

July 30, 2012

Hon. Shoshana M. Grove
Secretary
Postal Regulatory Commission
901 New York Avenue NW, Suite 200
Washington, DC 20268-0001

Dear Ms. Grove:

This transmits the enclosed copy of the Postal Service's progress report regarding the participation rates, compliance, and data yield of bulk First-Class Mail and Standard Mail customers using Full-Service Intelligent Mail. This responds to the requirement in the Commission's FY2010 Annual Compliance Determination Report that the Postal Service furnish monthly reports of such information.

Thank you for your consideration of this matter.

Sincerely,

Anthony F. Alverno

Enclosure

Monthly Progress Report on Full-Service Intelligent Mail Participation and Compliance by Commercial First-Class Mail and Standard Mail Customers (July 30, 2012)

The Postal Service previously updated the Commission on the progress of Full-Service Intelligent Mail participation and certification on June 28, 2012.

Between April 1 and June 30, 2012, the Postal Service measured over 3.3 billion First-Class Mail items from 731 active Full Service Intelligent Mail customers. Measured First-Class Mail items with an overnight service standard originated in 66 districts, those with a two-day service standard originated in 61 out of a possible 66 districts, and those with a three-to-five-day service standard originated in 61 districts. For Standard Mail, there were about 2.8 billion items measured with origin data from all districts for Destination Entry letters and flats, 63 districts for End-to-End letters, and 50 districts for End-to-End Flats. There were over 208 million pieces measured for Periodicals delivered between April 1 and June 30, originating from all districts. For Package Services Bound Printed Matter Flats there were about 389,000 pieces measured quarter-to-date, with origin data for 63 districts.
