

cargoes regulated by 46 CFR subchapters D or O, or Certain Dangerous Cargoes as defined in 33 CFR 160.204.

(3) For all other vessels, the draw shall open on signal at any time, except from 5 a.m. to 7 p.m., Monday through Friday, except Federal holidays. During these times, the draw shall:

(i) Open for commercial vessels with a draft of 18 feet or more, provided at least 6 hours notice was given to the Berkley Bridge Traffic Control room at (757) 494-2490.

(ii) Open on signal at 9 a.m., 11 a.m., 1 p.m. and 2:30 p.m.

(4) If the bridge is not opened during a particular scheduled opening per subparagraph (b)(3)(ii) and a vessel has made prior arrangements for a delayed opening, the draw tender may provide a single opening up to 30 minutes past that scheduled opening time for that signaling vessel, except at 2:30 p.m. The draw tender may provide a single opening up to 20 minutes past the 2:30 p.m. scheduled opening time for a signaling vessel that made prior arrangements for a delayed opening. A vessel may make prior arrangements for a delayed opening by contacting the Berkley Bridge Traffic Control room at (757) 494-2490.

During this test deviation, VDOT will continue to gather data from the scheduled openings, along with vessel counts, to compare, evaluate, and monitor both old and new traffic patterns in hope of reducing roadway congestion on the bridge and local commuting area by adjusting bridge openings to ensure a future regulation will not have a significant impact on navigation.

Additional Information

This deviation has been coordinated with the main commercial waterway user group that has vessels transiting in this area and there is no expectation of any significant impacts on navigation. Vessels with mast heights of less than 48 feet, above mean high water, can pass underneath the bridge in the closed position. There are no alternate waterway routes.

This deviation from the operating regulations is authorized under 33 CFR 117.35.

Dated: February 11, 2010.

I. Introduction

The Postal Service seeks to add a new product identified as Global Direct Contracts 1 to the Competitive Product List. For the reasons discussed below, the Commission approves the Request.

II. Background

On December 23, 2009, the Postal Service filed a request seeking to add a new product, Global Direct Contracts 1, to the Global Direct Contracts product.¹ The Global Direct product provides a rate for mail acceptance within the United States, transportation to a receiving country of mail that bears the destination country's indicia, and payment by the Postal Service of the appropriate settlement charges to the receiving country. In support of its Request, the Postal Service incorporates by reference the Statement of Supporting Justification of Frank Cebello, Executive Director, Global Business Management, initially filed with its request in Docket Nos. MC2009-9, CP2009-10 and CP2009-

11.² The Request has been assigned Docket No. MC2010-17.

The Postal Service contemporaneously filed a contract related to the proposed new product pursuant to 39 CFR 3015.5. The contract has been assigned Docket No. CP2010-18 and is the successor to the contract approved in Docket No. CP2009-11. *See* Order No. 153. The Postal Service states that the instant contract is functionally equivalent to previously submitted Global Direct Contracts and is supported by Governors' Decision No. 08-10, which establishes prices and classifications not of general applicability for Global Direct Contracts.³ In addition, the Postal Service contends that the contract is in accordance with Order No. 153.

The contract term is 1 year from the effective date and may be automatically renewed unless the parties agree otherwise. *Id.* at 3-4.

In support of its Request, the Postal Service filed the following five attachments:

1. Attachment 1—a redacted copy of the contract;
2. Attachment 2—a certified statement required by 39 CFR 3015.5(c)(2);
3. Attachment 3—an application for non-public treatment of materials to maintain the contract and supporting documents under seal;
4. Attachment 4—a redacted copy of Governors' Decision No. 08-10, which establishes prices and classifications for Global Direct, Global Bulk Economy, and Global Plus Contracts; and
5. Attachment 5—a statement of supporting justification from Docket No. CP2009-11, which is included by reference for the instant contract to satisfy 39 CFR 3020.32.

The Postal Service will notify the customer of the effective date of the contract within 30 days after receiving all regulatory approvals. *Id.* at 3-4. The related contract at issue under Docket No. CP2009-11 expires on January 11,

² Docket Nos. MC2009-9, CP2009-10 and CP2009-11, Order Concerning Global Direct Contracts Negotiated Service Agreements, December 19, 2008 (Order No. 153).

³ Governors' Decision No. 08-10, July 16, 2008, filed in Docket No. MC2008-7, establishes prices and classifications not of general applicability for Global Direct and Global Bulk Economy Contracts, as well as for Global Plus Contracts 2, which combines Global Direct and Global Bulk Economy services. As part of Governors' Decision No. 08-10, the Postal Service submitted a description of Global Direct Contracts which it describes as "contracts giving a rate for mail acceptance within the United States and transportation to a receiving country with the addition by the customer of appropriate foreign postage charged by the receiving country." Request, Attachment 4; *see also* Request at 2, n.3, citing PRC Order No. 153 at 9 (regarding indirect postage payment).

¹ Notice of the United States Postal Service of Filing of Functionally Equivalent Global Direct Contracts Negotiated Service Agreement, and Request to Add Global Direct Contracts 1 to the Competitive Products List, December 23, 2009 (Request).

2010. *Id.* at 2. The Postal Service also explains that a redacted version of the supporting financial documentation is included with this filing as a separate Excel file. *Id.* at 3.

The Postal Service asserts that the instant Global Direct contract is functionally equivalent with the previous Global Direct Contracts because it shares “similar, if not the same...” cost and market characteristics and therefore the contracts should be classified as a single product. *Id.* at 5. Further, it contends that the contract fits within the Mail Classification Schedule (MCS) language for Global Direct Contracts included with Governors’ Decision No. 08–10, since “these agreements are ‘functionally equivalent in all pertinent respects.’” *Id.* at 5, citing Order No. 85 at 8.

The Postal Service asserts that the instant Global Direct Contract is fundamentally similar” to that in Docket No. CP2009–11, but notes that many of the terms and conditions have changed, including the following: (a) Allowing mailers to use Canada Post’s domestic Incentive Lettermail Service;⁴ (b) notice of confidentiality rules; (c) modifying the term to a full year; (d) clarifying locations for tendering qualifying items; explaining the availability of pickup service; and (e) reflecting the price changes of Canada Post. *Id.* at 5. The Postal Service maintains that the differences do not affect the fundamental service being offered or the essential structure of the contracts. *Id.* It also states that the proposed MCS language included with the Request presents a modification proposed by the Commission to reflect the actual payment practice.⁵

The Postal Service requests that the instant contract be considered the baseline contract for functional equivalency comparisons of future Global Direct contracts, indicating that future Global Direct Contracts will be based upon the instant contract’s provisions rather than those in Docket No. CP2009–10 and CP2009–11. Request at 2. It further requests that Global Direct Contracts 1 be added to the Competitive Product List, particularly as

⁴ The Postal Service states that Incentive Lettermail is the same as Canada Post’s Lettermail in terms of size, shape, and content. A mailer performs certain preparation tasks dictated by Canada Post to qualify for Incentive Lettermail pricing, just as a Canadian domestic mailer might.

⁵ See Order No. 153 at 9 in which the Commission reviewed the language of the actual agreements compared to the language proposed by the Postal Service to modify the MCS and determined the language proposed for inclusion in the MCS should reflect the actual payment practice under these agreements.

future Global Direct contracts are more likely to resemble this contract. *Id.*

In Order No. 373, the Commission gave notice of the two dockets, appointed a public representative, and provided the public with an opportunity to comment.⁶

III. Comments

Comments were filed by the Public Representative.⁷ No other interested person submitted comments. The Public Representative states that it appears that the contract complies with 39 U.S.C. 3633(a) and 39 CFR 3015.5. *Id.* He observes that the pricing structure and certification indicate that this contract meets its attributable costs and there is no cross-subsidization of this competitive product by market dominant products. *Id.* at 2–3. He notes that while some of the terms of the instant contract are different than previous Global Direct contracts this does not alter its functional equivalency. *Id.* at 3. He affirms that his review of the contract and supporting materials filed under seal indicates that the instant contract complies with the pricing formula established in Governors’ Decision No. 08–10, is functionally equivalent to the other contracts within the Global Directs Contracts classification, and is appropriately established as a competitive product. *Id.* at 2–3.

The Public Representative concludes that the instant contract’s terms are in compliance with statutory requirements for a competitive product and are beneficial to the general public. *Id.* at 4.

IV. Commission Analysis

The Postal Service’s filing presents several issues for the Commission to consider: (1) The addition of a new product to the MCS in accordance with 39 U.S.C. 3642; (2) whether the agreement satisfies 39 U.S.C. 3633; and (3) the treatment of Global Contracts 1 as the baseline agreement as requested by the Postal Service. In reaching its conclusions, the Commission has reviewed the Request, the agreement and the financial analyses provided under seal, and the Public Representative’s comments.

Product classification. The Postal Service notes that the Commission has had the opportunity to review the Global Directs Contracts product in Order No. 153 and found that those

⁷ Public Representative Comments in Response to Order No. 373, January 6, 2010 (Public Representative Comments).

contracts were properly classified as competitive. In lieu of a separate statement relative to the instant contract, it incorporates by reference its supporting justification for the contracts in Dockets Nos. CP2009–9, CP2009–6 and CP2009–11 as Attachment 5 to the Request. The Commission finds this an acceptable method for the Postal Service to support its Request.

Cost considerations. The Postal Service contends that the instant contract and supporting documents filed in this docket establish compliance with the statutory provisions applicable to rates for competitive products (39 U.S.C. 3633). Request at 3. It asserts that the Governors’ Decision (No. 08–10) supporting this agreement establishes a pricing formula and classification that ensures each contract meets the criteria of 39 U.S.C. 3633 and the regulations promulgated thereunder. Request, Attachment 4, Attachment D.

The Public Representative concurs that the agreement appears to satisfy section 3633 of title 39. Public Representative Comments at 1.

Based on the data submitted and the Commission’s analysis, the Commission finds that the agreement should cover its attributable costs (39 U.S.C. 3633(a)(2)), should not lead to the subsidization of competitive products by market dominant products (39 U.S.C. 3633(a)(1)), and should have a positive effect on competitive products’ contribution to institutional costs (39 U.S.C. 3633(a)(3)). Thus, an initial review of the proposed agreement indicates that it comports with the provisions applicable to rates for competitive products.

Baseline agreement. The Postal Service seeks to add a new product, Global Direct Contracts 1, to the Competitive Product List. It contends that the instant contract is functionally equivalent to previously reviewed Global Direct Contracts. At the same time, it asks that the instant contract be considered a new baseline for future Global Direct Contracts. Request at 2. The Postal Service indicates that future Global Direct Contracts are likely to resemble this one. Because Global Direct Contracts 1 is being added as a new product, the Commission finds it unnecessary to address the issue of functional equivalency with previous contracts.

The Postal Service notes that the Global Direct Contracts 1 contract differs from previously submitted Global Direct contracts, *e.g.*, pertaining to the treatment of confidential information, the availability of domestic Incentive Lettermail Service, and more detail in descriptions for penalties and

postage due assessed by Canada Post. It also cites new provisions that add clarity or update terms, but contends that they do not alter the essential service being offered. *Id.* at 5. Finally, it asserts that the cost and market characteristics of the instant contract are fundamentally similar to those of the prior Global Direct contracts. *Id.*

Having evaluated the instant Global Direct contract along with the supporting financial analyses, the Commission finds that Global Direct Contracts 1 is properly included as a new product to the Competitive Product List.

Following the current practice, the Postal Service shall identify all significant differences between any new Global Direct contract and the Global Direct Contracts 1 product. Such differences would include terms and conditions that impose new obligations or new requirements on any party to the contract. The docket referenced in the caption should be Docket No. MC2010-17. In conformity with the current practice, a redacted copy of Governors' Decision 08-10 should be included in the new filing along with an electronic link to it.

The Postal Service shall inform the Commission of the effective dates of the contract and promptly notify the Commission if the contract terminates earlier than scheduled.

In conclusion, the Commission adds Global Direct Contracts 1 to the Competitive Product List and finds that the negotiated service agreement submitted in Docket No. CP2010-18 is appropriately included within the Global Direct Contracts 1 product.

V. Ordering Paragraphs

It is ordered:

1. Global Direct Contracts 1 (MC2010-17 and CP2010-18) is added to the Competitive Product List as a new product, under Negotiated Service Agreements, International.

2. The Postal Service shall inform the Commission of the effective dates of the contract and notify it if the contract terminates earlier than scheduled, as discussed in this order.

3. The Secretary shall arrange for publication of this order in the **Federal Register**.

ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 180

[EPA-HQ-OPP-2008-0750; FRL-8800-9]

Trichoderma asperellum strain ICC 012; Exemption from the Requirement of a Tolerance

AGENCY: Environmental Protection Agency (EPA).

ACTION: Final rule.

SUMMARY: This regulation establishes an exemption from the requirement of a tolerance for residues of the *Trichoderma asperellum* strain ICC 012 on all food/feed commodities when applied pre-harvest in accordance with good agricultural practices. Isagro, S.p.A. submitted a petition to EPA under the Federal Food, Drug, and Cosmetic Act (FFDCA), requesting an exemption from the requirement of a tolerance. This regulation eliminates the need to establish a maximum permissible level for residues of *Trichoderma asperellum* strain ICC 012.

DATES: This regulation is effective March 3, 2010. Objections and requests for hearings must be received on or before May 3, 2010, and must be filed in accordance with the instructions provided in 40 CFR part 178 (see also Unit I.C. of the **SUPPLEMENTARY INFORMATION**).

ADDRESSES: EPA has established a docket for this action under docket identification (ID) number EPA-HQ-OPP-2008-0750. All documents in the docket are listed in the docket index available at <http://www.regulations.gov>. Although listed in the index, some information is not publicly available, e.g., Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Certain other material, such as copyrighted material, is not placed on the Internet and will be publicly available only in hard copy form. Publicly available docket materials are available in the electronic docket at <http://www.regulations.gov>, or, if only available in hard copy, at the OPP Regulatory Public Docket in Rm.
