

August 29, 2012

Hon. Shoshana M. Grove  
Secretary  
Postal Regulatory Commission  
901 New York Avenue NW, Suite 200  
Washington, DC 20268-0001

Dear Ms. Grove:

This transmits the enclosed copy of the Postal Service's progress report regarding the participation rates, compliance, and data yield of bulk First-Class Mail and Standard Mail customers using Full-Service Intelligent Mail. This responds to the requirement in the Commission's FY2010 Annual Compliance Determination Report that the Postal Service furnish monthly reports of such information.

Thank you for your consideration of this matter.

Sincerely,

A handwritten signature in purple ink that reads "Anthony F. Alverno".

Anthony F. Alverno

Enclosure

**Monthly Progress Report on Full-Service Intelligent Mail Participation and Compliance by Commercial First-Class Mail and Standard Mail Customers (August 29, 2012)**

The Postal Service previously updated the Commission on the progress of Full-Service Intelligent Mail participation and certification on July 30, 2012.

Between June 1 and August 17, 2012, the Postal Service measured over 1.7 billion First-Class Mail items from 628 active Full Service Intelligent Mail customers. Measured First-Class Mail items with an overnight service standard originated in 66 districts, those with a two-day service standard originated in 64 out of a possible 66 districts, and those with a three-to-five-day service standard originated in 63 districts. For Standard Mail, there were over 1.6 billion items measured with origin data from all districts for Destination Entry letters and flats, 65 districts for End-to-End letters, and 47 districts for End-to-End Flats. There were over 106 million pieces measured for Periodicals delivered between June 1 and August 17, with Destination Entry mail originating from all districts and End-to-End mail originating from 59 districts. For Package Services Bound Printed Matter Flats there were approximately 473,000 pieces measured quarter-to-date, with origin data for 65 districts.
