Docket No. MC2012-14

Valassis NSA)

Docket No. R2012-8

**MOTION OF NATIONAL NEWSPAPER ASSOCIATION
FOR PUBLIC TREATMENT OF PREVIOUS FILING
(February 7, 2013)**

On June 29, 2012, National Newspaper Association provided notice to the Commission of the filing of two spreadsheets in response to the Commission's Notice of Inquiry No. 1, in a document entitled Application for Non-Public Treatment of Material in Response to Notice of Inquiry No. 1. The notice is Document No. 83294 in the Certified Record filed by the Commission in Newspaper Association of America v. Postal Regulatory Commission, Docket No 12-1367, in the US Court of Appeals for the District of Columbia Circuit.

The spreadsheets consisted of responses to an NNA survey to two groups of newspaper executives that included customer lists. One group comprised NNA members. The other comprised a larger group outside of NNA. NNA requested non-public treatment of those spreadsheets.

Parties to the federal court appeal are currently in the process of compiling the Joint Appendix of documents from the docket. NNA has determined that it would be in the best interest of all parties if the responses from its members were treated as a public file in the Joint Appendix. NNA has contacted respondents to the survey of its members and has received no objections to unsealing the responses. It does not have sufficient contact information for respondents from the non-member spreadsheet and therefore does not request public treatment of that document.

In the event the Joint Appendix is completed and filed before the Commission rules on this motion, NNA believes unsealing these documents is still appropriate so a supplemental appendix could be created and the parties can refer to them as they choose.

NNA therefore moves that the Commission accept the spreadsheet previously filed under seal for inclusion on the public docket. It will provide a new notice of the filing of an electronic copy of the designated spreadsheet containing the material previously provided for the confidential files if the Commission grants the motion.

Respectfully submitted,

Tonda F. Rush
