The above office became vacant when the postmaster retired on 01/30/2010.

The Lakeville Post Office has a vacant postmaster position. In the last few years we have seen a decline in mail volume and revenue due to the changes in how our customers' communicate as well as the addition of multiple alternate mailing options now available. By combining both the retail operation and post office boxes of the Lakeville Post Office with another facility we will maintain effective and efficient customer service.

### *Instructions*

1. Enter current evaluated office level.
2. Enter the 6 digit post office finance number.
3. Enter number of general delivery families served.
4. Enter total number of post office boxes and call boxes *rented*. Do not confuse with the total number available. This total should include boxes rented at classified stations/branches as well as the main office including GPO's.
5. Enter total possible city deliveries. The total reported should equal the total possible deliveries shown on Form 1621, *Carrier Route Report*, for the previous accounting period.
6. Enter the number of administrative boxes served. This is the number of rural route boxes served, within your ZIP Code ONLY by carriers administratively reporting to you. Do not include boxes on the routes which are in the ZIP Code of an intermediate office.
7. Enter the number of intermediate rural boxes served. This is the number of rural boxes, within your ZIP Code, served by a carrier administratively reporting to another postmaster. For credit, the mail must be incoming to your office and separated to the routes within your ZIP Code by you or your employees prior to carrier sequencing.
8. Enter the number of intermediate rural boxes for which you are administratively responsible. This is the number of boxes served by a carrier administratively responsible to you, but which are located in the ZIP Code for another office.
9. Enter the number of administrative highway contract star route boxes served. This is the total number of star route boxes served within your ZIP Code ONLY by a contractor for whom you have administrative responsibility. Do not include boxes on the routes which are in the same ZIP Code of an intermediate office.
10. Enter the number of intermediate highway contract star route boxes served. This is the total number of star route boxes served within your ZIP Code ONLY by a contractor who administratively reports to another Postmaster. For credit the mail must be incoming to your office and separated to the contract route by you or your employees.
11. Enter the number of intermediate highway contract star route boxes for which you are administratively responsible. This is the number of boxes served by a contractor for whom you are administratively responsible and which are located in the ZIP Code of another office.
12. Enter the number of classified stations and/or branches that have carrier delivery service.
13. Enter the number of classified finance stations and/or branches *(without carrier delivery service)* staffed by postal employees.
14. Enter the total number of contract stations, rural stations and community post offices.
    (a) A contract station is a detached finance unit manned by non-postal employees.
    (b) A rural station is a post office box delivery unit serviced by a rural carrier.
    (c) A community post office is a contract unit which provides service in a small community.
15. To receive credit for a seasonal workload increase the items shown on the seasonal workload portion of the form must show a 25% increase and must last for a minimum of 8 weeks. The Christmas Season is not to be considered as a seasonal workload increase. Should your office have a seasonal workload increase you should enter the exact number of weeks the season lasts and complete the seasonal workload portion of the form in its entirety.

**Questions 16 Thru 25 Should Be Answered Y (Yes) or N (No)**

## Window Transaction Survey

**Window Transaction Survey**

PO Name: LAKEVILLE ZIP+4: 06039 - 9992 Completed By: KCV9GH

Survey Period: 01/08/2011 through 01/21/2011

Record the number of retail window transactions in the appropriate columns for each day. Consider a sale of stamps as one transaction. A sale of stamps and a money order is two transactions. Do not record the handing out over the counter of box mail, general delivery mail, or carrier mail. Instead of this worksheet, you may use PS Form 2007-A, Window Transaction Record; PS Form 2007-B, Window Transaction Conversion; and PS Form 2007-C, Window Transaction Survey. To obtain the average daily number of transactions, divide the total number of transactions during the survey period by the number of days in the survey. The allowable time per transaction is shown in each column in minutes. To determine the average daily workload in minutes, multiply the number of transactions in each column by the time conversion for that column, total the time conversions for all columns, and divide the total number of minutes by the number of days in the survey period.

POSTAL CUSTOMER
LAKEVILLE POST OFFICE
LAKEVILLE, CT 06039

Dear Postal Service Customer:

As the Postal Service manager responsible for all Post Offices in your area, I would like your opinion concerning a possible change in the way your postal service is provided. The recommended change is tentative and will not lead to a formal proposal unless we conclude that it will provide a maximum degree of regular and effective service.

The Postmaster at the Lakeville Post Office retired on 01/30/2010. The Office is being studied for possible closing or consolidation for the following reasons: The Lakeville Post Office has a vacant postmaster position. In the last few years we have seen a decline in mail volume and revenue due to the changes in how our customers' communicate as well as the addition of multiple alternate mailing options now available. By combining both the retail operation and post office boxes of the Lakeville Post Office with another facility we will maintain effective and efficient customer service.

Briefly, we would like to provide pickup and delivery of your mail, as well as the sale of stamps and all other customary postal services, by classified branch emanating from the Salisbury Post Office.

Retail services are also available at the Salisbury Post Office, located 1.4 miles away. Hours of service at this office are 08:00am - 17:00pm, Monday through Friday, and 09:00am - 12:00pm on Saturday. Post Office box service is available at this location at the same fees.

I invite you to think about a possible change to classified branch. Please return the enclosed questionnaire by 04/21/2011 using the pre-addressed envelope provided or at the community meeting. Please be aware that, if we formalize a proposal, your questionnaire will become part of an official record and will be available for public viewing.

You may, of course, want to discuss this form of service with us before drawing any conclusions. Postal representatives will be at the Salisbury Town Hall, 2nd floor meeting room on Thursday, April 21, 2011 from 6:30pm to 9:00pm to answer questions and provide information about our service. You may wish to discuss and submit your questionnaire at that time.

If you have any questions, you may call Barbara Mastroianni at (860) 524-6495.

Thank you for your assistance.

Sincerely,

JOSEPH MAZZOLA
Manager, Post Office Operations

UNITED STATES POSTAL SERVICE

May 2, 2011

Dear Postal Customer,

Thank you for your thoughtful comments concerning the Lakeville Post Office. As we indicated to you previously, your comments have been compiled in the official record and careful consideration will be taken prior to further action regarding the study for your office.

Although our study process is not yet complete, **our preliminary decision is to reclassify the Lakeville Post Office from an Independent Post Office to a Classified Branch of the Salisbury Post Office.** Significantly, this means no change of address will be necessary and a local postal presence in Lakeville will remain. Administrative oversight for Lakeville will shift to Salisbury. Hours for the Lakeville office are likely to change should we go forward.

In the surveys distributed by our office, several concerns came forward. This preliminary decision may still raise questions on these points. Let me address a few common concerns:

- **CONVENIENCE**: Your surveys showed the convenience of the Lakeville Post Office is very important. By contrast, hours in Salisbury Post Office were limited, such as a one hour closing for lunch. We will review hours at both the Lakeville and Salisbury Post Offices.

- **ZIP CODE**: Preserving a community's ZIP Code was raised as a concern and it is something we can address. As a classified station, the Lakeville ZIP Code would remain intact. Post office box customers would not need to change address.

- **CUSTOMER SERVICE**: Customers commented on the friendly service they receive at the Lakeville Post Office. Several mentioned that the Lakeville Post Office is an important part of the community, and adds to the quality of life. We are committed to excellence at every location that serves you.

- **PARKING:** Surveys noted an issue with parking at Salisbury Post Office that an increase of Lakeville customer traffic could heighten. As a classified station, operations in Lakeville would continue but likely on a different schedule. We believe this would mitigate parking congestion.

- **DELIVERY OPTIONS**: Other comments spoke to the use of Free Rural Delivery should any decision lead to a closure of the Lakeville Post Office. We can review this option to the Lakeville community if criteria for rural delivery are met. This requires Postal Service assessments of safety and available lines-of-travel for rural routes in the area. An address change may be necessary for some residences.

- **OTHER ACCESS:** Be assured we continue to look for ways to put the postal services you need most -- stamps, information and supplies -- right where you go, every day. Our website -- **www.usps.com** -- lets you print shipping labels with postage for Express Mail and Priority Mail. You can request shipping supplies or buy postage, or look for other important postal information such as ZIP Codes and mailing information. And we continue to expand the locations where you can find stamps at many local grocery or drug stores and even in bank ATMs.

Again, this decision is not yet final but it moves in a direction we believe makes sense for your community and for the Postal Service. I am able to compile comments on the proposal to reclassify the Lakeville Post Office to the public record for 60 days from the date of this letter. A final decision will come at that time. I will keep you informed.

UNITED STATES POSTAL SERVICE

May 2, 2011

Dear Postal Customer,

Thank you for your thoughtful comments concerning the Lakeville Post Office. As we indicated to you previously, your comments have been compiled in the official record and careful consideration will be taken prior to further action regarding the study for your office.

Although our study process is not yet complete, **our preliminary decision is to reclassify the Lakeville Post Office from an Independent Post Office to a Classified Branch of the Salisbury Post Office.** Significantly, this means no change of address will be necessary and a local postal presence in Lakeville will remain. Administrative oversight for Lakeville will shift to Salisbury. Hours for the Lakeville office are likely to change should we go forward.

In the surveys distributed by our office, several concerns came forward. This preliminary decision may still raise questions on these points. Let me address a few common concerns:

- **CONVENIENCE**: Your surveys showed the convenience of the Lakeville Post Office is very important. By contrast, hours in Salisbury Post Office were limited, such as a one hour closing for lunch. We will review hours at both the Lakeville and Salisbury Post Offices.

- **ZIP CODE**: Preserving a community's ZIP Code was raised as a concern and it is something we can address. As a classified station, the Lakeville ZIP Code would remain intact. Post office box customers would not need to change address.

- **CUSTOMER SERVICE**: Customers commented on the friendly service they receive at the Lakeville Post Office. Several mentioned that the Lakeville Post Office is an important part of the community, and adds to the quality of life. We are committed to excellence at every location that serves you.

- **PARKING:** Surveys noted an issue with parking at Salisbury Post Office that an increase of Lakeville customer traffic could heighten. As a classified station, operations in Lakeville would continue but likely on a different schedule. We believe this would mitigate parking congestion.

- **DELIVERY OPTIONS**: Other comments spoke to the use of Free Rural Delivery should any decision lead to a closure of the Lakeville Post Office. We can review this option to the Lakeville community if criteria for rural delivery are met. This requires Postal Service assessments of safety and available lines-of-travel for rural routes in the area. An address change may be necessary for some residences.

- **OTHER ACCESS:** Be assured we continue to look for ways to put the postal services you need most -- stamps, information and supplies -- right where you go, every day. Our website -- **www.usps.com** -- lets you print shipping labels with postage for Express Mail and Priority Mail. You can request shipping supplies or buy postage, or look for other important postal information such as ZIP Codes and mailing information. And we continue to expand the locations where you can find stamps at many local grocery or drug stores and even in bank ATMs.

Again, this decision is not yet final but it moves in a direction we believe makes sense for your community and for the Postal Service. I am able to compile comments on the proposal to reclassify the Lakeville Post Office to the public record for 60 days from the date of this letter. A final decision will come at that time. I will keep you informed.

currently there are three vacant large buildings in the town center. Two of them are office buildings on Main Street and one is the former fire house, which are presently for sale.

The Post Office is in the most prominent location in town. It does not lend itself to retail space and there is an over abundance of office space available. If you close the post office it will have a most devistating effect on the entire town of Lakeville.

UNITED STATES POSTAL SERVICE

Dear Postal Customer,

Thank you for your thoughtful comments concerning the Lakeville Post Office. As we indicated to you previously, your comments have been compiled in the official record and careful consideration will be taken prior to further action regarding the study for your office.

Although our study process is not yet complete, **our preliminary decision is to reclassify the Lakeville Post Office from an Independent Post Office to a Classified Branch of the Salisbury Post Office.** Significantly, this means no change of address will be necessary and a local postal presence in Lakeville will remain. Administrative oversight for Lakeville will shift to Salisbury. Hours for the Lakeville office are likely to change should we go forward.

In the surveys distributed by our office, several concerns came forward. This preliminary decision may still raise questions on these points. Let me address a few common concerns:

- **CONVENIENCE**: Your surveys showed the convenience of the Lakeville Post Office is very important. By contrast, hours in Salisbury Post Office were limited, such as a one hour closing for lunch. We will review hours at both the Lakeville and Salisbury Post Offices.

- **ZIP CODE**: Preserving a community's ZIP Code was raised as a concern and it is something we can address. As a classified station, the Lakeville ZIP Code would remain intact. Post office box customers would not need to change address.

- **CUSTOMER SERVICE**: Customers commented on the friendly service they receive at the Lakeville Post Office. Several mentioned that the Lakeville Post Office is an important part of the community, and adds to the quality of life. We are committed to excellence at every location that serves you.

- **PARKING:** Surveys noted an issue with parking at Salisbury Post Office that an increase of Lakeville customer traffic could heighten. As a classified station, operations in Lakeville would continue but likely on a different schedule. We believe this would mitigate parking congestion.

- **DELIVERY OPTIONS**: Other comments spoke to the use of Free Rural Delivery should any decision lead to a closure of the Lakeville Post Office. We can review this option to the Lakeville community if criteria for rural delivery are met. This requires Postal Service assessments of safety and available lines-of-travel for rural routes in the area. An address change may be necessary for some residences.

- **OTHER ACCESS:** Be assured we continue to look for ways to put the postal services you need most -- stamps, information and supplies -- right where you go, every day. Our website -- **www.usps.com** -- lets you print shipping labels with postage for Express Mail and Priority Mail. You can request shipping supplies or buy postage, or look for other important postal information such as ZIP Codes and mailing information. And we continue to expand the locations where you can find stamps at many local grocery or drug stores and even in bank ATMs.

Again, this decision is not yet final but it moves in a direction we believe makes sense for your community and for the Postal Service. I am able to compile comments on the proposal to reclassify the Lakeville Post Office to the public record for 60 days from the date of this letter. A final decision will come at that time. I will keep you informed.

UNITED STATES POSTAL SERVICE

May 2, 2011

Dear Postal Customer,

Thank you for your thoughtful comments concerning the Lakeville Post Office. As we indicated to you previously, your comments have been compiled in the official record and careful consideration will be taken prior to further action regarding the study for your office.

Although our study process is not yet complete, **our preliminary decision is to reclassify the Lakeville Post Office from an Independent Post Office to a Classified Branch of the Salisbury Post Office.** Significantly, this means no change of address will be necessary and a local postal presence in Lakeville will remain. Administrative oversight for Lakeville will shift to Salisbury. Hours for the Lakeville office are likely to change should we go forward.

In the surveys distributed by our office, several concerns came forward. This preliminary decision may still raise questions on these points. Let me address a few common concerns:

- **CONVENIENCE**: Your surveys showed the convenience of the Lakeville Post Office is very important. By contrast, hours in Salisbury Post Office were limited, such as a one hour closing for lunch. We will review hours at both the Lakeville and Salisbury Post Offices.

- **ZIP CODE**: Preserving a community's ZIP Code was raised as a concern and it is something we can address. As a classified station, the Lakeville ZIP Code would remain intact. Post office box customers would not need to change address.

- **CUSTOMER SERVICE**: Customers commented on the friendly service they receive at the Lakeville Post Office. Several mentioned that the Lakeville Post Office is an important part of the community, and adds to the quality of life. We are committed to excellence at every location that serves you.

- **PARKING:** Surveys noted an issue with parking at Salisbury Post Office that an increase of Lakeville customer traffic could heighten. As a classified station, operations in Lakeville would continue but likely on a different schedule. We believe this would mitigate parking congestion.

- **DELIVERY OPTIONS**: Other comments spoke to the use of Free Rural Delivery should any decision lead to a closure of the Lakeville Post Office. We can review this option to the Lakeville community if criteria for rural delivery are met. This requires Postal Service assessments of safety and available lines-of-travel for rural routes in the area. An address change may be necessary for some residences.

- **OTHER ACCESS:** Be assured we continue to look for ways to put the postal services you need most -- stamps, information and supplies -- right where you go, every day. Our website -- **www.usps.com** -- lets you print shipping labels with postage for Express Mail and Priority Mail. You can request shipping supplies or buy postage, or look for other important postal information such as ZIP Codes and mailing information. And we continue to expand the locations where you can find stamps at many local grocery or drug stores and even in bank ATMs.

Again, this decision is not yet final but it moves in a direction we believe makes sense for your community and for the Postal Service. I am able to compile comments on the proposal to reclassify the Lakeville Post Office to the public record for 60 days from the date of this letter. A final decision will come at that time. I will keep you informed.

May 2, 2011

Dear Postal Customer,

Thank you for your thoughtful comments concerning the Lakeville Post Office. As we indicated to you previously, your comments have been compiled in the official record and careful consideration will be taken prior to further action regarding the study for your office.

Although our study process is not yet complete, **our preliminary decision is to reclassify the Lakeville Post Office from an Independent Post Office to a Classified Branch of the Salisbury Post Office.** Significantly, this means no change of address will be necessary and a local postal presence in Lakeville will remain. Administrative oversight for Lakeville will shift to Salisbury. Hours for the Lakeville office are likely to change should we go forward.

In the surveys distributed by our office, several concerns came forward. This preliminary decision may still raise questions on these points. Let me address a few common concerns:

- **CONVENIENCE**: Your surveys showed the convenience of the Lakeville Post Office is very important. By contrast, hours in Salisbury Post Office were limited, such as a one hour closing for lunch. We will review hours at both the Lakeville and Salisbury Post Offices.

- **ZIP CODE**: Preserving a community's ZIP Code was raised as a concern and it is something we can address. As a classified station, the Lakeville ZIP Code would remain intact. Post office box customers would not need to change address.

- **CUSTOMER SERVICE**: Customers commented on the friendly service they receive at the Lakeville Post Office. Several mentioned that the Lakeville Post Office is an important part of the community, and adds to the quality of life. We are committed to excellence at every location that serves you.

- **PARKING:** Surveys noted an issue with parking at Salisbury Post Office that an increase of Lakeville customer traffic could heighten. As a classified station, operations in Lakeville would continue but likely on a different schedule. We believe this would mitigate parking congestion.

- **DELIVERY OPTIONS**: Other comments spoke to the use of Free Rural Delivery should any decision lead to a closure of the Lakeville Post Office. We can review this option to the Lakeville community if criteria for rural delivery are met. This requires Postal Service assessments of safety and available lines-of-travel for rural routes in the area. An address change may be necessary for some residences.

- **OTHER ACCESS:** Be assured we continue to look for ways to put the postal services you need most -- stamps, information and supplies -- right where you go, every day. Our website -- **www.usps.com** -- lets you print shipping labels with postage for Express Mail and Priority Mail. You can request shipping supplies or buy postage, or look for other important postal information such as ZIP Codes and mailing information. And we continue to expand the locations where you can find stamps at many local grocery or drug stores and even in bank ATMs.

Again, this decision is not yet final but it moves in a direction we believe makes sense for your community and for the Postal Service. I am able to compile comments on the proposal to reclassify the Lakeville Post Office to the public record for 60 days from the date of this letter. A final decision will come at that time. I will keep you informed.

Dear Postal Customer,

Thank you for your thoughtful comments concerning the Lakeville Post Office. As we indicated to you previously, your comments have been compiled in the official record and careful consideration will be taken prior to further action regarding the study for your office.

Although our study process is not yet complete, **our preliminary decision is to reclassify the Lakeville Post Office from an Independent Post Office to a Classified Branch of the Salisbury Post Office.** Significantly, this means no change of address will be necessary and a local postal presence in Lakeville will remain. Administrative oversight for Lakeville will shift to Salisbury. Hours for the Lakeville office are likely to change should we go forward.

In the surveys distributed by our office, several concerns came forward. This preliminary decision may still raise questions on these points. Let me address a few common concerns:

- **CONVENIENCE**: Your surveys showed the convenience of the Lakeville Post Office is very important. By contrast, hours in Salisbury Post Office were limited, such as a one hour closing for lunch. We will review hours at both the Lakeville and Salisbury Post Offices.

- **ZIP CODE**: Preserving a community's ZIP Code was raised as a concern and it is something we can address. As a classified station, the Lakeville ZIP Code would remain intact. Post office box customers would not need to change address.

- **CUSTOMER SERVICE**: Customers commented on the friendly service they receive at the Lakeville Post Office. Several mentioned that the Lakeville Post Office is an important part of the community, and adds to the quality of life. We are committed to excellence at every location that serves you.

- **PARKING:** Surveys noted an issue with parking at Salisbury Post Office that an increase of Lakeville customer traffic could heighten. As a classified station, operations in Lakeville would continue but likely on a different schedule. We believe this would mitigate parking congestion.

- **DELIVERY OPTIONS**: Other comments spoke to the use of Free Rural Delivery should any decision lead to a closure of the Lakeville Post Office. We can review this option to the Lakeville community if criteria for rural delivery are met. This requires Postal Service assessments of safety and available lines-of-travel for rural routes in the area. An address change may be necessary for some residences.

- **OTHER ACCESS:** Be assured we continue to look for ways to put the postal services you need most -- stamps, information and supplies -- right where you go, every day. Our website -- **www.usps.com** -- lets you print shipping labels with postage for Express Mail and Priority Mail. You can request shipping supplies or buy postage, or look for other important postal information such as ZIP Codes and mailing information. And we continue to expand the locations where you can find stamps at many local grocery or drug stores and even in bank ATMs.

Again, this decision is not yet final but it moves in a direction we believe makes sense for your community and for the Postal Service. I am able to compile comments on the proposal to reclassify the Lakeville Post Office to the public record for 60 days from the date of this letter. A final decision will come at that time. I will keep you informed.

And we continue to expand the locations where you can find stamps at many local grocery or drug stores and even in bank ATMs.

Again, this decision is not yet final but it moves in a direction we believe makes sense for your community and for the Postal Service. I am able to compile comments on the proposal to reclassify the Lakeville Post Office to the public record for 60 days from the date of this letter. A final decision will come at that time. I will keep you informed.

UNITED STATES POSTAL SERVICE

Dear Postal Customer,

Thank you for your thoughtful comments concerning the Lakeville Post Office. As we indicated to you previously, your comments have been compiled in the official record and careful consideration will be taken prior to further action regarding the study for your office.

Although our study process is not yet complete, **our preliminary decision is to reclassify the Lakeville Post Office from an Independent Post Office to a Classified Branch of the Salisbury Post Office.** Significantly, this means no change of address will be necessary and a local postal presence in Lakeville will remain. Administrative oversight for Lakeville will shift to Salisbury. Hours for the Lakeville office are likely to change should we go forward.

In the surveys distributed by our office, several concerns came forward. This preliminary decision may still raise questions on these points. Let me address a few common concerns:

- **CONVENIENCE**: Your surveys showed the convenience of the Lakeville Post Office is very important. By contrast, hours in Salisbury Post Office were limited, such as a one hour closing for lunch. We will review hours at both the Lakeville and Salisbury Post Offices.

- **ZIP CODE**: Preserving a community's ZIP Code was raised as a concern and it is something we can address. As a classified station, the Lakeville ZIP Code would remain intact. Post office box customers would not need to change address.

- **CUSTOMER SERVICE**: Customers commented on the friendly service they receive at the Lakeville Post Office. Several mentioned that the Lakeville Post Office is an important part of the community, and adds to the quality of life. We are committed to excellence at every location that serves you.

- **PARKING:** Surveys noted an issue with parking at Salisbury Post Office that an increase of Lakeville customer traffic could heighten. As a classified station, operations in Lakeville would continue but likely on a different schedule. We believe this would mitigate parking congestion.

- **DELIVERY OPTIONS**: Other comments spoke to the use of Free Rural Delivery should any decision lead to a closure of the Lakeville Post Office. We can review this option to the Lakeville community if criteria for rural delivery are met. This requires Postal Service assessments of safety and available lines-of-travel for rural routes in the area. An address change may be necessary for some residences.

- **OTHER ACCESS:** Be assured we continue to look for ways to put the postal services you need most -- stamps, information and supplies -- right where you go, every day. Our website -- **www.usps.com** -- lets you print shipping labels with postage for Express Mail and Priority Mail. You can request shipping supplies or buy postage, or look for other important postal information such as ZIP Codes and mailing information. And we continue to expand the locations where you can find stamps at many local grocery or drug stores and even in bank ATMs.

Again, this decision is not yet final but it moves in a direction we believe makes sense for your community and for the Postal Service. I am able to compile comments on the proposal to reclassify the Lakeville Post Office to the public record for 60 days from the date of this letter. A final decision will come at that time. Our website -- **www.usps.com** -- lets you print shipping labels with postage for Express Mail and Priority Mail. You can request shipping supplies or buy postage, or look for other important postal information such as ZIP Codes and mailing information. And we continue to expand the locations where you can find stamps at many local grocery or drug stores and even in bank ATMs.

Again, this decision is not yet final but it moves in a direction we believe makes sense for your community and for the Postal Service. I am able to compile comments on the proposal to reclassify the Lakeville Post Office to the public record for 60 days from the date of this letter. A final decision will come at that time. I will keep you informed.

Dear Postal Customer,

Thank you for your thoughtful comments concerning the Lakeville Post Office. As we indicated to you previously, your comments have been compiled in the official record and careful consideration will be taken prior to further action regarding the study for your office.

Although our study process is not yet complete, **our preliminary decision is to reclassify the Lakeville Post Office from an Independent Post Office to a Classified Branch of the Salisbury Post Office.** Significantly, this means no change of address will be necessary and a local postal presence in Lakeville will remain. Administrative oversight for Lakeville will shift to Salisbury. Hours for the Lakeville office are likely to change should we go forward.

In the surveys distributed by our office, several concerns came forward. This preliminary decision may still raise questions on these points. Let me address a few common concerns:

- **CONVENIENCE**: Your surveys showed the convenience of the Lakeville Post Office is very important. By contrast, hours in Salisbury Post Office were limited, such as a one hour closing for lunch. We will review hours at both the Lakeville and Salisbury Post Offices.

- **ZIP CODE**: Preserving a community's ZIP Code was raised as a concern and it is something we can address. As a classified station, the Lakeville ZIP Code would remain intact. Post office box customers would not need to change address.

- **CUSTOMER SERVICE**: Customers commented on the friendly service they receive at the Lakeville Post Office. Several mentioned that the Lakeville Post Office is an important part of the community, and adds to the quality of life. We are committed to excellence at every location that serves you.

- **PARKING:** Surveys noted an issue with parking at Salisbury Post Office that an increase of Lakeville customer traffic could heighten. As a classified station, operations in Lakeville would continue but likely on a different schedule. We believe this would mitigate parking congestion.

- **DELIVERY OPTIONS**: Other comments spoke to the use of Free Rural Delivery should any decision lead to a closure of the Lakeville Post Office. We can review this option to the Lakeville community if criteria for rural delivery are met. This requires Postal Service assessments of safety and available lines-of-travel for rural routes in the area. An address change may be necessary for some residences.

- **OTHER ACCESS:** Be assured we continue to look for ways to put the postal services you need most -- stamps, information and supplies -- right where you go, every day. Our website -- **www.usps.com** -- lets you print shipping labels with postage for Express Mail and Priority Mail. You can request shipping supplies or buy postage, or look for other important postal information such as ZIP Codes and mailing information. And we continue to expand the locations where you can find stamps at many local grocery or drug stores and even in bank ATMs.

Again, this decision is not yet final but it moves in a direction we believe makes sense for your community and for the Postal Service. - **DELIVERY OPTIONS**: Other comments spoke to the use of Free Rural Delivery should any decision lead to a closure of the Lakeville Post Office. We can review this option to the Lakeville community if criteria for rural delivery are met. This requires Postal Service assessments of safety and available lines-of-travel for rural routes in the area. An address change may be necessary for some residences.

- **OTHER ACCESS:** Be assured we continue to look for ways to put the postal services you need most -- stamps, information and supplies -- right where you go, every day. Our website -- **www.usps.com** -- lets you print shipping labels with postage for Express Mail and Priority Mail. You can request shipping supplies or buy postage, or look for other important postal information such as ZIP Codes and mailing information. And we continue to expand the locations where you can find stamps at many local grocery or drug stores and even in bank ATMs.

Again, this decision is not yet final but it moves in a direction we believe makes sense for your community and for the Postal Service. I am able to compile comments on the proposal to reclassify the Lakeville Post Office to the public record for 60 days from the date of this letter. A final decision will come at that time. I will keep you informed.

Dear Postal Customer,

Thank you for your thoughtful comments concerning the Lakeville Post Office. As we indicated to you previously, your comments have been compiled in the official record and careful consideration will be taken prior to further action regarding the study for your office.

Although our study process is not yet complete, **our preliminary decision is to reclassify the Lakeville Post Office from an Independent Post Office to a Classified Branch of the Salisbury Post Office.** Significantly, this means no change of address will be necessary and a local postal presence in Lakeville will remain. Administrative oversight for Lakeville will shift to Salisbury. Hours for the Lakeville office are likely to change should we go forward.

In the surveys distributed by our office, several concerns came forward. This preliminary decision may still raise questions on these points. Let me address a few common concerns:

- **CONVENIENCE**: Your surveys showed the convenience of the Lakeville Post Office is very important. By contrast, hours in Salisbury Post Office were limited, such as a one hour closing for lunch. We will review hours at both the Lakeville and Salisbury Post Offices.

- **ZIP CODE**: Preserving a community's ZIP Code was raised as a concern and it is something we can address. As a classified station, the Lakeville ZIP Code would remain intact. Post office box customers would not need to change address.

- **CUSTOMER SERVICE**: Customers commented on the friendly service they receive at the Lakeville Post Office. Several mentioned that the Lakeville Post Office is an important part of the community, and adds to the quality of life. We are committed to excellence at every location that serves you.

- **PARKING:** Surveys noted an issue with parking at Salisbury Post Office that an increase of Lakeville customer traffic could heighten. As a classified station, operations in Lakeville would continue but likely on a different schedule. We believe this would mitigate parking congestion.

- **DELIVERY OPTIONS**: Other comments spoke to the use of Free Rural Delivery should any decision lead to a closure of the Lakeville Post Office. We can review this option to the Lakeville community if criteria for rural delivery are met. This requires Postal Service assessments of safety and available lines-of-travel for rural routes in the area. An address change may be necessary for some residences.

- **CONVENIENCE**: Your surveys showed the convenience of the Lakeville Post Office is very important. By contrast, hours in Salisbury Post Office were limited, such as a one hour closing for lunch. We will review hours at both the Lakeville and Salisbury Post Offices.

- **ZIP CODE**: Preserving a community's ZIP Code was raised as a concern and it is something we can address. As a classified station, the Lakeville ZIP Code would remain intact. Post office box customers would not need to change address.

- **CUSTOMER SERVICE**: Customers commented on the friendly service they receive at the Lakeville Post Office. Several mentioned that the Lakeville Post Office is an important part of the community, and adds to the quality of life. We are committed to excellence at every location that serves you.

- **PARKING:** Surveys noted an issue with parking at Salisbury Post Office that an increase of Lakeville customer traffic could heighten. As a classified station, operations in Lakeville would continue but likely on a different schedule. We believe this would mitigate parking congestion.

- **DELIVERY OPTIONS**: Other comments spoke to the use of Free Rural Delivery should any decision lead to a closure of the Lakeville Post Office. We can review this option to the Lakeville community if criteria for rural delivery are met. This requires Postal Service assessments of safety and available lines-of-travel for rural routes in the area. An address change may be necessary for some residences.

- **OTHER ACCESS:** Be assured we continue to look for ways to put the postal services you need most -- stamps, information and supplies -- right where you go, every day. Our website -- **www.usps.com** -- lets you print shipping labels with postage for Express Mail and Priority Mail. You can request shipping supplies or buy postage, or look for other important postal information such as ZIP Codes and mailing information. And we continue to expand the locations where you can find stamps at many local grocery or drug stores and even in bank ATMs.

Again, this decision is not yet final but it moves in a direction we believe makes sense for your community and for the Postal Service. I am able to compile comments on the proposal to reclassify the Lakeville Post Office to the public record for 60 days from the date of this letter. A final decision will come at that time. I will keep you informed.

Dear Postal Customer,

Thank you for your thoughtful comments concerning the Lakeville Post Office. As we indicated to you previously, your comments have been compiled in the official record and careful consideration will be taken prior to further action regarding the study for your office.

Although our study process is not yet complete, **our preliminary decision is to reclassify the Lakeville Post Office from an Independent Post Office to a Classified Branch of the Salisbury Post Office.** Significantly, this means no change of address will be necessary and a local postal presence in Lakeville will remain. Administrative oversight for Lakeville will shift to Salisbury. Hours for the Lakeville office are likely to change should we go forward.

In the surveys distributed by our office, several concerns came forward. This preliminary decision may still raise questions on these points. Let me address a few common concerns:

Lakeville Post Office has ample parking space as Salisbury does not have good parking due to mare traffic and elderly.

Mailing at Lakeville, dropping off your mail in the outside mail box is very convient.

Not many boxes at Salesbury. Many will be taken by city weekenders or residents.

Too Small.

UNITED STATES POSTAL SERVICE

May 2, 2011

Dear Postal Customer,

Thank you for your thoughtful comments concerning the Lakeville Post Office. As we indicated to you previously, your comments have been compiled in the official record and careful consideration will be taken prior to further action regarding the study for your office.

Although our study process is not yet complete, **our preliminary decision is to reclassify the Lakeville Post Office from an Independent Post Office to a Classified Branch of the Salisbury Post Office.** Significantly, this means no change of address will be necessary and a local postal presence in Lakeville will remain. Administrative oversight for Lakeville will shift to Salisbury. Hours for the Lakeville office are likely to change should we go forward.

In the surveys distributed by our office, several concerns came forward. This preliminary decision may still raise questions on these points. Let me address a few common concerns:

- **CONVENIENCE**: Your surveys showed the convenience of the Lakeville Post Office is very important. By contrast, hours in Salisbury Post Office were limited, such as a one hour closing for lunch. We will review hours at both the Lakeville and Salisbury Post Offices.

- **ZIP CODE**: Preserving a community's ZIP Code was raised as a concern and it is something we can address. As a classified station, the Lakeville ZIP Code would remain intact. Post office box customers would not need to change address.

- **CUSTOMER SERVICE**: Customers commented on the friendly service they receive at the Lakeville Post Office. Several mentioned that the Lakeville Post Office is an important part of the community, and adds to the quality of life. We are committed to excellence at every location that serves you.

- **PARKING:** Surveys noted an issue with parking at Salisbury Post Office that an increase of Lakeville customer traffic could heighten. As a classified station, operations in Lakeville would continue but likely on a different schedule. We believe this would mitigate parking congestion.

- **DELIVERY OPTIONS**: Other comments spoke to the use of Free Rural Delivery should any decision lead to a closure of the Lakeville Post Office. We can review this option to the Lakeville community if criteria for rural delivery are met. This requires Postal Service assessments of safety and available lines-of-travel for rural routes in the area. An address change may be necessary for some residences.

- **OTHER ACCESS:** Be assured we continue to look for ways to put the postal services you need most -- stamps, information and supplies -- right where you go, every day. Our website -- **www.usps.com** -- lets you print shipping labels with postage for Express Mail and Priority Mail. You can request shipping supplies or buy postage, or look for other important postal information such as ZIP Codes and mailing information. And we continue to expand the locations where you can find stamps at many local grocery or drug stores and even in bank ATMs.

Again, this decision is not yet final but it moves in a direction we believe makes sense for your community and for the Postal Service. I am able to compile comments on the proposal to reclassify the Lakeville Post Office to the public record for 60 days from the date of this letter. A final decision will come at that time. I will keep you informed.

Hello---We heavily use the Lakeville P.O. as we live 1/2 mile away & run a home business mostly thru sales on eBay through out the world. We mail about 10 packages a week, approximately 1/3 to European & Far East locations. We would miss the convenience very much. We have mail delivery not a P.O. box.

Parking at Lakeville is very adequate & on site and off of busy Rt. 44 with much truck traffic. The on Rte. 44 parking in front of the Salisbury P.O. is scarce and dangerous when having to cross 44. We do not understand why the small Salisbury office would stay open when the larger Lakeville is more accessible. Do close Twin Lakes & Salisbury. If Lakeville is closed we will go to the Millerton, NY office because of better & safer parking. We would do more of our shopping & other business in Millerton. Staff at all the P.O.s are nice & accommodating.

Thank you for this opportunity for commenting.

- **PARKING:** Surveys noted an issue with parking at Salisbury Post Office that an increase of Lakeville customer traffic could heighten. As a classified station, operations in Lakeville would continue but likely on a different schedule. We believe this would mitigate parking congestion.

- **DELIVERY OPTIONS**: Other comments spoke to the use of Free Rural Delivery should any decision lead to a closure of the Lakeville Post Office. We can review this option to the Lakeville community if criteria for rural delivery are met. This requires Postal Service assessments of safety and available lines-of-travel for rural routes in the area. An address change may be necessary for some residences.

- **OTHER ACCESS:** Be assured we continue to look for ways to put the postal services you need most -- stamps, information and supplies -- right where you go, every day. Our website -- **www.usps.com** -- lets you print shipping labels with postage for Express Mail and Priority Mail. You can request shipping supplies or buy postage, or look for other important postal information such as ZIP Codes and mailing information. And we continue to expand the locations where you can find stamps at many local grocery or drug stores and even in bank ATMs.

Again, this decision is not yet final but it moves in a direction we believe makes sense for your community and for the Postal Service. I am able to compile comments on the proposal to reclassify the Lakeville Post Office to the public record for 60 days from the date of this letter. A final decision will come at that time. I will keep you informed.

Dear Postal Customer,

Thank you for your thoughtful comments concerning the Lakeville Post Office. As we indicated to you previously, your comments have been compiled in the official record and careful consideration will be taken prior to further action regarding the study for your office.

Although our study process is not yet complete, **our preliminary decision is to reclassify the Lakeville Post Office from an Independent Post Office to a Classified Branch of the Salisbury Post Office.** Significantly, this means no change of address will be necessary and a local postal presence in Lakeville will remain. Administrative oversight for Lakeville will shift to Salisbury. Hours for the Lakeville office are likely to change should we go forward.

In the surveys distributed by our office, several concerns came forward. This preliminary decision may still raise questions on these points. Let me address a few common concerns:

- **CONVENIENCE**: Your surveys showed the convenience of the Lakeville Post Office is very important. By contrast, hours in Salisbury Post Office were limited, such as a one hour closing for lunch. We will review hours at both the Lakeville and Salisbury Post Offices.

- **ZIP CODE**: Preserving a community's ZIP Code was raised as a concern and it is something we can address. As a classified station, the Lakeville ZIP Code would remain intact. Post office box customers would not need to change address.

- **CUSTOMER SERVICE**: Customers commented on the friendly service they receive at the Lakeville Post Office. Several mentioned that the Lakeville Post Office is an important part of the community, and adds to the quality of life. We are committed to excellence at every location that serves you.

- **PARKING:** Surveys noted an issue with parking at Salisbury Post Office that an increase of Lakeville customer traffic could heighten. As a classified station, operations in Lakeville would continue but likely on a different schedule. We believe this would mitigate parking congestion.

- **DELIVERY OPTIONS**: Other comments spoke to the use of Free Rural Delivery should any decision lead to a closure of the Lakeville Post Office. - **CONVENIENCE**: Your surveys showed the convenience of the Lakeville Post Office is very important. By contrast, hours in Salisbury Post Office were limited, such as a one hour closing for lunch. We will review hours at both the Lakeville and Salisbury Post Offices.

- **ZIP CODE**: Preserving a community's ZIP Code was raised as a concern and it is something we can address. As a classified station, the Lakeville ZIP Code would remain intact. Post office box customers would not need to change address.

- **CUSTOMER SERVICE**: Customers commented on the friendly service they receive at the Lakeville Post Office. Several mentioned that the Lakeville Post Office is an important part of the community, and adds to the quality of life. We are committed to excellence at every location that serves you.

- **PARKING:** Surveys noted an issue with parking at Salisbury Post Office that an increase of Lakeville customer traffic could heighten. As a classified station, operations in Lakeville would continue but likely on a different schedule. We believe this would mitigate parking congestion.

- **DELIVERY OPTIONS**: Other comments spoke to the use of Free Rural Delivery should any decision lead to a closure of the Lakeville Post Office. We can review this option to the Lakeville community if criteria for rural delivery are met. This requires Postal Service assessments of safety and available lines-of-travel for rural routes in the area. An address change may be necessary for some residences.

- **OTHER ACCESS:** Be assured we continue to look for ways to put the postal services you need most -- stamps, information and supplies -- right where you go, every day. Our website -- **www.usps.com** -- lets you print shipping labels with postage for Express Mail and Priority Mail. You can request shipping supplies or buy postage, or look for other important postal information such as ZIP Codes and mailing information. And we continue to expand the locations where you can find stamps at many local grocery or drug stores and even in bank ATMs.

Again, this decision is not yet final but it moves in a direction we believe makes sense for your community and for the Postal Service. I am able to compile comments on the proposal to reclassify the Lakeville Post Office to the public record for 60 days from the date of this letter. A final decision will come at that time. I will keep you informed.

Dear Postal Customer,

Thank you for your thoughtful comments concerning the Lakeville Post Office. As we indicated to you previously, your comments have been compiled in the official record and careful consideration will be taken prior to further action regarding the study for your office.

Although our study process is not yet complete, **our preliminary decision is to reclassify the Lakeville Post Office from an Independent Post Office to a Classified Branch of the Salisbury Post Office.** Significantly, this means no change of address will be necessary and a local postal presence in Lakeville will remain. Administrative oversight for Lakeville will shift to Salisbury. Hours for the Lakeville office are likely to change should we go forward.

In the surveys distributed by our office, several concerns came forward. This preliminary decision may still raise questions on these points. Let me address a few common concerns:

Administrative oversight for Lakeville will shift to Salisbury. Hours for the Lakeville office are likely to change should we go forward.

In the surveys distributed by our office, several concerns came forward. This preliminary decision may still raise questions on these points. Let me address a few common concerns:

- **CONVENIENCE**: Your surveys showed the convenience of the Lakeville Post Office is very important. By contrast, hours in Salisbury Post Office were limited, such as a one hour closing for lunch. We will review hours at both the Lakeville and Salisbury Post Offices.

- **ZIP CODE**: Preserving a community's ZIP Code was raised as a concern and it is something we can address. As a classified station, the Lakeville ZIP Code would remain intact. Post office box customers would not need to change address.

- **CUSTOMER SERVICE**: Customers commented on the friendly service they receive at the Lakeville Post Office. Several mentioned that the Lakeville Post Office is an important part of the community, and adds to the quality of life. We are committed to excellence at every location that serves you.

- **PARKING:** Surveys noted an issue with parking at Salisbury Post Office that an increase of Lakeville customer traffic could heighten. As a classified station, operations in Lakeville would continue but likely on a different schedule. We believe this would mitigate parking congestion.

- **DELIVERY OPTIONS**: Other comments spoke to the use of Free Rural Delivery should any decision lead to a closure of the Lakeville Post Office. We can review this option to the Lakeville community if criteria for rural delivery are met. This requires Postal Service assessments of safety and available lines-of-travel for rural routes in the area. An address change may be necessary for some residences.

- **OTHER ACCESS:** Be assured we continue to look for ways to put the postal services you need most -- stamps, information and supplies -- right where you go, every day. Our website -- **www.usps.com** -- lets you print shipping labels with postage for Express Mail and Priority Mail. You can request shipping supplies or buy postage, or look for other important postal information such as ZIP Codes and mailing information. And we continue to expand the locations where you can find stamps at many local grocery or drug stores and even in bank ATMs.

Again, this decision is not yet final but it moves in a direction we believe makes sense for your community and for the Postal Service. I am able to compile comments on the proposal to reclassify the Lakeville Post Office to the public record for 60 days from the date of this letter. A final decision will come at that time. I will keep you informed.

Dear Postal Customer,

Thank you for your thoughtful comments concerning the Lakeville Post Office. As we indicated to you previously, your comments have been compiled in the official record and careful consideration will be taken prior to further action regarding the study for your office.

Although our study process is not yet complete, **our preliminary decision is to reclassify the Lakeville Post Office from an Independent Post Office to a Classified Branch of the Salisbury Post Office.** Significantly, this means no change of address will be necessary and a local postal presence in Lakeville will remain. Administrative oversight for Lakeville will shift to Salisbury. Hours for the Lakeville office are likely to change should we go forward.

UNITED STATES POSTAL SERVICE

May 2, 2011

Dear Postal Customer,

Thank you for your thoughtful comments concerning the Lakeville Post Office. As we indicated to you previously, your comments have been compiled in the official record and careful consideration will be taken prior to further action regarding the study for your office.

Although our study process is not yet complete, **our preliminary decision is to reclassify the Lakeville Post Office from an Independent Post Office to a Classified Branch of the Salisbury Post Office.** Significantly, this means no change of address will be necessary and a local postal presence in Lakeville will remain. Administrative oversight for Lakeville will shift to Salisbury. Hours for the Lakeville office are likely to change should we go forward.

In the surveys distributed by our office, several concerns came forward. This preliminary decision may still raise questions on these points. Let me address a few common concerns:

- **CONVENIENCE**: Your surveys showed the convenience of the Lakeville Post Office is very important. By contrast, hours in Salisbury Post Office were limited, such as a one hour closing for lunch. We will review hours at both the Lakeville and Salisbury Post Offices.

- **ZIP CODE**: Preserving a community's ZIP Code was raised as a concern and it is something we can address. As a classified station, the Lakeville ZIP Code would remain intact. Post office box customers would not need to change address.

- **CUSTOMER SERVICE**: Customers commented on the friendly service they receive at the Lakeville Post Office. Several mentioned that the Lakeville Post Office is an important part of the community, and adds to the quality of life. We are committed to excellence at every location that serves you.

- **PARKING:** Surveys noted an issue with parking at Salisbury Post Office that an increase of Lakeville customer traffic could heighten. As a classified station, operations in Lakeville would continue but likely on a different schedule. We believe this would mitigate parking congestion.

- **DELIVERY OPTIONS**: Other comments spoke to the use of Free Rural Delivery should any decision lead to a closure of the Lakeville Post Office. We can review this option to the Lakeville community if criteria for rural delivery are met. This requires Postal Service assessments of safety and available lines-of-travel for rural routes in the area. An address change may be necessary for some residences.

- **OTHER ACCESS:** Be assured we continue to look for ways to put the postal services you need most -- stamps, information and supplies -- right where you go, every day. Our website -- **www.usps.com** -- lets you print shipping labels with postage for Express Mail and Priority Mail. You can request shipping supplies or buy postage, or look for other important postal information such as ZIP Codes and mailing information. And we continue to expand the locations where you can find stamps at many local grocery or drug stores and even in bank ATMs.

Again, this decision is not yet final but it moves in a direction we believe makes sense for your community and for the Postal Service. I am able to compile comments on the proposal to reclassify the Lakeville Post Office to the public record for 60 days from the date of this letter. A final decision will come at that time. I will keep you informed.

UNITED STATES POSTAL SERVICE

May 2, 2011

Dear Postal Customer,

Thank you for your thoughtful comments concerning the Lakeville Post Office. As we indicated to you previously, your comments have been compiled in the official record and careful consideration will be taken prior to further action regarding the study for your office.

Although our study process is not yet complete, **our preliminary decision is to reclassify the Lakeville Post Office from an Independent Post Office to a Classified Branch of the Salisbury Post Office.** Significantly, this means no change of address will be necessary and a local postal presence in Lakeville will remain. Administrative oversight for Lakeville will shift to Salisbury. Hours for the Lakeville office are likely to change should we go forward.

In the surveys distributed by our office, several concerns came forward. This preliminary decision may still raise questions on these points. Let me address a few common concerns:

- **CONVENIENCE**: Your surveys showed the convenience of the Lakeville Post Office is very important. By contrast, hours in Salisbury Post Office were limited, such as a one hour closing for lunch. We will review hours at both the Lakeville and Salisbury Post Offices.

- **ZIP CODE**: Preserving a community's ZIP Code was raised as a concern and it is something we can address. As a classified station, the Lakeville ZIP Code would remain intact. Post office box customers would not need to change address.

- **CUSTOMER SERVICE**: Customers commented on the friendly service they receive at the Lakeville Post Office. Several mentioned that the Lakeville Post Office is an important part of the community, and adds to the quality of life. We are committed to excellence at every location that serves you.

- **PARKING:** Surveys noted an issue with parking at Salisbury Post Office that an increase of Lakeville customer traffic could heighten. As a classified station, operations in Lakeville would continue but likely on a different schedule. We believe this would mitigate parking congestion.

- **DELIVERY OPTIONS**: Other comments spoke to the use of Free Rural Delivery should any decision lead to a closure of the Lakeville Post Office. We can review this option to the Lakeville community if criteria for rural delivery are met. This requires Postal Service assessments of safety and available lines-of-travel for rural routes in the area. An address change may be necessary for some residences.

- **OTHER ACCESS:** Be assured we continue to look for ways to put the postal services you need most -- stamps, information and supplies -- right where you go, every day. Our website -- **www.usps.com** -- lets you print shipping labels with postage for Express Mail and Priority Mail. You can request shipping supplies or buy postage, or look for other important postal information such as ZIP Codes and mailing information. And we continue to expand the locations where you can find stamps at many local grocery or drug stores and even in bank ATMs.

Again, this decision is not yet final but it moves in a direction we believe makes sense for your community and for the Postal Service. I am able to compile comments on the proposal to reclassify the Lakeville Post Office to the public record for 60 days from the date of this letter. A final decision will come at that time. I will keep you informed.

May 2, 2011

Dear Postal Customer,

Thank you for your thoughtful comments concerning the Lakeville Post Office. As we indicated to you previously, your comments have been compiled in the official record and careful consideration will be taken prior to further action regarding the study for your office.

Although our study process is not yet complete, **our preliminary decision is to reclassify the Lakeville Post Office from an Independent Post Office to a Classified Branch of the Salisbury Post Office.** Significantly, this means no change of address will be necessary and a local postal presence in Lakeville will remain. Administrative oversight for Lakeville will shift to Salisbury. Hours for the Lakeville office are likely to change should we go forward.

In the surveys distributed by our office, several concerns came forward. This preliminary decision may still raise questions on these points. Let me address a few common concerns:

- **CONVENIENCE**: Your surveys showed the convenience of the Lakeville Post Office is very important. By contrast, hours in Salisbury Post Office were limited, such as a one hour closing for lunch. We will review hours at both the Lakeville and Salisbury Post Offices.

- **ZIP CODE**: Preserving a community's ZIP Code was raised as a concern and it is something we can address. As a classified station, the Lakeville ZIP Code would remain intact. Post office box customers would not need to change address.

- **CUSTOMER SERVICE**: Customers commented on the friendly service they receive at the Lakeville Post Office. Several mentioned that the Lakeville Post Office is an important part of the community, and adds to the quality of life. We are committed to excellence at every location that serves you.

- **PARKING:** Surveys noted an issue with parking at Salisbury Post Office that an increase of Lakeville customer traffic could heighten. As a classified station, operations in Lakeville would continue but likely on a different schedule. We believe this would mitigate parking congestion.

- **DELIVERY OPTIONS**: Other comments spoke to the use of Free Rural Delivery should any decision lead to a closure of the Lakeville Post Office. We can review this option to the Lakeville community if criteria for rural delivery are met. This requires Postal Service assessments of safety and available lines-of-travel for rural routes in the area. An address change may be necessary for some residences.

- **OTHER ACCESS:** Be assured we continue to look for ways to put the postal services you need most -- stamps, information and supplies -- right where you go, every day. Our website -- **www.usps.com** -- lets you print shipping labels with postage for Express Mail and Priority Mail. You can request shipping supplies or buy postage, or look for other important postal information such as ZIP Codes and mailing information. And we continue to expand the locations where you can find stamps at many local grocery or drug stores and even in bank ATMs.

Again, this decision is not yet final but it moves in a direction we believe makes sense for your community and for the Postal Service. I am able to compile comments on the proposal to reclassify the Lakeville Post Office to the public record for 60 days from the date of this letter. A final decision will come at that time. I will keep you informed.

And we continue to expand the locations where you can find stamps at many local grocery or drug stores and even in bank ATMs.

Again, this decision is not yet final but it moves in a direction we believe makes sense for your community and for the Postal Service. I am able to compile comments on the proposal to reclassify the Lakeville Post Office to the public record for 60 days from the date of this letter. A final decision will come at that time. I will keep you informed.

Dear Postal Customer,

Thank you for your thoughtful comments concerning the Lakeville Post Office. As we indicated to you previously, your comments have been compiled in the official record and careful consideration will be taken prior to further action regarding the study for your office.

Although our study process is not yet complete, **our preliminary decision is to reclassify the Lakeville Post Office from an Independent Post Office to a Classified Branch of the Salisbury Post Office.** Significantly, this means no change of address will be necessary and a local postal presence in Lakeville will remain. Administrative oversight for Lakeville will shift to Salisbury. Hours for the Lakeville office are likely to change should we go forward.

In the surveys distributed by our office, several concerns came forward. This preliminary decision may still raise questions on these points. Let me address a few common concerns:

- **CONVENIENCE**: Your surveys showed the convenience of the Lakeville Post Office is very important. By contrast, hours in Salisbury Post Office were limited, such as a one hour closing for lunch. We will review hours at both the Lakeville and Salisbury Post Offices.

- **ZIP CODE**: Preserving a community's ZIP Code was raised as a concern and it is something we can address. As a classified station, the Lakeville ZIP Code would remain intact. Post office box customers would not need to change address.

- **CUSTOMER SERVICE**: Customers commented on the friendly service they receive at the Lakeville Post Office. Several mentioned that the Lakeville Post Office is an important part of the community, and adds to the quality of life. We are committed to excellence at every location that serves you.

- **PARKING:** Surveys noted an issue with parking at Salisbury Post Office that an increase of Lakeville customer traffic could heighten. As a classified station, operations in Lakeville would continue but likely on a different schedule. We believe this would mitigate parking congestion.

- **DELIVERY OPTIONS**: Other comments spoke to the use of Free Rural Delivery should any decision lead to a closure of the Lakeville Post Office. We can review this option to the Lakeville community if criteria for rural delivery are met. This requires Postal Service assessments of safety and available lines-of-travel for rural routes in the area. An address change may be necessary for some residences.

- **OTHER ACCESS:** Be assured we continue to look for ways to put the postal services you need most -- stamps, information and supplies -- right where you go, every day. Our website -- **www.usps.com** -- lets you print shipping labels with postage for Express Mail and Priority Mail. You can request shipping supplies or buy postage, or look for other important postal information such as ZIP Codes and mailing information. And we continue to expand the locations where you can find stamps at many local grocery or drug stores and even in bank ATMs.

Again, this decision is not yet final but it moves in a direction we believe makes sense for your community and for the Postal Service. - **CUSTOMER SERVICE**: Customers commented on the friendly service they receive at the Lakeville Post Office. Several mentioned that the Lakeville Post Office is an important part of the community, and adds to the quality of life. We are committed to excellence at every location that serves you.

- **PARKING:** Surveys noted an issue with parking at Salisbury Post Office that an increase of Lakeville customer traffic could heighten. As a classified station, operations in Lakeville would continue but likely on a different schedule. We believe this would mitigate parking congestion.

- **DELIVERY OPTIONS**: Other comments spoke to the use of Free Rural Delivery should any decision lead to a closure of the Lakeville Post Office. We can review this option to the Lakeville community if criteria for rural delivery are met. This requires Postal Service assessments of safety and available lines-of-travel for rural routes in the area. An address change may be necessary for some residences.

- **OTHER ACCESS:** Be assured we continue to look for ways to put the postal services you need most -- stamps, information and supplies -- right where you go, every day. Our website -- **www.usps.com** -- lets you print shipping labels with postage for Express Mail and Priority Mail. You can request shipping supplies or buy postage, or look for other important postal information such as ZIP Codes and mailing information. And we continue to expand the locations where you can find stamps at many local grocery or drug stores and even in bank ATMs.

Again, this decision is not yet final but it moves in a direction we believe makes sense for your community and for the Postal Service. I am able to compile comments on the proposal to reclassify the Lakeville Post Office to the public record for 60 days from the date of this letter. A final decision will come at that time. I will keep you informed.

Dear Postal Customer,

Thank you for your thoughtful comments concerning the Lakeville Post Office. As we indicated to you previously, your comments have been compiled in the official record and careful consideration will be taken prior to further action regarding the study for your office.

Although our study process is not yet complete, **our preliminary decision is to reclassify the Lakeville Post Office from an Independent Post Office to a Classified Branch of the Salisbury Post Office.** Significantly, this means no change of address will be necessary and a local postal presence in Lakeville will remain. Administrative oversight for Lakeville will shift to Salisbury. Hours for the Lakeville office are likely to change should we go forward.

In the surveys distributed by our office, several concerns came forward. This preliminary decision may still raise questions on these points. Let me address a few common concerns:

- **CONVENIENCE**: Your surveys showed the convenience of the Lakeville Post Office is very important. By contrast, hours in Salisbury Post Office were limited, such as a one hour closing for lunch. We will review hours at both the Lakeville and Salisbury Post Offices.

- **ZIP CODE**: Preserving a community's ZIP Code was raised as a concern and it is something we can address. As a classified station, the Lakeville ZIP Code would remain intact. Post office box customers would not need to change address.

- **CUSTOMER SERVICE**: Customers commented on the friendly service they receive at the Lakeville Post Office. Several mentioned that the Lakeville Post Office is an important part of the community, and adds to the quality of life. We are committed to excellence at every location that serves you.

- **PARKING:** Surveys noted an issue with parking at Salisbury Post Office that an increase of Lakeville customer traffic could heighten. As a classified station, operations in Lakeville would continue but likely on a different schedule. We believe this would mitigate parking congestion.

Dear Mr. LeBouef

Why haven't you appointed a permanent Postmaster for Lakeville? I go to the Post office everyday and whenever I am there, I am not the only customer. Perhaps the Salisbury Postmaster could handle both Post Offices, thereby not adding any additional cost.

If costs are the issue, discontinue the Rural Delivery and have all recipients use Post office boxes.

Please consider closing the Salisbury office which is smaller and Lakeville would be able to handle the extra volume.

Reasons not to close Lakeville Post Office.

We are retired and elderly and on a fixed income. With gas now at
$4.00 a gallon it will be more expensive to drive to Salisbury. I will still have to go to stores in Lakeville because they aren't in Salisbury, {i.e. Bank, insurance, gas, hardware store]. The only reason I go to Salisbury is to grocery shop as there isn't any in Lakeville. Parking in Salisbury is very limited and p.o. is much smaller. Most times I go into the Lakeville p. o. there is a line at the window. If you want to close Lakeville because of money, why don't you charge the R. F.D. patrons $25.00 yearly like we paay for our boxes depending on size? Mine is $40.00 yearly [ the small one].

RE: CLOSURE OF LAKEVILLE P.O.
ADDITIONAL COMMENTS

GENTLEMEN:

IF, INDEED, IT IS NECESSARY TO CLOSE ONE POST OFFICE, THEN IT MAKES MORE SENSE TO CLOSE THE SALISBURY OFFICE AND LET THE LAKEVILLE P.O. REMAIN OPEN.

THE LAKEVILLE P.O. IS LARGER, BETTER EQUIPPED, WITH BETTER PARKING, AND MORE CONVENIENT FOR THE MOST PEOPLE.

CLOSE THE SALISBURY OFFICE AND NOT THE LAKEVILLE P.O.

Additional comments.

The age of the Lakeville/Salisbury community is older than that of the rest of the state. By denying easy access and increasing the amount of driving, especially in inclement weather, to those who need to pick up mail daily, etc. , would add difficulty to their day.

Parking at the Lakeville post office for all who use it, is considerably easier than that available in Salisbury, where traffic from the realtors, merchants, La Bonne's, often make turning onto rte 44 much more complicated, especially during the warmer months.

There is no drive-by mail box in Salisbury, or at least one that we're aware of. That at the Lakeville post office allows mail to be deposited without exiting the car, especially during unpleasant weather.

The Lakeville post office is an important architectural entity in the little village, anchoring it in an area that needs all the help it can get.

We have one of the largest boxes available, and unfortunately it can even overflow it we don't pick up our mail for a few days. Would enough boxes be available in Salisbury for all those who would have to transfer there?

I truely believe that it makes absolutely no sense to close the Lakeville post office - I think it would make much, much more sense to close the two smaller offices - Taconic, Salisbury - and use the biggest office - Lakeville - in the area to disperse the mail. I understand that the largest office uses the most utilities, but closing two offices and using just one would certainly help reduce the overhead required to keep the place up and running.

- **CUSTOMER SERVICE**: Customers commented on the friendly service they receive at the Lakeville Post Office. Several mentioned that the Lakeville Post Office is an important part of the community, and adds to the quality of life. We are committed to excellence at every location that serves you.

- **PARKING:** Surveys noted an issue with parking at Salisbury Post Office that an increase of Lakeville customer traffic could heighten. As a classified station, operations in Lakeville would continue but likely on a different schedule. We believe this would mitigate parking congestion.

- **DELIVERY OPTIONS**: Other comments spoke to the use of Free Rural Delivery should any decision lead to a closure of the Lakeville Post Office. We can review this option to the Lakeville community if criteria for rural delivery are met. This requires Postal Service assessments of safety and available lines-of-travel for rural routes in the area. An address change may be necessary for some residences.

- **OTHER ACCESS:** Be assured we continue to look for ways to put the postal services you need most -- stamps, information and supplies -- right where you go, every day. Our website -- **www.usps.com** -- lets you print shipping labels with postage for Express Mail and Priority Mail. You can request shipping supplies or buy postage, or look for other important postal information such as ZIP Codes and mailing information. And we continue to expand the locations where you can find stamps at many local grocery or drug stores and even in bank ATMs.

Again, this decision is not yet final but it moves in a direction we believe makes sense for your community and for the Postal Service. I am able to compile comments on the proposal to reclassify the Lakeville Post Office to the public record for 60 days from the date of this letter. A final decision will come at that time. I will keep you informed.

U.S. Postal Service
Survey re: Lakeville Postal Service

Dear U.S. Postal Service,

I have been a customer of the Lakeville Post Office since I moved here from Germany in 1956. It is one of the best in the area as far as customer service.

My business has been in town for several years, and many times my customers stop in while doing their errands (such as getting their mail) in Lakeville. Closing our town center would be detrimental to my business.

Utilizing the Salisbury Post Office is not convenient – the post office closes from 1 to 2 p.m. daily for lunch break, one of my busiest times of the day. Parking is limited, as is space for so many post office boxes.

Sincerely,

Gudrun Duntz

Dear Postal Customer,

Thank you for your thoughtful comments concerning the Lakeville Post Office. As we indicated to you previously, your comments have been compiled in the official record and careful consideration will be taken prior to further action regarding the study for your office.

Although our study process is not yet complete, **our preliminary decision is to reclassify the Lakeville Post Office from an Independent Post Office to a Classified Branch of the Salisbury Post Office.** Significantly, this means no change of address will be necessary and a local postal presence in Lakeville will remain. Administrative oversight for Lakeville will shift to Salisbury. Hours for the Lakeville office are likely to change should we go forward.

In the surveys distributed by our office, several concerns came forward. This preliminary decision may still raise questions on these points. Let me address a few common concerns:

- **CONVENIENCE**: Your surveys showed the convenience of the Lakeville Post Office is very important. By contrast, hours in Salisbury Post Office were limited, such as a one hour closing for lunch. We will review hours at both the Lakeville and Salisbury Post Offices.

- **ZIP CODE**: Preserving a community's ZIP Code was raised as a concern and it is something we can address. As a classified station, the Lakeville ZIP Code would remain intact. Post office box customers would not need to change address.

- **CUSTOMER SERVICE**: Customers commented on the friendly service they receive at the Lakeville Post Office. Several mentioned that the Lakeville Post Office is an important part of the community, and adds to the quality of life. We are committed to excellence at every location that serves you.

- **PARKING:** Surveys noted an issue with parking at Salisbury Post Office that an increase of Lakeville customer traffic could heighten. As a classified station, operations in Lakeville would continue but likely on a different schedule. We believe this would mitigate parking congestion.

Dear Mr. Le Boeuf,

In regard to the Lakeville Postal Customer Questionnaire, why hasn't a permanent Post Master for Lakeville not been appointed. Has this position been left vacant intentionally

Perhaps the Post Master in Salisbury could over look both locations.

Since the Salisbury Post office is smaller, will it be able to handle both locations as well as adequate parking. Lakeville is a larger location and would handle more volume as well as safe parking.

If one of the properties needs to be sold, is Salisbury a much more marketable parcel of real estate since the USPS owns both lots.

Why have these forms been handed out with hardly enough time to respond.

Thank you.

To Close Lakeville Post Office would be Wrong for this town.

Lakeville lets you go in and get your mail before the office opens. This is great for people like myself that grab their mail on their way to work. Salisbury refuses to do this even though they can lock the inside door to the counter sales.

Lakeville is alot easier to park at with more perking for postal customers. Salisbury can be a nightmare and adding more people IS not the way to fix this.

Last but not least. the people in Salisbury are good people but not even close to Lakeville. 10 years ago I could not say this but Lakeville has Improved in so many way. People like Jill Thoman and alot of the people In there make it alot better than ever to go there.

Please keep Lakeville open
06039 needs to go on

Thank you

You can request shipping supplies or buy postage, or look for other important postal information such as ZIP Codes and mailing information. And we continue to expand the locations where you can find stamps at many local grocery or drug stores and even in bank ATMs.

Again, this decision is not yet final but it moves in a direction we believe makes sense for your community and for the Postal Service. I am able to compile comments on the proposal to reclassify the Lakeville Post Office to the public record for 60 days from the date of this letter. A final decision will come at that time. I will keep you informed.

HELLO:

I UNDERSTAND THAT YOU WANT TO STREAMLINE YOUR BUSINESS, BUT MOVING ALL OF LAKEVILLE'S BUSINESS TO SALISBURY IS INSANE. THERE IS A HUGE PARKING PROBLEM IN THE MIDDLE OF SALISBURY ALREADY AND THERE IS NO ROOM TO PARK ALL OF THE EXTRA CARS AND TRUCKS THAT WOULD COME INTO TOWN IN THE AFTERNOON TO PICK UP THEIR MAIL. AND ON SATURDAY MORNING THE TOWN IS ALREADY PACKED WITH WEEKENDERS LET ALONE TRYING TO PUT MORE CARS IN THERE TO PICK UP MAIL. TOWN OFFICIALS HAVE MANY TIMES VOICED THEIR CONCERNS OVER THE CONGESTION IN THE MIDDLE OF SALISBURY AND I DON'T BELIEVE FOR ONE SECOND THAT THEY OR THE TOWNSPEOPLE WOULD SUPPORT THIS CONSOLIDATION.

[redacted] ON ANOTHER NOTE, THE LOBBY IN SALISBURY IS SMALL AND THE EXTRA VOLUME OF PEOPLE WOULD LEAD TO SLOWER SERVICE. AND WHERE ARE YOU GOING TO PUT SEVERAL HUNDRED EXTRA POST OFFICE BOXES IN THE OUTER LOBBY? THE BUILDING IS TOO SMALL WITH NO ROOM FOR EXPANSION. THIS PROPOSAL IS NOT FEASIBLE.

RETURNING TO THE PARKING PROBLEM — SALISBURY AND LAKEVILLE ARE RETIREMENT COMMUNITIES WITH A LOT OF OLDER CITIZENS. I CAN ENVISION SOME OF THEM NOT BEING ABLE TO PARK CLOSE TO THE POST OFFICE AND HAVING TO WALK A LONG WAY TO GET THEIR MAIL. THIS WILL BE VERY HARD FOR THEM, ESPECIALLY IN THE WINTER WHEN IT IS COLD OR WHEN ITS SNOWING.

YOU CANNOT [redacted] JUST SAY THAT IT'S NOT YOUR PROBLEM. OR THAT'S JUST TOO BAD.

THE ONLY OTHER THOUGHT I HAVE WOULD BE TO CONSOLIDATE SALISBURY'S POST OFFICE BUSINESS INTO LAKEVILLE. THE MIDDLE OF LAKEVILLE CAN HANDLE THE TRAFFIC BETTER THE MIDDLE OF SALISBURY CAN. THAT WOULD ALSO HELP RELIEVE THE CONGESTION IN SALISBURY. THE TOWN OFFICIALS MIGHT SUPPORT THAT PROPOSITION MORE.

I HOPE YOU TAKE A LOT OF TIME TO GATHER THE PROPER INPUT AND IDEAS FROM THE TOWNSPEOPLE. THERE'S A LOT MORE INVOLVED THAN JUST CLOSING A STORE. (260)

RESPECTFULLY, ALLEN JONES

Dear Postal Customer,

Thank you for your thoughtful comments concerning the Lakeville Post Office. As we indicated to you previously, your comments have been compiled in the official record and careful consideration will be taken prior to further action regarding the study for your office.

Although our study process is not yet complete, **our preliminary decision is to reclassify the Lakeville Post Office from an Independent Post Office to a Classified Branch of the Salisbury Post Office.** Significantly, this means no change of address will be necessary and a local postal presence in Lakeville will remain. Administrative oversight for Lakeville will shift to Salisbury. Hours for the Lakeville office are likely to change should we go forward.

In the surveys distributed by our office, several concerns came forward. This preliminary decision may still raise questions on these points. Let me address a few common concerns:

- **CONVENIENCE**: Your surveys showed the convenience of the Lakeville Post Office is very important. By contrast, hours in Salisbury Post Office were limited, such as a one hour closing for lunch. We will review hours at both the Lakeville and Salisbury Post Offices.

- **ZIP CODE**: Preserving a community's ZIP Code was raised as a concern and it is something we can address. As a classified station, the Lakeville ZIP Code would remain intact. Post office box customers would not need to change address.

- **CUSTOMER SERVICE**: Customers commented on the friendly service they receive at the Lakeville Post Office. Several mentioned that the Lakeville Post Office is an important part of the community, and adds to the quality of life. We are committed to excellence at every location that serves you.

- **PARKING:** Surveys noted an issue with parking at Salisbury Post Office that an increase of Lakeville customer traffic could heighten. As a classified station, operations in Lakeville would continue but likely on a different schedule. We believe this would mitigate parking congestion.

- **DELIVERY OPTIONS**: Other comments spoke to the use of Free Rural Delivery should any decision lead to a closure of the Lakeville Post Office. We can review this option to the Lakeville community if criteria for rural delivery are met. This requires Postal Service assessments of safety and available lines-of-travel for rural routes in the area. An address change may be necessary for some residences.

- **OTHER ACCESS:** Be assured we continue to look for ways to put the postal services you need most -- stamps, information and supplies -- right where you go, every day. Our website -- **www.usps.com** -- lets you print shipping labels with postage for Express Mail and Priority Mail. You can request shipping supplies or buy postage, or look for other important postal information such as ZIP Codes and mailing information. And we continue to expand the locations where you can find stamps at many local grocery or drug stores and even in bank ATMs.

Again, this decision is not yet final but it moves in a direction we believe makes sense for your community and for the Postal Service. If the Lakeville Post office were to close it would cause a lot of inconvenience and hardship

In Lakeville there is more parking, better handicap accessibility, and a great location. Many people walk to the Post office therfore giving them their daily exercise, if it were to close people wouldn't be able to walk they would have to drive and use more gas that the elderly, unemployed and people on a fixed income cannot afford

Therfore we need our local post office open!!

Why should we suffer yet again, more hardships

Dear Beaute Boucf,

Our local post office in Lakeville has served as more than a place to pick up and mail letters and packages.

With or without a Post Master The Lakeville Post Office has been the North Pole during the holiday season - a happy, service oriented place of business.

Our local staff has always been friendly caring and efficient.

Perhaps, making an appointment of Post Master from within the employee currently working in Lakeville or - even Co-Post Masters - would make sence - if it is required to have a Post Master. Lakeville seems to have been servicing its customers and the Community very well and saving the USPS the expense of a Post Master.

In short. Our Lakeville Community needs to keep the Community Post Office.

Very truly Yours

As a box holder I am very displeased with this idea.

The Lakeville post office is very important to the village. I can walk to post office from my house. When I do drive, there is ample parking off road.

Please look into hiring a postmaster and implement efforts to increase mailings, box rentals, other revenues.

Sincerely,

Michael Stanton

Dear Postal Customer,

Thank you for your thoughtful comments concerning the Lakeville Post Office. As we indicated to you previously, your comments have been compiled in the official record and careful consideration will be taken prior to further action regarding the study for your office.

Although our study process is not yet complete, **our preliminary decision is to reclassify the Lakeville Post Office from an Independent Post Office to a Classified Branch of the Salisbury Post Office.** Significantly, this means no change of address will be necessary and a local postal presence in Lakeville will remain. Administrative oversight for Lakeville will shift to Salisbury. Hours for the Lakeville office are likely to change should we go forward.

In the surveys distributed by our office, several concerns came forward. This preliminary decision may still raise questions on these points. Let me address a few common concerns:

- **CONVENIENCE**: Your surveys showed the convenience of the Lakeville Post Office is very important. By contrast, hours in Salisbury Post Office were limited, such as a one hour closing for lunch. We will review hours at both the Lakeville and Salisbury Post Offices.

- **ZIP CODE**: Preserving a community's ZIP Code was raised as a concern and it is something we can address. As a classified station, the Lakeville ZIP Code would remain intact. Post office box customers would not need to change address.

- **CUSTOMER SERVICE**: Customers commented on the friendly service they receive at the Lakeville Post Office. Several mentioned that the Lakeville Post Office is an important part of the community, and adds to the quality of life. We are committed to excellence at every location that serves you.

- **PARKING:** Surveys noted an issue with parking at Salisbury Post Office that an increase of Lakeville customer traffic could heighten. As a classified station, operations in Lakeville would continue but likely on a different schedule. We believe this would mitigate parking congestion.

- **DELIVERY OPTIONS**: Other comments spoke to the use of Free Rural Delivery should any decision lead to a closure of the Lakeville Post Office. We can review this option to the Lakeville community if criteria for rural delivery are met. This requires Postal Service assessments of safety and available lines-of-travel for rural routes in the area. An address change may be necessary for some residences.

- **OTHER ACCESS:** Be assured we continue to look for ways to put the postal services you need most -- stamps, information and supplies -- right where you go, every day. Our website -- **www.usps.com** -- lets you print shipping labels with postage for Express Mail and Priority Mail. You can request shipping supplies or buy postage, or look for other important postal information such as ZIP Codes and mailing information. And we continue to expand the locations where you can find stamps at many local grocery or drug stores and even in bank ATMs.

Again, this decision is not yet final but it moves in a direction we believe makes sense for your community and for the Postal Service. I am able to compile comments on the proposal to reclassify the Lakeville Post Office to the public record for 60 days from the date of this letter. A final decision will come at that time. I will keep you informed.

To whom it may concern,

I would very much like to attend the meeting on April 21, but unfortunately you have scheduled it for Holy Thursday. I will be at church at the time of the meeting. I am hoping that you will reconsider the date of the meeting and reschedule so that more people would be able to attend.

Sincerely,

Re: Lakeville Post Office

Please be prepared to address the following questions at the meeting on 4/14/2011:

1) Redundancies are a targeted area for the USPS. Why is the Lakeville post office, with a substantially larger footprint (able to add more boxes easily), the target instead of the Salisbury post office?
2) Are you aware that there is no space in the Salisbury post office to accommodate the more than 700 box holders from Lakeville?
3) Why isn't the discontinuation of delivery as a cost saving measure being considered? If delivery was discontinued, box rental would increase.
4) You appear to be considering consolidating the operations of Salisbury and Lakeville – if having no Post Master in Lakeville is a problem, why can't the Post Master in Salisbury manage both locations since a consolidation would result in increased responsibility?
5) If the objective is to sell the vacated location, do you understand that the Salisbury location is eminently more saleable than the Lakeville location?

Mr. LeBouef,

If you close Lakeville Post Office, I can assure you we will not be using the Salisbury Post Office. We cannot imagine your even considering the idea of closing the doors to the Lakeville Post Office!!

Enough is enough - curtail some of the spending in Washington and leave our Post Office and its wonderful staff as is!!

You have the best crew of people ever in that post office - they work hard, and are the nicest people we a have had the experience of knowing. If we need ANYTHING -they are there for us with a smile on their face. They are efficient and knowledgeable - they cannot be replaced.

Please reconsider this insane idea of closing our post office. The town of Lakeville will NOT BE BETTER OFF WITHOUT OUR LANDMARK POST OFFICE.AND ITS WONDERFUL STAFF.

SINCERELY,

Comments:

The LaVerdle P.O. has several advantages over the Salisbury P.O. In LaVerdle there is adequate customer parking and a drive-by mail box; Salisbury only has on the street parking and spots are rarely available. The physical size of the LaVerdle P.O. is far better than Salisbury. There is plenty of room for employees to work and outside, to maneuver the trucks. The LaVerdle facility is a beautiful old structure.

Dear Postal Customer,

Thank you for your thoughtful comments concerning the Lakeville Post Office. As we indicated to you previously, your comments have been compiled in the official record and careful consideration will be taken prior to further action regarding the study for your office.

Although our study process is not yet complete, **our preliminary decision is to reclassify the Lakeville Post Office from an Independent Post Office to a Classified Branch of the Salisbury Post Office.** Significantly, this means no change of address will be necessary and a local postal presence in Lakeville will remain. Administrative oversight for Lakeville will shift to Salisbury. Hours for the Lakeville office are likely to change should we go forward.

In the surveys distributed by our office, several concerns came forward. This preliminary decision may still raise questions on these points. Let me address a few common concerns:

- **CONVENIENCE**: Your surveys showed the convenience of the Lakeville Post Office is very important. By contrast, hours in Salisbury Post Office were limited, such as a one hour closing for lunch. We will review hours at both the Lakeville and Salisbury Post Offices.

- **ZIP CODE**: Preserving a community's ZIP Code was raised as a concern and it is something we can address. As a classified station, the Lakeville ZIP Code would remain intact. Post office box customers would not need to change address.

- **CUSTOMER SERVICE**: Customers commented on the friendly service they receive at the Lakeville Post Office. Several mentioned that the Lakeville Post Office is an important part of the community, and adds to the quality of life. We are committed to excellence at every location that serves you.

- **PARKING:** Surveys noted an issue with parking at Salisbury Post Office that an increase of Lakeville customer traffic could heighten. As a classified station, operations in Lakeville would continue but likely on a different schedule. We believe this would mitigate parking congestion.

- **DELIVERY OPTIONS**: Other comments spoke to the use of Free Rural Delivery should any decision lead to a closure of the Lakeville Post Office. We can review this option to the Lakeville community if criteria for rural delivery are met. This requires Postal Service assessments of safety and available lines-of-travel for rural routes in the area. An address change may be necessary for some residences.

- **OTHER ACCESS:** Be assured we continue to look for ways to put the postal services you need most -- stamps, information and supplies -- right where you go, every day. Our website -- **www.usps.com** -- lets you print shipping labels with postage for Express Mail and Priority Mail. You can request shipping supplies or buy postage, or look for other important postal information such as ZIP Codes and mailing information. And we continue to expand the locations where you can find stamps at many local grocery or drug stores and even in bank ATMs.

Again, this decision is not yet final but it moves in a direction we believe makes sense for your community and for the Postal Service. I am able to compile comments on the proposal to reclassify the Lakeville Post Office to the public record for 60 days from the date of this letter. A final decision will come at that time. I will keep you informed.

I am really upset over this. I really like the part where you state, we can all get a box in Salisbury, with no address change. I just called Salisbury, they have about 100 boxes available there, plus my box is rented - So there will be an address change, for all of us.

Also there is no parking over there unless you park on the street & are lucky enough to get 1 of the 2 or 3 spaces they have behind the post office. In Lakeville there are around 10 to 12 spaces and they are usually pretty full. I didn't know if any of you have ever been to Salisbury you should visit. Cars park on both sides of the street, there are always people crossing the street not using the cross walks. So between trying to see beyond all the parked cars and then all the people walking there are going to be accidents.

Why don't you move the Salisbury people to Lakeville, our building is bigger plus we have parking.

Thank you,

Cozette Varricle

## NOTES

The Lakeville PO is an anchor for this small town & the Salisbury PO does not have adequate parking to accomodate this change you are proposing. If you close Lakeville you will have to deliver my mail because I will not try to find a parking space in Salisbury to get my mail! If you want to save money have the Salisbury PO close & Taconic PO close & consolidate it in the Lakeville PO which could accomodate the increase in traffic in the building & parking lot

Re: CLOSING LAKEVILLE POST OFFICE

It seems strange thinking to me that you would being thinking of closing the Lakeville Post Office as opposed to others in this area including Salisbury. It has the best and biggest postal facilities in the are including both Salisbury, North Canaan, Falls Village, and Millerton, NY. It also looks like a Post Office and the others don"t

Don't you still have facilities in Taconic and East Canaan that are still less significant? Why would the number of post boxes sold be a proper guide? If you close Lakeville I would be even less inclind to buy a box. My problem now is the inconvience of travelling that far for my mail. Why not close Salisbury and call the Lakeville Post Office Salisbury if you like. Lakeville has better parking facilities and the only drive-up mailing.We use the drive up all the time and travel two miles. Now you want us to drive even further .

My daughter now has a box but if she has to drive to Salisbury will likely not get one there

The staff at the Lakeville Post Office have always been helpful with questions about packaging, mail headed for boxes, choice of stamps, etc. In addition, the drive-by is so heelpful in bad weather.

Dear Postal Customer,

Thank you for your thoughtful comments concerning the Lakeville Post Office. As we indicated to you previously, your comments have been compiled in the official record and careful consideration will be taken prior to further action regarding the study for your office.

Although our study process is not yet complete, **our preliminary decision is to reclassify the Lakeville Post Office from an Independent Post Office to a Classified Branch of the Salisbury Post Office.** Significantly, this means no change of address will be necessary and a local postal presence in Lakeville will remain. Administrative oversight for Lakeville will shift to Salisbury. Hours for the Lakeville office are likely to change should we go forward.

In the surveys distributed by our office, several concerns came forward. This preliminary decision may still raise questions on these points. Let me address a few common concerns:

- **CONVENIENCE**: Your surveys showed the convenience of the Lakeville Post Office is very important. By contrast, hours in Salisbury Post Office were limited, such as a one hour closing for lunch. We will review hours at both the Lakeville and Salisbury Post Offices.

- **ZIP CODE**: Preserving a community's ZIP Code was raised as a concern and it is something we can address. As a classified station, the Lakeville ZIP Code would remain intact. Post office box customers would not need to change address.

- **CUSTOMER SERVICE**: Customers commented on the friendly service they receive at the Lakeville Post Office. Several mentioned that the Lakeville Post Office is an important part of the community, and adds to the quality of life. We are committed to excellence at every location that serves you.

- **PARKING:** Surveys noted an issue with parking at Salisbury Post Office that an increase of Lakeville customer traffic could heighten. As a classified station, operations in Lakeville would continue but likely on a different schedule. We believe this would mitigate parking congestion.

- **DELIVERY OPTIONS**: Other comments spoke to the use of Free Rural Delivery should any decision lead to a closure of the Lakeville Post Office. We can review this option to the Lakeville community if criteria for rural delivery are met. This requires Postal Service assessments of safety and available lines-of-travel for rural routes in the area. An address change may be necessary for some residences.

- **OTHER ACCESS:** Be assured we continue to look for ways to put the postal services you need most -- stamps, information and supplies -- right where you go, every day. Our website -- **www.usps.com** -- lets you print shipping labels with postage for Express Mail and Priority Mail. You can request shipping supplies or buy postage, or look for other important postal information such as ZIP Codes and mailing information. And we continue to expand the locations where you can find stamps at many local grocery or drug stores and even in bank ATMs.

Again, this decision is not yet final but it moves in a direction we believe makes sense for your community and for the Postal Service. I am able to compile comments on the proposal to reclassify the Lakeville Post Office to the public record for 60 days from the date of this letter. A final decision will come at that time. I will keep you informed.

Comments over.

I find it hard to believe that the Salisbury P.O. does more business than Lakeville. Therefore, why not keep Lakeville open and close Salisbury, a much smaller operation.

+ has anyone thought about the parking nightmare this will cause for central Salisbury? At least in Lakeville, there is adequate parking around the building.

Re: Closing Lakeville P.O

reasons for objecting most strongly are multiple.

1. Gas- Lakeville P.O is less than ¼ mile from my house. I have to drive it, as I am partially disabled
2. Salisbury P.O is close to 3 miles from my house
3. Salisbury P.O is very small, many fewer boxes -
4. NO available parking on crowded side streets or main St. NO handicapped parking nearby.
5. I am in that small minority which does not own or use a computer or any other electronic device - I do all on paper, sending & receiving mail, banking, bills, etc. etc
6. Rural delivery not an option- box would be a foot of long, rutted driveway - difficult to walk - with a cane - or drive - in bad weather. Also, no security in a delivery box!
7. I observe plenty of usage at Lakeville on my daily, or twice daily visits! Also this is one of the few places near or in a social meeting area for those of my age (83) and state of health - it gives us incentive to get out, linger and talk a while. Have you ever considered what an aging population we have here?!
8. Lakeville P.O a central meeting spot for Hotchkiss School,
9. It would make much more economic sense to close the small branch offices - Taconic & Salisbury!
10. I urge most strongly that the Lakeville P.O remain open - a very vital

4. No available parking on either side streets or main St. No handicapped parking nearby.
5. I am in that small minority which does not own or use a computer or any other electronic device - I do all on paper, sending & receiving mail, banking, bills, etc. etc
6. Rural delivery not an option - box would be a fair bit of long, rutted driveway - difficult to walk - with a cane - or drive - in bad weather. Also, no security in a delivery box!
7. I observe plenty of cars at Lakeville on my daily, or twice daily visits! Also this is one of the few places where I feel a social meeting area for those of my age (53) and state of health - it gives us incentive to get out, linger and talk a while. Have you ever considered what an aging population has meant?
8. Lakeville P.O a central rural spot for Hotchkiss School,
9. It would make much more economic sense to close the small branch offices - Falls Village & Salisbury!
10. I urge most strongly that the Lakeville P.O remain open as a key rural

P.S.

necessity to our town - Lakeville - its business and residents.

Dear Postal Customer,

Thank you for your thoughtful comments concerning the Lakeville Post Office. As we indicated to you previously, your comments have been compiled in the official record and careful consideration will be taken prior to further action regarding the study for your office.

Although our study process is not yet complete, **our preliminary decision is to reclassify the Lakeville Post Office from an Independent Post Office to a Classified Branch of the Salisbury Post Office.** Significantly, this means no change of address will be necessary and a local postal presence in Lakeville will remain. Administrative oversight for Lakeville will shift to Salisbury. Hours for the Lakeville office are likely to change should we go forward.

In the surveys distributed by our office, several concerns came forward. This preliminary decision may still raise questions on these points. Let me address a few common concerns:

- **CONVENIENCE**: Your surveys showed the convenience of the Lakeville Post Office is very important. By contrast, hours in Salisbury Post Office were limited, such as a one hour closing for lunch. We will review hours at both the Lakeville and Salisbury Post Offices.

- **ZIP CODE**: Preserving a community's ZIP Code was raised as a concern and it is something we can address. As a classified station, the Lakeville ZIP Code would remain intact. Post office box customers would not need to change address.

- **CUSTOMER SERVICE**: Customers commented on the friendly service they receive at the Lakeville Post Office. Several mentioned that the Lakeville Post Office is an important part of the community, and adds to the quality of life. We are committed to excellence at every location that serves you.

- **PARKING:** Surveys noted an issue with parking at Salisbury Post Office that an increase of Lakeville customer traffic could heighten. As a classified station, operations in Lakeville would continue but likely on a different schedule. We believe this would mitigate parking congestion.

- **DELIVERY OPTIONS**: Other comments spoke to the use of Free Rural Delivery should any decision lead to a closure of the Lakeville Post Office. We can review this option to the Lakeville community if criteria for rural delivery are met. This requires Postal Service assessments of safety and available lines-of-travel for rural routes in the area. An address change may be necessary for some residences.

- **OTHER ACCESS:** Be assured we continue to look for ways to put the postal services you need most -- stamps, information and supplies -- right where you go, every day. Our website -- **www.usps.com** -- lets you print shipping labels with postage for Express Mail and Priority Mail. You can request shipping supplies or buy postage, or look for other important postal information such as ZIP Codes and mailing information. And we continue to expand the locations where you can find stamps at many local grocery or drug stores and even in bank ATMs.

Again, this decision is not yet final but it moves in a direction we believe makes sense for your community and for the Postal Service. I am able to compile comments on the proposal to reclassify the Lakeville Post Office to the public record for 60 days from the date of this letter. A final decision will come at that time. I will keep you informed.

RE: Closing the Lakeville Post Office

I would like to detail my reasons for opposing your current consolidation plan, which would close the Lakeville CT post office and relocate operations to the Salisbury CT post office:

Lakeville has ample OFF STREET parking on both sides of the building, including the ability to drive around the facility without inhibiting traffic on Route 44. Even when delivery vehicles are in the lot one is still able to navigate through.

Salisbury has a small parking lot behind the building, accessible from an already overburdened street (Academy) which will increase accident risks significantly. The only other parking is limited and located on Route 44. The parking lot in Salisbury is also the service area for the delivery trucks which when there will render it literally useless.

The Lakeville facility has a substantially larger lobby area which is handicapped friendly, open and easy for people to navigate.

The Salisbury facility has a divided lobby which is configured in such a way as to make it difficult for entry and exit by much more than one or two persons at a time. It is also very cumbersome for someone who is handicapped to navigate.

For our elderly population (which is significant) the Lakeville facility allows them to park close, offers a wide open ramp, and even offers a drive thru mail box for those who simply need to mail a letter without leaving there vehicle.

The Salisbury facility has a narrow ramp that is only accessible from the back lot (if you can find space there). It offers NO drive thru mailbox.

In the event that you might need more space to accommodate the consolidation, the Lakeville facility has room for expansion without intruding on its parking or other assets for access.

Salisbury does not have anyplace to grow.

Your decision to consolidate to Salisbury does not make sense from any reasonable business perspective. It certainly does not put the customers convenience as a priority, which is something you emphasize in the 2013 Vision Statement. The letter from your top officials states:

**The customer is at the center of all our efforts.**

Your plan, not to mention the fact that you have given us so little time to respond (Saturday to Thursday) seems to indicate that the customer is anything BUT the center of your efforts.

Considering the large population of weekend homeowners here who may not have been here this past weekend, you have deprived them of the opportunity to answer your survey, thereby disenfranchising some of your own customers.

322

I would remind you that many of these folks have PO boxes so that their mail in not piling up in a rural box. For them it is a security issue … full boxes indicate no one is around and this place is good for potential robbery.

While those of us who can will give up our PO Boxes because you have chosen to make our daily journey for mail too difficult (see first sets of reasons), those who require them will be forced to endure the inconveniences of the Salisbury facility and probably use more gas while they drive around looking for parking.

You will also lose the revenue from those of us who choose a PO Box and you will have to deliver our mail to our homes **free of charge**. Good business plan.

I hope that when you come to visit us on April 21 you will bring lots of facts. Your letter that came with our surveys was lacking in any real evidence to prove your points and I am the kind of person who likes to see the facts. (By the way, you chose Maundy Thursday – I know, church and state separation – but you should have considered that in your meeting plan since it is part of a very important Christian Holy celebration)

My final note to you is actually a question – **Did whoever came up with this plan actually visit the two sites or these towns?**

Sincerely

Michael J Flint

Dear Postal Customer,

Thank you for your thoughtful comments concerning the Lakeville Post Office. As we indicated to you previously, your comments have been compiled in the official record and careful consideration will be taken prior to further action regarding the study for your office.

Although our study process is not yet complete, **our preliminary decision is to reclassify the Lakeville Post Office from an Independent Post Office to a Classified Branch of the Salisbury Post Office.** Significantly, this means no change of address will be necessary and a local postal presence in Lakeville will remain. Administrative oversight for Lakeville will shift to Salisbury. Hours for the Lakeville office are likely to change should we go forward.

In the surveys distributed by our office, several concerns came forward. This preliminary decision may still raise questions on these points. Let me address a few common concerns:

- **CONVENIENCE**: Your surveys showed the convenience of the Lakeville Post Office is very important. By contrast, hours in Salisbury Post Office were limited, such as a one hour closing for lunch. We will review hours at both the Lakeville and Salisbury Post Offices.

- **ZIP CODE**: Preserving a community's ZIP Code was raised as a concern and it is something we can address. As a classified station, the Lakeville ZIP Code would remain intact. Post office box customers would not need to change address.

- **CUSTOMER SERVICE**: Customers commented on the friendly service they receive at the Lakeville Post Office. Several mentioned that the Lakeville Post Office is an important part of the community, and adds to the quality of life. We are committed to excellence at every location that serves you.

- **PARKING:** Surveys noted an issue with parking at Salisbury Post Office that an increase of Lakeville customer traffic could heighten. As a classified station, operations in Lakeville would continue but likely on a different schedule. We believe this would mitigate parking congestion.

- **DELIVERY OPTIONS**: Other comments spoke to the use of Free Rural Delivery should any decision lead to a closure of the Lakeville Post Office. We can review this option to the Lakeville community if criteria for rural delivery are met. This requires Postal Service assessments of safety and available lines-of-travel for rural routes in the area. An address change may be necessary for some residences.

- **OTHER ACCESS:** Be assured we continue to look for ways to put the postal services you need most -- stamps, information and supplies -- right where you go, every day. Our website -- **www.usps.com** -- lets you print shipping labels with postage for Express Mail and Priority Mail. You can request shipping supplies or buy postage, or look for other important postal information such as ZIP Codes and mailing information. And we continue to expand the locations where you can find stamps at many local grocery or drug stores and even in bank ATMs.

Again, this decision is not yet final but it moves in a direction we believe makes sense for your community and for the Postal Service. I am able to compile comments on the proposal to reclassify the Lakeville Post Office to the public record for 60 days from the date of this letter. A final decision will come at that time. I will keep you informed.

It is difficult to believe that the current Salisbury Post Office could absorb the additional load from Lakeville. There is no parking, there is less square footage inside and the building itself is not as accessible as is the Lakeville facility.

I would respectfully urge the powers that be to reassess and, instead, look at Lakeville to absorb the load from Salisbury—

Re: Use of Lakeville post Office

I wish to convey to you our dismay at learning that our post office might be closing. My husband and I moved up here 30 years ago, and have used the Lakeville branch ever since. We are both artists, and use the post office both for professional and personal correspondence. My husband is disabled (stroke patient, wheelchair bound and senior citizen) so I do the entire daily pick up and drop off of the mail. We choose not to have a mailbox on our road (Route 112), as it is an extremely busy road, with little safeguards as to potential theft or vandalism. Also, our house is up a long driveway, so that use of the car would still be necessary to get the mail (I am a senior citizen as well).

While driving to Salisbury may not sound like a lot to you (1.4 miles further as you write) it still means another ten or more minutes driving time away from my husband for whom I am the sole provider. In addition, there is no parking that is readily accessible in Salisbury, a really big problem. The streets are already jammed with cars and driving and parking there is not safe.

I hope you take our concerns into consideration when deliberating keeping open the Lakeville branch of our post office.

Dear Postal Customer,

Thank you for your thoughtful comments concerning the Lakeville Post Office. As we indicated to you previously, your comments have been compiled in the official record and careful consideration will be taken prior to further action regarding the study for your office.

Although our study process is not yet complete, **our preliminary decision is to reclassify the Lakeville Post Office from an Independent Post Office to a Classified Branch of the Salisbury Post Office.** Significantly, this means no change of address will be necessary and a local postal presence in Lakeville will remain. Administrative oversight for Lakeville will shift to Salisbury. Hours for the Lakeville office are likely to change should we go forward.

In the surveys distributed by our office, several concerns came forward. This preliminary decision may still raise questions on these points. Let me address a few common concerns:

- **CONVENIENCE**: Your surveys showed the convenience of the Lakeville Post Office is very important. By contrast, hours in Salisbury Post Office were limited, such as a one hour closing for lunch. We will review hours at both the Lakeville and Salisbury Post Offices.

- **ZIP CODE**: Preserving a community's ZIP Code was raised as a concern and it is something we can address. As a classified station, the Lakeville ZIP Code would remain intact. Post office box customers would not need to change address.

- **CUSTOMER SERVICE**: Customers commented on the friendly service they receive at the Lakeville Post Office. Several mentioned that the Lakeville Post Office is an important part of the community, and adds to the quality of life. We are committed to excellence at every location that serves you.

- **PARKING:** Surveys noted an issue with parking at Salisbury Post Office that an increase of Lakeville customer traffic could heighten. As a classified station, operations in Lakeville would continue but likely on a different schedule. We believe this would mitigate parking congestion.

- **DELIVERY OPTIONS**: Other comments spoke to the use of Free Rural Delivery should any decision lead to a closure of the Lakeville Post Office. We can review this option to the Lakeville community if criteria for rural delivery are met. This requires Postal Service assessments of safety and available lines-of-travel for rural routes in the area. An address change may be necessary for some residences.

- **OTHER ACCESS:** Be assured we continue to look for ways to put the postal services you need most -- stamps, information and supplies -- right where you go, every day. Our website -- **www.usps.com** -- lets you print shipping labels with postage for Express Mail and Priority Mail. You can request shipping supplies or buy postage, or look for other important postal information such as ZIP Codes and mailing information. And we continue to expand the locations where you can find stamps at many local grocery or drug stores and even in bank ATMs.

Again, this decision is not yet final but it moves in a direction we believe makes sense for your community and for the Postal Service. I am able to compile comments on the proposal to reclassify the Lakeville Post Office to the public record for 60 days from the date of this letter. A final decision will come at that time. I will keep you informed.

Lakeville has a large number of boxes - how will Salisbury handle the increased demand? I cannot switch to mail delivery vs. a box, due to my schedule.

Salisbury would have to increase staff - is there room for additional employees? Where will they park?

344

- Lakeville PO offers adequate parking. Salisbury does not. Parking on Main Street is not always possible!
- Lakeville has adequate hours. Salisbury closes for an hour each day + that is very inconvenient.
- Lakeville handles Hotchkiss mail - what will happen to that service? Can Salisbury handle it?

Doing business and picking up mail at the Lakeville Post Office is an important part of our community. We all would feel terribly sad if this institution closed its doors. I cry just thinking of it.

I could have a box at my house but have chosen to pay for my po box as an excuse to stop at the post office everyday. I would not be able to go by the Salisbury PO before or after work. The hours wouldn't work and it would add 4 miles to my commute to Millerton, NY (6 miles away). Thank you.

Dear Postal Customer,

Thank you for your thoughtful comments concerning the Lakeville Post Office. As we indicated to you previously, your comments have been compiled in the official record and careful consideration will be taken prior to further action regarding the study for your office.

Although our study process is not yet complete, **our preliminary decision is to reclassify the Lakeville Post Office from an Independent Post Office to a Classified Branch of the Salisbury Post Office.** Significantly, this means no change of address will be necessary and a local postal presence in Lakeville will remain. Administrative oversight for Lakeville will shift to Salisbury. Hours for the Lakeville office are likely to change should we go forward.

In the surveys distributed by our office, several concerns came forward. This preliminary decision may still raise questions on these points. Let me address a few common concerns:

- **CONVENIENCE**: Your surveys showed the convenience of the Lakeville Post Office is very important. By contrast, hours in Salisbury Post Office were limited, such as a one hour closing for lunch. We will review hours at both the Lakeville and Salisbury Post Offices.

- **ZIP CODE**: Preserving a community's ZIP Code was raised as a concern and it is something we can address. As a classified station, the Lakeville ZIP Code would remain intact. Post office box customers would not need to change address.

- **CUSTOMER SERVICE**: Customers commented on the friendly service they receive at the Lakeville Post Office. Several mentioned that the Lakeville Post Office is an important part of the community, and adds to the quality of life. We are committed to excellence at every location that serves you.

- **PARKING:** Surveys noted an issue with parking at Salisbury Post Office that an increase of Lakeville customer traffic could heighten. As a classified station, operations in Lakeville would continue but likely on a different schedule. We believe this would mitigate parking congestion.

- **DELIVERY OPTIONS**: Other comments spoke to the use of Free Rural Delivery should any decision lead to a closure of the Lakeville Post Office. We can review this option to the Lakeville community if criteria for rural delivery are met. This requires Postal Service assessments of safety and available lines-of-travel for rural routes in the area. An address change may be necessary for some residences.

- **OTHER ACCESS:** Be assured we continue to look for ways to put the postal services you need most -- stamps, information and supplies -- right where you go, every day. Our website -- **www.usps.com** -- lets you print shipping labels with postage for Express Mail and Priority Mail. You can request shipping supplies or buy postage, or look for other important postal information such as ZIP Codes and mailing information. And we continue to expand the locations where you can find stamps at many local grocery or drug stores and even in bank ATMs.

Again, this decision is not yet final but it moves in a direction we believe makes sense for your community and for the Postal Service. I am able to compile comments on the proposal to reclassify the Lakeville Post Office to the public record for 60 days from the date of this letter. A final decision will come at that time. I will keep you informed.

You have got to be kidding, building people like want to travel to Salisbury for their mail.

Where would they park? Salisbury is already lacking parking places. Maybe you should re-think the whole idea, and even reverse it so the Salisbury P.O. will close. Seem to make more sense to me.

Also, you should have sent 354

this questionnaire out sooner so more people would have access to it, people who may be on vacation or the elsewhere, who make up a large percentage of our population.

I'm sorry not to be able to make the meeting on April 21st. but it is Maundy Thursday in Holy week, a religious day for people who go to church.

Respectfully submitted,

Alice Wood

additional comments attached.

All mail to my Lakeville address is delivered RFD (no P.O. Box). Given tight official parking behind Salisbury P.O. plus traffic congestion on Academy St. there would not be enough space for USPS Delivery trucks if Lakeville P.O. were closed.

Customer service area inside Salisbury P.O. is extremely small and often dismayingly crowded (even now). There is no dedicated ten-minute public parking and nearby parking spaces are always scarce.

The area of the Salisbury post office available to the public (mailboxes and counter) is quite small. I am concerned that the additional influx of Lakeville customers will make that space feel even more cramped. The Lakeville post office offers very good space. Should the Salisbury post office move to the Lakeville building?

LAKEVILLE POST OFFICE
CUSTOMER

WE HAVE RURAL DELIVERY AND FIND THAT I GET NEIGHBOR'S MAIL AND SOMETIMES [illegible] HAS BEEN TAKEN TO NYC BECAUSE OF THAT. THAT WAS A BILL

APRIL 7, 2011 A BANK STATEMENT FROM SALISBURY BANK CAME IN THE MAIL WITH A DRAWING ON THE BACK OF THE ENVELOPE IT WAS MAILED ON MARCH 31, 2011 THAT WAS UPSETTING. I CALLED THE POST OFFICE AND TOLD THEM. I REALLY DIDN'T GET MUCH OF AN ANSWER.

WHEN I WORKED FOR LIME ROCK [illegible] ALL THRU THE 1980'S AND 1990'S I WAS ALWAYS CHASING & LOOKING FOR WHERE THE MAIL HAD BEEN DELIVERED TO, AND LIME ROCK [illegible] HAD A BOX AND [illegible] PUSH [illegible] LIME ROCK AT THAT TIME [illegible] LOT OF [illegible]

WHO SORTS THE MAIL? 360 →

I KNOW OUR DELIVERY LADY CATHY WORKS REALLY HARD I WOULDN'T WANT [illegible] ALL. SHE'S ALWAYS OUT IN THE WORST CONDITIONS AND LIFTING TONS

(2)

OF MAIL.

I WOULD [illegible]
TO USE [illegible]
POST [illegible] AND HAVE [illegible]
PARKING.

SALISBURY POST OFF[illegible] IS TOO SMALL. WHERE WOULD THERE BE ENOUGH PARKING AS THAT'S ONE OF THE TOWNS BIGGER PROBLEMS. PLUS THERE'S A LARGE ELDERLY POPULATION WHO WOULD HAVE TO PAY PARKING.

I'VE PICKED UP MAIL FOR FRIENDS WHO LIVE IN [illegible] AND FIND IT A WONDERFUL POST OFFICE AND THE WORKERS THERE HAVE BIG A LOAD ALREADY.

THAT POST OFFICE IS CLOSED BETWEEN 1 AND 2 PM. YOUR LETTER SAID IT'S OPEN BETWEEN 8 AND 5 PM.

Dear Postal Customer,

Thank you for your thoughtful comments concerning the Lakeville Post Office. As we indicated to you previously, your comments have been compiled in the official record and careful consideration will be taken prior to further action regarding the study for your office.

Although our study process is not yet complete, **our preliminary decision is to reclassify the Lakeville Post Office from an Independent Post Office to a Classified Branch of the Salisbury Post Office.** Significantly, this means no change of address will be necessary and a local postal presence in Lakeville will remain. Administrative oversight for Lakeville will shift to Salisbury. Hours for the Lakeville office are likely to change should we go forward.

In the surveys distributed by our office, several concerns came forward. This preliminary decision may still raise questions on these points. Let me address a few common concerns:

- **CONVENIENCE**: Your surveys showed the convenience of the Lakeville Post Office is very important. By contrast, hours in Salisbury Post Office were limited, such as a one hour closing for lunch. We will review hours at both the Lakeville and Salisbury Post Offices.

- **ZIP CODE**: Preserving a community's ZIP Code was raised as a concern and it is something we can address. As a classified station, the Lakeville ZIP Code would remain intact. Post office box customers would not need to change address.

- **CUSTOMER SERVICE**: Customers commented on the friendly service they receive at the Lakeville Post Office. Several mentioned that the Lakeville Post Office is an important part of the community, and adds to the quality of life. We are committed to excellence at every location that serves you.

- **PARKING:** Surveys noted an issue with parking at Salisbury Post Office that an increase of Lakeville customer traffic could heighten. As a classified station, operations in Lakeville would continue but likely on a different schedule. We believe this would mitigate parking congestion.

- **DELIVERY OPTIONS**: Other comments spoke to the use of Free Rural Delivery should any decision lead to a closure of the Lakeville Post Office. We can review this option to the Lakeville community if criteria for rural delivery are met. This requires Postal Service assessments of safety and available lines-of-travel for rural routes in the area. An address change may be necessary for some residences.

- **OTHER ACCESS:** Be assured we continue to look for ways to put the postal services you need most -- stamps, information and supplies -- right where you go, every day. Our website -- **www.usps.com** -- lets you print shipping labels with postage for Express Mail and Priority Mail. You can request shipping supplies or buy postage, or look for other important postal information such as ZIP Codes and mailing information. And we continue to expand the locations where you can find stamps at many local grocery or drug stores and even in bank ATMs.

Again, this decision is not yet final but it moves in a direction we believe makes sense for your community and for the Postal Service. I am able to compile comments on the proposal to reclassify the Lakeville Post Office to the public record for 60 days from the date of this letter. A final decision will come at that time. I will keep you informed.

The Town of Salisbury has a number of post codes: Salisbury, Lakeville, Taconic, Limerock & Amenia. We are one of the Largest Land area towns in Connecticut.

Re: Lakeville. Post office is located Near Salisbury post office. However is Evaluating the post offices. A simple visit could indicate that the actual Lakeville post office holds much more promise for serving the entire town than the smaller, difficult if not impossible to expand Salisbury building. The Lakeville office is historically the main office and holds point with PA parking. It is a more spacious and attractive space and could easily meet the full town needs in a way Salisbury office cannot.

The Lakeville post office is a highly trafficked post office. To close this location would mean the inconvenient and unnecessary relocation of approximately 1000 boxes to an alternate location -- most notably Salisbury, where there is a shortage of accessible parking and which is quite small and with no room for expansion.

The community and the businesses that serve it would suffer greatly, especially in these days of economic hardship.

Please listen to the voices that are being raised - keep this location OPEN!

Thank you for your thoughtful comments concerning the Lakeville Post Office. As we indicated to you previously, your comments have been compiled in the official record and careful consideration will be taken prior to further action regarding the study for your office.

Although our study process is not yet complete, **our preliminary decision is to reclassify the Lakeville Post Office from an Independent Post Office to a Classified Branch of the Salisbury Post Office.** Significantly, this means no change of address will be necessary and a local postal presence in Lakeville will remain. Administrative oversight for Lakeville will shift to Salisbury. Hours for the Lakeville office are likely to change should we go forward.

In the surveys distributed by our office, several concerns came forward. This preliminary decision may still raise questions on these points. Let me address a few common concerns:

- **CONVENIENCE**: Your surveys showed the convenience of the Lakeville Post Office is very important. By contrast, hours in Salisbury Post Office were limited, such as a one hour closing for lunch. We will review hours at both the Lakeville and Salisbury Post Offices.

- **ZIP CODE**: Preserving a community's ZIP Code was raised as a concern and it is something we can address. As a classified station, the Lakeville ZIP Code would remain intact. Post office box customers would not need to change address.

- **CUSTOMER SERVICE**: Customers commented on the friendly service they receive at the Lakeville Post Office. Several mentioned that the Lakeville Post Office is an important part of the community, and adds to the quality of life. We are committed to excellence at every location that serves you.

- **PARKING:** Surveys noted an issue with parking at Salisbury Post Office that an increase of Lakeville customer traffic could heighten. As a classified station, operations in Lakeville would continue but likely on a different schedule. We believe this would mitigate parking congestion.

- **DELIVERY OPTIONS**: Other comments spoke to the use of Free Rural Delivery should any decision lead to a closure of the Lakeville Post Office. We can review this option to the Lakeville community if criteria for rural delivery are met. This requires Postal Service assessments of safety and available lines-of-travel for rural routes in the area. An address change may be necessary for some residences.

- **OTHER ACCESS:** Be assured we continue to look for ways to put the postal services you need most -- stamps, information and supplies -- right where you go, every day. Our website -- **www.usps.com** -- lets you print shipping labels with postage for Express Mail and Priority Mail. You can request shipping supplies or buy postage, or look for other important postal information such as ZIP Codes and mailing information. And we continue to expand the locations where you can find stamps at many local grocery or drug stores and even in bank ATMs.

Again, this decision is not yet final but it moves in a direction we believe makes sense for your community and for the Postal Service. I am able to compile comments on the proposal to reclassify the Lakeville Post Office to the public record for 60 days from the date of this letter. A final decision will come at that time. I will keep you informed.

Dear Postal Customer,

Thank you for your thoughtful comments concerning the Lakeville Post Office. As we indicated to you previously, your comments have been compiled in the official record and careful consideration will be taken prior to further action regarding the study for your office.

Although our study process is not yet complete, **our preliminary decision is to reclassify the Lakeville Post Office from an Independent Post Office to a Classified Branch of the Salisbury Post Office.** Significantly, this means no change of address will be necessary and a local postal presence in Lakeville will remain. Administrative oversight for Lakeville will shift to Salisbury. Hours for the Lakeville office are likely to change should we go forward.

In the surveys distributed by our office, several concerns came forward. This preliminary decision may still raise questions on these points. Let me address a few common concerns:

- **CONVENIENCE**: Your surveys showed the convenience of the Lakeville Post Office is very important. By contrast, hours in Salisbury Post Office were limited, such as a one hour closing for lunch. We will review hours at both the Lakeville and Salisbury Post Offices.

- **ZIP CODE**: Preserving a community's ZIP Code was raised as a concern and it is something we can address. As a classified station, the Lakeville ZIP Code would remain intact. Post office box customers would not need to change address.

- **CUSTOMER SERVICE**: Customers commented on the friendly service they receive at the Lakeville Post Office. Several mentioned that the Lakeville Post Office is an important part of the community, and adds to the quality of life. We are committed to excellence at every location that serves you.

- **PARKING:** Surveys noted an issue with parking at Salisbury Post Office that an increase of Lakeville customer traffic could heighten. As a classified station, operations in Lakeville would continue but likely on a different schedule. We believe this would mitigate parking congestion.

- **DELIVERY OPTIONS**: Other comments spoke to the use of Free Rural Delivery should any decision lead to a closure of the Lakeville Post Office. We can review this option to the Lakeville community if criteria for rural delivery are met. This requires Postal Service assessments of safety and available lines-of-travel for rural routes in the area. An address change may be necessary for some residences.

- **OTHER ACCESS:** Be assured we continue to look for ways to put the postal services you need most -- stamps, information and supplies -- right where you go, every day. Our website -- **www.usps.com** -- lets you print shipping labels with postage for Express Mail and Priority Mail. You can request shipping supplies or buy postage, or look for other important postal information such as ZIP Codes and mailing information. And we continue to expand the locations where you can find stamps at many local grocery or drug stores and even in bank ATMs.

Again, this decision is not yet final but it moves in a direction we believe makes sense for your community and for the Postal Service. I am able to compile comments on the proposal to reclassify the Lakeville Post Office to the public record for 60 days from the date of this letter. A final decision will come at that time. I will keep you informed.

Dear Postal Customer,

Thank you for your thoughtful comments concerning the Lakeville Post Office. As we indicated to you previously, your comments have been compiled in the official record and careful consideration will be taken prior to further action regarding the study for your office.

Although our study process is not yet complete, **our preliminary decision is to reclassify the Lakeville Post Office from an Independent Post Office to a Classified Branch of the Salisbury Post Office.** Significantly, this means no change of address will be necessary and a local postal presence in Lakeville will remain. Administrative oversight for Lakeville will shift to Salisbury. Hours for the Lakeville office are likely to change should we go forward.

In the surveys distributed by our office, several concerns came forward. This preliminary decision may still raise questions on these points. Let me address a few common concerns:

- **CONVENIENCE**: Your surveys showed the convenience of the Lakeville Post Office is very important. By contrast, hours in Salisbury Post Office were limited, such as a one hour closing for lunch. We will review hours at both the Lakeville and Salisbury Post Offices.

- **ZIP CODE**: Preserving a community's ZIP Code was raised as a concern and it is something we can address. As a classified station, the Lakeville ZIP Code would remain intact. Post office box customers would not need to change address.

- **CUSTOMER SERVICE**: Customers commented on the friendly service they receive at the Lakeville Post Office. Several mentioned that the Lakeville Post Office is an important part of the community, and adds to the quality of life. We are committed to excellence at every location that serves you.

- **PARKING:** Surveys noted an issue with parking at Salisbury Post Office that an increase of Lakeville customer traffic could heighten. As a classified station, operations in Lakeville would continue but likely on a different schedule. We believe this would mitigate parking congestion.

- **DELIVERY OPTIONS**: Other comments spoke to the use of Free Rural Delivery should any decision lead to a closure of the Lakeville Post Office. We can review this option to the Lakeville community if criteria for rural delivery are met. This requires Postal Service assessments of safety and available lines-of-travel for rural routes in the area. An address change may be necessary for some residences.

- **OTHER ACCESS:** Be assured we continue to look for ways to put the postal services you need most -- stamps, information and supplies -- right where you go, every day. Our website -- **www.usps.com** -- lets you print shipping labels with postage for Express Mail and Priority Mail. You can request shipping supplies or buy postage, or look for other important postal information such as ZIP Codes and mailing information. And we continue to expand the locations where you can find stamps at many local grocery or drug stores and even in bank ATMs.

Again, this decision is not yet final but it moves in a direction we believe makes sense for your community and for the Postal Service. I am able to compile comments on the proposal to reclassify the Lakeville Post Office to the public record for 60 days from the date of this letter. A final decision will come at that time. I will keep you informed.

May 2, 2011

Dear Postal Customer,

Thank you for your thoughtful comments concerning the Lakeville Post Office. As we indicated to you previously, your comments have been compiled in the official record and careful consideration will be taken prior to further action regarding the study for your office.

Although our study process is not yet complete, **our preliminary decision is to reclassify the Lakeville Post Office from an Independent Post Office to a Classified Branch of the Salisbury Post Office.** Significantly, this means no change of address will be necessary and a local postal presence in Lakeville will remain. Administrative oversight for Lakeville will shift to Salisbury. Hours for the Lakeville office are likely to change should we go forward.

In the surveys distributed by our office, several concerns came forward. This preliminary decision may still raise questions on these points. Let me address a few common concerns:

- **CONVENIENCE**: Your surveys showed the convenience of the Lakeville Post Office is very important. By contrast, hours in Salisbury Post Office were limited, such as a one hour closing for lunch. We will review hours at both the Lakeville and Salisbury Post Offices.

- **ZIP CODE**: Preserving a community's ZIP Code was raised as a concern and it is something we can address. As a classified station, the Lakeville ZIP Code would remain intact. Post office box customers would not need to change address.

- **CUSTOMER SERVICE**: Customers commented on the friendly service they receive at the Lakeville Post Office. Several mentioned that the Lakeville Post Office is an important part of the community, and adds to the quality of life. We are committed to excellence at every location that serves you.

- **PARKING:** Surveys noted an issue with parking at Salisbury Post Office that an increase of Lakeville customer traffic could heighten. As a classified station, operations in Lakeville would continue but likely on a different schedule. We believe this would mitigate parking congestion.

- **DELIVERY OPTIONS**: Other comments spoke to the use of Free Rural Delivery should any decision lead to a closure of the Lakeville Post Office. We can review this option to the Lakeville community if criteria for rural delivery are met. This requires Postal Service assessments of safety and available lines-of-travel for rural routes in the area. An address change may be necessary for some residences.

- **OTHER ACCESS:** Be assured we continue to look for ways to put the postal services you need most -- stamps, information and supplies -- right where you go, every day. Our website -- **www.usps.com** -- lets you print shipping labels with postage for Express Mail and Priority Mail. You can request shipping supplies or buy postage, or look for other important postal information such as ZIP Codes and mailing information. And we continue to expand the locations where you can find stamps at many local grocery or drug stores and even in bank ATMs.

Again, this decision is not yet final but it moves in a direction we believe makes sense for your community and for the Postal Service. I am able to compile comments on the proposal to reclassify the Lakeville Post Office to the public record for 60 days from the date of this letter. A final decision will come at that time. I will keep you informed.

- **OTHER ACCESS:** Be assured we continue to look for ways to put the postal services you need most -- stamps, information and supplies -- right where you go, every day. Our website -- **www.usps.com** -- lets you print shipping labels with postage for Express Mail and Priority Mail. You can request shipping supplies or buy postage, or look for other important postal information such as ZIP Codes and mailing information. And we continue to expand the locations where you can find stamps at many local grocery or drug stores and even in bank ATMs.

Again, this decision is not yet final but it moves in a direction we believe makes sense for your community and for the Postal Service. I am able to compile comments on the proposal to reclassify the Lakeville Post Office to the public record for 60 days from the date of this letter. A final decision will come at that time. I will keep you informed.

Dear Mr LeBouef,

I am taking the time to write to you today to express my displeasure, no that's not the right word here, make it outrage at the notion of closing the Lakeville post office. Apart from the obvious issue of convenience which I will address later on is the loss of jobs for the employees at this branch who will have to either lose their jobs or relocate to other Postal locations. Our area here in the Northwest Corner is a very hard one in which to live if you need a paying job with which to put food on the table, good jobs are scarce and as a result few people live here who are under the age of 65. The employees at the Lakeville branch are some of the nicest and hardest working people you will ever meet and they make it a pleasure to enter the building, I think its a real shame that they are being put through the stress of this situation.

Moving on to my own problems with this, the most obvious to anyone who actually lives here is the sheer impossibility of moving the larger Lakeville customer base over to the teeny Salisbury postal facility, no parking, fewer employees, I just can't wrap my head around it. Yes, Lakeville is a hamlet of Salisbury and one might assume that it is the smallest of the two entities but this is not the situation at all. Please take the time to come out and see just what the situation is before arbitrarily closing Lakeville down. I will need to move all my mail over to Salisbury which will be a logistical nightmare for me, I sell online and ship all over the world, the post office is a lifeline for me and a privilege I will fight to retain.

Government is supposed to be for the people and by the people please let that be the case here, please Sir, take the time to assess this on a human level and make a just decision, closing East Canaan, stopping Saturday operations, there are other ways to save money here. Closing the Lakeville location is not only impractical but insane as well.

I thank you for your time,

Yours very sincerely,

Eric Korbel

Dear Postal Customer,

Thank you for your thoughtful comments concerning the Lakeville Post Office. As we indicated to you previously, your comments have been compiled in the official record and careful consideration will be taken prior to further action regarding the study for your office.

Although our study process is not yet complete, **our preliminary decision is to reclassify the Lakeville Post Office from an Independent Post Office to a Classified Branch of the Salisbury Post Office.** Significantly, this means no change of address will be necessary and a local postal presence in Lakeville will remain. Administrative oversight for Lakeville will shift to Salisbury. Hours for the Lakeville office are likely to change should we go forward.

In the surveys distributed by our office, several concerns came forward. This preliminary decision may still raise questions on these points. Let me address a few common concerns:

- **CONVENIENCE**: Your surveys showed the convenience of the Lakeville Post Office is very important. By contrast, hours in Salisbury Post Office were limited, such as a one hour closing for lunch. We will review hours at both the Lakeville and Salisbury Post Offices.

- **ZIP CODE**: Preserving a community's ZIP Code was raised as a concern and it is something we can address. As a classified station, the Lakeville ZIP Code would remain intact. Post office box customers would not need to change address.

- **CUSTOMER SERVICE**: Customers commented on the friendly service they receive at the Lakeville Post Office. Several mentioned that the Lakeville Post Office is an important part of the community, and adds to the quality of life. We are committed to excellence at every location that serves you.

- **PARKING:** Surveys noted an issue with parking at Salisbury Post Office that an increase of Lakeville customer traffic could heighten. As a classified station, operations in Lakeville would continue but likely on a different schedule. We believe this would mitigate parking congestion.

- **DELIVERY OPTIONS**: Other comments spoke to the use of Free Rural Delivery should any decision lead to a closure of the Lakeville Post Office. We can review this option to the Lakeville community if criteria for rural delivery are met. This requires Postal Service assessments of safety and available lines-of-travel for rural routes in the area. An address change may be necessary for some residences.

- **OTHER ACCESS:** Be assured we continue to look for ways to put the postal services you need most -- stamps, information and supplies -- right where you go, every day. To: Post Office Review Coordinator -

I do hope the Lakeville, Ct. post office will remain viable & in service. The physical plant of the nearest post office in Sharon, Ct. is claustrophobic as it is now. Small, low ceilings; very little space for patrons: seems quite inadequate for it to be able to absorb the p.o. boxes & services that are currently (& very pleasantly & courteously) receive in Lakeville.

And we continue to expand the locations where you can find stamps at many local grocery or drug stores and even in bank ATMs.

Again, this decision is not yet final but it moves in a direction we believe makes sense for your community and for the Postal Service. I am able to compile comments on the proposal to reclassify the Lakeville Post Office to the public record for 60 days from the date of this letter. A final decision will come at that time. I will keep you informed.

# LAKEVILLE POSTAL CUSTOMER QUESTIONNAIRE

For Post Office Operations to consider changing the service at the Lakeville Post Office is unwise and ill-considered.

1. The Salisbury Post Office is not large enough to handle the amount of mail as well as service that is handled in the Lakeville PO.

2. There is not enough space in Salisbury for the addirional PO boxes that are used in Lakeville.

3. In Lakeville the daily retail window transactions are always are an active and necessary part of the business in the office. The hours during the middle of a day are always busy ones for the postal clerks.

4. Salisbury not sufficient space for the parking of cars which come to Lakeville PO regularly during each day.

5. The Lakeville PO provides a way for the traffic to move around the building, in, through and then out into the side street without interferring with the flow of traffic.

6. Lakeville serves many businesses located in town and business people who use their addresses in the operation of a home business. These people would be handicapped without the use of the local post office facilities.

7. To discontinue the Lakeville PO would mean an increase in the amount of Rural Delivery necessary from Salisbury.

8. Have you consideredd the available gas stations? There is none in Salisbury.

Question # 2 - I would wish to keep the post office box service BUT Having the box in Salisbury would require 15 minutes more driving time each way daily for me to get my mail.

Dear Postal Customer,

Thank you for your thoughtful comments concerning the Lakeville Post Office. As we indicated to you previously, your comments have been compiled in the official record and careful consideration will be taken prior to further action regarding the study for your office.

Although our study process is not yet complete, **our preliminary decision is to reclassify the Lakeville Post Office from an Independent Post Office to a Classified Branch of the Salisbury Post Office.** Significantly, this means no change of address will be necessary and a local postal presence in Lakeville will remain. Administrative oversight for Lakeville will shift to Salisbury. Hours for the Lakeville office are likely to change should we go forward.

In the surveys distributed by our office, several concerns came forward. This preliminary decision may still raise questions on these points. Let me address a few common concerns:

- **CONVENIENCE**: Your surveys showed the convenience of the Lakeville Post Office is very important. By contrast, hours in Salisbury Post Office were limited, such as a one hour closing for lunch. We will review hours at both the Lakeville and Salisbury Post Offices.

- **ZIP CODE**: Preserving a community's ZIP Code was raised as a concern and it is something we can address. As a classified station, the Lakeville ZIP Code would remain intact. Post office box customers would not need to change address.

- **CUSTOMER SERVICE**: Customers commented on the friendly service they receive at the Lakeville Post Office. Several mentioned that the Lakeville Post Office is an important part of the community, and adds to the quality of life. We are committed to excellence at every location that serves you.

- **PARKING:** Surveys noted an issue with parking at Salisbury Post Office that an increase of Lakeville customer traffic could heighten. As a classified station, operations in Lakeville would continue but likely on a different schedule. We believe this would mitigate parking congestion.

- **DELIVERY OPTIONS**: Other comments spoke to the use of Free Rural Delivery should any decision lead to a closure of the Lakeville Post Office. We can review this option to the Lakeville community if criteria for rural delivery are met. This requires Postal Service assessments of safety and available lines-of-travel for rural routes in the area. An address change may be necessary for some residences.

- **OTHER ACCESS:** Be assured we continue to look for ways to put the postal services you need most -- stamps, information and supplies -- right where you go, every day. Our website -- **www.usps.com** -- lets you print shipping labels with postage for Express Mail and Priority Mail. You can request shipping supplies or buy postage, or look for other important postal information such as ZIP Codes and mailing information. And we continue to expand the locations where you can find stamps at many local grocery or drug stores and even in bank ATMs.

Again, this decision is not yet final but it moves in a direction we believe makes sense for your community and for the Postal Service. I am able to compile comments on the proposal to reclassify the Lakeville Post Office to the public record for 60 days from the date of this letter. A final decision will come at that time. Convenience of Lakeville
vs. Salisbury is not a major
issue. Reliability of adequate number
of P.O. Boxes for both
towns. Many residents of
both towns like to receive
packages. We cannot receive
mail at a street address.
At this, we need two post
at Lakeville to help all our
mail. A cannot conceive that
Salisbury would have sufficient
number of boxes to service
both towns.

To whom it may concern.

The Lakeville Post Office is an important part of our rural community. It is a place where neighbors meet.

Additionally it is a beautiful building with WPA ~~[illegible]~~ era paintings. A historical gem of the era & substantial and formal post office buildings.

My mail is delivered to my mailbox on the road. I visit the post office once or twice a week to mail letters and packages. My husband does the same.

Please do not close our post office.

Thank you.

Dear Postal Customer,

Thank you for your thoughtful comments concerning the Lakeville Post Office. As we indicated to you previously, your comments have been compiled in the official record and careful consideration will be taken prior to further action regarding the study for your office.

Although our study process is not yet complete, **our preliminary decision is to reclassify the Lakeville Post Office from an Independent Post Office to a Classified Branch of the Salisbury Post Office.** Significantly, this means no change of address will be necessary and a local postal presence in Lakeville will remain. Administrative oversight for Lakeville will shift to Salisbury. Hours for the Lakeville office are likely to change should we go forward.

In the surveys distributed by our office, several concerns came forward. This preliminary decision may still raise questions on these points. Let me address a few common concerns:

- **CONVENIENCE**: Your surveys showed the convenience of the Lakeville Post Office is very important. By contrast, hours in Salisbury Post Office were limited, such as a one hour closing for lunch. We will review hours at both the Lakeville and Salisbury Post Offices.

- **ZIP CODE**: Preserving a community's ZIP Code was raised as a concern and it is something we can address. As a classified station, the Lakeville ZIP Code would remain intact. Post office box customers would not need to change address.

- **CUSTOMER SERVICE**: Customers commented on the friendly service they receive at the Lakeville Post Office. Several mentioned that the Lakeville Post Office is an important part of the community, and adds to the quality of life. We are committed to excellence at every location that serves you.

- **PARKING:** Surveys noted an issue with parking at Salisbury Post Office that an increase of Lakeville customer traffic could heighten. As a classified station, operations in Lakeville would continue but likely on a different schedule. We believe this would mitigate parking congestion.

- **DELIVERY OPTIONS**: Other comments spoke to the use of Free Rural Delivery should any decision lead to a closure of the Lakeville Post Office. We can review this option to the Lakeville community if criteria for rural delivery are met. This requires Postal Service assessments of safety and available lines-of-travel for rural routes in the area. An address change may be necessary for some residences.

- **OTHER ACCESS:** Be assured we continue to look for ways to put the postal services you need most -- stamps, information and supplies -- right where you go, every day. Our website -- **www.usps.com** -- lets you print shipping labels with postage for Express Mail and Priority Mail. You can request shipping supplies or buy postage, or look for other important postal information such as ZIP Codes and mailing information. And we continue to expand the locations where you can find stamps at many local grocery or drug stores and even in bank ATMs.

Again, this decision is not yet final but it moves in a direction we believe makes sense for your community and for the Postal Service. I am able to compile comments on the proposal to reclassify the Lakeville Post Office to the public record for 60 days from the date of this letter. A final decision will come at that time. I will keep you informed.

Dear Beau LeBoef

If you had taken the time to come to Lakeville and Salisbury you would know that you can't physically fit the larger Lakeville post office's operation into the smaller Salisbury office. When you come up here I assume you will visit both post offices and see for yourself what a foolish idea it is to even think of shutting down the Lakeville PO. It doesn't make any sense.

I am 74 years old and the convenience of the Lakeville drive-up mailbox, especially in cold weather, is very important to me. If I just have envelopes to mail, I always bypass the Salisbury PO and drive up to the outside mailbox in Lakeville. The safe off-street parking is important, too.

Shutting down the Lakeville Post Office would be a great example of government screw-ups.

I used to live in Salisbury and my mail was delivered by the employees at that Post Office. They are exceptionally friendly and helpful.

However, the Lakeville Post Office is much bigger and has room for parking behind and on both sides of the Post Office - many parking spaces. It seems backward to be closing the Lakeville Post office and using Salisbury Post Office where there are virtually no parking spaces in Salisbury since the P.O. is on the main road and there is no parking lot. It is also much smaller than Lakeville Post Office and is attached to other buildings whereas the Lakeville Post office is a free-standing brick building. At times most of the parking spots are full. Where would we park in Salisbury? It would be a mess.

As I said before the Salisbury Post Office personnel are very helpful - perhaps they could be employed with or instead of the Lakeville personnel.

In the surveys distributed by our office, several concerns came forward. This preliminary decision may still raise questions on these points. Let me address a few common concerns:

- **CONVENIENCE**: Your surveys showed the convenience of the Lakeville Post Office is very important. By contrast, hours in Salisbury Post Office were limited, such as a one hour closing for lunch. We will review hours at both the Lakeville and Salisbury Post Offices.

- **ZIP CODE**: Preserving a community's ZIP Code was raised as a concern and it is something we can address. As a classified station, the Lakeville ZIP Code would remain intact. Post office box customers would not need to change address.

- **CUSTOMER SERVICE**: Customers commented on the friendly service they receive at the Lakeville Post Office. Several mentioned that the Lakeville Post Office is an important part of the community, and adds to the quality of life. We are committed to excellence at every location that serves you.

- **PARKING:** Surveys noted an issue with parking at Salisbury Post Office that an increase of Lakeville customer traffic could heighten. As a classified station, operations in Lakeville would continue but likely on a different schedule. We believe this would mitigate parking congestion.

- **DELIVERY OPTIONS**: Other comments spoke to the use of Free Rural Delivery should any decision lead to a closure of the Lakeville Post Office. We can review this option to the Lakeville community if criteria for rural delivery are met. This requires Postal Service assessments of safety and available lines-of-travel for rural routes in the area. An address change may be necessary for some residences.

- **OTHER ACCESS:** Be assured we continue to look for ways to put the postal services you need most -- stamps, information and supplies -- right where you go, every day. Our website -- **www.usps.com** -- lets you print shipping labels with postage for Express Mail and Priority Mail. You can request shipping supplies or buy postage, or look for other important postal information such as ZIP Codes and mailing information. And we continue to expand the locations where you can find stamps at many local grocery or drug stores and even in bank ATMs.

Again, this decision is not yet final but it moves in a direction we believe makes sense for your community and for the Postal Service. I am able to compile comments on the proposal to reclassify the Lakeville Post Office to the public record for 60 days from the date of this letter. A final decision will come at that time. I will keep you informed.

Salisbury P.O very poor parking. *No other P.O. in N.W corner has a drive-thru mail drop. The Lakeville P.O. is a historical gem. How busy are the Taconic or East Canaan P.O. They are a joke compared to Lakeville P.O. Lakeville also handles Hotchkiss School + Indian Mountain School mail. Please don't shut down Lakeville P.O. 28T.

Dear Postal Customer,

Thank you for your thoughtful comments concerning the Lakeville Post Office. As we indicated to you previously, your comments have been compiled in the official record and careful consideration will be taken prior to further action regarding the study for your office.

Although our study process is not yet complete, **our preliminary decision is to reclassify the Lakeville Post Office from an Independent Post Office to a Classified Branch of the Salisbury Post Office.** Significantly, this means no change of address will be necessary and a local postal presence in Lakeville will remain. Administrative oversight for Lakeville will shift to Salisbury. Hours for the Lakeville office are likely to change should we go forward.

We are a very small town - less than 4000. About half of the population are part-time residents. (Winter sees a very empty town.)

The Salisbury post office is across from the Town Hall and in the midst of our "business section" there are maybe 3 parking spaces in back. It is next to a busy (only) restaurant on a narrow street - during most of the year it is a traffic jam! Lakeville has multiple parking spaces plus a quiet side street.

Personally, if Lakeville closes we will use UPS for shipping and buy stamps at the grocery store.

Hope this helps.

Dear Sir or Madam:

Here are some reasons NOT to close the Lakeville, CT, post office and transfer its customers to the Salisbury CT post office:

1. There is virtually no parking at the Salisbury post office. Lakeville on the other hand has ample parking on both sides and behind the building.
2. There is no drive-up post box in Salisbury. Lakeville has one with easy access because one drives in on one side of the post office and out onto the street flanking the building on the other side. It is one-way traffic, as with the parking.
3. Traffic conditions in Salisbury are already congested. Adding all the Lakeville postal patrons to this traffic would be quite dangerous, in light of the truck traffic that rumbles through town an the lack of places to park on the post office side of the street.
4. The Salisbury post office is a much smaller building. There would not be enough available boxes to serve Lakeville patrons.
5. It would be well nigh impossible for the large mail trucks that now collect the outgoing mail from Lakeville to collect mail from the Salisbury PO.

474

6. Because of the traffic and parking problems, even if boxes were available, many of us presently paying for boxes would instead require RFD service, thus decreasing the income presently received from box rentals and increasing the expenses of RFD service. I, for one, would probably make more use of Fed Ex and UPS services because it would be easier to access them than find nearby parking to use the Salisbury PO.
7. I doubt that there is adequate space in the Salisbury post office to serve the needs of Lakeville patrons, including the two private boarding schools that receive all their mail at the Lakeville post office.
8. Finally, closing the Lakeville post office would be harmful to the half dozen local retail businesses in Lakeville as well as the real estate brokers and attorneys because the post office draws people into the village who then also patronize the other services.

Thank you for your consideration of this letter.

Sincerely yours,

UNITED STATES POSTAL SERVICE

Dear Postal Customer,

Thank you for your thoughtful comments concerning the Lakeville Post Office. As we indicated to you previously, your comments have been compiled in the official record and careful consideration will be taken prior to further action regarding the study for your office.

Although our study process is not yet complete, **our preliminary decision is to reclassify the Lakeville Post Office from an Independent Post Office to a Classified Branch of the Salisbury Post Office.** Significantly, this means no change of address will be necessary and a local postal presence in Lakeville will remain. Administrative oversight for Lakeville will shift to Salisbury. Hours for the Lakeville office are likely to change should we go forward.

In the surveys distributed by our office, several concerns came forward. This preliminary decision may still raise questions on these points. Let me address a few common concerns:

- **CONVENIENCE**: Your surveys showed the convenience of the Lakeville Post Office is very important. By contrast, hours in Salisbury Post Office were limited, such as a one hour closing for lunch. We will review hours at both the Lakeville and Salisbury Post Offices.

- **ZIP CODE**: Preserving a community's ZIP Code was raised as a concern and it is something we can address. As a classified station, the Lakeville ZIP Code would remain intact. Post office box customers would not need to change address.

- **CUSTOMER SERVICE**: Customers commented on the friendly service they receive at the Lakeville Post Office. Several mentioned that the Lakeville Post Office is an important part of the community, and adds to the quality of life. We are committed to excellence at every location that serves you.

- **PARKING:** Surveys noted an issue with parking at Salisbury Post Office that an increase of Lakeville customer traffic could heighten. As a classified station, operations in Lakeville would continue but likely on a different schedule. We believe this would mitigate parking congestion.

- **DELIVERY OPTIONS**: Other comments spoke to the use of Free Rural Delivery should any decision lead to a closure of the Lakeville Post Office. We can review this option to the Lakeville community if criteria for rural delivery are met. This requires Postal Service assessments of safety and available lines-of-travel for rural routes in the area. An address change may be necessary for some residences.

- **OTHER ACCESS:** Be assured we continue to look for ways to put the postal services you need most -- stamps, information and supplies -- right where you go, every day. Our website -- **www.usps.com** -- lets you print shipping labels with postage for Express Mail and Priority Mail. You can request shipping supplies or buy postage, or look for other important postal information such as ZIP Codes and mailing information. And we continue to expand the locations where you can find stamps at many local grocery or drug stores and even in bank ATMs.

Again, this decision is not yet final but it moves in a direction we believe makes sense for your community and for the Postal Service. I am able to compile comments on the proposal to reclassify the Lakeville Post Office to the public record for 60 days from the date of this letter. A final decision will come at that time. I will keep you informed.

My husband and I have been away which explains the delay in our reply regarding closing the Lakeville, CT post office.

We strongly disagree with any notion that there is benefit to the closing of this vital community enterprise. The post office represents the heart beat of a community.

We oppose a move to the Salisbury location for the following reasons:

- Lakeville location has adequate off street parking---Salisbury offers very congested -major route ( RT 44) parking—

- This area is also the only designated pedestrian street crossing in the town. Additional congestion created by additional post office customers poses a significant safety concern for a community which boosts the oldest median age group in the state of Connecticut.

- Additional post office traffic and subsequent parking requirements will likely harm neighboring Salisbury businesses.

- Salisbury hosts several outdoor community events ( ie. Junior Olympic Ski contests, Fall Festival etc) which in themselves create significant congestion---relocation of the post office will add congestion on a daily basis.

- The facilities in Salisbury appear to be inadequate to support the amount of service required----Lakeville is a larger facility and appears to always be busy and piled high with packages and boxes coming and going

- We are aware of Salisbury residents preferring to use the Lakeville location for the reasons mentioned above

- We're not very familiar with the Taconic or East Canaan post office location but it would seem closing one or both of them would be more logical.

- A move to Salisbury would move two major Lakeville institutions ( Hotchkiss School and Indian Mountain School) to a smaller more congested post office

- The Salisbury post office doesn't appear to even have room for the staff required to support the additional business

- The Lakeville post office has had community volunteer groups contributing to the grounds and beautification of the property

- What is the alternative ? rural delivery ? using gas and energy to delivery mail to a segment of the population who can readily walk to the post office.

If you must save money –which we agree is a noble goal---go ahead and stop Saturday services. Don't close a town institution and create major congestion problems for a neighboring community.

Dear Postal Customer,

Thank you for your thoughtful comments concerning the Lakeville Post Office. As we indicated to you previously, your comments have been compiled in the official record and careful consideration will be taken prior to further action regarding the study for your office.

Although our study process is not yet complete, **our preliminary decision is to reclassify the Lakeville Post Office from an Independent Post Office to a Classified Branch of the Salisbury Post Office.** Significantly, this means no change of address will be necessary and a local postal presence in Lakeville will remain. Administrative oversight for Lakeville will shift to Salisbury. Hours for the Lakeville office are likely to change should we go forward.

In the surveys distributed by our office, several concerns came forward. This preliminary decision may still raise questions on these points. Let me address a few common concerns:

- **CONVENIENCE**: Your surveys showed the convenience of the Lakeville Post Office is very important. By contrast, hours in Salisbury Post Office were limited, such as a one hour closing for lunch. We will review hours at both the Lakeville and Salisbury Post Offices.

- **ZIP CODE**: Preserving a community's ZIP Code was raised as a concern and it is something we can address. As a classified station, the Lakeville ZIP Code would remain intact. Post office box customers would not need to change address.

- **CUSTOMER SERVICE**: Customers commented on the friendly service they receive at the Lakeville Post Office. Several mentioned that the Lakeville Post Office is an important part of the community, and adds to the quality of life. We are committed to excellence at every location that serves you.

- **PARKING:** Surveys noted an issue with parking at Salisbury Post Office that an increase of Lakeville customer traffic could heighten. As a classified station, operations in Lakeville would continue but likely on a different schedule. We believe this would mitigate parking congestion.

- **DELIVERY OPTIONS**: Other comments spoke to the use of Free Rural Delivery should any decision lead to a closure of the Lakeville Post Office. We can review this option to the Lakeville community if criteria for rural delivery are met. This requires Postal Service assessments of safety and available lines-of-travel for rural routes in the area. An address change may be necessary for some residences.

- **OTHER ACCESS:** Be assured we continue to look for ways to put the postal services you need most -- stamps, information and supplies -- right where you go, every day. Our website -- **www.usps.com** -- lets you print shipping labels with postage for Express Mail and Priority Mail. You can request shipping supplies or buy postage, or look for other important postal information such as ZIP Codes and mailing information. And we continue to expand the locations where you can find stamps at many local grocery or drug stores and even in bank ATMs.

Again, this decision is not yet final but it moves in a direction we believe makes sense for your community and for the Postal Service. I am able to compile comments on the proposal to reclassify the Lakeville Post Office to the public record for 60 days from the date of this letter. A final decision will come at that time. I will keep you informed.

I think you should keep
the lakeville office &
close the Salisbury one —
The parking in Salisbury
is horrible! I don't
shop in any of the stores
on main street because
I can NEVER find a
parking spot!! The parking
at the lakeville post office
is very convenient + I can
always find a spot. If
the lakeville office closes -
I would probably go to
millerton - easier + better
parking!

Dear Mr LeBoeuf

I am writing you this note to let you know what a blunder this would be to close the Lakeville post office 06039. But then I look back at all the blunders the United State post office has made in the past and we the public have paid for it. Reason one Salisbury has no parking ~~in Salisbury~~ it is already a night mare on academy street. This closing will cause many accidents in Salisbury by our elderly people of which Salisbury is made up of. Reason Two, Salisbury post office is very small. The little room where the boxes are located you can't turn around with five people at once in it. The place is really a little dump.

Maybe Salisbury dosent need three post offices in our Town. Then you should take a hard look at Taconic post office 06079 Now this is really a waste of Tax payers money. The postal service is a service not to make money but a service for the people of the United States. Don't we give enough money to Foreign Countries. We of the United States should at least be able to keep our Lakeville post office.

Sincerly

Lakeville has much better parking facilities + we are no longer blocking sidewalk. I would hate to see it go.

Dear Postal Customer,

Thank you for your thoughtful comments concerning the Lakeville Post Office. As we indicated to you previously, your comments have been compiled in the official record and careful consideration will be taken prior to further action regarding the study for your office.

Although our study process is not yet complete, **our preliminary decision is to reclassify the Lakeville Post Office from an Independent Post Office to a Classified Branch of the Salisbury Post Office.** Significantly, this means no change of address will be necessary and a local postal presence in Lakeville will remain. Administrative oversight for Lakeville will shift to Salisbury. Hours for the Lakeville office are likely to change should we go forward.

In the surveys distributed by our office, several concerns came forward. This preliminary decision may still raise questions on these points. Let me address a few common concerns:

- **CONVENIENCE**: Your surveys showed the convenience of the Lakeville Post Office is very important. By contrast, hours in Salisbury Post Office were limited, such as a one hour closing for lunch. We will review hours at both the Lakeville and Salisbury Post Offices.

- **ZIP CODE**: Preserving a community's ZIP Code was raised as a concern and it is something we can address. As a classified station, the Lakeville ZIP Code would remain intact. Post office box customers would not need to change address.

- **CUSTOMER SERVICE**: Customers commented on the friendly service they receive at the Lakeville Post Office. Several mentioned that the Lakeville Post Office is an important part of the community, and adds to the quality of life. We are committed to excellence at every location that serves you.

- **PARKING:** Surveys noted an issue with parking at Salisbury Post Office that an increase of Lakeville customer traffic could heighten. As a classified station, operations in Lakeville would continue but likely on a different schedule. We believe this would mitigate parking congestion.

- **DELIVERY OPTIONS**: Other comments spoke to the use of Free Rural Delivery should any decision lead to a closure of the Lakeville Post Office. We can review this option to the Lakeville community if criteria for rural delivery are met. This requires Postal Service assessments of safety and available lines-of-travel for rural routes in the area. An address change may be necessary for some residences.

- **OTHER ACCESS:** Be assured we continue to look for ways to put the postal services you need most -- stamps, information and supplies -- right where you go, every day. Our website -- **www.usps.com** -- lets you print shipping labels with postage for Express Mail and Priority Mail. You can request shipping supplies or buy postage, or look for other important postal information such as ZIP Codes and mailing information. And we continue to expand the locations where you can find stamps at many local grocery or drug stores and even in bank ATMs.

Again, this decision is not yet final but it moves in a direction we believe makes sense for your community and for the Postal Service. I am able to compile comments on the proposal to reclassify the Lakeville Post Office to the public record for 60 days from the date of this letter. A final decision will come at that time. I will keep you informed.

Dear Postal Manager,

In our opinion, there is absolutely no way Salisbury post office will be able to provide services for all of Salisbury and Lakeville if the Lakeville post office is closed down.

Downtown Salisbury is congested enough as is as one attempts to find a parking space to do errands. Closing the Lakeville post office will only add to this problem, causing more chaos. This added congestion will also cause a lengthy line waiting for service at the Salisbury post office as it will never be able to accomendate so many people.

We urge all involved to work on keeping the Lakeville post office open.

Sincerely,
Deborah B. Brinley Buckley

YOUR proposal makes NO sense:

Salisbury location has no available parking for postal patrons, especially for handicapped drivers.

On the only occasions I Tried to use the Salisbury location, I discovered the person or persons who worked there CLOSED the office for lunch — just when it is needed.

There is no way Salisbury can accommodate the number & variety of sizes of postal boxes.

I understand Salisbury is a rented facility whereas Lakeside is owned by the postal department.

If we have more snow like this year, Salisbury would be USELESS!!!

Dear Postal Customer,

Thank you for your thoughtful comments concerning the Lakeville Post Office. As we indicated to you previously, your comments have been compiled in the official record and careful consideration will be taken prior to further action regarding the study for your office.

Although our study process is not yet complete, **our preliminary decision is to reclassify the Lakeville Post Office from an Independent Post Office to a Classified Branch of the Salisbury Post Office.** Significantly, this means no change of address will be necessary and a local postal presence in Lakeville will remain. Administrative oversight for Lakeville will shift to Salisbury. Hours for the Lakeville office are likely to change should we go forward.

In the surveys distributed by our office, several concerns came forward. This preliminary decision may still raise questions on these points. Let me address a few common concerns:

- **CONVENIENCE**: Your surveys showed the convenience of the Lakeville Post Office is very important. By contrast, hours in Salisbury Post Office were limited, such as a one hour closing for lunch. We will review hours at both the Lakeville and Salisbury Post Offices.

- **ZIP CODE**: Preserving a community's ZIP Code was raised as a concern and it is something we can address. As a classified station, the Lakeville ZIP Code would remain intact. Post office box customers would not need to change address.

- **CUSTOMER SERVICE**: Customers commented on the friendly service they receive at the Lakeville Post Office. Several mentioned that the Lakeville Post Office is an important part of the community, and adds to the quality of life. We are committed to excellence at every location that serves you.

- **PARKING:** Surveys noted an issue with parking at Salisbury Post Office that an increase of Lakeville customer traffic could heighten. As a classified station, operations in Lakeville would continue but likely on a different schedule. We believe this would mitigate parking congestion.

- **DELIVERY OPTIONS**: Other comments spoke to the use of Free Rural Delivery should any decision lead to a closure of the Lakeville Post Office. We can review this option to the Lakeville community if criteria for rural delivery are met. This requires Postal Service assessments of safety and available lines-of-travel for rural routes in the area. An address change may be necessary for some residences.

- **OTHER ACCESS:** Be assured we continue to look for ways to put the postal services you need most -- stamps, information and supplies -- right where you go, every day. Our website -- **www.usps.com** -- lets you print shipping labels with postage for Express Mail and Priority Mail. You can request shipping supplies or buy postage, or look for other important postal information such as ZIP Codes and mailing information. And we continue to expand the locations where you can find stamps at many local grocery or drug stores and even in bank ATMs.

Again, this decision is not yet final but it moves in a direction we believe makes sense for your community and for the Postal Service. I am able to compile comments on the proposal to reclassify the Lakeville Post Office to the public record for 60 days from the date of this letter. A final decision will come at that time. I will keep you informed.

I have a P. O. Box at the Lakeville Post Office because the Salisbury office is small, has limited parking and is in my opinion totally inadequate. It is also 1.4 miles further away.

I also get delivery to my roadside box from the sub-office in Salisbury, but it does not arrive until mid to late afternoon, whereas the Lakeville office has my mail in the box by 10am – and usually earlier.

Regarding the Post Office in Lakeville

It would be terrible to lose the post office in Lakeville. I live in Lime Rock and could go to either PO but I always choose Lakeville. The people are very nice. The parking is much better. The drop off box is very convenient. The Post Office is always busy and at least there is room to line up. In Salisbury, three people are crowding in on one another and everyone is on top of everyone else's business.

It seems wrong to consider losing Lakeville when Salisbury's office is much smaller. There are Businesses in Lakeville that use the post office regularly, more so than in Salisbury. Many work people use Lakeville to lunch and can conveniently do their business there when necessary. It is not inconvenient to go to Lakeville, if you are already going to Salisbury and it is on route to NY State with convenience.

If we must consolidate, keep Lakeville.

Thank you,

Patricia Decker

The Salisbury, CT post office has very limited parking. The Salisbury village center is already congested so adding the Lakeville Post Office traffic to the mix would ~~be~~ aggravate the situation.

Comments:

The Lakeville Post Office is the only PO anywhere near with a drive by box for mailing. This is a major convenience.

The Salisbury Post office has serious parking issues and, since it does not have a drive-by mailbox, everyone will have to park in the small, cramped, and poorly situated lot.

It would make more sense to close the Salisbury Post Office in favor of the Lakeville Post office.

To Whom It May Concern,

I would not use the Salisbury Post Office, although I pass it three times-a-week going to my volunteer work or grocery shopping. There is inadequate parking – the spots along route 44 are always taken. The small parking lot in the rear is usually occupied by the cars of patrons of the restaurant next door. In addition, the post office closes for lunch and that is when I am driving by after my morning volunteer work – very inconvenient.

The Lakeville Post Office has a drive by mailbox, which is very convenient. I use it to post all my mail. If you closed this structure I would probably go to Millerton, NY to post the mail as the parking is better and the traffic minimal on the side street.

My neighbor has a post office box ( I have rural delivery) and I frequently pick up the mail for her. I don't see how you are going to fit any more post office boxes in that little lobby in Salisbury. Again, I probably would suggest she find another way to get her mail because of the parking problem mentioned above.

If I may respond to the idea of using the Salisbury Post Office instead of the Lakeville, post office.

First, I am a teacher at the Hotchkiss School, which is a substation of the Lakeville post office.

The change that would affect me would be the following:

Our mail would get us much later than is does now. Mail is generally sorted and ready for pick-up by 10 or 10:30, but the new stress put on the Salisbury post office would probably delay that.

When I have to use a post office outside of the one at school, I much prefer the one in Lakeville. There is always parking available there. The post office in Salisbury is on the main street and parking is difficult. And the size of the Salisbury post office is tiny!

Maybe you should consider closing Salisbury and using the much larger facility in Lakeville..

Thanks for your attention.

Yours,
Stuart Salomon

Thank you for your thoughtful comments concerning the Lakeville Post Office. As we indicated to you previously, your comments have been compiled in the official record and careful consideration will be taken prior to further action regarding the study for your office.

Although our study process is not yet complete, **our preliminary decision is to reclassify the Lakeville Post Office from an Independent Post Office to a Classified Branch of the Salisbury Post Office.** Significantly, this means no change of address will be necessary and a local postal presence in Lakeville will remain. Administrative oversight for Lakeville will shift to Salisbury. Hours for the Lakeville office are likely to change should we go forward.

In the surveys distributed by our office, several concerns came forward. This preliminary decision may still raise questions on these points. Let me address a few common concerns:

- **CONVENIENCE**: Your surveys showed the convenience of the Lakeville Post Office is very important. By contrast, hours in Salisbury Post Office were limited, such as a one hour closing for lunch. We will review hours at both the Lakeville and Salisbury Post Offices.

- **ZIP CODE**: Preserving a community's ZIP Code was raised as a concern and it is something we can address. As a classified station, the Lakeville ZIP Code would remain intact. Post office box customers would not need to change address.

- **CUSTOMER SERVICE**: Customers commented on the friendly service they receive at the Lakeville Post Office. Several mentioned that the Lakeville Post Office is an important part of the community, and adds to the quality of life. We are committed to excellence at every location that serves you.

- **PARKING:** Surveys noted an issue with parking at Salisbury Post Office that an increase of Lakeville customer traffic could heighten. As a classified station, operations in Lakeville would continue but likely on a different schedule. We believe this would mitigate parking congestion.

- **DELIVERY OPTIONS**: Other comments spoke to the use of Free Rural Delivery should any decision lead to a closure of the Lakeville Post Office. We can review this option to the Lakeville community if criteria for rural delivery are met. This requires Postal Service assessments of safety and available lines-of-travel for rural routes in the area. An address change may be necessary for some residences.

- **OTHER ACCESS:** Be assured we continue to look for ways to put the postal services you need most -- stamps, information and supplies -- right where you go, every day. Our website -- **www.usps.com** -- lets you print shipping labels with postage for Express Mail and Priority Mail. You can request shipping supplies or buy postage, or look for other important postal information such as ZIP Codes and mailing information. And we continue to expand the locations where you can find stamps at many local grocery or drug stores and even in bank ATMs.

Again, this decision is not yet final but it moves in a direction we believe makes sense for your community and for the Postal Service. I am able to compile comments on the proposal to reclassify the Lakeville Post Office to the public record for 60 days from the date of this letter. A final decision will come at that time. I will keep you informed.

UNITED STATES POSTAL SERVICE

May 2, 2011

Dear Postal Customer,

Thank you for your thoughtful comments concerning the Lakeville Post Office. As we indicated to you previously, your comments have been compiled in the official record and careful consideration will be taken prior to further action regarding the study for your office.

Although our study process is not yet complete, **our preliminary decision is to reclassify the Lakeville Post Office from an Independent Post Office to a Classified Branch of the Salisbury Post Office.** Significantly, this means no change of address will be necessary and a local postal presence in Lakeville will remain. Administrative oversight for Lakeville will shift to Salisbury. Hours for the Lakeville office are likely to change should we go forward.

In the surveys distributed by our office, several concerns came forward. This preliminary decision may still raise questions on these points. Let me address a few common concerns:

- **CONVENIENCE**: Your surveys showed the convenience of the Lakeville Post Office is very important. By contrast, hours in Salisbury Post Office were limited, such as a one hour closing for lunch. We will review hours at both the Lakeville and Salisbury Post Offices.

- **ZIP CODE**: Preserving a community's ZIP Code was raised as a concern and it is something we can address. As a classified station, the Lakeville ZIP Code would remain intact. Post office box customers would not need to change address.

- **CUSTOMER SERVICE**: Customers commented on the friendly service they receive at the Lakeville Post Office. Several mentioned that the Lakeville Post Office is an important part of the community, and adds to the quality of life. We are committed to excellence at every location that serves you.

- **PARKING:** Surveys noted an issue with parking at Salisbury Post Office that an increase of Lakeville customer traffic could heighten. As a classified station, operations in Lakeville would continue but likely on a different schedule. We believe this would mitigate parking congestion.

- **DELIVERY OPTIONS**: Other comments spoke to the use of Free Rural Delivery should any decision lead to a closure of the Lakeville Post Office. We can review this option to the Lakeville community if criteria for rural delivery are met. This requires Postal Service assessments of safety and available lines-of-travel for rural routes in the area. An address change may be necessary for some residences.

- **OTHER ACCESS:** Be assured we continue to look for ways to put the postal services you need most -- stamps, information and supplies -- right where you go, every day. Our website -- **www.usps.com** -- lets you print shipping labels with postage for Express Mail and Priority Mail. You can request shipping supplies or buy postage, or look for other important postal information such as ZIP Codes and mailing information. And we continue to expand the locations where you can find stamps at many local grocery or drug stores and even in bank ATMs.

Again, this decision is not yet final but it moves in a direction we believe makes sense for your community and for the Postal Service. I am able to compile comments on the proposal to reclassify the Lakeville Post Office to the public record for 60 days from the date of this letter. A final decision will come at that time. I will keep you informed.

Dear Postal Customer,

Thank you for your thoughtful comments concerning the Lakeville Post Office. As we indicated to you previously, your comments have been compiled in the official record and careful consideration will be taken prior to further action regarding the study for your office.

Although our study process is not yet complete, **our preliminary decision is to reclassify the Lakeville Post Office from an Independent Post Office to a Classified Branch of the Salisbury Post Office.** Significantly, this means no change of address will be necessary and a local postal presence in Lakeville will remain. Administrative oversight for Lakeville will shift to Salisbury. Hours for the Lakeville office are likely to change should we go forward.

In the surveys distributed by our office, several concerns came forward. This preliminary decision may still raise questions on these points. Let me address a few common concerns:

- **CONVENIENCE**: Your surveys showed the convenience of the Lakeville Post Office is very important. By contrast, hours in Salisbury Post Office were limited, such as a one hour closing for lunch. We will review hours at both the Lakeville and Salisbury Post Offices.

- **ZIP CODE**: Preserving a community's ZIP Code was raised as a concern and it is something we can address. As a classified station, the Lakeville ZIP Code would remain intact. Post office box customers would not need to change address.

- **CUSTOMER SERVICE**: Customers commented on the friendly service they receive at the Lakeville Post Office. Several mentioned that the Lakeville Post Office is an important part of the community, and adds to the quality of life. We are committed to excellence at every location that serves you.

- **PARKING:** Surveys noted an issue with parking at Salisbury Post Office that an increase of Lakeville customer traffic could heighten. As a classified station, operations in Lakeville would continue but likely on a different schedule. We believe this would mitigate parking congestion.

- **DELIVERY OPTIONS**: Other comments spoke to the use of Free Rural Delivery should any decision lead to a closure of the Lakeville Post Office. We can review this option to the Lakeville community if criteria for rural delivery are met. This requires Postal Service assessments of safety and available lines-of-travel for rural routes in the area. An address change may be necessary for some residences.

- **OTHER ACCESS:** Be assured we continue to look for ways to put the postal services you need most -- stamps, information and supplies -- right where you go, every day. Our website -- **www.usps.com** -- lets you print shipping labels with postage for Express Mail and Priority Mail. You can request shipping supplies or buy postage, or look for other important postal information such as ZIP Codes and mailing information. And we continue to expand the locations where you can find stamps at many local grocery or drug stores and even in bank ATMs.

Again, this decision is not yet final but it moves in a direction we believe makes sense for your community and for the Postal Service. I am able to compile comments on the proposal to reclassify the Lakeville Post Office to the public record for 60 days from the date of this letter. A final decision will come at that time. I will keep you informed.

This requires Postal Service assessments of safety and available lines-of-travel for rural routes in the area. An address change may be necessary for some residences.

- **OTHER ACCESS:** Be assured we continue to look for ways to put the postal services you need most -- stamps, information and supplies -- right where you go, every day. Our website -- **www.usps.com** -- lets you print shipping labels with postage for Express Mail and Priority Mail. You can request shipping supplies or buy postage, or look for other important postal information such as ZIP Codes and mailing information. And we continue to expand the locations where you can find stamps at many local grocery or drug stores and even in bank ATMs.

Again, this decision is not yet final but it moves in a direction we believe makes sense for your community and for the Postal Service. I am able to compile comments on the proposal to reclassify the Lakeville Post Office to the public record for 60 days from the date of this letter. A final decision will come at that time. I will keep you informed.

Dear Postal Customer,

Thank you for your thoughtful comments concerning the Lakeville Post Office. As we indicated to you previously, your comments have been compiled in the official record and careful consideration will be taken prior to further action regarding the study for your office.

Although our study process is not yet complete, **our preliminary decision is to reclassify the Lakeville Post Office from an Independent Post Office to a Classified Branch of the Salisbury Post Office.** Significantly, this means no change of address will be necessary and a local postal presence in Lakeville will remain. Administrative oversight for Lakeville will shift to Salisbury. Hours for the Lakeville office are likely to change should we go forward.

In the surveys distributed by our office, several concerns came forward. This preliminary decision may still raise questions on these points. Let me address a few common concerns:

- **CONVENIENCE**: Your surveys showed the convenience of the Lakeville Post Office is very important. By contrast, hours in Salisbury Post Office were limited, such as a one hour closing for lunch. We will review hours at both the Lakeville and Salisbury Post Offices.

- **ZIP CODE**: Preserving a community's ZIP Code was raised as a concern and it is something we can address. As a classified station, the Lakeville ZIP Code would remain intact. Post office box customers would not need to change address.

- **CUSTOMER SERVICE**: Customers commented on the friendly service they receive at the Lakeville Post Office. Several mentioned that the Lakeville Post Office is an important part of the community, and adds to the quality of life. We are committed to excellence at every location that serves you.

- **PARKING:** Surveys noted an issue with parking at Salisbury Post Office that an increase of Lakeville customer traffic could heighten. As a classified station, operations in Lakeville would continue but likely on a different schedule. We believe this would mitigate parking congestion.

- **DELIVERY OPTIONS**: Other comments spoke to the use of Free Rural Delivery should any decision lead to a closure of the Lakeville Post Office. We can review this option to the Lakeville community if criteria for rural delivery are met. This requires Postal Service assessments of safety and available lines-of-travel for rural routes in the area. An address change may be necessary for some residences.

- **OTHER ACCESS:** Be assured we continue to look for ways to put the postal services you need most -- stamps, information and supplies -- right where you go, every day. The odd thing about this is that the Lakeville building is larger and looks like a Post Office.

Salisbury is smaller and is a building that could be put to other community uses but it is more centrally located.

Why not close the Tacoma post office?

**Postal Concerns**

The following postal concerns were expressed

1. Concern (Favorable):

   No Concern

   Response:

   Thank you for your thoughtful comments concerning the Lakeville Post Office. As we indicated to you previously, your comments have been compiled in the official record and careful consideration will be taken prior to further action regarding the study for your office. Although our study process is not yet complete, our preliminary decision is to reclassify the Lakeville Post Office from an Independent Post Office to a Classified Branch of the Salisbury Post Office. Significantly, this means no change of address will be necessary and a local postal presence in Lakeville will remain. Administrative oversight for Lakeville will shift to Salisbury. Hours for the Lakeville office are likely to change should we go forward. In the surveys distributed by our office, several concerns came forward. This preliminary decision may still raise questions on these points. Let me address a few common concerns: • CONVENIENCE: Your surveys showed the convenience of the Lakeville Post Office is very important. By contrast, hours in Salisbury Post Office were limited, such as a one hour closing for lunch. We will review hours at both the Lakeville and Salisbury Post Offices. • ZIP CODE: Preserving a community's ZIP Code was raised as a concern and it is something we can address. As a classified station, the Lakeville ZIP Code would remain intact. Post office box customers would not need to change address. • CUSTOMER SERVICE: Customers commented on the friendly service they receive at the Lakeville Post Office. Several mentioned that the Lakeville Post Office is an important part of the community, and adds to the quality of life. We are committed to excellence at every location that serves you. • PARKING: Surveys noted an issue with parking at Salisbury Post Office that an increase of Lakeville customer traffic could heighten. As a classified station, operations in Lakeville would continue but likely on a different schedule. We believe this would mitigate parking congestion. • DELIVERY OPTIONS: Other comments spoke to the use of Free Rural Delivery should any decision lead to a closure of the Lakeville Post Office. We can review this option to the Lakeville community if criteria for rural delivery are met. This requires Postal Service assessments of safety and available lines-of-travel for rural routes in the area. An address change may be necessary for some residences. • OTHER ACCESS: Be assured we continue to look for ways to put the postal services you need most -- stamps, information and supplies -- right where you go, every day. Our website -- www.usps.com -- lets you print shipping labels with postage for Express Mail and Priority Mail. You can request shipping supplies or buy postage, or look for other important postal information such as ZIP Codes and mailing information. And we continue to expand the locations where you can find stamps at many local grocery or drug stores and even in bank ATMs. Again, this decision is not yet final but it moves in a direction we believe makes sense for your community and for the Postal Service. I am able to compile comments on the proposal to reclassify the Lakeville Post Office to the public record for 60 days from the date of this letter. A final decision will come at that time. I will keep you informed.

Several mentioned that the Lakeville Post Office is an important part of the community, and adds to the quality of life. We are committed to excellence at every location that serves you. • PARKING: Surveys noted an issue with parking at Salisbury Post Office that an increase of Lakeville customer traffic could heighten. As a classified station, operations in Lakeville would continue but likely on a different schedule. We believe this would mitigate parking congestion. • DELIVERY OPTIONS: Other comments spoke to the use of Free Rural Delivery should any decision lead to a closure of the Lakeville Post Office. We can review this option to the Lakeville community if criteria for rural delivery are met. This requires Postal Service assessments of safety and available lines-of-travel for rural routes in the area. An address change may be necessary for some residences. • OTHER ACCESS: Be assured we continue to look for ways to put the postal services you need most -- stamps, information and supplies -- right where you go, every day. Our website -- www.usps.com -- lets you print shipping labels with postage for Express Mail and Priority Mail. You can request shipping supplies or buy postage, or look for other important postal information such as ZIP Codes and mailing information. And we continue to expand the locations where you can find stamps at many local grocery or drug stores and even in bank ATMs. Again, this decision is not yet final but it moves in a direction we believe makes sense for your community and for the Postal Service. Response:

Thank you for your thoughtful comments concerning the Lakeville Post Office. As we indicated to you previously, your comments have been compiled in the official record and careful consideration will be taken prior to further action regarding the study for your office. Although our study process is not yet complete, our preliminary decision is to reclassify the Lakeville Post Office from an Independent Post Office to a Classified Branch of the Salisbury Post Office. Significantly, this means no change of address will be necessary and a local postal presence in Lakeville will remain. Administrative oversight for Lakeville will shift to Salisbury. Hours for the Lakeville office are likely to change should we go forward. In the surveys distributed by our office, several concerns came forward. This preliminary decision may still raise questions on these points. Let me address a few common concerns: • CONVENIENCE: Your surveys showed the convenience of the Lakeville Post Office is very important. By contrast, hours in Salisbury Post Office were limited, such as a one hour closing for lunch. We will review hours at both the Lakeville and Salisbury Post Offices. • ZIP CODE: Preserving a community's ZIP Code was raised as a concern and it is something we can address. As a classified station, the Lakeville ZIP Code would remain intact. Post office box customers would not need to change address. • CUSTOMER SERVICE: Customers commented on the friendly service they receive at the Lakeville Post Office. Several mentioned that the Lakeville Post Office is an important part of the community, and adds to the quality of life. We are committed to excellence at every location that serves you. • PARKING: Surveys noted an issue with parking at Salisbury Post Office that an increase of Lakeville customer traffic could heighten. CLOSE THE SALISBURY OFFICE IT IS SMALL AND HAS NO PARKING

Response:

Thank you for your thoughtful comments concerning the Lakeville Post Office. As we indicated to you previously, your comments have been compiled in the official record and careful consideration will be taken prior to further action regarding the study for your office. Although our study process is not yet complete, our preliminary decision is to reclassify the Lakeville Post Office from an Independent Post Office to a Classified Branch of the Salisbury Post Office. Significantly, this means no change of address will be necessary and a local postal presence in Lakeville will remain. Administrative oversight for Lakeville will shift to Salisbury. Hours for the Lakeville office are likely to change should we go forward. In the surveys distributed by our office, several concerns came forward. This preliminary decision may still raise questions on these points. Let me address a few common concerns: • CONVENIENCE: Your surveys showed the convenience of the Lakeville Post Office is very important. By contrast, hours in Salisbury Post Office were limited, such as a one hour closing for lunch. We will review hours at both the Lakeville and Salisbury Post Offices. • ZIP CODE: Preserving a community's ZIP Code was raised as a concern and it is something we can address. As a classified station, the Lakeville ZIP Code would remain intact. Post office box customers would not need to change address. • CUSTOMER SERVICE: Customers commented on the friendly service they receive at the Lakeville Post Office. Several mentioned that the Lakeville Post Office is an important part of the community, and adds to the quality of life. We are committed to excellence at every location that serves you. • PARKING: Surveys noted an issue with parking at Salisbury Post Office that an increase of Lakeville customer traffic could heighten. As a classified station, operations in Lakeville would continue but likely on a different schedule. We believe this would mitigate parking congestion. • DELIVERY OPTIONS: Other comments spoke to the use of Free Rural Delivery should any decision lead to a closure of the Lakeville Post Office. We can review this option to the Lakeville community if criteria for rural delivery are met. This requires Postal Service assessments of safety and available lines-of-travel for rural routes in the area. An address change may be necessary for some residences. • OTHER ACCESS: Be assured we continue to look for ways to put the postal services you need most -- stamps, information and supplies -- right where you go, every day. Our website -- www.usps.com -- lets you print shipping labels with postage for Express Mail and Priority Mail. You can request shipping supplies or buy postage, or look for other important postal information such as ZIP Codes and mailing information. And we continue to expand the locations where you can find stamps at many local grocery or drug stores and even in bank ATMs. Again, this decision is not yet final but it moves in a direction we believe makes sense for your community and for the Postal Service. I am able to compile comments on the proposal to reclassify the Lakeville Post Office to the public record for 60 days from the date of this letter. A final decision will come at that time. I will keep you informed.

As a classified station, the Lakeville ZIP Code would remain intact. Post office box customers would not need to change address. • CUSTOMER SERVICE: Customers commented on the friendly service they receive at the Lakeville Post Office. Several mentioned that the Lakeville Post Office is an important part of the community, and adds to the quality of life. We are committed to excellence at every location that serves you. • PARKING: Surveys noted an issue with parking at Salisbury Post Office that an increase of Lakeville customer traffic could heighten. As a classified station, operations in Lakeville would continue but likely on a different schedule. We believe this would mitigate parking congestion. • DELIVERY OPTIONS: Other comments spoke to the use of Free Rural Delivery should any decision lead to a closure of the Lakeville Post Office. We can review this option to the Lakeville community if criteria for rural delivery are met. This requires Postal Service assessments of safety and available lines-of-travel for rural routes in the area. An address change may be necessary for some residences. • OTHER ACCESS: Be assured we continue to look for ways to put the postal services you need most -- stamps, information and supplies -- right where you go, every day. Our website -- www.usps.com -- lets you print shipping labels with postage for Express Mail and Priority Mail. You can request shipping supplies or buy postage, or look for other important postal information such as ZIP Codes and mailing information. And we continue to expand the locations where you can find stamps at many local grocery or drug stores and even in bank ATMs. Again, this decision is not yet final but it moves in a direction we believe makes sense for your community and for the Postal Service. I am able to compile comments on the proposal to reclassify the Lakeville Post Office to the public record for 60 days from the date of this letter. A final decision will come at that time. I will keep you informed.

36. Concern (UnFavorable):

Customer expressed a concern about LAKEVILLE HAVING BETTER PARKING AND A LARGER BUILDING THEN SALISBURY

Response:

Thank you for your thoughtful comments concerning the Lakeville Post Office. As we indicated to you previously, your comments have been compiled in the official record and careful consideration will be taken prior to further action regarding the study for your office. Although our study process is not yet complete, our preliminary decision is to reclassify the Lakeville Post Office from an Independent Post Office to a Classified Branch of the Salisbury Post Office. Significantly, this means no change of address will be necessary and a local postal presence in Lakeville will remain. Administrative oversight for Lakeville will shift to Salisbury. Hours for the Lakeville office are likely to change should we go forward. In the surveys distributed by our office, several concerns came forward. This preliminary decision may still raise questions on these points. Let me address a few common concerns: • CONVENIENCE: Your surveys showed the convenience of the Lakeville Post Office is very important. By contrast, hours in Salisbury Post Office were limited, such as a one hour closing for lunch. We will review hours at both the Lakeville and Salisbury Post Offices. • ZIP CODE: Preserving a community's ZIP Code was raised as a concern and it is something we can address. As a classified station, the Lakeville ZIP Code would remain intact. Post office box customers would not need to change address. • CUSTOMER SERVICE: Customers commented on the friendly service they receive at the Lakeville Post Office. Several mentioned that the Lakeville Post Office is an important part of the community, and adds to the quality of life. We are committed to excellence at every location that serves you. • PARKING: Surveys noted an issue with parking at Salisbury Post Office that an increase of Lakeville customer traffic could heighten. As a classified station, operations in Lakeville would continue but likely on a different schedule. Our website -- www.usps.com -- lets you print shipping labels with postage for Express Mail and Priority Mail. You can request shipping supplies or buy postage, or look for other important postal information such as ZIP Codes and mailing information. And we continue to expand the locations where you can find stamps at many local grocery or drug stores and even in bank ATMs. Again, this decision is not yet final but it moves in a direction we believe makes sense for your community and for the Postal Service. I am able to compile comments on the proposal to reclassify the Lakeville Post Office to the public record for 60 days from the date of this letter. A final decision will come at that time. I will keep you informed.

Customer expressed a concern about parking at salisbury po

Response:

Thank you for your thoughtful comments concerning the Lakeville Post Office. As we indicated to you previously, your comments have been compiled in the official record and careful consideration will be taken prior to further action regarding the study for your office. Although our study process is not yet complete, our preliminary decision is to reclassify the Lakeville Post Office from an Independent Post Office to a Classified Branch of the Salisbury Post Office. Significantly, this means no change of address will be necessary and a local postal presence in Lakeville will remain. Administrative oversight for Lakeville will shift to Salisbury. Hours for the Lakeville office are likely to change should we go forward. In the surveys distributed by our office, several concerns came forward. This preliminary decision may still raise questions on these points. Let me address a few common concerns: • CONVENIENCE: Your surveys showed the convenience of the Lakeville Post Office is very important. By contrast, hours in Salisbury Post Office were limited, such as a one hour closing for lunch. We will review hours at both the Lakeville and Salisbury Post Offices. • ZIP CODE: Preserving a community's ZIP Code was raised as a concern and it is something we can address. As a classified station, the Lakeville ZIP Code would remain intact. Post office box customers would not need to change address. • CUSTOMER SERVICE: Customers commented on the friendly service they receive at the Lakeville Post Office. Several mentioned that the Lakeville Post Office is an important part of the community, and adds to the quality of life. We are committed to excellence at every location that serves you. • PARKING: Surveys noted an issue with parking at Salisbury Post Office that an increase of Lakeville customer traffic could heighten. As a classified station, operations in Lakeville would continue but likely on a different schedule. We believe this would mitigate parking congestion. • DELIVERY OPTIONS: Other comments spoke to the use of Free Rural Delivery should any decision lead to a closure of the Lakeville Post Office. We can review this option to the Lakeville community if criteria for rural delivery are met. This requires Postal Service assessments of safety and available lines-of-travel for rural routes in the area. An address change may be necessary for some residences. • OTHER ACCESS: Be assured we continue to look for ways to put the postal services you need most -- stamps, information and supplies -- right where you go, every day. Our website -- www.usps.com -- lets you print shipping labels with postage for Express Mail and Priority Mail. You can request shipping supplies or buy postage, or look for other important postal information such as ZIP Codes and mailing information. And we continue to expand the locations where you can find stamps at many local grocery or drug stores and even in bank ATMs. Again, this decision is not yet final but it moves in a direction we believe makes sense for your community and for the Postal Service. Customers expressed concern for loss of community identity

Response:

You expressed a concern about the loss of the Communities' identity. A community's identity derives from the interest and vitality of its residents and their use of its name. The Postal Service is helping to preserve community identity by continuing the use of the suspended Post Office name and ZIP Code in addresses and in the National Five-Digit ZIP Code and Post Office Directory.

Thank you for your thoughtful comments concerning the Lakeville Post Office. As we indicated to you previously, your comments have been compiled in the official record and careful consideration will be taken prior to further action regarding the study for your office. Although our study process is not yet complete, our preliminary decision is to reclassify the Lakeville Post Office from an Independent Post Office to a Classified Branch of the Salisbury Post Office. Significantly, this means no change of address will be necessary and a local postal presence in Lakeville will remain. Administrative oversight for Lakeville will shift to Salisbury. Hours for the Lakeville office are likely to change should we go forward. In the surveys distributed by our office, several concerns came forward. This preliminary decision may still raise questions on these points. Let me address a few common concerns: • CONVENIENCE: Your surveys showed the convenience of the Lakeville Post Office is very important. By contrast, hours in Salisbury Post Office were limited, such as a one hour closing for lunch. We will review hours at both the Lakeville and Salisbury Post Offices. • ZIP CODE: Preserving a community's ZIP Code was raised as a concern and it is something we can address. As a classified station, the Lakeville ZIP Code would remain intact. Post office box customers would not need to change address. • CUSTOMER SERVICE: Customers commented on the friendly service they receive at the Lakeville Post Office. Several mentioned that the Lakeville Post Office is an important part of the community, and adds to the quality of life. We are committed to excellence at every location that serves you. • PARKING: Surveys noted an issue with parking at Salisbury Post Office that an increase of Lakeville customer traffic could heighten. As a classified station, operations in Lakeville would continue but likely on a different schedule. We believe this would mitigate parking congestion. • DELIVERY OPTIONS: Other comments spoke to the use of Free Rural Delivery should any decision lead to a closure of the Lakeville Post Office. We can review this option to the Lakeville community if criteria for rural delivery are met. This requires Postal Service assessments of safety and available lines-of-travel for rural routes in the area. An address change may be necessary for some residences. • OTHER ACCESS: Be assured we continue to look for ways to put the postal services you need most – stamps, information and supplies – right where you go, every day. Our website – www.usps.com – lets you print shipping labels with postage for Express Mail and Priority Mail. You can request shipping supplies or buy postage, or look for other important postal information such as ZIP Codes and mailing information. And we continue to expand the locations where you can find stamps at many local grocery or drug stores and even in bank ATMs. Again, this decision is not yet final but it moves in a direction we believe makes sense for your community and for the Postal Service. I am able to compile comments on the proposal to reclassify the Lakeville Post Office to the public record for 60 days from the date of this letter. A final decision will come at that time. I will keep you informed.

Several mentioned that the Lakeville Post Office is an important part of the community, and adds to the quality of life. We are committed to excellence at every location that serves you. • PARKING: Surveys noted an issue with parking at Salisbury Post Office that an increase of Lakeville customer traffic could heighten. As a classified station, operations in Lakeville would continue but likely on a different schedule. We believe this would mitigate parking congestion. • DELIVERY OPTIONS: Other comments spoke to the use of Free Rural Delivery should any decision lead to a closure of the Lakeville Post Office. We can review this option to the Lakeville community if

criteria for rural delivery are met. This requires Postal Service assessments of safety and available lines-of-travel for rural routes in the area. An address change may be necessary for some residences. • OTHER ACCESS: Be assured we continue to look for ways to put the postal services you need most -- stamps, information and supplies -- right where you go, every day. Our website -- www.usps.com -- lets you print shipping labels with postage for Express Mail and Priority Mail. You can request shipping supplies or buy postage, or look for other important postal information such as ZIP Codes and mailing information. And we continue to expand the locations where you can find stamps at many local grocery or drug stores and even in bank ATMs. Again, this decision is not yet final but it moves in a direction we believe makes sense for your community and for the Postal Service. I am able to compile comments on the proposal to reclassify the Lakeville Post Office to the public record for 60 days from the date of this letter. A final decision will come at that time. I will keep you informed.

GAS TOO EXPENSIVE TO GO TO SALISBURY

Response:

Thank you for your thoughtful comments concerning the Lakeville Post Office. As we indicated to you previously, your comments have been compiled in the official record and careful consideration will be taken prior to further action regarding the study for your office. Although our study process is not yet complete, our preliminary decision is to reclassify the Lakeville Post Office from an Independent Post Office to a Classified Branch of the Salisbury Post Office. Significantly, this means no change of address will be necessary and a local postal presence in Lakeville will remain. Administrative oversight for Lakeville will shift to Salisbury. Hours for the Lakeville office are likely to change should we go forward. In the surveys distributed by our office, several concerns came forward. This preliminary decision may still raise questions on these points. Let me address a few common concerns: • CONVENIENCE: Your surveys showed the convenience of the Lakeville Post Office is very important. By contrast, hours in Salisbury Post Office were limited, such as a one hour closing for lunch. We will review hours at both the Lakeville and Salisbury Post Offices. • ZIP CODE: Preserving a community's ZIP Code was raised as a concern and it is something we can address. As a classified station, the Lakeville ZIP Code would remain intact. Post office box customers would not need to change address. • CUSTOMER SERVICE: Customers commented on the friendly service they receive at the Lakeville Post Office. Several mentioned that the Lakeville Post Office is an important part of the community, and adds to the quality of life. We are committed to excellence at every location that serves you. • PARKING: Surveys noted an issue with parking at Salisbury Post Office that an increase of Lakeville customer traffic could heighten. You can request shipping supplies or buy postage, or look for other important postal information such as ZIP Codes and mailing information. And we continue to expand the locations where you can find stamps at many local grocery or drug stores and even in bank ATMs. Again, this decision is not yet final but it moves in a direction we believe makes sense for your community and for the Postal Service. I am able to compile comments on the proposal to reclassify the Lakeville Post Office to the public record for 60 days from the date of this letter. A final decision will come at that time. I will keep you informed.

LAKEVILLE HAS WPA PINTINGS CLOSE SALISBURY MOVE INTO LAKEVILLE

Response:

Thank you for your thoughtful comments concerning the Lakeville Post Office. As we indicated to you previously, your comments have been compiled in the official record and careful consideration will be taken prior to further action regarding the study for your office. Although our study process is not yet complete, our preliminary decision is to reclassify the Lakeville Post Office from an Independent Post Office to a Classified Branch of the Salisbury Post Office. Significantly, this means no change of address will be necessary and a local postal presence in Lakeville will remain. Administrative oversight for Lakeville will shift to Salisbury. Hours for the Lakeville office are likely to change should we go forward. In the surveys distributed by our office, several concerns came forward. This preliminary decision may still raise questions on these points. Let me address a few common concerns: • CONVENIENCE: Your surveys showed the convenience of the Lakeville Post Office is very important. By contrast, hours in Salisbury Post Office were limited, such as a one hour closing for lunch. We will review hours at both the Lakeville and Salisbury Post Offices. • ZIP CODE: Preserving a community's ZIP Code was raised as a concern and it is something we can address. As a classified station, the Lakeville ZIP Code would remain intact. Post office box customers would not need to change address. • CUSTOMER SERVICE: Customers commented on the friendly service they receive at the Lakeville Post Office. Several mentioned that the Lakeville Post Office is an important part of the community, and adds to the quality of life. We are committed to excellence at every location that serves you. • PARKING: Surveys noted an issue with parking at Salisbury Post Office that an increase of Lakeville customer traffic could heighten. As a classified station, operations in Lakeville would continue but likely on a different schedule. We believe this would mitigate parking congestion. • DELIVERY OPTIONS: Other comments spoke to the use of Free Rural Delivery should any decision lead to a closure of the Lakeville Post Office. We can review this option to the Lakeville community if criteria for rural delivery are met. This requires Postal Service assessments of safety and available lines-of-travel for rural routes in the area. An address change may be necessary for some residences. • OTHER ACCESS: Be assured we continue to look for ways to put the postal services you need most -- stamps, information and supplies -- right where you go, every day. Our website -- www.usps.com -- lets you print shipping labels with postage for Express Mail and Priority Mail. You can request shipping supplies or buy postage, or look for other important postal information such as ZIP Codes and mailing information. And we continue to expand the locations where you can find stamps at many local grocery or drug stores and even in bank ATMs. Again, this decision is not yet final but it moves in a direction we believe makes sense for your community and for the Postal Service. This preliminary decision may still raise questions on these points. Let me address a few common concerns. • CONVENIENCE: Your surveys showed the convenience of the Lakeville Post Office is very important. By contrast, hours in Salisbury Post Office were limited, such as a one hour closing for lunch. We will review hours at both the Lakeville and Salisbury Post Offices. • ZIP CODE: Preserving a community's ZIP Code was raised as a concern and it is something we can address. As a classified station, the Lakeville ZIP Code would remain intact. Post office box customers would not need to change address. • CUSTOMER SERVICE: Customers commented on the friendly service they receive at the Lakeville Post Office. Several mentioned that the Lakeville Post Office is an important part of the community, and adds to the quality of life. We are committed to excellence at every location that serves you. • PARKING: Surveys noted an issue with parking at Salisbury Post Office that an increase of Lakeville customer traffic could heighten. As a classified station, operations in Lakeville would continue but likely on a different schedule. We believe this would mitigate parking congestion. • DELIVERY OPTIONS: Other comments spoke to the use of Free Rural Delivery should any decision lead to a closure of the Lakeville Post Office. We can review this option to the Lakeville community if criteria for rural delivery are met. This requires Postal Service assessments of safety and available lines-of-travel for rural routes in the area. An address change may be necessary for some residences. • OTHER ACCESS: Be assured we continue to look for ways to put the postal services you need most – stamps, information and supplies – right where you go, every day. Our website – www.usps.com – lets you print shipping labels with postage for Express Mail and Priority Mail. You can request shipping supplies or buy postage, or look for other important postal information such as ZIP Codes and mailing information. And we continue to expand the locations where you can find stamps at many local grocery or drug stores and even in bank ATMs. Again, this decision is not yet final but it moves in a direction we believe makes sense for your community and for the Postal Service. I am able to compile comments on the proposal to reclassify the Lakeville Post Office to the public record for 60 days from the date of this letter. A final decision will come at that time. I will keep you informed.

PARKING IS BETTER IN LAKEVILLE AND THE DRIVE UP DROP BOX IS VERY CONVIENT

Response:

Thank you for your thoughtful comments concerning the Lakeville Post Office. As we indicated to you previously, your comments have been compiled in the official record and careful consideration will be taken prior to further action regarding the study for your office. Although our study process is not yet complete, our preliminary decision is to reclassify the Lakeville Post Office from an Independent Post Office to a Classified Branch of the Salisbury Post Office. Significantly, this means no change of address will be necessary and a local postal presence in Lakeville will remain. Administrative oversight for Lakeville will shift to Salisbury. Hours for the Lakeville office are likely to change should we go forward. In the surveys distributed by our office, several concerns came forward. This preliminary decision may still raise questions on these points. Let me address a few common concerns: • CONVENIENCE: Your surveys showed the convenience of the Lakeville Post Office is very important. This requires Postal Service assessments of safety and available lines-of-travel for rural routes in the area. An address change may be necessary for some residences. • OTHER ACCESS: Be assured we continue to look for ways to put the postal services you need most -- stamps, information and supplies -- right where you go, every day. Our website -- www.usps.com -- lets you print shipping labels with postage for Express Mail and Priority Mail. You can request shipping supplies or buy postage, or look for other important postal information such as ZIP Codes and mailing information. And we continue to expand the locations where you can find stamps at many local grocery or drug stores and even in bank ATMs. Again, this decision is not yet final but it moves in a direction we believe makes sense for your community and for the Postal Service. I am able to compile comments on the proposal to reclassify the Lakeville Post Office to the public record for 60 days from the date of this letter. A final decision will come at that time. I will keep you informed.

109. Concern (UnFavorable):

SALISBURY WOULD BE TOO FAR AWAY AND CANNOT FIND PARKING

Response:

Thank you for your thoughtful comments concerning the Lakeville Post Office. As we indicated to you previously, your comments have been compiled in the official record and careful consideration will be taken prior to further action regarding the study for your office. Although our study process is not yet complete, our preliminary decision is to reclassify the Lakeville Post Office from an Independent Post Office to a Classified Branch of the Salisbury Post Office. Significantly, this means no change of address will be necessary and a local postal presence in Lakeville will remain. Administrative oversight for Lakeville will shift to Salisbury. Hours for the Lakeville office are likely to change should we go forward. In the surveys distributed by our office, several concerns came forward. This preliminary decision may still raise questions on these points. Let me address a few common concerns: • CONVENIENCE: Your surveys showed the convenience of the Lakeville Post Office is very important. By contrast, hours in Salisbury Post Office were limited, such as a one hour closing for lunch. We will review hours at both the Lakeville and Salisbury Post Offices. • ZIP CODE: Preserving a community's ZIP Code was raised as a concern and it is something we can address. As a classified station, the Lakeville ZIP Code would remain intact. Post office box customers would not need to change address. • CUSTOMER SERVICE: Customers commented on the friendly service they receive at the Lakeville Post Office. Several mentioned that the Lakeville Post Office is an important part of the community, and adds to the quality of life. We are committed to excellence at every location that serves you. • PARKING: Surveys noted an issue with parking at Salisbury Post Office that an increase of Lakeville customer traffic could heighten. As a classified station, operations in Lakeville would continue but likely on a different schedule. We believe this would mitigate parking congestion. • DELIVERY OPTIONS: Other comments spoke to the use of Free Rural Delivery should any decision lead to a closure of the Lakeville Post Office. We can review this option to the Lakeville community if criteria for rural delivery are met. This requires Postal Service assessments of safety and available lines-of-travel for rural routes in the area. An address change may be necessary for some residences. • OTHER ACCESS: Be assured we continue to look for ways to put the postal services you need most --

# Postal Service Customer Community Meeting Analysis

(categorize customer concerns as postal or nonpostal and provide the Postal Service response for each.)

**Postal Concerns**

1. Concern (UnFavorable):
   What is it to stop the Postal Service from trying to close the Lakeville Post Office in the future.
   Response:
   There is nothing to prevent another study in the future.
2. Concern (UnFavorable):
   Why not just move the Salisbury Postmaster?
   Response:
   A postmaster can be approached and asked if they would like to reassignment to another office, but cannot be moved witout being asked.
3. Concern (UnFavorable):
   Was Lakeville targeted because of expenses?
   Response:
   No, Lakeville has a postmaster vacancy which would automatically prompt us to begin the review process on an office. There are two types of discontinuance studies; a management initiated which is when there is a vacancy and an emergency severe damage, safety hazard, loss of lease etc which would begin a study.
4. Concern (UnFavorable):
   Does reclassifying Lakeville to a Station make it weaker?
   Response:
   The reclassification of the Lakeville Post Office means that this office would report to an administrating office who would oversee all of the staffing, hours of operation et cetera. It just does not have a sitting postmaster.

**Nonpostal Concerns**

UNITED STATES POSTAL SERVICE®

03/16/2011

As the Postal Service manager responsible for all Post Offices in your area, I would like your opinion concerning a possible change in the way postal services are provided. Our tentative plans will only lead to a formal proposal if we are satisfied that a maximum degree of regular and effective service can be provided.

If you would like an opportunity to discuss alternatives with us, a postal representative will be at Salisbury Town Hall, 2nd floor meeting room on 04/21/2011 from 6:30pm to 9:00pm to answer questions and provide information about our service.

If you have any questions, you may contact Barbara Mastroianni at (860) 524-6495.

Thank you for your assistance.

Sincerely,

JOSEPH MAZZOLA
Manager, Post Office Operations

## I. RESPONSIVENESS TO COMMUNITY POSTAL NEEDS

The Postal Service is proposing to consolidate the Lakeville, CT Post Office and provide delivery and retail services by a classified branch under the administrative responsibility of the Salisbury Post Office, located one miles away.

A classified branch is operated by carreer postal employees and provides the same services as an independent post office, except for postage meter setting and acceptance of permit mail.

The postmaster position became vacant when the postmaster retired on January 30, 2010. Since the postmaster vacancy an OIC has been installed to operate the office. Postmaster level and office service hours are determined by a workload analysis which includes the number of deliveries and revenue.

The office is being studied for possible closing or consolidation due to the following reasons: The Lakeville Post Office has a vacant postmaster position. In the last few years we have seen a decline in mail volume and revenue due to the changes in how our customers' communicate as well as the addition of multiple alternate mailing options now available. By combining both the retail operation and post office boxes of the Lakeville Post Office with another facility we will maintain effective and efficient customer service.

The Lakeville Post Office, an EAS-16 level, provides service from 08:30am- 17:00pm Monday - Friday , 09:00am - 12:00pm Saturday and lobby hours of 07:30am-17:50pm on Monday - Friday and 07:30am-15:00pm on Saturday to 707 post office box or general delivery customers and 620 delivery customers. Retail services included the sale of stamps, stamped paper, and money orders; special services such as Registered Mail, Certified Mail, Insured Mail, COD Mail, and Express Mail services; and the acceptance and dispatch of all classes of mail.

The retail window averaged 268 transaction(s) accounting for 351 minute(s) of retail workload daily. With minimal workload, the Postal Service feels that effective and regular service will be provided by classified branch. Office receipts for the last 3 years were: $335,327 ( 875 revenue units) in FY 2008; $328,665 ( 857 revenue units) in FY 2009; and $323,982 ( 845 revenue units) in FY 2010. There were 12 permit mailer(s) or postage meter customer(s).

The classified branch will provide at least the same number of window service hours and services as the post office except for permit mail acceptance and postage meter settings. Retail service is also available at the Salisbury Post Office, an EAS- level office located 1.4 miles away. Window service hours are from 8:00am - 5:00pm, Monday through Friday, and 9:00am - 12:00pm on Saturday. There are 98 post office boxes available.

On April 21, 2011, representatives from the Postal Service were available at Salisbury Town Hall, 2nd floor meeting room to answer questions and provide information to customers. 73 customer(s) attended the meeting.

On March 31, 2011, 1600 questionnaires were distributed to delivery customers of the Lakeville Post Office. Questionnaires were also available over the counter for retail customers at the Lakeville Post Office. 467 questionnaires were returned. Responses regarding the proposed alternate service were as follows: 0 favorable, 109 unfavorable, and 358 expressed no opinion.

A petition supporting the retention of the Lakeville Post Office was received on April 21, 2011, with 308 signatures. If this proposal is implemented, delivery services will be provided by the Salisbury Post Office, an EAS-16 level office. Retail and PO Box service will still be available at the Lakeville Post Office.

The following concerns were expressed on the returned questionnaires, at the community meeting, from customer letters, on the petition, and from the congressional inquiry:

1. **Concern:**

**Response:**

Thank you for your thoughtful comments concerning the Lakeville Post Office. As we indicated to you previously, your comments have been compiled in the official record and careful consideration will be taken prior to further action regarding the study for your office. Although our study process is not yet complete, our preliminary decision is to reclassify the Lakeville Post Office from an Independent Post Office to a Classified Branch of the Salisbury Post Office. Significantly, this means no change of address will be necessary and a local postal presence in Lakeville will remain. Administrative oversight for Lakeville will shift to Salisbury. Hours for the Lakeville office are likely to change should we go forward. In the surveys distributed by our office, several concerns came forward. This preliminary decision may still raise questions on these points. Let me address a few common concerns: • CONVENIENCE: Your surveys showed the convenience of the Lakeville Post Office is very important. By contrast, hours in Salisbury Post Office were limited, such as a one hour closing for lunch. We will review hours at both the Lakeville and Salisbury Post Offices. • ZIP CODE: Preserving a community's ZIP Code was raised as a concern and it is something we can address. As a classified station, the Lakeville ZIP Code would remain intact. Post office box customers would not need to change address. • CUSTOMER SERVICE: Customers commented on the friendly service they receive at the Lakeville Post Office. Several mentioned that the Lakeville Post Office is an important part of the community, and adds to the quality of life. We are committed to

excellence at every location that serves you. • PARKING: Surveys noted an issue with parking at Salisbury Post Office that an increase of Lakeville customer traffic could heighten. As a classified station, operations in Lakeville would continue but likely on a different schedule. We believe this would mitigate parking congestion. • DELIVERY OPTIONS: Other comments spoke to the use of Free Rural Delivery should any decision lead to a closure of the Lakeville Post Office. We can review this option to the Lakeville community if criteria for rural delivery are met. This requires Postal Service assessments of safety and available lines-of-travel for rural routes in the area. An address change may be necessary for some residences. • OTHER ACCESS: Be assured we continue to look for ways to put the postal services you need most -- stamps, information and supplies -- right where you go, every day. Our website -- www.usps.com -- lets you print shipping labels with postage for Express Mail and Priority Mail. You can request shipping supplies or buy postage, or look for other important postal information such as ZIP Codes and mailing information. And we continue to expand the locations where you can find stamps at many local grocery or drug stores and even in bank ATMs. Again, this decision is not yet final but it moves in a direction we believe makes sense for your community and for the Postal Service. I am able to compile comments on the proposal to reclassify the Lakeville Post Office to the public record for 60 days from the date of this letter. A final decision will come at that time. I will keep you ir

7. **Concern:** CLOSE SALISBURY AND TACONIC MERGE INTO LAKEVILLE WHICH HAS MORE ROOM

**Response:**

Thank you for your thoughtful comments concerning the Lakeville Post Office. As we indicated to you previously, your comments have been compiled in the official record and careful consideration will be taken prior to further action regarding the study for your office. Although our study process is not yet complete, our preliminary decision is to reclassify the Lakeville Post Office from an Independent Post Office to a Classified Branch of the Salisbury Post Office. Significantly, this means no change of address will be necessary and a local postal presence in Lakeville will remain. Administrative oversight for Lakeville will shift to Salisbury. Hours for the Lakeville office are likely to change should we go forward. In the surveys distributed by our office, several concerns came forward. This preliminary decision may still raise questions on these points. Let me address a few common concerns: • CONVENIENCE: Your surveys showed the convenience of the Lakeville Post Office is very important. By contrast, hours in Salisbury Post Office were limited, such as a one hour closing for lunch. We will review hours at both the Lakeville and Salisbury Post Offices. • ZIP CODE: Preserving a community's ZIP Code was raised as a concern and it is something we can address. As a classified station, the Lakeville ZIP Code would remain intact. Post office box customers would not need to change address. • CUSTOMER SERVICE: Customers commented on the friendly service they receive at the Lakeville Post Office. Several mentioned that the Lakeville Post Office is an important part of the community, and adds to the quality of life. We are committed to excellence at every location that serves you. • PARKING: Surveys noted an issue with parking at Salisbury Post Office that an increase of Lakeville customer traffic could heighten. As a classified station, operations in Lakeville would continue but likely on a different schedule. We believe this would mitigate parking congestion. • DELIVERY OPTIONS: Other comments spoke to the use of Free Rural Delivery should any decision lead to a closure of the Lakeville Post Office. We can review this option to the Lakeville community if criteria for rural delivery are met. This requires Postal Service assessments of safety and available lines-of-travel for rural routes in the area. An address change may be necessary for some residences. • OTHER ACCESS: Be assured we continue to look for ways to put the postal services you need most -- stamps, information and supplies -- right where you go, every day. Significantly, this means no change of address will be necessary and a local postal presence in Lakeville will remain. Administrative oversight for Lakeville will shift to Salisbury. Hours for the Lakeville office are likely to change should we go forward. In the surveys distributed by our office, several concerns came forward. This preliminary decision may still raise questions on these points. Let me address a few common concerns: •

CONVENIENCE: Your surveys showed the convenience of the Lakeville Post Office is very important. By contrast, hours in Salisbury Post Office were limited, such as a one hour closing for lunch. We will review hours at both the Lakeville and Salisbury Post Offices. • ZIP CODE: Preserving a community's ZIP Code was raised as a concern and it is something we can address. As a classified station, the Lakeville ZIP Code would remain intact. Post office box customers would not need to change address. • CUSTOMER SERVICE: Customers commented on the friendly service they receive at the Lakeville Post Office. Several mentioned that the Lakeville Post Office is an important part of the community, and adds to the quality of life. We are committed to excellence at every location that serves you. • PARKING: Surveys noted an issue with parking at Salisbury Post Office that an increase of Lakeville customer traffic could heighten. As a classified station, operations in Lakeville would continue but likely on a different schedule. We believe this would mitigate parking congestion. • DELIVERY OPTIONS: Other comments spoke to the use of Free Rural Delivery should any decision lead to a closure of the Lakeville Post Office. We can review this option to the Lakeville community if criteria for rural delivery are met. This requires Postal Service assessments of safety and available lines-of-travel for rural routes in the area. An address change may be necessary for some residences. • OTHER ACCESS: Be assured we continue to look for ways to put the postal services you need most -- stamps, information and supplies -- right where you go, every day. Our website -- www.usps.com -- lets you print shipping labels with postage for Express Mail and Priority Mail. You can request shipping supplies or buy postage, or look for other important postal information such as ZIP Codes and mailing information. And we continue to expand the locations where you can find stamps at many local grocery or drug stores and even in bank ATMs. Again, this decision is not yet final but it moves in a direction we believe makes sense for your community and for the Postal Service. I am able to compile comments on the proposal to reclassify the Lakeville Post Office to the public record for 60 days from the date of this letter. A final decision will come at that time. I will keep you ir

Customer expressed a concern about DRIVING TO SALISBURY IS OUT OF MY WAY AND GAS IS EXPENSIVE.

**Response:**

Thank you for your thoughtful comments concerning the Lakeville Post Office. As we indicated to you previously, your comments have been compiled in the official record and careful consideration will be taken prior to further action regarding the study for your office. Although our study process is not yet complete, our preliminary decision is to reclassify the Lakeville Post Office from an Independent Post Office to a Classified Branch of the Salisbury Post Office. Significantly, this means no change of address will be necessary and a local postal presence in Lakeville will remain. Administrative oversight for Lakeville will shift to Salisbury. We believe this would mitigate parking congestion. • DELIVERY OPTIONS: Other comments spoke to the use of Free Rural Delivery should any decision lead to a closure of the Lakeville Post Office. We can review this option to the Lakeville community if criteria for rural delivery are met. This requires Postal Service assessments of safety and available lines-of-travel for rural routes in the area. An address change may be necessary for some residences. • OTHER ACCESS: Be assured we continue to look for ways to put the postal services you need most -- stamps, information and supplies -- right where you go, every day. Our website -- www.usps.com -- lets you print shipping labels with postage for Express Mail and Priority Mail. You can request shipping supplies or buy postage, or look for other important postal information such as ZIP Codes and mailing information. And we continue to expand the locations where you can find stamps at many local grocery or drug stores and even in bank ATMs. Again, this decision is not yet final but it moves in a direction we believe makes sense for your community and for the Postal Service. I am able to compile comments on the proposal to reclassify the Lakeville Post Office to the public record for 60 days from the date of this letter. A final decision will come at that time. Customer expressed a concern about LIMITED PARKING IN SALISBURY AND THE SMALL SIZE OF THE OFFICE

**Response:**

Thank you for your thoughtful comments concerning the Lakeville Post Office. As we indicated to you previously, your comments have been compiled in the official record and careful consideration will be taken prior to further action regarding the study for your office. Although our study process is not yet complete, our preliminary decision is to reclassify the Lakeville Post Office from an Independent Post Office to a Classified Branch of the Salisbury Post Office. Significantly, this means no change of address will be necessary and a local postal presence in Lakeville will remain. Administrative oversight for Lakeville will shift to Salisbury. Hours for the Lakeville office are likely to change should we go forward. In the surveys distributed by our office, several concerns came forward. This preliminary decision may still raise questions on these points. Let me address a few common concerns: • CONVENIENCE: Your surveys showed the convenience of the Lakeville Post Office is very important. By contrast, hours in Salisbury Post Office were limited, such as a one hour closing for lunch. We will review hours at both the Lakeville and Salisbury Post Offices. • ZIP CODE: Preserving a community's ZIP Code was raised as a concern and it is something we can address. As a classified station, the Lakeville ZIP Code would remain intact. Post office box customers would not need to change address. • CUSTOMER SERVICE: Customers commented on the friendly service they receive at the Lakeville Post Office. Several mentioned that the Lakeville Post Office is an important part of the community, and adds to the quality of life. We are committed to excellence at every location that serves you. • PARKING: Surveys noted an issue with parking at Salisbury Post Office that an increase of Lakeville customer traffic could heighten. As a classified station, operations in Lakeville would continue but likely on a different schedule. We believe this would mitigate parking congestion. • DELIVERY OPTIONS: Other comments spoke to the use of Free Rural Delivery should any decision lead to a closure of the Lakeville Post Office. We can review this option to the Lakeville community if criteria for rural delivery are met. Thank you for your thoughtful comments concerning the Lakeville Post Office. As we indicated to you previously, your comments have been compiled in the official record and careful consideration will be taken prior to further action regarding the study for your office. Although our study process is not yet complete, our preliminary decision is to reclassify the Lakeville Post Office from an Independent Post Office to a Classified Branch of the Salisbury Post Office. Significantly, this means no change of address will be necessary and a local postal presence in Lakeville will remain. Administrative oversight for Lakeville will shift to Salisbury. Hours for the Lakeville office are likely to change should we go forward. In the surveys distributed by our office, several concerns came forward. This preliminary decision may still raise questions on these points. Let me address a few common concerns: • CONVENIENCE: Your surveys showed the convenience of the Lakeville Post Office is very important. By contrast, hours in Salisbury Post Office were limited, such as a one hour closing for lunch. We will review hours at both the Lakeville and Salisbury Post Offices. • ZIP CODE: Preserving a community's ZIP Code was raised as a concern and it is something we can address. As a classified station, the Lakeville ZIP Code would remain intact. Post office box customers would not need to change address. • CUSTOMER SERVICE: Customers commented on the friendly service they receive at the Lakeville Post Office. Several mentioned that the Lakeville Post Office is an important part of the community, and adds to the quality of life. We are committed to excellence at every location that serves you. • PARKING: Surveys noted an issue with parking at Salisbury Post Office that an increase of Lakeville customer traffic could heighten. As a classified station, operations in Lakeville would continue but likely on a different schedule. We believe this would mitigate parking congestion. • DELIVERY OPTIONS: Other comments spoke to the use of Free Rural Delivery should any decision lead to a closure of the Lakeville Post Office. We can review this option to the Lakeville community if criteria for rural delivery are met. This requires Postal Service assessments of safety and available lines-of-travel for rural routes in the area. An address change may be necessary for some residences. • OTHER ACCESS: Be assured we continue to look for ways to put the postal services you need most -- stamps, information and supplies -- right where you go, every day. Our website -- www.usps.com -- lets you print shipping labels with postage for Express Mail and Priority Mail. You can request shipping supplies or buy postage, or look for other important postal information such as ZIP Codes and mailing information. And we continue to expand the locations where you can find stamps at many local grocery or drug stores and even in bank ATMs. Again, this decision is not yet final but it moves in a direction we believe makes sense for your community and for the Postal Service. I am able to compile comments on the proposal to reclassify the Lakeville Post Office to the public record for 60 days from the date of this letter. A final decision will come at that time. I will keep you ir

Customers expressed concern for loss of community identity

**Response:**

The customer expressed a concern about the loss of the Communities' identity. A community's identity derives from the interest and vitality of its residents and their use of its name. The Postal Service is helping to preserve community identity by continuing the use of the suspended Post Office name and ZIP Code in addresses and in the National Five-Digit ZIP Code and Post Office Directory.

We will review hours at both the Lakeville and Salisbury Post Offices. • ZIP CODE: Preserving a community's ZIP Code was raised as a concern and it is something we can address. As a classified station, the Lakeville ZIP Code would remain intact. Post office box customers would not need to change address. • CUSTOMER SERVICE: Customers commented on the friendly service they receive at the Lakeville Post Office. Several mentioned that the Lakeville Post Office is an important part of the community, and adds to the quality of life. We are committed to excellence at every location that serves you. • PARKING: Surveys noted an issue with parking at Salisbury Post Office that an increase of Lakeville customer traffic could heighten. As a classified station, operations in Lakeville would continue but likely on a different schedule. We believe this would mitigate parking congestion. • DELIVERY OPTIONS: Other comments spoke to the use of Free Rural Delivery should any decision lead to a closure of the Lakeville Post Office. We can review this option to the Lakeville community if criteria for rural delivery are met. This requires Postal Service assessments of safety and available lines-of-travel for rural routes in the area. An address change may be necessary for some residences. • OTHER ACCESS: Be assured we continue to look for ways to put the postal services you need most -- stamps, information and supplies -- right where you go, every day. Our website -- www.usps.com -- lets you print shipping labels with postage for Express Mail and Priority Mail. You can request shipping supplies or buy postage, or look for other important postal information such as ZIP Codes and mailing information. And we continue to expand the locations where you can find stamps at many local grocery or drug stores and even in bank ATMs. Again, this decision is not yet final but it moves in a direction we believe makes sense for your community and for the Postal Service. I am able to compile comments on the proposal to reclassify the Lakeville Post Office to the public record for 60 days from the date of this letter. A final decision will come at that time. I will keep you ir

Customers questioned the economic savings of the proposed discontinuance WANTS THEIR OFFICE KEPT OPENED

**Response:**

Thank you for your thoughtful comments concerning the Lakeville Post Office. As we indicated to you previously, your comments have been compiled in the official record and careful consideration will be taken prior to further action regarding the study for your office. Although our study process is not yet complete, our preliminary decision is to reclassify the Lakeville Post Office from an Independent Post Office to a Classified Branch of the Salisbury Post Office. Significantly, this means no change of address will be necessary and a local postal presence in Lakeville will remain. Administrative oversight for Lakeville will shift to Salisbury. Hours for the Lakeville office are likely to change should we go forward. In the surveys distributed by our office, several concerns came forward. This preliminary decision may still raise questions on these points. Let me address a few common concerns: • CONVENIENCE: Your surveys showed the convenience of the Lakeville Post Office is very important. By contrast, hours in Salisbury Post Office were limited, such as a one hour closing for lunch. We will review hours at both the Lakeville and Salisbury Post Offices. • ZIP CODE: Preserving a community's ZIP Code was raised as a concern and it is something we can address. As a classified station, the Lakeville ZIP Code would remain intact. Post office box customers would not need to change address. • CUSTOMER SERVICE: Customers commented on the friendly service they receive at the Lakeville Post Office. 65. **Concern:** GOING TO SALISBURY WOULD BE INCONVENIENT

**Response:** Thank you for your thoughtful comments concerning the Lakeville Post Office. As we indicated to you previously, your comments have been compiled in the official record and careful consideration will be taken prior to further action regarding the study for your office. Although our study process is not yet complete, our preliminary decision is to reclassify the Lakeville Post Office from an Independent Post Office to a Classified Branch of the Salisbury Post Office. Significantly, this means no change of address will be necessary and a local postal presence in Lakeville will remain. Administrative oversight for Lakeville will shift to Salisbury. Hours for the Lakeville office are likely to change should we go forward. In the surveys distributed by our office, several concerns came forward. This preliminary decision may still raise questions on these points. Let me address a few common concerns: • CONVENIENCE: Your surveys showed the convenience of the Lakeville Post Office is very important. By contrast, hours in Salisbury Post Office were limited, such as a one hour closing for lunch. We will review hours

at both the Lakeville and Salisbury Post Offices. • ZIP CODE: Preserving a community's ZIP Code was raised as a concern and it is something we can address. As a classified station, the Lakeville ZIP Code would remain intact. Post office box customers would not need to change address. • CUSTOMER SERVICE: Customers commented on the friendly service they receive at the Lakeville Post Office. Several mentioned that the Lakeville Post Office is an important part of the community, and adds to the quality of life. We are committed to excellence at every location that serves you. • PARKING: Surveys noted an issue with parking at Salisbury Post Office that an increase of Lakeville customer traffic could heighten. As a classified station, operations in Lakeville would continue but likely on a different schedule. We believe this would mitigate parking congestion. • DELIVERY OPTIONS: Other comments spoke to the use of Free Rural Delivery should any decision lead to a closure of the Lakeville Post Office. We can review this option to the Lakeville community if criteria for rural delivery are met. This requires Postal Service assessments of safety and available lines-of-travel for rural routes in the area. An address change may be necessary for some residences. • OTHER ACCESS: Be assured we continue to look for ways to put the postal services you need most -- stamps, information and supplies -- right where you go, every day. Our website -- www.usps.com -- lets you print shipping labels with postage for Express Mail and Priority Mail. You can request shipping supplies or buy postage, or look for other important postal information such as ZIP Codes and mailing information. And we continue to expand the locations where you can find stamps at many local grocery or drug stores and even in bank ATMs. Again, this decision is not yet final but it moves in a direction we believe makes sense for your community and for the Postal Service. By contrast, hours in Salisbury Post Office were limited, such as a one hour closing for lunch. We will review hours at both the Lakeville and Salisbury Post Offices. • ZIP CODE: Preserving a community's ZIP Code was raised as a concern and it is something we can address. As a classified station, the Lakeville ZIP Code would remain intact. Post office box customers would not need to change address. • CUSTOMER SERVICE: Customers commented on the friendly service they receive at the Lakeville Post Office. Several mentioned that the Lakeville Post Office is an important part of the community, and adds to the quality of life. We are committed to excellence at every location that serves you. • PARKING: Surveys noted an issue with parking at Salisbury Post Office that an increase of Lakeville customer traffic could heighten. As a classified station, operations in Lakeville would continue but likely on a different schedule. We believe this would mitigate parking congestion. • DELIVERY OPTIONS: Other comments spoke to the use of Free Rural Delivery should any decision lead to a closure of the Lakeville Post Office. We can review this option to the Lakeville community if criteria for rural delivery are met. This requires Postal Service assessments of safety and available lines-of-travel for rural routes in the area. An address change may be necessary for some residences. • OTHER ACCESS: Be

assured we continue to look for ways to put the postal services you need most -- stamps, information and supplies -- right where you go, every day. Our website -- www.usps.com -- lets you print shipping labels with postage for Express Mail and Priority Mail. You can request shipping supplies or buy postage, or look for other important postal information such as ZIP Codes and mailing information. And we continue to expand the locations where you can find stamps at many local grocery or drug stores and even in bank ATMs. Again, this decision is not yet final but it moves in a direction we believe makes sense for your community and for the Postal Service. I am able to compile comments on the proposal to reclassify the Lakeville Post Office to the public record for 60 days from the date of this letter. A final decision will come at that time. **Response:**

Thank you for your thoughtful comments concerning the Lakeville Post Office. As we indicated to you previously, your comments have been compiled in the official record and careful consideration will be taken prior to further action regarding the study for your office. Although our study process is not yet complete, our preliminary decision is to reclassify the Lakeville Post Office from an Independent Post Office to a Classified Branch of the Salisbury Post Office. Significantly, this means no change of address will be necessary and a local postal presence in Lakeville will remain. Administrative oversight for Lakeville will shift to Salisbury. Hours for the Lakeville office are likely to change should we go forward. In the surveys distributed by our office, several concerns came forward. This preliminary decision may still raise questions on these points. Let me address a few common concerns: • CONVENIENCE: Your surveys showed the convenience of the Lakeville Post Office is very important. NOT ENOUGH PO BOXES OR PARKING SPACES IN SALISBURY

**Response:**

Thank you for your thoughtful comments concerning the Lakeville Post Office. As we indicated to you previously, your comments have been compiled in the official record and careful consideration will be taken prior to further action regarding the study for your office. Although our study process is not yet complete, our preliminary decision is to reclassify the Lakeville Post Office from an Independent Post Office to a Classified Branch of the Salisbury Post Office. Significantly, this means no change of address will be necessary and a local postal presence in Lakeville will remain. Administrative oversight for Lakeville will shift to Salisbury. Hours for the Lakeville office are likely to change should we go forward. In the surveys distributed by our office, several concerns came forward. This preliminary decision may still raise questions on these points. Let me address a few common concerns: • CONVENIENCE: Your surveys showed the convenience of the Lakeville Post Office is very important. By contrast, hours in Salisbury Post Office were limited, such as a one hour closing for lunch. We will review hours at both the Lakeville and Salisbury Post Offices. • ZIP CODE: Preserving a community's ZIP Code was raised as a concern and it is something we can address. As a classified station, the Lakeville ZIP Code would remain intact. Post office box customers would not need to change address. • CUSTOMER SERVICE: Customers commented on the friendly service they receive at the Lakeville Post Office. Several mentioned that the Lakeville Post Office is an important part of the community, and adds to the quality of life. We are committed to excellence at every location that serves you. • PARKING: Surveys noted an issue with parking at Salisbury Post Office that an increase of Lakeville customer traffic could heighten. As a classified station, operations in Lakeville would continue but likely on a different schedule. We believe this would mitigate parking congestion. • DELIVERY OPTIONS: Other comments spoke to the use of Free Rural Delivery should any decision lead to a closure of the Lakeville Post Office. We can review this option to the Lakeville community if criteria for rural delivery are met. This requires Postal Service assessments of safety and available lines-of-travel for rural routes in the area. An address change may be necessary for some residences. • OTHER ACCESS: Be assured we continue to look for ways to put the postal services you need most -- stamps, information and supplies -- right where you go, every day. Our website -- www.usps.com -- lets you print shipping labels with postage for Express Mail and Priority Mail. You can request shipping supplies or buy postage, or look for other important postal information such as ZIP Codes and mailing information. And we continue to expand the locations where you can find stamps at many local grocery or drug stores and even in bank ATMs. Again, this decision is not yet final but it moves in a direction we believe makes sense for your community and for the Postal Service. We will review hours at both the Lakeville and Salisbury Post Offices. • ZIP CODE: Preserving a community's ZIP Code was raised as a concern and it is something we can address. As a classified station, the Lakeville ZIP Code would remain intact. Post office box customers would not need to change address. • CUSTOMER SERVICE: Customers commented on the friendly service they receive at the Lakeville Post Office. Several mentioned that the Lakeville Post Office is an important part of the community, and adds to the quality of life. We are committed to excellence at every location that serves you. • PARKING: Surveys noted an issue with parking at Salisbury Post Office that an increase of Lakeville customer traffic could heighten. As a classified station, operations in Lakeville would continue but likely on a different schedule. We believe this would mitigate parking congestion. • DELIVERY OPTIONS: Other comments spoke to the use of Free Rural Delivery should any decision lead to a closure of the Lakeville Post Office. We can review this option to the Lakeville community if criteria for rural delivery are met. This requires Postal Service assessments of safety and available lines-of-travel for rural routes in the area. An address change may be necessary for some residences. • OTHER ACCESS: Be assured we continue to look for ways to put the postal services you need most -- stamps, information and supplies -- right where you go, every day. Our website -- www.usps.com -- lets you print shipping labels with postage for Express Mail and Priority Mail. You can request shipping supplies or buy postage, or look for other important postal information such as ZIP Codes and mailing information. And we continue to expand the locations where you can find stamps at many local grocery or drug stores and even in bank ATMs. Again, this decision is not yet final but it moves in a direction we believe makes sense for your community and for the Postal Service. I am able to compile comments on the proposal to reclassify the Lakeville Post Office to the public record for 60 days from the date of this letter. A final decision will come at that time. I will keep you ir

SALISBURY OFFICE IS SMALL CANNOT ACCEPT THE ADDITIONAL VOLUME IF LAKEVILLE IS MOVED, PARKING IS ANOTHER ISSUE

**Response:**

Thank you for your thoughtful comments concerning the Lakeville Post Office. As we indicated to you previously, your comments have been compiled in the official record and careful consideration will be taken prior to further action regarding the study for your office. Although our study process is not yet complete, our preliminary decision is to reclassify the Lakeville Post Office from an Independent Post Office to a Classified Branch of the Salisbury Post Office. Significantly, this means no change of address will be necessary and a local postal presence in Lakeville will remain. Administrative oversight for Lakeville will shift to Salisbury. Hours for the Lakeville office are likely to change should we go forward. In the surveys distributed by our office, several concerns came forward. This preliminary decision may still raise questions on these points. Let me address a few common concerns: • CONVENIENCE: Your surveys showed the convenience of the Lakeville Post Office is very important. By contrast, hours in Salisbury Post Office were limited, such as a one hour closing for lunch. We will review hours at both the Lakeville and Salisbury Post Offices. • ZIP CODE: Preserving a community's ZIP Code was raised as a concern and it is something we can address. You can request shipping supplies or buy postage, or look for other important postal information such as ZIP Codes and mailing information. And we continue to expand the locations where you can find stamps at many local grocery or drug stores and even in bank ATMs. Again, this decision is not yet final but it moves in a direction we believe makes sense for your community and for the Postal Service. I am able to compile comments on the proposal to reclassify the Lakeville Post Office to the public record for 60 days from the date of this letter. A final decision will come at that time. You were concerned about having to travel to another post office for service

**Response:**

Thank you for your thoughtful comments concerning the Lakeville Post Office. As we indicated to you previously, your comments have been compiled in the official record and careful consideration will be taken prior to further action regarding the study for your office. Although our study process is not yet complete, our preliminary decision is to reclassify the Lakeville Post Office from an Independent Post Office to a Classified Branch of the Salisbury Post Office. Significantly, this means no change of address will be necessary and a local postal presence in Lakeville will remain. Administrative oversight for Lakeville will shift to Salisbury. Hours for the Lakeville office are likely to change should we go forward. In the surveys distributed by our office, several concerns came forward. This preliminary decision may still raise questions on these points. Let me address a few common concerns: • CONVENIENCE: Your surveys showed the convenience of the Lakeville Post Office is very important. By contrast, hours in Salisbury Post Office were limited, such as a one hour closing for lunch. We will review hours at both the Lakeville and Salisbury Post Offices. • ZIP CODE: Preserving a community's ZIP Code was raised as a concern and it is something we can address. As a classified station, the Lakeville ZIP Code would remain intact. Post office box customers would not need to change address. • CUSTOMER SERVICE: Customers commented on the friendly service they receive at the Lakeville Post Office. Several mentioned that the Lakeville Post Office is an important part of the community, and adds to the quality of life. We are committed to excellence at every location that serves you. • PARKING: Surveys noted an issue with parking at Salisbury Post Office that an increase of Lakeville customer traffic could heighten. As a classified station, operations in Lakeville would continue but likely on a different schedule. We believe this would mitigate parking congestion. • DELIVERY OPTIONS: Other comments spoke to the use of Free Rural Delivery should any decision lead to a closure of the Lakeville Post Office. We can review this option to the Lakeville community if criteria for rural delivery are met. This requires Postal Service assessments of safety and available lines-of-travel for rural routes in the area. An address change may be necessary for some residences. • OTHER ACCESS: Be

assured we continue to look for ways to put the postal services you need most -- stamps, information and supplies -- right where you go, every day. Our website -- www.usps.com -- lets you print shipping labels with postage for Express Mail and Priority Mail. You can request shipping supplies or buy postage, or look for other important postal information such as ZIP Codes and mailing information. 114. **Concern:** Does reclassifying Lakeville to a Station make it weaker?

**Response:** The reclassification of the Lakeville Post Office means that this office would report to an administrating office who would oversee all of the staffing, hours of operation et cetera. It just does not have a sitting postmaster.

115. **Concern:** Was Lakeville targeted because of expenses?

**Response:** No, Lakeville has a postmaster vacancy which would automatically prompt us to begin the review process on an office. There are two types of discontinuance studies; a management initiated which is when there is a vacancy and an emergency severe damage, safety hazard, loss of lease etc which would begin a study.

116. **Concern:** What is it to stop the Postal Service from trying to close the Lakeville Post Office in the future.

**Response:** There is nothing to prevent another study in the future.

117. **Concern:** Why not just move the Salisbury Postmaster?

**Response:** A postmaster can be approached and asked if they would like to reassignment to another office, but cannot be moved witout being asked.

**Some advantages of the proposal are:**

1. Maintains a postal facility and retail outlet in the community.
2. Customers will continue to use the same mailing address and ZIP Code. There will be no change to customers' addresses.
3. The unit will continue to provide nonpostal services, a community gathering place and information center.
4. Provides the same retail service as an independent post office.
5. A savings for the Postal Service, which contributes in the long run to stable postage rates and savings for customers.

**Some disadvantages of the proposal are:**

1. Loss of an independent post office in the community.
2. Loss of a postmaster position.

Taking all available information into consideration, the Postal Service concludes this proposal will provide a maximum degree of effective and regular postal services to the community.

## II. EFFECT ON COMMUNITY

Lakeville is an unincorporated community located in Litchfield County. The community is administered politically by Town Of Salisbury CT. Police protection is provided by the Connecticut State Police. Fire protection is provided by the Lakeville Hose Company. The community is comprised of very affluent retirees, self-employed, entertainers, and those who commute to work at nearby communities and work in local businesses.

Businesses and organizations include: , none . Residents may travel to nearby communities for other supplies and services.

Nonpostal services provided at the Lakeville Post Office will continue to be provided by the Lakeville Post Office .

The following nonpostal concerns were expressed on the returned questionnaires, at the community meeting, on the petition, and on the congressional inquiry:

None

Based on the information obtained in the course of this discontinuance study, the Postal Service concludes this proposal will not adversely affect the community.

## III. EFFECT ON EMPLOYEES

The postmaster retired on January 30, 2010. The noncareer postmaster relief (PMR) may be separated from the Postal Service. No other Postal Service employee will be adversely affected. .

## IV. ECONOMIC SAVINGS

The Postal Service estimates an annual savings of $ 55,816 with a breakdown as follows:

| | |
|---|---|
| Postmaster Salary (EAS-16, No COLA) | $ 41,810 |
| Fringe Benefits @ 33.5% | $ 14,006 |
| Annual Lease Costs | + $ 0 |
| Total Annual Costs | $ 55,816 |
| Less Annual Cost of Replacement Service | - $ 0 |
| Total Annual Savings | $ 55,816 |

## V. OTHER FACTORS

The Postal Service has identified no other factors for consideration.

## VI. SUMMARY

The Postal Service is proposing to consolidate the Lakeville, CT Post Office and provide delivery and retail services by a classified branch under the administrative responsibility of the Salisbury Post Office, located one miles away.

The postmaster retired on January 30, 2010. If the office has a noncareer PMR(s), they may be separated from the Postal Service; however, attempts will be made to reassign the employee(s) to a nearby facility. No other employee(s) will be adversely affected. Post office workload has declined. Effective and regular service will continue to be provided by classified branch.

The Lakeville Post Office provided delivery and retail service to 707 PO Box or general delivery customers and 620 delivery route customers. The daily retail window transactions averaged 268. There are 12 permit mailers or postage meter customers.

A classified branch will continue to provide the same services as an independent post office, except for permit mailings and meter settings. There will be a loss of the postmaster position. However, the branch will be operated by career postal employees. To help preserve community identity, the community name and ZIP Code will be retained in the mailing address. Customers will experience no change in address. The Postal Service will save an estimated $55,816 annually. The branch will be administered and supervised by the Postal Service to ensure that high standards of service are maintained.

Taking all available information into consideration, the Postal Service has determined that the advantages outweigh the disadvantages and this proposal is warranted.

## VII. NOTICES

A. Support Materials. Copies of all materials upon which this proposal is based are available for public inspection at the Lakeville Post Office and Salisbury Post Office during normal office hours.

B. This is a proposal. It is not a final determination to consolidate this post office. If a final determination is made to consolidate this post office, after public comments on this proposal are received and taken into account, a notice of that final determination will be posted in this office.

The final determination will contain instructions on how affected customers may appeal that decision to the Postal Regulatory Commission. Any such appeal must be received by the commission within 30 days of the posting of the final determination.

Following are comments I wish to make concerning the proposed discontinuance of the LAKEVILLE Post Office.

1. **Effect on Your Postal Services.** Describe any favorable or unfavorable effects you believe the proposal would have on the regularity or effectiveness of your postal services.

going to the Salisbury P.O. would be a great inconvenience as the parking is terrible and the office is tiny. Delivery would not be affected except of course if the zipcode changed - business cards, stationery, all manner of address would have to be changed - credit cards - DON'T DO IT!

2. **Effect on Your Community.** Please describe any favorable or unfavorable effects that you believe the proposal would have on your community. The P.O. is an important part of our community. It brings people into town + that helps the commerce + small businesses that are struggling to stay open. That is an unfavorable effect.
other favorable: convenient, excellent service, great parking.
unfavorable - we need our post office! don't close it.

3. **Other Comments.** Please provide any other views or information that you believe the Postal Service should consider in deciding whether to adopt the proposal.

I have heard that if it is made a "branch office" that it can be closed without any meetings or discussion. so I hope you do not do that. Please serve the community by keeping this office open. And tell the truth about your plans. don't "secret talk" us.

Following are comments I wish to make concerning the proposed discontinuance of the LAKEVILLE Post Office.

1. **Effect on Your Postal Services.** Describe any favorable or unfavorable effects you believe the proposal would have on the regularity or effectiveness of your postal services.

I see no favorable effects on my Postal Services. If Lakeville is closed I suspect my PO Box would be moved to Salisbury. I would then have to change my mailing address on: DMV IRS, SS, subscriptions, Prescription drug plan, pension plan, bank and on and on.

2. **Effect on Your Community.** Please describe any favorable or unfavorable effects that you believe the proposal would have on your community.

There is no parking in Salisbury. I suspect the on street parking in Salisbury would adversely effect traffic flow and pedestrian safety. Loss of jobs at the P.O.? Would the USPS sell the building to the Town for $1.00? What's the town going to do with it. They have a firehouse they can't sell.

3. **Other Comments.** Please provide any other views or information that you believe the Postal Service should consider in deciding whether to adopt the proposal.

If the Salisbury P.O. cannot support all the Lakeville PO Boxes, that means rural delivery. Rural delivery, in my opinion, is a prime target for identity theft.

Favorable - I do not see any favorable effects of ~~Th~~ closing the Post Office

Unfavorable -
Where would my PO Box go? If Salisbury, I don't know how ~~#~~all of the boxes would fit.
Where will people park?
If I get a mailbox there is a safety issue as well as identity theft potential

2. **Effect on Your Community.** Please describe any favorable or unfavorable effects that you believe the proposal would have on your community.

What will happen to the building?
Traffic issue in Salisbure if folks are try to get mail w/ limited parking spots

Following are comments I wish to make concerning the proposed discontinuance of the LAKEVILLE Post Office.

1. **Effect on Your Postal Services.** Describe any favorable or unfavorable effects you believe the proposal would have on the regularity or effectiveness of your postal services.

- Unknown effect on daily delivery at ~~ts~~ 37 Chatfield, but significant disruption for delivery at Box 180. Regular trips to Salisbury where there is MUCH less parking and the fact that Salisbury is closed from 1-2 pm each day is are significant. Also, Salisbury doesn't have the ~~Box~~ P.O. Box space to add all the Lakeville boxes.

2. **Effect on Your Community.** Please describe any favorable or unfavorable effects that you believe the proposal would have on your community.

- Besides being cranky, ~~people~~ people would less incentive to go to Lakeville as regularly. Though not a commercial business (in the normal sense) the Lakeville P.O. serves as the 'anchor' store to downtown Lakeville. All the local businesses would suffer if the P.O. closed.

3. **Other Comments.** Please provide any other views or information that you believe the Postal Service should consider in deciding whether to adopt the proposal.

(A) This issue supposedly was 'settled' a few months ago, but the most logical option should have been (right from the start) to make Salisbury the satellite office. Lakeville has the size & the parking to be the 'regional' P.O. Salisbury has lots of anchor stores (Labonne's, the Salisbury Pharmacy) and would suffer less if the P.O. closed. WHY IS THIS ISSUE BACK ON THE TABLE?

I'm not sure as we are on the rural route, I do pick up mail for a patron who goes away for several months. The Lakeville office is convenient for me as I live in town and it is within walking distance. I also pass by this office on my way to + from work.

2. **Effect on Your Community.** Please describe any favorable or unfavorable effects that you believe the proposal would have on your community.

The Lakeville businesses benefit by having the office in town. The Salisbury office is not convenient. There is limited parking and they close for 2 hours every day. The Lakeville drop-off (drive-by) is especially handy for people with disabilities.

Following are comments I wish to make concerning the proposed discontinuance of the LAKEVILLE Post Office.

1. **Effect on Your Postal Services.** Describe any favorable or unfavorable effects you believe the proposal would have on the regularity or effectiveness of your postal services.

The Lakeville Post office is the largest of the Post Offices serving the residents of Salisbury. It contains many more post office boxes for residents and it has ample parking for people who use this facility. It also allows people to drive by and mail a letter without getting out of your automobile. In other words it is user friendly.

2. **Effect on Your Community.** Please describe any favorable or unfavorable effects that you believe the proposal would have on your community. The Salisbury Post office is not large enough to accomodate the number of people who currently have post office boxes in the Lakeville Post office. If anything, Close the Taconic Post office which serves very few people. Parking on the Main Street in Salisbury is getting more difficult whereas one does not have to park on Main Street to use the Lakeville P.O.

3. **Other Comments.** Please provide any other views or information that you believe the Postal Service should consider in deciding whether to adopt the proposal.

With the prospect of closing the Lakeville P.O. there would pad another building on the Real Estate market which is already crowded with unsold buildings in the Town. I believe the Salisbury P.O. is in rented space, so closing that P.O. would save money now paid in rental

I just moved back to Lakeville with my parents to 315 Main St. We immediately opened a PO Box 1478 and receive a great deal of mail & packages which would be a great inconvenience to collect

Although we can walk to the Lakeville PO parking is not an issue but probably would be at Salisbury. Salisbury.

Following are comments I wish to make concerning the proposed discontinuance of the LAKEVILLE Post Office.

1. **Effect on Your Postal Services.** Describe any favorable or unfavorable effects you believe the proposal would have on the regularity or effectiveness of your postal services.

The effects would be unfavorable. The Lakeville post office is convenient, and the facility is nicer than either Salisbury - where parking for e.g. is a problem, or Falls Village - farther away, post office not as nice.

2. **Effect on Your Community.** Please describe any favorable or unfavorable effects that you believe the proposal would have on your community.

The Lakeville post office is right in the middle of town. It brings residents to Lakeville who can then run other errands, and do shopping or banking in Lakeville. Discontinuing the Lakeville post office would have negative effects on the residents and merchants.

3. **Other Comments.** Please provide any other views or information that you believe the Postal Service should consider in deciding whether to adopt the proposal.

Of the 3 local post offices - Salisbury, Falls Village and Lakeville the Lakeville facility is clearly the nicest. I also understand that the US Government owns the Lakeville location as opposed to paying rent at other facilities. Therefore, from a convience, nicer of the facilities, and from an economic standpoint it makes no sense to close the Lakeville location unless there are political reasons of which I am not aware.

I can't begin to imagine how unfavorable the effects will be. Everything about the Lakeville post office is very favorable now. Were it to be discontinued the effects obviously, right now, are unknown.

2. **Effect on Your Community.** Please describe any favorable or unfavorable effects that you believe the proposal would have on your community.

The very favorable inter-personal relations between the postal staff and the community would be severed. Being in the center of town ~~would~~ is advantageous to local businesses. That would be disrupted.

1. **Effect on Your Postal Services.** Describe any favorable or unfavorable effects you believe the proposal would have on the regularity or effectiveness of your postal services.

For all residents of the Lakeville community it is most important to have the services a post office renders available to them. A post office in an adjacent community would be inaccessible & possibly too distant - and too small. Personally, it is important to have your service within a reasonable distance - To mail items, to procure mail sent to me, secure necessary items for mailing

2. **Effect on Your Community.** Please describe any favorable or unfavorable effects that you believe the proposal would have on your community.

Post Office Review Coordinator
USPS
141 Weston Street
Hartford, CT 06101-9631

Dear Sir or Madam:

Here are some reasons NOT to close the Lakeville, CT, post office and transfer its customers to the Salisbury CT post office:

1. There is virtually no parking at the Salisbury post office. Lakeville on the other hand has ample parking on both sides and behind the building.
2. There is no drive-up post box in Salisbury. Lakeville has one with easy access because one drives in on one side of the post office and out onto the street flanking the building on the other side. It is one-way traffic, as with the parking.
3. Traffic conditions in Salisbury are already congested. Adding all the Lakeville postal patrons to this traffic would be quite dangerous, in light of the truck traffic that rumbles through town an the lack of places to park on the post office side of the street.
4. The Salisbury post office is a much smaller building. There would not be enough available boxes to serve Lakeville patrons.
5. It would be well nigh impossible for the large mail trucks that now collect the outgoing mail from Lakeville to collect mail from the Salisbury PO.

Item 34
page 38B

6. Because of the traffic and parking problems, even if boxes were available, many of us presently paying for boxes would instead require RFD service, thus decreasing the income presently received from box rentals and increasing the expenses of RFD service. I, for one, would probably make more use of Fed Ex and UPS services because it would be easier to access them than find nearby parking to use the Salisbury PO.
7. I doubt that there is adequate space in the Salisbury post office to serve the needs of Lakeville patrons, including the two private boarding schools that receive all their mail at the Lakeville post office.
8. Finally, closing the Lakeville post office would be harmful to the half dozen local retail businesses in Lakeville as well as the real estate brokers and attorneys because the post office draws people into the village who then also patronize the other services.

Thank you for your consideration of this letter.

Sincerely yours,

1. **Effect on Your Postal Services.** Describe any favorable or unfavorable effects you believe the proposal would have on the regularity or effectiveness of your postal services.

I strongly urge that the Lakeville branch of the U.S. Post office be kept open for its location convienence, parking, knowledgable and helpful staff in this strong and growing community. To close it would put a great burden on my receiving mail and would force me to use other services.

2. **Effect on Your Community.** Please describe any favorable or unfavorable effects that you believe the proposal would have on your community.

3. **Other Comments.** Please provide any other views or information that you believe the Postal Service should consider in deciding whether to adopt the proposal.

The Salisbury branch is not large enough to handle all the services that the post office handles, in my opinion.

Following are comments I wish to make concerning the proposed discontinuance of the LAKEVILLE Post Office.

1. **Effect on Your Postal Services.** Describe any favorable or unfavorable effects you believe the proposal would have on the regularity or effectiveness of your postal services.

Closing the Lakeville Post Office would have a negative effect on our service. The Salisbury PO is too small to take care of everyone ... the building isn't even owned by the USPS — where would the PO go, if owners decided to do something else with that building? Our Lakeville building is a PO building and could easily be expanded if necessary.

2. **Effect on Your Community.** Please describe any favorable or unfavorable effects that you believe the proposal would have on your community. An empty PO Bldg would be a black mark on a beautiful town — its prominence is distinctive and the community takes care of beautification around it ... a strong signal of our pride in our town. It is a town gathering place, where customers share greetings, etc.

3. **Other Comments.** Please provide any other views or information that you believe the Postal Service should consider in deciding whether to adopt the proposal.

1. **Effect on Your Postal Services.** Describe any favorable or unfavorable effects you believe the proposal would have on the regularity or effectiveness of your postal services.

lack of parking + easy access to Salisbury P.O. will make mail p/u congested in town. would be easier to move main P.O. to Lakeville b/c it is set →

2. **Effect on Your Community.** Please describe any favorable or unfavorable effects that you believe the proposal would have on your community.

The P.O. is the center of lake. We it would change the "landscape" - not for the better.

3. **Other Comments.** Please provide any other views or information that you believe the Postal Service should consider in deciding whether to adopt the proposal.

we would seek mail delivery service over a P.O. Box - The Salis. P.O. is NOT convenient for us for daily p/u.

I find it exceptionally annoying to have to go to Salisbury for our mail. Parking is at a premium + it closes for lunch?!

2. **Effect on Your Community.** Please describe any favorable or unfavorable effects that you believe the proposal would have on your community.

The Lakeville post office is at the core of the Lakeville community. Local businesses would suffer greatly if it closed. Shopping would shift to Salisbury.

I thought this issue was settled. Does this questionaire means the Lakeville P.O. might close? Are we being duped?

I think it is OUTRAGEOUS that this is coming up again after we were told at the town hall meeting last spring that the Lakeville post office would not be closed in the foreseeable future. Stick to your word!

## Optional Comment Form

Following are comments I wish to make concerning the proposed discontinuance of the LAKEVILLE Post Office.

1. **Effect on Your Postal Services.** Describe any favorable or unfavorable effects you believe the proposal would have on the regularity or effectiveness of your postal services.

Living on a private road without any mail delivery, the discontinuance of the Lakeville Post Office will have a VERY unfavorable effect on me. I am a resident of Lakeville and depend on going to the post office daily to get my mail from the post office box (which is an expense to me and an asset to the USPS)

2. **Effect on Your Community.** Please describe any favorable or unfavorable effects that you believe the proposal would have on your community.

The unfavorable effect on the Lakeville community would be the extra cost of gas to pickup mail at the Salisbury Post Office. Also, the safety of our older folks (including me) as to the parking on RT 44 and there is ample parking at the Lakeville branch (many spaces and not on RT 44)

3. **Other Comments.** Please provide any other views or information that you believe the Postal Service should consider in deciding whether to adopt the proposal.

During winter, it is great that there is a letter drop box near the parking area. In Salisbury, you have to park your car (if you can find a spot) and get out of your car to the letter box. Safety is another concern due to heavy snow and ice.

Finally, the USPS employees always give me excellent service and are extremely friendly and courteous. Suggest closing of the smaller Salisbury, CT Post Office and utilizing the bigger Lakeville Post Office

## Optional Comment Form

Following are comments I wish to make concerning the proposed discontinuance of the LAKEVILLE Post Office.

1. **Effect on Your Postal Services.** Describe any favorable or unfavorable effects you believe the proposal would have on the regularity or effectiveness of your postal services.

Discontinuing the Lakeville CT post office would negatively impact the majority of post office users in the Township of Salisbury. This post office serves me better and more efficiently than any other one in the area — it is closest to my home.

2. **Effect on Your Community.** Please describe any favorable or unfavorable effects that you believe the proposal would have on your community.

Why close the most efficient post office in the area??? The Salisbury and Taconic post offices are too small to serve us effectively. The Lakeville post office has the best parking facilities.

3. **Other Comments.** Please provide any other views or information that you believe the Postal Service should consider in deciding whether to adopt the proposal. It appears that reasons other than best service to customers are influencing your decision to make this closure — like the "current postmaster" being in Salisbury. That's your problem! Not an appropriate reason to close the great Lakeville post office

Dear Postal Service Customer:

Thank you for taking the time to submit your comments to the proposal to close the Lakeville Post Office. Your comments are appreciated and will be carefully considered, along with the comments of other customers, as the matter is reviewed further in my office and at higher levels of the Postal Service.

In response to your letter:

- The Postal Service regularly reviews its post office operations in a continuing effort to meet the range of needs for today's postal customer, as well as the long-term needs of the Postal Service. Retail sales, customer traffic, post office box use, employee complement, service standards, cost savings, parking, customer access, environmental impact, real estate values are all evaluated in these studies. A review requires a 60-Day Posting to ensure the community has an opportunity to express their comments and concerns. I would like to thank you for submitting your Optional Comment Forms. Your letter will be added to the docket as a memo to the record. We greatly value the "voice of our customers" and recognize the Post Office is an integral part of any community, and having it located in a convenient and safe location is important. At the April 21, 2011 community meeting held at the Salisbury Town Hall the decision that the Lakeville Post Office would remain in operation was announced. While remaining open, the Lakeville Post Office will be reclassified as a branch of Salisbury Post Office. We continue to assess our options and to compile comments of local residents as we look to our next actions. As we finalize any decision, there are additional mandatory requirements for local notification and opportunity for local comment.

I realize with change there is always concern. However we are confident that the alternate service listed in the proposal will continue to provide you with effective and regular service.
If you have additional questions or comments, please feel free to contact Barbara Mastroianni at (860) 524-6495.

Your comments are appreciated and will be carefully considered, along with the comments of other customers, as the matter is reviewed further in my office and at higher levels of the Postal Service.

In response to your letter:

- The Postal Service regularly reviews its post office operations in a continuing effort to meet the range of needs for today's postal customer, as well as the long-term needs of the Postal Service. Retail sales, customer traffic, post office box use, employee complement, service standards, cost savings, parking, customer access, environmental impact, real estate values are all evaluated in these studies. A review requires a 60-Day Posting to ensure the community has an opportunity to express their comments and concerns. I would like to thank you for submitting your Optional Comment Forms. Your letter will be added to the docket as a memo to the record. We greatly value the "voice of our customers" and recognize the Post Office is an integral part of any community, and having it located in a convenient and safe location is important. At the April 21, 2011 community meeting held at the Salisbury Town Hall the decision that the Lakeville Post Office would remain in operation was announced. While remaining open, the Lakeville Post Office will be reclassified as a branch of Salisbury Post Office. We continue to assess our options and to compile comments of local residents as we look to our next actions. As we finalize any decision, there are additional mandatory requirements for local notification and opportunity for local comment.

I realize with change there is always concern. However we are confident that the alternate service listed in the proposal will continue to provide you with effective and regular service.
If you have additional questions or comments, please feel free to contact Barbara Mastroianni at (860) 524-6495.

JANET LYNN

PO BOX 485
LAKEVILLE, CT 06039

Dear Postal Service Customer:

Thank you for taking the time to submit your comments to the proposal to close the Lakeville Post Office. Your comments are appreciated and will be carefully considered, along with the comments of other customers, as the matter is reviewed further in my office and at higher levels of the Postal Service.

In response to your letter:

- The Postal Service regularly reviews its post office operations in a continuing effort to meet the range of needs for today's postal customer, as well as the long-term needs of the Postal Service. Retail sales, customer traffic, post office box use, employee complement, service standards, cost savings, parking, customer access, environmental impact, real estate values are all evaluated in these studies. A review requires a 60-Day Posting to ensure the community has an opportunity to express their comments and concerns. I would like to thank you for submitting your Optional Comment Forms. Your letter will be added to the docket as a memo to the record. We greatly value the "voice of our customers" and recognize the Post Office is an integral part of any community, and having it located in a convenient and safe location is important. At the April 21, 2011 community meeting held at the Salisbury Town Hall the decision that the Lakeville Post Office would remain in operation was announced. While remaining open, the Lakeville Post Office will be reclassified as a branch of Salisbury Post Office. We continue to assess our options and to compile comments of local residents as we look to our next actions. As we finalize any decision, there are additional mandatory requirements for local notification and opportunity for local comment.

I realize with change there is always concern. However we are confident that the alternate service listed in the proposal will continue to provide you with effective and regular service.
If you have additional questions or comments, please feel free to contact Barbara Mastroianni at (860) 524-6495.

Sincerely,

Joseph Mazzola

Dear Postal Service Customer:

Thank you for taking the time to submit your comments to the proposal to close the Lakeville Post Office. Your comments are appreciated and will be carefully considered, along with the comments of other customers, as the matter is reviewed further in my office and at higher levels of the Postal Service.

In response to your letter:

- The Postal Service regularly reviews its post office operations in a continuing effort to meet the range of needs for today's postal customer, as well as the long-term needs of the Postal Service. Retail sales, customer traffic, post office box use, employee complement, service standards, cost savings, parking, customer access, environmental impact, real estate values are all evaluated in these studies. A review requires a 60-Day Posting to ensure the community has an opportunity to express their comments and concerns. I would like to thank you for submitting your Optional Comment Forms. Your letter will be added to the docket as a memo to the record. We greatly value the "voice of our customers" and recognize the Post Office is an integral part of any community, and having it located in a convenient and safe location is important. At the April 21, 2011 community meeting held at the Salisbury Town Hall the decision that the Lakeville Post Office would remain in operation was announced. While remaining open, the Lakeville Post Office will be reclassified as a branch of Salisbury Post Office. We continue to assess our options and to compile comments of local residents as we look to our next actions. As we finalize any decision, there are additional mandatory requirements for local notification and opportunity for local comment.

# FINAL DETERMINATION TO CONSOLIDATE THE LAKEVILLE, CT POST OFFICE AND CONTINUE TO PROVIDE A CLASSIFIED BRANCH

DOCKET NUMBER 1369706 - 06039

there are additional mandatory requirements for local notification and opportunity for local comment.

The following nonpostal concerns were expressed from questionnaires, the community meeting, on the petition, and on the congressional inquiry:

1. **Concern:**

**Response:**

Thank you for your thoughtful comments concerning the Lakeville Post Office. As we indicated to you previously, your comments have been compiled in the official record and careful consideration will be taken prior to further action regarding the study for your office. Although our study process is not yet complete, our preliminary decision is to reclassify the Lakeville Post Office from an Independent Post Office to a Classified Branch of the Salisbury Post Office. Significantly, this means no change of address will be necessary and a local postal presence in Lakeville will remain. Administrative oversight for Lakeville will shift to Salisbury. Hours for the Lakeville office are likely to change should we go forward. In the surveys distributed by our office, several concerns came forward. This preliminary decision may still raise questions on these points. Let me address a few common concerns: • CONVENIENCE: Your surveys showed the convenience of the Lakeville Post Office is very important. By contrast, hours in Salisbury Post Office were limited, such as a one hour closing for lunch. We will review hours at both the Lakeville and Salisbury Post Offices. • ZIP CODE: Preserving a community's ZIP Code was raised as a concern and it is something we can address. As a classified station, the Lakeville ZIP Code would remain intact. Post office box customers would not need to change address. • CUSTOMER SERVICE: Customers commented on the friendly service they receive at the Lakeville Post Office. Several mentioned that the Lakeville Post Office is an important part of the community, and adds to the quality of life. We are committed to excellence at every location that serves you. • PARKING: Surveys noted an issue with parking at Salisbury Post Office that an increase of Lakeville customer traffic could heighten. As a classified station, operations in Lakeville would continue but likely on a different schedule. We believe this would mitigate parking congestion. • DELIVERY OPTIONS: Other comments spoke to the use of Free Rural Delivery should any decision lead to a closure of the Lakeville Post Office. We can review this option to the Lakeville community if criteria for rural delivery are met. This requires Postal Service assessments of safety and available lines-of-travel for rural routes in the area. An address change may be necessary for some residences. • OTHER ACCESS: Be assured we continue to look for ways to put the postal services you need most -- stamps, information and supplies -- right where you go, every day. Our website -- www.usps.com -- lets you print shipping labels with postage for Express Mail and Priority Mail. You can request shipping supplies or buy postage, or look for other important postal information such as ZIP Codes and mailing information. And we continue to expand the locations where you can find stamps at many local grocery or drug stores and even in bank ATMs. Again, this decision is not yet final but it moves in a direction we believe makes sense for your community and for the Postal Service. I am able to compile comments on the proposal to reclassify the Lakeville Post Office to the public record for 60 days from the date of this letter. A final decision will come at that time. I will keep you ir

This preliminary decision may still raise questions on these points. Let me address a few common concerns: • CONVENIENCE: Your surveys showed the convenience of the Lakeville Post Office is very important. By contrast, hours in Salisbury Post Office were limited, such as a one hour closing for lunch. We will review hours at both the Lakeville and Salisbury Post Offices. • ZIP CODE: Preserving a community's ZIP Code was raised as a concern and it is something we can address. As a classified station, the Lakeville ZIP Code would remain intact. Post office box customers would not need to change address. • CUSTOMER SERVICE: Customers commented on the friendly service they receive at the Lakeville Post Office. Several mentioned that the Lakeville Post Office is an important part of the community, and adds to the quality of life. We are committed to excellence at every location that serves you. • PARKING: Surveys noted an issue with parking at Salisbury Post Office that an increase of Lakeville customer traffic could heighten. As a classified station, operations in Lakeville would continue but likely on a different schedule. We believe this would mitigate parking congestion. • DELIVERY OPTIONS: Other comments spoke to the use of Free Rural Delivery should any decision lead to a closure of the Lakeville Post Office. We can review this option to the Lakeville community if criteria for rural delivery are met. This requires Postal Service assessments of safety and available lines-of-travel for rural routes in the area. An address change may be necessary for some residences. • OTHER ACCESS: Be assured we continue to look for ways to put the postal services you need most -- stamps, information and supplies -- right where you go, every day. Our website -- www.usps.com -- lets you print shipping labels with postage for Express Mail and Priority Mail. You can request shipping supplies or buy postage, or look for other important postal information such as ZIP Codes and mailing information. And we continue to expand the locations where you can find stamps at many local grocery or drug stores and even in bank ATMs. Again, this decision is not yet final but it moves in a direction we believe makes sense for your community and for the Postal Service. I am able to compile comments on the proposal to reclassify the Lakeville Post Office to the public record for 60 days from the date of this letter. A final decision will come at that time. I will keep you ir

CLOSE TACONIC & SALISBURY USE LAKEVILLE BECAUSE IT IS THE BIGGER FACILITY

**Response:**

Thank you for your thoughtful comments concerning the Lakeville Post Office. As we indicated to you previously, your comments have been compiled in the official record and careful consideration will be taken prior to further action regarding the study for your office. Although our study process is not yet complete, our preliminary decision is to reclassify the Lakeville Post Office from an Independent Post Office to a Classified Branch of the Salisbury Post Office. Significantly, this means no change of address will be necessary and a local postal presence in Lakeville will remain. Administrative oversight for Lakeville will shift to Salisbury. Hours for the Lakeville office are likely to change should we go forward. In the surveys distributed by our office, several concerns came forward. This preliminary decision may still raise questions on these points. Let me address a few common concerns: • CONVENIENCE: Your surveys showed the convenience of the Lakeville Post Office is very important. By contrast, hours in Salisbury Post Office were limited, such as a one hour closing for lunch. This requires Postal Service assessments of safety and available lines-of-travel for rural routes in the area. An address change may be necessary for some residences. • OTHER ACCESS: Be assured we continue to look for ways to put the postal services you need most -- stamps, information and supplies -- right where you go, every day. Our website -- www.usps.com -- lets you print shipping labels with postage for Express Mail and Priority Mail. You can request shipping supplies or buy postage, or look for other important postal information such as ZIP Codes and mailing information. And we continue to expand the locations where you can find stamps at many local grocery or drug stores and even in bank ATMs. Again, this decision is not yet final but it moves in a direction we believe makes sense for your community and for the Postal Service. I am able to compile comments on the proposal to reclassify the Lakeville Post Office to the public record for 60 days from the date of this letter. A final decision will come at that time. 24. **Concern:**

Customer expressed a concern about IT NOT BEING CONVENIENT GOING TO SALISBURY

**Response:**

Thank you for your thoughtful comments concerning the Lakeville Post Office. As we indicated to you previously, your comments have been compiled in the official record and careful consideration will be taken prior to further action regarding the study for your office. Although our study process is not yet complete, our preliminary decision is to reclassify the Lakeville Post Office from an Independent Post Office to a Classified Branch of the Salisbury Post Office. Significantly, this means no change of address will be necessary and a local postal presence in Lakeville will remain. Administrative oversight for Lakeville will shift to Salisbury. Hours for the Lakeville office are likely to change should we go forward. In the surveys distributed by our office, several concerns came forward. This preliminary decision may still raise questions on these points. Let me address a few common concerns: • CONVENIENCE: Your surveys showed the convenience of the Lakeville Post Office is very important. By contrast, hours in Salisbury Post Office were limited, such as a one hour closing for lunch. We will review hours at both the Lakeville and Salisbury Post Offices. • ZIP CODE: Preserving a community's ZIP Code was raised as a concern and it is something we can address. As a classified station, the Lakeville ZIP Code would remain intact. Post office box customers would not need to change address. • CUSTOMER SERVICE: Customers commented on the friendly service they receive at the Lakeville Post Office. Several mentioned that the Lakeville Post Office is an important part of the community, and adds to the quality of life. We are committed to excellence at every location that serves you. • PARKING: Surveys noted an issue with parking at Salisbury Post Office that an increase of Lakeville customer traffic could heighten. As a classified station, operations in Lakeville would continue but likely on a different schedule. We believe this would mitigate parking congestion. • DELIVERY OPTIONS: Other comments spoke to the use of Free Rural Delivery should any decision lead to a closure of the Lakeville Post Office. We can review this option to the Lakeville community if criteria for rural delivery are met. This requires Postal Service assessments of safety

and available lines-of-travel for rural routes in the area. An address change may be necessary for some residences. • OTHER ACCESS: Be assured we continue to look for ways to put the postal services you need most -- stamps, information and supplies -- right where you go, every day. Although our study process is not yet complete, our preliminary decision is to reclassify the Lakeville Post Office from an Independent Post Office to a Classified Branch of the Salisbury Post Office. Significantly, this means no change of address will be necessary and a local postal presence in Lakeville will remain. Administrative oversight for Lakeville will shift to Salisbury. Hours for the Lakeville office are likely to change should we go forward. In the surveys distributed by our office, several concerns came forward. This preliminary decision may still raise questions on these points. Let me address a few common concerns: • CONVENIENCE: Your surveys showed the convenience of the Lakeville Post Office is very important. By contrast, hours in Salisbury Post Office were limited, such as a one hour closing for lunch. We will review hours at both the Lakeville and Salisbury Post Offices. • ZIP CODE: Preserving a community's ZIP Code was raised as a concern and it is something we can address. As a classified station, the Lakeville ZIP Code would remain intact. Post office box customers would not need to change address. • CUSTOMER SERVICE: Customers commented on the friendly service they receive at the Lakeville Post Office. Several mentioned that the Lakeville Post Office is an important part of the community, and adds to the quality of life. We are committed to excellence at every location that serves you. • PARKING: Surveys noted an issue with parking at Salisbury Post Office that an increase of Lakeville customer traffic could heighten. As a classified station, operations in Lakeville would continue but likely on a different schedule. We believe this would mitigate parking congestion. • DELIVERY OPTIONS: Other comments spoke to the use of Free Rural Delivery should any decision lead to a closure of the Lakeville Post Office. We can review this option to the Lakeville community if criteria for rural delivery are met. This requires Postal Service assessments of safety and available lines-of-travel for rural routes in the area. An address change may be necessary for some residences. • OTHER ACCESS: Be assured we continue to look for ways to put the postal services you need most -- stamps, information and supplies -- right where you go, every day. Our website -- www.usps.com -- lets you print shipping labels with postage for Express Mail and Priority Mail. You can request shipping supplies or buy postage, or look for other important postal information such as ZIP Codes and mailing information. And we continue to expand the locations where you can find stamps at many local grocery or drug

stores and even in bank ATMs. Again, this decision is not yet final but it moves in a direction we believe makes sense for your community and for the Postal Service. I am able to compile comments on the proposal to reclassify the Lakeville Post Office to the public record for 60 days from the date of this letter. A final decision will come at that time. I will keep you ir

We can review this option to the Lakeville community if criteria for rural delivery are met. This requires Postal Service assessments of safety and available lines-of-travel for rural routes in the area. An address change may be necessary for some residences. • OTHER ACCESS: Be assured we continue to look for ways to put the postal services you need most -- stamps, information and supplies -- right where you go, every day. Our website -- www.usps.com -- lets you print shipping labels with postage for Express Mail and Priority Mail. You can request shipping supplies or buy postage, or look for other important postal information such as ZIP Codes and mailing information. And we continue to expand the locations where you can find stamps at many local grocery or drug stores and even in bank ATMs. Again, this decision is not yet final but it moves in a direction we believe makes sense for your community and for the Postal Service. I am able to compile comments on the proposal to reclassify the Lakeville Post Office to the public record for 60 days from the date of this letter. A final decision will come at that time. 47. **Concern:** Customers expressed concern about having to erect a rural mailbox AND CLOSE PO BOX

**Response:**

Thank you for your thoughtful comments concerning the Lakeville Post Office. As we indicated to you previously, your comments have been compiled in the official record and careful consideration will be taken prior to further action regarding the study for your office. Although our study process is not yet complete, our preliminary decision is to reclassify the Lakeville Post Office from an Independent Post Office to a Classified Branch of the Salisbury Post Office. Significantly, this means no change of address will be necessary and a local postal presence in Lakeville will remain. Administrative oversight for Lakeville will shift to Salisbury. Hours for the Lakeville office are likely to change should we go forward. In the surveys distributed by our office, several concerns came forward. This preliminary decision may still raise questions on these points. Let me address a few common concerns: • CONVENIENCE: Your surveys showed the convenience of the Lakeville Post Office is very important. By contrast, hours in Salisbury Post Office were limited, such as a one hour closing for lunch. We will review hours at both the Lakeville and Salisbury Post Offices. • ZIP CODE: Preserving a community's ZIP Code was raised as a concern and it is something we can address. As a classified station, the Lakeville ZIP Code would remain intact. Post office box customers would not need to change address. • CUSTOMER SERVICE: Customers commented on the friendly service they receive at the Lakeville Post Office. Several mentioned that the Lakeville Post Office is an important part of the community, and adds to the quality of life. We are committed to excellence at every location that serves you. • PARKING: Surveys noted an issue with parking at Salisbury Post Office that an increase of Lakeville customer traffic could heighten. As a classified station, operations in Lakeville would continue but likely on a different schedule. We believe this would mitigate parking congestion. • DELIVERY OPTIONS: Other comments spoke to the use of Free Rural Delivery should any decision lead to a closure of the Lakeville Post Office. We can review this option to the Lakeville community if criteria for rural delivery are met. This requires Postal Service assessments of safety and available lines-of-travel for rural routes in the area. 49. **Concern:** Customers expressed concern for loss of community identity

**Response:** The customer expressed a concern about the loss of the Communities' identity. A community's identity derives from the interest and vitality of its residents and their use of its name. The Postal Service is helping to preserve community identity by continuing the use of the suspended Post Office name and ZIP Code in addresses and in the National Five-Digit ZIP Code and Post Office Directory.

Thank you for your thoughtful comments concerning the Lakeville Post Office. As we indicated to you previously, your comments have been compiled in the official record and careful consideration will be taken prior to further action regarding the study for your office. Although our study process is not yet complete, our preliminary decision is to reclassify the Lakeville Post Office from an Independent Post Office to a Classified Branch of the Salisbury Post Office. Significantly, this means no change of address will be necessary and a local postal presence in Lakeville will remain. Administrative oversight for Lakeville will shift to Salisbury. Hours for the Lakeville office are likely to change should we go forward. In the surveys distributed by our office, several concerns came forward. This preliminary decision may still raise questions on these points. Let me address a few common concerns: • CONVENIENCE: Your surveys showed the convenience of the Lakeville Post Office is very important. By contrast, hours in Salisbury Post Office were limited, such as a one hour closing for lunch. We will review hours at both the Lakeville and Salisbury Post Offices. • ZIP CODE: Preserving a community's ZIP Code was raised as a concern and it is something we can address. As a classified station, the Lakeville ZIP Code would remain intact. Post office box customers would not need to change address. • CUSTOMER SERVICE: Customers commented on the friendly service they receive at the Lakeville Post Office. Several mentioned that the Lakeville Post Office is an important part of the community, and adds to the quality of life. We are committed to excellence at every location that serves you. • PARKING: Surveys noted an issue with parking at Salisbury Post Office that an increase of Lakeville customer traffic could heighten. As a classified station, operations in Lakeville would continue but likely on a different schedule. We believe this would mitigate parking congestion. • DELIVERY OPTIONS: Other comments spoke to the use of Free Rural Delivery should any decision lead to a closure of the Lakeville Post Office. We can review this option to the Lakeville community if criteria for rural delivery are met. This requires Postal Service assessments of safety and available lines-of-travel for rural routes in the area. An address change may be necessary for some residences. • OTHER ACCESS: Be assured we continue to look for ways to put the postal services you need most -- stamps, information and supplies -- right where you go, every day. Our website -- www.usps.com -- lets you print shipping labels with postage for Express Mail and Priority Mail. You can request shipping supplies or buy postage, or look for other important postal information such as ZIP Codes and mailing information. And we continue to expand the locations where you can find stamps at many local grocery or drug stores and even in bank ATMs. Again, this decision is not yet final but it moves in a direction we believe makes sense for your community and for the Postal Service. I am able to compile comments on the proposal to reclassify the Lakeville Post Office to the public record for 60 days from the date of this letter. A final decision will come at that time. I will keep you ir

As a classified station, operations in Lakeville would continue but likely on a different schedule. We believe this would mitigate parking congestion. • DELIVERY OPTIONS: Other comments spoke to the use of Free Rural Delivery should any decision lead to a closure of the Lakeville Post Office. We can review this option to the Lakeville community if criteria for rural delivery are met. This requires Postal Service assessments of safety and available lines-of-travel for rural routes in the area. An address change may be necessary for some residences. • OTHER ACCESS: Be assured we continue to look for ways to put the postal services you need most -- stamps, information and supplies -- right where you go, every day. Our website -- www.usps.com -- lets you print shipping labels with postage for Express Mail and Priority Mail. You can request shipping supplies or buy postage, or look for other important postal information such as ZIP Codes and mailing information. And we continue to expand the locations where you can find stamps at many local grocery or drug stores and even in bank ATMs. Again, this decision is not yet final but it moves in a direction we believe makes sense for your community and for the Postal Service. I am able to compile comments on the proposal to reclassify the Lakeville Post Office to the public record for 60 days from the date of this letter. A final decision will come at that time. LAKEVILL IS A LARGER BUILDING THEN SALISBURY CLOSE TACONIC

**Response:**

Thank you for your thoughtful comments concerning the Lakeville Post Office. As we indicated to you previously, your comments have been compiled in the official record and careful consideration will be taken prior to further action regarding the study for your office. Although our study process is not yet complete, our preliminary decision is to reclassify the Lakeville Post Office from an Independent Post Office to a Classified Branch of the Salisbury Post Office. Significantly, this means no change of address will be necessary and a local postal presence in Lakeville will remain. Administrative oversight for Lakeville will shift to Salisbury. Hours for the Lakeville office are likely to change should we go forward. In the surveys distributed by our office, several concerns came forward. This preliminary decision may still raise questions on these points. Let me address a few common concerns: • CONVENIENCE: Your surveys showed the convenience of the Lakeville Post Office is very important. By contrast, hours in Salisbury Post Office were limited, such as a one hour closing for lunch. We will review hours at both the Lakeville and Salisbury Post Offices. • ZIP CODE: Preserving a community's ZIP Code was raised as a concern and it is something we can address. As a classified station, the Lakeville ZIP Code would remain intact. Post office box customers would not need to change address. • CUSTOMER SERVICE: Customers commented on the friendly service they receive at the Lakeville Post Office. Several mentioned that the Lakeville Post Office is an important part of the community, and adds to the quality of life. We are committed to excellence at every location that serves you. • PARKING: Surveys noted an issue with parking at Salisbury Post Office that an increase of Lakeville customer traffic could heighten. As a classified station, operations in Lakeville would continue but likely on a different schedule. We believe this would mitigate parking congestion. • DELIVERY OPTIONS: Other comments spoke to the use of Free Rural Delivery should any decision lead to a closure of the Lakeville Post Office. As we indicated to you previously, your comments have been compiled in the official record and careful consideration will be taken prior to further action regarding the study for your office. Although our study process is not yet complete, our preliminary decision is to reclassify the Lakeville Post Office from an Independent Post Office to a Classified Branch of the Salisbury Post Office. Significantly, this means no change of address will be necessary and a local postal presence in Lakeville will remain. Administrative oversight for Lakeville will shift to Salisbury. Hours for the Lakeville office are likely to change should we go forward. In the surveys distributed by our office, several concerns came forward. This preliminary decision may still raise questions on these points. Let me address a few common concerns: • CONVENIENCE: Your surveys showed the convenience of the Lakeville Post Office is very important. By contrast, hours in Salisbury Post Office were limited, such as a one hour closing for lunch. We will review hours at both the Lakeville and Salisbury Post Offices. • ZIP CODE: Preserving a community's ZIP Code was raised as a concern and it is something we can address. As a classified station, the Lakeville ZIP Code would remain intact. Post office box customers would not need to change address. • CUSTOMER SERVICE: Customers commented on the friendly service they receive at the Lakeville Post Office. Several mentioned that the Lakeville Post Office is an important part of the community, and adds to the quality of life. We are committed to excellence at every location that serves you. • PARKING: Surveys noted an issue with parking at Salisbury Post Office that an increase of Lakeville customer traffic could heighten. As a classified station, operations in Lakeville would continue but likely on a different schedule. We believe this would mitigate parking congestion. • DELIVERY OPTIONS: Other comments spoke to the use of Free Rural Delivery should any decision lead to a closure of the Lakeville Post Office. We can review this option to the Lakeville community if criteria for rural delivery are met. This requires Postal Service assessments of safety and available lines-of-travel for rural routes in the area. An address change may be necessary for some residences. • OTHER ACCESS: Be assured we continue to look for ways to put the postal services you need most -- stamps, information and supplies -- right where you go, every day. Our website -- www.usps.com -- lets you print shipping labels with postage for Express Mail and Priority Mail. You can request shipping supplies or buy postage, or look for other important postal information such as ZIP Codes and mailing information. And we continue to expand the locations where you can find stamps at many local grocery or drug stores and even in bank ATMs. Again, this decision is not yet final but it moves in a direction we believe makes sense for your community and for the Postal Service. I am able to compile comments on the proposal to reclassify the Lakeville Post Office to the public record for 60 days from the date of this letter. A final decision will come at that time. I will keep you ir

We believe this would mitigate parking congestion. • DELIVERY OPTIONS: Other comments spoke to the use of Free Rural Delivery should any decision lead to a closure of the Lakeville Post Office. We can review this option to the Lakeville community if criteria for rural delivery are met. This requires Postal Service assessments of safety and available lines-of-travel for rural routes in the area. An address change may be necessary for some residences. • OTHER ACCESS: Be assured we continue to look for ways to put the postal services you need most -- stamps, information and supplies -- right where you go, every day. Our website -- www.usps.com -- lets you print shipping labels with postage for Express Mail and Priority Mail. You can request shipping supplies or buy postage, or look for other important postal information such as ZIP Codes and mailing information. And we continue to expand the locations where you can find stamps at many local grocery or drug stores and even in bank ATMs. Again, this decision is not yet final but it moves in a direction we believe makes sense for your community and for the Postal Service. I am able to compile comments on the proposal to reclassify the Lakeville Post Office to the public record for 60 days from the date of this letter. A final decision will come at that time. 94. **Concern:** SALISBURY CLOSES BETWEEN 1-2 NOT CONVIENANT FOR ME

**Response:** Thank you for your thoughtful comments concerning the Lakeville Post Office. As we indicated to you previously, your comments have been compiled in the official record and careful consideration will be taken prior to further action regarding the study for your office. Although our study process is not yet complete, our preliminary decision is to reclassify the Lakeville Post Office from an Independent Post Office to a Classified Branch of the Salisbury Post Office. Significantly, this means no change of address will be necessary and a local postal presence in Lakeville will remain. Administrative oversight for Lakeville will shift to Salisbury. Hours for the Lakeville office are likely to change should we go forward. In the surveys distributed by our office, several concerns came forward. This preliminary decision may still raise questions on these points. Let me address a few common concerns: • CONVENIENCE: Your surveys showed the convenience of the Lakeville Post Office is very important. By contrast, hours in Salisbury Post Office

were limited, such as a one hour closing for lunch. We will review hours at both the Lakeville and Salisbury Post Offices. • ZIP CODE: Preserving a community's ZIP Code was raised as a concern and it is something we can address. As a classified station, the Lakeville ZIP Code would remain intact. Post office box customers would not need to change address. • CUSTOMER SERVICE: Customers commented on the friendly service they receive at the Lakeville Post Office. Several mentioned that the Lakeville Post Office is an important part of the community, and adds to the quality of life. We are committed to excellence at every location that serves you. • PARKING: Surveys noted an issue with parking at Salisbury Post Office that an increase of Lakeville customer traffic could heighten. As a classified station, operations in Lakeville would continue but likely on a different schedule. We believe this would mitigate parking congestion. • DELIVERY OPTIONS: Other comments spoke to the use of Free Rural Delivery should any decision lead to a closure of the Lakeville Post Office. We can review this option to the Lakeville community if criteria for rural delivery are met. As we indicated to you previously, your comments have been compiled in the official record and careful consideration will be taken prior to further action regarding the study for your office. Although our study process is not yet complete, our preliminary decision is to reclassify the Lakeville Post Office from an Independent Post Office to a Classified Branch of the Salisbury Post Office. Significantly, this means no change of address will be necessary and a local postal presence in Lakeville will remain. Administrative oversight for Lakeville will shift to Salisbury. Hours for the Lakeville office are likely to change should we go forward. In the surveys distributed by our office, several concerns came forward. This preliminary decision may still raise questions on these points. Let me address a few common concerns: • CONVENIENCE: Your surveys showed the convenience of the Lakeville Post Office is very important. By contrast, hours in Salisbury Post Office were limited, such as a one hour closing for lunch. We will review hours at both the Lakeville and Salisbury Post Offices. • ZIP CODE: Preserving a community's ZIP Code was raised as a concern and it is something we can address. As a classified station, the Lakeville ZIP Code would remain intact. Post office box customers would not need to change address. • CUSTOMER SERVICE: Customers commented on the friendly service they receive at the Lakeville Post Office. Several

mentioned that the Lakeville Post Office is an important part of the community, and adds to the quality of life. We are committed to excellence at every location that serves you. • PARKING: Surveys noted an issue with parking at Salisbury Post Office that an increase of Lakeville customer traffic could heighten. As a classified station, operations in Lakeville would continue but likely on a different schedule. We believe this would mitigate parking congestion. • DELIVERY OPTIONS: Other comments spoke to the use of Free Rural Delivery should any decision lead to a closure of the Lakeville Post Office. We can review this option to the Lakeville community if criteria for rural delivery are met. This requires Postal Service assessments of safety and available lines-of-travel for rural routes in the area. An address change may be necessary for some residences. • OTHER ACCESS: Be assured we continue to look for ways to put the postal services you need most -- stamps, information and supplies -- right where you go, every day. Our website -- www.usps.com -- lets you print shipping labels with postage for Express Mail and Priority Mail. You can request shipping supplies or buy postage, or look for other important postal information such as ZIP Codes and mailing information. And we continue to expand the locations where you can find stamps at many local grocery or drug stores and even in bank ATMs. Again, this decision is not yet final but it moves in a direction we believe makes sense for your community and for the Postal Service. I am able to compile comments on the proposal to reclassify the Lakeville Post Office to the public record for 60 days from the date of this letter. A final decision will come at that time. I will keep you ir

114. **Concern:** Does reclassifying Lakeville to a Station make it weaker?

**Response:** The reclassification of the Lakeville Post Office means that this office would report to an administrating office who would oversee all of the staffing, hours of operation et cetera. It just does not have a sitting postmaster.

115. **Concern:** Was Lakeville targeted because of expenses?

**Response:** No, Lakeville has a postmaster vacancy which would automatically prompt us to begin the review process on an office. There are two types of discontinuance studies; a management initiated which is when there is a vacancy and an emergency severe damage, safety hazard, loss of lease etc which would begin a study.

116. **Concern:** What is it to stop the Postal Service from trying to close the Lakeville Post Office in the future.

**Response:** There is nothing to prevent another study in the future.

117. **Concern:** Why not just move the Salisbury Postmaster?

**Response:** A postmaster can be approached and asked if they would like to reassignment to another office, but cannot be moved witout being asked.

**Some advantages of the proposal are:**

1. Maintains a postal facility and retail outlet in the community.
2. Customers will continue to use the same mailing address and ZIP Code. There will be no change to customers' addresses.
3. The unit will continue to provide nonpostal services, a community gathering place and information center.
4. Provides the same retail service as an independent post office.
5. A savings for the Postal Service, which contributes in the long run to stable postage rates and savings for customers.

**Some disadvantages of the proposal are:**

1. Loss of an independent post office in the community.
2. Loss of a postmaster position.

Taking all available information into consideration, the Postal Service concludes this final determination will provide a maximum degree of effective and regular postal services to the community.

## II. EFFECT ON COMMUNITY

Lakeville is an unincorporated community located in LITCHFIELD County. The community is administered politically by Town Of Salisbury CT. Police protection is provided by the Connecticut State Police. Fire protection is provided by the Lakeville Hose Company. The community is comprised of very affluent retirees, self-employed, entertainers and those who commute to work at nearby communities and may work in local businesses.

Businesses and organizations include: , none . Residents may travel to nearby communities for other supplies and services.

Nonpostal services provided at the Lakeville Post Office will continue to be provided by the Lakeville Post Office .

The following nonpostal concerns were expressed from questionnaires, the community meeting, on the petition, and on the congressional inquiry:

None

Based on the information obtained in the course of this discontinuance study, the Postal Service concludes this final determination will not adversely affect the community.

## III. EFFECT ON EMPLOYEES

## VI. SUMMARY

This is the final determination to consolidate the Lakeville, CT Post Office and provide delivery and retail services by a classified branch under the administrative responsibility of the Salisbury Post Office, located one miles away.

The postmaster retired on January 30, 2010. If the office has a noncareer PMR(s), they may be separated from the Postal Service; however, attempts will be made to reassign the employee(s) to a nearby facility. No other employee(s) will be adversely affected. The workload has declined. Effective and regular service will continue to be provided by classified branch.

The Lakeville Post Office provided delivery and retail service to 707 PO Box or general delivery customers and 620 delivery route customers. The daily retail window transactions averaged 268. There are 12 permit mailers or postage meter customers.

A classified branch will continue to provide the same services as an independent post office, except for permit mailings and meter settings. There will be a loss of the postmaster position. However, the branch will be operated by career postal employees. To help preserve community identity, the community name and ZIP Code will be retained in the mailing address. Customers will experience no change in address. The Postal Service will save an estimated $55,816 annually. The branch will be administered and supervised by the Postal Service to ensure that high standards of service are maintained.

Taking all available information into consideration, the Postal Service has determined that the advantages outweigh the disadvantages and this final determination is warranted.

## VII. NOTICES

A. Support Materials. Copies of all materials upon which this final determination is based are available for public inspection at the Lakeville Post Office and Salisbury Post Office during normal office hours.

B. Appeal Rights. This final determination to close the Lakeville Post Office may be appealed by any person served by that office to the Postal Regulatory Commission at 901 New York Ave NW, Suite 200, Washington DC 20268-000l. Appeals must be received by the Commission within 30 days of the date this final determination is posted. If an appeal is filed, copies of appeal documents prepared by the Postal Regulatory Commission or the parties to the appeal will be made available for public inspection at Lakeville Post Office and Salisbury Post Office during normal office hours.

ATTENTION: Post Office Review Coordinator

SUBJECT: Final Determination- LAKEVILLE

The final determination to discontinue the subject Post Office is enclosed, along with a Postal Bulletin announcement form to be completed and returned to this office through the district.

Please provide public notice by prominently posting a copy of the final determination in the appropriate Post Office. Make a copy of the completed record available for public inspection during normal working hours at the Post Office during the mandatory 30-day posting period. Please note that the first day of the actual 30-day posting period begins at day "zero".

*POSTAL BULLETIN* – POST OFFICE CHANGE ANNOUNCEMENT

Complete the enclosed Postal Bulletin Post Office Change Announcement form in its entirety and send it to this office (in triplicate) on the day the final determination is removed. One form will be used to document the official record, one sent to the Accounting Systems Development office, and the third copy will be forwarded to the Headquarters Address Management. Please note that Headquarters Address Management will not announce any Post Office closing or consolidation except when requested in writing by this office. Announcement form mailing instructions are provided at the bottom of the form.

APPEAL

Providing there are no appeals to the Postal Rate Commission, the office will be officially discontinued the first Saturday that falls 60 days after posting the final determination. If the final determination is appealed, we will furnish you with appropriate instructions. Please contact this office if a different date is needed for the official discontinuance. It must be noted, however, that the law prohibits discontinuance sooner than 60 days after the date the final determination was posted.

*NATIONAL FIVE-DIGIT ZIP CODE AND POST OFFICE DIRECTORY UPDATE*

Please coordinate with your Address Management System (AMS) unit to make sure that the AMS database is updated according to existing Headquarters Address Management instructions. That request, however, shall not be made until this office has notified you in writing that no appeals are pending.

OFFICIAL RECORD

Chronologically file this memorandum in your copy of the official record. All final determination postings must be added to the record at the end of the 30-day public posting period. Do not send them to Headquarters. The official record should be archived at the district by the Post Office discontinuance coordinator after the appeal decision is rendered and/or the Post Office change announcement has appeared in the Postal Bulletin.

If you have any questions, please contact Rich Rudez at (202) 268-5062.

Thank you for your assistance.
