**NOTICE OF THE UNITED STATES POSTAL SERVICE OF FILING ERRATA
CONCERNING GLOBAL EXPEDITED PACKAGE SERVICES 6 NEGOTIATED
SERVICE AGREEMENT**

(June 1, 2016)

The Postal Service hereby gives notice of filing errata concerning the notice for the Global Expedited Package Services 6 Negotiated Service Agreement filed in Docket No. CP2016-189.¹ Because of a typographical error, the agreement was mistakenly referred to as a GEPS 3 agreement instead of a GEPS 6 agreement in the title and first paragraph of Section III of the notice. A corrected version of the page from the notice is attached here with changes highlighted in gray.

¹ Notice of United States Postal Service of Filing a Functionally Equivalent Global Expedited Package Services 6 Negotiated Service Agreement and Application for Non-Public Treatment of Materials Filed Under Seal, Docket No. CP2016-189, May 31, 2016.

equivalent to the contract that is the subject of Docket No. CP2016-188. Accordingly, this contract should be included within the GEPS 6 product.

II. Identification of the Additional GEPS 6 Contracts

The Postal Service believes that this additional GEPS contract fits within the Mail Classification Schedule (MCS) language included with the Postal Service's request to establish the GEPS 6 product.²

This additional GEPS 6 contract is intended to become effective on June 15, 2016. Should the Commission not complete its review by this date, the Postal Service will notify the customer and the Commission of the effective date. If the effective date of the agreement is the first of the month, the agreement that is the subject of this docket is set to expire one year after its effective date. If the effective date of the agreement is not the first of the month, the agreement is set to expire on the last day of the month in which the effective date falls in the year subsequent to the effective date, unless the agreement is terminated earlier.

III. Functional Equivalency of GEPS 6 Contracts

This GEPS 6 contract is substantially similar to the contract filed in Docket No. CP2016-188. The contract shares similar cost and market characteristics with that contract. In Governors' Decision No. 11-6, the Governors established prices of general applicability for competitive products that meet the criteria of 39 U.S.C. § 3633 and the regulations promulgated thereunder. Therefore, the costs of each contract conform to a common description. In addition, the MCS requires that each GEPS contract must cover its attributable costs. The contract at issue here meets the Governors' criteria
