

Table 1: Comparison of Facilities Under Consideration for Consolidation at Different Points in Time

	Source	Total No. of Facilities Evaluated under Revised Service Standards	P&DC P&DF	L&DC	CSMPC	DDC/Annex/STC	AMP savings for those on the list (in millions)	Number Removed from Study	Number that were identified as origin only	No. of facilities already approved for consolidation under old service standards	Other Notes
Original List of Facilities to be Studied	USPS-LR-N2012-1/6	252	124	3	90	14/19/2=35			4		5 also considered as gaining sites
Additional Facilities Studied		11	8		2				2		
Feb 23-AMP release	USPS website and LR-N2012-1/73	182 w AMPs + 41 wo AMP =223	105 w AMPs and 1 wo AMP=106	1 w no AMP	76 w AMPs and 15 wo AMPs =91	1w AMP & 12 wo AMP/10 wo AMP/2 wo AMP=25	\$950.4	35 w identified savings of \$105.2 million	4		6 still under study
Phase I Summer 2012	USPS May 17 PR and Response to CIR 1 Q. 4	48	17 w AMPs + 2 wo AMPs = 19	0	16 w AMPs + 4 wo AMPs = 20	4 /1/0 = 5 none with AMPs	< \$162.3 (see notes)	4 w identified savings of \$27.3 million		4 w AMP savings of \$26.4 million	7 AMPs (\$80.5 million) are for O&D but the proposed consolidation is only partial, also gaining facility has changed since AMP in 2 instances.
Phase I Feb 2013	USPS May 17 PR and CIR 1Q4	93	38 w AMPs + 1 wo AMP = 39	0	24 w AMPs + 5 wo AMPs = 29	5/7/1=13 none with AMPs	\$243.4	Jet Cove Annex returned to list		8 w AMP savings of \$9.4 million	4 non-network facilities added + 1 annex returned from removed list
Phase II 2014	CIR 1 Q4 No list provided	89, 85 facilities w AMP studies remain on list.					Approx. \$545 million in 85 AMPs that remain on list				Of remaining 99facilities on Feb 23 list, 89 are identified as Phase II but which ones have not been identified.
