in a rate decrease. The Postal Service seeks Commission approval of this rate incentive and related classification changes. Notice at 2.

II. Overview

Under the Commission’s rules pertaining to Market Dominant rate adjustments, a “Type 1–C” rate adjustment is “an adjustment to a rate of general applicability that contains only a decrease.” 39 CFR 3030.506(a). Such a rate adjustment “may generate unused rate adjustment authority . . .” in certain circumstances. 39 CFR 3030.506(b).

The Postal Service states that it intends to offer an Every Door Direct Mail Retail (“EDDM Retail”) discount beginning August 1, 2020. Notice at 2. Specifically, the Postal Service asserts that:

1. United States Postal Service Notice of Type 1–C Market Dominant Price Change, June 1, 2020 (Notice).

The extraordinary and unprecedented nature of the COVID–19 pandemic and the current economic downturn has severely harmed many businesses. Small local businesses have been hit particularly hard as they adopt austerity measures and pull back on their marketing efforts in response to business closures or drastic reductions in demand. EDDM Retail volume was down in Quarter 2 as compared to the same period last year by 21.3 million pieces (or 13.3 percent) while revenue fell by $3.2 million (or 11 percent). A decline is projected to continue through postal Quarter 3, FY 2020 or further.

Concurrent with the gradual reopening of the economy, the Postal Service intends to offer an EDDM Retail discount to encourage use of the mail as an advertising platform to reach existing and new customers. This should in turn assist small local businesses in recovering from the impact of the pandemic. Postage for all EDDM Retail pieces entered between August 1 and September 30, 2020 will be $0.172 per piece, a 10 percent reduction off the current permanent rate of $0.191. No registration is required: All EDDM Retail pieces entered during the promotional period will receive the discount. Id. at 3.

In support of its Notice, the Postal Service asserts that it has provided the information required by 39 CFR 3030.512(a), including a schedule of planned rates; the planned effective dates; representation that public notice of the planned rates has or will be issued; and the identity of a responsible Postal Service official available to respond to inquiries from the Commission.

The Postal Service provides price cap compliance information as required by 39 CFR 3030.512(b)(1)–(4). The Postal Service states that it is electing to generate unused rate adjustment authority from the EDDM Retail discount pursuant to 39 CFR 3030.506(b) and 39 CFR 3030.512(b)(10). Notice at 4. It states that the workpapers for USPS Marketing Mail from Docket No. R2020–1 have been amended consistent with 39 CFR 3030.527 and 39 CFR 3030.523(b)(2). Id. The amended workpapers have been filed as a library reference. The Postal Service asserts that the discount will generate a small amount of price cap space for the USPS Marketing Mail class (approximately $2 million, or 0.012 percent). Notice at 4.

As required by 39 CFR 3030.512(b)(7), the Postal Service provides a discussion of how this planned rate adjustment is designed to help achieve the objectives listed in 39 U.S.C. 3622(b), and properly takes into account the factors in 39 U.S.C. 3622(c). Id. at 5.

With regard to 39 CFR 3030.512(b)(5)–(6), the Postal Service asserts that the EDDM Retail discount would have no effect on workshare discounts approved in Docket No. R2020–1. Id. With regard to 39 CFR 3030.512(b)(8), the Postal Service asserts that the EDDM Retail discount will move the revenue-per-piece ratio calculated in Docket No. R2020–1 closer to 60 percent, as required by 39 U.S.C. 3626(a)(6). Id. at 5–6. The Postal Service asserts that no other portions of 39 U.S.C. 3626, 3627, or 3629 are implicated in this matter. Id.
