POSTAL REGULATORY  
COMMISSION  
OFFICE OF THE SECRETARY

Dear Sir or Madam:

I wish to appeal the Final Determination to close the Lodi Texas Post Office.

This was posted on 9-26-2011 and assigned Docket Number 1370779-75564.

It appears the USPS has set these closing procedures on autopilot, and there is really nothing anyone can do to stop them. It amazes me that even with the Constitutional Rights under 39 (U.S.C.) 404 (b), they are being allowed to run amok over the citizens that they are being paid to serve.

All of their opinions and responses are self-serving, which they must be to justify the actions they are taking.

They don't actually "study" a post office for closure. They target it for closure and then proceed to process it. There is NO careful consideration being made. OR they would be considering the impact on our community. Advantage is being taken of the poor, the elderly, the minorities, and the ones who have also always shown respect for authority, believed in their rights as American citizens and believed they would be treated fairly.

They have specific rules established for this process. They are not following their own rules. I do not believe this is the time to be lengthy, but will outline specifics in Participant Statement when that is submitted.

I truly wish that there were more the PRC could do tame this beast that is the USPS. I appreciate any time and effort spent on my behalf.

Sincerely,

Tammy Cornett
