COMPETITIVE PRODUCTS PRICE CHANGES
RATES OF GENERAL APPLICABILITY

Docket No. CP2017-20

**NOTICE OF THE UNITED STATES POSTAL SERVICE
OF CHANGES IN RATES OF GENERAL APPLICABILITY
FOR COMPETITIVE PRODUCTS
ESTABLISHED IN GOVERNORS' DECISION NO. 16-7
(October 19, 2016)**

Pursuant to 39 C.F.R. § 3015.2, the United States Postal Service hereby gives notice of changes in rates of general applicability and of concomitant classification changes for competitive products. In accordance with § 3015.2(b), this notice provides the Governors' Decision establishing the changes, including a statement of explanation and justification, which orders the changes into effect on January 22, 2017, and a certification of the Governors' vote.

Attached to the Governors' Decision is a schedule showing new prices and related classification changes incorporated into a draft of the revisions to the competitive products section of the Mail Classification Schedule. Classification changes established by this Governors' Decision are shown in legislative format.

Also being filed herewith is a non-public annex showing FY 2017 projected volumes, revenues, attributable costs, contribution, and cost coverage for each product. Additionally, pursuant to Order No. 1062 (December 21, 2011), the Postal Service is filing supporting forecast data, price adjustment calculations, and expected cost coverage for international competitive products. An application for non-public treatment

of this material is attached to this pleading, along with a redacted, public version of the annex. Redacted versions of certain supporting materials are also being filed today.

New Products or Price Categories Introduced

Pursuant to Order No. 1062, the following describes any new products or price categories introduced:

- For PFS Commercial customers, a new flat rate tray option will be available for full and half trays;
- For Priority Mail Express International, weight-rated items tendered at retail counters may be offered at prices equivalent to Priority Mail International for certain destinations and weight steps, subject to certain requirements and conditions.

Additionally, the following price categories will be eliminated in order to simplify and streamline the Postal Service's product offerings:

- TIGER/ZIP+4 price category will be retired because of low usage.

The Governors' Decision and record of proceedings will be sent for publication in the *Federal Register* in accordance with 39 U.S.C. § 3632(b)(2).

**DECISION OF THE GOVERNORS OF THE UNITED STATES POSTAL SERVICE ON CHANGES
IN RATES OF GENERAL APPLICABILITY FOR COMPETITIVE PRODUCTS (GOVERNORS'
DECISION NO. 16-7)**

October 11, 2016

STATEMENT OF EXPLANATION AND JUSTIFICATION

Pursuant to authority under section 3632 of title 39, as amended by the Postal Accountability and Enhancement Act of 2006 ("PAEA"), I establish new prices of general applicability for the Postal Service's shipping services (competitive products), and such changes in classifications as are necessary to define the new prices. The changes are described generally below, with a detailed description of the changes in the attachment. The attachment includes the draft Mail Classification Schedule sections with classification changes in legislative format, and new prices displayed in the price charts.

As shown in the nonpublic annex being filed under seal herewith, the changes I establish should enable each competitive product to cover its attributable costs (39 U.S.C. § 3633(a)(2)) and should result in competitive products as a whole complying with 39 U.S.C. § 3633(a)(3), which, as implemented by 39 C.F.R. § 3015.7(c), requires competitive products collectively to contribute a minimum of 5.5 percent to the Postal Service's institutional costs. Accordingly, no issue of subsidization of competitive products by market dominant products should arise (39 U.S.C. § 3633(a)(1)). I therefore find that the new prices are in accordance with 39 U.S.C. §§ 3632-3633 and 39 C.F.R. § 3015.2.

I. Domestic Products

A. Priority Mail Express

Overall, the Priority Mail Express price change represents a 3.4 percent increase. The existing structure of zoned Retail, Commercial Base, and Commercial Plus price categories is maintained, with Commercial Base and Commercial Plus prices continuing to be set equal to each other.

Retail prices will increase an average of 3.7 percent. The price for the Retail Flat Rate Envelope, a significant portion of all Priority Mail Express volume, is increasing to \$23.75. The prices for the Retail Flat Rate Envelope, Padded Flat Rate Envelope, and Legal Flat Rate Envelope will have differentiated prices for 2017.

The Commercial Base price category offers lower prices to customers who use online and other authorized postage payment methods. The Commercial Base prices will increase 2.4 percent on average. Commercial Base prices will be set at a flat 11.2 percent discount off of Retail prices.

The Commercial Plus price category has traditionally offered even lower prices to large-volume customers. However, recognizing that the Postal Service is at a competitive disadvantage in the marketplace by publishing these highly discounted prices that are viewable by all customers, Commercial Plus prices were matched to the Commercial Base prices in 2016 and will continue to be in 2017. For January, Commercial Plus prices as a whole will receive a 2.3 percent increase on average.

B. Priority Mail

On average, the Priority Mail prices will be increased by 3.9 percent. The existing structure of Priority Mail Retail, Commercial Base, and Commercial Plus price categories is maintained.

Retail prices will increase an average of 3.3 percent. Retail Flat Rate Box prices will be: Small, \$7.15; Medium, \$13.60; Large, \$18.85 and Large APO/FPO/DPO, \$17.35. Thus, the Large APO/FPO/DPO Flat Rate Box will be \$1.50 less than the Large Flat Rate Box. The regular Flat Rate Envelope will be priced at \$6.65, with the Legal Size and Padded Flat Rate Envelopes priced at \$6.95 and \$7.20, respectively.

The Commercial Base price category offers lower prices to customers using authorized postage payment methods. The Commercial Base prices will increase 4.1 percent on average. Commercial Base prices will, on average, reflect a 13.6 percent discount off of Retail prices.

The Commercial Plus price category has traditionally offered even lower prices to large-volume customers. For January, Commercial Plus prices as a whole will receive a 4.5 percent increase and will average 16.8 percent off Retail prices.

C. Parcel Select

On average, prices for destination-entered non-Lightweight Parcel Select, the Postal Service's bulk ground shipping product, will increase 4.9 percent. For destination delivery unit (DDU) entered parcels, the average price increase is 4.9 percent. For destination sectional center facility (DSCF) destination entered parcels, the average price increase is 4.8 percent. For destination network distribution center (DNDC) parcels, the average price increase is 5.0 percent. Prices for Parcel Select Lightweight will increase by 8.0 percent. Parcel Select Ground will see a 2.7 percent price increase.

D. Parcel Return Service

Parcel Return Service prices will have an overall price increase of 5.5 percent. Prices for parcels retrieved at a return Sectional Center Facility (RSCF) will increase by 5.8 percent, and prices for parcels picked up at a return delivery unit (RDU) will increase 5.2 percent.

E. First-Class Package Service

First-Class Package Service continues to be positioned as a lightweight (less than one pound) offering used by businesses for fulfillment purposes. Overall, First-Class Package Service prices will increase 4.1 percent.

F. Retail Ground

Retail Ground prices will increase 3.8 percent. Customers shipping in Zones 1-4 will continue to receive Priority Mail service and will only default to Retail Ground if the item contains hazardous material or is otherwise not permitted to travel by air transportation.

G. Domestic Extra Services

Premium Forwarding Service (PFS) prices will increase 3.8 percent in 2017. The retail counter enrollment fee will increase to \$19.35. The online enrollment option, introduced in 2014, will now be available for \$17.75. The weekly reshipment fee will increase to \$19.35. New for 2017, for PFS Commercial, Priority Mail Express or Priority Mail shipments can be dispatched in bulk at a flat rate for full and half trays. Prices for Adult Signature service will increase to \$5.90 for the basic service and \$6.15 for the person-specific service. Address Enhancement Service prices will be increasing between 1.9 and 7.9 percent depending on the particular rate element, to ensure adequate cost coverage. Additionally, the TIGER/ZIP+4 price category will be retired because of low usage. Competitive Post Office Box prices will be increasing 6.5 percent on average, which is within the existing price ranges. Package Intercept Service will increase 3.2 percent, to \$12.95. The Pickup On Demand fee, which has not increased since 2013, will increase to \$22.00 for 2017.

II. International Products

A. Expedited Services

International expedited services include Global Express Guaranteed (GXG) and Priority Mail Express International (PMEI). Overall, GXG prices will rise by 4.9 percent, and there will be no changes in prices for PMEI. Commercial Plus prices will be equivalent to Commercial Base; however, deeper discounting may still be made available to customers through negotiated service agreements.

Customers would also benefit from a new classification change. Weight-rated items tendered at retail counters may be offered at prices equivalent to Priority Mail International (PMI) for certain destinations and weight steps, if all PMEI eligibility requirements are met and the Postal Service determines that service can be improved and/or the PMEI destination country delivery costs are lower than PMI destination country delivery costs.

B. Priority Mail International

There will be no changes in prices for Priority Mail International (PMI). Commercial Plus prices will be equivalent to Commercial Base; however, deeper discounting may still be made available to customers through negotiated service agreements.

This year, service features may change as PMI shipments bearing a designated barcode and dispatched to select destination countries will receive a scan upon delivery in lieu of a signature.

C. International Priority Airmail and International Surface Air Lift

Published prices for International Priority Airmail (IPA) and International Surface Air Lift (ISAL) will increase by 3.8 percent, and 3.9 percent for their associated M-Bags.

D. Airmail M-Bags

The published prices for Airmail M-Bags will increase by 4.9 percent.

E. First-Class Package International Service™

There will be no change in prices for First-Class Package International Service (FCPIS). Commercial Plus prices will be equivalent to Commercial Base; however, deeper discounting will still be made available to customers through negotiated service agreements.

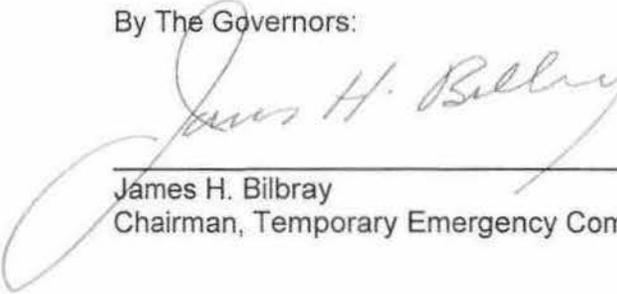

F. International Ancillary Services and Special Services

Prices for several international ancillary services will be increased, with an overall increase of 10.6 percent. However, some services will be increased above average to ensure cost coverage, including International Postal Money Orders, which will increase by 73.7 percent, and Outbound International Registered Mail, which will increase by 7.2 percent.

ORDER

The changes in prices and classes set forth herein shall be effective at 12:01 A.M. on January 22, 2017. I direct the Secretary to have this decision published in the *Federal Register* in accordance with 39 U.S.C. § 3632(b)(2), and direct management to file with the Postal Regulatory Commission appropriate notice of these changes.

Retail Balloon Price

In Zones 1-4 (including local), parcels weighing less than 20 pounds but measuring more than 84 inches in combined length and girth (but not more than 108 inches) are charged the applicable price for a 20-pound parcel.

Retail Dimensional Weight

In Zones 5-8, parcels exceeding one cubic foot are priced at the actual weight or the dimensional weight, whichever is greater.

For box-shaped parcels, the dimensional weight (pounds) is calculated by multiplying the length (inches) times the width (inches) times the height (inches) of the parcel, and dividing by 194.

For irregular-shaped parcels (parcels not appearing box-shaped), the dimensional weight (pounds) is calculated by multiplying the length (inches) times the width (inches) times the height (inches) at the associated maximum cross-sections of the parcel, dividing by 194, and multiplying by an adjustment factor of 0.785.

In Zones 1-4 (including local), parcels weighing less than 20 pounds but measuring more than 84 inches in combined length and girth (but not more than 108 inches) are charged the applicable price for a 20-pound parcel.

Commercial Base Dimensional Weight

In Zones 5-8, parcels exceeding one cubic foot are priced at the actual weight or the dimensional weight, whichever is greater.

For box-shaped parcels, the dimensional weight (pounds) is calculated by multiplying the length (inches) times the width (inches) times the height (inches) of the parcel, and dividing by 194.

For irregular-shaped parcels (parcels not appearing box-shaped), the dimensional weight (pounds) is calculated by multiplying the length (inches) times the width (inches) times the height (inches) at the associated maximum cross-sections of the parcel, dividing by 194, and multiplying by an adjustment factor of 0.785.

In Zones 1-4 (including local), parcels weighing less than 20 pounds but measuring more than 84 inches in combined length and girth (but not more than 108 inches) are charged the applicable price for a 20-pound parcel.

Commercial Plus Dimensional Weight

In Zones 5-8, parcels exceeding one cubic foot are priced at the actual weight or the dimensional weight, whichever is greater.

For box-shaped parcels, the dimensional weight (pounds) is calculated by multiplying the length (inches) times the width (inches) times the height (inches) of the parcel, and dividing by 194.

For irregular-shaped parcels (parcels not appearing box-shaped), the dimensional weight (pounds) is calculated by multiplying the length (inches) times the width (inches) times the height (inches) at the associated maximum cross-sections of the parcel, dividing by 194, and multiplying by an adjustment factor of 0.785.

Balloon Price

Pieces exceeding 84 inches in length and girth combined (but not more than 108 inches) and weighing less than 20 pounds are subject to a price equal to that for a 20-pound parcel for the zone to which the parcel is addressed.

Oversized Pieces

Regardless of weight, any piece that measures more than 108 inches (but not more than 130 inches) in length plus girth must pay the oversized price.

Pickup On Demand Service

Add \$22.00 for each Pickup On Demand stop.

IMpb Noncompliance Fee

Add \$0.20 for each IMpb-noncompliant parcel paying commercial prices.

2605 Address Enhancement Services

2605.1 Description

Address Enhancement Services ensures that address elements and address lists are correct and up-to-date. In addition to providing software or information about ZIP Code lists, addresses, or moves, the services also include certifying systems to ensure that the proper address information is used. Some services allow the purchaser or licensee to make unlimited copies or to make additional copies for a fee.

AEC (Address Element Correction)

AEC service identifies and corrects bad or incomplete addresses using enhanced computer logic.

AMS API (Address Matching System Application Program Interface)

AMS API is a core set of compiled address-matching software instructions that developers incorporate into their software so that address lists can be updated with address data from the following databases, which are integrated into the AMS-API: City State, ZIP + 4, Five-Digit ZIP, eLOT, DPV, and LACS^{Link}.

For an additional fee, a developer may install the AMS-API on multiple computers for its own use. Additional fees are charged if the developer wants to resell its address-matching software. Developers, for an additional fee, may obtain computer software instructions that permit the API to access the RDI data when licensed separately. Additional fees are charged if the developer wants to resell RDI-API (Residential Delivery Indicator Application Program Interface).

TIGER/ZIP + 4 (Topological Integrated Geographic Encoding and Referencing)

~~—The Topological Integrated Geographic Encoding and Referencing (TIGER/ZIP + 4) service is a bridge file that allows mailers to access other information using the ZIP + 4 codes they already have associated with their addresses. This file offers demographers and market researchers a method to relate ZIP + 4 coded address lists to Census Bureau demographic data.~~

2630 Premium Forwarding Service

2630.1 Description

- a. Premium Forwarding Service Residential: provides residential delivery customers, and certain Post Office Box customers, the option to receive substantially all mail addressed to a primary address instead at a temporary address by means of a weekly Priority Mail shipment. Parcels that are too large for the weekly shipment, mail pieces that require a scan upon delivery or arrive postage due at the office serving the customer's primary address, and certain Priority Mail pieces may be rerouted as specified in the Domestic Mail Manual. Rerouted Priority Mail Express, First-Class Mail, and Priority Mail pieces incur no additional reshipping charges. Rerouted ~~Standard Mail~~ USPS Marketing Mail and Package Service pieces may be rerouted postage due. Mail sent to a primary address for which an addressee has activated Premium Forwarding Service Residential is not treated as undeliverable-as-addressed. Premium Forwarding Service Residential is available for a period of at least two weeks and not more than twelve months, may not be used simultaneously with temporary or permanent forwarding orders, and is not available to customers whose primary address consists of a size three, four, or five Post Office Box, subject to exceptions allowed by the Postal Service, or a centralized delivery point.

- b. Premium Forwarding Service Commercial: provides commercial customers the option to have mail addressed to business Post Office Boxes or business street addresses within the same servicing postal facility reshipped as Priority Mail Express or Priority Mail to a new address, for a period of time specified by the customer. Mail pieces that are accountable, require a scan, or arrive postage due at the customer's primary address will be rerouted separately as specified in the Domestic Mail Manual. Containers are used based on volumes and are charged the appropriate Priority Mail Express or Priority Mail postage. Flat rate tray boxes may be used, when available.

Notes

1. At ZIP Code locations specified on usps.com, customers who have not had box service for the last six months may obtain an initial 13 months of service for twice the semi-annual fees provided above.
2. 3-month fees must fall within the range consisting of one-half the applicable minimum and one-half the applicable maximum in the above price table.
3. A portion of the fee may serve as postage on packages delivered to competitive Post Office Box service customers after being brought to the Post Office by a private carrier.
4. For customers using the Enterprise PO Box Online system, the semi-annual fees may be prorated one time to align payment periods for multiple boxes. The prorated fee for each such box will be based on the number of months between the expiration of the current fee and the month of the payment alignment.

APPLICATION OF THE UNITED STATES POSTAL SERVICE FOR NON-PUBLIC TREATMENT OF MATERIALS

In accordance with 39 C.F.R. § 3007.21, the Postal Service hereby applies for non-public treatment of the attributable cost, contribution, and cost coverage data in the unredacted version of the annex to Governors' Decision No. 16-7, as well as the supporting materials for those data, which include disaggregated product volume, weight, and revenue distribution information by price cell. The materials consist of spreadsheets that contain calculations to determine the weighted average price increase and cost coverage for each competitive product within the scope of this docket. The Postal Service hereby furnishes the justification required for this application by each subsection of 39 C.F.R. § 3007.21(c), as enumerated below. For the reasons discussed, the Postal Service asks that the Commission grant its application for non-public treatment of the identified materials. The Postal Service is concurrently filing redacted versions of these files, where it has determined redactions to be practicable.

(1) The rationale for claiming that the materials are non-public, including the specific statutory basis for the claim, and a statement justifying application of the provision(s);

The materials designated as non-public consist of information of a commercial nature, which under good business practice would not be publicly disclosed. In the Postal Service's opinion, this information would be exempt from mandatory disclosure pursuant to 39 U.S.C. § 410(c)(2) and 5 U.S.C. § 552(b)(3) and (b)(4).¹ Because the

¹ In appropriate circumstances, the Commission may determine the appropriate level of confidentiality to be afforded to such information after weighing the nature and extent of the likely commercial injury to the Postal Service against the public interest in maintaining the financial transparency of a government establishment competing in commercial markets. 39 U.S.C. § 504(g)(3)(A). The Commission has indicated that "likely commercial injury" should be construed broadly to encompass other types of injury, such as harms to privacy, deliberative process, or law enforcement interests. PRC Order No. 194, Second Notice of Proposed Rulemaking to Establish a Procedure for According Appropriate Confidentiality, Docket No. RM2008-1, Mar. 20, 2009, at 11.

portions of the materials which the Postal Service is applying to file only under seal fall within the scope of information not required to be publicly disclosed, the Postal Service asks the Commission to support its determination that these materials are exempt from public disclosure and grant its application for their non-public treatment.

(2) Identification, including name, phone number, and email address for any third-party who is known to have a proprietary interest in the materials, or if such an identification is sensitive, contact information for a Postal Service employee who shall provide notice to that third party;

The Postal Service believes that Canada Post may have a proprietary interest in information included in some of the materials submitted. The Postal Service has already informed Canada Post through its bilateral with Canada Post, of the nature and scope of this type of filing and Canada Post's ability to address its confidentiality concerns directly with the Commission. The Postal Service identifies Terry Dunn, General Manager, International Relations, Canada Post Corporation, as the appropriate contact on behalf of Canada Post. Mr. Dunn's telephone number is (613) 734-8894, and his email address is terry.dunn@canadapost.ca. Canada Post requests that any communications regarding confidential treatment of these data be sent with a courtesy copy to Ewa Kowalski, Director, International Mail Settlement, Canada Post Corporation. Ms. Kowalski's telephone number is (613) 734-6201, and her email address is ewa.kowalski@canadapost.ca.²

² In the event of a request for early termination of non-public treatment under 39 C.F.R. § 3007.31, a preliminary determination of non-public status under 39 C.F.R. § 3007.32, or a request for access to non-public materials under 39 C.F.R. § 3007.40, the Postal Service notes, on Canada Post's behalf, that differences in the official observation of national holidays might adversely and unduly affect Canada Post's ability to avail itself of the times allowed for response under the Commission's rules. In such cases, Canada Post has requested that the Postal Service convey its preemptive request that the Commission account for such holidays when accepting submissions on matters that affect Canada Post's interests. A listing of Canada's official holidays can be found at

The Postal Service also believes that FedEx Express may have a proprietary interest in some of the data concerning Global Express Guaranteed (GXG) in the materials submitted.³ The Postal Service will undertake to inform FedEx Express, in compliance with 39 C.F.R. § 3007.20(b), of the nature and scope of this filing and its ability to address its confidentiality concerns directly with the Commission. The Postal Service identifies James H. Ferguson, Corporate Vice President, Customer and Business Transactions, FedEx Corporation & General Counsel, FedEx Corporate Services, Inc., as the appropriate contact on behalf of FedEx Express. Mr. Ferguson's telephone number is (901) 434-8600, and his email address is jferguson1@fedex.com.

(3) A description of the materials claimed to be non-public in a manner that, without revealing the materials at issue, would allow a person to thoroughly evaluate the basis for the claim that they are non-public;

The redacted information consists of the projected FY 2017 attributable cost, contribution, and cost coverage for each competitive product that is the subject of this docket. The Postal Service has filed information concerning the calculations used to develop the weighted average price increase by product and cost coverage. Protected information in the spreadsheets includes volume and revenue by price cell (weight increment and zone or country group), as well as product-specific cost data and other supporting data. Such information for competitive product categories is commercially sensitive at the disaggregated, cell-specific level shown in the spreadsheets.

³ Although FedEx Express might have a proprietary interest in data reflecting volume or weights for GXG, the Postal Service maintains that the Postal Service is the only party with a proprietary interest in revenue data reflecting GXG transactions between the Postal Service and its customers.

(4) Particular identification of the nature and extent of commercial harm alleged and the likelihood of such harm;

If competitors of the Postal Service were to have access to this information, they would likely focus their marketing and price cutting efforts on the Postal Service's most profitable products. This will lead to erosion of contribution of these products through lost sales and/or the need to lower prices to compete. Postal product cost and contribution information would provide suppliers of postal transportation and other services with information they could use to seek higher rates for services they provide. This would lead to higher postal costs and loss of contribution. Although the extent of the commercial harm is difficult to quantify, given that Shipping Services is a multi-billion dollar enterprise, even a small change in market share, prices, or costs could lead to millions of dollars in lost revenue, higher costs, and lower contribution margins. It is highly likely that if this information were made public, the Postal Service's competitors and suppliers would take advantage of it almost immediately.

Competitors could use the product-specific revenue, pieces, and weight information to analyze the Postal Service's possible market strengths and weaknesses and to focus sales and marketing efforts on those areas, to the detriment of the Postal Service. Disclosure of this information would also undermine the Postal Service's position in negotiating favorable terms with potential customers, who would be able to ascertain critical information about relevant product trends (e.g., average revenue per piece, average weight per piece).

Disclosure would also expose Canada Post, as well as other customers to the same competitive harms to the extent that a category is associated with a single customer or a small group of customers. The Postal Service considers these to be

highly probable outcomes that would result from public disclosure of the material filed nonpublicly. Disclosure of statistical and cost information about GXG could limit the ability of FedEx Express, a counterparty to a strategic alliance with the Postal Service, to negotiate effectively and could allow competitors to analyze the traffic for a competitive advantage against FedEx Express. The more disaggregated nature of the product information in the international context, and the relatively small numbers associated with information make the international data particularly vulnerable to analysis and use by competitors.

(5) At least one specific hypothetical, illustrative example of each alleged harm;

Identified harm: Competitors could use product cost, contribution, or cost coverage information to assess vulnerabilities and focus sales and marketing efforts to the Postal Service's detriment.

Hypothetical: Cost, contribution and/or cost coverage information is released to the public and available to a competitor. The competitor assesses the profitability of certain services based on the data released. The competitor then targets its advertising and sales efforts at actual or potential customers in market segments where the Postal Service has substantial contribution, thereby hindering the Postal Service's ability to maintain these customers.

Identified harm: Competitors could use disaggregated product volume, weight, and revenue distribution information to assess vulnerabilities and focus sales and marketing efforts to the Postal Service's detriment, and also during negotiations with the Postal Service.

Hypothetical: Disaggregated revenue, volume, and weights contained in the

Nonpublic Annex are disclosed to the public. Another delivery service's employee monitors the filing of this information and passes it along to the firm's sales and marketing functions. The competitor assesses the profitability of certain services on a per-piece or per-pound basis or the Postal Service's relative concentration in certain service offerings. The competitor then targets its advertising and sales efforts at actual or potential customers in market segments where the Postal Service appears to have made headway, hindering the Postal Service's ability to reach out effectively to these customers. In addition, a foreign postal operator's employee could monitor the filing of this information and pass the information along to the international postal relations functions of that foreign postal operator. The foreign postal operator assesses the Postal Service's average per-item revenue for categories about which it is negotiating with the Postal Service. Accurately or not, the foreign postal operator uses the average revenue information as a justification for pricing demands in negotiations. The Postal Service's ability to negotiate suffers as a result.

Identified harm: Public disclosure of information contained in the Nonpublic Annex associated with international delivery services provided in arrangement with specific third parties would be used by those parties' competitors to their detriment.

Hypothetical: A competitor of Canada Post, such as a competing international delivery service, obtains information contained in the Nonpublic Annex. The competitor uses the information to assess the market potential and, as a baseline, to negotiate with other parties to develop lower-cost alternatives and undermine the foreign postal operator's market offerings. The same scenario could apply with respect to comparable information for FedEx Express concerning GXG.

(6) The extent of protection from public disclosure deemed to be necessary;

The Postal Service maintains that the redacted portions of the materials filed non-publicly should be withheld from persons involved in competitive decision-making in the market for domestic parcel shipping products and in the market for international delivery products (including both private sector integrators and foreign postal operators), as well as their consultants and attorneys. Additionally, suppliers of transportation or other services to the Postal Service that affect costs for competitive services should not have access to these materials; this restriction should include their consultants and attorneys. Also, the Postal Service believes that foreign postal operators, as well as actual or potential customers of a postal operator for this or similar products should not be provided access to the non-public Excel worksheets.

(7) The length of time deemed necessary for the non-public materials to be protected from public disclosure with justification thereof; and

The Commission's regulations provide that non-public materials shall lose non-public status ten years after the date of filing with the Commission, unless the Commission or its authorized representative enters an order extending the duration of that status. 39 C.F.R. § 3007.30.

(8) Any other factors or reasons relevant to support the application.

None.

Conclusion

For the reasons discussed, the Postal Service asks that the Commission grant its application for non-public treatment of the identified materials.
