**Federal Prevailing Rate Advisory
Committee; Open Committee Meeting**

AGENCY: U.S. Office of Personnel Management.

ACTION: Notice of Federal Prevailing Rate Advisory Committee Meeting Date in 2017.

SUMMARY: According to the provisions of section 10 of the Federal Advisory Committee Act (Pub. L. 92-463), notice is hereby given that a meeting of the Federal Prevailing Rate Advisory Committee will be held on Thursday, January 12, 2017.

The meeting will start at 10 a.m. and will be held in Room 5A06A, U.S. Office of Personnel Management Building, 1900 E Street NW., Washington, DC.

The Federal Prevailing Rate Advisory Committee is composed of a Chair, five representatives from labor unions holding exclusive bargaining rights for Federal prevailing rate employees, and five representatives from Federal agencies. Entitlement to membership on the Committee is provided for in 5 U.S.C. 5347.

The Committee's primary responsibility is to review the Prevailing Rate System and other matters pertinent to establishing prevailing rates under subchapter IV, chapter 53, 5 U.S.C., as amended, and from time to time advise the U.S. Office of Personnel Management.

This scheduled meeting is open to the public with both labor and management representatives attending. During the meeting either the labor members or the management members may caucus separately to devise strategy and formulate positions. Premature disclosure of the matters discussed in these caucuses would unacceptably impair the ability of the Committee to reach a consensus on the matters being considered and would disrupt substantially the disposition of its business. Therefore, these caucuses will be closed to the public because of a determination made by the Director of

the U.S. Office of Personnel Management under the provisions of section 10(d) of the Federal Advisory Committee Act (Pub. L. 92-463) and 5 U.S.C. 552b(c)(9)(B). These caucuses may, depending on the issues involved, constitute a substantial portion of a meeting.

Annually, the Chair compiles a report of pay issues discussed and concluded recommendations. These reports are available to the public. Reports for calendar years 2008 to 2015 are posted at <http://www.opm.gov/fprac>. Previous reports are also available, upon written request to the Committee.

The public is invited to submit material in writing to the Chair on Federal Wage System pay matters felt to be deserving of the Committee's attention. Additional information on these meetings may be obtained by contacting the Committee at U.S. Office of Personnel Management, Federal Prevailing Rate Advisory Committee, Room 5H27, 1900 E Street NW., Washington, DC 20415, (202) 606-2858.

Sheldon Friedman,

Chairman, Federal Prevailing Rate Advisory Committee.

I. Introduction

The Commission gives notice that the Postal Service filed request(s) for the Commission to consider matters related to negotiated service agreement(s). The request(s) may propose the addition or removal of a negotiated service agreement from the market dominant or the competitive product list, or the modification of an existing product currently appearing on the market dominant or the competitive product list.

Section II identifies the docket number(s) associated with each Postal Service request, the title of each Postal Service request, the request's acceptance date, and the authority cited by the Postal Service for each request. For each request, the Commission appoints an officer of the Commission to represent the interests of the general public in the proceeding, pursuant to 39 U.S.C. 505 (Public Representative). Section II also establishes comment deadline(s) pertaining to each request.

The public portions of the Postal Service's request(s) can be accessed via the Commission's Web site (<http://www.prc.gov>). Non-public portions of the Postal Service's request(s), if any, can be accessed through compliance with the requirements of 39 CFR 3007.40.

The Commission invites comments on whether the Postal Service's request(s) in the captioned docket(s) are consistent with the policies of title 39. For request(s) that the Postal Service states concern market dominant product(s), applicable statutory and regulatory requirements include 39 U.S.C. 3622, 39 U.S.C. 3642, 39 CFR part 3010, and 39 CFR part 3020, subpart B. For request(s) that the Postal Service states concern competitive product(s), applicable statutory and regulatory requirements include 39 U.S.C. 3632, 39 U.S.C. 3633, 39 U.S.C. 3642, 39 CFR part 3015, and 39 CFR part 3020, subpart B. Comment deadline(s) for each request appear in section II.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-79405; File No. SR-MIAX-2016-44]

Self-Regulatory Organizations; Miami International Securities Exchange LLC; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change To Amend Exchange Rule 518, Complex Orders

November 28, 2016.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”),¹ and Rule 19b-4 thereunder,² notice is hereby given that on November 18, 2016, Miami International Securities Exchange LLC (“MIAX” or “Exchange”) filed with the Securities and Exchange Commission (“Commission”) the proposed rule change as described in Items I and II below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

The Exchange is filing a proposal to amend Exchange Rule 518, Complex Orders.

The text of the proposed rule change is available on the Exchange’s Web site at http://www.miaxoptions.com/filter/wotitle/rule_filing, at MIAX’s principal office, and at the Commission’s Public Reference Room.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend Exchange Rule 518, Complex Orders, to state that (i) the System³ will not commence a Complex Auction⁴ within a defined time period prior to the end of the trading session as described below; and (ii) the size of an RFR Response (defined below) that is submitted with a size greater than the aggregate auctioned size (described below) will be capped for allocation purposes at the aggregate auctioned size (defined below).

Complex Auction Defined Time Period

Certain option classes, as determined by the Exchange and communicated to Members via Regulatory Circular, are eligible to participate in a Complex Auction for possible price improvement.⁵ Members may submit Complex Auction-on-Arrival (“cAOA”) orders⁶ that may initiate a Complex Auction, and the Exchange may determine to automatically submit a Complex Auction-eligible order⁷ into a Complex Auction. Upon receipt of a Complex Auction-eligible order or upon an evaluation by the System⁸ indicating that there is a Complex Auction-eligible order resting on the Strategy Book,⁹ the Exchange may begin the Complex

Auction process by sending a request for responses (“RFR”) message. Members may submit a response to the RFR message (an “RFR Response”) during the “Response Time Interval.”¹⁰ At the end of the Response Time Interval, Complex Auction-eligible orders (and other complex orders and quotes) may be executed in whole or in part against the best priced contra side interest.¹¹

Exchange Rule 518(d)(2) governs the commencement of a Complex Auction. Upon receipt of a Complex Auction-eligible order or upon an evaluation by the System indicating that there is a Complex Auction-eligible order resting on the Strategy Book, the Exchange may begin the Complex Auction process by sending an RFR message to all subscribers to the Exchange’s data feeds that deliver RFR messages.

The Exchange proposes to amend Exchange Rule 518(d)(2) by stating that, notwithstanding the foregoing provisions of the rule, the System will not commence a Complex Auction within a defined time period prior to the end of the trading session (the “Defined Time Period”) established by the Exchange and communicated to Members via Regulatory Circular. The Defined Time Period shall be at least 100 milliseconds, and may not exceed 10 seconds. The Exchange believes that this proposed flexibility in the duration of the Defined Time Period is necessary because the duration of the Response Time Interval is flexible¹² and must not be able to exceed the Defined Time Period. For example, if the Response Time Interval is 300 milliseconds and the Defined Time Period is 200 milliseconds, a Complex Auction with a 300 millisecond Response Time Interval could commence within 200 milliseconds of the end of the trading session, and the Complex Auction could therefore not be completed. Flexibility in the establishment of the duration of the Defined Time Period would enable the Exchange to make the duration of the Response Time Interval and the Defined Time Period consistent in this regard. The 10-second maximum duration for the Defined Time Period is intended as an outlier to address situations where the Exchange may need to ensure a fair and orderly marketplace during times of extreme

³ The term “System” means the automated trading system used by the Exchange for the trading of securities. See Exchange Rule 100.

⁴ Certain option classes, as determined by the Exchange and communicated to Members via Regulatory Circular, will be eligible to participate in a Complex Auction (an “eligible class”). Upon evaluation as set forth in Exchange Rule 518(c)(5), the Exchange may determine to automatically submit a Complex Auction-eligible order into a Complex Auction. Upon entry into the System or upon evaluation of a complex order resting at the top of the Strategy Book, Complex Auction-eligible orders may be subject to an automated request for responses (“RFR”). See Exchange Rule 518(d).

⁵ See *id.*

⁶ A cAOA order is a complex order designated to be placed into a Complex Auction upon receipt or upon evaluation. Complex orders that are not designated as cAOA will, by default, not initiate a Complex Auction upon arrival, but except as described herein will be eligible to participate in a Complex Auction that is in progress when such complex order arrives or if placed on the Strategy Book may participate in or may initiate a Complex Auction. See Exchange Rule 518(b)(2)(i).

⁷ A “Complex Auction-eligible order” means a complex order that, as determined by the Exchange, is eligible to initiate or join a Complex Auction based in a variety of factors. See Exchange Rule 518(d)(1).

⁸ The term “System” means the automated trading system used by the Exchange for the trading of securities. See Exchange Rule 100.

⁹ The “Strategy Book” is the Exchange’s electronic book of complex orders and complex Quotes. See Exchange Rule 518(a)(17).

¹⁰ The “Response Time Interval” means the period of time during which responses to the RFR may be entered. The Exchange will determine the duration of the Response Time Interval, which shall not exceed 500 milliseconds, and will communicate it to Members via Regulatory Circular. See Exchange Rule 518(d)(3).

¹¹ For a complete description of the Complex Auction process, see Exchange Rule 518(d).
