Re: Closing of Morgan City Mississippi Post Office  
38946

OCT 31 2011

Office of PAGR

Dear Sirs:

Our post office has received notification dated September 26, 2011 that the final determination has been made to close our post office. As a small rural town in the Mississippi Delta, our local post office is the only communication some of our residents have to the outside world. We are a very poor community and depend on our local post office for delivery of mail which sometimes consists of medicine and financial assistance from our families. The majority of our residents do not have access to computers and internet and some are without televisions and radios. A daily trip to the post office is what some of our elderly citizens look forward to each day.

In the past two years, our small community has received multiple grants which have been used to improve and better our community. Since we are headed in a positive direction, we feel our community will grow and attract more residents. Our post office would be a benefit to any newcomers and certainly is a benefit to those of us here now.

Please accept this petition as our attempt to be re-evaluated for remaining an active facility. The undersigned signatures represent those of us who depend on our Morgan City Mississippi post office.

Sincerely,

Martha Mullen, Mayor
