CW/CD is a substantial user of Standard Mail, as well as other classes of mail, all of which may be affected by the Postal Service's request for an experimental classification change.

CW/CD is a major user of the U. S. mails in terms of both quantity of items mailed and costs of postage, and would be significantly affected by the experimental classification proposal of the United States Postal Service.

At this stage of the proceedings, it is unknown whether the Postal Service's request for an experimental mail classification and a market test, as proposed, is in accordance with the Postal Reorganization Act. See 39 U.S.C. sections 3622 and 3623.

CW/CD intends to participate actively in any hearing that may be held in this matter.

Respectfully submitted,
