

PRC Docket No. N2012-1

USPS LIBRARY REFERENCE USPS-LR-N2012-1/71

PREFACE

Materials Responsive To Interrogatory PR/USPS-T3-29

This Category 2 library reference is responsive to interrogatory PR/USPS-T3-29 and reflects facility-specific 75th percentile Advanced Facer Cancellor System (AFCS) volume data and 95th percentile Delivery Barcode Sorter (DBCS) volume data.

The library reference consists of one file with three worksheets:

AFCS: For all days within FY2010, the list of days for each site where AFCS pieces fed is greater than or equal to the site's 75th percentile pieces fed. Each site's specific 75th percentile pieces fed volume figure has been redacted.

DBCS: For all days within FY2010, the list of days for each site where DBCS pieces fed is greater than or equal to the site's 95th percentile pieces fed. Each site's specific 95th percentile pieces fed volume figure has been redacted.

SQL: Code used to extract volume to populate AFCS and DBCS worksheets.

The 75th/95th percentile pieces fed, respectively, through the AFCS/DBCS operations at each facility redacted from this library reference have been provided in the non-public version (USPS-LR-N2012-1/NP9).
