

Unit No. 1; Facility Operating License No. DPR-2 and Renewed Facility Operating License Nos. DPR-19 and DPR-25 for Dresden Nuclear Power Station, Units 1, 2, and 3, respectively; Renewed Facility Operating License No. DPR-59 for James A. FitzPatrick Nuclear Power Plant (FitzPatrick); Renewed Facility Operating License Nos. NPF-11 and NPF-18 for LaSalle County Station, Units 1 and 2, respectively; Renewed Facility Operating License Nos. NPF-39 and NPF-85 for Limerick Generating Station, Units 1 and 2, respectively; Renewed Facility Operating License Nos. DPR-63 and NPF-69 for Nine Mile Point Nuclear Station (NMP), Units 1 and 2, respectively; Facility Operating License No. DPR-12 and Subsequent Renewed Facility Operating License Nos. DPR-44 and DPR-56 for Peach Bottom Atomic Power Station, Units 1, 2, and 3, respectively; Renewed Facility Operating License Nos. DPR-29 and DPR-30 for Quad Cities Nuclear Power Station, Units 1 and 2, respectively; Renewed Facility Operating License No. DPR-18 for R. E. Ginna Nuclear Power Plant (Ginna); Renewed Facility Operating License Nos. DPR-70 and DPR-75 for Salem Nuclear Generating Station, Unit Nos. 1 and 2, respectively; Renewed Facility License No. DPR-50 for Three Mile Island Nuclear Station, Unit 1; Facility Operating License Nos. DPR-39 and DPR-48 for Zion Nuclear Power Station (Zion), Units 1 and 2, respectively; Renewed Materials License No. SNM-2505 for the independent spent fuel storage installation (ISFSI) at Calvert Cliffs; and the general licenses for the ISFSIs at the other sites (collectively, the licenses). These reactor units and associated ISFSIs are collectively referred to as the facilities. The NRC is also considering amending the licenses for administrative purposes to reflect the proposed transfer.

The application, as supplemented, requests that the NRC consent to the indirect transfer of control of the licenses to support a proposed transaction in which Exelon Corporation will transfer its 100 percent ownership of EGC to a newly created subsidiary that will then be spun off to Exelon Corporation shareholders, becoming EGC's new ultimate parent company. Once the spin transaction is completed, the new ultimate parent company, EGC, and its subsidiaries will no longer be affiliated with Exelon Corporation. EGC will remain the same Pennsylvania limited liability company as before the proposed transaction and will continue to own and/or operate the facilities, as applicable, and hold the licenses, but it will be renamed and

reorganized. The name of the new ultimate parent company and the renamed EGC are yet to be determined; therefore, the application refers to these companies as HoldCo and SpinCo, respectively. The application also requests that the NRC consent to the indirect transfer of control of the licenses for the FitzPatrick, NMP, and Ginna facilities (*i.e.*, the reactor units and associated ISFSIs) to support the reorganization of EGC.

The application, as supplemented, also requests NRC approval to replace existing nuclear operating services agreements and financial support agreements associated with the ownership and operation of the Calvert Cliffs, NMP, Ginna, and FitzPatrick facilities. The application requests NRC approval to transfer the qualified and non-qualified trusts for FitzPatrick from Exelon Generation Consolidation, LLC (a subsidiary of EGC) to New FitzPatrick, LLC. Pursuant to section 50.90 of title 10 of the *Code of Federal Regulations*, the application, as supplemented, requests amendments to the Calvert Cliffs, Units 1 and 2; NMP, Units 1 and 2; and Ginna licenses to delete conditions referencing the Constellation Energy Nuclear Group, LLC (a subsidiary of EGC at the time of the proposed transaction) Board and its operating agreement to reflect the internal reorganization of EGC described in the application.

By order dated November 26, 2019 (ADAMS Accession No. ML19228A130), as modified by orders dated October 21, 2020, and May 12, 2021 (ADAMS Accession Nos. ML20259A469 and ML21110A606, respectively), the NRC authorized the direct transfer of Facility Operating License Nos. DPR-39 and DPR-48 for Zion, Units 1 and 2, respectively, and the generally licensed Zion ISFSI from ZionSolutions, LLC to EGC. According to the February 25, 2021, application, the Zion license transfer will be completed prior to the spin transaction.

The public comment period on this action was originally scheduled to close on June 2, 2021. The NRC has decided to extend the public comment period until June 23, 2021, to allow more time for members of the public to develop and submit their comments. Separately, by order dated May 24, 2021 (ADAMS Accession No. ML21144A125), the Acting Secretary of the Commission extended the time for filing hearing requests and petitions to intervene on this action until June 14, 2021.

POSTAL REGULATORY COMMISSION

[Docket No. N2021-2; Order No. 5900]

Service Standard Changes

AGENCY: Postal Regulatory Commission.
ACTION: Notice.

SUMMARY: The Commission is acknowledging a filing by the Postal Service of its intent to conduct a pre-filing conference regarding its proposed changes to the service standards for First-Class Package Services. This document informs the public of this proceeding and the pre-filing conference, and takes other administrative steps.

DATES: *Pre-filing conference:* June 8, 2021, 1:00 p.m. to 3:00 p.m., Eastern Daylight Time—Virtual Online.

ADDRESSES: Submit comments electronically via the Commission's Filing Online system at <http://www.prc.gov>. Those who cannot submit comments electronically should contact the person identified in the **FOR FURTHER INFORMATION CONTACT** section by telephone for advice on filing alternatives.

FOR FURTHER INFORMATION CONTACT: David A. Trissell, General Counsel, at 202-789-6820.

SUPPLEMENTARY INFORMATION: Pursuant to 39 CFR 3020.111(d), on May 25, 2021, the Postal Service filed a notice of its intent to conduct a pre-filing conference regarding its proposed changes to the service standards for First-Class Package Services.¹ Due to the COVID-19 pandemic, the conference will be held virtually on June 8, 2021, from 1:00 p.m. to 3:00 p.m. Eastern Daylight Time (EDT). See Notice at 1, 3. At this conference, Postal Service representatives capable of discussing the policy rationale for its proposal will be available to educate the public and to allow interested persons to provide feedback to the Postal Service that it can use to modify or refine its proposal before formally filing a request for an

advisory opinion from the Commission. *See id.* The registration instructions, which are available at <https://about.usps.com/what/strategic-plans/delivering-for-america/#conference>, direct interested persons to a website to register to participate using Zoom, and state that “[s]pace is limited. Unless all available spaces are taken, you will have until June 1, 2021, at 5:00 p.m. EDT to register.”

The Commission establishes Docket No. N2021–2 to consider the Postal Service’s proposed changes to the service standards for First-Class Package Services. In conjunction with the announcement of its 10-Year Strategic Plan,² the Postal Service proposes to revise the existing service standards for First-Class Package Services, which would “generally affect service on a nationwide or substantially nationwide basis.” Notice at 1 (quoting 39 U.S.C. 3661(b)). The Postal Service asserts that its proposed approach would be similar to the changes proposed to Market Dominant First-Class Mail (letter- and flat-shaped mailpieces) in Docket N2021–1, because the First-Class Package Services service standards would also be adjusted to account for additional drive time between origin and destination processing facilities. *See* Notice at 2. However, the actual service standards that the Postal Service proposes to apply to First-Class Package Services would diverge from those proposed for First-Class Mail. *See id.*

Specifically, the Postal Service states that its proposal for First-Class Package Services would expand the drive time for the 2-Day service standard to allow additional drive time to certain processing facilities. *See id.* Additionally, within the contiguous United States, the Postal Service states that its proposal would narrow the scope of the existing 3-Day service standard; instead the 4-Day and 5-Day service standards would apply to certain First-Class Package Services traveling longer distances between origin and destination processing facilities. *Id.* Moreover, within the non-contiguous United States and certain territories, the Postal Service plans to increase service standards by up to one day. *Id.* The Postal Service adds that a 4-Day service standard would apply for certain volume, while all other volume to non-contiguous destinations would be subject to the 5-Day service standard. *Id.*

The Postal Service must file its formal request for an advisory opinion with the Commission at least 90 days before implementing any of the proposed changes. 39 CFR 3020.112. This formal request must certify that the Postal Service has made good faith efforts to address the concerns raised at the pre-filing conference and meet other content requirements. *Id.* section 3020.113. After the Postal Service files the formal request for an advisory opinion, the Commission will set forth a procedural schedule and provide additional information in a notice and order that will be published in the **Federal Register**. *Id.* section 3020.110. Before issuing its advisory opinion, the Commission must provide an opportunity for a formal, on-the-record hearing pursuant to 5 U.S.C. 556 and 557. 39 U.S.C. 3661(c). The procedural rules in 39 CFR part 3020 apply to Docket No. N2021–2.

Pursuant to 39 U.S.C. 3661(c) and 39 CFR 3020.111(d), the Commission appoints Mallory L. Smith to represent the interests of the general public (Public Representative) in this proceeding. Pursuant to 39 CFR 3020.111(d), the Secretary shall arrange for publication of this Order in the **Federal Register**.

It is ordered:

1. The Commission establishes Docket No. N2021–2 to consider the Postal Service’s proposed changes to the service standards for First-Class Package Services.

2. The Postal Service shall conduct a virtual pre-filing conference regarding its proposal on June 8, 2021, from 1:00 p.m. to 3:00 p.m. Eastern Daylight Time.

3. Pursuant to 39 U.S.C. 3661(c) and 39 CFR 3020.111(d), Mallory L. Smith is appointed to serve as an officer of the Commission (Public Representative) to represent the interests of the general public in this proceeding.

4. Pursuant to 39 CFR 3020.111(d), the Secretary shall arrange for publication of this order in the **Federal Register**.

By the Commission.
