UNITED STATES POSTAL SERVICE

02/01/2011

Dear Postal Customer:

On January 31, 2011 the lease on the New Boston Post Office building expired. Negotiation attempts between the Post Office and landlord have failed. Therefore, it will be necessary to suspend services at the New Boston Post Office at the close of business on Friday February 4, 2011. This change is tentative and will not lead to a formal proposal unless we conclude that it will provide a maximum degree of regular and effective postal services. A community meeting will be held in the near future.

While the office is suspended, delivery and retail services will either be provided by a rural carrier to roadside mailboxes installed by customers or by rural carrier to cluster box units (CBU's) installed and maintained by the Postal Service. A decision on which mode of delivery will be made shortly. In the meantime, New Boston Post Office Box customers will be required to pick up their mail starting on Saturday February 5th, 2011 at the Joy Post Office. Retail hours at the Joy Post Office are listed below in this letter. Customers presently receiving rural delivery will not experience a change in service, with the possible exceptions of picking up parcels and accountable mail at the Joy Post Office that the carrier was unable to deliver.

Rural delivery is particularly beneficial to senior citizens, people with disabilities, and working people because no one has to pick up the mail from the post office. You will have 24-hour access to your mail. In addition, the rural carrier can provide all the retail services provided at the Joy Post Office. Enclosed is information about some of the services available from the carrier. Most transactions do not require meeting a carrier at the mailbox. *Stamps By Mail* order envelopes and *Money Order Application* forms are available for your convenience; or you may place a note in the mailbox, with payment, and the carrier will provide the requested services. When an accountable item requiring a signature, such as a certified letter, cannot be delivered on the first day, the carrier will return the item to the Joy Post Office. You may pick up the article at the Joy Post Office, request redelivery on another day convenient for you, or authorize the carrier to deliver the item to another person. If appropriate, Post Office box refunds will be provided by the Joy Postmaster.

Customers who wish to obtain Post Office box service may do so at the Joy Post Office, located 7 miles away. The Joy Post Office lobby hours are 5:00 a.m. to 7:00 p.m. each day. Window service hours at Joy are 7:30 a.m. to 12:00 p.m. and 1:00 p.m. to 4:00 p.m. Monday through Friday, and 7:30 a.m. to 10:00 a.m. on Saturday. Post Office boxes are available at this location at the same fee you now pay for those who are currently paying for a PO Box.

I realize with change there is always concern. No final decision to permanently discontinue the Post Office has been made. In the near future we will be contacting you to explain our plans and solicit your comments concerning possible alternate means of providing postal and other services. In the interim, we are confident that carrier delivery will continue to provide New Boston customers with effective and regular postal services.

Sincerely,

Angie Green for Wendy Berg

SUBJECT: Post Office Discontinuance
New Boston, IL 61272-9998

Effective close of business 2/4/2011, services will be suspended at the New Boston Illinois Post Office. Lease negotiation attempts between the Post Office and landlord have failed.

Delivery and retail services will be provided to the community by a rural carrier emanating from Joy Illinois to cluster box units installed at a later date. Processing and distribution will continue to label and pouch the New Boston Illinois mail as in the past; however, the mail will be dispatched to the Joy Post Office. New Boston PO Box customers will need to go to Joy IL to pick up their mail until cluster box units can be installed. The collection requirement of the HCR will be eliminated effective February 5, 2011.

The finance manager must schedule the postal systems coordinator to arrange the transfer of accountability.

Please take appropriate action regarding this change. Please ensure that appropriate staff members are notified and information shared. If you need further information, please contact Cindy Smith, Post Office Review Coordinator, at 515-251-2416 or Angie Green, Post Office Review Investigator at 319-479-2548.

POSTAL CUSTOMER
NEW BOSTON POST OFFICE
NEW BOSTON, IL 61272

Dear Postal Service Customer:

As you are aware, service was suspended at the New Boston Post Office on 02/04/2011, due to On January 31, 2011 the lease on the New Boston Post Office Building expired. Negotiation attempts between the Post Office and landlord have failed.. Since that time, you have been provided postal service by rural route service.

As the Postal Service manager responsible for all Post Offices in your area, I would like your opinion concerning the service you received prior to the suspension, the service you now receive, and what effect officially discontinuing the New Boston Post Office may have on you and your community. The recommended change is tentative and will not lead to a formal proposal unless we conclude that it will provide a maximum degree of regular and effective service.

Retail services are also available at the Joy Post Office, located 7.0 miles away. Hours of service at this office are 07:30-12:00 13:00-16:00, Monday through Friday, and 07:30 10:00 on Saturday. Post Office boxes are available at this location at the same fees.

If a permanent change to carrier service is implemented, customers will continue to use the community name and ZIP Code in the mailing address, and it will continue to be listed in Publication 65, National Five- Digit ZIP Code and Post Office Directory. I invite you to think about a permanent change to service. Please return the enclosed questionnaire by 04/30/2011, using the pre-addressed envelope provided. Please be aware that, if we formalize a proposal, your questionnaire will become part of an official record and will be available for public viewing.

The enclosure entitled "United States Postal Service Summary of Post Office Change Regulations" describes what is involved in making a formal proposal if a permanent change in postal service appears warranted.

If you have any questions, you may call Karen Lenane at (319) 399-2902.

Thank you for your assistance.

Sincerely,

Wendy A. Berg

Dear Postal Service Customer:

Thank you for returning your questionnaire concerning the proposed discontinuance of the New Boston Post Office. Your comments, along with others received, will be included in the official record and considered carefully before further action is taken.

In response to your letter:

- You expressed a concern about those elderly customers and those with disabilities who are not able to go to the post office to pick up their mail. Customers are not required to travel to another post office to receive mail or obtain retail services. These services will be provided by the carrier to a roadside mailbox located close to customers' residences. In hardship cases, delivery can be made to the home of a customer. Changes in the type of delivery are considered where service by existing methods would impose an extreme physical hardship for an individual customer. Any request for a change in delivery method must be submitted in writing to the administrative postmaster.

If it is determined that a discontinuance of the New Boston Post Office should be pursued, a formal proposal will be posted in the Joy Post Office at a later date. If you have additional questions or comments, please feel free to contact Karen Lenane at (319) 399-2902.

Dear Postal Service Customer:

Thank you for returning your questionnaire concerning the proposed discontinuance of the New Boston Post Office. Your comments, along with others received, will be included in the official record and considered carefully before further action is taken.

In response to your letter:

- You expressed a concern about those customers with disabilities who are not able to go to the post office to pick up their mail. Customers are not required to travel to another post office to receive mail or obtain retail services. These services will be provided by the carrier to a roadside mailbox located close to customers' residences. In hardship cases, delivery can be made to the home of a customer. Changes in the type of delivery are considered where service by existing methods would impose an extreme physical hardship for an individual customer. Any request for a change in delivery method must be submitted in writing to the administrative postmaster.

If it is determined that a discontinuance of the New Boston Post Office should be pursued, a formal proposal will be posted in the Joy Post Office at a later date. If you have additional questions or comments, please feel free to contact Karen Lenane at (319) 399-2902.

Sincerely,

Wendy A. Berg

Postal Service Customer Questionnaire:

Question 2: Of course we pass other Post Offices while traveling for work, shopping or personal needs, but the closest one we have to use is in Joy, 8 miles away, and the rest would be 15-50 miles away. We do not use other Post Offices because it is not convenient and the hours would not work.

Question 3a & 3b: Although we have carrier delivery I feel that we need to address this issue also. Cluster boxes out in the open, unprotected, seem to us to be unacceptable for our area and our weather. Residents need to see how they work for a while and then be asked how is it working? As for rural boxes near their homes...how is that going to work? Even on our mail route we have boxes going up with different addresses on the boxes...how will anyone know where the heck they are if a road has different mail box addresses? We have also noticed that our service has slowed down considerably with the addition of new mail boxes and we were one of the first on the route.

Question 4: All of the questions can be answered the same. We have to go at least 25 miles, up to 100 miles one way to obtain these services.

Question 5: We do not currently use local businesses because we do not use the elevator directly, we're not farmers; we do not use the taverns. Businesses are limited and who will want to set up a business in a place that has no Post Office?

Having been a rural box owner for over 30 years we know that it is not convenient to use the services of the Rural Carrier when you have a need for such things as Priority Mail boxes; or to mail packages, insure, get return receipts, do certified mails, etc. It just doesn't work.

A Post Office is the core of a village, town, or city. It is a meeting place, a social place, a place to see what is going on in the community, a place to do your business and even makes your business work. It affects our livelihood. We understand times are tough on everybody, but closing this Post Office will not save the Postal Service that much money, and will cause the residents in and around New Boston even more hardships.

Dear Postal Service Customer:

Thank you for returning your questionnaire concerning the proposed discontinuance of the New Boston Post Office. Your comments, along with others received, will be included in the official record and considered carefully before further action is taken.

In response to your letter:

- You expressed a concern about the detrimental effect the loss of the post office would have on the community. Businesses generally require regular and effective postal services, and these will always be provided to the suspended Post Office community. There is no indication that the business community will be adversely affected. Questionnaire responses revealed that customers will continue to use local businesses if the post office is discontinued.

If it is determined that a discontinuance of the New Boston Post Office should be pursued, a formal proposal will be posted in the Joy Post Office at a later date. If you have additional questions or comments, please feel free to contact Karen Lenane at (319) 399-2902.

If yes, please explain: Both the post office in Illinois City and Muscatine, Iowa are ~~closer and~~ much more convenient than the New Boston (or Joy) post offices.

I would prefer that my mailing address and servicing post office was Illinois City. Considering that New Boston was the most distant post office, I was disappointed when we were originally reassigned to the New Boston post office. Please consider assigning us to the Illinois City post office.

Dear Ms. Berg,

You mentioned in your letter that the Joy Post Office was located 7.0 miles away. Please keep in mind that this is only true for those people located in New Boston. Many of us that are required to use the New Boston Post Office do not live in New Boston.

For my household, the Joy Post office would be further away, and even more inconvenient, than the New Boston Post Office.

If this opportunity allows, please consider assigning some of your customers to an alternative post office. Personally, when I need the services of a post office or to pick up an insured package, I would prefer to use the facility in Illinois City. I don't care what community name we would use, as we are currently using New Boston, but don't live in the community of New Boston.

Thank You.

Sincerely,

Edward Sisnroy

Dear Postal Service Customer:

Thank you for returning your questionnaire concerning the proposed discontinuance of the New Boston Post Office. Your comments, along with others received, will be included in the official record and considered carefully before further action is taken.

In response to your letter:

- You expressed a question about where the route should emanate from. The delivery route has been carefully reviewed to ensure that the most cost-efficient service is provided. Although Illinois City is closer for some customers, Joy is closer for others. You may wish to contact the Illinois City Post Office and speak with the Postmaster to see if the rural route from that office comes close to your home.

If it is determined that a discontinuance of the New Boston Post Office should be pursued, a formal proposal will be posted in the Joy Post Office at a later date. If you have additional questions or comments, please feel free to contact Karen Lenane at (319) 399-2902.

We live in a small town with a school, 3 taverns, 2 churches one stop gas station, grain elevator, and a camp ground. The more you lose in these small towns like your Post office, your have less and less people that want to locate here Route #17 ends here and for us to stop mail packages or so anywhere we drive 17 to 50 miles for our service. I am sure that closing this Post office is only the beginning for all of these small towns, and with the Government the way it operators this is already a done deal. filling these papers out is a waste of time.

Dear Postal Service Customer:

Thank you for returning your questionnaire concerning the proposed discontinuance of the New Boston Post Office. Your comments, along with others received, will be included in the official record and considered carefully before further action is taken.

In response to your letter:

- You expressed a concern about delivery time. A customer's location on a carrier's line of travel determines the time of day mail is delivered. This, of course, precludes providing early delivery of mail to every customer because, no matter how we structure a route, somebody must be last. We do, however, carefully consider the volume of mail for each route so that we can deliver the greatest amount of mail at the earliest possible hour. With the largest fleet of delivery vehicles in the world we must pay special attention to energy conservation measures, to minimize vehicle and fuel expenses. When the price of gasoline goes up one cent per gallon our total gasoline cost rises more than $8 million. Therefore, when structuring a route, we must balance our goal to deliver as much mail as possible as early as possible with the need to minimize the travel distance a route must cover.

If it is determined that a discontinuance of the New Boston Post Office should be pursued, a formal proposal will be posted in the Joy Post Office at a later date. If you have additional questions or comments, please feel free to contact Karen Lenane at (319) 399-2902.

The New Boston Post Office is an important part of the community in for the economy, social network and providing a service to residents and tax payers.

Small town America struggles as is let alone be missing its post office. We have an increase in the City's population in the 2010 census from 632 to 683. So the City is not losing residents. The mail traffic for our small town should be with in the range to return the post office to us.

The City would very much like to get something worked out to return the post office to New Boston.

- You expressed a concern about growth in the community. The growth of a community does not depend on the location of a post office. Our community consists of three bars and one gas station for businesses so closing post office had no effect them. But we do have alot of elderly and people who are unable to drive. The Jay post office might only be 7 miles from here but with the price of gas that's Alot. People can't always get scheduled to go through Jay during their hours. The cluster boxes are better than driving to Jay. But its been a pain having to switch everything to street Addresses instead of PO Box no's. It took forever with utility companies and some other ~~that~~ Places to get the Box No's. Because we couldn't use street Address Now we have ~~to~~ ~~test~~ to get it Changed BACK. There needs to be some kind of protection of Boxes because mail is getting wet from rain.

Dear Postal Service Customer:

Thank you for returning your questionnaire concerning the proposed discontinuance of the New Boston Post Office. Your comments, along with others received, will be included in the official record and considered carefully before further action is taken.

In response to your letter:

- You expressed a concern about senior citizens. Carrier service is beneficial to many senior citizens and those who face special challenges because the carrier can provide delivery and retail services to roadside mailboxes or CBUs. Customers do not have to make a special trip to the post office for service. Special provisions are made for hardship cases or special customer needs. To request an exception for hardship delivery, customers may contact the administrative postmaster for more information.

If it is determined that a discontinuance of the New Boston Post Office should be pursued, a formal proposal will be posted in the Joy Post Office at a later date. If you have additional questions or comments, please feel free to contact Karen Lenane at (319) 399-2902.

Sincerely,

Dear Postal Service Customer:

Thank you for returning your questionnaire concerning the proposed discontinuance of the New Boston Post Office. Your comments, along with others received, will be included in the official record and considered carefully before further action is taken.

In response to your letter:

- You expressed a concern about delivery time. A customer's location on a carrier's line of travel determines the time of day mail is delivered. This, of course, precludes providing early delivery of mail to every customer because, no matter how we structure a route, somebody must be last. We do, however, carefully consider the volume of mail for each route so that we can deliver the greatest amount of mail at the earliest possible hour. With the largest fleet of delivery vehicles in the world we must pay special attention to energy conservation measures, to minimize vehicle and fuel expenses. When the price of gasoline goes up one cent per gallon our total gasoline cost rises more than $8 million. Therefore, when structuring a route, we must balance our goal to deliver as much mail as possible as early as possible with the need to minimize the travel distance a route must cover.

If it is determined that a discontinuance of the New Boston Post Office should be pursued, a formal proposal will be posted in the Joy Post Office at a later date. If you have additional questions or comments, please feel free to contact Karen Lenane at (319) 399-2902.

The post office is an important part of any community. It is a service the federal government has provided for years why discontinue it to the ~~AS~~ rural communities. It provides a coming together for the people is important for the economy of the small town business We have a large grain elevator in are city that rely heavily on small service. So we would very much like our post office back.

Dear Postal Service Customer:

Thank you for returning your questionnaire concerning the proposed discontinuance of the New Boston Post Office. Your comments, along with others received, will be included in the official record and considered carefully before further action is taken.

In response to your letter:

- You expressed a concern about the detrimental effect the loss of the post office would have on the community. Businesses generally require regular and effective postal services, and these will always be provided to the suspended Post Office community. There is no indication that the business community will be adversely affected. Questionnaire responses revealed that customers will continue to use local businesses if the post office is discontinued.

If it is determined that a discontinuance of the New Boston Post Office should be pursued, a formal proposal will be posted in the Joy Post Office at a later date. If you have additional questions or comments, please feel free to contact Karen Lenane at (319) 399-2902.

Sincerely,

What good does it do to fill out a survey, our post office is gone and it's not coming back. I am told that I can get stamps from my rural mail carrier but what goods does that do when he can't even get out of his truck. When we receive a package he just sits out front and lays on the horn till someone comes out. I receive my mail at 3:30pm with my regular driver and at 12:30 with a sub. But nothing is going to change. Its no wonder the postal service is losing money, if I ran my business that way I would be broke too. Sorry for the rant but just posting facts.

Dear Postal Service Customer:

Thank you for returning your questionnaire concerning the proposed discontinuance of the New Boston Post Office. Your comments, along with others received, will be included in the official record and considered carefully before further action is taken.

In response to your letter:

- You expressed a concern about senior citizens. Carrier service is beneficial to many senior citizens and those who face special challenges because the carrier can provide delivery and retail services to roadside mailboxes or CBUs. Customers do not have to make a special trip to the post office for service. Special provisions are made for hardship cases or special customer needs. To request an exception for hardship delivery, customers may contact the administrative postmaster for more information.

If it is determined that a discontinuance of the New Boston Post Office should be pursued, a formal proposal will be posted in the Joy Post Office at a later date. If you have additional questions or comments, please feel free to contact Karen Lenane at (319) 399-2902.

Dear Postal Service Customer:

Thank you for returning your questionnaire concerning the proposed discontinuance of the New Boston Post Office. Your comments, along with others received, will be included in the official record and considered carefully before further action is taken.

In response to your letter:

- You expressed a concern about senior citizens. Carrier service is beneficial to many senior citizens and those who face special challenges because the carrier can provide delivery and retail services to roadside mailboxes or CBUs. Customers do not have to make a special trip to the post office for service. Special provisions are made for hardship cases or special customer needs. To request an exception for hardship delivery, customers may contact the administrative postmaster for more information.

If it is determined that a discontinuance of the New Boston Post Office should be pursued, a formal proposal will be posted in the Joy Post Office at a later date. If you have additional questions or comments, please feel free to contact Karen Lenane at (319) 399-2902.

NEW BOSTON POST OFFICE
NEW BOSTON, IL 61272

Dear Postal Service Customer:

As you are aware, service was suspended at the New Boston Post Office on 02/04/2011, due to On January 31, 2011 the lease on the New Boston Post Office Building expired. Negotiation attempts between the Post Office and landlord have failed.. Since that time, you have been provided postal service by rural route service.

As the Postal Service manager responsible for all Post Offices in your area, I would like your opinion concerning the service you received prior to the suspension, the service you now receive, and what effect officially discontinuing the New Boston Post Office may have on you and your community. The recommended change is tentative and will not lead to a formal proposal unless we conclude that it will provide a maximum degree of regular and effective service.

Retail services are also available at the Joy Post Office, located 7.0 miles away. Hours of service at this office are 07:30-12:00 13:00-16:00, Monday through Friday, and 07:30 10:00 on Saturday. Post Office boxes are available at this location at the same fees.

If a permanent change to carrier service is implemented, customers will continue to use the community name and ZIP Code in the mailing address, and it will continue to be listed in Publication 65, National Five- Digit ZIP Code and Post Office Directory. I invite you to think about a permanent change to service. Please return the enclosed questionnaire by 04/30/2011, using the pre-addressed envelope provided. Please be aware that, if we formalize a proposal, your questionnaire will become part of an official record and will be available for public viewing.

The enclosure entitled "United States Postal Service Summary of Post Office Change Regulations" describes what is involved in making a formal proposal if a permanent change in postal service appears warranted.

If you have any questions, you may call Karen Lenane at (319) 399-2902.

Thank you for your assistance.

New Boston is a small town of poor families and senior citizens. By closing the post office you made a right of citizens receiving mail a different process. Some have no way to get out of town. So they walk to post office and get mail, stamps, receive packages and mail out packages. Some drive golf carts. The thing you don't understand is the importance of the mail clerk. He or she notices when someone doesn't come in and can have someone check on them. Also since we have no grocery store, the clerk is the connection

I live 7 miles from New Boston. There are other people that live further. You add another 7 miles to Joy, for me that is 14 miles for service. Other people close to 20. So I think you should take that into consideration when making a decision on what to do.

Dear Postal Service Customer:

Thank you for returning your questionnaire concerning the proposed discontinuance of the New Boston Post Office. Your comments, along with others received, will be included in the official record and considered carefully before further action is taken.

In response to your letter:

- You expressed a concern about having to travel to another post office for service. Services provided at the post office will be available from the carrier, and customers will not have to travel to another post office for service. Most transactions do not require meeting the carrier at the mailbox. Stamps by Mail and Money Order Application forms are available for customer convenience.

If it is determined that a discontinuance of the New Boston Post Office should be pursued, a formal proposal will be posted in the Joy Post Office at a later date. If you have additional questions or comments, please feel free to contact Karen Lenane at (319) 399-2902.

I feel sorry for the people that live in the town of New Boston, especially the elderly that can't drive, or have a car & that are able to walk to Post Office for mail. They have to depend on someone to get their mail for them and with the price of gas that gets very expensive.

I think it is a crying shame that some silly stipulation that the Landlord of the present building that housed the Post Office couldn't meet after 3 yrs. and was forced to cancel the lease.

I feel the city the size of N. Boston needs a Post Office a even we to mail a package m travel to Jay to be able to m it when we live only a mile o New Boston.

Dear Postal Service Customer:

Thank you for returning your questionnaire concerning the proposed discontinuance of the New Boston Post Office. Your comments, along with others received, will be included in the official record and considered carefully before further action is taken.

In response to your letter:

- You expressed a concern about senior citizens. Carrier service is beneficial to many senior citizens and those who face special challenges because the carrier can provide delivery and retail services to roadside mailboxes or CBUs. Customers do not have to make a special trip to the post office for service. Special provisions are made for hardship cases or special customer needs. To request an exception for hardship delivery, customers may contact the administrative postmaster for more information.

If it is determined that a discontinuance of the New Boston Post Office should be pursued, a formal proposal will be posted in the Joy Post Office at a later date. If you have additional questions or comments, please feel free to contact Karen Lenane at (319) 399-2902.

It has been very frustrating for me ever since the post office in town has closed. I very seldomly leave New Boston. The occassion trip to Aledo or Muscatine for groceries once a month is about all I do leave for. With gas prices being as high as they are, and with a fix income, the extra milage to get to the post box has been a strain. This is not the only frustration. Since the cluster boxes have been set up, it has been difficult for me to access these boxes in a convenint manner due to my disabilities. The cluster boxes as well does not keep my mail dry, and with the current rain fall that we have experienced, we get soggy mail. I can only imagine what this experence is going to be like in winter. Will the sidewalk/area be kept free of snow and ice? I fear also that the locks will freeze from being exposed to the elements. There has to be a more efficient manner to deal with this issue, besides

In response to your letter:

- You expressed a concern about having to travel to another post office for service. Services provided at the post office will be available from the carrier, and customers will not have to travel to another post office for service. Most transactions do not require meeting the carrier at the mailbox. Stamps by Mail and Money Order Application forms are available for customer convenience.

Monday, April 25, 2011

Wendy Berg,

I currently receive my mail by carrier. I live outside New Boston city limits. I work in Muscatine, same as my husband, but I do depend on the New Boston Post Office for postal purchases. Joy is a much farther drive for me and the total opposite directly from my path to and from work. With my hours worked, the Post Office in Muscatine is not convenient to use. I use the New Boston PO on my days off. With increasing gas prices, it is crazy to drive 10 miles to buy a book of stamps or take a package to the post office to have it sent off. It will not change how I use local business. Why should it? I still live in the same location.

It is sad to see the Post Office no longer in town for people to use. The elderly find it inconvenient to go to Joy or even to the cluster boxes. It was nice having Linda at the post office to help them when needed. Everyone felt safe. It was a place to see others and catch up on the happenings in town. For a small town like New Boston the post office is the heart of the community to many.

I truly believe that the Post Office Operations made a weak attempt to negotiate the lease with the landlord. I believe this was seen as an opportunity to close a small rural post office, while placing the blame on someone else. Shame on you.

Thank you for listening,

Dear Postal Service Customer:

Thank you for returning your questionnaire concerning the proposed discontinuance of the New Boston Post Office. Your comments, along with others received, will be included in the official record and considered carefully before further action is taken.

In response to your letter:

- You expressed a concern about having to travel to another post office for service. Services provided at the post office will be available from the carrier, and customers will not have to travel to another post office for service. Most transactions do not require meeting the carrier at the mailbox. Stamps by Mail and Money Order Application forms are available for customer convenience.

If it is determined that a discontinuance of the New Boston Post Office should be pursued, a formal proposal will be posted in the Joy Post Office at a later date. If you have additional questions or comments, please feel free to contact Karen Lenane at (319) 399-2902.

Sincerely,

Wendy A. Berg

Dear Postal Service Customer:

Thank you for returning your questionnaire concerning the proposed discontinuance of the New Boston Post Office. Your comments, along with others received, will be included in the official record and considered carefully before further action is taken.

In response to your letter:

- You expressed a concern that you requested and were denied rural delivery service. There are several guidelines which must be met prior to a road being approved for delivery. The road to be traveled must be at least 14 feet wide and maintained at all times of the year. It cannot dead end in a private driveway even if the drive is maintained by a municipality. There must be a suitable turning point provided for the carrier, preferably with no backing. If backing is involved, there are other guidelines to adhere to. If backing is necessitated, the Postmaster must verify it is in a low-traffic area and there are no children in the immediate vicinity on a regular basis. There must also be a minimum of one family per one-half mile of travel.

If it is determined that a discontinuance of the New Boston Post Office should be pursued, a formal proposal will be posted in the Joy Post Office at a later date. If you have additional questions or comments, please feel free to contact Karen Lenane at (319) 399-2902.

Dear Postal Service Customer:

Thank you for returning your questionnaire concerning the proposed discontinuance of the New Boston Post Office. Your comments, along with others received, will be included in the official record and considered carefully before further action is taken.

In response to your letter:

- You expressed a concern that since the people of your community paid taxes the post office should remain open. The Postal Service is not supported by tax dollars and must meet expenses by revenue it generates. Operational savings for the Postal Service contributes in the long run to stable postage rates and savings for customers.

If it is determined that a discontinuance of the New Boston Post Office should be pursued, a formal proposal will be posted in the Joy Post Office at a later date. If you have additional questions or comments, please feel free to contact Karen Lenane at (319) 399-2902.

Sir

Negotiations between the Post office and landlord have not failed.

I was at the meeting when the landlord said he would rent the post office building for $1.00 and upkeep of the building. Our post office is in very, very good shape.

Closing the Post Office Board has made it very inconvenient for our school since the principal must leave the school building without a principal (which is not suppose to happen) for at least ½ hour or more to go to the post office in the next town. It has also effected our in home business which mailed things out every day. They are open the same hours as the out of town post office is so this makes mailing and picking up their mail impossible.

I believe we have been lied too and have lost trust in the word of the Post Office

We live around Eliza and rarely go to New Boston so we do not use the post office. However Please do not change our address. We just changed from Muscatine, Iowa to New Boston, IL (we did not move) within the past 10 years and we really don't want to go through that hassle again.

Thank you.

If yes, please explain: work out of Aledo

I generally buy my stamps in Aledo at the post office or at Mercer Market. The hours for the New Boston or Joy post office was not open when I was home. I work in Aledo and my husband works in Rock Island. We both leave town before 7AM and do not arrive back in town till almost 6pm. I do not like the idea of having a Rural mail box set up 2 or 3 blocks from my house. I am sad about loosing our local post office but am fine with the cluster boxes. I do wish that they were more weather protected. Too bad they couldn't be put in a building.

Postal Concerns

The following postal concerns were expressed

1. Concern (Favorable):

   No Concern

   Response:

2. Concern (Favorable):

   You were concerned about having to travel to another post office for service

   Response:

   You expressed a concern about having to travel to another post office for service. Services provided at the post office will be available from the carrier, and customers will not have to travel to another post office for service. Most transactions do not require meeting the carrier at the mailbox. Stamps by Mail and Money Order Application forms are available for customer convenience.

3. Concern (No Opinion):

   Customer expressed a concern about the inability of the rural carrier to weigh and rate letters and packages

   Response:

   You expressed a concern about the inability of the rural carrier to weigh and rate letters and packages. The rural carrier will accept any letters or packages for mailing. The carrier will astimate the cost and provide a receipt for money received. On the following delivery day the carrier will provide change.

4. Concern (No Opinion):

   Customers expressed concern for those customers with disabilities who are not able to go to adminoffice Post Office to pick up their mail

   Response:

   You expressed a concern about those elderly customers and those with disabilities who are not able to go to the post office to pick up their mail. Customers are not required to travel to another post office to receive mail or obtain retail services. These services will be provided by the carrier to a roadside mailbox located close to customers' residences. In hardship cases, delivery can be made to the home of a customer. Changes in the type of delivery are considered where service by existing methods would impose an extreme physical hardship for an individual customer. Any request for a change in delivery method must be submitted in writing to the administrative postmaster.

5. Concern (No Opinion):

   Customers felt the loss of a post office would have a detrimental effect on the business community

   Response:

   You expressed a concern about the detrimental effect the loss of the post office would have on the community. Businesses generally require regular and effective postal services, and these will always be provided to the suspended Post Office community. There is no indication that the business community will be adversely affected. Questionnaire responses revealed that customers will continue to use local businesses if the post office is discontinued.

6. Concern (No Opinion):

   Customers felt the post office should remain open since they paid taxes

   Response:

   You expressed a concern that since the people of your community paid taxes the post office should remain open. The Postal Service is not supported by tax dollars and must meet expenses by revenue it generates. Operational savings for the Postal Service contributes in the long run to stable postage rates and savings for customers.

7. Concern (No Opinion):

   Customers felt the route should emanate from Illinois City because that office is closer

   Response:

   You expressed a question about where the route should emanate from. The delivery route has been carefully reviewed to ensure that the most cost-efficient service is provided. Although Illinois City is closer for some customers, Joy is closer for others. You may wish to contact the Illinois City Post Office and speak with the Postmaster to see if the rural route from that office comes close to your home.

8. Concern (No Opinion):

   Customers were concerned about growth in the community

   Response:

   You expressed a concern about growth in the community. The growth of a community does not depend on the location of a post office. Based on information obtained by the Postal Service, it was determined that there has been minimal growth in the area in recent years. Carrier service will be able to accommodate future growth.

9. Concern (No Opinion):

Customers were concerned about senior citizens

Response:

You expressed a concern about senior citizens. Carrier service is beneficial to many senior citizens and those who face special challenges because the carrier can provide delivery and retail services to roadside mailboxes or CBUs. Customers do not have to make a special trip to the post office for service. Special provisions are made for hardship cases or special customer needs. To request an exception for hardship delivery, customers may contact the administrative postmaster for more information.

10. Concern (No Opinion):

No Concern

Response:

11. Concern (No Opinion):

You expressed concern of your medicine delivery through the mail.

Response:

The Postal Service delivers medicine to residents throughout the United States. Packages that are perishable or have special delivery instructions such as medicine are marked as such a manner by the mailer to instruct the carrier es to if the package can be left in a particular location. The Postal Service will adhere to those instructions.

12. Concern (No Opinion):

You were concerned about having to travel to another post office for service

Response:

You expressed a concern about having to travel to another post office for service. Services provided at the post office will be available from the carrier, and customers will not have to travel to another post office for service. Most transactions do not require meeting the carrier at the mailbox. Stamps by Mail and Money Order Application forms are available for customer convenience.

13. Concern (No Opinion):

You were concerned of a change of address.

Response:

If you live on rural delivery and do not have a Post Office Box, your delivery address will remain the same.

14. Concern (UnFavorable):

Customers expressed concern for those customers with disabilities who are not able to go to adminoffice Post Office to pick up their mail

Response:

You expressed a concern about those customers with disabilities who are not able to go to the post office to pick up their mail. Customers are not required to travel to another post office to receive mail or obtain retail services. These services will be provided by the carrier to a roadside mailbox located close to customers' residences. In hardship cases, delivery can be made to the home of a customer. Changes in the type of delivery are considered where service by existing methods would impose an extreme physical hardship for an individual customer. Any request for a change in delivery mathod must be submitted in writing to the administrative postmaster.

15. Concern (UnFavorable):

Response:

You expressed a concern about the detrimental effect the loss of the post office would have on the community. Businesses generally require regular and effective postal services, and these will always be provided to the suspended Post Office community. There is no indication that the business community will be adversely affected. Questionnaire responses revealed that customers will continue to use local businesses if the post office is discontinued.

16. Concern (UnFavorable):

Customers were concerned about later delivery of mail

Response:

You expressed a concern about delivery time. A customer's location on a carrier's line of travel determines the time of day mail is delivered. This, of course, precludes providing early delivery of mail to every customer because, no matter how we structure a route, somebody must be last. We do, however, carefully consider the volume of mail for each route so that we can deliver the greatest amount of mail at the earliest possible hour. With the largest fleet of delivery vehicles in the world we must pay special attention to energy conservation measures, to minimize vehicle and fuel expenses. When the price of gasoline goes up one cent per gallon our total gasoline cost rises more than $8 million. Therefore, when structuring a route, we must balance our goal to deliver es much mail as possible as early as possible with the need to minimize the travel distance a route must cover.

Concern (UnFavorable):

17. [redacted]

No Concern

Response:

18. Concern (UnFavorable):

You expressed a concern that they requested and were denied rural delivery service

Response:

You expressed a concern that you requested and were denied rural delivery service. There are several guidelines which must be met prior to a road being approved for delivery. The road to be traveled must be at least 14 feet wide and maintained at all times of the year. It cannot deed end in a private driveway even if the drive is maintained by a municipality. There must be a suitable turning point provided for the carrier, preferably with no backing. If backing is involved, there are other guidelines to adhere to. If backing is necessitated, the Postmaster must verify it is in a low-traffic area and there are no children in the immediate vicinity on a regular basis. There must also be a minimum of one family per one-half mile of travel.

19. Concern (UnFavorable):

You were concerned about having to travel to another post office for service

Response:

You expressed a concern about having to travel to another post office for service. Services provided at the post office will be available from the carriar, and customers will not have to travel to another post office for service. Postal Service Customer Community Meeting Analysis

(categorize customer concerns as postal or nonpostal and provide the Postal Service response for each.)

Postal Concerns

1. Concern (Favorable):
Customer expressed a concern about the length of time it took to forward your mail

   Response:
You expressed a concern about the length of time it took to forward your mail. You may pick up address change notice post cards at the post office that can be mailed to your correspondents listing your correct new mailing address. As your correspondents use your correct mailing address there will no longer be a requirement that your mail goes through our forwarding system.

2. Concern (Favorable):
Customers expressed concern about collection of outgoing mail

   Response:
You expressed a concern about the collection of outgoing mail. Collection of mail will be made by the carrier when serving the route. The customer should place outgoing mail in the designated collection compartment in the CBU. There is a blue collection box that the carrier picks up outgoing mail.

3. Concern (Favorable):
Customer expressed a concern about their 911 address

   Response:
You expressed a concern about your 911 address. 911 addresses are generally given by the county's 911 coordinator. The Postal Service does not establish 911 addresses. Any questions concerning your 911 address should be directed to the county's 911 coordinator.

4. Concern (No Opinion):
You expressed a concern that they requested and were denied rural delivery service

   Response:
You expressed a concern that you requested and were denied rural delivery service. There are several guidelines which must be met prior to a road being approved for delivery. The road to be traveled must be at least 14 feet wide and maintained at all times of the year. It cannot dead end in a private driveway even if the drive is maintained by a municipality. There must be a suitable turning point provided for the carrier, preferably with no backing. If backing is involved, there are other guidelines to adhere to. If backing is necessitated, the Postmaster must verify it is in a low-traffic area and there are no children in the immediate vicinity on a regular basis. There must also be a minimum of one family per one-half mile of travel.

5. Concern (No Opinion):
Customers who had received door delivery at a former residence asked why this service was not available to the New Boston customers.

   Response:
The growth of suburban areas and the shift of population from one geographic area to another have created new challenges for the Postal Service. To meet these challenges, delivery regulations were changed in 1978 to eliminate door delivery as an option for new residential areas. Current delivery options are roadside or centralized delivery provided by motorized carrier.

6. Concern (UnFavorable):
Customers inquired about mailbox installation and maintenance.

   Response:
Cluster box units are purchased, installed, and maintained by the Postal Service at no expense to customers.

7. Concern (UnFavorable):
Customers were concerned about senior citizens

   Response:
You expressed a concern about senior citizens. Carrier service is beneficial to many senior citizens and those who face special challenges because the carrier can provide delivery and retail services to CBUs. Customers do not have to make a special trip to the post office for service. Special provisions are made for hardship cases or special customer needs. To request an exception for hardship delivery, customers may contact the administrative postmaster for more information.

8. Concern (UnFavorable):
You were concerned about having to travel to another post office for service

   Response:
You expressed a concern about having to travel to another post office for service. Services provided at the post office will be available from the carrier, and customers will not have to travel to another post office for service. Most transactions do not require meeting the carrier at the mailbox. Stamps by Mail and Money Order Application forms are available for customer convenience.

9. Concern (UnFavorable):

Customers were concerned about obtaining accountable mail and large parcels

Response:
You expressed a concern about obtaining accountable mail and large parcels. If you live less than one-half mile from the line of travel, the carrier will attempt delivery of accountable items and large parcels to the customer's residence. If the live over one-half mile away or is not home when delivery is attempted, a notice will be left in the mailbox. Large parcels will be left outside the mailbox or at a designated location or a notice will be left in the mailbox. Attempted delivery items will be taken back to the administrative Post Office. Customers may pick up the item at the post office, request redelivery on another day or authorize delivery to another party.

10. Concern (UnFavorable):
Customers were concerned about later delivery of mail

Response:
You expressed a concern about delivery time. A customer's location on a carrier's line of travel determines the time of day mail is delivered. This, of course, precludes providing early delivery of mail to every customer because, no matter how we structure a route, somebody must be last. We do, however, carefully consider the volume of mail for each route so that we can deliver the greatest amount of mail at the earliest possible hour. With the largest fleet of delivery vehicles in the world we must pay special attention to energy conservation measures, to minimize vehicle and fuel expenses. When the price of gasoline goes up one cent per gallon our total gasoline cost rises more than $8 million. Therefore, when structuring a route, we must balance our goal to deliver as much mail as possible as early as possible with the need to minimize the travel distance a route must cover.

11. Concern (UnFavorable):
Customers expressed concern for loss of community identity

Response:
You expressed a concern about the loss of the Communities' identity. A community's identity derives from the interest and vitality of its residents and their use of its name. The Postal Service is helping to preserve community identity by continuing the use of the suspended Post Office name and zip code.

12. Concern (UnFavorable):
Customers stated that the locks freeze on the CBUs when it snows

Response:
Locks can freeze during extreme cold weather conditions, but CBU maintenance can alleviate this problem. Customers are encouraged to contact the administrative postmaster if they are experiencing a problem with their locks.

13. Concern (UnFavorable):
Customers asked why their post office was being discontinued while others were retained

Response:
You asked why the suspended post office was being discontinued while others were retained. Post offices are reviewed on a case-by-case basis. When there is a lease issue in a small office, it is customary to conduct a study of the business activity and investigate the feasibility of providing service by alternate means.

14. Concern (UnFavorable):
Customers were concerned about a change of address

Response:
You expressed a concern about a change in address. Customers will be assigned a 911 address. The new address will continue to use the community name and ZIP Code. Mail will be forwarded in accordance with postal regulations, and change of address forms are available from the Postal Service to assist customers in notifying correspondents of the change

15. Concern (UnFavorable):
Customers felt the post office should remain open since they paid taxes

Response:
You expressed a concern that since the people of your community paid taxes the post office should remain open. The Postal Service is not supported by tax dollars and must meet expenses by revenue it generates. Operational savings for the Postal Service contributes in the long run to stable postage rates and savings for customers.

Nonpostal Concerns

1. Concern (UnFavorable):
Customers felt closing the New Boston Post Office would cause property values to decline.

Response:
There is no evidence to indicate that property values decline when a Post Office is discontinued. There has been minimal growth in the area and carrier service can accommodate any future growth.

UNITED STATES
POSTAL SERVICE

2/7/2011

Dear Postal Customer:

As the postal manager responsible for all post offices in your area, I would like your opinion concerning a possible change in the way postal services are provided. Our tentative plans will only lead to a formal proposal if we are satisfied that a maximum degree of regular and effective service can be provided.

On January 31, 2011 the lease on the New Boston Post Office building expired. Negotiation attempts between the Post Office and landlord have failed. Therefore, it was necessary to suspend services at the New Boston Post Office at the close of business on Friday February 4, 2011.

Briefly, we would like to provide pickup and delivery of your mail, as well as the sale of stamps and all other customary postal services, to cluster box units installed and maintained by the Postal Service.

If you would like an opportunity to discuss alternatives with us, postal representatives will be at the New Boston Community Hall on Wednesday February 23, 2011 at 7:00 pm to answer questions and provide information about our service.

If you have any questions, you may contact Angie Green, Post Office Review Investigator at 319-479-2548.

Thank you for your assistance.

Sincerely,

Angie Green for Wendy Berg

Please help save RURAL AMERICA!

Representative Bobby Schilling,

17th District, Illinois

Dear Representative Bobby Schilling :

The U.S Postal Service has informed your constituents who live and/or work in that their Post Office, the New Boston,IL Post Office, will be closed.

As you may know, current law prohibits the Postal Service from closing or consolidating a Post Office solely because the individual Post Office may have expenses that exceed revenue. Congress created this safeguard against terminating a Post Office for two reasons. First, the law protects small and rural communities – postal-dependent areas – from wholesale Post Office closures that will have a dramatic adverse impact on the communities. Second, Post Offices are part of a universal communications network, in which each unit cannot be evaluated independently since revenue for a mail piece may be earned in one community, but the valued added in delivery is accrued in another. In order to ensure nondiscriminatory mail service throughout the nation, Congress obligates the Postal Service to provide a maximum degree of effective and regular mail service to rural areas, communities and small towns where Post Offices are not self-sustaining. In our view, the Postal Service proposal to close the New Boston, IL Post Office wills ill-serve your constituents in New Boston,IL . It is also important to note that, according to the Postal Regulatory Commission, maintaining all small and rural Post Offices amounts to less than 0.7% of the Postal Service's operating budget.

The Postal Service may propose a number of unacceptable options in an attempt to allay our concerns – none of them are acceptable. The Postal Service may propose to replace our Post Office with a "community postal unit". This type of leased or sub-leased privatized operation tends to hire unqualified workers, who will undermine the sanctity of our mail. Moreover, once these units replace a Post Office, statutory protections to provide nondiscriminatory mail service is null and void. Another option the Postal Service may propose is the creation of rural or cluster box service. Clearly, this is not the type of service envisioned when Congress required the Postal Service to provide "a maximum degree of effective and regular mail service to rural areas, communities and small towns". Moreover, this type of service would require us to await the letter carrier at our mail box to receive retail postal services, which could include certified mail, express mail, and postal money orders. If mail must be signed for, we would need to travel to the closest "real" Post Office which is miles away. Finally, the Postal Service may propose to consolidate our Post Office with that Post Office. We will lose our community identity and the consolidation would have dramatic impact on our community's economy.

We appreciate your concern about your constituents in New Boston,IL and hope that you will aggressively fight to protect the New Boston,IL Post Office.

Sincerely,

Lloyd M. Clason

Mayor New Boston IL

UNITED STATES POSTAL SERVICE

The Honorable Mark Steven Kirk
United States Senator
230 South Dearborn Street, Suite 3900
Chicago, IL 60604-1480

Dear Senator Kirk:

This responds to your February 28 letter on behalf of the residents of New Boston, regarding the New Boston Post Office.

I appreciate your interest in ensuring that your constituents continue to have convenient access to essential postal services. Please know that we understand the extent to which local communities rely upon and appreciate our organization.

Postal operations at the New Boston Post Office were suspended on February 4 due to the expiration of the lease. Over the last several weeks, customers have been receiving regular and effective postal services from the Joy Post Office. However, I am pleased to report that the Postal Service will begin the installation of cluster box units (CBUs) in New Boston within the week. Once installation is complete, delivery to the residents of the New Boston community will commence via Rural Carrier. Please know that Hawkeye District postal officials are carefully evaluating and monitoring the situation to determine whether New Boston Post Office operations will resume. At this time, no final decision has been made.

A suspended office is temporarily "closed" by necessity. This most often occurs because the present building is unavailable or unsafe and no alternate quarters exist, or there are no qualified personnel to staff the office. When a suspension occurs, alternate service is provided as quickly as possible and a plan of action for a permanent solution is developed. Such plans can result in the reopening of the suspended facility or the establishment of a new facility; however, they can also result in a decision to propose the discontinuance of the suspended post office.

Before an office can be closed, our field managers must provide every opportunity for customers to voice their opinions and air their concerns. Questionnaires, meetings, and other methods are used to ensure that all issues are fully explored before any final decision is made. All final decisions are subject to review by the independent Postal Regulatory Commission. If an office is closed, the office name is retained for use in local mailing addresses to preserve community identity.

Thank you for writing. Please let me know if I can be of further assistance.

Sincerely,

(signed)

Congressman Bobby Schilling
3000 41st St., Suite 2
Moline, IL 61265

Dear Congressman Bobby Schilling,

The U.S. Postal Service has closed our post office. It is has done so under provisions of the Postal Reorganization Act of 1970 and federal law, and without community input or reasonable notification.

Under provisions of the act, the Postal Service is obligated to provide a maximum degree of effective and regular postal service to rural areas, communities and small towns where post offices are not self-sustaining. The Postal Service's proposed action will not serve the best interests of our postal customers.

The Postal Service has made a decision to close our post office and provide us with cluster box delivery. We do not feel we will be getting the maximum service the Postal Reorganization Act calls for with this type of service. Inconvenience in purchasing stamps and money orders, and in sending accountable mail, such as a certified letter, are among the problems we foresee. The same holds true for the receipt of accountable mail.

Invariably, we will be left with a pick-up notice that will require a seven-mile trip to the post office at the neighboring town for pickup. We also have concerns regarding the sanctity of the mail with non-career carriers and the loss of identity for our community.

We appreciate your consideration of our position and thank you for Mr. Moffitt attending the public meeting with the Postal Service. We appreciate any support you can give us in our fight to re-open our post office in the same status that it was – a U.S. post office operated by a career postal employees.

Thank you,

Dennis M. Dixon
Mayor

Moline, IL 61265

Dear Congressman Bobby Schilling,

I recently sent you a letter concerning the closing of our post office and I wish to thank Ken Moffitt for giving me a call concerning the letter. After talking to Mr. Moffitt, I have a few other items I would like to bring to your attention.

I have concerns for the businesses, school and bank that are located in our community. Cargill Corp. is at the present time doing a 6 ½ million dollar upgrade to their grain elevator and storage facility in New Boston and will be employing more people. They have concerns regarding the receipt and mailing of accountable mail, such as certified letters, registered letters and packages. The same is true with the New Boston Elementary School who receives a large volume of mail and packages. The Joy State Bank branch facility in our city, along with the other businesses Bay C convenience store, New Boston Car Wash, the Barn Bar & Restaurant and Deeter's Bar are now inconvenienced with having to drive 14 miles round trip to receive their mail thus making a hardship to do business.

The installation of clusters box units will relieve the problem of driving to Joy to receive mail however the community along with me really wants our post office back. If the U.S. Postal Service would consider a lease with the City of New Boston, Mr. Dick Maynard, the owner of the former postal facility, stated at the meeting with the U.S. Postal Service on February 23rd that he would be willing to lease the building to the city for $1 per year on a five year lease. I have not contacted the U.S. Postal Service to discuss this matter.

I would appreciate your assistance on these items and look forward to hearing from you.

Thank you,

Ken Moffett
Constituent Services Specialist
Congressman Bobby Schilling's Office
3000 41st. Street, Suite 2
Moline, Il. 61265

Dear Mr. Moffett,

I have visited with some businesses in New Boston and have additional facts for you with regards to the impact on the community of the post office closing.

The Mercer County School District has an elementary school in New Boston with an enrollment of 210 students. I visited with the principal, Nancy Robinson, and Superintendent, Alan Boucher. I have attached Mr. Boucher's card. He is willing to give you a statement on the impact of the post office closing if you contact him.

The school gets rural delivery of mail each day to the school. However, during the summer that delivery ceases. During the summer someone must go to Joy everyday to get the mail. The school also has to send someone to Joy (14 miles round trip) if they need to send out certified or registered mail year round. A trip must be made to the Joy Post Office if the school has any packages to mail. The individual who drives to Joy to take up the certified mail, etc. will be out of the building for thirty minutes. The Joy Post office closes at 4:00. They are out of luck if they do not get up there before closing. Whoever makes the trip to Joy and back has to be reimbursed mileage----so it is an additional cost for the school district.

The New Boston Branch of the Joy State Bank has not been impacted because all of their mail goes out of the Joy bank and there is a post office in that town.

Cargill has a large grain storage business in New Boston down on the Mississippi River. They are in the midst of large expansion. Last winter their bins were torn down and the Vigen Construction Company (Grand Forks, NB.) is building a state of the art, computerized grain storage facility that will have four new bins that will hold up to 694,000 bushels of grain. The new bins are being built and the project will end sometime this October. Cargill employs 7 people at the grain elevator.

Cargill has their own postage meter but it does not have a date function. They can take their mail up to the blue mail box that was left in town and mail out letters, etc.. To receive mail they have to send someone to Joy and reimburse their mileage. They must do the same thing to ship out a package.

The larger problem with the new construction and the lack of a post office effects the Vigen Construction Company. They have 15-20 workers in New Boston now. They are housed in New Boston. These workers are on the road for many months a year and they count on the local post office to get their bills and mail from home. They never had a New Boston address and they do not

know if they will get a cluster mailbox or not. There will be a time during the construction when 150 workers will arrive to work on the expansion. They will not be able to get their bills from home.

The construction company's advance team arrived in late January and they paid ($56) for a P.O. Box at the New Boston Post Office. Three days later the post office closed and they were out of luck. I asked if the postal service was going to refund their money and they laughed at that suggestion.

I have attached photos of New Boston Elementary School and the work site at the Cargill Grain Elevator in New Boston.

To Whom It May Concern:

I am writing to express opposition for the closing of the post office in New Boston, Illinois. The decision to close the facility will cause hardship for New Boston Elementary School. Currently, the school regularly uses the post office to send certified letters, send packages, and purchase postal materials.

We appreciate the services of the local letter carrier, but his schedule does not always coordinate with the needs of the school, so we have to travel to the post office for our postal needs. In the past, a trip to the post office would take a few minutes. Now that the post office in New Boston is closed, a staff member must travel 8 miles to the post office in Joy, Illinois. This causes the district to spend additional money for mileage reimbursement and it takes a staff member away from other important tasks that need to be completed at the school.

I request that the decision to close the post office in New Boston, Illinois be rescinded and that the post office facility be reopened. Thank you.

Sincerely,

Alan Boucher

X Other factors when replacement service is a CPO.

Section VI **Summary**

X The proposal must include a brief summary that explains why the closing or consolidation is necessary and an assessment of how those factors supporting the need for change outweigh any negative factors. In taking competing considerations into account, the need to provide a maximum degree of effective and regular service must be paramount.

Section VII **Notices**

X Appropriate notice is made that this is a proposal and not a final determination. If a final determination is made to discontinue the office, information on the appeal process will be provided at that time.

PROPOSAL TO CLOSE THE SUSPENDED NEW BOSTON, IL POST OFFICE AND ESTABLISH SERVICE BY RURAL ROUTE SERVICE

DOCKET NUMBER 1374651 - 61272

I. RESPONSIVENESS TO COMMUNITY POSTAL NEEDS

The Postal Service is proposing to close the New Boston, IL Post Office and provide delivery and retail services by rural route service under the administrative responsibility of the Joy Post Office, located seven miles away. Service may be provided to cluster box units (CBUs).

CBUs are secure free-standing units of individually locked mail compartments installed and maintained by the Postal Service at no cost to the customer. A parcel locker may also be installed.

The postmaster position became vacant when the postmaster retired on November 30, 2009. Postmaster level and office service hours are determined by a workload analysis which includes the number of deliveries and revenue.

The office is being studied for possible closing or consolidation due to the following reasons: Effective close of business 2/4/2011, services were suspended at the New boston Illinois Post Office as lease negotiations attempts between the Post Office and landlord have failed. Study for discontinuance request based on need for more operational efficiency and the ability for the Postal Service to provide effective and regular service by alternate means.

The New Boston Post Office, an EAS-13 level, is currently suspended and services have been moved to another facility since 02/04/2011.

The retail window averaged zero transaction(s) accounting for zero minute(s) of retail workload daily. With minimal workload, the Postal Service feels that effective and regular service will be provided by rural route service. Office receipts for the last 3 years were: $54,557 (142 revenue units) in FY 2008; $51,617 (135 revenue units) in FY 2009; and $48,043 (125 revenue units) in FY 2010. There were no permit mailer(s) or postage meter customer(s).

Since the suspension of service, customers have received delivery and retail services by rural route service emanating from the Joy Post Office, an EAS-13 level office located 7.0 miles away. Window service hours are from 07:30-12:00 13:00-16:00, Monday through Friday, and 07:30 10:00 on Saturday. There are 150 Post Office boxes available.

On April 15, 2011, 701 questionnaires were distributed to delivery customers of the New Boston Post Office. Questionnaires were also available over the counter for retail customers at the Joy Post Office. 190 questionnaires were returned. Responses regarding the proposed alternate service were as follows: 29 favorable, 35 unfavorable, and 126 expressed no opinion.

One congressional inquiry was received on February 28, 2011.

A petition supporting the retention of the New Boston Post Office was received on February 15, 2011, with 144 signatures.

The following concerns were expressed on the returned questionnaires, at the community meeting, from customer letters, on the petition, and from the congressional inquiry:

1. **Concern:** Customer expressed a concern about the inability of the rural carrier to weigh and rate letters and packages

   Response: The customer expressed a concern about the inability of the rural carrier to weigh and rate letters and packages. The rural carrier will accept any letters or packages for mailing. The carrier will estimate the cost and provide a receipt for money received. On the following delivery day the carrier will provide change.

2. **Concern:** Customers expressed concern for those customers with disabilities who are not able to go to adminoffice Post Office to pick up their mail

   Response: The customer expressed a concern about those customers with disabilities who are not able to go to the post office to pick up their mail. Customers are not required to travel to another post office to receive mail or obtain retail services. These services will be provided by the carrier to a roadside mailbox located close to customers' residences. In hardship cases, delivery can be made to the home of a customer. Changes in the type of delivery are considered where service by existing methods would impose an extreme physical hardship for an individual customer. Any request for a change in delivery method must be submitted in writing to the administrative postmaster.

3. **Concern:** Customers expressed concern for those customers with disabilities who are not able to go to adminoffice Post Office to pick up their mail

Response: The customer expressed a concern about those elderly customers and those with disabilities who are not able to go to the post office to pick up their mail. Customers are not required to travel to another post office to receive mail or obtain retail services. These services will be provided by the carrier to a roadside mailbox located close to customers' residences. In hardship cases, delivery can be made to the home of a customer. Changes in the type of delivery are considered where service by existing methods would impose an extreme physical hardship for an individual customer. Any request for a change in delivery method must be submitted in writing to the administrative postmaster.

4. **Concern:** Customers felt the loss of a post office would have a detrimental effect on the business community

Response: The customer expressed a concern about the detrimental effect the loss of the post office would have on the community. Businesses generally require regular and effective postal services, and these will always be provided to the suspended Post Office community. There is no indication that the business community will be adversely affected. Questionnaire responses revealed that customers will continue to use local businesses if the post office is discontinued.

5. **Concern:** Customers felt the post office should remain open since they paid taxes

Response: The customer expressed a concern that since the people of your community paid taxes the post office should remain open. The Postal Service is not supported by tax dollars and must meet expenses by revenue it generates. Operational savings for the Postal Service contributes in the long run to stable postage rates and savings for customers.

6. **Concern:** Customers felt the route should emanate from Illinois City because that office is closer

Response: The customer expressed a question about where the route should emanate from. The delivery route has been carefully reviewed to ensure that the most cost-efficient service is provided. Although Illinois City is closer for some customers, Joy is closer for others. You may wish to contact the Illinois City Post Office and speak with the Postmaster to see if the rural route from that office comes close to your home.

7. **Concern:** Customers were concerned about growth in the community

Response: The customer expressed a concern about growth in the community. The growth of a community does not depend on the location of a post office. Based on information obtained by the Postal Service, it was determined that there has been minimal growth in the area in recent years. Carrier service will be able to accommodate future growth.

8. **Concern:** Customers were concerned about later delivery of mail

Response: The customer expressed a concern about delivery time. A customer's location on a carrier's line of travel determines the time of day mail is delivered. This, of course, precludes providing early delivery of mail to every customer because, no matter how we structure a route, somebody must be last. We do, however, carefully consider the volume of mail for each route so that we can deliver the greatest amount of mail at the earliest possible hour. With the largest fleet of delivery vehicles in the world we must pay special attention to energy conservation measures, to minimize vehicle and fuel expenses. When the price of gasoline goes up one cent per gallon our total gasoline cost rises more than $8 million. Therefore, when structuring a route, we must balance our goal to deliver as much mail as possible as early as possible with the need to minimize the travel distance a route must cov

9. **Concern:** Customers were concerned about senior citizens

Response: The customer expressed a concern about senior citizens. Carrier service is beneficial to many senior citizens and those who face special challenges because the carrier can provide delivery and retail services to roadside mailboxes or CBUs. Customers do not have to make a special trip to the post office for service. Special provisions are made for hardship cases or special customer needs. To request an exception for hardship delivery, customers may contact the administrative postmaster for more information.

10. **Concern:** You expressed a concern that they requested and were denied rural delivery service

Response: The customer expressed a concern that you requested and were denied rural delivery service. There are several guidelines which must be met prior to a road being approved for delivery. The road to be traveled must be at least 14 feet wide and maintained at all times of the year. It cannot dead end in a private driveway even if the drive is maintained by a municipality. There must be a suitable turning point provided for the carrier, preferably with no backing. If backing is involved, there are other guidelines to adhere to. If backing is necessitated, the Postmaster must verify it is in a low-traffic area and there are no children in the immediate vicinity on a regular basis. There must also be a minimum of one family per one-half mile of travel.

11. **Concern:** You expressed concern of your medicine delivery through the mail.

Response: The Postal Service delivers medicine to residents throughout the United States. Packages that are perishable or have special delivery instructions such as medicine are marked as such a manner by the mailer to instruct the carrier as to if the package can be left in a particular location. The Postal Service will adhere to those instructions.

12. **Concern:** You were concerned about having to travel to another post office for service

Response: The customer expressed a concern about having to travel to another post office for service. Services provided at the post office will be available from the carrier, and customers will not have to travel to another post office for service. Most transactions do not require meeting the carrier at the mailbox. Stamps by Mail and Money Order Application forms are available for customer convenience.

13. **Concern:** You were concerned of a change of address.

Response: If you live on rural delivery and do not have a Post Office Box, your delivery address will remain the same.

14. **Concern:** Customer expressed a concern about the length of time it took to forward your mail

Response: The customer expressed a concern about the length of time it took to forward your mail. You may pick up address change notice post cards at the post office that can be mailed to your correspondents listing your correct new mailing address. As your correspondents use your correct mailing address there will no longer be a requirement that your mail goes through our forwarding system.

15. **Concern:** Customer expressed a concern about their 911 address

Response: The customer expressed a concern about your 911 address. 911 addresses are generally given by the county's 911 coordinator. The Postal Service does not establish 911 addresses. Any questions concerning your 911 address should be directed to the county's 911 coordinator.

16. **Concern:** Customers asked why their post office was being discontinued while others were retained

Response: The customer asked why the suspended post office was being discontinued while others were retained. Post offices are reviewed on a case-by-case basis. When there is a lease issue in a small office, it is customary to conduct a study of the business activity and investigate the feasibility of providing service by alternate means.

17. **Concern:** Customers expressed concern about collection of outgoing mail

Response: The customer expressed a concern about the collection of outgoing mail. Collection of mail will be made by the carrier when serving the route. The customer should place outgoing mail in the designated collection compartment in the CBU. There is a blue collection box that the carrier picks up outgoing mail.

18. **Concern:** Customers expressed concern for loss of community identity

Response: The customer expressed a concern about the loss of the Communities' identity. A community's identity derives from the interest and vitality of its residents and their use of its name. The Postal Service is helping to preserve community identity by continuing the use of the suspended Post Office name and zip code.

19. **Concern:** Customers inquired about mailbox installation and maintenance.

Response: Cluster box units are purchased, installed, and maintained by the Postal Service at no expense to customers.

20. **Concern:** Customers stated that the locks freeze on the CBUs when it snows

Response: Locks can freeze during extreme cold weather conditions, but CBU maintenance can alleviate this problem. Customers are encouraged to contact the administrative postmaster if they are experiencing a problem with their locks.

21. **Concern:** Customers were concerned about a change of address

Response: The customer expressed a concern about a change in address. Customers will be assigned a 911 address. The new address will continue to use the community name and ZIP Code. Mail will be forwarded in accordance with postal regulations, and change of address forms are available from the Postal Service to assist customers in notifying correspondents of the change.

22. **Concern:** Customers were concerned about obtaining accountable mail and large parcels

Response: The customer expressed a concern about obtaining accountable mail and large parcels. If you live less than one-half mile from the line of travel, the carrier will attempt delivery of accountable items and large parcels to the customer's residence. If the live over one-half mile away or is not home when delivery is attempted, a notice will be left in the mailbox. Large parcels will be left outside the mailbox or at a designated location or a notice will be left in the mailbox. Attempted delivery items will be taken back to the administrative Post Office. Customers may pick up the item at the post office, request redelivery on another day or authorize delivery to another party.

23. **Concern:** Customers who had received door delivery at a former residence asked why this service was not available to the New Boston customers.

Response: The growth of suburban areas and the shift of population from one geographic area to another have created new challenges for the Postal Service. To meet these challenges, delivery regulations were changed in 1978 to eliminate door delivery as an option for new residential areas. Current delivery options are roadside or centralized delivery provided by motorized carrier.

Some advantages of the proposal are:

1. The rural or contract delivery carrier may provide retail services, alleviating the need to go to the post office. Stamps by Mail order forms are provided for customer convenience.
2. Customers opting for carrier service will have 24-hour access to their mail.
3. Savings for the Postal Service contribute in the long run to stable postage rates and savings for customers.
4. CBUs can offer the security of individually locked mail compartments. Parcel lockers provide convenient parcel delivery for customers.
5. Customers opting for carrier service will not have to pay post office box fees.
6. Saves time and energy for customers who drive to the post office to pick up mail.

Some disadvantages of the proposal are:

1. The loss of a retail outlet and a postmaster position in the community. Retail services may be provided by the rural or contract delivery carrier.
2. Meeting the rural or contract delivery carrier at the box to transact business. However, it is not necessary to be present to conduct most Postal Service transactions.
3. A change in the mailing address. The community name will continue to be used in the new address. A carrier route address will be assigned.

Taking all available information into consideration, the Postal Service concludes this proposal will provide a maximum degree of effective and regular postal services to the community.

II. EFFECT ON COMMUNITY

New Boston is an incorporated community located in Mercer County. The community is administered politically by Mayor and council. Police protection is provided by the Police Chief New Boston. Fire protection is provided by the City of New Boston. The community is comprised of combination of retirees, commuters, self=employed and farmers, and those who commute to work at nearby communities and work in local businesses.

The following nonpostal concerns were expressed on the returned questionnaires, at the community meeting, on the petition, and on the congressional inquiry:

1. **Concern:** Customers felt closing the New Boston Post Office would cause property values to decline.

   Response: There is no evidence to indicate that property values decline when a Post Office is discontinued. There has been minimal growth in the area and carrier service can accommodate any future growth.

Based on information the Postal Service obtained, it was determined that there has been minimal growth in the area in recent years, rural route service is expected to be able to handle any future growth in the community.

III. EFFECT ON EMPLOYEES

The postmaster retired on November 30, 2009. The noncareer postmaster relief (PMR) may be separated from the Postal Service. No other Postal Service employee will be adversely affected. .

IV. ECONOMIC SAVINGS

The Postal Service estimates an annual savings of $ 26,700 with a breakdown as follows:

Postmaster Salary (EAS-13, No COLA)	$ 36,381
Fringe Benefits @ 33.5%	$ 12,188
Annual Lease Costs	+ $ 5,040
Total Annual Costs	$ 53,609
Less Annual Cost of Replacement Service	- $ 26,909
Total Annual Savings	$ 26,700

A one-time expense of $ 15361 will be incurred for installation of CBUs and 0 parcel locker(s).

V. OTHER FACTORS

The Postal Service was unable to conduct a window transaction survey before the time of the suspension.

VI. SUMMARY

The Postal Service is proposing to close the New Boston, IL Post Office and provide delivery and retail services by rural route service under the administrative responsibility of the Joy Post Office, located seven miles away. Service may be provided to cluster box units (CBUs).

Operations were suspended on February 04, 2011, due to On January 31, 2011 the lease on the New Boston Post Office Building expired. Negotiation attempts between the Post Office and landlord have failed.. There were no suitable alternate quarters available.

The postmaster retired on November 30, 2009. If the office has a noncareer PMR(s), they may be separated from the Postal Service; however, attempts will be made to reassign the employee(s) to a nearby facility. No other employee(s) will be adversely affected. Post office workload has declined. Effective and regular service will continue to be provided by rural route service.

The New Boston Post Office provided delivery and retail service to 320 PO Box or general delivery customers and 384 delivery route customers. The daily retail window transactions averaged zero. There are no permit mailers or postage meter customers.

There will no longer be a retail outlet in the community. However, delivery and retail services may be available from a rural or contract delivery carrier, which could alleviate the need to travel to a post office for service. The Postal Service will save an estimated $26,700 annually. A disadvantage to some may be in meeting the rural or contract delivery carrier to transact business. However, it is not necessary to be present to conduct most Postal Service transactions with a rural or contract delivery carrier.

Taking all available information into consideration, the Postal Service has determined that the advantages outweigh the disadvantages and this proposal is warranted.

VII. NOTICES

A. Support Materials. Copies of all materials upon which this proposal is based are available for public inspection at the Joy Post Office during normal office hours.

B. This is a proposal. It is not a final determination to close this post office. If a final determination is made to close this post office, after public comments on this proposal are received and taken into account, a notice of that final determination will be posted in this office.

The final determination will contain instructions on how affected customers may appeal that decision to the Postal Regulatory Commission. Any such appeal must be received by the commission within 30 days of the posting of the final determination.

Dear Postal Service Customer:

Thank you for taking the time to submit your comments to the proposal to close the New Boston Post Office. Your comments are appreciated and will be carefully considered, along with the comments of other customers, as the matter is reviewed further in my office and at higher levels of the Postal Service.

In response to your letter:

- You expressed a concern about misdelivered mail. The concern about misdelivery has been brought to the attention of the administrative postmaster. The Postal Service regrets any inconvenience that customers have experienced because of misdelivery. We consider misdelivered mail a very serious problem and appreciate when customers report this to us since it provides an opportunity to take corrective action.

- You expressed a concern about growth in the community. The growth of a community does not depend on the location of a Post Office. Based on information obtained by the Postal Service, it was determined that there has been minimal growth in the area in recent years. Carrier service will be able to accommodate future growth.

- You expressed a concern about having to travel to another Post Office for service. Services provided at the Post Office will be available from the carrier, and customers will not have to travel to another Post Office for service. Most transactions do not require meeting the carrier at the mailbox. Stamps by Mail and Money Order Application forms are available for customer convenience. Stamps are also available at many stores and gas stations where customers may already shop, online at usps.com, or by calling 1-800-STAMP-24.

I realize with change there is always concern. However we are confident that the alternate service listed in the proposal will continue to provide you with effective and regular service.
If you have additional questions or comments, please feel free to contact Karen Lenane at (319) 399-2902.

Following are comments I wish to make concerning the proposed discontinuance of the NEW BOSTON Post Office.

1. **Effect on Your Postal Services.** Describe any favorable or unfavorable effects you believe the proposal would have on the regularity or effectiveness of your postal services.
Mail is Inconsistent in Delivery
Mail is Delivered to wrong people
Business mail is not going out until Next Day (unless drive 6 miles to the Jay Post Office
Business mail delayed if you need something weighed
Jay Post office does not have enough employees to do the job right - Very frustrated personnel

2. **Effect on Your Community.** Please describe any favorable or unfavorable effects that you believe the proposal would have on your community.
The community will lose - And the census shows this community has grown from the Last census.
The Businesses in the community are probably the ones that lose the most - postal service delayed 1 Day by the outgoing mail (picked up at 10:00 am - did have 4:00pm outgoing mail)
At present have had complaints of mail not being directed to, - had no stamp
Correct mail boxes. Drove to Jay 2x for Stamps for Business 2 - Closed at noon

3. **Other Comments.** Please provide any other views or information that you believe the Postal Service should consider in deciding whether to adopt the proposal.
The City will build a post office to accomodate the city and Postal Service. We would like to work with the U.S. Postal Service to provide this vital service to our residents. If the City provided the Building and US Postal service took employees from Jay to remit - where is their Loss?

PROPOSAL TO CLOSE THE SUSPENDED NEW BOSTON, IL POST OFFICE AND ESTABLISH SERVICE BY RURAL ROUTE SERVICE (REVISED)

DOCKET NUMBER 1374651 - 61272

I. RESPONSIVENESS TO COMMUNITY POSTAL NEEDS

The Postal Service is proposing to close the New Boston, IL Post Office and provide delivery and retail services by rural route service under the administrative responsibility of the Joy Post Office, located seven miles away. Service may be provided to cluster box units (CBUs).

CBUs are secure free-standing units of individually locked mail compartments installed and maintained by the Postal Service at no cost to the customer. A parcel locker may also be installed.

The postmaster position became vacant when the postmaster retired on November 30, 2009. Postmaster level and office service hours are determined by a workload analysis which includes the number of deliveries and revenue.

The office is being studied for possible closing or consolidation due to the following reasons: Effective close of business 2/4/2011, services were suspended at the New boston Illinois Post Office as lease negotiations attempts between the Post Office and landlord have failed. Study for discontinuance request based on need for more operational efficiency and the ability for the Postal Service to provide effective and regular service by alternate means.

The New Boston Post Office, an EAS-13 level, is currently suspended and services have been moved to another facility since 02/04/2011.

The retail window averaged zero transaction(s) accounting for zero minute(s) of retail workload daily. With minimal workload, the Postal Service feels that effective and regular service will be provided by rural route service. Office receipts for the last 3 years were: $54,557 (142 revenue units) in FY 2008; $51,617 (135 revenue units) in FY 2009; and $48,043 (125 revenue units) in FY 2010. There were no permit mailer(s) or postage meter customer(s).

Since the suspension of service, customers have received delivery and retail services by rural route service emanating from the Joy Post Office, an EAS-13 level office located 7.0 miles away. Window service hours are from 07:30-12:00 13:00-16:00, Monday through Friday, and 07:30 10:00 on Saturday. There are 150 Post Office boxes available.

On February 23, 2011, representatives from the Postal Service were available at New Boston Community Center to answer questions and provide information to customers. 0 customer(s) attended the meeting.

On April 15, 2011, 701 questionnaires were distributed to delivery customers of the New Boston Post Office. Questionnaires were also available over the counter for retail customers at the Joy Post Office. 190 questionnaires were returned. Responses regarding the proposed alternate service were as follows: 29 favorable, 35 unfavorable, and 126 expressed no opinion.

One congressional inquiry was received on February 28, 2011.

A petition supporting the retention of the New Boston Post Office was received on February 15, 2011, with 144 signatures.

The following concerns were expressed from questionnaires, the community meeting, from customer letters, on the petition, and from the congressional inquiry:

1. **Concern:** Customer expressed a concern about the inability of the rural carrier to weigh and rate letters and packages

   Response: The customer expressed a concern about the inability of the rural carrier to weigh and rate letters and packages. The rural carrier will accept any letters or packages for mailing. The carrier will estimate the cost and provide a receipt for money received. On the following delivery day the carrier will provide change.

2. **Concern:** Customers expressed concern for those customers with disabilities who are not able to go to adminoffice Post Office to pick up their mail

   Response: The customer expressed a concern about those customers with disabilities who are not able to go to the post office to pick up their mail. Customers are not required to travel to another post office to receive mail or obtain retail services. These services will be provided by the carrier to a roadside mailbox located close to customers' residences. In hardship cases, delivery can be made to the home of a customer. Changes in the type of delivery are considered where service by existing methods would impose an extreme physical hardship for an individual customer. Any request for a change in delivery method must be submitted in writing to the administrative postmaster.

3. **Concern:** Customers expressed concern for those customers with disabilities who are not able to go to adminoffice Post Office to pick up their mail

Response: The customer expressed a concern about those elderly customers and those with disabilities who are not able to go to the post office to pick up their mail. Customers are not required to travel to another post office to receive mail or obtain retail services. These services will be provided by the carrier to a roadside mailbox located close to customers' residences. In hardship cases, delivery can be made to the home of a customer. Changes in the type of delivery are considered where service by existing methods would impose an extreme physical hardship for an individual customer. Any request for a change in delivery method must be submitted in writing to the administrative postmaster.

4. **Concern:** Customers felt the loss of a post office would have a detrimental effect on the business community

Response: The customer expressed a concern about the detrimental effect the loss of the post office would have on the community. Businesses generally require regular and effective postal services, and these will always be provided to the suspended Post Office community. There is no indication that the business community will be adversely affected. Questionnaire responses revealed that customers will continue to use local businesses if the post office is discontinued.

5. **Concern:** Customers felt the post office should remain open since they paid taxes

Response: The customer expressed a concern that since the people of your community paid taxes the post office should remain open. The Postal Service is not supported by tax dollars and must meet expenses by revenue it generates. Operational savings for the Postal Service contributes in the long run to stable postage rates and savings for customers.

6. **Concern:** Customers felt the route should emanate from Illinois City because that office is closer

Response: The customer expressed a question about where the route should emanate from. The delivery route has been carefully reviewed to ensure that the most cost-efficient service is provided. Although Illinois City is closer for some customers, Joy is closer for others. You may wish to contact the Illinois City Post Office and speak with the Postmaster to see if the rural route from that office comes close to your home.

7. **Concern:** Customers were concerned about growth in the community

Response: The customer expressed a concern about growth in the community. The growth of a community does not depend on the location of a post office. Based on information obtained by the Postal Service, it was determined that there has been minimal growth in the area in recent years. Carrier service will be able to accommodate future growth.

8. **Concern:** Customers were concerned about having to travel to another Post Office for service.

Response: Services provided at the Post Office will be available from the carrier, and customers will not have to travel to another Post Office for service. Most transactions do not require meeting the carrier at the mailbox. Stamps by Mail and Money Order Application forms are available for customer convenience. Stamps are also available at many stores and gas stations where customers may already shop, online at usps.com, or by calling 1-800-STAMP-24.

9. **Concern:** Customers were concerned about later delivery of mail

Response: The customer expressed a concern about delivery time. A customer's location on a carrier's line of travel determines the time of day mail is delivered. This, of course, precludes providing early delivery of mail to every customer because, no matter how we structure a route, somebody must be last. We do, however, carefully consider the volume of mail for each route so that we can deliver the greatest amount of mail at the earliest possible hour. With the largest fleet of delivery vehicles in the world we must pay special attention to energy

conservation measures, to minimize vehicle and fuel expenses. When the price of gasoline goes up one cent per gallon our total gasoline cost rises more than $8 million. Therefore, when structuring a route, we must balance our goal to deliver as much mail as possible as early as possible with the need to minimize the travel distance a route must cov

10. **Concern:** Customers were concerned about senior citizens

Response: The customer expressed a concern about senior citizens. Carrier service is beneficial to many senior citizens and those who face special challenges because the carrier can provide delivery and retail services to roadside mailboxes or CBUs. Customers do not have to make a special trip to the post office for service. Special provisions are made for hardship cases or special customer needs. To request an exception for hardship delivery, customers may contact the administrative postmaster for more information.

11. **Concern:** You expressed a concern that they requested and were denied rural delivery service

Response: The customer expressed a concern that you requested and were denied rural delivery service. There are several guidelines which must be met prior to a road being approved for delivery. The road to be traveled must be at least 14 feet wide and maintained at all times of the year. It cannot dead end in a private driveway even if the drive is maintained by a municipality. There must be a suitable turning point provided for the carrier, preferably with no backing. If backing is involved, there are other guidelines to adhere to. If backing is necessitated, the Postmaster must verify it is in a low-traffic area and there are no children in the immediate vicinity on a regular basis. There must also be a minimum of one family per one-half mile of travel.

12. **Concern:** You expressed concern of your medicine delivery through the mail.

Response: The Postal Service delivers medicine to residents throughout the United States. Packages that are perishable or have special delivery instructions such as medicine are marked as such a manner by the mailer to instruct the carrier as to if the package can be left in a particular location. The Postal Service will adhere to those instructions.

13. **Concern:** You were concerned about having to travel to another post office for service

Response: The customer expressed a concern about having to travel to another post office for service. Services provided at the post office will be available from the carrier, and customers will not have to travel to another post office for service. Most transactions do not require meeting the carrier at the mailbox. Stamps by Mail and Money Order Application forms are available for customer convenience.

14. **Concern:** You were concerned of a change of address.

Response: If you live on rural delivery and do not have a Post Office Box, your delivery address will remain the same.

15. **Concern:** Customers expressed concern about misdelivered mail.

Response: The concern about misdelivery has been brought to the attention of the administrative postmaster. The Postal Service regrets any inconvenience that customers have experienced because of misdelivery. We consider misdelivered mail a very serious problem and appreciate when customers report this to us since it provides an opportunity to take corrective action.

16. **Concern:** Customer expressed a concern about the length of time it took to forward your mail

Response: The customer expressed a concern about the length of time it took to forward your mail. You may pick up address change notice post cards at the post office that can be mailed to your correspondents listing your correct new mailing address. As your correspondents use your correct mailing address there will no longer be a requirement that your mail goes through our forwarding system.

17. **Concern:** Customer expressed a concern about their 911 address

Response: The customer expressed a concern about your 911 address. 911 addresses are generally given by the county's 911 coordinator. The Postal Service does not establish 911 addresses. Any questions concerning your 911 address should be directed to the county's 911 coordinator.

18. **Concern:** Customers asked why their post office was being discontinued while others were retained

Response: The customer asked why the suspended post office was being discontinued while others were retained. Post offices are reviewed on a case-by-case basis. When there is a lease issue in a small office, it is customary to conduct a study of the business activity and investigate the feasibility of providing service by alternate means.

19. **Concern:** Customers expressed concern about collection of outgoing mail

Response: The customer expressed a concern about the collection of outgoing mail. Collection of mail will be made by the carrier when serving the route. The customer should place outgoing mail in the designated collection compartment in the CBU. There is a blue collection box that the carrier picks up outgoing mail.

20. **Concern:** Customers expressed concern for loss of community identity

Response: The customer expressed a concern about the loss of the Communities' identity. A community's identity derives from the interest and vitality of its residents and their use of its name. The Postal Service is helping to preserve community identity by continuing the use of the suspended Post Office name and zip code.

21. **Concern:** Customers inquired about mailbox installation and maintenance.

Response: Cluster box units are purchased, installed, and maintained by the Postal Service at no expense to customers.

22. **Concern:** Customers stated that the locks freeze on the CBUs when it snows

Response: Locks can freeze during extreme cold weather conditions, but CBU maintenance can alleviate this problem. Customers are encouraged to contact the administrative postmaster if they are experiencing a problem with their locks.

23. **Concern:** Customers were concerned about a change of address

Response: The customer expressed a concern about a change in address. Customers will be assigned a 911 address. The new address will continue to use the community name and ZIP Code. Mail will be forwarded in accordance with postal regulations, and change of address forms are available from the Postal Service to assist customers in notifying correspondents of the change.

24. **Concern:** Customers were concerned about obtaining accountable mail and large parcels

Response: The customer expressed a concern about obtaining accountable mail and large parcels. If you live less than one-half mile from the line of travel, the carrier will attempt delivery of accountable items and large parcels to the customer's residence. If the live over one-half mile away or is not home when delivery is attempted, a notice will be left in the mailbox. Large parcels will be left outside the mailbox or at a designated location or a notice will be left in the mailbox. Attempted delivery items will be taken back to the administrative Post Office.

Customers may pick up the item at the post office, request redelivery on another day or authorize delivery to another party.

25. **Concern:**

Customers who had received door delivery at a former residence asked why this service was not available to the New Boston customers.

Response:

The growth of suburban areas and the shift of population from one geographic area to another have created new challenges for the Postal Service. To meet these challenges, delivery regulations were changed in 1978 to eliminate door delivery as an option for new residential areas. Current delivery options are roadside or centralized delivery provided by motorized carrier.

Some advantages of the proposal are:

1. The rural or contract delivery carrier may provide retail services, alleviating the need to go to the post office. Stamps by Mail order forms are provided for customer convenience.
2. Customers opting for carrier service will have 24-hour access to their mail.
3. Savings for the Postal Service contribute in the long run to stable postage rates and savings for customers.
4. CBUs can offer the security of individually locked mail compartments. Parcel lockers provide convenient parcel delivery for customers.
5. Customers opting for carrier service will not have to pay post office box fees.
6. Saves time and energy for customers who drive to the post office to pick up mail.

Some disadvantages of the proposal are:

1. The loss of a retail outlet and a postmaster position in the community. Retail services may be provided by the rural or contract delivery carrier.
2. Meeting the rural or contract delivery carrier at the box to transact business. However, it is not necessary to be present to conduct most Postal Service transactions.
3. A change in the mailing address. The community name will continue to be used in the new address. A carrier route address will be assigned.

Taking all available information into consideration, the Postal Service concludes this proposal will provide a maximum degree of effective and regular postal services to the community.

II. EFFECT ON COMMUNITY

New Boston is an incorporated community located in Mercer County. The community is administered politically by Mayor and council. Police protection is provided by the Police Chief New Boston. Fire protection is provided by the City of New Boston. Businesses and organizations include: New Boston United Methodist Church Assembly of God Church , City of New Boston, New Boston Police, Joy State Bank, Cargill, Bay C Store, New Boston Elentary, Styling 3, New Boston United Methodist CHurch, Assembly of God Church, New Boston Car Wash, New Boston Community Center, Deeters, The Barn, New Boston Apartments, New Boston Township, New Boston Museum, THis and That, Under the Rainbox, PGL, New Boston Fire Department, New Boston Ambulance Service, New Boston Masonic Lodge, Lucinda Puckett Salon, Eliza Township, Kountry Kafe, Eliza Community Center, Eliza Legion, Eliza Community CHurch, Lock and Dam 17, Bay Island Drainage District, Gold Star Dogs, Trivium Pursuit, Agri Tech Farms, Neeld Farms, Kenny Seitz Construction, Long Construction, D and S Construction, Nelson Services, New Boston Bait and Tackle, Harvey's Repair, EZ Repair, Carey Trucking, Frieden Excavating, Sloans Produce, Sloans Market, New Boston Storage, Eliza Fire Department, Tony Lane Flooring, Chubbas, Dougs heating and cooling, Clark's fish market, New Boston Community Club, Puckett Concrete, New Boston Motel, Crop Production Service, Marston Farms, Ruffles and Bows, Morrison Training, Nelson Trucking, Billie Ayers Avon, Mommy and Me Day Care, C and L Contracting, Arena News, Vegan Construction . Residents may travel to nearby communities for other supplies and services.

Nonpostal services provided at the New Boston Post Office will be available at the Joy Post Office. Government forms normally provided by the Post Office will also be available at the Joy Post Office or by contacting your local government agency.

The following nonpostal concerns were expressed from questionnaires, the community meeting, on the petition, and on the congressional inquiry:

1. **Concern:** Customers were concerned about growth in the community.

   Response: The growth of a community does not depend on the location of a Post Office. Based on information obtained by the Postal Service, it was determined that there has been minimal growth in the area in recent years. Carrier service will be able to accommodate future growth.

1. **Concern:** Customers felt closing the New Boston Post Office would cause property values to decline.

   Response: There is no evidence to indicate that property values decline when a Post Office is discontinued. There has been minimal growth in the area and carrier service can accommodate any future growth.

Based on information the Postal Service obtained, it was determined that there has been minimal growth in the area in recent years, rural route service is expected to be able to handle any future growth in the community.

III. EFFECT ON EMPLOYEES

The postmaster position became vacant when the postmaster retired on November 30, 2009. The noncareer postmaster relief (PMR) may be separated from the Postal Service. No other Postal Service employee will be adversely affected.

IV. ECONOMIC SAVINGS

The Postal Service estimates an annual savings of $ 26,700 with a breakdown as follows:

Postmaster Salary (EAS-13, No COLA)	$ 36,381
Fringe Benefits @ 33.5%	$ 12,188
Annual Lease Costs	+ $ 5,040
Total Annual Costs	$ 53,609
Less Annual Cost of Replacement Service	- $ 26,909
Total Annual Savings	$ 26,700

A one-time expense of $ 15361 will be incurred for the movement of this facility.

V. OTHER FACTORS

The Postal Service was unable to conduct a window transaction survey before the time of the suspension.

VI. SUMMARY

The Postal Service is proposing to close the New Boston, IL Post Office and provide delivery and retail services by rural route service under the administrative responsibility of the Joy Post Office, located seven miles away. Service may be provided to cluster box units (CBUs).

Operations were suspended on February 04, 2011, due to On January 31, 2011 the lease on the New Boston Post Office Building expired. Negotiation attempts between the Post Office and landlord have failed.. There were no suitable alternate quarters available.

The postmaster retired on November 30, 2009. If the office has a noncareer PMR(s), they may be separated from the Postal Service; however, attempts will be made to reassign the employee(s) to a nearby facility. No other employee(s) will be adversely affected. Post office workload has declined. Effective and regular service will continue to be provided by rural route service.

The New Boston Post Office provided delivery and retail service to 320 PO Box or general delivery customers and 384 delivery route customers. The daily retail window transactions averaged zero. There are no permit mailers or postage meter customers.

There will no longer be a retail outlet in the community. However, delivery and retail services may be available from a rural or contract delivery carrier, which could alleviate the need to travel to a post office for service. The Postal Service will save an estimated $26,700 annually. A disadvantage to some may be in meeting the rural or contract delivery carrier to transact business. However, it is not necessary to be present to conduct most Postal Service transactions with a rural or contract delivery carrier.

Taking all available information into consideration, the Postal Service has determined that the advantages outweigh the disadvantages and this proposal is warranted.

VII. NOTICES

A. Support Materials. Copies of all materials upon which this proposal is based are available for public inspection at the Joy Post Office during normal office hours.

B. This is a proposal. It is not a final determination to close this post office. If a final determination is made to close this post office, after public comments on this proposal are received and taken into account, a notice of that final determination will be posted in this office.

The final determination will contain instructions on how affected customers may appeal that decision to the Postal Regulatory Commission. Any such appeal must be received by the commission within 30 days of the posting of the final determination.

FINAL DETERMINATION TO CLOSE THE SUSPENDED NEW BOSTON, IL POST OFFICE AND ESTABLISH SERVICE BY RURAL ROUTE SERVICE

DOCKET NUMBER 1374651 - 61272

I. RESPONSIVENESS TO COMMUNITY POSTAL NEEDS

The Postal Service is issuing the final determination to close the New Boston, IL Post Office and provide delivery and retail services by rural route service under the administrative responsibility of the Joy Post Office, located seven miles away. Service will be provided to cluster box units (CBUs).

CBUs are secure free-standing units of individually locked mail compartments installed and maintained by the Postal Service at no cost to the customer. A parcel locker may also be installed.

The postmaster position became vacant when the postmaster retired on November 30, 2009. Postmaster level and office service hours are determined by a workload analysis which includes the number of deliveries and revenue.

The office was studied for possible closing or consolidation due to the following reasons: Effective close of business 2/4/2011, services were suspended at the New boston Illinois Post Office as lease negotiations attempts between the Post Office and landlord have failed. Study for discontinuance request based on need for more operational efficiency and the ability for the Postal Service to provide effective and regular service by alternate means.

The New Boston Post Office, an EAS-13 level, is currently suspended and services have been moved to another facility since 02/04/2011.

The retail window averaged zero transaction(s) accounting for zero minute(s) of retail workload daily. With minimal workload, the Postal Service feels that effective and regular service will be provided by rural route service. Office receipts for the last 3 years were: $54,557 (142 revenue units) in FY 2008; $51,617 (135 revenue units) in FY 2009; and $48,043 (125 revenue units) in FY 2010. There were no permit mailer(s) or postage meter customer(s).

Since the suspension of service, customers have received delivery and retail services by rural route service emanating from the Joy Post Office, an EAS-13 level office located 7.0 miles away. Window service hours are from 07:30-12:00 13:00-16:00, Monday through Friday, and 07:30 10:00 on Saturday. There are 150 Post Office boxes available. On February 23, 2011, representatives from the Postal Service were available at New Boston Community Center to answer questions and provide information to customers. 0 customer(s) attended the meeting.

On April 15, 2011, 701 questionnaires were distributed to delivery customers of the New Boston Post Office. Questionnaires were also available over the counter for retail customers at the Joy Post Office. 190 questionnaires were returned. Responses regarding the proposed alternate service were as follows: 29 favorable, 35 unfavorable, and 126 expressed no opinion.

One congressional inquiry was received on February 28, 2011.

A petition supporting the retention of the New Boston Post Office was received on February 15, 2011, with 144 signatures.

The proposal to close the New Boston Post Office was posted with an invitation for comment at the Joy Post Office from June 03, 2011 to August 04, 2011. The following additional concerns were received during the proposal posting period:

1. **Concern:** Customer expressed a concern about the inability of the rural carrier to weigh and rate letters and packages

   Response: The customer expressed a concern about the inability of the rural carrier to weigh and rate letters and packages. The rural carrier will accept any letters or packages for mailing. The carrier will estimate the cost and provide a receipt for money received. On the following delivery day the carrier will provide change.

2. **Concern:** Customers expressed concern for those customers with disabilities who are not able to go to adminoffice Post Office to pick up their mail

   Response: The customer expressed a concern about those customers with disabilities who are not able to go to the post office to pick up their mail. Customers are not required to travel to another post office to receive mail or obtain retail services. These services will be provided by the carrier to a roadside mailbox located close to customers' residences. In hardship cases, delivery can be made to the home of a customer. Changes in the type of delivery are considered where service by existing methods would impose an extreme physical hardship for an individual customer. Any request for a change in delivery method must be submitted in writing to the administrative postmaster.

3. **Concern:** Customers expressed concern for those customers with disabilities who are not able to go to adminoffice Post Office to pick up their mail

Response: The customer expressed a concern about those elderly customers and those with disabilities who are not able to go to the post office to pick up their mail. Customers are not required to travel to another post office to receive mail or obtain retail services. These services will be provided by the carrier to a roadside mailbox located close to customers' residences. In hardship cases, delivery can be made to the home of a customer. Changes in the type of delivery are considered where service by existing methods would impose an extreme physical hardship for an individual customer. Any request for a change in delivery method must be submitted in writing to the administrative postmaster.

4. **Concern:** Customers felt the loss of a post office would have a detrimental effect on the business community

Response: The customer expressed a concern about the detrimental effect the loss of the post office would have on the community. Businesses generally require regular and effective postal services, and these will always be provided to the suspended Post Office community. There is no indication that the business community will be adversely affected. Questionnaire responses revealed that customers will continue to use local businesses if the post office is discontinued.

5. **Concern:** Customers felt the post office should remain open since they paid taxes

Response: The customer expressed a concern that since the people of your community paid taxes the post office should remain open. The Postal Service is not supported by tax dollars and must meet expenses by revenue it generates. Operational savings for the Postal Service contributes in the long run to stable postage rates and savings for customers.

6. **Concern:** Customers felt the route should emanate from Illinois City because that office is closer

Response: The customer expressed a question about where the route should emanate from. The delivery route has been carefully reviewed to ensure that the most cost-efficient service is provided. Although Illinois City is closer for some customers, Joy is closer for others. You may wish to contact the Illinois City Post Office and speak with the Postmaster to see if the rural route from that office comes close to your home.

7. **Concern:** Customers were concerned about growth in the community

Response: The customer expressed a concern about growth in the community. The growth of a community does not depend on the location of a post office. Based on information obtained by the Postal Service, it was determined that there has been minimal growth in the area in recent years. Carrier service will be able to accommodate future growth.

8. **Concern:** Customers were concerned about having to travel to another Post Office for service.

Response: Services provided at the Post Office will be available from the carrier, and customers will not have to travel to another Post Office for service. Most transactions do not require meeting the carrier at the mailbox. Stamps by Mail and Money Order Application forms are available for customer convenience. Stamps are also available at many stores and gas stations where customers may already shop, online at usps.com, or by calling 1-800-STAMP-24.

9. **Concern:** Customers were concerned about later delivery of mail

Response: The customer expressed a concern about delivery time. A customer's location on a carrier's line of travel determines the time of day mail is delivered. This, of course, precludes providing early delivery of mail to every customer because, no matter how we structure a route, somebody must be last. We do, however, carefully consider the volume of mail for each route so that we can deliver the greatest amount of mail at the earliest possible hour. With the largest fleet of delivery vehicles in the world we must pay special attention to energy

conservation measures, to minimize vehicle and fuel expenses. When the price of gasoline goes up one cent per gallon our total gasoline cost rises more than $8 million. Therefore, when structuring a route, we must balance our goal to deliver as much mail as possible as early as possible with the need to minimize the travel distance a route must cov

10. **Concern:** Customers were concerned about senior citizens

Response: The customer expressed a concern about senior citizens. Carrier service is beneficial to many senior citizens and those who face special challenges because the carrier can provide delivery and retail services to roadside mailboxes or CBUs. Customers do not have to make a special trip to the post office for service. Special provisions are made for hardship cases or special customer needs. To request an exception for hardship delivery, customers may contact the administrative postmaster for more information.

11. **Concern:** You expressed a concern that they requested and were denied rural delivery service

Response: The customer expressed a concern that you requested and were denied rural delivery service. There are several guidelines which must be met prior to a road being approved for delivery. The road to be traveled must be at least 14 feet wide and maintained at all times of the year. It cannot dead end in a private driveway even if the drive is maintained by a municipality. There must be a suitable turning point provided for the carrier, preferably with no backing. If backing is involved, there are other guidelines to adhere to. If backing is necessitated, the Postmaster must verify it is in a low-traffic area and there are no children in the immediate vicinity on a regular basis. There must also be a minimum of one family per one-half mile of travel.

12. **Concern:** You expressed concern of your medicine delivery through the mail.

Response: The Postal Service delivers medicine to residents throughout the United States. Packages that are perishable or have special delivery instructions such as medicine are marked as such a manner by the mailer to instruct the carrier as to if the package can be left in a particular location. The Postal Service will adhere to those instructions.

13. **Concern:** You were concerned about having to travel to another post office for service

Response: The customer expressed a concern about having to travel to another post office for service. Services provided at the post office will be available from the carrier, and customers will not have to travel to another post office for service. Most transactions do not require meeting the carrier at the mailbox. Stamps by Mail and Money Order Application forms are available for customer convenience.

14. **Concern:** You were concerned of a change of address.

Response: If you live on rural delivery and do not have a Post Office Box, your delivery address will remain the same.

15. **Concern:** Customers expressed concern about misdelivered mail.

Response: The concern about misdelivery has been brought to the attention of the administrative postmaster. The Postal Service regrets any inconvenience that customers have experienced because of misdelivery. We consider misdelivered mail a very serious problem and appreciate when customers report this to us since it provides an opportunity to take corrective action.

16. **Concern:** Customer expressed a concern about the length of time it took to forward your mail

Response: The customer expressed a concern about the length of time it took to forward your mail. You may pick up address change notice post cards at the post office that can be mailed to your correspondents listing your correct new mailing address. As your correspondents use your correct mailing address there will no longer be a requirement that your mail goes through our forwarding system.

17. **Concern:** Customer expressed a concern about their 911 address

Response: The customer expressed a concern about your 911 address. 911 addresses are generally given by the county's 911 coordinator. The Postal Service does not establish 911 addresses. Any questions concerning your 911 address should be directed to the county's 911 coordinator.

18. **Concern:** Customers asked why their post office was being discontinued while others were retained

Response: The customer asked why the suspended post office was being discontinued while others were retained. Post offices are reviewed on a case-by-case basis. When there is a lease issue in a small office, it is customary to conduct a study of the business activity and investigate the feasibility of providing service by alternate means.

19. **Concern:** Customers expressed concern about collection of outgoing mail

Response: The customer expressed a concern about the collection of outgoing mail. Collection of mail will be made by the carrier when serving the route. The customer should place outgoing mail in the designated collection compartment in the CBU. There is a blue collection box that the carrier picks up outgoing mail.

20. **Concern:** Customers expressed concern for loss of community identity

Response: The customer expressed a concern about the loss of the Communities' identity. A community's identity derives from the interest and vitality of its residents and their use of its name. The Postal Service is helping to preserve community identity by continuing the use of the suspended Post Office name and zip code.

21. **Concern:** Customers inquired about mailbox installation and maintenance.

Response: Cluster box units are purchased, installed, and maintained by the Postal Service at no expense to customers.

22. **Concern:** Customers stated that the locks freeze on the CBUs when it snows

Response: Locks can freeze during extreme cold weather conditions, but CBU maintenance can alleviate this problem. Customers are encouraged to contact the administrative postmaster if they are experiencing a problem with their locks.

23. **Concern:** Customers were concerned about a change of address

Response: The customer expressed a concern about a change in address. Customers will be assigned a 911 address. The new address will continue to use the community name and ZIP Code. Mail will be forwarded in accordance with postal regulations, and change of address forms are available from the Postal Service to assist customers in notifying correspondents of the change.

24. **Concern:** Customers were concerned about obtaining accountable mail and large parcels

Response: The customer expressed a concern about obtaining accountable mail and large parcels. If you live less than one-half mile from the line of travel, the carrier will attempt delivery of accountable items and large parcels to the customer's residence. If the live over one-half mile away or is not home when delivery is attempted, a notice will be left in the mailbox. Large parcels will be left outside the mailbox or at a designated location or a notice will be left in the mailbox. Attempted delivery items will be taken back to the administrative Post Office.

Customers may pick up the item at the post office, request redelivery on another day or authorize delivery to another party.

25. **Concern:** Customers who had received door delivery at a former residence asked why this service was not available to the New Boston customers.

Response: The growth of suburban areas and the shift of population from one geographic area to another have created new challenges for the Postal Service. To meet these challenges, delivery regulations were changed in 1978 to eliminate door delivery as an option for new residential areas. Current delivery options are roadside or centralized delivery provided by motorized carrier.

Some advantages of the proposal are:

1. The rural and contract carriers may provide retail services, alleviating the need to go to the post office. Stamps by Mail order forms are provided for customer convenience.
2. Customers opting for carrier service will have 24-hour access to their mail.
3. Savings for the Postal Service contribute in the long run to stable postage rates and savings for customers.
4. CBUs can offer the security of individually locked mail compartments. Parcel lockers provide convenient parcel delivery for customers.
5. Customers opting for carrier service will not have to pay post office box fees.
6. Saves time and energy for customers who drive to the post office to pick up mail.

Some disadvantages of the proposal are:

1. The loss of a retail outlet. Retail services may be provided by the rural or contract delivery carrier.
2. Meeting the rural or contract delivery carrier at the box to transact business. However, it is not necessary to be present to conduct most Postal Service transactions.
3. A change in the mailing address. The community name will continue to be used in the new address. A carrier route address will be assigned.

Taking all available information into consideration, the Postal Service concludes this final determination will provide a maximum degree of effective and regular postal services to the community.

II. EFFECT ON COMMUNITY

New Boston is an incorporated community located in MERCER County. The community is administered politically by Mayor and council. Police protection is provided by the Police Chief New Boston. Fire protection is provided by the City of New Boston. The community is comprised of combination of retirees, commuters, self=-employed and farmers and those who commute to work at nearby communities and may work in local businesses.

Businesses and organizations include: New Boston United Methodist Church Assembly of God Church , City of New Boston, New Boston Police, Joy State Bank, Cargill, Bay C Store, New Boston Elentary, Styling 3, New Boston United Methodist CHurch, Assembly of God Church, New Boston Car Wash, New Boston Community Center, Deeters, The Barn, New Boston Apartments, New Boston Township, New Boston Museum, THis and That, Under the Rainbox, PGL, New Boston Fire Department, New Boston Ambulance Service, New Boston Masonic Lodge, Lucinda Puckett Salon, Eliza Township, Kountry Kafe, Eliza Community Center, Eliza Legion, Eliza Community CHurch, Lock and Dam 17, Bay Island Drainage District, Gold Star Dogs, Trivium Pursuit, Agri Tech Farms, Neeld Farms, Kenny Seitz Construction, Long Construction, D and S Construction, Nelson Services, New Boston Bait and Tackle, Harvey's Repair, EZ Repair, Carey Trucking, Frieden Excavating, Sloans Produce, Sloans Market, New Boston Storage, Eliza Fire Department, Tony Lane Flooring, Chubbas, Dougs heating and cooling, Clark's fish market, New Boston Community Club, Puckett Concrete, New Boston Motel, Crop Production Service, Marston Farms, Ruffles and Bows, Morrison Training, Nelson Trucking, Billie Ayers Avon, Mommy and Me Day Care, C and L Contracting, Arena News, Vegan Construction . Nonpostal services provided at the New Boston Post Office will be available at the Joy Post Office. Government forms normally provided by the Post Office will also be available at the Joy Post Office or by contacting your local government agency.

The following nonpostal concerns were expressed from questionnaires, the community meeting, on the petition, and on the congressional inquiry:

1. **Concern:** Customers were concerned about growth in the community.

Response: The growth of a community does not depend on the location of a Post Office. Based on information obtained by the Postal Service, it was determined that there has been minimal growth in the area in recent years. Carrier service will be able to accommodate future growth.

2. **Concern:** Customers felt closing the New Boston Post Office would cause property values to decline.

Response: There is no evidence to indicate that property values decline when a Post Office is discontinued. There has been minimal growth in the area and carrier service can accommodate any future growth.

Based on information the Postal Service obtained, it was determined that there has been minimal growth in the area in recent years, rural route service is expected to be able to handle any future growth in the community.

III. EFFECT ON EMPLOYEES

The postmaster position became vacant when the postmaster retired on November 30, 2009. The noncareer postmaster relief (PMR) may be separated from the Postal Service. No other Postal Service employee will be adversely affected.

IV. ECONOMIC SAVINGS

The Postal Service estimates an annual savings of $ 26,700 with a breakdown as follows:

Postmaster Salary (EAS-13, No COLA)	$ 36,381
Fringe Benefits @ 33.5%	$ 12,188
Annual Lease Costs	+ $ 5,040
Total Annual Costs	$ 53,609
Less Annual Cost of Replacement Service	- $ 26,909
Total Annual Savings	$ 26,700

A one-time expense of $ 15361 will be incurred for the movement of this facility.

V. OTHER FACTORS

The Postal Service was unable to conduct a window transaction survey before the time of the suspension.

VI. SUMMARY

This is the final determination to close the New Boston, IL Post Office and provide delivery and retail services by rural route service under the administrative responsibility of the Joy Post Office, located seven miles away. Service will be provided to cluster box units (CBUs).

Operations were suspended on February 04, 2011, due to On January 31, 2011 the lease on the New Boston Post Office Building expired. Negotiation attempts between the Post Office and landlord have failed.. There were no suitable alternate quarters available.

The postmaster retired on November 30, 2009. If the office has a noncareer PMR(s), they may be separated from the Postal Service; however, attempts will be made to reassign the employee(s) to a nearby facility. No other employee(s) will be adversely affected. The workload has declined. Effective and regular service will continue to be provided by rural route service.

The New Boston Post Office provided delivery and retail service to 320 PO Box or general delivery customers and 384 delivery route customers. The daily retail window transactions averaged zero. There are no permit mailers or postage meter customers.

There will no longer be a retail outlet in the community. However, delivery and retail services may be available from a rural or contract delivery carrier, which could alleviate the need to travel to a Post Office for service. The Postal Service will save an estimated $26,700 annually. A disadvantage to some will be in meeting the rural or contract delivery carrier to transact business. However, it is not necessary to be present to conduct most Postal Service transactions with rural or contract delivery carrier.

Taking all available information into consideration, the Postal Service has determined that the advantages outweigh the disadvantages and this final determination is warranted.

VII. NOTICES

A. Support Materials. Copies of all materials upon which this final determination is based are available for public inspection at the Joy Post Office during normal office hours.

B. Appeal Rights. This final determination to close the New Boston Post Office may be appealed by any person served by that office to the Postal Regulatory Commission at 901 New York Ave NW, Suite 200, Washington DC 20268-0001. NOTICE AND ORDER ACCEPTING APPEAL AND ESTABLISHING PROCEDURAL SCHEDULE

(Issued November 2, 2011)

Notice is hereby given that, pursuant to 39 U.S.C. 404(d), on October 27, 2011, the Commission received two petitions for review of the Postal Service's determination to close the New Boston post office in New Boston, Illinois. The first petition for review was filed by Barbara O'Hearn. The second petition for review was filed by Lu Ann Krengle. The earliest postmark date is October 17, 2011. The Commission hereby institutes a proceeding under 39 U.S.C. 404(d)(5) and establishes Docket No. A2012-38 to consider Petitioners' appeal. If Petitioners would like to further explain their position with supplemental information or facts, Petitioners may either file a Participant Statement on PRC Form 61 or file a brief with the Commission no later than December 1, 2011.

1374651-61272

Categories of issues apparently raised. Petitioners contend that (1) the Postal Service failed to consider the effect of the closing on the community (*see* 39 U.S.C. 404(d)(2)(A)(i)); and (2) the Postal Service failed to consider whether or not it will continue to provide a maximum degree of effective and regular postal services to the community (*see* 39 U.S.C. 404(d)(2)(A)(iii)).

After the Postal Service files the administrative record and the Commission reviews it, the Commission may find that there are more legal issues than those set forth above, or that the Postal Service's determination disposes of one or more of those issues. The deadline for the Postal Service to file the applicable administrative record with the Commission is November 11, 2011. *See* 39 CFR 3001.113. In addition, the due date for any responsive pleading by the Postal Service to this Notice is November 11, 2011.

Availability; website posting. The Commission has posted the appeal and supporting material on its website at *http://www.prc.gov.* Additional filings in this case and participant's submissions also will be posted on the website, if provided in electronic format or amenable to conversion, and not subject to a valid protective order. I am writing concerning the New Boston Post Office.
I can't beleive that our town will be without a post office forever. I was born and raised here and I remember going to the post office after school everyday to get the mail. It was in a rickety, one room building. There were usually two ladies in attendance. When Floyd Curtis built the new building it was grand as far as we were concerned. But that was when we had three and sometimes four grocery stores, a meat market, two bars, three gas stations, a dry goods store, a barber shop, a funeral home and a few other businesses. This was a prosperous town then. Now we are probably going like other little river towns that are being forgotten. We don't have any grocery stores, but we have three bars, a gas station/convience store, a Community Center and a big grain elevator. The Cargill Corp just built a new, much larger elevator, a six million dollar facility. We all hope with the confidence that that enterprise showed we will be adding other businesses in the future. But without a post office that might be deturance to us. Businesses need to have a place to mail out parcels and correspondence without traveling for several miles to do so.
I am a member of our city council and we are working so hard to turn our town around. But this has been a big "kick in the pants" to us. We had over 300 boxes and I was told we were meeting our obligation to the post office. If you would reconsider our little town it would be a boost to all of us. This has been a hardship for us. We want to try to get out there and run with the bigger towns but this hampers everything.
This problem that the post office is having financially is not the fault of we little towns but look to the big offices. That's where there is a problem. Solve it there not here!

Thank You for your consideration,

This is a small town with a very large volume of mail going out.

My concerns are;

1. The winter weather
2. Our mail carrier standing out in the open in all kinds of conditions — rain, sleet, hail, wind blowing etc mail
3. Our elderly and handicapped falling in bad weather; can you be sued?
4. Will the locks freeze shut?
5. You took our social gathering away
6. The bulliten board was our way of knowing what was going on
7. Our Post Master was very good at answering our questions + helping us pick the best way for packages

Thank You
Barbara O'Hearn
