¹ Since the enactment of the PAEA, the Commission has approved all but one NSA requested by the Postal Service. See PRC Order No. 2410, issued March 24, 2015.

In addition, non-published rates (NPR) products authorize the Postal Service to enter into contracts featuring negotiated rates without prior Commission approval. Such contracts must comply with Commission classification and regulatory requirements, including pre-approved pricing formulas, minimum cost coverage, and documentation. The absence of pre-implementation review streamlines the approval process, providing the Postal Service with additional flexibility. The Commission has approved 16 NPR products since their inception in FY 2011: Global Expedited Package Services (GEPS)-NPR 1-12, International Merchandise Return Foreign Postal Operators (IMRS-FPO) 1, IMRS-FPO 2, Priority Mail-NPR, and Priority Mail International Regional Rate Boxes-NPR.

As of December 1, 2017, the Postal Service has implemented 106 contracts in FY 2018 under NPR products. Table II shows these contracts, as well as those implemented during each of the past six fiscal years. All NPR products are Competitive.
