Each file contains pages excerpted from the AMP study for the facility identified in the file name. These 14 studies are the same studies that were identified in the "Plant to Post Office" spreadsheet filed in USPS-LR-N2012-1/11. These files contain, for each AMP study, the portion of the study that describes the current and proposed costs for Postal Vehicle Service ("PVS") and Highway Contract Route ("HCR") transportation. Specifically, these files contain the following information.

1. Current and proposed PVS operating costs for each "losing" and "gaining" facility under review.
2. The following information for each "losing" and "gaining" facility under review:
  - a. Route Numbers
  - b. Current Annual Mileage
  - c. Current Annual Cost
  - d. Current Cost Per Mile
  - e. HCR Annual Savings

f. Total HCR Transportation Savings

The information above is provided in both the public and non-public version of this library reference. The following information, for each “losing” and “gaining” facility under review, has been provided in the non-public version of this library reference (USPS-LR-N2012-1/NP8), but has been redacted from this version:

1. Proposed Annual Mileage
2. Proposed Annual Cost
3. Proposed Cost Per Mile
