POSTAL REGULATORY  
COMMISSION  
OFFICE OF THE SECRETARY

Attn: Secretary Postal Regulatory Commission

This is an appeal to the closing of the Amoret Post Office. We were told at the community meeting in order to appeal the closing of the Amoret Post Office that the United States Postal Service had to follow the legal regulations in closing our office. According to the PO-101, Section 253 (c) it states the District Manager or MPOO conducts the Management Presentation and provides responses to customer's questions. Joanne Dean is not an MPOO or a district manager. She is the Discontinuance Coordinator. She is the one that conducted the Amoret meeting and answered questions.

Here's the portion from the PO-101

*253 Conducting the meeting*

The Manager, Marketing, has the overall responsibility for the community meeting, The Discontinuance Coordinator should assist with coordinating the following activities:

- a. The Manager, Marketing, sets up the meeting location and required equipment.
- b. The Discontinuance Coordinator places the sign-in sheet near the entrance of the meeting room and encourages customers to sign in.
- c. The District Manager or MPOO conducts the Management presentation and provides response to customer questions.
- d. The Manger, Consumer and Industry Contact, with assistance of the Discontinuance Coordinator, has responsibility for collecting customer comments and management responses.

We, the customers of the Amoret Post Office, feel the USPS did not follow correct procedures in conducting the meeting and we feel we have a very valid point to appeal this closing.

Respectfully,

Bobbey Jo Hicks
