Docket #- 1368377-24848

Dear Postal Commissioner:

We, the customers of the Jenkinjones USPS would like to appeal the final determination to close the Jenkinjones, WV Post Office and extend service by highway contract route, docket number 1368377-24848 based on the fact that we believe the information in the docket is not factual. For instance, the postmaster was not promoted she retired and the dates are not correct. Also, the OICs that have been place here earn a hourly wage not a salary so the earnings are not presenting a clear statement. So we have to wonder is it clearly correct to say how much money the office will gain or lose based on these numbers. We believe the post service is unjustly targeting small rural communities, but if you check the numbers at this office we feel that you may see for the siae of area it does a fair amount of business. We also feel that there should be more input from the community and that the postal service would be willing to discuss other options for the community.

Sincerely,

*May Bridgeman*
