

and effective September 15, 2016. FAA Order 7400.11A is publicly available as listed in the **ADDRESSES** section of this document. FAA Order 7400.11A lists Class A, B, C, D, and E airspace areas, air traffic service routes, and reporting points.

The Rule

This amendment to Title 14, Code of Federal Regulations (14 CFR) part 71 modifies Class E airspace extending upward from 700 feet above the surface within a 6.6-mile radius (increased from the 6.3-mile radius) of James G. Whiting Memorial Field Airport, Mapleton, IA, with an extension southwest of the airport from the 6.6-mile radius to 10.3 miles. The segment extending 10 miles northeast of the airport is removed.

Airspace reconfiguration is necessary due to the decommissioning of the Mapleton NDB, cancellation of NDB approaches, and implementation of RNAV procedures at the airport and for the safety and management of the standard instrument approach procedures for IFR operations at the airport.

Regulatory Notices and Analyses

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current, is non-controversial and unlikely to result in adverse or negative comments. It, therefore: (1) Is not a “significant regulatory action” under Executive Order 12866; (2) is not a “significant rule” under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a Regulatory Evaluation as the anticipated impact is so minimal. Since this is a routine matter that only affects air traffic procedures and air navigation, it is certified that this rule, when promulgated, does not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

Environmental Review

The FAA has determined that this action qualifies for categorical exclusion under the National Environmental Policy Act in accordance with FAA Order 1050.1F, “Environmental Impacts: Policies and Procedures,” paragraph 5–6.5.a. This airspace action is not expected to cause any potentially significant environmental impacts, and no extraordinary circumstances exist that warrant preparation of an environmental assessment.

I. Introduction

On December 19, 2016, the Commission issued a notice of proposed rulemaking to revise its regulations governing requests for agency records made under the Freedom of Information Act (FOIA), 5 U.S.C. 552, to comply with the FOIA Improvement Act of 2016 (the Act), Public Law 114–185, 130 Stat. 538 (2016).¹ For the reasons discussed below, the Commission adopts the following final rules, which include minor revisions to the proposed rules.

II. Background

The FOIA Improvement Act of 2016 was signed into law on June 30, 2016. Among other things, the Act expands the dispute resolution process available to requesters, limits the use of FOIA exemptions, and codifies the so-called “Rule of 3” for frequently requested records.

On December 19, 2016, the Commission issued Order No. 3671, introducing proposed revisions to its rules. As Order No. 3671 indicates, revisions to the affected sections of 39 CFR part 3004 are necessary to implement the Act.

III. Review of Comments

The Commission received two sets of comments on the proposed rules. The National Archives and Records Administration’s Office of Government Information Services (OGIS) and the Public Representative submitted comments.²

A. OGIS Comments

Comments. OGIS notes that it has a statutory mandate under FOIA to offer

¹ Notice of Proposed Rulemaking to Revise Procedures for the Freedom of Information Act, December 19, 2016 (Order No. 3671).

² Comments of National Archives and Records Administration on Proposed Rulemaking to Change its Freedom of Information Act Regulation, 39 CFR part 3004, Docket No. 2016–30905, January 26, 2017 (OGIS Comments); Public Representative Comments on Notice of Proposed Rulemaking to Revise Procedures for the Freedom of Information Act, January 26, 2017 (PR Comments).

mediation services to resolve disputes between requesters and federal agencies. OGIS Comments at 1. As part of this mission, OGIS states that it regularly monitors and comments on FOIA-related proposed rules. *Id.*

OGIS has reviewed the Commission's proposed rules and commends the Commission for its efforts in reviewing its disclosure policies and revising its regulations to comply with the Act. *Id.* OGIS also suggests two modifications to the Commission's rules related to OGIS' mediation services. *Id.* at 1–3.

First, OGIS suggests that the Commission clarify proposed § 3004.43, governing request responses. *Id.* at 2. OGIS notes that FOIA requires the Commission to notify requesters of their ability to seek dispute resolution services from the Commission's FOIA Public Liaison or OGIS when the Commission makes an adverse determination on a given request. *Id.* OGIS recommends that the Commission restructure proposed § 3004.43 to more clearly state that these dispute resolution services are available even when the adverse determination is not a denial. *Id.*

Second, OGIS recommends that the Commission supplement its rule on final denials of appeals, set out in § 3004.44(c)(1). *Id.* at 2–3. OGIS proposes additional language to ensure requesters are made aware that dispute resolution with OGIS is available as a non-exclusive alternative to litigation. *Id.*

B. Public Representative Comments

Comments. The Public Representative comments that the proposed rules are “effective in implementing the Act.” PR Comments at 2. Furthermore, she commends the Commission for clarifying how requesters can file FOIA requests with the Commission and for making its records more accessible to the public. *Id.* She also offers several editorial suggestions designed to provide additional clarity.

Specifically, the Public Representative recommends that proposed § 3004.13 be revised to define how the Commission determines that a record is frequently requested. *Id.* The proposed language replaces the words “frequently requested agency records” with “agency records that have been requested three or more times” to explicitly state the standard. *Id.* Furthermore, the Public Representative suggests that the Commission add corresponding language to § 3004.12(b) and (c) to make clear that the Commission will provide frequently requested records for review in its public reading room. *Id.*

The Public Representative also recommends that the Commission include its deadline for requesters to appeal adverse determinations in § 3004.44, the section addressing FOIA appeals. *Id.* at 3. The current Commission rules provide the deadline in § 3004.43(d)(3), which covers responses to FOIA requests.

IV. Changes to Proposed Rules

The Commission's final rules incorporate the commenters' suggested revisions, as well as several additional changes that the Commission determined would be prudent upon review of guidance published by the Department of Justice, Office of Information Policy (OIP).³ These changes provide greater clarity and improve the accessibility of the FOIA process. For this reason, the Commission adopts the changes in its final rules.

The Commission accepts OGIS' proposed changes to help accommodate OGIS' statutory role as a mediator between agencies and FOIA requesters. The Commission finds that the proposed revisions will assist requesters by raising awareness that dispute resolution is available through OGIS. Furthermore, the Commission makes conforming changes to proposed § 3004.44 to clarify that administrative appeal is available even when the adverse determination is not a denial.

The Commission finds that the Public Representative's suggested changes supplement the proposed rules with additional explanation and improve their accessibility to the public. Accordingly, the Commission accepts the Public Representative's proposed changes.

The final rules also incorporate OIP's guidance on two of the FOIA request fee rules. The revisions eliminate a cross reference in proposed § 3004.52(e)(2) and revise proposed § 3004.52(f) to clarify which fees the Commission can collect when it issues a timely partial response but an untimely complete response. These changes clarify the Act's modifications to the FOIA fee structure in accordance with OIP's template.

V. Ordering Paragraphs

It is ordered:

1. Part 3004 of title 39, Code of Federal Regulations, is amended as set forth below the signature of this Order,

■ 9. Revise § 3004.45 to read as follows:

§ 3004.45 Extension of response time limit.

(a) The Commission may extend the time limit for a response to a request or appeal for up to 10 business days due to unusual circumstances, as specified in 5 U.S.C. 552(a)(6)(B)(iii). In such a case, the Commission will notify the requester in writing of the unusual circumstance causing the extension and the date by which the Commission estimates that the request can be processed.

(b) If an extension will exceed 10 business days, the Commission will:

(2) The Commission extends the time limit for its response due to unusual circumstances and more than 5,000 pages are necessary to respond to the request and the Commission has discussed with the requester how they could effectively limit the scope of the request or made at least three good faith attempts to do so; or

(3) A court has determined that exceptional circumstances exist and excused the Commission from responding by court order.

(f) The Commission may, however, charge fees for review, and in some cases duplication, for a partial grant of a request while it reviews records that may be exempt and may be responsive to the request, so long as the partial grant is made within the applicable time limits.
