9. Please provide the Postal Service’s most recent schedule to implement the proposals in the Postal Service Plan. When providing an answer to this question, please:
   a. Provide separate implementation schedules for individual products, if the proposed measurement systems are implemented at different times for different products;
   b. Provide the date that a complete fiscal quarter of service performance may be reported (by product if necessary) pursuant to 39 C.F.R. § 3055 subpart B utilizing the measurement systems proposed in the Postal Service Plan; and
   c. Provide the date that a complete fiscal year of service performance may be reported (by product if necessary) pursuant to 39 C.F.R. § 3055 subpart A utilizing the measurement systems proposed in the Postal Service Plan.

RESPONSE

(a-c) The Postal Service intends to complete implementation of the measurement portion of its Informed Visibility initiative during the first quarter of FY2016, so that it generates measurement data for the second quarter of FY2016 that will be reported in parallel with data generated by current measurement systems. Consistent with this expectation, the fourth consecutive quarterly parallel report would reflect data for the first quarter of FY2017 and complete the first full year of parallel reporting.
