Docket No. N2012-1

**UNITED STATES POSTAL SERVICE NOTICE OF FILING ERRATA TO
TESTIMONY OF WITNESS WHITEMAN, USPS-T-12, AND
SUPPORTING LIBRARY REFERENCE USPS-LR-N2012-1/NP1 [ERRATA]**

In response to Presiding Officer's Information Request No. 2 (POIR2), questions 17-19, witness Whiteman confirmed three errors in his Excel workbook filed in USPS-LR-N2012-1/NP1;¹ those errors also flowed through to "Chart 1," which appears on page 22 of his direct testimony, USPS-T-12. In the course of investigating the responses to POIR2, witness Whiteman found an additional error set. This pleading gives notice of filing errata to correct all of these errors, which appear in both library reference USPS-LR-N2012-1/NP1 and the testimony, USPS-T-12.

Changes in the testimony are limited to Chart 1 on revised page 22. So as to simplify matters for all participants, a new copy of the testimony is being filed. All pages are identical in all respects, except for the cover page (which now shows a revision date in the lower right corner) and page 22, which in addition to the new Chart 1, also contains a revision date in the upper right corner.

Changes within Chart 1 follow a pattern with small increases in columns 3-5, 7, and 8-9 for "Total Standard Mail" and corresponding small decreases in those same

¹ The filename is "Network Optimization Volume Revenue Contribution Loss-Final2.xls"; it was one of two files in folder "USPS" within USPS-LR-N2012-1/NP1. A revised version uses the same filename except with "Revised " at the front of the name.

columns for "Express Mail/Priority Mail."² These changes also impact totals in columns 3, 5, 7, 9 and 10 with the "Net Change" (column 10) going from \$-498,653,734 to \$-500,759,520, or an approximate two million dollar increase in the financial loss; the estimated volume change of -1.7 percent does not change. Value changes in respective cells are also listed in Attachment 1.

Changes within USPS-LR-N2012-1/NP1 are of similar complexity as those identified in Chart 1. However, the cells involved are more numerous and nonpublic. Those cells updated by means of these errata, with initial and revised values, are listed in Attachment 2; since those values are nonpublic, Attachment 2 is filed together with the revised workbook referenced in footnote one, above, as part of revisions to USPS-LR-N2012-1/NP1.
