and installation method that would help alleviate this concern. Placing the mailbox on a long, swinging, horizontal pipe is one method often used to avoid damage by snowplows.

22. Concern (No Opinion):
No Concern

Response:

23. Concern (No Opinion):
You expressed a concern that they requested and were denied rural delivery service

Response:
There are several guidelines which must be met prior to a road being approved for delivery. The road to be traveled must be at least 14 feet wide and maintained at all times of the year. It cannot dead end in a private driveway even if the drive is maintained by a municipality. There must be a suitable turning point provided for the carrier, preferably with no backing. If backing is involved, there are other guidelines to adhere to. If backing is necessitated, the Postmaster must verify it is in a low-traffic area and there are no children in the immediate vicinity on a regular basis. There must also be a minimum of one family per one-half mile of travel.

24. Concern (No Opinion):
You were concerned about having to travel to another post office for service

Response:
Services provided at the post office will be available from the carrier, and customers will not have to travel to another post office for service. Most transactions do not require meeting the carrier at the mailbox. Stamps by Mail and Money Order Application forms are available for customer convenience.

Nonpostal Concerns

The following nonpostal concerns were expressed

1. Concern (No Opinion):
Customers expressed concern for loss of community identity

Response:
A community's identity derives from the interest and vitality of its residents and their use of its name. The Postal Service is helping to preserve community identity by continuing the use of the West Leyden Post Office name and ZIP Code in addresses and in the National Five-Digit ZIP Code and Post Office Directory.

2. Concern (No Opinion):
Customers were concerned about the loss of a gathering place and an information center.

Response:
Residents may continue to meet informally, socialize, and share information at the other businesses, churches and residences in town.

4. Concern (No Opinion):
   Customers felt inclement weather and poor road conditions might impede delivery

   Response:
   Both inclement weather and heavy mail volume can cause deviations from the normal delivery schedule. However, the carrier is required to provide a vehicle of adequate size, equipped with necessary equipment (chains or snow tires, warning lights or signs, etc.) to serve the route safely and efficiently and in accordance with federal, state, and local motor vehicle laws and regulations.

5. Concern (No Opinion):
   Customers were concerned about the mailboxes being damaged by snowplows

   Response:
   Please contact the Boonville postmaster to determine the proper mailbox location and installation method that would help alleviate this concern. Placing the mailbox on a long, swinging, horizontal pipe is one method often used to avoid damage by snowplows.

6. Concern (No Opinion):
   Customers were concerned about obtaining accountable mail and large parcels

   Response:
   If you live less than one-half mile from the line of travel, the carrier will attempt delivery of accountable items and large parcels to the customer's residence. If the live over one-half mile away or is not home when delivery is attempted, a notice will be left in the mailbox. Large parcels will be left outside the mailbox or at a designated location or a notice will be left in the mailbox. Attempted delivery items will be taken back to the Boonville Post Office. Customers may pick up the item at the post office, request redelivery on another day or authorize delivery to another party.

7. Concern (No Opinion):
   Customers expressed concern for those customers with disabilities who are not able to go to Boonville Post Office to pick up their mail

   Response:
   Customers are not required to travel to another post office to receive mail or obtain retail services. PROPOSAL TO CLOSE THE WEST LEYDEN, NY POST OFFICE AND EXTEND SERVICE BY RURAL ROUTE SERVICE

DOCKET NUMBER 1387082 - 13489

I. RESPONSIVENESS TO COMMUNITY POSTAL NEEDS

The Postal Service is proposing to close the West Leyden, NY Post Office and provide delivery and retail services by rural route service under the administrative responsibility of the Boonville Post Office, located seven miles away.

The postmaster position became vacant when the postmaster is reassigned on January 01, 2009. Since the postmaster vacancy an OIC has been installed to operate the office. Postmaster level and office service hours are determined by a workload analysis which includes the number of deliveries and revenue.

The office is being studied for possible closing or consolidation due to the following reasons: This is a management initiated study to determine if regular and effective service can be provided through alternate channels.

The West Leyden Post Office, an EAS-13 level, provides service from 07:30 to 11:30 and 13:00 to 16:45 Monday - Friday , 08:30 to 11:30 Saturday and lobby hours of 7:30 to 17:00 on Monday - Friday and 08:30 to 11:30 on Saturday to 165 post office box customers and 138 delivery customers. Retail services included the sale of stamps, stamped paper, and money orders; special services such as Registered Mail, Certified Mail, Insured Mail, COD Mail, and Express Mail services; and the acceptance and dispatch of all classes of mail.

The retail window averaged 21 transaction(s) accounting for 26 minute(s) of retail workload daily. With minimal workload, the Postal Service feels that effective and regular service will be provided by rural route service. Office receipts for the last 3 years were: $44,260 (115 revenue units) in FY 2008; $40,481 (106 revenue units) in FY 2009; and $41,807 (109 revenue units) in FY 2010. There were no permit mailer(s) or postage meter customer(s).

On May 12, 2011, representatives from the Postal Service were available at West Leyden Post Office lobby (Open House style format) to answer questions and provide information to customers. 35 customer(s) attended the meeting.

On May 03, 2011, 300 questionnaires were distributed to delivery customers of the West Leyden Post Office. Questionnaires were also available over the counter for retail customers at the West Leyden Post Office. 118 questionnaires were returned. Responses regarding the proposed alternate service were as follows: 8 favorable, 48 unfavorable, and 62 expressed no opinion.

If this proposal is implemented, delivery and retail services will be provided by the Boonville Post Office, an EAS-18 level office. Window service hours at the Boonville Post Office are from 08:30 to 12:30 and 13:30 to 17:00, Monday through Friday, and 09:00 to 12:00 on Saturday. There are 238 post office boxes available.

The following concerns were expressed on the returned questionnaires, at the community meeting, from customer letters, on the petition, and from the congressional inquiry:

1. **Concern:** Customer expressed a concern about package delivery and pickup

   Response: Rural carriers will deliver packages that fit in your rural mail box, if the package does not fit in the mail box, the carrier will deliver the package up to ½ mile off of the line of travel, at a designated place, such as on your porch or under a carport.

2. **Concern:** Customer expressed a concern about rural bigotry.

   Response: The customer expressed a concern about rural bigotry. . Closing small offices is one step of many which are being examined and, depending on circumstances, initiated. Other reorganization initiatives include reducing adminstrative layers, a 20% reduction in adminstrative and executive positions, closing of seven districts and one area office.

3. **Concern:** Customer expressed a concern about their 911 address

   Response: 911 addresses are generally given by the county's 911 coordinator. The Postal Service does not establish 911 addresses. Any questions concerning your 911 address should be directed to the county's 911 coordinator.

4. **Concern:** Customer questioned why rural delivery is free when customers pay rent for PO Boxes.

   Response: The Postal Service must provide one form of free delivery. When street (rural) delivery is not available, customers receive a no-fee PO Box. Customers that pay a fee for a PO box have the option of street delivery.

5. **Concern:** Customer suggested closing the post office on Saturdays.

   Response: The Senate subcommittee chairman introduced a bill that addresses the financial issues confronting the Postal Service. Among other provisions, the proposal authorizes a transition to a 5-day delivery schedule. At this stage, it is still a bill.

6. **Concern:** Customer suggested increasing the cost for bulk mailing.

Response: The customer r suggestion has been duly noted and added to the official record.

7. **Concern:** Customers asked why their post office was being discontinued while others were retained

Response: Post offices are reviewed on a case-by-case basis. When there is a vacancy in a small office, it is customary to conduct a study of the business activity and investigate the feasibility of providing service by alternate means.

8. **Concern:** Customers expressed a concern that the meeting time did not permit residents an opportunity to ask questions or raise concerns.

Response: There are a number of posting requirements and comment periods before any final decision or implementation would be made. All customers will have several opportunities to ask questions and make comments.

9. **Concern:** Customers expressed concern about collection of outgoing mail

Response: Collection of mail will be made by the carrier when serving the route. The customer should raise the flag on the mailbox to alert the carrier that outgoing mail is to be collected from the mailbox.

10. **Concern:** Customers expressed concern about having to erect a rural mailbox

Response: Customers are not required to erect rural mailboxes. Customers may receive PO Box service from the Boonville Post Office located 7 miles away. Customers who retain their PO Box WILL NOT be required to change their address.

11. **Concern:** Customers expressed concern for those customers with disabilities who are not able to go to Boonville Post Office to pick up their mail

Response: Customers are not required to travel to another post office to receive mail or obtain retail services. These services will be provided by the carrier to a roadside mailbox located close to customers' residences. In hardship cases, delivery can be made to the home of a customer. Changes in the type of delivery are considered where service by existing methods would impose an extreme physical hardship for an individual customer. Any request for a change in delivery method must be submitted in writing to the Boonville postmaster.

12. **Concern:** Customers inquired about mailbox installation and maintenance

Response: Customers are responsible for mailbox installation and maintenance. Mailboxes must be placed so that they may be safely and conveniently served by the carrier and must be located on the right-hand side of the road in the direction of the carrier's travel. Mailbox supports should conform to state laws and highway regulations. The Postal Service recommends that customers contact the Boonville postmaster or carrier for advice on placement of mailboxes and mailbox height and supports.

13. **Concern:** Customers questioned the economic savings of the proposed discontinuance

Response: Carrier service is more cost-effective than maintaining a postal facility and postmaster position. The Postal Service estimates an positive annual savings.

14. **Concern:** Customers said they would miss the special attention and assistance provided by the personnel at the West Leyden Post Office.

Response: The Boonville Post Office will continue to provide courteous and helpful service. Special assistance will be provided as needed.

15. **Concern:** Customers were concerned about a change of address

Response:

Customers who retain their PO Box or currently have street delivery WILL NOT be required to change their address. ONLY customers electing to close their PO Box and begin street delivery would be required to change their address, if a final determination is made to close or consolidate this office. 911 addresses are generally given by the county's 911 coordinator. The Postal Service does not establish 911 addresses. Any questions concerning your 911 address should be directed to the county's 911 coordinator 911 addresses are generally given by the county's 911 coordinator. 16. **Concern:**

Customers were concerned about having to make an address change on their bank checks and stationery

Response:

The Postal Service does not establish 911 addresses. Any questions concerning your 911 address should be directed to the county's 911 coordinator.

17. **Concern:**

Customers were concerned about later delivery of mail

Response:

A customer's location on a carrier's line of travel determines the time of day mail is delivered. This, of course, precludes providing early delivery of mail to every customer because, no matter how we structure a route, somebody must be last. We do, however, carefully consider the volume of mail for each route so that we can deliver the greatest amount of mail at the earliest possible hour. With the largest fleet of delivery vehicles in the world we must pay special attention to energy conservation measures, to minimize vehicle and fuel expenses. When the price of gasoline goes up one cent per gallon our total gasoline cost rises more than $8 million. Therefore, when structuring a route, we must balance our goal to deliver as much mail as possible as early as possible with the need to minimize the travel distance a route must cover.

18. **Concern:**

Customers were concerned about mail security

Response:

Customers may place a lock on their mailboxes. The mailbox must have a slot large enough to accommodate the customer's normal daily mail volume. The Postal Service does not open mailboxes which are locked and does not accept keys for this purpose.

19. **Concern:**

Customers were concerned about obtaining services from the carrier

Response:

Retail services provided at the post office are available from the carrier. Most transactions do not require meeting the carrier at the mailbox. Stamps by Mail and Money Order Application forms are available for customer convenience. Listed below are some services available from the carrier and how to obtain them.

PURCHASING STAMPS BY MAIL
The Stamps by Mail Program provides customers the opportunity to purchase stamps, envelopes, and postal cards by using Form 3227-R, Stamp Purchase Order (Rural), available from the post office or the carrier. Commemorative stamps and stamp collecting products are also available. The customer addresses the postage paid order form envelope, encloses payment by personal check or postal money order made payable to the US Postal Service, and mails the form (postage-free) or leaves it in the mailbox for the carrier to pick up. Most orders are processed overnight, and some immediately.

PURCHASING POSTAL MONEY ORDERS
Customers may purchase money orders by meeting the carrier at the mailbox, completing an application, and paying the carrier (in cash) the price of the money order, plus the fee. The carrier gives the customer a receipt for the application. The money order is completed when the carrier returns to the post office, and a money order receipt is left in the customer's mailbox on the next delivery day. Most customers provide

the carrier with a stamped, self-addressed envelope in which the completed money order is mailed to its destination. If customers prefer, the completed money orders will be returned for verification on the next delivery day.

SPECIAL SERVICES
Special services such as certified, registered, Express Mail, delivery confirmation, signature confirmation, and COD may be obtained from the carrier by leaving a note in the mailbox, along with the appropriate payment. The carrier will provide the services that day and leave a customer receipt in the mailbox on the next delivery day.

HOLDING MAIL
Customers who will be away for an extended time, such as a vacation, may request that their mail be held at the post office during their absence. Upon return the customer asks the post office to resume delivery.

20. **Concern:** Customers were concerned about senior citizens

Response: Carrier service is beneficial to many senior citizens and those who face special challenges because the carrier can provide delivery and retail services to Customers do not have to make a special trip to the post office for service. Special provisions are made for hardship cases or special customer needs. To request an exception for hardship delivery, customers may contact the Boonville postmaster for more information.

21. **Concern:** Customers were concerned about the mailboxes being damaged by snowplows

Response: Please contact the Boonville postmaster to determine the proper mailbox location and installation method that would help alleviate this concern. Placing the mailbox on a long, swinging, horizontal pipe is one method often used to avoid damage by snowplows.

22. **Concern:** You expressed a concern that they requested and were denied rural delivery service

Response: There are several guidelines which must be met prior to a road being approved for delivery. The road to be traveled must be at least 14 feet wide and maintained at all times of the year. It cannot dead end in a private driveway even if the drive is maintained by a municipality. There must be a suitable turning point provided for the carrier, preferably with no backing. If backing is involved, there are other guidelines to adhere to. If backing is necessitated, the Postmaster must verify it is in a low-traffic area and there are no children in the immediate vicinity on a regular basis. There must also be a minimum of one family per one-half mile of travel.

23. **Concern:** You were concerned about having to travel to another post office for service

Response: Services provided at the post office will be available from the carrier, and customers will not have to travel to another post office for service. Most transactions do not require meeting the carrier at the mailbox. Stamps by Mail and Money Order Application forms are available for customer convenience.

24. **Concern:** Customers felt inclement weather and poor road conditions might impede delivery

Response: Both inclement weather and heavy mail volume can cause deviations from the normal delivery schedule. However, the carrier is required to provide a vehicle of adequate size, equipped with necessary equipment (chains or snow tires, warning lights or signs, etc.) to serve the route safely and efficiently and in accordance with federal, state, and local motor vehicle laws and regulations.

25. **Concern:** Customers were concerned about obtaining accountable mail and large parcels

Response:

If you live less than one-half mile from the line of travel, the carrier will attempt delivery of accountable items and large parcels to the customer's residence. If the live over one-half mile away or is not home when delivery is attempted, a notice will be left in the mailbox. Large parcels will be left outside the mailbox or at a designated location or a notice will be left in the mailbox. Attempted delivery items will be taken back to the Boonville Post Office. Customers may pick up the item at the post office, request redelivery on another day or authorize delivery to another party.

Some advantages of the proposal are:

1. The rural or contract delivery carrier may provide retail services, alleviating the need to go to the post office. Stamps by Mail order forms are provided for customer convenience.
2. Customers opting for carrier service will have 24-hour access to their mail.
3. Savings for the Postal Service contribute in the long run to stable postage rates and savings for customers.
4. CBUs can offer the security of individually locked mail compartments. Parcel lockers provide convenient parcel delivery for customers.
5. Customers opting for carrier service will not have to pay post office box fees.
6. Saves time and energy for customers who drive to the post office to pick up mail.

Some disadvantages of the proposal are:

1. The loss of a retail outlet and a postmaster position in the community. Retail services may be provided by the rural or contract delivery carrier.
2. Meeting the rural or contract delivery carrier at the box to transact business. However, it is not necessary to be present to conduct most Postal Service transactions.
3. A change in the mailing address. The community name will continue to be used in the new address. A carrier route address will be assigned.
4. A change in your PO Box Fees may be a result of this proposal.

Taking all available information into consideration, the Postal Service concludes this proposal will provide a maximum degree of effective and regular postal services to the community.

II. EFFECT ON COMMUNITY

West Leyden is an unincorporated community located in Lewis County. The community is administered politically by Town supervisor. Police protection is provided by the Lewis County Sheriff's Dept. Fire protection is provided by the West Leyden Fire Department. The community is comprised of retirees, commuters, self-employed, and those who commute to work at nearby communities and work in local businesses.

Businesses and organizations include: none . Residents may travel to nearby communities for other supplies and services.

Nonpostal services provided at the West Leyden Post Office will be available at the Boonville Post Office. Government forms normally provided by the Post Office will also be available at the Boonville Post Office or by contacting your local government agency.

The following nonpostal concerns were expressed on the returned questionnaires, at the community meeting, on the petition, and on the congressional inquiry:

1. **Concern:** Customers expressed concern for loss of community identity

   Response: A community's identity derives from the interest and vitality of its residents and their use of its name. The Postal Service is helping to preserve community identity by continuing the use of the West Leyden Post Office name and ZIP Code in addresses and in the National Five-Digit ZIP Code and Post Office Directory.

2. **Concern:** Customers were concerned about the loss of a gathering place and an information center.

   Response: Residents may continue to meet informally, socialize, and share information at the other businesses, churches and residences in town.

Based on the information obtained in the course of this discontinuance study, the Postal Service concludes this proposal will not adversely affect the community.

III. EFFECT ON EMPLOYEES

The postmaster retired on January 01, 2009. The noncareer postmaster relief (PMR) may be separated from the Postal Service. No other Postal Service employee will be adversely affected. .

IV. ECONOMIC SAVINGS

The Postal Service estimates an annual savings of $ 40,882 with a breakdown as follows:

Postmaster Salary (EAS-13, No COLA)	$ 36,381
Fringe Benefits @ 33.5%	$ 12,188
Annual Lease Costs	+ $ 10,412
Total Annual Costs	$ 58,981
Less Annual Cost of Replacement Service	- $ 18,099
Total Annual Savings	$ 40,882

V. OTHER FACTORS

The Postal Service has identified no other factors for consideration.

VI. SUMMARY

The Postal Service is proposing to close the West Leyden, NY Post Office and provide delivery and retail services by rural route service under the administrative responsibility of the Boonville Post Office, located seven miles away.

The postmaster retired on January 01, 2009. If the office has a noncareer PMR(s), they may be separated from the Postal Service; however, attempts will be made to reassign the employee(s) to a nearby facility. No other employee(s) will be adversely affected. Post office mail volume has declined. Effective and regular service will continue to be provided by rural route service.

The West Leyden Post Office provided delivery and retail service to 165 PO Box customers and 138 delivery route customers. The daily retail window transactions averaged 21. There are no permit mailers or postage meter customers.

There will no longer be a retail outlet in the community. However, delivery and retail services may be available from a rural or contract delivery carrier, which could alleviate the need to travel to a post office for service. The Postal Service will save an estimated $40,882 annually. A disadvantage to some may be in meeting the rural or contract delivery carrier to transact business. However, it is not necessary to be present to conduct most Postal Service transactions with a rural or contract delivery carrier.

Taking all available information into consideration, the Postal Service has determined that the advantages outweigh the disadvantages and this proposal is warranted.

VII. NOTICES

A. Support Materials. Copies of all materials upon which this proposal is based are available for public inspection at the West Leyden Post Office and Boonville Post Office during normal office hours.

B. This is a proposal. It is not a final determination to close this post office. If a final determination is made to close this post office, after public comments on this proposal are received and taken into account, a notice of that final determination will be posted in this office.

The final determination will contain instructions on how affected customers may appeal that decision to the Postal Regulatory Commission. Any such appeal must be received by the commission within 30 days of the posting of the final determination.

Noreen Caton
2148 Osceola Rd
Taberg, N.Y. 13471

From my home in the Town of Lewis that is mostly served by the West Leyden Post office to the Boonville post office is 18 miles. I live in a realy rural part of this town that is not served by West Leyden for rural delivery but always do my stamp buying and send out pacage from West Leyden.

I have 3 sons in the military and send packages out to them often. One is curently in Afgan and looks forward to care packages from home. Many of our men & women serving overseas are from small towns and we have alot from this area who will not get their packages as regulay because closing West Leyden P.O. is a hardship to their familys.

The Taberg Post office is a long drive from my house and I do not do any buiness there in that town.

Winters are harsh in this area and roads back here can be hazardious. Dont cut us off from the outside world by killing our post office.

Thank you

Dear Postal Service Customer:

Thank you for taking the time to submit your comments to the proposal to close the West Leyden Post Office. Your comments are appreciated and will be carefully considered, along with the comments of other customers, as the matter is reviewed further in my office and at higher levels of the Postal Service.

In response to your letter:

- PO Box fee assignments are determined by a value based pricing algorithm that is primarily based on the commercial real estate values and other economic variables of where the office is located. This data and the formulas used are approved by the Postal Regulatory Commission and are applied to all offices nationally. These formulas are consistently applied and cannot be changed between rate cases. They represent the myriad commercial real estate values across the country and sometimes within blocks.

- You expressed a concern that you requested and were denied rural delivery service. There are several guidelines which must be met prior to a road being approved for delivery. The road to be traveled must be at least 14 feet wide and maintained at all times of the year. It cannot dead end in a private driveway even if the drive is maintained by a municipality. There must be a suitable turning point provided for the carrier, preferably with no backing. If backing is involved, there are other guidelines to adhere to. If backing is necessitated, the Postmaster must verify it is in a low-traffic area and there are no children in the immediate vicinity on a regular basis. There must also be a minimum of one family per one-half mile of travel.

- You expressed a question about which office the route should emanate from. The delivery route has been carefully reviewed to ensure that the most cost-efficient service is provided. While one office may be closer for some customers, it may be further away for others.

I realize with change there is always concern. However we are confident that the alternate service listed in the proposal will continue to provide you with effective and regular service.
If you have additional questions or comments, please feel free to contact Nadine Tremblay at (518) 452-4085.

Dear Postal Service Customer:

Thank you for taking the time to submit your comments to the proposal to close the West Leyden Post Office. Your comments are appreciated and will be carefully considered, along with the comments of other customers, as the matter is reviewed further in my office and at higher levels of the Postal Service.

In response to your letter:

- You stated that you would miss the special attention and assistance provided by the personnel at the Post Office. Courteous and helpful service will be provided by personnel at the Boonville Post Office and from the carrier. Special assistance will be provided as needed.

- You expressed a concern about the loss of a gathering place and an information center. Residents may continue to meet informally, socialize, and share information at the other businesses, churches and residences in town.

- The Postal Service has developed and begun implementing a range of cost-reducing initiatives. These include: consolidating operations, adjusting delivery routes, restructuring administrative and processing functions and closing district offices. We also have introduced several new products and services, including Priority Mail Flat Rate boxes and Adult Signature service, in an effort to grow revenue. The Postal Service of the future will be smaller, leaner and more competitive. But it will continue to drive commerce, service communities and deliver value. As a self-supporting government enterprise, the Postal Service receives no tax dollars. It relies solely on the sale of postage, products and services to pay for operating expenses. Revenue generation is a matter of business survival.

- The Senate subcommittee chairman introduced a bill that addresses the financial issues confronting the Postal Service. Among other provisions, the proposal authorizes a transition to a 5-day delivery schedule. At this stage, it is still a bill.

I realize with change there is always concern. However we are confident that the alternate service listed in the proposal will continue to provide you with effective and regular service.
If you have additional questions or comments, please feel free to contact Nadine Tremblay at (518) 452-4085.

Dear Postal Service Customer:

Thank you for taking the time to submit your comments to the proposal to close the West Leyden Post Office. Your comments are appreciated and will be carefully considered, along with the comments of other customers, as the matter is reviewed further in my office and at higher levels of the Postal Service.

In response to your letter:

- You expressed a concern over the dependability of rural route service. Rural letter carriers perform a vital function in the United States Postal Service serving thousands of families and businesses in rural and suburban areas while traveling millions of miles daily. Rural letter carriers are highly respected by the American public. This respect has been earned by many years of dedication to the Postal Service and to postal customers. During national and local emergencies, including prolonged periods of extreme weather conditions, rural carriers have demonstrated great responsibility in providing mail service to postal customers. Rural carriers are required to serve the route expeditiously each day.

- You expressed a concern about senior citizens. Carrier service is beneficial to many senior citizens and those who face special challenges because the carrier can provide delivery and retail services to roadside mailboxes or Centralized Box Units. Customers do not have to make a special trip to the Post Office for service. Special provisions are made for hardship cases or special customer needs. To request an exception for hardship delivery, customers may contact the Boonville postmaster for more information.

- You expressed a concern about the loss of the Communities' identity. A community's identity derives from the interest and vitality of its residents and their use of its name. The Postal Service is helping to preserve community identity by continuing the use of the Community name and ZIP Code in addresses.

- The Senate subcommittee chairman introduced a bill that addresses the financial issues confronting the Postal Service. Among other provisions, the proposal authorizes a transition to a 5-day delivery schedule. At this stage, it is still a bill.

Dear Postal Service Customer:

Thank you for taking the time to submit your comments to the proposal to close the West Leyden Post Office. Your comments are appreciated and will be carefully considered, along with the comments of other customers, as the matter is reviewed further in my office and at higher levels of the Postal Service.

In response to your letter:

- You expressed a concern about delivery time. The top priority of the Postal Service is to provide mail service in the most efficient manner possible because all of our costs are reflected in postage rates customers must pay. Delivery costs are one of our biggest expenses, so you can be assured that careful thought is given to the structure of each route. A customer's location on a carrier's line of travel determines the time of day mail is delivered. This, of course, precludes providing early delivery of mail to every customer because, no matter how we structure a route, somebody must be last. We do, however, carefully consider the volume of mail for each route so that we can deliver the greatest amount of mail at the earliest possible hour. With the largest fleet of delivery vehicles in the world, to minimize vehicle and fuel expenses we must also pay special attention to energy conservation measures. When the price of gasoline goes up one cent per gallon our total gasoline cost rises more than $1 million. Therefore, when structuring a route, we must balance our goal to deliver as much mail as possible as early as possible with the need to minimize the travel distance a route must cover. We do regret the inconvenience to customers who would like, but cannot receive, early mail delivery. For those customers we offer alternative delivery services, such as Post Office box service that provide access to their mail earlier and throughout the day.

- You expressed a concern about the loss of a gathering place and an information center. Residents may continue to meet informally, socialize, and share information at the other businesses, churches and residences in town.

- The Senate subcommittee chairman introduced a bill that addresses the financial issues confronting the Postal Service. Among other provisions, the proposal authorizes a transition to a 5-day delivery schedule. At this stage, it is still a bill.

Thank you for taking the time to submit your comments to the proposal to close the West Leyden Post Office. In response to your letter:

- Adapting to changes in the communication landscape is not new. By the beginning of the 20th century, there were 76,945 Post Offices, one for about every thousand residents, in our growing nation. In 1902, however, Congress extended free delivery to rural areas. That meant it was no longer necessary for patrons to visit an office to send or pick up mail. Today, there are about 31,800 post offices that provide retail and delivery services to customers nationwide. While we have seen more competition in the package delivery system over time, the largest change for us comes with the internet. A December 2010 Pew Research survey indicates that 77 percent of adult Americans regularly use the internet, with 66 percent making purchases and 58 doing banking online. These trends continue to significantly change the amount of mail that the Postal Service processes, as evident by a decline of 4.5 percent in mail volume in the past year. In package delivery, we continue to work with some of our competitors to round out the services we all provide. For example, we partner with both FedEx and UPS to provide essential parcel return services that allow customers to return items to participating retailers. We work closely with FedEx as a partner in air transport of time-sensitive packages and cargo, which keeps our prices in line and attractive for new users. And, as Congress allows us greater flexibility in developing products, we are aggressively marketing new products — like the Flat Rate Priority Mail package — that sends more business our way.

- You expressed a concern about senior citizens. Carrier service is beneficial to many senior citizens and those who face special challenges because the carrier can provide delivery and retail services to roadside mailboxes or Centralized Box Units. Customers do not have to make a special trip to the Post Office for service. Special provisions are made for hardship cases or special customer needs. To request an exception for hardship delivery, customers may contact the Boonville postmaster for more information.

- Alternate access for postal products and services has become commonplace. Thank you for your suggestion, which will be forwarded to the appropriate department for followup.

I realize with change there is always concern. However we are confident that the alternate service listed in the proposal will continue to provide you with effective and regular service.

In response to your letter:

- You expressed a concern about having to travel to another Post Office for service. Services provided at the Post Office will be available from the carrier, and customers will not have to travel to another Post Office for service. Most transactions do not require meeting the carrier at the mailbox. Stamps by Mail and Money Order Application forms are available for customer convenience. Dear Postal Service Customer:

Thank you for taking the time to submit your comments to the proposal to close the West Leyden Post Office. Your comments are appreciated and will be carefully considered, along with the comments of other customers, as the matter is reviewed further in my office and at higher levels of the Postal Service.

In response to your letter:

- The Postal Service is committed to placing services and products conveniently for its customers, including in settings close to homes and businesses such as grocery or drug stores. These provide the most in-demand offerings of local Post Offices, the sale of postage stamps.

- Demographics have been studied. Most postal customers do not purchase money orders on a daily basis. Money order transactions, nationwide, continue to drop as other technologies for bill payments and cash transfers strengthen: According to the 2010 Postal Service Annual Report, nearly 50 million fewer money orders were purchased in 2010 than just five years earlier and that trend continues today. Today, almost four out of 10 stamps sold each day are purchased at grocery or drug stores while an additional 19 percent of postal transactions are conducted, in some way, through the internet. This represents a shift in consumer demand, moving away from post office lobbies for the most commonly-requested postal purchase -- stamps.

- You expressed a concern about package delivery and pickup. Rural carriers will deliver packages that fit in your rural mail box, if the package does not fit in the mail box, the carrier will deliver the package up to ½ mile off of the line of travel, at a designated place, such as on your porch or under a carport. For carrier pick up of packages, you can contact the administrative Post Office, letting the carrier know that you have a package available for pick up. The carrier can deviate from the line of travel in order to receive packages. The rural carrier will accept letters, flats or packages up to 13 ounces for mailing. The carrier will estimate the cost and provide a receipt for any money received. On the following delivery day the carrier will provide change or a bill for the amount over the estimate. Packages over 13 ounces may be picked up if the postage was printed online or with a traceable meter.

I realize with change there is always concern. However we are confident that the alternate service listed in the proposal will continue to provide you with effective and regular service.

In response to your letter:

- The PMG has tasked management to review all offices with a postmaster vacancy, to determine if regular and effective service can be provided through cost effective alternate access. Additionally, we review workload analysis using a time-formula assigned to the tasks of an office over an extended period. It looks at the types of transactions in an office and the complexity of those transactions. A stamp sale, a money order or a passport transaction are all credited differently. We measure customer demand, in part, by revenue figures. Some of this information, such as package sales, is proprietary. However, in most post offices with retail terminals, we pull up numbers and types of window transactions. We even see "down time." We look at what other services are available nearby at post offices or at partner businesses, like stores that sell stamps or contracted units. Finally, we consider our total operating expenses. That includes lease, salaries and benefits; replacement pay when there is an absence;, training hours; equipment, stock and supplies on hand; utilities; maintenance; transportation and other operational costs.

Dear Postal Service Customer:

Thank you for taking the time to submit your comments to the proposal to close the West Leyden Post Office. Your comments are appreciated and will be carefully considered, along with the comments of other customers, as the matter is reviewed further in my office and at higher levels of the Postal Service.

In response to your letter:

- You stated that you would miss the special attention and assistance provided by the personnel at the Post Office. Courteous and helpful service will be provided by personnel at the administrative Post Office and from the carrier. Special assistance will be provided as needed.
- You expressed a concern about the loss of the Communities' identity. A community's identity derives from the interest and vitality of its residents and their use of its name. The Postal Service is helping to preserve community identity by continuing the use of the Community name and ZIP Code in addresses.
- You expressed a concern about the economic savings of the proposed discontinuance. Carrier service can be and, in this case, is more cost-effective than maintaining a postal facility and a postmaster position. The Postal Service estimates an annual savings with this change.

I realize with change there is always concern. However we are confident that the alternate service listed in the proposal will continue to provide you with effective and regular service.
If you have additional questions or comments, please feel free to contact Nadine Tremblay at (518) 452-4085.

Sincerely,

Michelle Krul

Dear Postal Service Customer:

Thank you for taking the time to submit your comments to the proposal to close the West Leyden Post Office. Your comments are appreciated and will be carefully considered, along with the comments of other customers, as the matter is reviewed further in my office and at higher levels of the Postal Service.

In response to your letter:

- You expressed a concern about having to travel to another Post Office for service. Services provided at the Post Office will be available from the carrier, and customers will not have to travel to another Post Office for service. Most transactions do not require meeting the carrier at the mailbox. Stamps by Mail and Money Order Application forms are available for customer convenience. Stamps are also available at many stores and gas stations where customers may already shop, online at usps.com, or by calling 1-800-STAMP-24.

- You were concerned about obtaining services from the carrier. Most retail services provided at the post office are available from the carrier and do not require meeting the carrier at the mailbox. Stamps by Mail and Money Order Application forms are available for customer convenience. Listed below are some services available from the carrier and how to obtain them.

PURCHASING STAMPS BY MAIL
The Stamps by Mail Program provides customers the opportunity to purchase stamps, envelopes, and postal cards by using a Stamps by Mail order form, available from the post office or the carrier. Commemorative stamps and stamp collecting products are also available. The customer addresses the postage paid order form envelope, encloses payment by personal check or postal money order made payable to the US Postal Service, and mails the form (postage-free) or leaves it in the mailbox for the carrier to pick up. Most orders are processed overnight, and some immediately.

PURCHASING POSTAL MONEY ORDERS
Customers may purchase money orders by meeting the carrier at the mailbox, completing an application, and paying the carrier (in cash) the price of the money order, plus the fee. The carrier gives the customer a receipt for the application. The money order is completed when the carrier returns to the post office, and a money order receipt is left in the customer's mailbox on the next delivery day. Most customers provide the carrier with a stamped, self-addressed envelope in which the completed money order is mailed to its destination. If customers prefer, the completed money orders will be returned for verification on the next delivery day.

SPECIAL SERVICES
Special services such as certified, registered, Express Mail, delivery confirmation, signature confirmation, and COD may be obtained from the carrier by leaving a note in the mailbox, along with the appropriate payment. The carrier will provide the services that day and leave a customer receipt in the mailbox on the next delivery day.

HOLDING MAIL
Customers who will be away for an extended time, such as a vacation, may request that their mail be held at the post office during their absence. Upon return the customer asks the post office to resume delivery.

- You expressed a concern about the loss of the Communities' identity. A community's identity derives from the interest and vitality of its residents and their use of its name. The Postal Service is helping to preserve community identity by continuing the use of the Community name and ZIP Code in addresses.

I realize with change there is always concern. However we are confident that the alternate service listed in the proposal will continue to provide you with effective and regular service.

Dear Postal Service Customer:

Thank you for taking the time to submit your comments to the proposal to close the West Leyden Post Office. Your comments are appreciated and will be carefully considered, along with the comments of other customers, as the matter is reviewed further in my office and at higher levels of the Postal Service.

In response to your letter:

- You expressed a concern that they have a PO Box because they live in a snow belt. You expressed a concern that they have a PO Box because they live in a snow belt. We are expanding our options to include centralized delivery services in some locations. If one or more centralized delivery points can be established in your community, it can eliminate the need for maintaining individual mailboxes and is a more cost effective delivery method for the Postal Service.

- You indicated window hours are earlier than other Post Offices in the area. The total window hours are comparable to Boonville; West Leyden is open earlier, Boonville closes later and has a shorter lunch closure, however, the lobby is open longer in Boonville, providing more access to PO Box mail.

- You expressed a concern about having to travel to another Post Office for service. Services provided at the Post Office will be available from the carrier, and customers will not have to travel to another Post Office for service. Most transactions do not require meeting the carrier at the mailbox. Stamps by Mail and Money Order Application forms are available for customer convenience. Stamps are also available at many stores and gas stations where customers may already shop, online at usps.com, or by calling 1-800-STAMP-24.

- You were concerned about customers having a Oneida county mailing address with tax dollars going elsewhere. Because ZIP Codes and delivery boundaries were established to provide the most economical use of postal resources, they do not always conform to official or traditional community boundaries that may otherwise define cities, towns, fire precincts or related entities. ZIP Codes are not assigned solely to provide local community identity. This proposed action by the Postal Service will not change boundaries or ZIP Codes for delivery service. Over time, ZIP Codes have been used by other sectors in many ways, such as sales tax computations, gathering statistical or census-like data, development of risk pools, targeted marketing, design of legislative districts, and internet directions or 'locator' services. However, this does not change our use of ZIP Codes and route information for purposes of delivery only.

- You expressed a concern about those customers with disabilities who are not able to go to the Post Office to pick up their mail. Customers are not required to travel to another Post Office to receive mail or obtain retail services. These services will be provided by the carrier to a roadside mailbox located close to customers' residences. In hardship cases, delivery can be made to the home of a customer. Changes in the type of delivery are considered where service by existing methods would impose an extreme physical hardship for an individual customer. Any request for a change in delivery method must be submitted in writing to the Boonville postmaster.

- Customer state the West Leyden post office showed a profit of almost $1400 for this fiscal year as of June 30, 2011. The retail window averaged 21 transaction(s) accounting for 26 minute(s) of retail workload daily. With minimal workload, the Postal Service feels the effective and regular service will be provided by rural route service.

I realize with change there is always concern. However we are confident that the alternate service listed in the proposal will continue to provide you with effective and regular service.
If you have additional questions or comments, please feel free to contact Nadine Tremblay at (518) 452-4085.

1. **Effect on Your Postal Services.** Describe any favorable or unfavorable effects you believe the proposal would have on the regularity or effectiveness of your postal services.

to Drive to Boonville to Do my mail chores Burns to much gas. It can Be a "hairy" trip in the winter, which last a long time up this way.

2. **Effect on Your Community.** Please describe any favorable or unfavorable effects that you believe the proposal would have on your community.

there are many kids in the military from familys up here and you hurt them, us their familys and our american pride by limiting our ability to send care packages to our loved ones over seas. your idea to cut our post office hurts not only local but down to the basic levels of family and indavigualo alot of them in uniform.

3. **Other Comments.** Please provide any other views or information that you believe the Postal Service should consider in deciding whether to adopt the proposal.

Not to many years ago there were even more rural post offices. your idea of bigger consolidation does not lead to better service!

1. **Effect on Your Postal Services.** Describe any favorable or unfavorable effects you believe the proposal would have on the regularity or effectiveness of your postal services.

The biggest effect for me would be the necessity to change my address. The legal documents that have been in effect for 60+ years would be a costly hardship to have changed.

The need to travel to a distant post office for packages, certified letters, etc. would be extremely difficult in the winter months. Winters in WL are eight months long!

2. **Effect on Your Community.** Please describe any favorable or unfavorable effects that you believe the proposal would have on your community.

Losing our Post Office will definately hurt our community. It is the hub, the center, of the town. We will lose the identity of West Leyden. Our zip code will not reflect where we live. This affects sales tax purchases, monies from state budgets to town budgets, and in this case, a change from Lewis County to Oneida County.

3. **Other Comments.** Please provide any other views or information that you believe the Postal Service should consider in deciding whether to adopt the proposal.

Everyone realizes there are difficult economic times, but small towns have very little to call their own, and the loss of service is another blow to our area. We fought for 16 years to save our water, our land, our air, from a huge 2 county landfill and lost. We now have stench, thorendous truck traffic, possible water pollution and the fear our children and grandchildren will face health issues. Please think what our Post Office means to us.

There will be no postal services. You are pushing your customers to automatic bank payments, email, UPS and FEDEX.
In winter I am not physically able to keep the drive way area cleared of SNOW. Each pass of the SNOW PLOW blocks the area. once a day my husband, after work, clears the area.

2. **Effect on Your Community.** Please describe any favorable or unfavorable effects that you believe the proposal would have on your community.

With no services and no businesses there is no reason to live in this community. We plan to move out. Rural NewYork will become just the play ground for the rich urbanites on vacation.

By eliminating service you are ensuring your demise and the take over by profit motivated delivery businesses. Thus the privacy and security of the publics' information and goods will be subject to the bottom line and not services.

I work at West Leyden Elementary. I believe closing the West Leyden Post office would have a detrimental effect on the school and the community. The school mail would take longer to be sent and delivered. It would cost the district and taxpayers more in transportation costs in the long run.

2. **Effect on Your Community.** Please describe any favorable or unfavorable effects that you believe the proposal would have on your community.

I believe that closing the West Leyden post office would put an unreasonable load on the Boonville office. Patrons in the West Leyden area who might rely on PO boxes for their mail might not be able to get their mail every day.

3. **Other Comments.** Please provide any other views or information that you believe the Postal Service should consider in deciding whether to adopt the proposal.

Winter Weather conditions and local truck traffic should also be considered if the West Leyden post office should close. ~~This~~ The route to Boonville can be particularly dangerous in winter for West Leyden customers traveling on Rt 294.

2. **Effect on Your Community.** Please describe any favorable or unfavorable effects that you believe the proposal would have on your community.

*) It would damage the cohesiveness of our small community. The local post office is in the center of town, it brings us together as a community.

3. **Other Comments.** Please provide any other views or information that you believe the Postal Service should consider in deciding whether to adopt the proposal.

*) Please consider the disabled individuals who live in town on fixed incomes, who have no transportation to Boonville and/or could not afford to drive there. These individuals rely heavily on the local post office and have no place to put out a rural box. Remember that we live in one of the heaviest snowfall areas in the State of NY, and this affects whether we can utilize a rural box.

Re: Proposed Discontinuance of the West Leyden Post Office

Dear Mr. Shepardson:

I have received your letter dated May 19, 2011 in response to my questionnaire. Unfortunately, that letter did not entirely address my concerns.

I understand that I can obtain stamps from a carrier and that I can obtain postage on-line. This is not the reason that I travel the 6 miles to the West Leyden Post Office. I have chosen to obtain a large sized Post Office box instead of receiving rural delivery because of the large snowfall that we receive here on the Tug Hill. I previously lived in Albany, New York, and I can tell you that the snowfall there cannot compare at all with here.

Rural delivery mailboxes often get knocked over by snowplows in our area. That wouldn't be a huge issue for me, except that my line of work deals with the sensitive information of my clients. I represent individuals seeking Social Security Disability and SSI benefits. I receive a large amount of correspondence including information containing my clients' Social Security numbers and their private medical records. It would not do to have this type of mail scattered all over the snow-covered roads.

Moving the Post Office to Boonville, New York would mean I would have to drive 13 miles each way every day just to pick up my mail. This would hurt my business in terms of cost of fuel and in terms of the time spent away from my home office in travel.

Thank you for your attention to these concerns.

Very truly yours,

KIMBERLY MACDOUGALL

I live where it is not feasible to have rural delivery - guard rails on west side of road. This means I have to travel 7 miles 1 way to get my mail instead of ½ mile. I pay box rent already - why is B-ville increased fees? I was never given option of free box where rural delivery was not offered?

2. **Effect on Your Community.** Please describe any favorable or unfavorable effects that you believe the proposal would have on your community. The P.O. has been here since 1897 - Rural delivery since 1902. I think it would hurt the business in town. Many people don't have property that allows mail boxes - sidewalks, guard rails. This would make it necessary for people to travel.

3. **Other Comments.** Please provide any other views or information that you believe the Postal Service should consider in deciding whether to adopt the proposal.

Why not alternate location - like diner at cheaper rent or renegotiate rent? How about a bank of boxes on corner of hotel yard? Why not discontinue Sat. delivery? Why not Ava - you own building and only 3 miles. - You would save r. carrier mileage.

If receiving a check - with the Post Office across so you can pick it up early - Rural Rd would arrive at 11:00 AM or later & delaying shopping & enjoy being able to buy stamps, money order & sending packages from one post office where you can ask the postmaster for assistance if needed If W. 3. **Other Comments.** Please provide any other views or information that you believe the Postal Service should consider in deciding whether to adopt the proposal. It seems the volume of mail from the school, Town of Leyden & everyone living here would be enough to keep the W. Why not close Sat. postal services across the whole nation. This would save you a bundle, while not affecting your customers all that much. Seems like a Win Win situation. Think about it! We are counting on You in, snow, sleet, rain to save our Post office. Thank you.

Following are comments I wish to make concerning the proposed discontinuance of the WEST LEYDEN Post Office.

1. **Effect on Your Postal Services.** Describe any favorable or unfavorable effects you believe the proposal would have on the regularity or effectiveness of your postal services.

I believe closing the office in Westleyden, would hurt our community. There was no straight answer to help people that do not have area to put a mail box. I am not willing to travel 7 miles to get my mail. It not fair to us that have no place to put a mailbox.

2. **Effect on Your Community.** Please describe any favorable or unfavorable effects that you believe the proposal would have on your community.

I feel that closing the post office would hurt our community. I feel we wouldn't be whole. I feel it give the AC S school board a good reason to close the school in our town. Our Catholic church has had to go down to one mass a weekend.

3. **Other Comments.** Please provide any other views or information that you believe the Postal Service should consider in deciding whether to adopt the proposal.

One of the Proposal stated we have no businesses in there town. There are several that use this on a regular basis.

Following are comments I wish to make concerning the proposed discontinuance of the WEST LEYDEN Post Office.

1. **Effect on Your Postal Services.** Describe any favorable or unfavorable effects you believe the proposal would have on the regularity or effectiveness of your postal services.

I believe that if lost, our West Leyden post office, we'd get slower delivery due to congestion in the other closest post offices. Also see a potential increase in expenses for these other post offices for a need to expand po boxes and delivery personal.

2. **Effect on Your Community.** Please describe any favorable or unfavorable effects that you believe the proposal would have on your community.

I see a potential for a rather close knit community as having less opportunity to gather & commune and stay close with one another's needs. This post office is a great center for our community.

3. **Other Comments.** Please provide any other views or information that you believe the Postal Service should consider in deciding whether to adopt the proposal.

I'd rather see our post office close on Saturdays than be gone altogether. The services available and the convenience to our town and the opportunities to see our neighbors would be a great loss to us all.

It will have a drastic Effect on my postal services not only for me but for a lot of. Elderly people in the area. With gas prices it's an extra couple of gallons of gas to have to pick up our mail. A winter time it will be very hard to go anywhere with the storms we have. (over)

2. **Effect on Your Community.** Please describe any favorable or unfavorable effects that you believe the proposal would have on your community.

As I said above all the older people use this as a daily walk some of them have to depend on family to drive them it its close. its hard to ask people to drive you the extra miles.

Following are comments I wish to make concerning the proposed discontinuance of the WEST LEYDEN Post Office.

1. **Effect on Your Postal Services.** Describe any favorable or unfavorable effects you believe the proposal would have on the regularity or effectiveness of your postal services.

Unfavorable - having to drive an extra 7 miles to mail packages or send certified mail
- parking at the Boonville PO is not handy
- winter driving conditions are sometimes too hazardous to drive the extra miles
- all of the above make closing the W. L. PO very difficult for senior citizens, and more expensive

2. **Effect on Your Community.** Please describe any favorable or unfavorable effects that you believe the proposal would have on your community.

Unfavorable - West Leyden has already lost the local school and fire hall as community gathering places, and with the possible closing of the post office, we stand to lose our community identity as well as a gathering place. This is definitely rural bigotry -- just like the Ava dump being placed on the very edge of the 2 county area it serves
Changing our address will be a huge time consuming task

3. **Other Comments.** Please provide any other views or information that you believe the Postal Service should consider in deciding whether to adopt the proposal.

1. **& 2. Effect upon your postal services and the community**: As principal of West Leyden Elementary School I can attest to the importance of the West Leyden post office to our school and the greater community. Having the post office near the school in its central location enables us to use the various services to conduct important business and meet district policies and state and federal mandates. This is a considerable aid to the busy schedules of our very few support staff and myself in meeting regular, daily mail needs, many with very short deadlines. Aside from regular first class mailings, at various points during the school year (sometimes daily and typically weekly) the school must mail hard copies to the New York State Education Department and other state or county agencies. Such documents are mailed return receipt/signature required, typically within the very narrow time window of 24 hours. Without a nearby post office, one of the three of us who handle mail for our school will be required to drive to post offices in Boonville (seven miles away) or Ava (five miles away). Neither of these locations is convenient and takes one of us out of the building for at minimum of 30 minutes, and away from other duties. This is highly problematic for the number of times when prompt access to services is essential. As a principal who has worked within the West Leyden community for four years, I am very concerned about this impact upon my school's functioning.

   I can also attest to the importance of this post office to the many families who live within the community. I'm sure you will not hear from all or even most of them; however the post office is critical to how they conduct personal and professional business. Every morning on my way to school when I turn onto Osceola Road, opposite the post office, cars are lined up in front of the post office. Streams of patrons are entering and exiting the building. Not only are community members picking up and dropping off mail, but they are also catching up with each other on various events. The post office is a town center important to this community of local and seasonal residents.

3. **Other comments:** Please do not close this post office. Find other ways to meet budget demands. This is one of the few resources left to small towns such as West Leyden, providing a meeting place and important services to its residents and the business community.

Please feel free to contact me if you feel I can provide additional information: West Leyden School (315) 942-9200 ext. 3.

Thank you for your consideration.

Sincerely,

Maria Smith

You do not have to look any further than West Leyden PO to find the village Post Office. As you step out of the office and look straight ahead (to the west) you see the elementary school, the town library, a dairy farm, and the West Leyden Hotel. If you continue to travel another mile on this road or so you will find the town clerk and her office (buys stamps, receives and sends lots of mail). The library also is home to the town board meetings and to the town court sessions.

Now let us change our gaze to the north and we find 2 churches, the home of the county legislator, and the general store. At the store you can purchase gas, diesel, groceries, the newspaper, snacks, and you can ask for directions. Next door to the post office is the residence of the Lewis county tax collector. (She buys lots of stamps and mails lots of receipts.)

Now we will look to the south and see the West Leyden Fire Department. Farther down the road is an insurance agency (buys stamps, receives and sends lots of mail), a restaurant, home of the town supervisor (receives and sends lots of mail) and a greenhouse (where you can buy flowers, plants, and greens for Christmas time).

Rauscher Brothers Inc. is on the road to remove the trash and in the winter they have snow removal services. The post office uses both of these services as well as over 800 customers in this village and many surrounding areas. This company mails out the 800 bills and receives the 800 payments by mail. The bookkeeper purchases the post office's stamped envelopes as well as a lot of other stamps.

With winter around the corner the snowmobile club members will be mailed their dues notices and the paid receipts.

The West Leyden office is open for business before 7:30 AM (1/2 hour before others in the area). The people stop on their way to work to pick up their mail, buy stamps, mail packages, and even send a certified or mail an express item. It is very convenient for customers who come from Taberg, Boonville, Lowville, Syracuse, Verona, Glenfield, and so many other towns. The building is very easy to access because it is ground level which allows senior citizens and handicapped patrons to use this post office independently. The office is in the middle of the town – many patrons walk to post office (saves energy), is situated at a four corners intersection - State Route 26 (from the North and from the South), SR 294, and Osceola RD.

Many PO box customers will probably have to use an Oneida county address (Boonville or Ava) and the sales tax dollars will not be coming to Lewis county treasury (56 addresses).

This area of New York is known for huge amounts of snowfall. It will continue to accumulate and can reach heights that will prohibit the rural customer from keeping the mailbox clear of snow and the carrier will not be able to deliver the mail. The snow will be too high to "swing the mailbox out of the path of the snow plow".

The customers do not want to drive 14 more miles each day to pick up their mail in Boonville. The ramp or the stairs at the Boonville PO would make it more difficult for disabled customers to transact business in the Boonville Post Office. Ava's building is not large enough to handle the post office boxes from the West Leyden Post Office. It makes more sense to move Ava post office here!

West Leyden post office showed a profit of almost $1400 for this fiscal year as of June 30, 2011.

Dear Postal Service Customer:

Thank you for taking the time to submit your comments to the proposal to close the West Leyden Post Office. Your comments are appreciated and will be carefully considered, along with the comments of other customers, as the matter is reviewed further in my office and at higher levels of the Postal Service.

In response to your letter:

- The Postal Service is required to provide each community with regular and effective service, using the most cost efficient means possible. The proposed alternate delivery service will meet the mailing and service needs of the community in a more cost effective manner.

- The top priority of the Postal Service is to provide mail service in the most efficient manner possible because all of our costs are reflected in postage rates customers must pay. Delivery costs are one of our biggest expenses, so you can be assured that careful thought is given to the structure of each route. A customer's location on a carrier's line of travel determines the time of day mail is delivered. This, of course, precludes providing early delivery of mail to every customer because, no matter how we structure a route, somebody must be last. We do, however, carefully consider the volume of mail for each route so that we can deliver the greatest amount of mail at the earliest possible hour. With the largest fleet of delivery vehicles in the world, to minimize vehicle and fuel expenses we must also pay special attention to energy conservation measures. When the price of gasoline goes up one cent per gallon our total gasoline cost rises more than $1 million. Therefore, when structuring a route, we must balance our goal to deliver as much mail as possible as early as possible with the need to minimize the travel distance a route must cover. We do regret the inconvenience to customers who would like, but cannot receive, early mail delivery. For those customers we offer alternative delivery services, such as Post Office box service that provide access to their mail earlier and throughout the day.

I realize with change there is always concern. However we are confident that the alternate service listed in the proposal will continue to provide you with effective and regular service.

In response to your letter:

- Rural carriers will deliver packages that fit in your rural mail box, if the package does not fit in the mail box, the carrier will deliver the package up to ½ mile off of the line of travel, at a designated place, such as on your porch or under a carport. For carrier pick up of packages, you can contact the administrative Post Office, letting the carrier know that you have a package available for pick up. The carrier can deviate from the line of travel in order to receive packages. The rural carrier will accept letters, flats or packages up to 13 ounces for mailing. The carrier will estimate the cost and provide a receipt for any money received. On the following delivery day the carrier will provide change or a bill for the amount over the estimate. Packages over 13 ounces may be picked up if the postage was printed online or with a traceable meter.

- If the customer lives less than one-half mile from the line of travel, the carrier will attempt delivery of accountable items and large parcels to the customer's residence. If the customer lives over one-half mile away or is not home when delivery is attempted, a notice will be left in the mailbox. Large parcels will be left outside the mailbox or at a location designated by the customer (if authorized by the customer), or a notice will be left in the mailbox. Attempted delivery items will be taken back to the Post Office. Customers may pick up the item at the Post Office or request redelivery online at usps.com or by calling 1-800-ASK-USPS.

I realize with change there is always concern. However we are confident that the alternate service listed in the proposal will continue to provide you with effective and regular service.
If you have additional questions or comments, please feel free to contact Nadine Tremblay at (518) 452-4085.

Thank you for taking the time to submit your comments to the proposal to close the West Leyden Post Office. Your comments are appreciated and will be carefully considered, along with the comments of other customers, as the matter is reviewed further in my office and at higher levels of the Postal Service.

In response to your letter:

- Services provided at the Post Office will be available from the carrier, and customers will not have to travel to another Post Office for service. Most transactions do not require meeting the carrier at the mailbox. Stamps by Mail and Money Order Application forms are available for customer convenience. Stamps are also available at many stores and gas stations where customers may already shop, online at usps.com, or by calling 1-800-STAMP-24.

- Customers may purchase money orders by meeting the carrier at the mailbox, completing an application, and paying the carrier (in cash) the price of the money order, plus the fee. The carrier gives the customer a receipt for the application. The money order is completed when the carrier returns to the post office, and a money order receipt is left in the customer's mailbox on the next delivery day. Most customers provide the carrier with a stamped, self-addressed envelope in which the completed money order is mailed to its destination. If customers prefer, the completed money orders will be returned for verification on the next delivery day.

Dear Postal Service Customer:

Thank you for taking the time to submit your comments to the proposal to close the West Leyden Post Office. Your comments are appreciated and will be carefully considered, along with the comments of other customers, as the matter is reviewed further in my office and at higher levels of the Postal Service.

In response to your letter:

- The top priority of the Postal Service is to provide mail service in the most efficient manner possible because all of our costs are reflected in postage rates customers must pay. Delivery costs are one of our biggest expenses, so you can be assured that careful thought is given to the structure of each route. A customer's location on a carrier's line of travel determines the time of day mail is delivered. This, of course, precludes providing early delivery of mail to every customer because, no matter how we structure a route, somebody must be last. We do, however, carefully consider the volume of mail for each route so that we can deliver the greatest amount of mail at the earliest possible hour. With the largest fleet of delivery vehicles in the world, to minimize vehicle and fuel expenses we must also pay special attention to energy conservation measures. When the price of gasoline goes up one cent per gallon our total gasoline cost rises more than $1 million. Therefore, when structuring a route, we must balance our goal to deliver as much mail as possible as early as possible with the need to minimize the travel distance a route must cover. We do regret the inconvenience to customers who would like, but cannot receive, early mail delivery. For those customers we offer alternative delivery services, such as Post Office box service that provide access to their mail earlier and throughout the day.

I realize with change there is always concern. However we are confident that the alternate service listed in the proposal will continue to provide you with effective and regular service.

In response to your letter:

- The Boonville Post Office serves a much larger community and has a heavier retail window workload. This concern has been brought to the attention of the adminoffice postmaster so can monitor window operations and ensure that customers do not have an unreasonable wait to obtain services. The carrier can provide retail services, alleviating the need for customers to go to the post office for service.

- You expressed a concern about the economic savings of the proposed discontinuance. Carrier service can be and, in this case, is more cost-effective than maintaining a postal facility and a postmaster position. The Postal Service estimates an annual savings with this change.

- You expressed a concern about the economic savings of the proposed discontinuance. Closing small offices is one step of many which are being examined and, depending on circumstances, initiated. Additionally, there are bills before Congress to address: overpaid pensions, 5 day delivery, and pre-funded Health Benefit Relief. In response to your letter:

- You expressed a concern about the increasing cost of postage while service was decreasing The Postal Service is not immune to rising costs affecting every family and business. We do not receive tax dollars to cover the cost of operations and must adjust our prices to cover our costs. The Postal Service Governors are responsible for approving prices for all Postal Service products and services. For mailing services prices, such as stamp prices, the Postal Service announces the new prices each February and they become effective each May. The Postal Regulatory Commission (PRC) reviews the new pricing for compliance with the price cap and other provisions of the Postal Act of 2006.

Large parcels will be left outside the mailbox or at a location designated by the customer (if authorized by the customer), or a notice will be left in the mailbox. Attempted delivery items will be taken back to the Post Office. Customers may pick up the item at the Post Office or request redelivery online at usps.com or by calling 1-800-ASK-USPS.

I realize with change there is always concern. However we are confident that the alternate service listed in the proposal will continue to provide you with effective and regular service.

Dear Postal Service Customer:

Thank you for taking the time to submit your comments to the proposal to close the West Leyden Post Office. Your comments are appreciated and will be carefully considered, along with the comments of other customers, as the matter is reviewed further in my office and at higher levels of the Postal Service.

In response to your letter:

- You expressed a concern about having to travel to another Post Office for service. Services provided at the Post Office will be available from the carrier, and customers will not have to travel to another Post Office for service. Most transactions do not require meeting the carrier at the mailbox. Stamps by Mail and Money Order Application forms are available for customer convenience. Stamps are also available at many stores and gas stations were customers may already shop, online at usps.com, or by calling 1-800-STAMP-24.

- You expressed a concern about the loss of a gathering place and an information center. Residents may continue to meet informally, socialize, and share information at the other businesses, churches and residences in town.

- You expressed a concern about those customers with disabilities who are not able to go to the Post Office to pick up their mail. Customers are not required to travel to another Post Office to receive mail or obtain retail services. These services will be provided by the carrier to a roadside mailbox located close to customers' residences. In hardship cases, delivery can be made to the home of a customer. Changes in the type of delivery are considered where service by existing methods would impose an extreme physical hardship for an individual customer. Any request for a change in delivery method must be submitted in writing to the Boonville postmaster.

I realize with change there is always concern. However we are confident that the alternate service listed in the proposal will continue to provide you with effective and regular service.
If you have additional questions or comments, please feel free to contact Nadine Tremblay at (518) 452-4085.

Dear Postal Service Customer:

Thank you for taking the time to submit your comments to the proposal to close the West Leyden Post Office. Your comments are appreciated and will be carefully considered, along with the comments of other customers, as the matter is reviewed further in my office and at higher levels of the Postal Service.

In response to your letter:

- You expressed a concern about the cost savings obtained by the Postal Service from the closure of Post Offices. The Postal Service has developed and begun implementing a range of cost-reducing initiatives. These include: consolidating operations, adjusting delivery routes, restructuring administrative and processing functions and closing district offices. We also have introduced several new products and services, including Priority Mail Flat Rate boxes and Adult Signature service, in an effort to grow revenue.

- You expressed a concern about the economic savings of the proposed discontinuance. Closing small offices is one step of many which are being examined and, depending on circumstances, initiated. Additionally, there are bills before Congress to address: overpaid pensions, 5 day delivery, and pre-funded Health Benefit Relief. The Postal Service has actively made reductions at all levels of the organization, including: a 20 % reduction in administrative positions, as well as reducing one Area and seven District offices

I realize with change there is always concern. However we are confident that the alternate service listed in the proposal will continue to provide you with effective and regular service.

Thank you for taking the time to submit your comments to the proposal to close the West Leyden Post Office. Your comments are appreciated and will be carefully considered, along with the comments of other customers, as the matter is reviewed further in my office and at higher levels of the Postal Service.

In response to your letter:

- You asked why your Post Office was being discontinued while others were retained. Post Offices are reviewed on a case-by-case basis. When there is a vacancy in a small office, it is customary to conduct a study of the business activity and investigate the feasibility of providing service by alternate means.

- You expressed a concern about having to travel to another Post Office for service. Thank you for taking the time to submit your comments to the proposal to close the West Leyden Post Office. Your comments are appreciated and will be carefully considered, along with the comments of other customers, as the matter is reviewed further in my office and at higher levels of the Postal Service.

In response to your letter:

- The PMG has tasked management to review all offices with a postmaster vacancy, to determine if regular and effective service can be provided through cost effective alternate access. Additionally, we review workload analysis using a time-formula assigned to the tasks of an office over an extended period. It looks at the types of transactions in an office and the complexity of those transactions. A stamp sale, a money order or a passport transaction are all credited differently. We measure customer demand, in part, by revenue figures. Some of this information, such as package sales, is proprietary. However, in most post offices with retail terminals, we pull up numbers and types of window transactions. We even see "down time." We look at what other services are available nearby at post offices or at partner businesses, like stores that sell stamps or contracted units. Finally, we consider our total operating expenses. That includes lease, salaries and benefits; replacement pay when there is an absence;, training hours; equipment, stock and supplies on hand; utilities; maintenance; transportation and other operational costs.

- You expressed a concern that the Postal Service exhibits a lack of interest in the mailing needs of the community. The Postal Service is required to provide each community with regular and effective service, using the most cost efficient means possible. The proposed alternate delivery service will meet the mailing and service needs of the community in a more cost effective manner.

Dear Postal Service Customer:

Thank you for taking the time to submit your comments to the proposal to close the West Leyden Post Office. Your comments are appreciated and will be carefully considered, along with the comments of other customers, as the matter is reviewed further in my office and at higher levels of the Postal Service.

In response to your letter:

- You expressed a concern about delivery time. The top priority of the Postal Service is to provide mail service in the most efficient manner possible because all of our costs are reflected in postage rates customers must pay. Delivery costs are one of our biggest expenses, so you can be assured that careful thought is given to the structure of each route. A customer's location on a carrier's line of travel determines the time of day mail is delivered. This, of course, precludes providing early delivery of mail to every customer because, no matter how we structure a route, somebody must be last. We do, however, carefully consider the volume of mail for each route so that we can deliver the greatest amount of mail at the earliest possible hour. With the largest fleet of delivery vehicles in the world, to minimize vehicle and fuel expenses we must also pay special attention to energy conservation measures. When the price of gasoline goes up one cent per gallon our total gasoline cost rises more than $1 million. Therefore, when structuring a route, we must balance our goal to deliver as much mail as possible as early as possible with the need to minimize the travel distance a route must cover. We do regret the inconvenience to customers who would like, but cannot receive, early mail delivery. For those customers we offer alternative delivery services, such as Post Office box service that provide access to their mail earlier and throughout the day.

- You expressed a concern about the loss of a gathering place and an information center. Residents may continue to meet informally, socialize, and share information at the other businesses, churches and residences in town.

Postal Concerns

The following postal concerns were expressed

1. Concern (Favorable):
Customers expressed concern over the apparent lack of interest by the Postal Service for the needs of the community.

   Response:
   The Postal Service is required to provide each community with regular and effective service, using the most cost efficient means possible. The proposed alternate delivery service will meet the mailing and service needs of the community in a more cost effective manner.

2. Concern (Favorable):
No Concern

   Response:

3. Concern (No Opinion):
Customer expressed a concern about parking at Boonville Post Office.

   Response:
   A site study was conducted and it was determined that parking is ample at Boonville Post Office

4. Concern (No Opinion):
Customer expressed a concern about the cost savings obtained by the Postal Service from the closure of Post Offices. Quoting the PRC which said if the Postal Service closed 1000 Post Offices, it would only save 0.7% of the postal budget.

   Response:
   The Postal Service has developed and begun implementing a range of cost-reducing initiatives. These include: consolidating operations, adjusting delivery routes, restructuring administrative and processing functions and closing district offices. We also have introduced several new products and services, including Priority Mail Flat Rate boxes and Adult Signature service, in an effort to grow revenue.

5. Concern (No Opinion):
Customer expressed concern for walking for postal services.

   Response:
   The Postal Service is committed to placing services and products conveniently for its customers, including in settings close to homes and businesses such as grocery or drug stores. These provide the most in-demand offerings of local Post Offices, the sale of postage stamps.

6. Concern (No Opinion):
Customer expressed concern over those customers that purchase money orders.

   Response:
   Demographics have been studied. Most postal customers do not purchase money orders on a daily basis. Money order transactions, nationwide, continue to drop as other technologies for bill payments and cash transfers strengthen. According to the 2010 Postal Service Annual Report, nearly 50 million fewer money orders were purchased in 2010 than just five years earlier and that trend continues today. Today, almost four out of 10 stamps sold each day are purchased at grocery or drug stores while an additional 19 percent of postal transactions are conducted, in some way, through the internet. This represents a shift in consumer demand, moving away from post office lobbies for the most commonly-requested postal purchase -- stamps.

7. Concern (No Opinion):
Customer stated if Post Office must close, to consider moving the boxes and/or services to Hilltop Market in West Leyden.

   Response:
   Alternate access for postal products and services has become commonplace. Thank you for your suggestion, which will be forwarded to the appropriate department for followup.

8. Concern (No Opinion):
Customer suggested closing the post office on Saturdays.

   Response:
   The Senate subcommittee chairman introduced a bill that addresses the financial issues confronting the Postal Service. Among other provisions, the proposal authorizes a transition to a 5-day delivery schedule. At this stage, it is still a bill.

9. Concern (No Opinion):
Customers asked why their Post Office was being discontinued while others were retained.

   Response:
   Post Offices are reviewed on a case-by-case basis. When there is a vacancy in a small office, it is customary to conduct a study of the business activity and investigate the feasibility of providing service by alternate means.

10. Concern (No Opinion):
Customers expressed a concern about package delivery and pickup.

    Response:
    Rural carriers will deliver packages that fit in your rural mail box, if the package does not fit in the mail box, the carrier will deliver the package up to ½ mile off of the line of travel, at a designated place, such as on your porch or under a carport. For carrier pick up of packages, you can contact the administrative Post Office, letting the carrier know that you have a package available for pick up. The carrier can deviate from the line of travel in order to receive packages. The rural carrier will accept letters, flats or packages up to 13 ounces for mailing. The carrier will estimate the cost and provide a receipt for any money received. On the following delivery day the carrier will provide change or a bill for the amount over the estimate. Packages over 13 ounces may be picked up if the postage was printed online or with a traceable meter.

11. Concern (No Opinion):
Customers expressed concern for those customers with disabilities who are not able to go to Boonville Post Office to pick up their mail.

    Response:
    Customers are not required to travel to another Post Office to receive mail or obtain retail services. These services will be provided by the carrier to a roadside mailbox located close to customers' residences. In hardship cases, delivery can be made to the home of a customer. Changes in the type of delivery are considered where service by existing methods would impose an extreme physical hardship for an individual customer. Any request for a change in delivery method must be submitted in writing to the Boonville postmaster.

12. Concern (No Opinion):
Customers expressed concern over the apparent lack of interest by the Postal Service for the needs of the community.

The Postal Service is required to provide each community with regular and effective service, using the most cost efficient means possible. The proposed alternate delivery service will meet the mailing and service needs of the community in a more cost effective manner.

13. Concern (No Opinion):
Customers felt inclement weather and poor road conditions might impede delivery

Response:
Both inclement weather and heavy mail volume can cause deviations from the normal delivery schedule. However, thecarrier is required to provide a vehicle of adequate size, equipped with necessary equipment (chains or snow tires,warning lights or signs, etc.) to serve the route safely and efficiently and in accordance with federal, state, and local motor vehicle laws and regulations.

14. Concern (No Opinion):
Customers felt the cost of postage was increasing while service was decreasing.

Response:
The Postal Service is not immune to rising costs affecting every family and business. We do not receive tax dollars to cover the cost of operations and must adjust our prices to cover our costs. The Postal Service Governors are responsible for approving prices for all Postal Service products and services. For mailing services prices, such as stamp prices, the Postal Service announces the new prices each February and they become effective each May. The Postal Regulatory Commission (PRC) reviews the new pricing for compliance with the price cap and other provisions of the Postal Act of 2006.

15. Concern (No Opinion):
Customers inquired about mailbox installation and maintenance

Response:
Customers are responsible for mailbox installation and maintenance. Mailboxes must be placed so that they may be safely and conveniently served by the carrier and must be located on the right-hand side of the road in the direction of the carrier's travel. Mailbox supports should conform to state laws and highway regulations. The Postal Service recommends that customers contact the Boonville postmaster or carrier for advice on placement of mailboxes and mailbox height and supports.

16. Concern (No Opinion):
Customers wanted to know why the customer lines were so long at the adminoffice Post Office

Response:
The Boonville Post Office serves a much larger community and has a heavier retail window workload. This concern has been brought to the attention of the adminoffice postmaster so can monitor window operations and ensure that customers do not have an unreasonable wait to obtain services. The carrier can provide retail services, alleviating the need for customers to go to the post office for service.

17. Concern (No Opinion):
Customers were concerned about a possible address change.

Response:
Customers who retain their PO Box or currently have street delivery WILL NOT be required to change their address. ONLY customers electing to close their PO Box and begin street delivery would be required to change their address, if a final determination is made to close or consolidate this office. 911 addresses are generally given by the county's 911 coordinator. The Postal Service does not establish 911 addresses. Any questions concerning your 911 address should be directed to the county's 911 coordinator.

18. Concern (No Opinion):
Customers were concerned about having to make an address change on their bank checks and stationery

Response:
Customers will be assigned a carrier route address. The new address will continue to use the community name and ZIP Code. Mail will be forwarded in accordance with postal regulations, and change of address forms are available online at usps.com or from the Postal Service to assist customers in notifying correspondents of the change. Customers may deplete their current supply of checks and stationery and make the address corrections when ordering new supplies.

19. Concern (No Opinion):
Customers were concerned about having to travel to another Post Office for service.

Response:
Services provided at the Post Office will be available from the carrier, and customers will not have to travel to another Post Office for service. Most transactions do not require meeting the carrier at the mailbox. Stamps by Mail and Money Order Application forms are available for customer convenience. Stamps are also available at many stores and gas stations were customers may already shop, online at usps.com, or by calling 1-800-STAMP-24.

20. Concern (No Opinion):

Stamps are also available at many stores and gas stations where customers may already shop, online at usps.com, or by calling 1-800-STAMP-24.

21. Concern (No Opinion):
Customers were concerned about later delivery of mail.

Response:
The top priority of the Postal Service is to provide mail service in the most efficient manner possible because all of our costs are reflected in postage rates customers must pay. Delivery costs are one of our biggest expenses, so you can be assured that careful thought is given to the structure of each route. A customer's location on a carrier's line of travel determines the time of day mail is delivered. 22. Concern (No Opinion):
Customers were concerned about mail security.

Response:
Customers may place a lock on their mailboxes. The mailbox must have a slot large enough to accommodate the customer's normal daily mail volume. The Postal Service does not open mailboxes which are locked and does not accept keys for this purpose.

23. Concern (No Opinion):
Customers were concerned about obtaining accountable mail and large parcels.

Response:
If the customer lives less than one-half mile from the line of travel, the carrier will attempt delivery of accountable items and large parcels to the customer's residence. If the customer lives over one-half mile away or is not home when delivery is attempted, a notice will be left in the mailbox. Large parcels will be left outside the mailbox or at a location designated by the customer (if authorized by the customer), or a notice will be left in the mailbox. Attempted delivery items will be taken back to the Post Office. Customers may pick up the item at the Post Office or request redelivery online at usps.com or by calling 1-800-ASK-USPS.

24. Concern (No Opinion):
Customers were concerned about obtaining services from the carrier

Response:
Customers may purchase money orders by meeting the carrier at the mailbox, completing an application, and paying the carrier (in cash) the price of the money order, plus the fee. The carrier gives the customer a receipt for the application. The money order is completed when the carrier returns to the post office, and a money order receipt is left in the customer's mailbox on the next delivery day. Most customers provide the carrier with a stamped, self-addressed envelope in which the completed money order is mailed to its destination. If customers prefer, the completed money orders will be returned for verification on the next delivery day.

25. Concern (No Opinion):
Customers were concerned about obtaining services from the carrier.

Response:
The rural carrier provides all the services that are available at the Post Office with the exception of PO Box service and bulk mail acceptance. This includes stamp sales, package pick up, special services and money order sales.

26. Concern (No Opinion):
Customers were concerned about senior citizens.

Response:
Carrier service is beneficial to many senior citizens and those who face special challenges because the carrier can provide delivery and retail services to roadside mailboxes or Centralized Box Units. Customers do not have to make a special trip to the Post Office for service. Special provisions are made for hardship cases or special customer needs. To request an exception for hardship delivery, customers may contact the Boonville postmaster for more information.

27. Concern (No Opinion):
inquired about building a new facility or a mobile unit

Response:
New construction or the placement of a mobile unit or trailer is not feasible when regular and effective service can be provided by more cost-effective alternatives, such as rural delivery.

28. Concern (No Opinion):
No Concern

Response:

29. Concern (UnFavorable):
Customer questioned why their office was being studied for possible closure/consolidation.

Response:
The PMG has tasked management to review all offices with a postmaster vacancy, to determine if regular and effective service can be provided through cost effective alternate access. Additionally, we review workload analysis using a time-formula assigned to the tasks of an office over an extended period. That includes lease; salaries and benefits; replacement pay when there is an absence.; training hours; equipment; stock and supplies on hand; utilities; maintenance; transportation and other operational costs.

30. Concern (UnFavorable):
Customer stated closing Post Office will drive customers to other shipping services

Response:
Adapting to changes in the communication landscape is not new. By the beginning of the 20th century, there were 76,945 Post Offices, one for about every thousand residents, in our growing nation. In 1902, however, Congress extended free delivery to rural areas. That meant it was no longer necessary for patrons to visit an office to send or pick up mail. Today, there are about 31,800 post offices that provide retail and delivery services to customers nationwide. While we have seen more competition in the package delivery system over time, the largest change for us comes with the internet. A December 2010 Pew Research survey indicates that 77 percent of adult Americans regularly use the internet, with 66 percent making purchases and 58 doing banking online. These trends continue to significantly change the amount of mail that the Postal Service processes, as evident by a decline of 4.5 percent in mail volume in the past year. In package delivery, we continue to work with some of our competitors to round out the services we all provide. For example, we partner with both FedEx and UPS to provide essential parcel return services that allow customers to return items to participating retailers. We work closely with FedEx as a partner in air transport of time-sensitive packages and cargo, which keeps our prices in line and attractive for new users. And, as Congress allows us greater flexibility in developing products, we are aggressively marketing new products — like the Flat Rate Priority Mail package — that sends more business our way.

31. Concern (UnFavorable):
Customer suggested closing the post office on Saturdays

Response:
The Senate subcommittee chairman introduced a bill that addresses the financial issues confronting the Postal Service. Among other provisions, the proposal authorizes a transition to a 5-day delivery schedule. At this stage, it is still a bill.

32. Concern (UnFavorable):
Customer suggested closing the post office on Saturdays.

33. Concern (UnFavorable):
Customers expressed a concern about package delivery and pickup.

Response:
Rural carriers will deliver packages that fit in your rural mail box, if the package does not fit in the mail box, the carrier will deliver the package up to ½ mile off of the line of travel, at a designated place, such as on your porch or under a carport. For carrier pick up of packages, you can contact the administrative Post Office, letting the carrier know that you have a package available for pick up. The carrier can deviate from the line of travel in order to receive packages. The rural carrier will accept letters, flats or packages up to 13 ounces for mailing. The carrier will estimate the cost and provide a receipt for any money received. On the following delivery day the carrier will provide change or a bill for the amount over the estimate. Packages over 13 ounces may be picked up if the postage was printed online or with a traceable meter.

34. Concern (UnFavorable):
Customers expressed concern for those customers with disabilities who are not able to go to Boonville Post Office to pick up their mail.

Response:
Customers are not required to travel to another Post Office to receive mail or obtain retail services. These services will be provided by the carrier to a roadside mailbox located close to customers' residences. In hardship cases, delivery can be made to the home of a customer. Changes in the type of delivery are considered where service by existing methods would impose an extreme physical hardship for an individual customer. Any request for a change in delivery method must be submitted in writing to the Boonville postmaster.

35. Concern (UnFavorable):
Customers expressed concern over the apparent lack of interest by the Postal Service for the needs of the community.

Response:
The Postal Service is required to provide each community with regular and effective service, using the most cost efficient

means possible. The proposed alternate delivery service will meet the mailing and service needs of the community in a more cost effective manner.

36. Concern (UnFavorable):
Customers expressed concern over the dependability of rural route service.

Response:
Rural letter carriers perform a vital function in the United States Postal Service serving thousands of families and businesses in rural and suburban areas while traveling millions of miles daily. Rural letter carriers are highly respected by the American public. This respect has been earned by many years of dedication to the Postal Service and to postal customers. During national and local emergencies, including prolonged periods of extreme weather conditions, rural carriers have demonstrated great responsibility in providing mail service to postal customers. Rural carriers are required to serve the route expeditiously each day.

37. Concern (UnFavorable):
Customers felt the route should emanate from a different office than the one proposed because that office is closer.

Response:
The delivery route has been carefully reviewed to ensure that the most cost-efficient service is provided. While one office may be closer for some customers, it may be further away for others.

38. Concern (UnFavorable):
Customers quetioned what other cost-reducing initiatives are being done by the Postal Service.

Response:
The Postal Service has developed and begun implementing a range of cost-reducing initiatives. These include: consolidating operations, adjusting delivery routes, restructuring administrative and processing functions and closing district offices. We also have introduced several new products and services, including Priority Mail Flat Rate boxes and Adult Signature service, in an effort to grow revenue. The Postal Service of the future will be smaller, leaner and more competitive. But it will continue to drive commerce, service communities and deliver value. As a self-supporting government enterprise, the Postal Service receives no tax dollars. It relies solely on the sale of postage, products and services to pay for operating expenses. Revenue generation is a matter of business survival.

39. Concern (UnFavorable):
Customers said they would miss the special attention and assistance provided by the personnel at the West Leyden Post Office.

Response:
Courteous and helpful service will be provided by personnel at the Boonville Post Office and from the carrier. Special assistance will be provided as needed.

40. Concern (UnFavorable):
Customers were concerned about later delivery of mail.

Response:
The top priority of the Postal Service is to provide mail service in the most efficient manner possible because all of our costs are reflected in postage rates customers must pay. Delivery costs are one of our biggest expenses, so you can be assured that careful thought is given to the structure of each route. A customer's location on a carrier's line of travel determines the time of day mail is delivered. This, of course, precludes providing early delivery of mail to every customer because, no matter how we structure a route, somebody must be last. We do, however, carefully consider the volume of mail for each route so that we can deliver the greatest amount of mail at the earliest possible hour. With the largest fleet of delivery vehicles in the world, to minimize vehicle and fuel expenses we must also pay special attention to energy conservation measures. When the price of gasoline goes up one cent per gallon our total gasoline cost rises more than $1 million. Therefore, when structuring a route, we must balance our goal to deliver as much mail as possible as early as possible with the need to minimize the travel distance a route must cover. We do regret the inconvenience to customers who would like, but cannot receive, early mail delivery. For those customers we offer alternative delivery services, such as Post Office box service that provide access to their mail earlier and throughout the day.

41. Concern (UnFavorable):
Customers were concerned about obtaining accountable mail and large parcels.

Response:
If the customer lives less than one-half mile from the line of travel, the carrier will attempt delivery of accountable items and large parcels to the customer's residence. If the customer lives over one-half mile away or is not home when delivery is attempted, a notice will be left in the mailbox. Large parcels will be left outside the mailbox or at a location designated by the customer (if authorized by the customer), or a notice will be left in the mailbox. Attempted delivery items will be taken back to the Post Office. Customers may pick up the item at the Post Office or request redelivery online at usps.com or by calling 1-800-ASK-USPS.

42. Concern (UnFavorable):
Customers were concerned about senior citizens.

Response:
Carrier service is beneficial to many senior citizens and those who face special challenges because the carrier can provide delivery and retail services to roadside mailboxes or Centralized Box Units. Customers do not have to make a special trip to the Post Office for service. Special provisions are made for hardship cases or special customer needs. To request an exception for hardship delivery, customers may contact the Boonville postmaster for more information.

43. Concern (UnFavorable):
Customers were concerned about the higher cost of PO Box Fees at adminoffice.

Response:
PO Box fee assignments are determined by a value based pricing algorithm that is primarily based on the commercial real estate values and other economic variables of where the office is located. This data and the formulas used are approved by the Postal Regulatory Commission and are applied to all offices nationally. These formulas are consistently applied and cannot be changed between rate cases. They represent the myriad commercial real estate values across the country and sometimes within blocks.

44. Concern (UnFavorable):
You expressed a concern that they requested and were denied rural delivery service

Response:
There are several guidelines which must be met prior to a road being approved for delivery. The road to be traveled must be at least 14 feet wide and maintained at all times of the year. It cannot dead end in a private driveway even if the drive is maintained by a municipality. There must be a suitable turning point provided for the carrier, preferably with no backing. If backing is involved, there are other guidelines to adhere to. If backing is necessitated, the Postmaster must verify it is in a low-traffic area and there are no children in the immediate vicinity on a regular basis. There must also be a minimum of one family per one-half mile of travel.

Nonpostal Concerns

The following nonpostal concerns were expressed

1. Concern (No Opinion):
Customer expressed a concern about rural bigotry.

Response:
Closing small offices is one step of many which are being examined and, depending on circumstances, initiated. Other reorganization initiatives include reducing adminstrative layers, a 20% reduction in adminstrative and executive positions, closing of seven districts and one area office.

2. Concern (No Opinion):
Customer expressed concern about an eroding infrastructure and the loss of the Post Office in their rural community.

Response:

The PMG has tasked management to review all offices with a postmaster vacancy, to determine if regular and effective service can be provided through cost effective alternate access. Additionally, we review workload analysis using a time-formula assigned to the tasks of an office over an extended period. It looks at the types of transactions in an office and the complexity of those transactions. A stamp sale, a money order or a passport transaction are all credited differently. We measure customer demand, in part, by revenue figures. Some of this information, such as package sales, is proprietary. However, in most post offices with retail terminals, we pull up numbers and types of window transactions. We even see "down time." We look at what other services are available nearby at post offices or at partner businesses, like stores that sell stamps or contracted units. Finally, we consider our total operating expenses. That includes lease, salaries and benefits; replacement pay when there is an absence;, training hours; equipment, stock and supplies on hand; utilities; maintenance; transportation and other operational costs.

3. Concern (No Opinion):
Customers asked what other ways USPS was trying to make up the deficit, other than closing their post office.

Response:
Closing small offices is one step of many which are being examined and, depending on circumstances, initiated. Additionally, there are bills before Congress to address: overpaid pensions, 5 day delivery, and pre-funded Health Benefit Relief. The Postal Service has actively made reductions at all levels of the organization, including: a 20 % reduction in administrative positions, as well as reducing one Area and seven District offices

4. Concern (No Opinion):
Customers expressed concern for loss of community identity.

Response:
A community's identity derives from the interest and vitality of its residents and their use of its name. The Postal Service is helping to preserve community identity by continuing the use of the Community name and ZIP Code in addresses.

5. Concern (No Opinion):
Customers questioned the economic savings of the proposed discontinuance.

Response:
Carrier service can be and, in this case, is more cost-effective than maintaining a postal facility and a postmaster position. The Postal Service estimates an annual savings with this change.

6. Concern (No Opinion):
Customers were concerned about the loss of a gathering place and an information center.

Response:
Residents may continue to meet informally, socialize, and share information at the other businesses, churches and residences in town.

7. Concern (No Opinion):

PROPOSAL TO CLOSE THE WEST LEYDEN, NY POST OFFICE AND EXTEND SERVICE BY RURAL ROUTE SERVICE (REVISED)

DOCKET NUMBER 1387082 - 13489

I. RESPONSIVENESS TO COMMUNITY POSTAL NEEDS

The Postal Service is proposing to close the West Leyden, NY Post Office and provide delivery and retail services by rural route service under the administrative responsibility of the Boonville Post Office, located seven miles away.

The postmaster position became vacant when the postmaster retired on January 01, 2009. Since the postmaster vacancy an OIC has been installed to operate the office. Postmaster level and office service hours are determined by a workload analysis which includes the number of deliveries and revenue.

The office is being studied for possible closing or consolidation due to the following reasons: This is a management initiated study to determine if regular and effective service can be provided through alternate channels.

The West Leyden Post Office, an EAS-13 level, provides service from 07:30 to 11:30 and 13:00 to 16:45 Monday - Friday , 08:30 to 11:30 Saturday and lobby hours of 7:30 to 17:00 on Monday - Friday and 08:30 to 11:30 on Saturday to 165 post office box or general delivery customers and 138 delivery customers. Retail services included the sale of stamps, stamped paper, and money orders; special services such as Registered Mail, Certified Mail, Insured Mail, COD Mail, and Express Mail services; and the acceptance and dispatch of all classes of mail.

The retail window averaged 21 transaction(s) accounting for 26 minute(s) of retail workload daily. With minimal workload, the Postal Service feels that effective and regular service will be provided by rural route service. Office receipts for the last 3 years were: $44,260 (115 revenue units) in FY 2008; $40,481 (106 revenue units) in FY 2009; and $41,807 (109 revenue units) in FY 2010. There were one permit mailer(s) or postage meter customer(s).

On May 12, 2011, representatives from the Postal Service were available at West Leyden Post Office lobby (Open House style format) to answer questions and provide information to customers. 35 customer(s) attended the meeting.

On May 03, 2011, 300 questionnaires were distributed to delivery customers of the West Leyden Post Office. Questionnaires were also available over the counter for retail customers at the West Leyden Post Office. 118 questionnaires were returned. Responses regarding the proposed alternate service were as follows: 8 favorable, 48 unfavorable, and 62 expressed no opinion.

If this proposal is implemented, delivery and retail services will be provided by the Boonville Post Office, an EAS-18 level office. Window service hours at the Boonville Post Office are from 08:30 to 12:30 and 13:30 to 17:00, Monday through Friday, and 09:00 to 12:00 on Saturday. There are 238 post office boxes available.

The following concerns were expressed from questionnaires, the community meeting, from customer letters, on the petition, and from the congressional inquiry:

1.	**Concern:**	Customer expressed a concern about rural bigotry.
	Response:	The customer expressed a concern about rural bigotry. . Closing small offices is one step of many which are being examined and, depending on circumstances, initiated. Other reorganization initiatives include reducing adminstrative layers, a 20% reduction in adminstrative and executive positions, closing of seven districts and one area office.
2.	**Concern:**	Customer expressed a concern about their 911 address
	Response:	911 addresses are generally given by the county's 911 coordinator. The Postal Service does not establish 911 addresses. Any questions concerning your 911 address should be directed to the county's 911 coordinator.
3.	**Concern:**	Customer questioned why rural delivery is free when customers pay rent for PO Boxes.
	Response:	The Postal Service must provide one form of free delivery. When street (rural) delivery is not available, customers receive a no-fee PO Box. Customers that pay a fee for a PO box have the option of street delivery.
4.	**Concern:**	Customer suggested closing the post office on Saturdays.
	Response:	The Senate subcommittee chairman introduced a bill that addresses the financial issues confronting the Postal Service. Among other provisions, the proposal authorizes a transition to a 5-day delivery schedule. At this stage, it is still a bill.
5.	**Concern:**	Customer suggested increasing the cost for bulk mailing.
	Response:	The customer r suggestion has been duly noted and added to the official record.
6.	**Concern:**	Customers asked why their post office was being discontinued while others were retained.

Response: Post offices are reviewed on a case-by-case basis. When there is a vacancy in a small office, it is customary to conduct a study of the business activity and investigate the feasibility of providing service by alternate means.

7. **Concern:** Customers expressed a concern about package delivery and pickup.

Response: Rural carriers will deliver packages that fit in your rural mail box, if the package does not fit in the mail box, the carrier will deliver the package up to ½ mile off of the line of travel, at a designated place, such as on your porch or under a carport. For carrier pick up of packages, you can contact the administrative Post Office, letting the carrier know that you have a package available for pick up. Packages over 13 ounces may be picked up if the postage was printed online or with a traceable meter.

8. **Concern:** Customers expressed a concern that the meeting time did not permit residents an opportunity to ask questions or raise concerns.

Response: There are a number of posting requirements and comment periods before any final decision or implementation would be made. All customers will have several opportunities to ask questions and make comments.

9. **Concern:** Customers expressed concern about collection of outgoing mail

Response: Collection of mail will be made by the carrier when serving the route. The customer should raise the flag on the mailbox to alert the carrier that outgoing mail is to be collected from the mailbox.

10. **Concern:** Customers expressed concern about having to erect a rural mailbox

Response: Customers are not required to erect rural mailboxes. Customers may receive PO Box service from the Boonville Post Office located 7 miles away. Customers who retain their PO Box WILL NOT be required to change their address.

11. **Concern:** Customers expressed concern for those customers with disabilities who are not able to go to Boonville Post Office to pick up their mail.

Response: Customers are not required to travel to another post office to receive mail or obtain retail services. These services will be provided by the carrier to a roadside mailbox located close to customers' residences. In hardship cases, delivery can be made to the home of a customer. Changes in the type of delivery are considered where service by existing methods would impose an extreme physical hardship for an individual customer. Any request for a change in delivery method must be submitted in writing to the Boonville postmaster.

12. **Concern:** Customers inquired about mailbox installation and maintenance

Response: Customers are responsible for mailbox installation and maintenance. Mailboxes must be placed so that they may be safely and conveniently served by the carrier and must be located on the right-hand side of the road in the direction of the carrier's travel. Mailbox supports should conform to state laws and highway regulations. The Postal Service recommends that customers contact the Boonville postmaster or carrier for advice on placement of mailboxes and mailbox height and supports.

13. **Concern:** Customers said they would miss the special attention and assistance provided by the personnel at the West Leyden Post Office.

Response: The Boonville Post Office will continue to provide courteous and helpful service. Special assistance will be provided as needed.

14. **Concern:** Customers were concerned about a change of address

Response: Customers who retain their PO Box or currently have street delivery WILL NOT be required to change their address. ONLY customers electing to close their PO Box and begin street delivery would be required to change their address, if a final determination is made to close or consolidate this office. 911 addresses are generally given by the county's 911 coordinator. The Postal Service does not establish 911 addresses. Any questions concerning your 911 address should be directed to the county's 911 coordinator 911 addresses are generally given by the county's 911 coordinator. 16. **Concern:** Customers were concerned about having to travel to another post office for service.

Response: Services provided at the Post Office will be available from the carrier, and customers will not have to travel to another Post Office for service. Most transactions do not require meeting the carrier at the mailbox. Stamps by Mail and Money Order Application forms are available for customer convenience. Stamps are also available at many stores and gas stations where customers may already shop, online at usps.com, or by calling 1-800-STAMP-24.

17. **Concern:** Customers were concerned about later delivery of mail.

For those customers we offer alternative delivery services, such as Post Office box service that provide access to their mail earlier and throughout the

18. **Concern:** Customers were concerned about mail security.

Response: Customers may place a lock on their mailboxes. The mailbox must have a slot large enough to accommodate the customer's normal daily mail volume. The Postal Service does not open mailboxes which are locked and does not accept keys for this purpose.

19. **Concern:** Customers were concerned about obtaining services from the carrier

Response: Retail services provided at the post office are available from the carrier. Most transactions do not require meeting the carrier at the mailbox. Stamps by Mail and Money Order Application forms are available for customer convenience. Listed below are some services available from the carrier and how to obtain them.

PURCHASING STAMPS BY MAIL
The Stamps by Mail Program provides customers the opportunity to purchase stamps, envelopes, and postal cards by using Form 3227-R, Stamp Purchase Order (Rural), available from the post office or the carrier. Commemorative stamps and stamp collecting products are also available. The customer

addresses the postage paid order form envelope, encloses payment by personal check or postal money order made payable to the US Postal Service, and mails the form (postage-free) or leaves it in the mailbox for the carrier to pick up. Most orders are processed overnight, and some immediately.

PURCHASING POSTAL MONEY ORDERS
Customers may purchase money orders by meeting the carrier at the mailbox, completing an application, and paying the carrier (in cash) the price of the money order, plus the fee. The carrier gives the customer a receipt for the application. The money order is completed when the carrier returns to the post office, and a money order receipt is left in the customer's mailbox on the next delivery day. Most customers provide the carrier with a stamped, self-addressed envelope in which the completed money order is mailed to its destination. If customers prefer, the completed money orders will be returned for verification on the next delivery day.

SPECIAL SERVICES
Special services such as certified, registered, Express Mail, delivery confirmation, signature confirmation, and COD may be obtained from the carrier by leaving a note in the mailbox, along with the appropriate payment. The carrier will provide the services that day and leave a customer receipt in the mailbox on the next delivery day.

HOLDING MAIL
Customers who will be away for an extended time, such as a vacation, may request that their mail be held at the post office during their absence. Upon return the customer asks the post office to resume delivery.

20. **Concern:** Customers were concerned about senior citizens.

Response: Carrier service is beneficial to many senior citizens and those who face special challenges because the carrier can provide delivery and retail services to. Customers do not have to make a special trip to the post office for service. Special provisions are made for hardship cases or special customer needs. To request an exception for hardship delivery, customers may contact the Boonville postmaster for more information.

21. **Concern:** Customers were concerned about the mailboxes being damaged by snowplows

Response: Please contact the Boonville postmaster to determine the proper mailbox location and installation method that would help alleviate this concern. Placing the mailbox on a long, swinging, horizontal pipe is one method often used to avoid damage by snowplows.

22. **Concern:** You expressed a concern that they requested and were denied rural delivery service

Response: There are several guidelines which must be met prior to a road being approved for delivery. The road to be traveled must be at least 14 feet wide and maintained at all times of the year. It cannot dead end in a private driveway even if the drive is maintained by a municipality. There must be a suitable turning point provided for the carrier, preferably with no backing. If backing is involved, there are other guidelines to adhere to. If backing is necessitated, the Postmaster must verify it is in a low-traffic area and there are no children in the immediate vicinity on a regular basis. There must also be a minimum of one family per one-half mile of travel.

23. **Concern:** Customer expressed a concern about parking at Boonville Post Office.

Response: A site study was conducted and it was determined that parking is ample at Boonville Post Office

24. **Concern:** Customer expressed a concern about the cost savings obtained by the Postal Service from the closure of Post Offices. Quoting the PRC which said if the Postal Service closed 1000 Post Offices, it would only save 0.7% of the postal budget.

Response: The Postal Service has developed and begun implementing a range of cost-reducing initiatives. These include: consolidating operations, adjusting delivery routes, restructuring administrative and processing functions and closing district offices. We also have introduced several new products and services, including Priority Mail Flat Rate boxes and Adult Signature service, in an effort to grow revenue.

25. **Concern:** Customer expressed concern for walking for postal services.

Response: The Postal Service is committed to placing services and products conveniently for its customers, including in settings close to homes and businesses such as grocery or drug stores. These provide the most in-demand offerings of local Post Offices, the sale of postage stamps.

26. **Concern:** Customer expressed concern over those customers that purchase money orders.

Response: Demographics have been studied. Most postal customers do not purchase money orders on a daily basis. Money order transactions, nationwide, continue to drop as other technologies for bill payments and cash transfers strengthen: According to the 2010 Postal Service Annual Report, nearly 50 million fewer money orders were purchased in 2010 than just five years earlier and that trend continues today. Today, almost four out of 10 stamps sold each day are purchased at grocery or drug stores while an additional 19 percent of postal transactions are conducted, in some way, through the internet. This represents a shift in consumer demand, moving away from post office lobbies for the most commonly-requested postal purchase – stamps.

27. **Concern:** Customer questioned why their office was being studied for possible closure/consolidation.

Response: The PMG has tasked management to review all offices with a postmaster vacancy, to determine if regular and effective service can be provided through cost effective alternate access. Additionally, we review workload analysis using a time-formula assigned to the tasks of an office over an extended period. It looks at the types of transactions in an office and the complexity of those transactions. A stamp sale, a money order or a passport transaction are all credited differently. We measure customer demand, in part, by revenue figures. Some of this information, such as package sales, is proprietary. However, in most post offices with retail terminals, we pull up numbers and types of window transactions. We even see "down time." We look at what other services are available nearby at post offices or at partner businesses, like stores that sell stamps or contracted units. Finally, we consider our total operating expenses. That includes lease, salaries and benefits; replacement pay when there is an absence;, training hours; equipment, stock and supplies on hand; utilities; maintenance; transportation and other operational costs.

28. **Concern:** Customer stated closing Post Office will drive customers to other shipping services

Response: Adapting to changes in the communication landscape is not new. By the beginning of the 20th century, there were 76,945 Post Offices, one for about every thousand residents, in our growing nation. In 1902, however, Congress extended free delivery to rural areas. That meant it was no longer necessary for patrons to visit an office to send or pick up mail. Today, there are about 31,800 post offices that provide retail and delivery services to customers nationwide. While we have seen more competition in the package delivery system over time, the largest change for us comes with the internet. A December 2010 Pew Research survey indicates that 77 percent of adult Americans regularly use the internet, with 66 percent making purchases and 58 doing banking online. These trends continue to significantly change the amount of mail that the Postal Service processes, as evident by a decline of 4.5 percent in mail volume in the past year. In package delivery, we continue to work with some of our competitors to round out the services we all provide. For example, we partner with both FedEx and UPS to provide essential parcel return services that allow customers to return items to participating retailers. We work closely with FedEx as a partner in air transport of time-sensitive packages and cargo, which keeps our prices in line and attractive for new users. And, as Congress allows us greater flexibility in developing products, we are aggressively marketing new products — like the Flat Rate Priority Mail package — that sends more business our way.

29. **Concern:** Customer stated if Post Office must close, to consider moving the boxes and/or services to Hilltop Market in West Leyden.

Response: Alternate access for postal products and services has become commonplace. Thank you for your suggestion, which will be forwarded to the appropriate department for followup.

30. **Concern:** Customer suggested closing the post office on Saturdays

Response: The Senate subcommittee chairman introduced a bill that addresses the financial issues confronting the Postal Service. Among other provisions, the proposal authorizes a transition to a 5-day delivery schedule. At this stage, it is still a bill.

31. **Concern:** Customers expressed concern over the apparent lack of interest by the Postal Service for the needs of the community.

Response: The Postal Service is required to provide each community with regular and effective service, using the most cost efficient means possible. The proposed alternate delivery service will meet the mailing and service needs of the community in a more cost effective manner.

32. **Concern:** Customers expressed concern over the dependability of rural route service.

Response: Rural letter carriers perform a vital function in the United States Postal Service serving thousands of families and businesses in rural and suburban areas while traveling millions of miles daily. Rural letter carriers are highly respected by the American public. This respect has been earned by many years of dedication to the Postal Service and to postal customers. During national and local emergencies, including prolonged periods of extreme weather conditions, rural carriers have demonstrated great responsibility in providing mail service to postal customers. Rural carriers are required to serve the route expeditiously each day.

33. **Concern:** Customers felt inclement weather and poor road conditions might impede delivery

Response: Both inclement weather and heavy mail volume can cause deviations from the normal delivery schedule. However, thecarrier is required to provide a vehicle of adequate size, equipped with necessary equipment (chains or snow tires,warning lights or signs, etc.) to serve the route safely and efficiently and in accordance with federal, state, and local motor vehicle laws and regulations.

34. **Concern:** Customers felt the cost of postage was increasing while service was decreasing.

Response: The Postal Service is not immune to rising costs affecting every family and business. We do not receive tax dollars to cover the cost of operations and must adjust our prices to cover our costs. The Postal Service Governors are responsible for approving prices for all Postal Service products and services. For mailing services prices, such as stamp prices, the Postal Service announces the new prices each February and they become effective each May. The Postal Regulatory Commission (PRC) reviews the new pricing for compliance with the price cap and other provisions of the Postal Act of 2006.

35. **Concern:** Customers felt the route should emanate from a different office than the one proposed because that office is closer.

Response: The delivery route has been carefully reviewed to ensure that the most cost-efficient service is provided. While one office may be closer for some customers, it may be further away for others.

36. **Concern:** Customers quetioned what other cost-reducing initiatives are being done by the Postal Service.

Response: The Postal Service has developed and begun implementing a range of cost-reducing initiatives. These include: consolidating operations, adjusting delivery routes, restructuring administrative and processing functions and closing district offices. We also have introduced several new products and services, including Priority Mail Flat Rate boxes and Adult Signature service, in an effort to grow revenue. The Postal Service of the future will be smaller, leaner and more competitive. But it will continue to drive commerce, service communities and deliver value. As a self-supporting government enterprise, the

Postal Service receives no tax dollars. It relies solely on the sale of postage, products and services to pay for operating expenses. Revenue generation is a matter of business survival.

37. **Concern:** Customers wanted to know why the customer lines were so long at the adminoffice Post Office

Response: The Boonville Post Office serves a much larger community and has a heavier retail window workload. This concern has been brought to the attention of the adminoffice postmaster sœan monitor window operations and ensure that customers do not have an unreasonable wait to obtain services. The carrier can provide retail services, alleviating the need for customers to go to the post office for service.

38. **Concern:** Customers were concerned about a possible address change.

Response: Customers who retain their PO Box or currently have street delivery WILL NOT be required to change their address. ONLY customers electing to close their PO Box and begin street delivery would be required to change their address, if a final determination is made to close or consolidate this office. 911 addresses are generally given by the county's 911 coordinator. The Postal Service does not establish 911 addresses. Any questions concerning your 911 address should be directed to the county's 911 coordinator.

39. **Concern:** Customers were concerned about obtaining accountable mail and large parcels.

Response: If the customer lives less than one-half mile from the line of travel, the carrier will attempt delivery of accountable items and large parcels to the customer's residence. If the customer lives over one-half mile away or is not home when delivery is attempted, a notice will be left in the mailbox. Large parcels will be left outside the mailbox or at a location designated by the customer (if authorized by the customer), or a notice will be left in the mailbox. Attempted delivery items will be taken back to the Post Office. Customers may pick up the item at the Post Office or request redelivery online at usps.com or by calling 1-800-ASK-USPS.

40. **Concern:** Customers were concerned about obtaining services from the carrier.

Response: The rural carrier provides all the services that are available at the Post Office with the exception of PO Box service and bulk mail acceptance. This includes stamp sales, package pick up, special services and money order sales.

41. **Concern:** Customers were concerned about the higher cost of PO Box Fees at adminoffice.

Response: PO Box fee assignments are determined by a value based pricing algorithm that is primarily based on the commercial real estate values and other economic variables of where the office is located. This data and the formulas used are approved by the Postal Regulatory Commission and are applied to all offices nationally. These formulas are consistently applied and cannot be changed between rate cases. They represent the myriad commercial real estate values across the country and sometimes within blocks.

42. **Concern:** inquired about building a new facility or a mobile unit

Response: New construction or the placement of a mobile unit or trailer is not feasible when regular and effective service can be provided by more cost-effective alternatives, such as rural delivery.

Some advantages of the proposal are:

1. The rural or contract delivery carrier may provide retail services, alleviating the need to go to the post office. Stamps by Mail order forms are provided for customer convenience.
2. Customers opting for carrier service will have 24-hour access to their mail.
3. Savings for the Postal Service contribute in the long run to stable postage rates and savings for customers.
4. CBUs can offer the security of individually locked mail compartments. Parcel lockers provide convenient parcel delivery for customers.
5. Customers opting for carrier service will not have to pay post office box fees.
6. Saves time and energy for customers who drive to the post office to pick up mail.

Some disadvantages of the proposal are:

1. The loss of a retail outlet and a postmaster position in the community. Retail services may be provided by the rural or contract delivery carrier.
2. Meeting the rural or contract delivery carrier at the box to transact business. However, it is not necessary to be present to conduct most Postal Service transactions.
3. A change in the mailing address. The community name will continue to be used in the new address. A carrier route address will be assigned.
4. A change in your PO Box Fees may be a result of this proposal.

Taking all available information into consideration, the Postal Service concludes this proposal will provide a maximum degree of effective and regular postal services to the community.

II. EFFECT ON COMMUNITY

West Leyden is an unincorporated community located in Lewis County. The community is administered politically by Town supervisor. Police protection is provided by the Lewis County Sheriff's Dept. Fire protection is provided by the West Leyden Fire Department. The community is comprised of retirees, farmers, self-employed, and those who commute to work at nearby communities and work in local businesses.

Businesses and organizations include: West Leyden Town Library, West Leyden Elementary School, West Leyden Fire Company, Town Supervisor, Town Clerk, County Legislator, Tax Collector, Town Highway Dept., Town Court, West Leyden Reformed Church, St. Mary's Catholic Church, Adironack Builders, Adirontek Furniture, Advanced Graphics, General Contractor, Dairy farms (various - no count given), Fey Mgf., Fish Creek Naturals, Hilltop Market, Hroboni's Greenhouse, Kelly Construction, Milk Plant Tavern, Premier Design, Rauscher Bros. Inc., Sam's Sweets & Eats, Snow Removal (various - no count given), Southern Tughill Sno-Riders Snowmobile Club, Social Security Disability/SSI/ChildSSI, Stihl Chain Saws, Trueblued Gunsmithing & Sales, Tug Hill Hideaway, Wilbert & Wenner Insurance Agency, Williamson Garage, Shooting Star, BnB Home School Store, The Farm Workshop, Tughill Peddlers . Residents may travel to nearby communities for other supplies and services.

Nonpostal services provided at the West Leyden Post Office will be available at the Boonville Post Office. Government forms normally provided by the Post Office will also be available at the Boonville Post Office or by contacting your local government agency.

The following nonpostal concerns were expressed from questionnaires, the community meeting, on the petition, and on the congressional inquiry:

1. **Concern:** Customers expressed concern for loss of community identity.

   Response: A community's identity derives from the interest and vitality of its residents and their use of its name. The Postal Service is helping to preserve community identity by continuing the use of the West Leyden Post Office name and ZIP Code in addresses and in the National Five-Digit ZIP Code and Post Office Directory.

2. **Concern:** Customers questioned the economic savings of the proposed discontinuance.

   Response: Carrier service can be and, in this case, is more cost-effective than maintaining a postal facility and a postmaster position. The Postal Service estimates an annual savings with this change.

3. **Concern:** Customers were concerned about the loss of a gathering place and an information center.

   Response: Residents may continue to meet informally, socialize, and share information at the other businesses, churches and residences in town.

4. **Concern:** Customer expressed a concern about rural bigotry.

Response: Closing small offices is one step of many which are being examined and, depending on circumstances, initiated. Other reorganization initiatives include reducing adminstrative layers, a 20% reduction in adminstrative and executive positions, closing of seven districts and one area office.

5. **Concern:** Customer expressed concern about an eroding infrastructure and the loss of the Post Office in their rural community.

Response: The PMG has tasked management to review all offices with a postmaster vacancy, to determine if regular and effective service can be provided through cost effective alternate access. Additionally, we review workload analysis using a time-formula assigned to the tasks of an office over an extended period. It looks at the types of transactions in an office and the complexity of those transactions. A stamp sale, a money order or a passport transaction are all credited differently. We measure customer demand, in part, by revenue figures. Some of this information, such as package sales, is proprietary. However, in most post offices with retail terminals, we pull up numbers and types of window transactions. We even see "down time." We look at what other services are available nearby at post offices or at partner businesses, like stores that sell stamps or contracted units. Finally, we consider our total operating expenses. That includes lease, salaries and benefits; replacement pay when there is an absence;, training hours; equipment, stock and supplies on hand; utilities; maintenance; transportation and other operational costs.

6. **Concern:** Customers asked what other ways USPS was trying to make up the deficit, other than closing their post office.

Response: Closing small offices is one step of many which are being examined and, depending on circumstances, initiated. Additionally, there are bills before Congress to address: overpaid pensions, 5 day delivery, and pre-funded Health Benefit Relief. The Postal Service has actively made reductions at all levels of the organization, including: a 20 % reduction in administrative positions, as well as reducing one Area and seven District offices

Based on the information obtained in the course of this discontinuance study, the Postal Service concludes this proposal will not adversely affect the community.

III. EFFECT ON EMPLOYEES

The postmaster position became vacant when the postmaster retired on January 01, 2009. The noncareer postmaster relief (PMR) may be separated from the Postal Service. No other Postal Service employee will be adversely affected.Since the postmaster vacancy an OIC has been installed to operate the office.

IV. ECONOMIC SAVINGS

The Postal Service estimates an annual savings of $ 40,882 with a breakdown as follows:

Postmaster Salary (EAS-13, No COLA)	$ 36,381
Fringe Benefits @ 33.5%	$ 12,188
Annual Lease Costs	+ $ 10,412
Total Annual Costs	$ 58,981
Less Annual Cost of Replacement Service	- $ 18,099
Total Annual Savings	$ 40,882

V. OTHER FACTORS

The Postal Service has identified no other factors for consideration.

VI. SUMMARY

The Postal Service is proposing to close the West Leyden, NY Post Office and provide delivery and retail services by rural route service under the administrative responsibility of the Boonville Post Office, located seven miles away.

The postmaster retired on January 01, 2009. If the office has a noncareer PMR(s), they may be separated from the Postal Service; however, attempts will be made to reassign the employee(s) to a nearby facility. No other employee(s) will be adversely affected. Post office mail volume has declined. Effective and regular service will continue to be provided by rural route service.

The West Leyden Post Office provided delivery and retail service to 165 PO Box or general delivery customers and 138 delivery route customers. The daily retail window transactions averaged 21. There are one permit mailers or postage meter customers.

There will no longer be a retail outlet in the community. However, delivery and retail services may be available from a rural or contract delivery carrier, which could alleviate the need to travel to a post office for service. The Postal Service will save an estimated $40,882 annually. A disadvantage to some may be in meeting the rural or contract delivery carrier to transact business. However, it is not necessary to be present to conduct most Postal Service transactions with a rural or contract delivery carrier.

Taking all available information into consideration, the Postal Service has determined that the advantages outweigh the disadvantages and this proposal is warranted.

VII. NOTICES

A. Support Materials. Copies of all materials upon which this proposal is based are available for public inspection at the West Leyden Post Office and Boonville Post Office during normal office hours.

B. This is a proposal. It is not a final determination to close this post office. If a final determination is made to close this post office, after public comments on this proposal are received and taken into account, a notice of that final determination will be posted in this office.

The final determination will contain instructions on how affected customers may appeal that decision to the Postal Regulatory Commission. Any such appeal must be received by the commission within 30 days of the posting of the final determination.

FINAL DETERMINATION TO CLOSE
THE WEST LEYDEN, NY POST OFFICE
AND EXTEND
SERVICE BY RURAL ROUTE SERVICE

DOCKET NUMBER 1387082 - 13489

I. RESPONSIVENESS TO COMMUNITY POSTAL NEEDS

The Postal Service is issuing the final determination to close the West Leyden, NY Post Office and provide delivery and retail services by rural route service under the administrative responsibility of the Boonville Post Office, located seven miles away.

The postmaster position became vacant when the postmaster retired on January 01, 2009. Since the postmaster vacancy an OIC has been installed to operate the office. Postmaster level and office service hours are determined by a workload analysis which includes the number of deliveries and revenue.

The office was studied for possible closing or consolidation due to the following reasons: This is a management initiated study to determine if regular and effective service can be provided through alternate channels.

The West Leyden Post Office, an EAS-13 level, provides service from 07:30 to 11:30 and 13:00 to 16:45 Monday - Friday , 08:30 to 11:30 Saturday and lobby hours of 7:30 to 17:00 on Monday - Friday and 08:30 to 11:30 on Saturday to 165 post office box or general delivery customers and 138 delivery customers. Retail services included the sale of stamps, stamped paper, and money orders; special services such as Registered Mail, Certified Mail, Insured Mail, COD Mail, and Express Mail services; and the acceptance and dispatch of all classes of mail.

The retail window averaged 21 transaction(s) accounting for 26 minute(s) of retail workload daily. With minimal workload, the Postal Service feels that effective and regular service will be provided by rural route service. Office receipts for the last 3 years were: $44,260 (115 revenue units) in FY 2008; $40,481 (106 revenue units) in FY 2009; and $41,807 (109 revenue units) in FY 2010. There were one permit mailer(s) or postage meter customer(s).

On May 12, 2011, representatives from the Postal Service were available at West Leyden Post Office lobby (Open House style format) to answer questions and provide information to customers. 35 customer(s) attended the meeting.

On May 03, 2011, 300 questionnaires were distributed to delivery customers of the West Leyden Post Office. Questionnaires were also available over the counter for retail customers at the West Leyden Post Office. 118 questionnaires were returned. Responses regarding the proposed alternate service were as follows: 8 favorable, 48 unfavorable, and 62 expressed no opinion.

When this final determination is implemented, delivery and retail services will be provided by the Boonville Post Office, an EAS-18 level office. Window service hours at the Boonville Post Office are from 08:30 to 12:30 and 13:30 to 17:00, Monday through Friday, and 09:00 to 12:00 on Saturday. There are 238 post office boxes available.

The proposal to close the West Leyden Post Office was posted with an invitation for comment at the West Leyden Post Office and Boonville Post Office from May 28, 2011 to July 29, 2011. The following additional concerns were received during the proposal posting period:

1. **Concern:** Customer expressed a concern about parking at Boonville Post Office.

   Response: A site study was conducted and it was determined that parking is ample at Boonville Post Office

2. **Concern:** Customer expressed a concern about the cost savings obtained by the Postal Service from the closure of Post Offices. Quoting the PRC which said if the Postal Service closed 1000 Post Offices, it would only save 0.7% of the postal budget.

   Response: The Postal Service has developed and begun implementing a range of cost-reducing initiatives. These include: consolidating operations, adjusting delivery routes, restructuring administrative and processing functions and closing district offices. We also have introduced several new products and services, including Priority Mail Flat Rate boxes and Adult Signature service, in an effort to grow revenue.

3. **Concern:** Customer expressed a concern that they have a PO Box because they live in a snow belt.

   Response: The customer expressed a concern that they have a PO Box because they live in a snow belt. You expressed a concern that they have a PO Box because they live in a snow belt. We are expanding our options to include centralized delivery services in some locations. If one or more centralized delivery points can be established in your community, it can eliminate the need for maintaining individual mailboxes and is a more cost effective delivery method for the Postal Service.

4. **Concern:** Customer expressed concern for walking for postal services.

Response:

DOCKET NO. 1387082-13489
ITEM NO. 47
PAGE 3

The Postal Service is committed to placing services and products conveniently for its customers, including in settings close to homes and businesses such as grocery or drug stores. These provide the most in-demand offerings of local Post Offices, the sale of postage stamps.

5. **Concern:** Customer expressed concern over those customers that purchase money orders.

Response:

Demographics have been studied. Most postal customers do not purchase money orders on a daily basis. Money order transactions, nationwide, continue to drop as other technologies for bill payments and cash transfers strengthen: According to the 2010 Postal Service Annual Report, nearly 50 million fewer money orders were purchased in 2010 than just five years earlier and that trend continues today. Today, almost four out of 10 stamps sold each day are purchased at grocery or drug stores while an additional 19 percent of postal transactions are conducted, in some way, through the internet. This represents a shift in consumer demand, moving away from post office lobbies for the most commonly-requested postal purchase -- stamps.

6. **Concern:** Customer indicated window hours are earlier than other Post Offices in the area.

Response:

The customer indicated window hours are earlier than other Post Offices in the area. The total window hours are comparable to Boonville; West Leyden is open earlier, Boonville closes later and has a shorter lunch closure, however, the lobby is open longer in Boonville, providing more access to PO Box mail.

7. **Concern:** Customer questioned why their office was being studied for possible closure/consolidation.

Response:

The PMG has tasked management to review all offices with a postmaster vacancy, to determine if regular and effective service can be provided through cost effective alternate access. Additionally, we review workload analysis using a time-formula assigned to the tasks of an office over an extended period. It looks at the types of transactions in an office and the complexity of those transactions. A stamp sale, a money order or a passport transaction are all credited differently. We measure customer demand, in part, by revenue figures. Some of this information, such as package sales, is proprietary. However, in most post offices with retail terminals, we pull up numbers and types of window transactions. We even see "down time." We look at what other services are available nearby at post offices or at partner businesses, like stores that sell stamps or contracted units. Finally, we consider our total operating expenses. That includes lease, salaries and benefits; replacement pay when there is an absence;, training hours; equipment, stock and supplies on hand; utilities; maintenance; transportation and other operational costs.

8. **Concern:** Customer state the West Leyden post office showed a profit of almost $1400 for this fiscal year as of June 30, 2011.

Response:

Customer state the West Leyden post office showed a profit of almost $1400 for this fiscal year as of June 30, 2011. The retail window averaged 21 transaction(s) accounting for 26 minute(s) of retail workload daily. With minimal workload, the Postal Service feels the effective and regular service will be provided by rural route service.

9. **Concern:** Customer stated closing Post Office will drive customers to other shipping services

Response:

Adapting to changes in the communication landscape is not new. By the beginning of the 20th century, there were 76,945 Post Offices, one for about every thousand residents, in our growing nation. In 1902, however, Congress extended free delivery to rural areas. That meant it was no longer necessary for patrons to visit an office to send or pick up mail. Today, there are about 31,800 post offices that provide retail and delivery services to customers nationwide. While we have seen more competition in the package delivery system over time, the largest change for us comes with the internet. A December 2010 Pew Research survey indicates that 77 percent of adult Americans regularly use the internet, with 66 percent making purchases and 58 doing banking online. These trends continue to significantly change the amount of mail that the Postal Service processes, as evident by a decline of 4.5 percent in mail volume in the past year. In package delivery, we continue to work with some of our competitors to round out the services we all provide. For example, we partner with both FedEx and UPS to provide essential parcel return services that allow customers to return items to participating retailers. We work closely

with FedEx as a partner in air transport of time-sensitive packages and cargo, which keeps our prices in line and attractive for new users. And, as Congress allows us greater flexibility in developing products, we are aggressively marketing new products — like the Flat Rate Priority Mail package — that sends more business our way.

10. **Concern:** Customer stated if Post Office must close, to consider moving the boxes and/or services to Hilltop Market in West Leyden.

Response: Alternate access for postal products and services has become commonplace. Thank you for your suggestion, which will be forwarded to the appropriate department for followup.

11. **Concern:** Customers expressed concern for those customers with disabilities who are not able to go to Booneville Post Office to pick up their mail.

Response: Customers are not required to travel to another Post Office to receive mail or obtain retail services. These services will be provided by the carrier to a roadside mailbox located close to customers' residences. In hardship cases, delivery can be made to the home of a customer. Changes in the type of delivery are considered where service by existing methods would impose an extreme physical hardship for an individual customer. Any request for a change in delivery method must be submitted in writing to the Boonville postmaster.

12. **Concern:** Customers expressed concern over the apparent lack of interest by the Postal Service for the needs of the community.

Response: The Postal Service is required to provide each community with regular and effective service, using the most cost efficient means possible. The proposed alternate delivery service will meet the mailing and service needs of the community in a more cost effective manner.

13. **Concern:** Customers expressed concern over the dependability of rural route service.

Response: Rural letter carriers perform a vital function in the United States Postal Service serving thousands of families and businesses in rural and suburban areas while traveling millions of miles daily. Rural letter carriers are highly respected by the American public. This respect has been earned by many years of dedication to the Postal Service and to postal customers. During national and local emergencies, including prolonged periods of extreme weather conditions, rural carriers have demonstrated great responsibility in providing mail service to postal customers. Rural carriers are required to serve the route expeditiously each day.

14. **Concern:** Customers felt inclement weather and poor road conditions might impede delivery

Response: Both inclement weather and heavy mail volume can cause deviations from the normal delivery schedule. However, thecarrier is required to provide a vehicle of adequate size, equipped with necessary equipment (chains or snow tires,warning lights or signs, etc.) to serve the route safely and efficiently and in accordance with federal, state, and local motor vehicle laws and regulations.

15. **Concern:** Customers felt the cost of postage was increasing while service was decreasing.

Response: The Postal Service is not immune to rising costs affecting every family and business. We do not receive tax dollars to cover the cost of operations and must adjust our prices to cover our costs. The Postal Service Governors are responsible for approving prices for all Postal Service products and services. For mailing services prices, such as stamp prices, the Postal Service announces the new prices each February and they become effective each May. The Postal Regulatory Commission (PRC) reviews the new pricing for compliance with the price cap and other provisions of the Postal Act of 2006.

16. **Concern:** Customers felt the route should emanate from a different office than the one proposed because that office is closer.

Response: The delivery route has been carefully reviewed to ensure that the most cost-efficient service is provided. While one office may be closer for some customers, it may be further away for others.

17. **Concern:** Customers quetioned what other cost-reducing initiatives are being done by the Postal Service.

Response: The Postal Service has developed and begun implementing a range of cost-reducing initiatives. These include: consolidating operations, adjusting delivery routes, restructuring administrative and processing functions and closing district offices. We also have introduced several new products and services, including Priority Mail Flat Rate boxes and Adult Signature service, in an effort to grow revenue. The Postal Service of the future will be smaller, leaner and more competitive. But it will continue to drive commerce, service communities and deliver value. As a self-supporting government enterprise, the Postal Service receives no tax dollars. It relies solely on the sale of postage, products and services to pay for operating expenses. Revenue generation is a matter of business survival.

18. **Concern:** Customers said they would miss the special attention and assistance provided by the personnel at the Post Office.

Response: Courteous and helpful service will be provided by personnel at the administrative Post Office and from the carrier. Special assistance will be provided as needed.

19. **Concern:** Customers wanted to know why the customer lines were so long at the adminoffice Post Office

Response: The Boonville Post Office serves a much larger community and has a heavier retail window workload. This concern has been brought to the attention of the adminoffice postmaster scan monitor window operations and ensure that customers do not have an unreasonable wait to obtain services. The carrier can provide retail services, alleviating the need for customers to go to the post office for service.

20. **Concern:** Customers were concerned about a possible address change.

Response: Customers who retain their PO Box or currently have street delivery WILL NOT be required to change their address. ONLY customers electing to close their PO Box and begin street delivery would be required to change their address, if a final determination is made to close or consolidate this office. 911 addresses are generally given by the county's 911 coordinator. The Postal Service does not establish 911 addresses. Any questions concerning your 911 address should be directed to the county's 911 coordinator.

21. **Concern:** Customers were concerned about customers having a Oneida county mailing address with tax dollars going elsewhere.

Response: The customer were concerned about customers having a Oneida county mailing address with tax dollars going elsewhere. Because ZIP Codes and delivery boundaries were established to provide the most economical use of postal resources, they do not always conform to official or traditional community boundaries that may otherwise define cities, towns, fire precincts or related entities. ZIP Codes are not assigned solely to provide local community identity. This proposed action by the Postal Service will not change boundaries or ZIP Codes for delivery service. Over time, ZIP Codes have been used by other sectors in many ways, such as sales tax computations, gathering statistical or census-like data, development of risk pools, targeted marketing, design of legislative districts, and internet directions or 'locator' services. However, this does not change our use of ZIP Codes and route information for purposes of delivery only.

22. **Concern:** Customers were concerned about obtaining accountable mail and large parcels.

Response: If the customer lives less than one-half mile from the line of travel, the carrier will attempt delivery of accountable items and large parcels to the customer's residence. If the customer lives over one-half mile away or is not home when delivery is attempted, a notice will be left in the mailbox. Large parcels will be left outside the mailbox or at a location designated by the customer (if authorized by the customer), or a notice will be left in the mailbox. Attempted delivery items will be taken back to the Post Office. Customers may pick up the item at the Post Office or request redelivery online at usps.com or by calling 1-800-ASK-USPS.

23. **Concern:** Customers were concerned about obtaining services from the carrier.

ITEM NO. 47
PAGE 6

Response: The rural carrier provides all the services that are available at the Post Office with the exception of PO Box service and bulk mail acceptance. This includes stamp sales, package pick up, special services and money order sales.

24. **Concern:** Customers were concerned about the higher cost of PO Box Fees at adminoffice.

Response: PO Box fee assignments are determined by a value based pricing algorithm that is primarily based on the commercial real estate values and other economic variables of where the office is located. This data and the formulas used are approved by the Postal Regulatory Commission and are applied to all offices nationally. These formulas are consistently applied and cannot be changed between rate cases. They represent the myriad commercial real estate values across the country and sometimes within blocks.

25. **Concern:** inquired about building a new facility or a mobile unit

Response: New construction or the placement of a mobile unit or trailer is not feasible when regular and effective service can be provided by more cost-effective alternatives, such as rural delivery.

The following nonpostal concerns were expressed from questionnaires, the community meeting, on the petition, and on the congressional inquiry:

1. **Concern:** Customer expressed a concern about their 911 address

Response: 911 addresses are generally given by the county's 911 coordinator. The Postal Service does not establish 911 addresses. Any questions concerning your 911 address should be directed to the county's 911 coordinator.

2. **Concern:** Customer questioned why rural delivery is free when customers pay rent for PO Boxes.

Response: The Postal Service must provide one form of free delivery. When street (rural) delivery is not available, customers receive a no-fee PO Box. Customers that pay a fee for a PO box have the option of street delivery.

3. **Concern:** Customer suggested closing the post office on Saturdays.

Response: The Senate subcommittee chairman introduced a bill that addresses the financial issues confronting the Postal Service. Among other provisions, the proposal authorizes a transition to a 5-day delivery schedule. At this stage, it is still a bill.

4. **Concern:** Customer suggested increasing the cost for bulk mailing.

Response: The customer r suggestion has been duly noted and added to the official record.

5. **Concern:** Customers asked why their post office was being discontinued while others were retained.

Response: Post offices are reviewed on a case-by-case basis. When there is a vacancy in a small office, it is customary to conduct a study of the business activity and investigate the feasibility of providing service by alternate means.

6. **Concern:** Customers expressed a concern about package delivery and pickup.

Response: Rural carriers will deliver packages that fit in your rural mail box, if the package does not fit in the mail box, the carrier will deliver the package up to ½ mile off of the line of travel, at a designated place, such as on your porch or under a carport. For carrier pick up of packages, you can contact the administrative Post Office, letting the carrier know that you have a package available for pick up. The carrier can deviate from the line of travel in order to receive packages. The rural carrier will accept letters, flats or packages up to 13 ounces for mailing. The carrier will estimate the cost and provide a receipt for any money received. On the following delivery day the carrier will provide change or a bill for the amount over the estimate. Packages over 13 ounces may be picked up if the postage was printed online or with a traceable meter.

7. **Concern:** Customers expressed a concern that the meeting time did not permit residents an opportunity to ask questions or raise concerns.

Response: There are a number of posting requirements and comment periods before any final decision or implementation would be made. All customers will have several opportunities to ask questions and make comments.

8. **Concern:** Customers expressed concern about collection of outgoing mail

Response: Collection of mail will be made by the carrier when serving the route. The customer should raise the flag on the mailbox to alert the carrier that outgoing mail is to be collected from the mailbox.

9. **Concern:** Customers expressed concern about having to erect a rural mailbox

Response: Customers are not required to erect rural mailboxes. Customers may receive PO Box service from the Boonville Post Office located 7 miles away. Customers who retain their PO Box WILL NOT be required to change their address.

10. **Concern:** Customers expressed concern for those customers with disabilities who are not able to go to Boonville Post Office to pick up their mail.

Response: Customers are not required to travel to another post office to receive mail or obtain retail services. These services will be provided by the carrier to a roadside mailbox located close to customers' residences. In hardship cases, delivery can be made to the home of a customer. Changes in the type of delivery are considered where service by existing methods would impose an extreme physical hardship for an individual customer. Any request for a change in delivery method must be submitted in writing to the Boonville postmaster.

11. **Concern:** Customers inquired about mailbox installation and maintenance

Response: Customers are responsible for mailbox installation and maintenance. Mailboxes must be placed so that they may be safely and conveniently served by the carrier and must be located on the right-hand side of the road in the direction of the carrier's travel. Mailbox supports should conform to state laws and highway regulations. The Postal Service recommends that customers contact the Boonville postmaster or carrier for advice on placement of mailboxes and mailbox height and supports.

12. **Concern:** Customers said they would miss the special attention and assistance provided by the personnel at the West Leyden Post Office.

Response: The Boonville Post Office will continue to provide courteous and helpful service. Special assistance will be provided as needed.

13. **Concern:** Customers were concerned about a change of address

Response: Customers who retain their PO Box or currently have street delivery WILL NOT be required to change their address. ONLY customers electing to close their PO Box and begin street delivery would be required to change their address, if a final determination is made to close or consolidate this office. 911 addresses are generally given by the county's 911 coordinator. Response: Services provided at the Post Office will be available from the carrier, and customers will not have to travel to another Post Office for service. Most transactions do not require meeting the carrier at the mailbox. Stamps by Mail and Money Order Application forms are available for customer convenience. Stamps are also available at many stores and gas stations where customers may already shop, online at usps.com, or by calling 1-800-STAMP-24.

16. **Concern:** Customers were concerned about later delivery of mail.

Response: The top priority of the Postal Service is to provide mail service in the most efficient manner possible because all of our costs are reflected in postage rates customers must pay. Delivery costs are one of our biggest expenses, so you can be assured that careful thought is given to the structure of each route. A customer's location on a carrier's line of travel determines the time of day mail is delivered. This, of course, precludes providing early delivery of mail to every customer because, no matter how we structure a route, somebody must be last. We do, however, carefully consider the volume of mail for each route so that we can deliver the greatest amount of mail at the earliest possible hour. With the largest fleet of delivery vehicles in the world, to minimize vehicle and fuel expenses we must also pay special attention to energy conservation measures. When the price of gasoline goes up one cent per gallon our total gasoline cost rises more than $1 million. Therefore, when structuring a route, we must balance our goal to deliver as much mail as possible as early as possible with the need to minimize the travel distance a route must cover. We do regret the inconvenience to customers who would like, but cannot receive, early mail delivery. For those customers we offer alternative delivery services, such as Post Office box service that provide access to their mail earlier and throughout the

17. **Concern:** Customers were concerned about mail security.

Response: Customers may place a lock on their mailboxes. The mailbox must have a slot large enough to accommodate the customer's normal daily mail volume. The Postal Service does not open mailboxes which are locked and does not accept keys for this purpose.

18. **Concern:** Customers were concerned about obtaining services from the carrier

Response: Retail services provided at the post office are available from the carrier. Most transactions do not require meeting the carrier at the mailbox. Stamps by Mail and Money Order Application forms are available for customer convenience. Listed below are some services available from the carrier and how to obtain them.

PURCHASING STAMPS BY MAIL
The Stamps by Mail Program provides customers the opportunity to purchase stamps, envelopes, and postal cards by using Form 3227-R, Stamp Purchase Order (Rural), available from the post office or the carrier. Commemorative stamps and stamp collecting products are also available. The customer addresses the postage paid order form envelope, encloses payment by personal check or postal money order made payable to the US Postal Service, and mails the form (postage-free) or leaves it in the mailbox for the carrier to pick up. Most orders are processed overnight, and some immediately.

PURCHASING POSTAL MONEY ORDERS
Customers may purchase money orders by meeting the carrier at the mailbox, completing an application, and paying the carrier (in cash) the price of the money order, plus the fee. The carrier gives the customer a receipt for the application. The money order is completed when the carrier returns to the post office, and a money order receipt is left in the customer's mailbox on the next delivery day. Most customers provide the carrier with a stamped, self-addressed envelope in which the completed money order is mailed to its destination. If customers prefer, the completed money orders will be returned for verification on the next delivery day.

SPECIAL SERVICES
Special services such as certified, registered, Express Mail, delivery confirmation, signature confirmation, and COD may be obtained from the carrier by leaving a note in the mailbox, along with the appropriate payment. The carrier will provide the services that day and leave a customer receipt in the mailbox on the next delivery day.

HOLDING MAIL

Customers who will be away for an extended time, such as a vacation, may request that their mail be held at the post office during their absence. Upon return the customer asks the post office to resume delivery.

19. **Concern:** Customers were concerned about senior citizens.

Response: Carrier service is beneficial to many senior citizens and those who face special challenges because the carrier can provide delivery and retail services to. Customers do not have to make a special trip to the post office for service. Special provisions are made for hardship cases or special customer needs. To request an exception for hardship delivery, customers may contact the Boonville postmaster for more information.

20. **Concern:** Customers were concerned about the mailboxes being damaged by snowplows

Response: Please contact the Boonville postmaster to determine the proper mailbox location and installation method that would help alleviate this concern. Placing the mailbox on a long, swinging, horizontal pipe is one method often used to avoid damage by snowplows.

21. **Concern:** You expressed a concern that they requested and were denied rural delivery service

Response: There are several guidelines which must be met prior to a road being approved for delivery. The road to be traveled must be at least 14 feet wide and maintained at all times of the year. It cannot dead end in a private driveway even if the drive is maintained by a municipality. There must be a suitable turning point provided for the carrier, preferably with no backing. If backing is involved, there are other guidelines to adhere to. If backing is necessitated, the Postmaster must verify it is in a low-traffic area and there are no children in the immediate vicinity on a regular basis. There must also be a minimum of one family per one-half mile of travel.

Some advantages of the proposal are:

1. The rural and contract carriers may provide retail services, alleviating the need to go to the post office. Stamps by Mail order forms are provided for customer convenience.
2. Customers opting for carrier service will have 24-hour access to their mail.
3. Savings for the Postal Service contribute in the long run to stable postage rates and savings for customers.
4. CBUs can offer the security of individually locked mail compartments. Parcel lockers provide convenient parcel delivery for customers.
5. Customers opting for carrier service will not have to pay post office box fees.
6. Saves time and energy for customers who drive to the post office to pick up mail.

Some disadvantages of the proposal are:

1. The loss of a retail outlet and a postmaster position in the community. Retail services may be provided by the rural or contract delivery carrier.
2. Meeting the rural or contract delivery carrier at the box to transact business. However, it is not necessary to be present to conduct most Postal Service transactions.
3. A change in the mailing address. The community name will continue to be used in the new address. A carrier route address will be assigned.
4. A change in your PO Box Fees may be a result of this proposal.

Taking all available information into consideration, the Postal Service concludes this final determination will provide a maximum degree of effective and regular postal services to the community.

II. EFFECT ON COMMUNITY

West Leyden is an unincorporated community located in LEWIS County. The community is administered politically by Town supervisor. Police protection is provided by the Lewis County Sheriff's Dept. Fire protection is provided by the West Leyden Fire Department. The community is comprised of retirees, farmers, self-employed and those who commute to work at nearby communities and may work in local businesses.

Businesses and organizations include: West Leyden Town Library, West Leyden Elementary School, West Leyden Fire Company, Town Supervisor, Town Clerk, County Legislator, Tax Collector, Town Highway Dept., Town Court, West Leyden Reformed Church, St. Mary's Catholic Church, Adironack Builders, Adirontek Furniture, Advanced Graphics, General Contractor, Dairy farms (various - no count given), Fey Mgf., Fish Creek Naturals, Hilltop Market, Hroboni's Greenhouse, Kelly Construction, Milk Plant

Tavern, Premier Design, Rauscher Bros. Inc., Sam's Sweets & Eats, Snow Removal (various - no count given), Southern Tughill Sno-Riders Snowmobile Club, Social Security Disability/SSI/ChildSSI, Stihl Chain Saws, Trueblued Gunsmithing & Sales, Tug Hill Hideaway, Wilbert & Wenner Insurance Agency, Williamson Garage, Shooting Star, BnB Home School Store, The Farm Workshop, Tughill Peddlers . Residents may travel to nearby communities for other supplies and services.

Nonpostal services provided at the West Leyden Post Office will be available at the Boonville Post Office. Government forms normally provided by the Post Office will also be available at the Boonville Post Office or by contacting your local government agency.

The following nonpostal concerns were expressed from questionnaires, the community meeting, on the petition, and on the congressional inquiry.

DOCKET NO. 1387082-13489
ITEM NO. 47
PAGE 10

1. **Concern:** Customer expressed a concern about rural bigotry.

   Response: Closing small offices is one step of many which are being examined and, depending on circumstances, initiated. Other reorganization initiatives include reducing adminstrative layers, a 20% reduction in adminstrative and executive positions, closing of seven districts and one area office.

2. **Concern:** Customers expressed concern for loss of community identity.

   Response: A community's identity derives from the interest and vitality of its residents and their use of its name. The Postal Service is helping to preserve community identity by continuing the use of the West Leyden Post Office name and ZIP Code in addresses and in the National Five-Digit ZIP Code and Post Office Directory.

3. **Concern:** Customers questioned the economic savings of the proposed discontinuance.

   Response: Carrier service can be and, in this case, is more cost-effective than maintaining a postal facility and a postmaster position. The Postal Service estimates an annual savings with this change.

4. **Concern:** Customers were concerned about the loss of a gathering place and an information center.

   Response: Residents may continue to meet informally, socialize, and share information at the other businesses, churches and residences in town.

5. **Concern:** Customer expressed concern about an eroding infrastructure and the loss of the Post Office in their rural community.

   Response: The PMG has tasked management to review all offices with a postmaster vacancy, to determine if regular and effective service can be provided through cost effective alternate access. Additionally, we review workload analysis using a time-formula assigned to the tasks of an office over an extended period. It looks at the types of transactions in an office and the complexity of those transactions. A stamp sale, a money order or a passport transaction are all credited differently. We measure customer demand, in part, by revenue figures. Some of this information, such as package sales, is proprietary. However, in most post offices with retail terminals, we pull up numbers and types of window transactions. We even see "down time." We look at what other services are available nearby at post offices or at partner businesses, like stores that sell stamps or contracted units. Finally, we consider our total operating expenses. That includes lease, salaries and benefits; replacement pay when there is an absence;, training hours; equipment, stock and supplies on hand; utilities; maintenance; transportation and other operational costs.

6. **Concern:** Customers asked what other ways USPS was trying to make up the deficit, other than closing their post office.

   Response: Closing small offices is one step of many which are being examined and, depending on circumstances, initiated. Additionally, there are bills before Congress to address: overpaid pensions, 5 day delivery, and pre-funded Health Benefit Relief. The Postal Service has actively made reductions at all levels of the organization, including: a 20 % reduction in administrative positions, as well as reducing one Area and seven District offices

Based on the information obtained in the course of this discontinuance study, the Postal Service concludes this final determination will not adversely affect the community.

III. EFFECT ON EMPLOYEES

The postmaster position became vacant when the postmaster retired on January 01, 2009. The noncareer postmaster relief (PMR) may be separated from the Postal Service. No other Postal Service employee will be adversely affected.Since the postmaster vacancy an OIC has been installed to operate the office.

IV. ECONOMIC SAVINGS

The Postal Service estimates an annual savings of $ 40,882 with a breakdown as follows:

Postmaster Salary (EAS-13, No COLA)	$ 36,381
Fringe Benefits @ 33.5%	$ 12,188
Annual Lease Costs	+ $ 10,412
Total Annual Costs	$ 58,981
Less Annual Cost of Replacement Service	- $ 18,099
Total Annual Savings	$ 40,882

V. OTHER FACTORS

The Postal Service has identified no other factors for consideration.

VI. SUMMARY

This is the final determination to close the West Leyden, NY Post Office and provide delivery and retail services by rural route service under the administrative responsibility of the Boonville Post Office, located seven miles away.

The postmaster retired on January 01, 2009. If the office has a noncareer PMR(s), they may be separated from the Postal Service; however, attempts will be made to reassign the employee(s) to a nearby facility. No other employee(s) will be adversely affected. The mail volume has declined. Effective and regular service will continue to be provided by rural route service.

The West Leyden Post Office provided delivery and retail service to 165 PO Box or general delivery customers and 138 delivery route customers. The daily retail window transactions averaged 21. There are one permit mailers or postage meter customers.

There will no longer be a retail outlet in the community. However, delivery and retail services may be available from a rural or contract delivery carrier, which could alleviate the need to travel to a Post Office for service. The Postal Service will save an estimated $40,882 annually. A disadvantage to some will be in meeting the rural or contract delivery carrier to transact business. However, it is not necessary to be present to conduct most Postal Service transactions with rural or contract delivery carrier.

Taking all available information into consideration, the Postal Service has determined that the advantages outweigh the disadvantages and this final determination is warranted.

VII. NOTICES

A. Support Materials. Copies of all materials upon which this final determination is based are available for public inspection at the West Leyden Post Office and Boonville Post Office during normal office hours.

B. Appeal Rights. This final determination to close the West Leyden Post Office may be appealed by any person served by that office to the Postal Regulatory Commission at 901 New York Ave NW, Suite 200, Washington DC 20268-0001. Appeals must be received by the Commission within 30 days of the date this final determination is posted. If an appeal is filed, copies of appeal documents prepared by the Postal Regulatory Commission or the parties to the appeal will be made available for public inspection at West Leyden Post Office and Boonville Post Office during normal office hours.

SUBJECT: Announcement of Appeal to the Discontinuance of the
WEST LEYDEN, 13489-9998 Docket No. 1387082 - 13489

This is to advise you that an appeal to the final determination to discontinue the WEST LEYDEN has been filed with the Postal Regulatory Commission. The Headquarters managing counsel, legal policy and ratemaking office, will provide you with copies of all pleadings, notices, orders, briefs, and opinions filed in the appeal proceeding.

In accordance with the Postal Operations Manual, please ensure that a copy of these documents, as well as the final determination, are prominently displayed and made available for inspection by the public at the affected Post Offices until the Commission has issued its final order and opinion. The Postal Regulatory commission has up to 120 days (four months) to consider the appeal and issue its decision.

No final action may be taken until the final decision has been made and you have received written notification of that decision along with appropriate instructions.

This memorandum must be filed in the official record.

If you have any questions, please contact Kevin Romero at (916) 373-8315.

Thank you for your cooperation.
